A PROFILE
OF STUDENTS ENROLLED
AT THE UNIVERSITY OF IOWA

Fall Semester

Preface

Keep in mind the following items of explanation when reviewing information contained in the Profile of Students Enrolled at The University of Iowa, Fall Semester 2016-2017.

1. A cut-off date of September 2 was used for all fall semester 2016-2017 enrollment statistics to achieve consistency both within the Profile and with other enrollment reports published by the University. Beginning fall 2004, The University of Iowa has moved the census date to the tenth day of the semester to bring it into alignment with the other Regents' institutions.

2. Entrance examination scores for the Henry B. Tippie School of Management and the Graduate College will be reported for the previous year's classes in order to include all available information compiled in these areas and to more accurately reflect the range of scores for the entire entering classes. The early date of preparation of this report would have allowed inclusion of only a fraction of these scores for students entering fall 2016. Entrance examination scores and G.P.A. data for the professional colleges of Dentistry, Law, and Medicine are reported for their fall 2016 classes.

3. Beginning fall 2006 two new tables were added. One showing historical enrollment by level with minority count from fall 1963 onward. One showing admissions data since 1981.

4. Beginning fall 2008 two new tables were added. One showing historical number of courses offered by days of the week for fall 1973 onward. Another one showing the same data for spring 1973 onward.

5. Beginning fall 2010 one new table was added. A table showing the Average Undergraduate Grade Point by class, gender and enrollment status was added.

6. Fall 2012 one new table was added. A table showing the one year retention, 4 and 6 year graduation rates was added.

7. Beginning fall 2014 students are reported in four levels in Section I to reflect what is reported to the Regents, undergraduate, graduate, first professional (students seeking MD, DDS, Pharm D (PHR) or JD degrees) and post graduate training (medical resident, fellows and post-doctoral students). MBA students are no longer counted in the Professional level. Students are reported in the previous categories for all other sections

8. Beginning fall 2014 most breakdowns "by college" are now available by curricular college and program college. Curricular college is defined as the managing unit responsible for the curriculum and teaching of the programs of study while program college is defined as the managing unit responsible for the awarding of degree or credentials upon successful completion of the program of study.

9. Beginning spring 2016 The University began its Inclusive Student Records initiative. All reports contained in the profile previously done "by gender" are now reported "by sex". Any comparison reports were changed to reflect the new categories. For more details regarding the Inclusive Student terminology, please see the Resources for Trans Communities and their Allies website - https://uiowa.edu/ui-trans-resources/identity-terminology."

Further clarification of materials contained in the Profile may be obtained by contacting Kathryn Stoltenberg or Lawrence Lockwood, Office of the Registrar, at (319)335-0238 or email: registrar@uiowa.edu
