Courses numbered 5000-6000 are graduate core courses; those numbered 7000 or above are advanced graduate courses.

## Political Science Courses

POLI:1000 First-Year Seminar
Small discussion class taught by a faculty member; topics chosen by instructor; may include outside activities (e.g., films, lectures, performances, readings, visits to research facilities). Requirements: first- or second-semester standing.

POLI:1001 Introduction to Politics 3 s.h.
Introduction to selected processes, institutions, or behaviors central to the study of politics.
POLI:1050 Big Ideas: Introduction to Information, Society, and Culture

3 s.h.
What is information? What does it teach us about societies and cultures? How is information used to shape societies and even personal preferences? What types of information are there and how can we understand and use them? Students work with faculty from multiple disciplines to investigate these questions using inquiry-based activities to build success in critical thinking and teamwork. GE: Quantitative or Formal Reasoning. Same as RELS:1050.

## POLI:1100 Introduction to American Politics

Structure and processes of American national government; how the United States manages political conflict; impact of the U.S. Constitution; effect of public opinion, interest groups, and media on government; role and evolution of Congress, presidency, bureaucracy, and Supreme Court. GE: Social Sciences.
POLI:1120 Introduction to Lawyers in the American Political System

3 s.h.
Training and careers of lawyers; various roles they play in the American political system.
POLI:1200 Introduction to Political Behavior
Patterns and basis of political behavior of American electorate; trends in voter turnout; vote choice; ideology, partisanship, and public opinion. GE: Social Sciences.
POLI:1300 Introduction to Political Thought and Action 3 s.h.
Common problems, literature, analytic techniques. GE: Social Sciences; Values and Culture.

POLI:1400 Introduction to Comparative Politics
3 s.h.
Politics worldwide, including all regions and levels of development; wide-ranging themes, including regime types, political change, political culture, public opinion, government structures, state-society relationship, electoral systems, public policy issues. GE: International and Global Issues; Social Sciences.
POLI:1401 Introduction to Russian Politics
3 s.h.
Political dynamics in postcommunist countries of east-central Europe and Eurasia; imperial legacies, ideology and practice of communist politics, patterns of democracy and authoritarianism. GE: International and Global Issues; Social Sciences.
POLI:1410 Introduction to Asian International Relations 3 s.h. Examination of historical and current relationships between countries in Asia; conflict, cooperation, effect of international organizations, and role of non-Asian powers in the region (i.e., United States); North Korea-South Korea conflict; rivalry between Japan, China, and Korea; Association of Southeast Asian Nations (ASEAN); South China Sea dispute; rise of Asian economies; the United States pivot to Asia; how current explanations of international relations may or may not work in the context of Asia.

## POLI:1445 Introduction to Asian Politics: China

3 s.h.
How sociopolitical life in China is shaped by political structure, economic modernization, and traditional political culture; topics include historical, political, economic, and social conditions in contemporary China; course objectives are to broaden student's horizons in global affairs by learning about a foreign country that seems completely different and to sharpen student's analytical and communication skills. GE: International and Global Issues; Social Sciences.
POLI:1449 Introduction to European Politics 3 s.h.
Political institutions, processes of selected European countries. GE: International and Global Issues; Social Sciences.

## POLI:1500 Introduction to International Relations 3 s.h

Survey of key issues in international relations, including causes of wars, different types of theories of international relations, international organizations, and global environmental problems. GE: International and Global Issues; Social Sciences.
POLI:1501 Introduction to American Foreign Policy 3 s.h. Foreign policies: goals, basic themes and general patterns, problems encountered by policy makers, means employed in dealing with other nations and international organizations, processes by which policies are formulated, factors that influence structure of policies. GE: International and Global Issues; Social Sciences.

POLI:1510 International Politics of Environmental Issues 3 s.h. Why countries struggle to cooperate on pressing environmental issues; reducing greenhouse gas emissions, ozone depleting materials, and other environmental issues; examination and analysis of approaches taken to address global environmental issues. GE: Sustainability. GE: International and Global Issues.
POLI:1600 Introduction to Political Communication 3 s.h.
Institutions, dynamics, issues of political communities considered as networks of communication; representative topics include political actors, ads, films, media, myths, news, publics, regulations, rhetorics, symbols. GE: Social Sciences.

POLI:1601 Introduction to Social Media and Politics 3 s.h. Politics in news, culture, commerce, campaigns, and government with attention to current media (e.g., cinema, internet, print, television). GE: Diversity and Inclusion.

POLI:1700 Introduction to Political Analysis
3 s.h.
Tools necessary to analyze and solve puzzles in politics (i.e., Why do countries go to war rather than negotiate? Why do lifelong enemies become allies? Why do majorities act irrationally?); questions approached from a quantitative perspective (unlike most political analyses), in particular, game theory-a branch of mathematics that investigates how rational players act in situations (like those in politics) of strategic interaction. GE: Quantitative or Formal Reasoning.

## POLI:1800 Introduction to the Politics of Class and

 Inequality 3 s.h.Introduction to issues of class and economic inequality in the U.S. and other countries; what class and economic inequality are, debates surrounding these definitions, and attempts to measure both of these concepts; research and arguments on economic and political explanations of economic inequality; different policies aimed at reducing economic inequality and debates over them. GE: Diversity and Inclusion.

## POLI:1900 Introduction to the Politics of Race

3 s.h.
Introduction to politics of race in the U.S.; history of racial and ethnic groups in the U.S., their relationship with each other, and their interactions with different levels of government. GE: Diversity and Inclusion.
POLI:1950 Introduction to the Politics of Religion 3 s.h. Introduction to the complex relationship between religion and politics; examination of historical and contemporary effect of religion on a wide range of areas (e.g., political culture, political parties, political behavior, public policy); consideration of important policy debates (e.g., role of religion in public life, religious discrimination, various social issues). GE: Diversity and Inclusion.
POLI:2000 Designing Political Research
3 s.h.
How research is conducted on politics and government; students examine different research approaches (both qualitative and quantitative), learn how to read and understand published research on politics, demonstrate an understanding of different research approaches, and understand, interpret, and critically analyze published research on politics.

## POLI:2415 Latin American Politics

 3 s.h.Governmental institutions, major interest groups; focus on area as a whole. GE: International and Global Issues; Social Sciences. Same as LAS:2415.

POLI:2417 Comparative Environmental Policy 3 s.h.
Analysis of environmental policy and governance processes; case examples and analysis primarily focus on water governance in local contexts outside the United States; causes and consequences of environmental policy differences; effects of government structure, society, and natural resource conditions on policy development, implementation, and environmental outcomes.

POLI:2500 Politics of Natural Disasters 3 s.h. Examination of local, national, and international politics that guide government action (and inaction) in the face of increasingly intense and increasingly frequent natural disasters; draws on core concepts from political science related to distributive politics, natural resource governance, state capacity, government responsiveness, and collective action.

POLI:3000 Analyzing Political Data
3 s.h.
Creating knowledgeable evaluators of current research in political science; interpretation of different quantitative techniques with examples from current political science research.

POLI:3001 Hawkeye Poll
3 s.h.
Basics of survey design, sampling, question wording, interpreting responses, and writing press releases; students work together to help design questions as part of the Hawkeye Poll, a collaborative teaching and research enterprise in the Department of Political Science.

## POLI:3035 Careers in Political Science and International

 RelationsIntroduction to careers available to students in political science and international relations by Department of Political Science alumni; focus on types of careers available in their fields, how to prepare for these careers, and how to find jobs in the field.

## POLI:3050 Problems in Methods

Problems in political science research methods; data collection, interpretation, analysis.

## POLI:3100 American State Politics

Approaches to analysis of political behavior in American state governments; emphasis on cultures, parties, actors, processes, issues.

## POLI:3101 American Constitutional Law and Politics 3 s.h.

Role of U.S. Supreme Court in American political system; emphasis on analysis of Supreme Court cases.

## POLI:3102 The U.S. Congress

History of Congress, how congressional elections shape what legislators do, how laws are made in Congress, rules and maneuvers that shape these laws, and the future of Congress as one of the major institutions of American government; gain an understanding of Congress and why Americans continue to be confused and fascinated by this complicated branch and its politics.

## POLI:3104 Immigration Politics

United States immigration policy and political consequences of Latina/o/x population growth; contrast of political experiences of Latina/o/x with groups and ideals of democratic political systems; analyses of past immigration policies; studies of public opinion, voter turnout, and campaign tactics. Same as LAS:3104, LATS:3104.
POLI:3107 Writing in Political Science: Writing for "Science" and for "Politics" Examination of principles used in writing for science and writing for politics: science writing clearly explains its ideas to promote understanding, and political writing advocates for its ideas by highlighting and obscuring different pieces of information and "spinning" its findings to promote persuasion; students produce and analyze examples of both forms of writing.

## POLI:3109 Fixing America's Electoral System

3 s.h.
What's wrong with American politics and what can be done to fix it; overview of major problems facing American democracy from polarized political parties and money in politics, to low voter turnout and trust in government, to growing gap between super rich and middle class; focus on problem solving, including movement towards digital politics and new media, participatory democracy, reform of congressional elections and non-partisan redistricting, presidential elections (Electoral College), presidential nomination process, campaign finance, voter registration and voting, proportional representation. Requirements: no prior enrollment in POLI:3150 with subtitle Election Reform.

## POLI:3110 Local Politics

3 s.h.
Models of city government, relation to state and federal governments; rights, liabilities of municipalities; city elections, campaigns, issues; role of pressure groups.

## POLI:3111 American Public Policy

3 s.h.
Functions and policies of national government; emphasis on domestic policy making, impact of public policy.
POLI:3113 Research in Judicial Politics 3 s.h.
Applied research training in courts and judicial politics.
POLI:3114 Women and Politics in the United States 3 s.h. Involvement of women in the U.S. political system; topics include political theories about women's involvement in politics and government, women and constitutional law, public policies that affect women, women's participation in politics at the mass and elite levels.

POLI:3116 The Presidency
3 s.h.
Constitutional foundations, subsequent development, current status of the office of the presidency; evolution of presidential selection process; powers, structures, functions of the office; role of president as legislative, executive, and public leader.
POLI:3117 Bureaucratic Politics and Public Administration 3 s.h. Examination of bureaucracy from political, theoretical, and practical perspectives; what we mean by "bureaucracy" and how it developed over time; political control of bureaucracy; how bureaucracy performs its tasks, including behavior of bureaucrats; role of nonprofit service delivery in modern bureaucracy; how bureaucracy affects American policy and politics. Same as PBAF:3117.
POLI:3118 Interest Groups 3 s.h
Theory, organization, and structure of interest groups; how they influence Congress, executive branch, courts, elections.
POLI:3120 The Criminal Justice System
3 s.h.
Role of actors, institutions that constitute and participate in the American criminal justice system.

POLI:3121 The Judicial Process
3 s.h.
Role of courts, lawyers, judges, interest groups in the American political system.
POLI:3123 State Politics in Iowa
Introduction to Iowa government and politics; emphasis on Iowa Constitution, founding and history, political institutions, voting, political parties, mass movements and interest groups; evangelical movement in Iowa, immigration, and Iowa's role in national politics given the state's first-in-the-nation caucus.
POLI:3124 Guided Political Science Internship 1-9 s.h.
Supervised professional work experience in government and nongovernment organizations, as well as private industry. Requirements: sophomore or higher standing.
POLI:3127 Legislative Policy Seminar
arr.
Policy research for the Iowa Legislature.
POLI:3128 Politics of the U.S. National Park System 3 s.h.
Examination of politics surrounding the U.S. National Park System and other federally managed lands; debates about the founding of the U.S. National Parks system; expansion, environmental effects, and current issues; role of important actors, such as the President, Congress, bureaucracies, land owners, and nongovernmental organizations.
POLI:3150 Problems in American Politics 1-3 s.h.
Problems in studying American system; structures, functions, behavior.

POLI:3160 Applied Research in Political Science 1-3 s.h. How research is conducted in political science; students learn about the research process including identification of research questions, doing literature reviews, developing an argument, collecting data, analyzing data, and assisting a PhD student on a research project; short assignments based on different parts of research process.
POLI:3202 Political Psychology
Political phenomena from psychological perspective; political behaviors of individuals including decision-making by elites and masses, evaluations of political candidates, mass mobilization, response to mass media; psychological concepts including stereotyping, social cognition, attitude, and group identification.
POLI:3203 Campaigns, Elections, and Voting Behavior 3 s.h. Determinants of voting behavior; correlates of political participation, political apathy; political socialization processes; nature and functions of elections.

## POLI:3204 Public Opinion

3 s.h.
Role in making public policy; formation, change of political attitudes and opinions; political ideology; measurement of public opinion; how opinion polls are conducted; experience with interviewing and conducting public opinion research. Same as SOC:3525.

## POLI:3205 Political Negotiation

3 s.h.
Examination of theories of political negotiation and strategies politicians use when debating public policy with an emphasis on negotiation in American politics; students discuss readings, participate in simulations of decision-making scenarios, and complete a group project; recognition of negotiation strategies; identification of goals of political actors; development of ability to collaborate in collective decision-making spaces.

## POLI:3302 Current Political Theory

3 s.h.
Thinkers or schools of thought, from World War II to present.

## POLI:3306 Problems of Democracy

Theory and practice of democracy; democratic ideals and the institutions and practices necessary for those ideals to work in everyday politics-power, equality, majority rule, participation, trust, representation.

## POLI:3350 Games of Politics

3 s.h.
Active learning component to many theories and concepts learned in political science and international relations; multitude of simulations (games) that provide a hands-on learning element to these concepts and theories; topics include alliances, balance of power, inequality, public opinion, gerrymandering, and policy making; students read materials connected to the specific weekly topic, complete a simulation tied to that topic, discuss links between topics; and complete a variety of assignments that tie these items together.

## POLI:3400 Political Economy

Economic reasoning applied to political issues, including evolution of institutions, voting, leadership, interest groups, bargaining tactics, federalism, bureaucracy, fairness and compensation for wrongs, legitimacy of democracy, electoral cycles in economic policy, revolutions.
POLI: 3405 Authoritarian Politics
3 s.h.
Political dynamics in countries with authoritarian governing regimes; how those dynamics differ from their counterparts in democracies; how decisions are reached and get enforced; forms political struggles take; how interest groups pursue influence; ways individuals deal with the government; tension between regime control and societal progress.

## POLI:3408 Chinese Politics and Society

3 s.h.
Comprehensive introduction to modern Chinese history; current
Chinese political system and political culture; public policy issues.

## POLI:3410 Russian Foreign Policy

3 s.h.
Russia's behavior as a major economic, military, and diplomatic power in the world and what shapes that behavior; Russians' perceptions of other countries; Russian national interests; capabilities and domestic political dynamics; implications for foreign policy of the United States and other countries.
POLI:3411 Democracy: Global Trends and Struggles 3 s.h. Diverse contemporary understandings and practices of democracy; worldwide democratization trends; what political, economic, cultural and transnational factors shape those trends; how elites and citizens struggle to promote or retard democracy; the news full of people around the world taking action to demand democracy and what this term, so highly prized, really means; what is known about when democracy will replace authoritarianism; how can democracies more fully live up to their promise.

3 s.h.

POLI: 3420 Southeast Asia: Politics and Development 3 s.h.
Eleven states of Southeast Asia; governance, development strategies, domestic politics, approach to democracy and national identity; regional politics and important transnational issues; role of ASEAN, terrorism, trans-Pacific trade and investment issues, China's looming presence, impact of ongoing and historic conflicts; briefings, discussions, presentations.
POLI:3422 Horn of Africa: Politics and Transnational Issues $\mathbf{3}$ s.h. Eight states in the Horn of Africa region; important transnational and regional issues; governance, development strategies, domestic politics, social and civic dynamics of countries in the region; wildlife trafficking, piracy, fight against HIV/AIDS, imprint of colonialism, secession, ethnic and national identities, democratization, role of women in society, impact of ongoing and historic conflicts; briefings, discussions, presentations.
POLI:3423 The Middle East: Policy and Diplomacy 3 s.h.
Nineteen states and entities of North Africa and the Middle East; issues of governance, development strategies, domestic politics, and approach to democracy and national identity; regional politics and important transnational issues; role of political Islam; impacts of the Arab Spring, terrorism, oil, role of women in society, ongoing and historic conflicts; briefings, discussions, presentations.

## POLI:3424 Global Development

3 s.h.
Exploration of political and social causes and consequences of economic development; two important questions asked-Why are some countries rich while others are poor? What can be done to encourage growth in underdeveloped countries?
POLI: 3425 South Asia: Politics, Identity, and Conflict 3 s.h.
Survey of the eight countries in the South Asia region; examination of governance in the eight countries; students explore the interaction of politics, identity, and conflict within and across the regional states; ethnic, religious, caste, class, and other identities that have long competed for primacy with national identities in South Asia, sometimes leading to armed conflict within countries and sometimes sparking war between countries, and the question-Am I first a Sri Lankan or a Tamil? What do I feel like most?
POLI:3426 Outliers: Comparing Odd Countries 3 s.h.
The 195 countries that make up today's international system vary greatly by demography, geography, cultural variables, income, and many other characteristics; United Nations member Nauru, for example, with only 10,000 people and eight square miles of territory was once ranked among the world's richest countries per capita; how being "odd" (compared to the norm) in key characteristics relates to sociopolitical outcomes like good governance, human development, or happiness; students write short research papers, participate in group projects, and engage in an active learning environment to explore governance in the world's "odd" countries.
POLI:3427 Latinas/os/x and the Law
3 s.h.
Introduction and survey of Latina/o/x legal history; topics include segregation, educational rights, immigration, voting rights, citizenship, and the criminal justice system. Same as AMST:3420, LATS:3420, SJUS:3420.
POLI:3428 Statecraft, Diplomacy, and World Order 3 s.h. Exploration of the interaction of statecraft, diplomacy, and changing perceptions of world order; how a state fosters its interests and values vis-à-vis the world's other nations, international organizations, and nonstate actors given significant changes to traditional diplomacy and statecraft wrought by advances in technology, globalization, domestic political inputs, and requirements of conflict management; material ranges broadly in scope from long arc of regional competition over thousands of years to nuts and bolts of modern-day statecraft.

## POLI:3430 Environmental Politics and Indigeneity <br> 3 s.h.

Examination of contemporary environmental challenges through the lens of indigeneity; exploration of the concepts of environment and indigeneity, and development of a guiding framework for analyzing environmental challenges; application of this framework to analyze themes including climate change, biodiversity, food production, management of genetic resources, extractivism, and sustainable development; environmental/indigenous scholars and activists share their work and insights. Same as NAIS:3430.
POLI:3431 U.S. Energy Policy in Global Context
3 s.h.
Historical and contemporary aspects of U.S. governmental planning and policy on a wide range of energy issues in global context. Same as GEOG:3780, GHS:3780, HIST:3240.
POLI:3432 Agriculture Politics and Policy
3 s.h.
Examination of local, national, and international politics and policies around agriculture including genetically modified organisms (GMOs), subsidies, trade, genetic seed banks, sustainability, and indigeneity. Same as NAIS:3432.
POLI:3450 Problems in Comparative Politics 3 s.h.
Structures, functions, behaviors of different political systems.

## POLI:3503 Politics of Terrorism

Strategies of terrorists, insurgents, guerrillas, and other non-state actors; terrorists' use of the media; suicide attacks; al Qaeda and the U.S.-led War on Terrorism; counterinsurgency and counter-terrorism; self-starters and transnational terrorist networks; drone strikes and data-mining operations as counter-terrorism tools and the associated political controversies.

## POLI:3504 Globalization

3 s.h.
Introduction to multidisciplinary literature on political economy and culture of globalization; major topics of debate on globalization.
POLI:3505 Civil Wars
3 s.h.
Causes, duration, management, and consequences of civil war; factors that create more frequent, longer civil wars (e.g., greed, grievance, ethnic conflict, state capacity); conflict management strategies for ending civil wars and minimizing long-term negative consequences.

## POLI:3506 Consequences of War

War's enduring effects: war's impact on individuals, including combatants and noncombatants; war's impact on states, including states' development, economic, political, and social effects; war's effects on the international system.

## POLI:3509 International Courts: The Intersection of Law and Politics <br> 3 s.h.

Introduction to important international courts including (Permanent) International Court of Justice, European Court of Justice, International Criminal Tribunal for Yugoslavia, International Criminal Tribunal for Rwanda, and International Criminal Court; the formation, design, and expansion of international courts from political and legal perspectives; states' capabilities, regime type, and war; intersection of domestic and international law, emphasizing the major legal systems in the world (civil law, common law, Islamic law).
POLI:3512 International Conflict
3 s.h.
International conflict as the primary ingredient of international politics; sources, causes, and effects of conflict, alliance structures, power distribution, geography, arms races, deterrence.
POLI:3516 The Politics of International Economics 3 s.h. Politics of international trade and financial systems, including rise of free trade in 19th century and breakdown between the two world wars, postwar trading system framed around the World Trade Organization, different types of international monetary systems, relations between rich countries and poor countries, and global environmental politics.

POLI:3518 Water Wars: Conflict and Cooperation
3 s.h.
How climate change may aggravate shortage of freshwater in waterstressed regions, producing warnings of conflict over international river basins or "water wars"; recent U.S. intelligence assessment notes that water may be used as a weapon between or within states, or to further terrorist aims in the future; management of international water resources including conflicts over cross-border rivers and maritime areas; common property resources, piracy, maritime security, peaceful and militarized conflict management of water-based conflicts, climate issues, natural disasters, United Nations Law of the Sea Convention.
POLI:3519 Politics of Aging
Core concepts and methods related to aging and policies that address the needs of older persons; demographic measures of population health and aging, including incidence and distribution of specific conditions relevant in older age; theories of public policy and involvement of older persons in the political process; key historical and current policies, at both the federal and state/local levels, that influence service provision and the well-being of older persons in the United States. Same as ASP:3519.
POLI:3522 Ending Wars and Keeping Peace
When are international and civil wars ripe for resolution? What determines intervention strategies for third parties, and why do attempts at conflict resolution so frequently fail? Students will investigate these questions and consider the process by which conflicts reach cease-fires and peace agreements, why some agreements last when others do not, and what can be done to make peace more durable; considering post-conflict societies and the lingering problems they face; topics include peacekeeping, mediation, the role of regional and international organizations, and post-conflict justice.
POLI:3524 Politics and Multinational Enterprises
Relationship between business and politics by examining the operation of multinational business enterprises; how corporations interact with countries, subnational governments, interest groups, international organizations, and nongovernmental organizations.

## POLI:3525 Iowa Policy and Opinion Lab

0-3 s.h.
Collaboration and study of policymaking and public opinion in Iowa; examination of policy choices in legislative, executive, and judicial branches; collection of survey data on public opinion among Iowans; students assist with research question development, data collection, data analysis, writing up results, and work with topics in these and other areas (e.g., race and crime, gender and social issues, health and COVID-19, environment); research group led by faculty in the Departments of Political Science and Journalism and Mass Communication.
POLI:3526 Comparative Foreign Policy
3 s.h.
Students examine, compare, and analyze foreign policy of different countries; exploration of differences in different types of foreign policy across countries, including use of military force and cooperation on global issues (e.g., climate change, terrorism); understanding and evaluation of explanations for these differences, ranging from variation in leaders, domestic institutions, public opinion, and other factors; critical analysis of research on understanding foreign policies of countries.

## POLI:3527 Civil War Research Lab

3 s.h.
Students engage in international relations research; focus on dynamics of conflict and cooperation in civil wars.
POLI:3530 Diplomacy Lab
arr.
Students work in teams under the supervision of a faculty member on projects created by the U.S. Department of State; class meetings are arranged and most work will occur outside of the classroom; experiential learning course in partnership with the U.S. Department of State.

## POLI:3550 Problems of International Politics

Problems in studying international system, structures, functions, behavior.

## POLI:3560 Public Policy and Persuasion

3 s.h.
Students build their skill set in policy analysis, formation, and communication through a social justice lens; engagement in service learning projects in one Iowa community, where work done directly impacts that community's ability to make changes; development of effective writing and oral presentation styles that can be adapted to different audiences; focus on homelessness policy using social policy and social justice concepts to explore work of policy makers who have "right-sized" existing systems to serve communities in crisis and propose solutions to systemic problems that disadvantage marginalized populations. Prerequisites: RHET:1030 or RHET:1040 or RHET:1060. Same as PBAF:3560, RHET:3560, SJUS:3560.

## POLI:3570 Poverty Policy

How poverty is regulated and addressed in the United States, and by federal, state, and local governments; particular focus on programs including Temporary Assistance for Needy Families (TANF), Section 8 housing, Medicaid, and Medicare; how these systems have changed over time; current models and innovations that have emerged in practice. Same as GHS:3570, PBAF:3570.

## POLI:3601 Politics of Film

3 s.h.
Issues in the popular politics of aesthetics, communication, culture, and myth, explored through analysis of films.

## POLI:3603 War and Film

Exploration of one of the most significant political phenomena, war, as it is represented and understood through film; various film genres including classic war films, historical and historical fiction, documentary (e.g., Battle of Algiers, Triumph of the Will, Invisible War), comedy-drama (e.g., Life is Beautiful), and dark comedy or satire (e.g., The Mouse that Roared, Tropic Thunder); scholarly writings on international conflict; students discover and investigate themes related to nature of war, its underlying causes, and its consequences.

## POLI:3701 Special Topics in Politics

Presentations by distinguished lecturers on topics in the study of politics not covered in other courses.

## POLI:3710 Law School Readiness Seminar 0-1 s.h.

Engagement in a number of programs and educational activities in preparation for successful application to and completion of law school.
POLI:3711 Law School Readiness Seminar II
Preparation for successful application to and completion of law school; second in a two-semester sequence. Prerequisites: POLI:3710.

## POLI:3992 Political Science Undergraduate Research

Projects
0 s.h.
Independent research with mentorship from a political science faculty member.

## POLI:3993 Political Science Undergraduate Research

Projects
1-4 s.h.
Independent research with mentorship from a political science faculty member.

## POLI:3994 Political Science Undergraduate Research

Projects
1-4 s.h.
Independent research with mentorship from a political science faculty member.

POLI:4000 Honors Seminar on the Study of Politics 3 s.h.
Examination of big ideas in the study of politics and government that cut across the fields of American politics, comparative politics, international relations, and political theory. Requirements: honors standing in political science.

3 s.h. POLI:4600 Honors Research Project
3 s.h.
Special research assistance to political science faculty. Requirements: junior or senior honors standing in political science.

POLI:4601 Honors Senior Thesis 3 s.h.
Supervised research and writing. Requirements: honors standing in political science and more than one semester before graduation.

## POLI:4700 Independent Study

arr.
Supervised special projects.
POLI:4701 Undergraduate Research Tutorial
3 s.h.
Individual training in applied research.
POLI:4702 Senior Research Project/Paper 3 s.h.
Supervised research and writing. Requirements: political science major and more than one semester before graduation.
POLI:4800 Senior Seminar in International Relations 3 s.h. Completion of final research project as a culmination of student's work in the major; research supervised by a faculty member; required for international relations major. Recommendations: taken during one of student's final two semesters at the University of Iowa.
POLI:4801 Honors Senior Seminar in International Relations

3 s.h.
Honors capstone course for international relations majors.
POLI:4802 International Relations Senior Seminar Preparation

1 s.h.
Preparation for international relations senior seminar.
POLI:4900 Government and Politics Internship 1-3 s.h.
Undergraduate internships in state or national legislative office, executive agency, or with election campaign official.
POLI:5000 Introduction to Political Analysis 4 s.h. Conceptual problems of political analysis; empirical research strategies, philosophy of science. Requirements: MA or PhD standing in political science.
POLI:5001 Introductory Methodology
3-4 s.h.
Introduction to quantitative techniques in political science; set theory, probability distributions, estimation, testing; emphasis on acquiring mathematical skills for more advanced quantitative work in political science. Requirements: MA or PhD standing in political science. Same as IGPI:5001.

POLI:5003 Intermediate Methodology
4 s.h.
Techniques of data analysis; statistical models and their relationship to hypotheses tested. Requirements: doctoral standing in political science and one semester of intermediate statistics.
POLI:5100 American Politics 4 s.h.
Major literature of American politics, emphasis on comparative, systemic, behavioral studies. Requirements: MA or PhD standing in political science.

## POLI:5111 American Public Policy

3 s.h.
Introduction to study of public policy in the United States; development of analytical skills necessary to better understand and explain contemporary policy debates and public policy decisionmaking that takes place at the local, state, and national levels in the United States; topics include a mix of theoretical approaches and substantive policy areas to better understand how policy is made, manipulated, and maintained; examination of demands and supports, institutional, and environmental variables that drive American public policy. Same as PBAF:5111.
POLI:5117 Bureaucratic Politics and Public Administration 3 s.h. Examination of bureaucracy from political, theoretical, and practical perspectives; what we mean by "bureaucracy" and how it developed over time; political control of bureaucracy; how bureaucracy performs its tasks, including behavior of bureaucrats; role of nonprofit service delivery in modern bureaucracy; how bureaucracy affects American policy and politics. Same as PBAF:5117.

POLI:5200 American State Politics
Approaches to analysis of political behavior in American state governments; emphasis on cultures, parties, actors, processes, issues. Same as PBAF:5200.

## POLI:5400 Comparative Politics 4 s.h.

Conceptual, theoretical, and methodological issues in comparative study of politics; developments in comparative politics subfield. Requirements: MA or PhD standing in political science.
POLI:5500 International Politics 4 s.h.
Approaches to study of international politics. Requirements: MA or PhD standing in political science.

## POLI:5700 Introduction to Formal Models in Political

 Science4 s.h.
Use of formal mathematical models; current modeling techniques, applications in American politics, comparative politics, international politics. Requirements: MA or PhD standing in political science.

## POLI:6635 Crossing Borders Seminar <br> 2-3 s.h.

Taught in English. Same as AFAM:6635, ANTH:6635, COMM:6635, ENGL:6635, FREN:6142, GEOG:6635, GRMN:6635, HIST:6135, IWP:6635, SPAN:6904.

POLI:7002 Topics Methodology 4 s.h. Application of advanced statistical techniques in political science; limited dependent variable regression techniques, simulation methods, missing data techniques, history/rare event analysis and maximum likelihood, and topics tailored to students' research; focus on learning how and when to apply these techniques.

POLI:7003 Advanced Methodology 4 s.h.
Introduction to regression techniques for limited dependent and qualitative variables in political science; logit, probit, multinomial logit and probit, ordered logit and probit, event history models, event count models; emphasis on understanding how and when to apply these models.

POLI:7100 Modeling American Politics 4 s.h.
Exploration of how well formal models explain the real world and how the fit between models and world can be improved.

## POLI:7150 Problems in American Politics <br> 4 s.h.

Problems in study of American political system; structures, functions, behavior.

## POLI:7202 Public Opinion and Electoral Behavior 4 s.h.

Political attitudes and beliefs in mass publics; voting behavior; how electoral systems function.

## POLI:7270 Responsible Research in Political Science 1 s.h.

Concepts and practice of scholarly integrity, responsible conduct of research, and research ethics in political science; data management, mentor/trainee responsibilities, publication practices and responsible authorship, peer review, collaborative science, human subjects, animal welfare, research misconduct, and conflict of interest and commitment. Requirements: enrollment in political science MA or PhD program.

## POLI:7450 Problems of Comparative Politics 4 s.h.

Problems in study of comparative political systems; structures, functions, behavior.
POLI:7502 International Institutions and Cooperation 4 s.h. Literature of international systems and international organization; major schools of thought in international relations theory, their utility in explaining evolution of the international system and recent developments in international organization and global governance.

## POLI:7503 International Conflict and Cooperation

4 s.h.
Recent theoretical and empirical debates in international relations literature; emphasis on formal and quantitative research.

POLI:7550 Problems in International Politics 4 s.h
Issues of international politics, emphasis on problems of theoretical analysis.

## POLI:7604 Responsible Research in Political Science:

Postdocs
1 s.h.
Concepts and practice of scholarly integrity, responsible conduct of research, and research ethics in political science; data management, mentor/trainee responsibilities, publication practices and responsible authorship, peer review, collaborative science, human subjects, animal welfare, research misconduct, conflict of interest and commitment. Requirements: postdoctoral research scholar/fellow in political science.

POLI:7701 Dynamic Models of International Politics 2-4 s.h. Overview of several dynamic modeling techniques used to study international relations; modeling assumptions, the kinds of information models can provide, evaluation of models.

POLI:7900 Readings Tutorial arr. Independent study.

POLI:7901 Research Tutorial arr. Individual training in applied research. arr.

## Political Science, BA

Most of the political science coursework required for the major is the same for BA and BS students, but the major for the BS includes a political science research component. The major for the BS also requires a set of mathematics/statistics courses, while the major for the BA does not.

The BA degree with a major in political science offers an option for an on-campus or an online program of study. See Requirements [p. 907] in this section of the catalog.

## Learning Outcomes

Graduates will:

- possess a basic understanding of American and world politics;
- be able to apply a theoretical approach in political science to understand American or world politics;
- have effective written and oral communication skills; and
- be able to conceptualize problems and apply analytical tools to solve them.

## Requirements

The Bachelor of Arts with a major in political science requires a minimum of 120 s.h., including 36 s.h. of work for the major (all in political science courses). At least 18 s.h. of coursework for the major must be taken at the University of Iowa. Students must maintain a grade-point average of at least 2.00 in all courses for the major and in all UI courses for the major. They also must complete the College of Liberal Arts and Sciences GE CLAS Core [p. 19].

Credit earned in POLI:1000 First-Year Seminar, POLI:3124 Guided Political Science Internship, POLI:3710 Law School Readiness Seminar, POLI:3711 Law School Readiness Seminar II, POLI:3993 Political Science Undergraduate Research Projects, and POLI:4900 Government and Politics Internship does not count toward the major, but grades in these courses become part of a student's grade-point average.

In planning coursework, students should be guided by the College of Liberal Arts and Sciences maximum hours rule: students earning a BA may apply a maximum of 56 s.h. earned in one department to the minimum 120 s.h. required for graduation, whether or not the coursework is accepted toward requirements for the major; students who earn more than 56 s.h. from one department may use the additional semester hours to satisfy requirements for the major (if the department accepts them), and the grades they earn become part of their grade-point average; but they cannot apply the additional semester hours to the minimum 120 s.h. required for graduation.

The BA with a major in political science requires the following coursework.

| Requirements | Hours |
| :--- | :--- |
| Political Science Introductory Courses | 15 |
| Additional Political Science Courses | 21 |

## Political Science Introductory Courses

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| This course: | Introduction to American |  |
| POLI:1100 | Politics | 3 |
| And four of these: | Introduction to Politics | 3 |

| POLI:1050 | Big Ideas: Introduction to <br> Information, Society, and <br> Culture | 3 |
| :--- | :--- | ---: |
| POLI:1120 | Introduction to Lawyers in the <br> American Political System | 3 |
| POLI:1200 | Introduction to Political <br> Behavior | 3 |
| POLI:1300 | Introduction to Political <br> Thought and Action | 3 |
| POLI:1400 | Introduction to Comparative <br> Politics | 3 |
| POLI:1401 | Introduction to Russian Politics | 3 |
| POLI:1410 | Introduction to Asian <br> International Relations | 3 |
| POLI:1445 | Introduction to Asian Politics: <br> China | 3 |
| POLI:1449 | Introduction to European <br> Politics | 3 |
| POLI:1500 | Introduction to International <br> Relations | 3 |
| POLI:1501 | Introduction to American <br> Foreign Policy | 3 |
| POLI:1600 | Introduction to Political <br> Communication | 3 |
| POLI:1601 | Introduction to Social Media <br> and Politics | 3 |
| POLI:1700 | Introduction to Political <br> Analysis | 3 |
| POLI:1800 | Introduction to the Politics of <br> Class and Inequality | 3 |
| POLI:1900 | Introduction to the Politics of <br> Race | 3 |
| POLI:1950 | Introduction to the Politics of <br> Religion | 3 |
| Plition |  | 3 |

## Additional Political Science Courses

| Course \# | Title | Hours |
| :--- | ---: | ---: |
| All of these: |  |  |
| At least seven additional political science courses | 21 |  |
| numbered 2000 or above, excluding POLI:3124, |  |  |
| POLI:3710, POLI:3711, POLI:3992, POLI:3993, and |  |  |
| POLI:4900 |  |  |

## Emphases in Political Science

Students may elect to complete one or two emphasis areas while fulfilling the requirements for the major. Emphasis areas are indicated on the transcript at graduation if students complete the emphasis and request recognition from the department.

Each emphasis consists of four courses. Emphases are available in American institutions, identity politics, international relations, political behavior, political communication, political theory, politics of foreign countries, and public policy. For courses approved in each area, contact the Department of Political Science.

## Online BA

The Department of Political Science offers an online BA degree with a major in political science intended for students who are not able to attend courses that meet on campus. The online program enables students to complete their BA degree from anywhere in the world. For more information, see Online Political Science BA on the Department of Political Science website.

## Teacher Licensure

Students interested in teaching in elementary and/or secondary schools should seek admission to the Teacher Education Program (TEP) in the College of Education.
To qualify for licensure in secondary teaching, students in the TEP complete a degree in education as well as a related College of Liberal Arts and Sciences degree. See Apply on the College of Education website for details on requirements and deadlines for applying to the College of Education and about TEP choices of majors leading to licensure.

## Honors

## Honors in the Major

Students majoring in political science have the opportunity to graduate with honors in the major. Departmental honors students must maintain a UI grade-point average (GPA) of at least 3.33 and a major GPA of at least 3.50. In addition to maintaining the minimum GPA requirements, students must complete 6-9 s.h. in specific departmental honors courses with a grade of B or higher in each course. They also are encouraged to enroll in honors sections of introductory courses whenever available. The required honors courses are included in the minimum 36 s.h. of political science coursework for the major.

Students earning departmental honors must include the following courses in their major coursework.

## Honors Seminar

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| This course: | Honors Seminar on the Study of | 3 |
| POLI:4000 | Politics |  |

## Experiential Learning

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| One of these: |  |  |
| POLI:3001 | Hawkeye Poll | 3 |
| POLI:3113 | Research in Judicial Politics | 3 |
| POLI:3124 | Guided Political Science | $1-9$ |
| POLI:3127 | Internship | arr. |
| POLI:3525 | Iowa Policy and Opinion Lab | $0-3$ |
| POLI:3530 | Diplomacy Lab | arr. |
| POLI:4701 | Undergraduate Research | 3 |
| POLI:4900 | Tutorial |  |
|  | Government and Politics | 3 |

Another course or experience, study abroad, internship 0-3
credit, or research work (approved by the honors director)

## Final Honors Project

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| One of these: |  |  |
| POLI:4600 | Honors Research Project | 3 |
| POLI:4601 | Honors Senior Thesis | 3 |

Students who choose to write an honors thesis are required to schedule an oral discussion of their completed honors thesis, mainly to enrich the intellectual experience of its author. A student discusses the thesis with a faculty committee including the thesis director and the department's honors director or a faculty member designated by that
official. The committee may withhold approval of fundamentally inadequate theses, but directors are to schedule theses for discussion only when they are ready. The discussion typically concentrates on exploring thesis ideas from several perspectives rather than whether to approve a thesis.
For more information about honors in the political science major, contact the Department of Political Science honors advisor.

## National Honor Society

The department sponsors a chapter of Pi Sigma Alpha. Students who have a cumulative GPA of at least 3.30, have attained junior standing, and have completed $15 \mathrm{~s} . \mathrm{h}$. of coursework in political science are considered for membership. Contact the Department of Political Science honors advisor for more information.

## University of Iowa Honors Program

In addition to honors in the major, students have opportunities for honors study and activities through membership in the University of Iowa Honors Program. Visit Honors at Iowa to learn about the university's honors program.

Membership in the UI Honors Program is not required to earn honors in the political science major.

## Career Advancement

A recent survey showed that graduates with political science degrees have higher average salaries than graduates in all other social sciences, excluding students with economics degrees. The Department of Political Science organizes career workshops for its students throughout the year. The workshops are led by former political science students who have achieved distinction in business, law, campaign operations, local government, elected office, or other fields.

The department has an active alumni mentorship program. Students can be connected to alumni to learn about careers, networking opportunities, and mentorship. The department also offers an opportunity for students to complete the last year of their collegiate career in Washington D.C.

The Pomerantz Career Center offers multiple resources to help students find internships and jobs.

## Academic Plans

## Four-Year Graduation Plan

The following checkpoints list the minimum requirements students must complete by certain semesters in order to stay on the university's Four-Year Graduation Plan. Courses in the major are those required to complete the major; they may be offered by departments other than the major department.

In addition to the following checkpoints, honors students must complete POLI:4000 Honors Seminar on the Study of Politics and one additional honors seminar before the seventh semester begins.

Before the fifth semester begins: two courses in the major.
Before the seventh semester begins: six courses in the major and at least 90 s.h. earned toward the degree.
Before the eighth semester begins: eight courses in the major.
During the eighth semester: enrollment in all remaining coursework in the major, all remaining GE CLAS Core courses, and a sufficient number of semester hours to graduate.

## Sample Plan of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.

a Sustainability must be completed by choosing a course that has been approved for Sustainability AND for one of these General Education areas: Natural Sciences; Quantitative and Formal Reasoning; Social Sciences; Historical Perspectives; International and Global Issues; Literary, Visual, and Performing Arts; or Values and Culture.
b Fulfills a major requirement and may fulfill a GE requirement.
c Students who have completed four years of a single language in high school have satisfied the GE CLAS Core World Languages requirement. Enrollment in world languages courses requires a placement exam, unless enrolling in a first-semester-level course.
d Students may use elective courses to earn credit towards the total s.h. required for graduation or to complete a double major, minors, or certificates.
e GE CLAS Core courses may be completed in any order unless used as a prerequisite for another course. Students should consult with an advisor about the best sequencing of courses.
f For the political science major upper-level is defined as those courses numbered 2000 or above, excluding POLI:3124, POLI:3710, POLI:3992, POLI:3993, and POLI:4900.
g Please see Academic Calendar, Office of the Registrar website for current degree application deadlines. Students should apply for a degree for the session in which all requirements will be met. For any questions on appropriate timing, contact your academic advisor or Graduation Services.

## Political Science, BS

Most of the political science coursework required for the major is the same for BS and BA students, but the major for the BS includes a political science research component. The major for the BS also requires a set of mathematics/statistics courses, while the major for the BA does not.

## Learning Outcomes

Graduates will:

- possess a basic understanding of American and world politics;
- be able to apply a theoretical approach in political science to understand American or world politics;
- have effective written and oral communication skills; and
- be able to conceptualize problems and apply analytical tools to solve them.

## Requirements

The Bachelor of Science with a major in political science requires a minimum of $120 \mathrm{~s} . \mathrm{h}$., including at least $46 \mathrm{~s} . \mathrm{h}$. of work for the major ( $36 \mathrm{~s} . \mathrm{h}$. in political science courses and $10-11 \mathrm{~s} . \mathrm{h}$. of approved mathematics/statistics courses). At least 18 s.h. of political science coursework for the major must be taken at the University of Iowa. Students must maintain a grade-point average (GPA) of at least 2.00 in all courses for the major and in all UI courses for the major. They also must complete the College of Liberal Arts and Sciences GE CLAS Core [p. 19].
Credit earned in POLI:1000 First-Year Seminar, POLI:3124 Guided Political Science Internship, POLI:3710 Law School Readiness Seminar, POLI:3711 Law School Readiness Seminar II, POLI:3993 Political Science Undergraduate Research Projects, and POLI:4900 Government and Politics Internship does not count toward the major, but grades in these courses become part of a student's grade-point average.

In planning coursework, students should be guided by the College of Liberal Arts and Sciences maximum hours rule: students earning a BS may apply a maximum of $56 \mathrm{~s} . \mathrm{h}$. earned in one department to the minimum 120 s.h. required for graduation, whether or not the coursework is accepted toward requirements for the major; students who earn more than 56 s.h. from one department may use the additional semester hours to satisfy requirements for the major (if the department accepts them), and the grades they earn become part of their grade-point average; but they cannot apply the additional semester hours to the minimum 120 s.h. required for graduation.
The BS with a major in political science requires the following coursework.

| Requirements | Hours |
| :--- | :--- |
| Political Science Introductory Courses | 15 |
| Additional Political Science Courses | 21 |
| Mathematics/Statistics Courses | $10-11$ |

## Political Science Introductory Courses

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| This course: |  |  |
| POLI:1100 | Introduction to American | 3 |
| And four of these: | Politics |  |
| POLI:1001 | Introduction to Politics | 3 |

| POLI:1050 | Big Ideas: Introduction to Information, Society, and Culture | 3 |
| :---: | :---: | :---: |
| POLI:1120 | Introduction to Lawyers in the American Political System | 3 |
| POLI:1200 | Introduction to Political Behavior | 3 |
| POLI:1300 | Introduction to Political Thought and Action | 3 |
| POLI:1400 | Introduction to Comparative Politics | 3 |
| POLI:1401 | Introduction to Russian Politics | 3 |

## Emphases in Political Science

Students may elect to complete one or two emphasis areas while fulfilling the requirements for the major. Emphasis areas are indicated on the transcript at graduation if students complete the emphasis and request recognition from the department.
Each emphasis consists of four courses. Emphases are available in American institutions, identity politics, international relations, political behavior, political communication, political theory, politics of foreign countries, and public policy. For courses approved in each area, contact the Department of Political Science.

## Teacher Licensure

Students interested in teaching in elementary and/or secondary schools should seek admission to the Teacher Education Program (TEP) in the College of Education.
To qualify for licensure in secondary teaching, students in the TEP complete a degree in education as well as a related College of Liberal Arts and Sciences degree. See Apply on the College of Education website for details on requirements and deadlines for applying to the College of Education and about TEP choices of majors leading to licensure.

## Honors

## Honors in the Major

Students majoring in political science have the opportunity to graduate with honors in the major. Departmental honors students must maintain a UI grade-point average (GPA) of at least 3.33 and a major GPA of at least 3.50. In addition to maintaining the minimum GPA requirements, students must complete 9 s.h. in specific departmental honors courses with a grade of B or higher in each course. They also are encouraged to enroll in honors sections of introductory courses whenever available. The required honors courses are included in the minimum 36 s.h. of political science coursework for the major.
Students earning departmental honors must include the following courses in their major coursework.

## Honors Seminar

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| This course: |  |  |
| POLI:4000 | Honors Seminar on the Study of <br> Politics | 3 |

3 Experiential Learning
POLI:4900 Government and Politics 1-3

Another course or experience, study abroad, internship
credit, or research work (approved by the honors director)

## Final Honors Project

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| One of these: |  |  |
| POLI:4600 | Honors Research Project | 3 |
| POLI:4601 | Honors Senior Thesis | 3 |

Students who choose to write an honors thesis are required to schedule an oral discussion of their completed honors thesis, mainly to enrich the intellectual experience of its author. A student discusses the thesis with a faculty committee including the thesis director and the department's honors director or a faculty member designated by that official. The committee may withhold approval of fundamentally inadequate theses, but directors are to schedule theses for discussion only when they are ready. The discussion typically concentrates on exploring thesis ideas from several perspectives rather than whether to approve a thesis.
For more information about honors in the political science major, contact the Department of Political Science honors advisor.

## National Honor Society

The department sponsors a chapter of Pi Sigma Alpha. Students who have a cumulative GPA of at least 3.30 , have attained junior standing, and have completed $15 \mathrm{~s} . \mathrm{h}$. of coursework in political science are considered for membership. Contact the Department of Political Science honors advisor for more information.

## University of Iowa Honors Program

In addition to honors in the major, students have opportunities for honors study and activities through membership in the University of Iowa Honors Program. Visit Honors at Iowa to learn about the university's honors program.

Membership in the UI Honors Program is not required to earn honors in the political science major.

## Career Advancement

A recent survey showed that graduates with political science degrees have higher average salaries than graduates in all other social sciences, excluding economics. The Department of Political Science organizes career workshops for its students throughout the year. The workshops are led by former political science students who have achieved distinction in business, law, campaign operations, local government, elected office, or other fields.

The department has an active alumni mentorship program. Students can be connected to alumni to learn about careers, networking opportunities, and mentorship. The department also offers an opportunity for students to complete the last year of their collegiate career in Washington D.C.
The Pomerantz Career Center offers multiple resources to help students find internships and jobs.

## Academic Plans

## Four-Year Graduation Plan

The following checkpoints list the minimum requirements students must complete by certain semesters in order to stay on the university's Four-Year Graduation Plan. Courses in the major are those required to complete the major; they may be offered by departments other than the major department.

In addition to the following checkpoints, honors students must complete POLI:4000 Honors Seminar on the Study of Politics and one additional honors seminar before the seventh semester begins.
Before the fifth semester begins: two courses in the major.
Before the seventh semester: eight courses in the major, including two of the three required mathematics/statistics courses and POLI:3000 Analyzing Political Data; and at least 90 s.h. earned toward the degree.

Before the eighth semester begins: 11 courses in the major, including POLI:4600 Honors Research Project or POLI:4701 Undergraduate Research Tutorial.
During the eighth semester: enrollment in all remaining coursework in the major, all remaining GE CLAS Core courses, and a sufficient number of semester hours to graduate.

## Sample Plan of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.

## Political Science, BS

| Course Title | Hours |
| :---: | :---: |
| Academic Career |  |
| Any Semester |  |
| GE CLAS Core: Sustainability ${ }^{\text {a }}$ |  |
| Hours | 0 |
| First Year |  |

GE CLAS Core: Natural Sciences without Lab ${ }^{\text {e }} 3$
Elective course ${ }^{\text {d }} 3$

| Elective course ${ }^{\mathrm{d}}$ | 3 |
| :--- | ---: |
|  | Hours |

Spring
Major: upper-level course numbered POLI:2XXX or above 3 h
Major: upper-level course numbered POLI:2XXX or above 3 h

GE CLAS Core: International and Global Issues ${ }^{\text {e }} 3$
Elective course ${ }^{\text {d }} 3$
Elective course ${ }^{\text {d }} 3$

Degree Application: apply on MyUI before deadline
(typically in February for spring, September for fall) ${ }^{\text {i }}$

| Hours | $\mathbf{1 5}$ |
| :--- | :--- | ---: |
| Total Hours | $\mathbf{1 2 1 - 1 2 9}$ |

a Sustainability must be completed by choosing a course that has been approved for Sustainability AND for one of these General Education areas: Natural Sciences; Quantitative and Formal Reasoning; Social Sciences; Historical Perspectives; International and Global Issues; Literary, Visual, and Performing Arts; or Values and Culture.
b Fulfills a major requirement and may fulfill a GE requirement.
c Students who have completed four years of a single language in high school have satisfied the GE CLAS Core World Languages requirement. Enrollment in world languages courses requires a placement exam, unless enrolling in a first-semester-level course.
d Students may use elective courses to earn credit towards the total s.h. required for graduation or to complete a double major, minors, or certificates.
e GE CLAS Core courses may be completed in any order unless used as a prerequisite for another course. Students should consult with an advisor about the best sequencing of courses.
f Students complete an approved set of mathematics/statistics courses (10-11 s.h.).
g Enrollment in math courses requires completion of a placement exam.
h For the political science major upper-level is defined as those courses numbered 2000 or above, excluding POLI:3124, POLI:3710, POLI:3992, POLI:3993, and POLI:4900.
i Please see Academic Calendar, Office of the Registrar website for current degree application deadlines. Students should apply for a degree for the session in which all requirements will be met. For any questions on appropriate timing, contact your academic advisor or Graduation Services.

## Political Science, Minor

## Requirements

The undergraduate minor in political science requires a minimum of $15 \mathrm{~s} . \mathrm{h}$. in political science courses, including 12 s .h. in courses numbered 2000 or above and 12 s.h. taken at the University of Iowa. Students must maintain a cumulative grade-point average of at least 2.00 in all courses for the minor and in all UI courses for the minor. Coursework in the minor may not be taken pass/nonpass. Credit from POLI:1000 First-Year Seminar, POLI:3124 Guided Political Science Internship, POLI:3710 Law School Readiness Seminar, POLI:3711 Law School Readiness Seminar II, POLI:3993 Political Science Undergraduate Research Projects, and POLI:4900 Government and Politics Internship does not count toward the minor requirements.

Students may complete an emphasis area; see "Emphases in Political Science" under the BA in political science [p. 907] or the BS in political science [p. 910] in the catalog. Emphasis areas in the minor are not recorded on a student's transcript; however, a student may request a letter from the Department of Political Science noting the completion of an emphasis area in the minor.

## Political Science, MA

The department usually offers the master's degree only as a preliminary step toward the PhD in Political Science.

## Learning Outcomes

## Students will:

- demonstrate in-depth knowledge of two major fields in the discipline and competency in one minor field (the minor field may be within the discipline, in an interdisciplinary subject, or in another related discipline);
- demonstrate advanced research skills, including advanced statistical analysis and broad knowledge of a range of theoretical and methodological approaches relevant to their field of research;
- demonstrate effective teaching skills following the pedagogical standards of the discipline;
- be familiar with and follow disciplinary norms and standards, including understanding issues related to ethical practices in research; professional, public, and collegial engagement; and instruction; and
- demonstrate a full understanding of the research enterprise, including an ability to engage others' work and an ability to make original and substantial contributions to the field.

## Requirements

The Master of Arts program in political science requires a minimum of 30 s.h. of graduate credit, with a cumulative grade-point average of at least 3.25 . No thesis is required. Each student's record is reviewed by a final examination committee, which may waive the final oral examination.

A first-year evaluation committee convenes at the end of a student's first year of courses; if the committee finds that the student's work provides sufficient evidence of the research and writing skills ordinarily demonstrated in a master's thesis, it may recommend that the student be allowed to proceed with a doctoral program. When the first-year evaluation committee finds the quality of a student's work inadequate for recommending continuation toward the PhD , the committee may recommend that the student be permitted to seek the nonthesis MA as a terminal degree.

## Admission

Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations on the Graduate College website.

## Political Science, PhD

The doctoral program in political science is nationally recognized as a leader in the discipline, with outstanding research faculty in each of the major subfields and a reputation for outstanding graduate training.

Graduate study in political science emphasizes the Doctor of Philosophy program. The department usually offers the master's degree only as a preliminary step toward the PhD .

## Learning Outcomes

Students will:

- demonstrate in-depth knowledge of two major fields in the discipline and competency in one minor field (the minor field may be within the discipline, in an interdisciplinary subject, or in another related discipline);
- demonstrate advanced research skills, including advanced statistical analysis and broad knowledge of a range of theoretical and methodological approaches relevant to their field of research;
- demonstrate effective teaching skills following the pedagogical standards of the discipline;
- be familiar with and follow disciplinary norms and standards, including understanding issues related to ethical practices in research; professional, public, and collegial engagement; and instruction; and
- demonstrate a full understanding of the research enterprise, including an ability to engage others' work and an ability to make original and substantial contributions to the field.

## Requirements

The Doctor of Philosophy program in political science requires a minimum of 72 s.h. of graduate credit. Students must maintain a cumulative grade-point average of at least 3.40.

The program is designed to prepare students for research, teaching, and scholarly endeavor in academic settings and private or governmental institutions. It produces graduates who are deeply committed to the study of politics, familiar with fundamental knowledge about political processes, well trained in methods and techniques for careful investigation of basic and applied research questions, and determined to make contributions to the discipline of political science and to society.
The department usually admits six to eight PhD students each year, so students work closely with faculty members, often collaborating on research and publication. Graduate students know one another and enjoy supportive, congenial working conditions.
Five fields of study are available: American politics, comparative politics, international relations, formal theory, and research methods. Each student chooses three fields of study for qualifying examinations.

Doctoral study usually lasts four to five years. The first-year curriculum for all students consists of core courses equally divided between substance and methodology. Emphasis is on basic research methods, including quantitative methods, that political scientists must understand thoroughly. Special attention is given to research design, collection of observations, and data analysis and interpretation.

The second and third years of study are spent in small seminars with focused, substantive topics. Papers written for these seminars might be submitted to journals or read at professional meetings. Students must complete their qualifying examinations by the end of the third year. They take their comprehensive examination (oral defense of
the dissertation proposal) by the middle of the first semester of their fourth year.
The fourth and fifth years are spent on dissertation research and writing. Students who do basic research and gather data abroad often require an additional year to complete the dissertation.

The following courses are required during the first and second years of graduate study.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| First Year, Fall Semester |  |  |
| POLI:5000 | Introduction to Political |  |
| Analysis |  |  |$\quad 4$

## Field Seminars

The field seminars numbered 5100-5700 are as follows.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| POLI:5100 | American Politics | 4 |
| POLI:5400 | Comparative Politics | 4 |
| POLI:5500 | International Politics | 4 |
| POLI:5700 | Introduction to Formal Models | 4 |

Students must complete the appropriate course numbered 5100-5700 before enrolling in a course numbered 7000 or above. In unusual circumstances and with the permission of the instructor teaching the higher-level course, a student may enroll in that course and a course numbered 5100-5700 at the same time.

Graduate students are expected to take at least $12 \mathrm{~s} . \mathrm{h}$. of coursework per semester through their second year of graduate study. Typically, this is in regularly scheduled courses rather than readings courses. During the third year, students are expected to take a minimum of 12 s.h. of regularly scheduled coursework; readings courses should be limited to the second semester of the third year. Students may take up to 12 s.h. in readings courses (not counting coursework accumulated in summer terms, when readings courses are often all that is available).

## Core Graduate Courses

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| POLI:5000 | Introduction to Political |  |
|  | Analysis | 4 |
| POLI:5001 | Introductory Methodology | $3-4$ |
| POLI:5100 | American Politics | 4 |
| POLI:5400 | Comparative Politics | 4 |
| POLI:5500 | International Politics | 4 |
| POLI:5700 | Introduction to Formal Models | 4 |
| POLI:6635 | in Political Science | $2-3$ |

## Advanced Graduate Courses

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| POLI:5003 | Intermediate Methodology | 4 |
| POLI:5111 | American Public Policy | 3 |
| POLI:5117 | Bureaucratic Politics and Public | 3 |
| POLI:5200 | Administration |  |
| POLI:7002 | American State Politics | 3 |
| POLI:7003 | Topics Methodology | 4 |
| POLI:7100 | Advanced Methodology | 4 |
| POLI:7150 | Modeling American Politics | 4 |
| POLI:7202 | Problems in American Politics | 4 |
| POLI:7270 | Public Opinion and Electoral | 4 |
| POLI:7450 | Rehavior |  |
| Political Science | 4 |  |
| POLI:7502 | Problems of Comparative <br> Politics | 1 |
| POLI:7503 | International Institutions and | 4 |
| POLI:7550 | Cooperation | 4 |
| POLI:7701 | International Conflict and | 4 |
| POLI:7900 | Cooperation | 4 |
| POLI:7901 | Problems in International | Politics |

## Quantitative Methods

All doctoral students must demonstrate at least minimal competence in quantitative methods. Students must earn at least a B grade in POLI:5001 Introductory Methodology, POLI:5003 Intermediate Methodology, and POLI:7003 Advanced Methodology. Students who do not meet this requirement must take a substitute course selected by faculty members who teach the quantitative methods courses.

## Postcomprehensive Registration

Graduate College regulations require that students be registered at the University of Iowa each semester after passing the comprehensive examination until their degree is awarded, and that this registration accurately reflects the amount and type of work undertaken, the use of university facilities, and the amount of consultation with the faculty. After passing their comprehensive examination, students working on their dissertation research should register in POLI:7910 PhD Dissertation. No more than 30 s.h. are granted for dissertation preparation.

The Guide to Doctoral Study, available from the Department of Political Science and on its website, provides a comprehensive statement of departmental requirements.

## Admission

Because the number of positions available in the PhD program is limited, the competition for admission is keen. However, applicants who did not major in political science or who are not acquainted with quantitative research methods are not at a disadvantage.

The deadline for application and consideration for assistantships and fellowships is Jan. 7.

Admission requirements include a baccalaureate degree, an undergraduate grade-point average (GPA) of at least 3.30 on a fourpoint scale (or its equivalent for international applicants), and three letters of recommendation from persons who can comment upon the applicant's academic ability and motivation. For applicants who have pursued graduate work elsewhere, a graduate GPA of at least 3.50 is required.
Applicants whose first language is not English must submit official test scores to verify English proficiency. Applicants can verify English proficiency by submitting official test scores from the Test of English as a Foreign Language (TOEFL) or the International English Language Testing System (IELTS).
Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations on the Graduate College website.

Students may only enter the program in the fall semester.

## Career Advancement

The Doctor of Philosophy program in political science is designed to prepare students for careers in research and teaching. All students receive a thorough grounding in research methods. It is this grounding that permits teachers to be critical consumers of the research they read and permits researchers to undertake significant theoretical and empirical work.

Because the faculty and the graduate student body are not large, there is ample opportunity to collaborate with individual faculty members in research endeavors. In addition, students spend some time as apprentice teachers in large undergraduate classes.
PhD graduates secure employment in a wide variety of academic and nonacademic settings. In particular, they work in highly ranked research universities and teaching colleges throughout the United States and the world. Over the last decade, almost all graduates seeking academic positions found jobs.
Iowa graduates use their training to build distinguished research records that allow them to move to some of the nation's top institutions.

## Academic Plans

## Sample Plan of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.

# Psychological and Brain Sciences 

## Chair

- Mark S. Blumberg

Undergraduate major: psychology (BA, BS)
Undergraduate minor: psychology
Graduate degrees: MA in psychology; PhD in psychology
Faculty: https://psychology.uiowa.edu/people/faculty
Website: https://psychology.uiowa.edu
The Department of Psychological and Brain Sciences offers an undergraduate major and minor as well as graduate degree programs. It also offers courses that undergraduate students in all majors may use to satisfy the GE CLAS Core [p. 19] Social Sciences requirement, a course approved for the Diversity and Inclusion requirement, and a First-Year Seminar designed for entering undergraduate students.

The department also collaborates with the Department of Biology to offer an undergraduate degree in neuroscience. See the BS in neuroscience [p. 852] in the catalog.

## Faculty

Faculty members of the Department of Psychological and Brain Sciences are nationally and internationally renowned leaders in a variety of subdisciplines. Their research is funded by numerous federal and private research grants, their findings are documented in many publications, and their research and teaching accomplishments have earned them many awards.

## Programs

Undergraduate Programs of Study

## Majors

- Major in Psychology (Bachelor of Arts) [p. 925]
- Major in Psychology (Bachelor of Science) [p. 929]

## Minor

- Minor in Psychology [p. 933]

## Graduate Programs of Study

## Majors

- Master of Arts in Psychology [p. 934]
- Doctor of Philosophy in Psychology [p. 936]

## Facilities

The department's facilities for graduate training and research are among the finest in the country. The Department of Psychological and Brain Sciences is housed in three buildings. The newly constructed Psychological and Brain Sciences Building contains modern laboratories devoted to research in cognitive science, developmental science, and cognitive neuroscience. The building also houses administrative and faculty offices, an undergraduate advising center, classrooms, breakout rooms, conference rooms, and commons spaces.
The Kenneth W. Spence Laboratories of Psychology, which connects with the Psychological and Brain Sciences Building on each floor, houses additional laboratories devoted to research in human
psychology, animal housing and testing facilities associated with laboratories in behavioral neuroscience, offices, meeting rooms, a mechanical shop, and a computer support facility. The adjacent and recently renovated Stuit Hall houses laboratories for many of the clinical science faculty, as well as offices, meeting rooms, and the Seashore Psychology Clinic.

The research and teaching activities of the department benefit greatly from the facilities and staff of other university entities and local agencies, including University of Iowa Hospitals \& Clinics, the Iowa Neuroscience Institute, the VA Iowa City Health Care, the University Counseling Service, the Center for Disabilities and Development, the Wendell Johnson Speech and Hearing Clinic, the Center for Health Policy and Research, and the School of Social Work.

## Courses

The following courses are open to first-year students who have satisfactorily completed an introductory psychology course (PSY:1001 Elementary Psychology or equivalent). Other courses numbered from 1000-2999 are considered lower-level undergraduate courses.

| Course \# | Title |
| :---: | :--- |
| PSY:2301 | Introduction to Clinical |
|  | Psychology |
| PSY:2401 | Introduction to Developmental |
| PSY:2501 | Science |
| PSY:2601 | Introduction to Social |
|  | Psychology |
| PSY:2701 | Introduction to Cognitive |
|  | Psychology |

Before enrolling in any advanced undergraduate courses, students must complete all specified lower-level prerequisites or obtain consent of the instructor. Courses numbered 3000-4999 are considered advanced undergraduate courses. Those numbered 5000-7610 are considered graduate-level courses.

## Psychological and Brain Sciences Courses

## PSY:1000 First-Year Seminar <br> 1 s.h.

Small discussion class taught by a faculty member; topics chosen by instructor; may include outside activities (e.g., films, lectures, performances, readings, visits to research facilities, field trips). Requirements: first- or second-semester standing.
PSY:1001 Elementary Psychology 3 s.h.
Psychology as a behavioral science. GE: Social Sciences.
PSY:1010 Your Brain Unlocked: Learning About Learning 1 s.h. Research about the human mind and brain that students can use to foster academic success at the UI; presentation of research findings that indicate best practices for studying, learning, and succeeding at the UI (not a remedial study skills course); topics range from retrieving information stored in memory to maintaining psychological health under stress; course format consists of lecture, student response to reading assignments, and discussion; readings are primarily original documents (journal articles).

## PSY:1501 Everyone's a Little Bit Biased: The Science Behind

 PrejudiceTendencies to view and/or respond in favorable or unfavorable ways to individuals based solely on social group membership; social psychological concepts, underlying principles, and theories to understand how stereotypic beliefs, prejudicial attitudes, and discriminatory actions impact individuals and reinforce social inequality. GE: Diversity and Inclusion.
PSY:2130 Advanced Psychology for Pre-Medical Track 3 s.h.
Psychology as a behavioral science; elementary psychology in more depth, advanced topics. Prerequisites: PSY:1001. Requirements: nonpsychology major.
PSY:2301 Introduction to Clinical Psychology 3 s.h.
Introduction to abnormal psychology; scientist-practitioner model, training, ethics, research methods in clinical psychology; current approaches to intellectual, personality, behavioral assessment; theories, research on treatment of psychological disorders.
Prerequisites: PSY:1001. GE: Social Sciences.

## PSY:2401 Introduction to Developmental Science 3 s.h.

 Current research in developmental science; prenatal development, brain development, motor and physical development, perceptual development, language development, cognitive development, aspects of socio-emotional development; emphasis on modern theoretical approaches. Prerequisites: PSY:1001. GE: Social Sciences.
## PSY:2501 Introduction to Social Psychology

3 s.h.
Research and theories on people's thoughts, feelings, and behaviors in social situations; attitudes, attributions, person perception, aggression, stereotypes and prejudice, attraction, relationships, social influence, group processes, altruism. Prerequisites: PSY:1001.

## PSY:2601 Introduction to Cognitive Psychology

3 s.h.
Individual human cognition; perception, attention, memory, language, learning, problem solving, decision-making, thought considered from viewpoint of information processing. Prerequisites: PSY:1001. GE: Social Sciences.
PSY:2701 Introduction to Behavioral Neuroscience 4 s.h.
Biological mechanisms of behavior; comparative study of behavior, behavioral organization, animal intelligence, social behavior, communication; behavioral neuroscience, how brain systems control sensation, movement, homeostasis, emotion, learning.
PSY:2811 Research Methods and Data Analysis in Psychology I
Foundational knowledge in psychological research methods and corresponding statistical concepts; basic concepts of statistics, statistical inference, and research design as applied in psychological research; study of descriptive statistics, measurement, survey design, correlational analyses, and regression analysis; first in a sequence of two courses. Prerequisites: PSY:1001 or PSY:2701. GE: Quantitative or Formal Reasoning.

## PSY:2812 Research Methods and Data Analysis in Psychology

 IIFoundational knowledge in psychological research methods and corresponding statistical concepts; basic concepts of statistics, statistical inference, and research design as they are applied in psychological research; study of experimental control, experimental design, and hypothesis testing; second in a sequence of two courses. Prerequisites: PSY:2811 with a minimum grade of C-.
PSY:2930 Abnormal Psychology: Health Professions 3 s.h. Introduction to psychological disorders; description of psychopathology; general issues in etiology and treatment; for nonpsychology students in allied health professions. Prerequisites: PSY:1001. Requirements: non-psychology major.

PSY:2975 Introduction to Cognitive Neuroscience
3 s.h.
Analysis of brain systems and neuroanatomy that underlie cognitive tasks such as vision, hearing, emotion, attention, language, decisionmaking, learning, and memory. Prerequisites: PSY:2701.
PSY:3005 Scientific Communication in Psychology 3 s.h.
Training in modes of communication in psychological science; scientific writing; APA format for scientific papers; describing psychological research; creating research presentations tailored to different audiences. Prerequisites: PSY:2811 with a minimum grade of C-

PSY:3010 Health Psychology 3 s.h.
Psychological contributions to understanding etiology, prevention, treatment of physical illness; basic and clinical research that addresses reciprocal effects of behavior and physical health. Prerequisites: PSY:2811 with a minimum grade of C- and (PSY:2301 with a minimum grade of C - or PSY:2501 with a minimum grade of C - or PSY:2701 with a minimum grade of C-).
PSY:3020 Mind and Behavior 3 s.h.
Theories of what it is to act and know, of what intelligence might be in animals, humans, machines; perspectives from philosophy, psychology. Prerequisites: PSY:2811 with a minimum grade of Cand (PSY:2701 with a minimum grade of C- or PSY:2601 with a minimum grade of $\mathrm{C}-$ ). Requirements: junior or senior standing.

## PSY:3025 Science of Addiction

3 s.h.
Biological, psychological, social, cognitive, and cultural bases of addiction; models for defining addiction; evidence-based prevention and treatment interventions; historical perspectives on substance use and misuse. Prerequisites: PSY:2811 with a minimum grade of C-.

## PSY:3030 Social and Personality Development

3 s.h.
Emotional, social, and personality development from infancy to adolescence; major theories and empirical research; child temperament, parent-child relationship, and social context as contributors to individual differences. Prerequisites: PSY:2811 with a minimum grade of C - and (PSY:2501 with a minimum grade of C - or PSY:2401 with a minimum grade of C -).
PSY:3035 Science of Emotion 3 s.h.
Scientific study of emotion from psychological and neuroscientific perspectives; theories, measurements, and mechanisms (e.g., physiological, psychological, neural); perception, expression, and function of emotion. Prerequisites: PSY:2811 with a minimum grade of C- and (PSY:2501 with a minimum grade of C- or PSY:2601 with a minimum grade of C- or PSY:2701 with a minimum grade of C-).
PSY:3040 Psychology of Learning 3 s.h.
Psychological science of acquired behavior; interests in experimental study of Pavlovian conditioning, operant conditioning, cognition in humans and nonhuman animals, relevance to behavioral adaptation. Prerequisites: PSY:2811 with a minimum grade of C- and (PSY:2701 with a minimum grade of C- or PSY:2601 with a minimum grade of C-).
PSY:3050 Applied Psychology: Addressing Real-World Problems

3 s.h.
Bridging the basic applied research divide in psychology; contributions of cognitive, clinical, social, and developmental psychology to understand real-world problems (e.g., traffic safety, screen time). Prerequisites: PSY:2301 with a minimum grade of C- or PSY:2401 with a minimum grade of C- or PSY:2501 with a minimum grade of C- or PSY:2601 with a minimum grade of C-.
PSY:3055 Interdisciplinary Science of Sound and Hearing 3 s.h. Introduction to physics of sound, biology/psychology of hearing, and audio technology; theories and experimental methods; music, speech, and environmental sounds. Same as CSD:3119, MUS:3055.

## PSY:3060 Sensation and Perception

3 s.h.
Principles of sensory processes in vision, audition, and other modalities; perception of objects and events.

## PSY:3066 Aging Mind and Brain

3 s.h.
Current theories and research on cognitive, affective, socioemotional, and decision-making changes that occur during aging; behavioral, cognitive, and cognitive neuroscience methodologies applied to study of aging in these domains; lifespan perspective with emphasis on decline and adaptation. Prerequisites: PSY:2811 with a minimum grade of C- and (PSY:2701 with a minimum grade of C- or PSY:2601 with a minimum grade of C -).

## PSY:3075 The Damaged Brain

Understanding relationships between brain structure and function with emphasis on how brain trauma and illnesses affect cognition and behavior; foundations of neuropsychology, structure of nervous system, functional specialization of brain, cognitive functions, and assessments of brain disorders. Prerequisites: PSY:2811 with a minimum grade of C -

PSY:3190 Psycholinguistic Aspects of Bilingualism 3-4 s.h.
Interaction of two languages in a bilingual in terms of sound system, words, and grammar; different meanings of bilingualism, how bilingualism and multilingualism can change across lifespan. Taught in English. Requirements: linguistics or language acquisition course. Same as LING:3190.

## PSY:3230 Psychopharmacology

3 s.h.
How drugs act to influence behavior; general principles of drug action on the nervous system; licit and illicit drugs, use/abuse, historical perspective on drug use. Prerequisites: PSY:2811 with a minimum grade of C- or (HHP:1300 with a minimum grade of C- or HHP:1350 with a minimum grade of C- or HHP:3500 with a minimum grade of C- or HHP:3550 with a minimum grade of C-). Same as HHP:3230.

## PSY:3250 Neuroscience of Learning and Memory 3 s.h.

Major topics in the neuroscience of learning and memory; focus on anatomical, cellular, molecular bases of various learning and memory processes. Prerequisites: (PSY:2701 with a minimum grade of Cor BIOL:2753 with a minimum grade of C-) and PSY:2811 with a minimum grade of C -

## PSY:3265 Cognitive and Clinical Neuroscience of Executive Functions

Major topics in cognitive and clinical neuroscience of executive functions; focus on attention, working memory, cognitive control, and executive dysfunction in psychiatric and neurological disorders. Prerequisites: PSY:2811 with a minimum grade of C- and PSY:2701 with a minimum grade of C-

## PSY:3270 Neurobiology of Stress

3 s.h.
Introduction to concept of stress and physiological systems involved; factors modulating stress vulnerability versus resilience; stress interactions with other systems with health relevance; emphasis on current research on brain mechanisms. Prerequisites: PSY:2701 with a minimum grade of C- and PSY:2811 with a minimum grade of C-.

## PSY:3275 The Science of Sleep

What is the brain doing during sleep? Why do we and other animals exhibit an altered state of consciousness that renders us unresponsive to the outside world? These questions and many others are subjects of the rapidly growing field of sleep research, including neurobiological basis of sleep drive and biological clock, cognitive and emotional functions of sleep, significance of dreams, relationship between sleep and psychopathology, and impact of sleep on society (i.e., serendipitous discoveries and major disasters attributable to sleep). Prerequisites: PSY:2811 with a minimum grade of C- and PSY:2701 with a minimum grade of C-

## PSY:3320 Psychopathology

3 s.h.
Etiology, phenomenology, and treatment of child and adult DSM-IV psychological disorders (e.g., mood disorders, psychotic disorders, anxiety disorders, personality disorders). Formerly titled Abnormal Psychology. Prerequisites: PSY:2811 with a minimum grade of C- and PSY:2301 with a minimum grade of C-.

PSY:3330 Childhood Psychopathology
3 s.h.
Major forms of childhood psychopathology; current theoretical approaches and methodological issues in diagnosis, conceptualization, treatment of developmental psychopathology. Prerequisites: PSY:2811 with a minimum grade of C- and PSY:2301 with a minimum grade of C -

## PSY:3340 Behavior Modification

3 s.h.
Basic approaches to modification of clinically distressing behavior; learning theory principles underlying techniques, translation into procedures, experimental evaluation of effectiveness. Prerequisites: PSY:2811 with a minimum grade of C- and PSY:2301 with a minimum grade of C -

PSY:3350 Psychotherapies 3 s.h.
Current theories and research on frequently used psychotherapeutic approaches; focus on methodology in psychotherapy research, specific types of therapy, and empirically supported therapies. Prerequisites: PSY:2811 with a minimum grade of C- and PSY:2301 with a minimum grade of C -
PSY:3360 The Psychosis Spectrum
3 s.h.
Severe mental illnesses including schizophrenia, bipolar disorder, and depression with psychotic features; neurobiological basis for hallucinations, delusions, and impaired cognition; current genetic, neuroscience, clinical, cultural, and evolutionary perspectives on causes, course, and treatment of severe mental illness. Prerequisites: PSY:2301 with a minimum grade of C- or PSY:2701 with a minimum grade of C -.
PSY:3420 Cognitive Development of Children 3 s.h.
Developmental research, theory concerning children's concepts, thinking, problem solving, memory, communication. Prerequisites: PSY:2811 with a minimum grade of C- and PSY:2401 with a minimum grade of C-.
PSY:3460 Language and Communication Development 3 s.h.
Vocal and social development from prelinguistic communication through early language; precursors of language development; social cognitive aspects of language development; comparative perspectives of communication development. Prerequisites: PSY:2811 with a minimum grade of C- and PSY:2401 with a minimum grade of C-

## PSY:3530 Personality

Classic theoretical models and contemporary empirical research in personality, including influence of heredity and environment, consistency and stability of behavior. Prerequisites: PSY:2811 with a minimum grade of C - and (PSY:2301 with a minimum grade of C - or PSY:2501 with a minimum grade of C -).

PSY:3560 Psychology of Gender 3 s.h.
Origins of gender roles, gender socialization in childhood, gender differences across lifespan; research on gender differences in cognition, emotions, behavior, physical and mental disorders, communication. Prerequisites: PSY:2811 with a minimum grade of Cand PSY:2501 with a minimum grade of C-
PSY:3570 Social Cognition
3 s.h.
Research and theory on cognitive structures and processes that underlie judgment, decision, belief, and behavior in social situations; attribution, heuristics, schemas, person perception, stereotypes, attitudes. Prerequisites: PSY:2811 with a minimum grade of C- and PSY:2501 with a minimum grade of C-.
PSY:3575 Social Cognition in Autism 3 s.h.
Introduction to social, cognitive, and neural mechanisms in autism spectrum disorder (ASD); topics include emotion processing, theory of mind, social attention, main theories of autism, and relevant research techniques (e.g., eye tracking); discussion of insights from neuroscience, as well as approaches to train/improve social cognition in ASD. Prerequisites: PSY:2811 with a minimum grade of Cand (PSY:2601 with a minimum grade of C- or PSY:2501 with a minimum grade of C - or PSY:2701 with a minimum grade of C -).

## PSY:3580 Judgment and Decision Making

Processes and biases that shape judgments and decisions of various types (e.g., about other people, the future, competitions, products, medical treatments, health risks, crime suspects). Prerequisites: PSY:2811 with a minimum grade of C- and PSY:2501 with a minimum grade of C -.

## PSY:3590 Stereotyping and Prejudice

3 s.h.
Research and theory on prejudice, stereotyping, discrimination, and stigmatization; focus on nature, origins, and impact of prejudice and stereotypes. Prerequisites: PSY:2811 with a minimum grade of C- and PSY:2501 with a minimum grade of C-.
PSY:3620 Human Memory
3 s.h.
Contemporary psychological theory and research on short-term and long-term memory, acquisition processes, related topics in cognition. Prerequisites: PSY:2811 with a minimum grade of C- and PSY:2601 with a minimum grade of C-.

## PSY:3670 Language Processes

Psychological processes involved in using languages, including speech perception and production, the meaning of words, understanding and producing sentences, and basics of discourse and pragmatics; developmental and neural bases of language processes. Prerequisites: (PSY:2811 with a minimum grade of C- and PSY:2601 with a minimum grade of C-) or CSD:1015 or LING:3001. Same as LING:3670.

## PSY:3994 Research Practicum in Psychology

Small-group participation in faculty research projects; literature review, study planning, data collection, analysis, interpretation, writeup.

## PSY:3995 Advanced Research Practicum <br> 1-3 s.h.

Individual participation in faculty research projects; significant reading and writing. Requirements: two semesters of PSY:3994 or HONR:3994.
PSY:3996 External Practicum in Psychology 1-3 s.h.
Student participation in career-related professional activities in community and University of Iowa agencies.
PSY:3997 Teaching/Advising Practicum in Psychology 1-3 s.h. Participation in faculty teaching as undergraduate teaching assistant or the Psychology Peer Advisor Program.
PSY:3998 Individual Readings and Projects 1-3 s.h.
Requirements: psychology major and undergraduate standing.
PSY:3999 Independent Research in Neuroscience 2-3 s.h.
Independent scientific research related to the field of neuroscience. Same as BIOL:3999.

## PSY:4020 Laboratory in Psychology <br> 4 s.h.

Laboratory study of an aspect of behavior; topics in a particular area (e.g., learning and memory, perception, social behavior, operant behavior, physiological processes). Prerequisites: PSY:2701 and PSY:2812 with a minimum grade of C-.

## PSY:4025 Laboratory in Cognitive Neuroscience

Practical, hands-on experience analyzing data from three of the most common methods of cognitive neuroscience-scalp electroencephalography (brain waves), functional magnetic resonance imaging (brain imaging), and transcranial magnetic stimulation (brain stimulation). Prerequisites: PSY:2975 and PSY:2812. Requirements: neuroscience major.

3 s.h. PSY:4035 Laboratory in Computational Neuroscience 4 s.h.
How neuroscience and computer science benefit each other; classic findings in computational neuroscience; basics of neural networks and machine learning techniques; modification of computer programs of neural networks to model cognitive processes; application of machine learning algorithms to analysis of neural data; interpretation of findings in computational neuroscience. Prerequisites: PSY:2812. Requirements: linear algebra course. Recommendations: programming skills.
PSY:4090 Psychology Seminar
3 s.h.
Readings from original sources, presentations, papers, student participation. Prerequisites: PSY:2812 with a minimum grade of C-. Requirements: junior or senior standing.
PSY:4990 Honors Thesis Research 1-3 s.h.
Supervised original project; leads to written thesis, oral defense. Requirements: honors standing.
PSY:4995 Honors Research in Neuroscience arr.
Independent scientific research related to the field of neuroscience. Requirements: honors standing in neuroscience, UI GPA of at least 3.33, and neuroscience GPA of at least 3.33. Same as BIOL:4995.

PSY:5050 Quantitative Methods in Psychology 4 s.h.
Overview of statistical methods based on the general linear model, including ANOVA, ANCOVA, and multiple regression; how to conduct these analyses using SPSS. Requirements: first-year graduate standing in psychology.
PSY:5055 Mixed-Effects Modeling in Psychology 4 s.h Introduction to mixed-effects analysis of hierarchically structured and cross-classified psychological data using R. Prerequisites: PSY:5050.

## PSY:5070 Programming for Psychologists

 3 s.h.Basics of programming; experiment design, stimulus delivery and response recording using Python; implementation of online testing using JavaScript; data analysis of behavioral data using Python; basic machine learning techniques and their applications to data analysis implemented using Python. Requirements: PSY:2812 or graduate standing.

## PSY:5080 Foundations in Cognitive Neuroscience

Key concepts and findings in human cognitive neurosciences.
PSY:5203 Fundamental Neurobiology I
Neurobiology from molecular/cellular to systems levels, including cell biology of the neuron; membrane electrophysiology; synaptic transmission and plasticity, functional neuroanatomy, sensory, motor and autonomic systems; emotion, memory, sleep, language, attention and cognition, neuronal development; focus on systems and developmental neurobiology; first in a two-semester sequence. Same as BIOL:5653, NSCI:5653.
PSY:5204 Fundamental Neurobiology I Discussion 2 s.h.
Discussion of selected papers, including classics from neurobiology literature; coordinated with BIOL:5653 lecture material. Same as BIOL:5658, NSCI:5658.
PSY:5205 Fundamental Neurobiology II
Neurobiology from molecular/cellular to systems levels, including cell biology of the neuron; membrane electrophysiology; synaptic transmission and plasticity; functional neuroanatomy, sensory, motor and autonomic systems; emotion, memory, sleep, language, attention and cognition, neuronal development; focus on molecular/ cellular neurobiology and neurophysiology; second in a two-semester sequence. Prerequisites: BIOL:5653 or NSCI:5653 or PSY:5203. Same as BIOL:5654, NSCI:5654.
PSY:5206 Fundamental Neurobiology II Discussion 2 s.h.
Discussion of selected papers, including classics from neurobiology literature; coordinated with BIOL:5654 lecture material. Same as BIOL:5659, NSCI:5659.

## PSY:5212 Foundations in Behavioral and Cognitive

## Neuroscience

Concepts, methods, and findings in behavioral and cognitive neurosciences. Prerequisites: BIOL:3253. Same as NSCI:5212

PSY:5320 Descriptive Psychopathology
3 s.h.
Psychiatric syndromes, including description, etiology, experimental and clinical research; development, function of classification systems.

PSY:5330 Principles of Psychological Assessment
Assessment theory and basic psychometric principles in test construction, evaluation, application; ethical, social, psychological, and psychometric issues and controversies in assessment
PSY:5365 Seminar: Neuropsychology and Neuroscience
Clinical neuropsychology and cognitive neuroscience: cuttingedge research from scientific journals, case presentations in clinical neuropsychology, and current research. Same as NEUR:5365, NSCI:5365.

PSY:5410 Proseminar in Developmental Science 3 s.h.
Introduction to developmental process and developmental science; topics organized around mechanisms of development, with crossdisciplinary focus.

PSY:5610 Proseminar in Cognition and Perception 3 s.h.
Broad overview of study of cognition, including cognitive psychology, computer science and artificial intelligence, linguistics, neuroscience, philosophy of mind.

PSY:5710 Introduction to Health and Behavioral Science 3 s.h. Evolution of health psychology; survey of major physiological systems in which pathology is affected by behavioral processes; review of theoretical approaches, experimental paradigms from behavioral science as they may apply to assessment of health problems; prevention, intervention, psychological adaptation to physical disease.

## PSY:6070 Practical Introduction to Theoretical Methods for

 Brain SciencesIntroductory overview of how mathematical and computational models are used to model and explain the mind and brain; encoding/ decoding, learning and optimization, differential equations (e.g., Hodgkin-Huxley model of spiking neurons), dynamical systems, probability and statistics, information theory and inference, efficient coding.

## PSY:6101 Cognitive Science of Language Proseminar I

Survey of five major disciplines within language sciences: formal linguistic, communication disorders, psychological, neuroscience, and computational approaches. Requirements: graduate standing in communication sciences and disorders, linguistics, psychology, or neuroscience. Same as CSD:6101, LING:6101.

PSY:6102 Cognitive Science of Language Proseminar II 3 s.h. Survey of five major disciplines within language sciences: formal linguistic, communication disorders, psychological, neuroscience, and computational approaches. Requirements: graduate standing in communication sciences and disorders, linguistics, psychology, or neuroscience. Same as CSD:6102, LING:6102.

PSY:6230 Foundations of Learning, Memory, and Cognition 3 s.h. Determinants of adaptive behavior in humans and animals; emphasis on behavioral analysis of learning, memory, and cognition; relevance of laboratory research to real life activities.

## PSY:6265 Neuroscience Seminar

0-1 s.h.
Research presentations. Same as ACB:6265, BIOL:6265, MPB:6265, NSCI:6265.

PSY:6280 Structural and Functional MRI Methods and Application
Introduction to basic principles of magnetic resonance imaging and its application to psychology; imaging of brain structure; focus on functional MRI. Requirements: graduate-level introductory statistics.

PSY:6340 Psychological Therapies
3 s.h.
4 s.h. Historical development and current status of empirically based therapies for psychological disorders, including anxiety, depression, schizophrenia, childhood disorders; emphasis on critical evaluation of therapy techniques.
PSY:6360 Psychosis: Neurobiological, Cultural, and Evolutionary Perspectives

4 s.h.
Severe mental illnesses including schizophrenia, bipolar disorder, and depression with psychotic features; neurobiological basis for hallucinations, delusions, and impaired cognition; current genetic, neuroscience, clinical, cultural, and evolutionary perspectives on causes, course, and treatment of severe mental illness.

PSY:6370 Principles of Neuropsychology 3 s.h.
Principles of human neuropsychology, including foundations (history, methods, approaches), major functional systems (vision, memory, language, spatial processing), executive functions (emotional processing and personality), and applications (experimental, clinical).
Recommendations: prior coursework in psychological assessment, psychopathology, and neuroanatomy.

PSY:6440 Developmental Cognitive Neuroscience 3 s.h.
Overview of current developmental cognitive neuroscience theory, research, and methods (PET, fMRI, optical imaging, EEG, ERPs); neural development, computational neuroscience, and methods.

## PSY:6590 Judgment and Decision Making <br> 3 s.h.

Theory and research on how people gather, perceive, and use information when making judgments and decisions; includes risky and uncertain contexts; social and nonsocial contexts.

## PSY:7010 Professional Writing in Psychological and Brain

 SciencesDevelopment of writing skills for research papers, fellowship applications, and grant proposals; workshop.
PSY:7050 Special Topics in Psychology: Social Bases of

## Behavior

2 s.h.
Directed readings on social bases of behavior. Requirements: graduate standing in psychology.

PSY:7070 Seminar: Behavioral Biomedical Interface 1 s.h.
Ongoing seminar; discussion of research at behavioral-biomedical interface. Requirements: acceptance to Behavioral Biomedical Interface Training Program.
PSY:7110 Research Projects
PSY:7120 MA Thesis Research
PSY:7130 PhD Dissertation Research arr.
PSY:7150 Current Topics in Psychology 3 s.h.
PSY:7160 Problems in Psychology arr. Individual study.

PSY:7170 Teaching Practicum
arr.
Supervised practice in teaching.
PSY:7210 Seminar: Advanced Topics in Behavioral and Cognitive Neuroscience

3 s.h.

## PSY:7270 Principles of Scholarly Integrity

1 s.h.
Training in responsible conduct of research; student/mentor responsibilities; authorship and reviewing; plagiarism/falsification/ fabrication of data; intellectual property; conflict of interest; fiscal, institutional, societal; treatment of human and animal subjects; data handling. Requirements: enrollment in graduate psychology or biology program. Same as BIOL:7270.
PSY:7310 Seminar: Orientation to Clinical Research 0-1 s.h. Issues in clinical research, including use of databases, advisor/advisee relationships, preparation of IRB proposals, paper presentation and publication, common early career problems, funding resources.

PSY:7330 Seminar: Acceptance and Commitment Therapy 1 s.h.
Core processes of acceptance and commitment therapy (ACT); case conceptualization and targeted intervention across a range of psychiatric and physical diagnoses; emphasis on therapeutic stance and theoretical underpinnings of ACT; readings, discussion, video review, therapist-patient role play, and discussion of ongoing cases.

## PSY:7331 Seminar: Advanced Acceptance and Commitment

 Therapy 1 s.h.Core processes of acceptance and commitment therapy (ACT) and implementation in clinical practice; theoretical underpinnings of ACT theory; ACT research; case conceptualization and targeted intervention across a range of psychiatric and physical diagnoses; reading, discussion, video review, therapist-patient role play, and discussion of ongoing cases. Prerequisites: PSY:7330.
PSY:7350 Introductory Practicum arr.
Orientation to Department of Psychology clinic, including instruction in interviewing, observation of clinic procedures, attendance at clinic rounds under supervision of clinical psychology faculty members.

## PSY:7355 Assessment Practicum

arr.
Supervised practice in psychological assessment techniques.
PSY:7360 Therapy Practicum
arr.
Supervised practice and clinical experience in application and evaluation of psychological therapies.

## PSY:7365 External Practicum

arr.
Supervised practice and clinical experience in field setting; psychological assessment techniques and/or application, evaluation of psychological therapies.
PSY:7370 Supervision and Consultation Practicum arr.
Supervision and training of less advanced students; consultation to other programs and agencies.

## PSY:7604 Principles of Scholarly Integrity

 0 s.h.Training in responsible conduct of research and scholarly activities; student/mentor responsibilities; authorship; plagiarism/falsification/ fabrication of data; intellectual property; conflict of interest; fiscal, institutional, societal; treatment of human and animal subjects; data handling. Requirements: postdoctoral standing in psychology or biology. Same as BIOL:7604.

PSY:7610 Seminar: Cognitive Psychology
PSY:7620 Seminar: Human Perception and Performance 1 s.h.
Professional issues and current topics relevant to psychologists studying human perception and performance.

## Psychology, BA

An undergraduate degree in psychology provides students with skills that are relevant to many career paths. The major in psychology is designed to contribute to students' general liberal arts and sciences education and to provide a foundation for postbaccalaureate training in psychology and closely related disciplines as well as areas such as business, law, communication, medicine, and the allied health sciences. Students who intend to enter the job market immediately after graduation should complement their psychology major with substantial preparation in another program that is more closely tied to their area of interest (e.g., education, social work, business, journalism, nursing). Almost all vocational opportunities in psychology require advanced degrees.
The Bachelor of Arts (BA) degree has fewer specific requirements than the Bachelor of Science (BS) degree and places less emphasis on methodology. The program leaves time for students to supplement the psychology major with another program of study.
Students who change to a psychology major after two years of undergraduate work may find they do not have sufficient background for the BS program. They may wish to enrich the BA program with courses in experimental psychology and other advanced electives if they intend to pursue graduate work in psychology or a related field.

Students begin with a general introductory course, followed by methodology and data analysis courses, and introductory courses in several broad areas: behavioral neuroscience, developmental science, clinical psychology, cognitive psychology, and social psychology. These courses are followed by upper-level psychology courses selected by each student. For additional information regarding the undergraduate major and career information, visit Undergraduate Programs on the Department of Psychological and Brain Sciences website.
The department maintains excellent facilities to support teaching and research on human and animal behavior. All faculty members are directly engaged in research, and they bring to their undergraduate teaching the excitement that such activity generates. Many opportunities exist for interested and capable students to participate in current research projects in the department.

The department has an active undergraduate organization, the Iowa Students Psychology Association, which is open to all interested students. The group sponsors speakers, films, career days, and student symposia.

## Learning Outcomes

The learning outcomes for students in the Department of Psychological and Brain Sciences align with several of the learning goals from the American Psychological Association's guidelines for undergraduate psychology education. These learning outcomes expand and deepen students' foundational knowledge obtained through the GE CLAS Core [p. 19] program.

Psychology majors will:

- understand psychology as an empirical science;
- graduate with a knowledge base in psychology, including an understanding of the major principles and theories in the field's main content areas;
- have learned how to use scientific reasoning to understand psychological phenomena and how to interpret and conduct psychological research; and
- be able to apply their knowledge of psychology to real-world situations and recognize the importance of ethical standards and diversity in psychology.

Requirements
The Bachelor of Arts with a major in psychology requires a minimum of 120 s.h., including $46-47$ s.h. of work for the major, with at least 34 s.h. in psychology courses. Students must maintain a grade-point average of at least 2.00 in all courses for the major and in all UI courses for the major. They also must complete the College of Liberal Arts and Sciences GE CLAS Core [p. 19]. Transfer credits must be approved by the department, and transfer students must complete at least 18 s.h. of psychology courses at the University of Iowa.
The major for the BA is designed for students who wish to gain considerable knowledge in psychology but do not necessarily plan a professional career in the discipline. It is appropriate for students preparing for careers in law, business, counseling, social work, or secondary school teaching (see "Teacher Licensure" below). It can be combined with a second major more easily than can the Bachelor of Science program.
Choice of a degree program should be dictated by a student's personal career goals. BA students interested in pursuing graduate study in psychology or other social sciences may enrich their program by taking courses in mathematics, statistics, research methods, and the natural sciences.

BA and BS students complete the same psychology core and psychology electives. The major for the BA also requires an additional statistics or computer science course plus a second concentration area.

Students are advised to take PSY:1001 Elementary Psychology as the first course in the major; however, if a student must take PSY:1001 for the first time after completing another psychology course with a higher number, the student may do so.

The BA with a major in psychology requires the following courses or their equivalents.

| Requirements | Hours |
| :--- | :--- |
| Psychology Core | 6 |
| Lower-Level Psychology Requirements | 19 |
| Upper-Level Psychology Electives | 9 |
| Cognate Requirement | $3-4$ |
| Second Concentration Area Courses | 9 |

## Psychology Core

All majors complete the following coursework for the psychology core.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| Both of these: |  |  |
| PSY:1001 | Elementary Psychology | 3 |
| PSY:2811 | Research Methods and Data | 3 |
|  | Analysis in Psychology I |  |

## Lower-Level Psychology Requirements

Students take these courses after completing PSY:1001 Elementary Psychology.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| All of these: | Introduction to Clinical |  |
| PSY:2301 | Psychology | 3 |
| PSY:2401 | Introduction to Developmental <br> Science | 3 |
| PSY:2501 | Introduction to Social <br> Psychology | 3 |

| PSY:2601 | Introduction to Cognitive <br> Psychology | 3 |
| :--- | :--- | :--- |
| PSY:2701 | Introduction to Behavioral <br> Neuroscience | 4 |
| PSY:2812 | Research Methods and Data <br> Analysis in Psychology II | 3 |

## Upper-Level Psychology Electives

Students take three advanced psychology courses (total of 9 s.h.) after satisfactorily completing the psychology core and other specified prerequisites. Psychology courses (prefix PSY) numbered 3000 or above may be used to fulfill this requirement, except those in the following list.

| Course \# | Title | Hours |
| :---: | :---: | :---: |
| PSY:3994 | Research Practicum in Psychology | arr. |
| PSY:3995 | Advanced Research Practicum | 1-3 |
| PSY:3996 | External Practicum in Psychology | 1-3 |
| PSY:3997 | Teaching/Advising Practicum in Psychology | 1-3 |
| PSY:3998 | Individual Readings and Projects | 1-3 |
| PSY:3999/BIOL:3999 | Independent Research in Neuroscience | 2-3 |
| PSY:4020 | Laboratory in Psychology | 4 |
| PSY:4025 | Laboratory in Cognitive Neuroscience | 4 |
| PSY:4035 | Laboratory in Computational Neuroscience | 4 |
| PSY:4090 | Psychology Seminar | 3 |
| PSY:4990 | Honors Thesis Research | 1-3 |
| PSY:4995/BIOL:4995 | Honors Research in Neuroscience | arr. |

## Additional Requirements

## Cognate Requirement

Students complete one of the following math, statistics, or computer science courses.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| Statistics |  |  |
| BIOS:4120 | Introduction to Biostatistics | 3 |
| STAT:1020/ | Elementary Statistics and | 3 |
| PSQF:1020 | Inference | 4 |
| STAT:1030 | Statistics for Business | 3 |
| STAT:3510/ | Biostatistics |  |
| IGPI:3510 | Introduction to Statistical | 3 |
| STAT:4143/ | Methods |  |
| PSQF:4143 | Principles of Computing | 3 |
| Computer Science | Introduction to Computer | 3 |
| CS:1020 | Science |  |
| CS:1110 | Computer Science I: | 4 |
| CS:1210 | Fundamentals |  |
| Mathematics |  | 4 |
| MATH:1860 | Calculus II | 4 |
| MATH:2700 | Introduction to Linear Algebra |  |

## Second Concentration Area

Students complete 9 s.h. of graded coursework in a single department other than the Department of Psychological and Brain Sciences. Courses used to fulfill this requirement must be taken at the University of Iowa and may not be used to fulfill GE CLAS Core requirements. A second major or a minor may be used to fulfill the requirement.

## Teacher Licensure

Students interested in teaching in elementary and/or secondary schools should seek admission to the Teacher Education Program (TEP) in the College of Education.
To qualify for licensure in secondary teaching, students in the TEP complete a degree in education as well as a related College of Liberal Arts and Sciences degree. See Apply on the College of Education website for details on requirements and deadlines for applying to the College of Education and about TEP choices of majors leading to licensure.

## Honors

## Honors in the Major

Students majoring in psychology have the opportunity to graduate with honors in the major. They must maintain a cumulative University of Iowa grade-point average (GPA) of at least 3.33 and a minimum GPA of 3.50 in the major.
There are two routes for honors in the major, one of which involves a thesis project as a capstone. For students who pursue honors without a thesis, other experiences constitute the capstone. Both routes include extra coursework. Interested students are encouraged to read Honors in Psychology on the department's website.

## National Honor Society

The department sponsors a chapter of Psi Chi, the national honor society in psychology and affiliate of the American Psychological Association. Students who have a GPA of at least 3.00 overall and in psychology coursework and who have completed 9 s.h. of psychology courses may request a membership application form. Consult the department's academic coordinator for more information.

## University of Iowa Honors Program

In addition to honors in the major, students have opportunities for honors study and activities through membership in the University of Iowa Honors Program. Visit Honors at Iowa to learn about the University's honors program.

Membership in the UI Honors Program is not required to earn honors in the psychology major.

## Combined Programs

## BA/MPH (Community and Behavioral Health Subprogram)

Bachelor of Arts students majoring in psychology who are interested in earning a Master of Public Health degree with a community and behavioral health subprogram may apply to the combined BA/MPH program offered by the College of Liberal Arts and Sciences and the College of Public Health. The program permits students to count 12 s.h. of credit toward the requirements for both degrees, enabling them to begin the study of public health before they complete the bachelor's degree. For information about the public health program,
see Community and Behavioral Health Subprogram [p. 1964] in the Master of Public Health, MPH section of the catalog.

Admission to the psychology major is open; any University of Iowa undergraduate student may enter the BA program.

Entering first-year and transfer students who have completed less than 30 s.h. of coursework and are interested in entering the BS program are admitted to the BA program until they satisfy the admission requirements for the BS program. New transfer students who meet the admission requirements for the BS program may choose to enter the BS or the BA program.

Students in the BA program may switch to the BS program if they meet admission requirements at the time of the request. Students may switch from the BS to the BA program at any time.

## Career Advancement

The major in psychology is designed to contribute to students' general liberal arts and sciences education and to provide a foundation for postbaccalaureate training in psychology and closely related disciplines as well as in areas such as business, law, communication, medicine, and the allied health sciences.

Undergraduate psychology students who do not intend to enroll in graduate school immediately after earning their bachelor's degree frequently earn a second major in a discipline that has broad opportunities for employment, such as education, social work, business, journalism, or nursing.

Learn more about careers in psychology at the American Psychological Association website.

The Pomerantz Career Center offers multiple resources to help students find internships and jobs.

## Academic Plans

## Four-Year Graduation Plan

The following checkpoints list the minimum requirements students must complete by certain semesters in order to stay on the University's Four-Year Graduation Plan. Courses in the major are those required to complete the major; they may be offered by departments other than the major department.

In addition to courses in psychology, the BA requires three graded courses in a second concentration area.

Before the third semester begins: PSY:1001 Elementary Psychology.
Before the fifth semester begins: PSY:2811 Research Methods and Data Analysis in Psychology I and one or more lower-level psychology requirements.

Before the seventh semester begins: four courses in the major (including PSY:2701 Introduction to Behavioral Neuroscience and PSY:2812 Research Methods and Data Analysis in Psychology II), one course in the second concentration area, and at least 90 s.h. earned toward the degree.

Before the eighth semester begins: two additional courses in the major and an additional course in the second concentration area.

During the eighth semester: enrollment in all remaining coursework in the major, all remaining GE CLAS Core courses, and a sufficient number of semester hours to graduate.

## Sample Plan of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.

## Psychology, BA

| Total Hours | $\mathbf{1 2 3 - 1 3 2}$ |

a Sustainability must be completed by choosing a course that has been approved for Sustainability AND for one of these General Education areas: Natural Sciences; Quantitative and Formal Reasoning; Social Sciences; Historical Perspectives; International and Global Issues; Literary, Visual, and Performing Arts; or Values and Culture.
b Fulfills a major requirement and may fulfill a GE requirement.
c GE CLAS Core courses may be completed in any order unless used as a prerequisite for another course. Students should consult with an advisor about the best sequencing of courses.
d Students who have completed four years of a single language in high school have satisfied the GE CLAS Core World Languages requirement. Enrollment in world languages courses requires a placement exam, unless enrolling in a first-semester-level course.
e Students may use elective courses to earn credit towards the total s.h. required for graduation or to complete a double major, minors, or certificates.
f Please see Academic Calendar, Office of the Registrar website for current degree application deadlines. Students should apply for a degree for the session in which all requirements will be met. For any questions on appropriate timing, contact your academic advisor or Graduation Services.

## Psychology, BS

An undergraduate degree in psychology provides students with skills that are relevant to many career paths. The major in psychology is designed to contribute to students' general liberal arts and sciences education and to provide a foundation for postbaccalaureate training in psychology and closely related disciplines as well as in areas such as business, law, communication, medicine, and the allied health sciences. Students who intend to enter the job market immediately after completing an undergraduate degree should complement their psychology major with substantial preparation in another program more closely tied to the world of work (e.g., education, social work, business, journalism, nursing). Almost all vocational opportunities in psychology require advanced degrees.
The psychology major for the Bachelor of Science is intended for students who plan to pursue advanced work in psychology or in a related discipline. It requires a specific grade-point average for admission and certain courses in experimental psychology, mathematics, and natural science. The program leaves time for students to supplement the psychology major with another program of study.
Students who change to a psychology major after two years of undergraduate work may find they do not have sufficient background for the BS program.

Students begin with a general introductory course, followed by methodology and data analysis courses, and introductory courses in several broad areas: behavioral neuroscience, developmental science, clinical psychology, cognitive psychology, and social psychology. These courses are followed by upper-level psychology courses selected by each student. For additional information regarding the undergraduate major and career information, visit Undergraduate Programs on the Department of Psychological and Brain Sciences website.

The department maintains excellent facilities to support teaching and research on human and animal behavior. All faculty members are directly engaged in research, and they bring to their undergraduate teaching the excitement that such activity generates. Many opportunities exist for interested and capable students to participate in current research projects in the department.
The department has an active undergraduate organization, the Iowa Students Psychology Association, which is open to all interested students. The group sponsors speakers, films, career days, and student symposia.

## Learning Outcomes

The learning outcomes in the Department of Psychological and Brain Sciences align with several of the learning goals from the American Psychological Association's guidelines for undergraduate psychology education. These learning outcomes expand and deepen students' foundational knowledge obtained through the GE CLAS Core [p. 19] program.
Psychology majors will:

- understand psychology as an empirical science;
- graduate with a knowledge base in psychology, including an understanding of the major principles and theories in the field's main content areas;
- have learned how to use scientific reasoning to understand psychological phenomena and how to interpret and conduct psychological research; and
- be able to apply their knowledge of psychology to real-world situations and recognize the importance of ethical standards and diversity in psychology.

Requirements
The Bachelor of Science with a major in psychology requires a minimum of 120 s.h., including 54-56 s.h. of work for the major, with at least $41 \mathrm{~s} . \mathrm{h}$. in psychology courses. Students must maintain a gradepoint average of at least 2.00 in all courses for the major and in all UI courses for the major. They also must complete the College of Liberal Arts and Sciences GE CLAS Core [p. 19]. Transfer credits must be approved by the department, and transfer students must complete at least 18 s.h. of psychology courses at the University of Iowa.
The major for the BS emphasizes research methodology, so the BS may be the degree of choice for students who plan to do graduate work in psychology and related research fields. However, a Bachelor of Science is not required for graduate study in psychology. Choice of a degree program should be dictated by a student's personal career goals.

BA and BS students complete the same psychology core and psychology electives. The major for the BS also requires additional psychology topics courses and natural science courses plus mathematics, statistics, or computer science courses. Unlike the BA, there is no second area course requirement.
Students are advised to take PSY:1001 Elementary Psychology as the first course in the major; however, if a student must take PSY:1001 for the first time after completing another psychology course with a higher number, the student may do so.

The BS with a major in psychology requires the following courses or their equivalents.

| Requirements | Hours |
| :--- | :--- |
| Psychology Core | 6 |
| Lower-Level Psychology Requirements | 19 |
| Upper-Level Psychology Electives | 9 |
| Psychology Topics Courses | 7 |
| Natural Sciences Courses | 7 |
| Mathematics, Statistics, or Computer Science Courses | $6-8$ |

## Psychology Core

All majors complete the following coursework for the psychology core.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| Both of these: |  |  |
| PSY:1001 | Elementary Psychology | 3 |
| PSY:2811 | Research Methods and Data <br>  | Analysis in Psychology I |

## Lower-Level Psychology Requirements

Students take these courses after completing PSY:1001 Elementary Psychology.

| Course \# | Title | Hours |
| :--- | :--- | :---: |
| All of these: | Introduction to Clinical |  |
| PSY:2301 | Psychology | 3 |
| PSY:2401 | Introduction to Developmental <br> Science | 3 |
| PSY:2501 | Introduction to Social <br> Psychology <br> Introduction to Cognitive <br> PSychology | 3601 |

## Upper-Level Psychology Electives

Students take three advanced psychology courses (total of 9 s.h.) after satisfactorily completing the psychology core and other specified prerequisites. Psychology courses (prefix PSY) numbered 3000 or above may be used to fulfill this requirement, except those in the following list.

| Course \# | Title | Hours |
| :---: | :---: | :---: |
| PSY:3994 | Research Practicum in Psychology | arr. |
| PSY:3995 | Advanced Research Practicum | 1-3 |
| PSY:3996 | External Practicum in Psychology | 1-3 |
| PSY:3997 | Teaching/Advising Practicum in Psychology | 1-3 |
| PSY:3998 | Individual Readings and Projects | 1-3 |
| PSY:3999/BIOL:3999 | Independent Research in Neuroscience | 2-3 |
| PSY:4020 | Laboratory in Psychology | 4 |
| PSY:4025 | Laboratory in Cognitive Neuroscience | 4 |
| PSY:4035 | Laboratory in Computational Neuroscience | 4 |
| PSY:4090 | Psychology Seminar | 3 |
| PSY:4990 | Honors Thesis Research | 1-3 |
| PSY:4995/BIOL:4995 | Honors Research in Neuroscience | arr. |

## Additional Requirements

Psychology Topics Courses

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| Both of these: |  |  |
| PSY:4020 | Laboratory in Psychology | 4 |
| PSY:4090 | Psychology Seminar | 3 |

Natural Science Courses

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| At least 7 s.h. from these: |  |  |
| BIOL:1140 | Human Biology: Nonmajors | 4 |
| BIOL:1141 | Human Biology: Health <br> Professions | 4 |
| BIOL:1251 | How the Brain Works (and Why <br> it Doesn't) | $3-4$ |
| BIOL:1370 | Understanding Evolution | 3 |
| BIOL:1411 | Foundations of Biology | 4 |
| BIOL:2120 | Good Genes Gone Bad: Genetic <br> Disorders of Notable Celebrities | 3 |
| BIOL:2211 | Genes, Genomes, and the | 3 |
| BIOL:2512 | Human Condition |  |
| CHEM:1070 | Fundamental Genetics | 4 |
| CHEM:1080 | General Chemistry I | 3 |
| CHEM:1090 | General Chemistry II | 3 |
| CHEM:1110 | Supplemental Chemistry Lab | 1 |
| CHEM:1120 | Principles of Chemistry I | 4 |
| CHEM:1160 | Principles of Chemistry II | 4 |

| CSD:2111 | Basic Acoustics for Speech and <br> Hearing | 3 |
| :--- | :--- | ---: |
| CSD:3112 | Anatomy and Physiology of <br> Speech Production | 4 |
| CSD:3113 | Introduction to Hearing Science | 4 |
| CSD:3116/ | Basic Neuroscience for Speech |  |
| LING:3116 | Human Anatomy | 3 |
| HHP:1100 | Human Anatomy Laboratory | 3 |
| HHP:1110 | Fundamentals of Human | 1 |
| HHP:1300 | Physiology | 3 |
| HHP:1310 | Human Physiology Laboratory | 1 |
| HHP:1400 | Human Anatomy and | 3 |
| PHYS:1400 | Physiology | $3-4$ |
| PHYS:1409 | Basic Physics | 1 |
| PHYS:1410 | Physics of Sound | $3-4$ |
| PHYS:1511 | College Physics I | 4 |
| PHYS:1512 | College Physics II | 4 |
| PHYS:1611 | Introductory Physics I | 4 |
| PHYS:1612 | Introductory Physics II | 4 |
| PHYS:1619 | Introductory Physics II Lab | 1 |

## Mathematics, Statistics, or Computer Science Courses

| Course \# | Title | Hours |
| :---: | :---: | :---: |
| At least two courses from these: |  |  |
| BIOS:4120 | Introduction to Biostatistics | 3 |
| CS:1210 | Computer Science I: Fundamentals | 4 |
| CS:2110 | Programming for Informatics | 4 |
| CS:2230 | Computer Science II: Data Structures | 4 |

| MATH:1550 | Engineering Mathematics I: Single Variable Calculus | 4 |
| MATH:1850 | Calculus I | 4 |
| MATH:1860 | Calculus II | 4 |
| MATH:2700 | Introduction to Linear Algebra | 4 |
| STAT:1020/ PSQF:1020 | Elementary Statistics and Inference | 3 |
| STAT:1030 | Statistics for Business | 4 |
| STAT:2010 | Statistical Methods and Computing | 3 |
| STAT:3200/ <br> IGPI:3200/ISE:3760 | Applied Linear Regression | 3 |
| STAT:3210 | Experimental Design and Analysis | 3 |
| STAT:3510/ <br> IGPI:3510 | Biostatistics | 3 |
| STAT:4143/ PSQF:4143 | Introduction to Statistical Methods | 3 |

## Teacher Licensure

Students interested in teaching in elementary and/or secondary schools should seek admission to the Teacher Education Program (TEP) in the College of Education.
To qualify for licensure in secondary teaching, students in the TEP complete a degree in education as well as a related College of Liberal Arts and Sciences degree. See Apply on the College of Education website for details on requirements and deadlines for applying to the College of Education and about TEP choices of majors leading to licensure.

## Honors

## Honors in the Major

Students majoring in psychology have the opportunity to graduate with honors in the major. They must maintain a cumulative University of Iowa grade-point average (GPA) of at least 3.33 and a minimum GPA of 3.50 in the major. There are two routes for honors in the major, one of which involves a thesis project as a capstone. For students who pursue honors without a thesis, other experiences constitute the capstone. Both routes include extra coursework. Interested students are encouraged to read Honors in Psychology on the department's website.

## National Honor Society

The department sponsors a chapter of Psi Chi, the national honor society in psychology and affiliate of the American Psychological Association. Students who have a GPA of at least 3.00 overall and in psychology coursework and who have completed 9 s.h. of psychology courses may request a membership application form. Consult the department's academic coordinator for more information.

## University of Iowa Honors Program

In addition to honors in the major, students have opportunities for honors study and activities through membership in the University of Iowa Honors Program. Visit Honors at Iowa to learn about the university's honors program.
Membership in the UI Honors Program is not required to earn honors in the psychology major.

## Admission

Admission to the major is selective. To be eligible for admission to the BS program, students must have completed 30 s.h. of college coursework (excluding any credit by exam) and must have a cumulative grade-point average of 2.67 or higher. There is no limit on the number of qualified students admitted to the BS program. Students who do not meet the minimum admission requirements may petition the department in writing, presenting additional evidence of their qualifications.
Entering first-year and transfer students who have completed less than 30 s.h. of coursework and are interested in entering the BS program are admitted to the BA program until they satisfy the admission requirements for the BS program. New transfer students who meet the admission requirements for the BS program may choose to enter the BS or the BA program.

Students in the BA program may switch to the BS program if they meet admission requirements at the time of the request. Students may switch from the BS to the BA program at any time.

Career Advancement

The major in psychology is designed to contribute to students' general liberal arts and sciences education and to provide a foundation for postbaccalaureate training in psychology and closely related disciplines as well as areas such as business, law, communication, medicine, and the allied health sciences.
Undergraduate psychology students who do not intend to enroll in graduate school immediately after earning their bachelor's degree frequently earn a second major in a discipline that has broad opportunities for employment, such as education, social work, business, journalism, or nursing.
Learn more about careers in psychology at the American Psychological Association website.
The Pomerantz Career Center offers multiple resources to help students find internships and jobs.

## Academic Plans

## Four-Year Graduation Plan

The following checkpoints list the minimum requirements students must complete by certain semesters in order to stay on the university's Four-Year Graduation Plan. Courses in the major are those required to complete the major; they may be offered by departments other than the major department.

The psychology major for the BS is open only to students who have earned 30 s.h. and have a grade-point average of at least 2.67. Students complete 7 s.h. of natural science coursework, either as part of the GE CLAS Core [p. 19] or in addition to it. Students also must complete two quantitative and formal reasoning courses which may require some preliminary work.
Before the third semester begins: PSY:1001 Elementary Psychology and one additional course in the major.
Before the fifth semester begins: one course for the department's quantitative and formal reasoning requirement and three additional courses in the major, including PSY:2811 Research Methods and Data Analysis in Psychology I and PSY:2812 Research Methods and Data Analysis in Psychology II.

Before the seventh semester begins: two more courses in the major, one course for the major's natural science requirement, and at least 90 s.h. earned toward the degree.

Before the eighth semester begins: second course for the department's quantitative and formal reasoning requirement and two more courses in the major.
During the eighth semester: enrollment in all remaining coursework in the major, all remaining GE CLAS Core courses, and a sufficient number of semester hours to graduate.

## Sample Plan of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.
Psychology, BS
Course Title
Hours
Academic Career
Any Semester
GE CLAS Core: Sustainability ${ }^{\text {a }}$

Major: lower or upper-level psychology course 3

Elective course ${ }^{\mathrm{e}} 2$

| Spring |  |
| :--- | :--- | :--- |
| PSY:4090 Psychology Seminar | 3 |

Major: lower or upper-level psychology course 3
Major: second mathematics, statistics, or computer science 3-4 course ${ }^{\text {b, f, g }}$
Elective course ${ }^{\mathrm{e}}$
3
Elective course ${ }^{\mathrm{e}} \quad 2$
Degree Application: apply on MyUI before deadline
(typically in February for spring, September for fall) ${ }^{h}$

| Hours | $\mathbf{1 4 - 1 5}$ |
| :--- | ---: | ---: |
| Total Hours | $\mathbf{1 2 2 - 1 3 2}$ |

a Sustainability must be completed by choosing a course that has been approved for Sustainability AND for one of these General Education areas: Natural Sciences; Quantitative and Formal Reasoning; Social Sciences; Historical Perspectives; International and Global Issues; Literary, Visual, and Performing Arts; or Values and Culture.
b Fulfills a major requirement and may fulfill a GE requirement.
c GE CLAS Core courses may be completed in any order unless used as a prerequisite for another course. Students should consult with an advisor about the best sequencing of courses.
d Students who have completed four years of a single language in high school have satisfied the GE CLAS Core World Languages requirement. Enrollment in world languages courses requires a placement exam, unless enrolling in a first-semester-level course.
e Students may use elective courses to earn credit towards the total s.h. required for graduation or to complete a double major, minors, or certificates.
f Choose from an approved list to meet Psychology BS major requirements.
g Enrollment in math courses requires completion of a placement exam.
h Please see Academic Calendar, Office of the Registrar website for current degree application deadlines. Students should apply for a degree for the session in which all requirements will be met. For any questions on appropriate timing, contact your academic advisor or Graduation Services.

## Psychology, Minor

## Requirements

The undergraduate minor in psychology requires a minimum of 15 s.h. of psychology courses (prefix PSY), including 12 s.h. taken at the University of Iowa. Students must maintain a cumulative gradepoint average of at least 2.00 in all courses for the minor and all UI courses for the minor. Coursework in the minor may not be taken pass/nonpass or satisfactory/fail. Before registering for a psychology course, students must complete the course's prerequisites. Only one course can be "double counted" for the psychology minor and neuroscience major (i.e., neuroscience majors must complete four psychology classes not included as part of their neuroscience BS).
A minor in psychology complements majors in a variety of disciplines. Department advisors can help students identify courses for the minor that are especially appropriate for their major.

## Psychology, MA

Graduate study in psychology is designed for students seeking the PhD . Students enrolled in the doctoral program may elect to receive a Master of Arts (MA) when they have completed the necessary requirements.

## Learning Outcomes

## Students will:

- develop skills to design and carry out independent and team-based research projects;
- develop an understanding of multiple statistical techniques to support independent data analysis skills;
- develop skills to effectively communicate research results to a range of audiences in both written and oral formats;
- develop the capability to independently teach a course; and
- follow the highest ethical standards when conducting research and communicating results.

## Requirements

The graduate program in psychology is primarily a PhD program. The program does not admit students who have a terminal master's degree in psychology as their objective. Students in good standing in the psychology PhD program may elect to receive a master's degree at the end of the second year. Additionally, students who are terminated from the PhD program may elect to switch to the MA program. In both cases, the degree is an MA without thesis.

The Master of Arts without thesis program in psychology requires 37 s.h. of graduate credit. Students must maintain a cumulative and program grade-point average of at least 3.00 to earn the degree. Each student must satisfy a portion of the course requirements of the PhD program. The MA requirements are organized around training area. For the MA, the student must have completed the coursework that would normally be expected by that point in the program, according to the training area's required/recommended coursework (see the graduate handbook on the department's website). Exceptions must be approved by the area coordinator and director of graduate studies. Each student must have an advisor (a member of the department faculty who has agreed to advise and sponsor the student) at all times.

Students must earn 30 of the required 37 s.h. at the University of Iowa. Coursework for the MA nonthesis program must include at least 15 s.h. earned in Department of Psychological and Brain Sciences courses and seminars, or in courses and seminars that meet areaspecific requirements for one of the training areas. The MA without thesis does not require a final exam.

## Graduate Training Areas

## Behavioral and Cognitive Neuroscience

The program in behavioral and cognitive neuroscience focuses on the analysis of learning, memory, attention, motivation, aging, sensory processing, and sleep, in both human and nonhuman subjects, through the application of behavioral and biological principles. Special faculty strengths are in the neurobiology of learning and memory, cognitive neuroscience, motivation and emotion, developmental psychobiology, comparative psychology, neuropharmacology, neuroendocrinology, and neuroanatomy. Students in this program have the opportunity to learn state-of-the-art techniques in computercontrolled experimentation and electronic instrumentation as well as advanced analytic and laboratory methods in neurophysiology, nonhuman neurosurgery, histology, neuroimaging, and assays of biochemical activity.

Faculty members in the behavioral and cognitive neuroscience area interact extensively with colleagues in other divisions in the department, in the Iowa Neuroscience Institute, and in many basic science and clinical departments in the Carver College of Medicine, including anatomy and cell biology, otolaryngology-head and neck surgery, pharmacology, internal medicine, pediatrics, psychiatry, and neurology. These collaborative activities provide excellent research and training opportunities for students interested in emerging interdisciplinary fields.

## Clinical Science

The clinical science training program emphasizes a scientific approach to the understanding of psychological disorders and the influence of psychological factors on human relationships and health. The program is accredited by the Psychological Clinical Science Accreditation System (PCSAS), has been continuously accredited by the Commission on Accreditation of the American Psychological Association since 1948, and is a charter member of the Academy for Psychological Clinical Science.

The program is designed for students who are interested primarily in helping to advance scientific understanding of clinical phenomena and in acquiring the research skills necessary to do so. Faculty members and students have active research collaborations with colleagues from many departments in the university's Carver College of Medicine and College of Public Health and at the VA Iowa City Health Care. Many of the program's faculty members conduct externally funded research programs that use cutting-edge behavioral science to develop an improved understanding of mechanisms, processes, and interventions for mental disorders. Faculty members have strong training records, and the program's graduates have gone on to top-tier research, teaching, and clinical service positions.
The clinical psychology program provides first-hand clinical experience and opportunities to develop clinical competence that are integral to clinical research. It closely integrates practicum experience in the Seashore Psychology Clinic with coursework and supervised research experience. Advanced students have opportunities to gain additional clinical experience through placement in the Benton Neuropsychology Clinic, Women's Wellness and Counseling Service, adult and child psychiatry clinics, the Iowa City VA Health Care System, and other venues.

## Cognition

The cognition training area is guided by the philosophy that understanding cognitive processes requires an understanding of how they develop and interact with other cognitive processes. In this pursuit, the area strives for empirical and theoretical rigor.
The area's laboratories have overlapping research domains, so most topics are studied by multiple laboratories with multiple methodologies. Areas of strength include categorization, computational modeling, cognitive control, cognitive development, language and language learning, learning and memory, visual cognition, attention, and working memory.

Students in cognition take basic courses and seminars in specialty areas, but they devote most of their time to research activities. Students work closely with a faculty mentor at first and then become progressively independent as they gain knowledge and skills. The program encourages students to work with more than one faculty member, both in the program and across the department and the university. Students often combine basic work on cognition with work in areas such as neuroscience, neuropsychology, psychiatry, educational psychology, and human factors engineering.

## Individualized Graduate Training Option

The purpose of the individualized graduate training option is to provide flexibility to graduate students who want to pursue a
specialized course of study that does not easily fit within the other three graduate training areas. This training option also may be appropriate for students who have strong interdisciplinary research interests involving coursework in other departments. Students can choose the individualized training option when applying to the PhD program or may petition the committee on graduate studies to switch to the individualized option after beginning the PhD program. Oversight of students in the individualized training option is provided by the student's research advisory committee, the director of graduate studies, and the committee on graduate studies.

## Admission

Since the graduate program in psychology is designed primarily for students seeking the PhD , all applicants are considered on that basis.

The application deadline is Dec. 1. Applications may be submitted at any time but are considered only once each year-between Dec. 1 and Feb. 1-for admission the following fall. Admission decisions are based on a composite consideration of prior academic and research performance, letters of reference, and an applicant's statement about background and purpose. Admission materials are reviewed initially by faculty members in the applicant's primary training area.

An undergraduate major in psychology-including a laboratory course in experimental psychology, a course in statistics, and additional work in the natural sciences and in mathematics-is desirable but not required. Students who have not had such a background but are strongly qualified on other grounds may be admitted. They may be asked to remedy deficiencies in background work with certain courses or independent study before embarking on the regular graduate program.
Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations on the Graduate College website.

## Career Advancement

Students who pursue a master's degree in psychology have many opportunities to teach psychology in community colleges or high schools or to find employment in a business, school, or hospital.

Learn more about careers in psychology at the American Psychological Association website.

## Psychology, PhD

Graduate study in psychology is designed for students seeking the PhD . Students enrolled in the doctoral program may elect to receive a Master of Arts (MA) when they have completed the necessary requirements.

## Learning Outcomes

## Students will:

- develop skills to design and carry out independent and team-based research projects;
- develop an understanding of multiple statistical techniques to support independent data analysis skills;
- develop skills to effectively communicate research results to a range of audiences in both written and oral formats;
- develop the capability to independently teach a course; and
- follow the highest ethical standards when conducting research and communicating results.

## Requirements

The Doctor of Philosophy program in psychology requires a minimum of 72 s.h. of graduate credit. Students must maintain a cumulative and program grade-point average of at least 3.00 to earn the degree. The 72 s.h. required for the PhD includes at least 33 s.h. in the Department of Psychological and Brain Sciences. All students must satisfy, through one of several options, requirements in statistics and research methods. Those entering without previous graduate work usually require at least five years to complete the program; those entering with previous graduate training may require less, depending on the nature of the earlier preparation.

The PhD program places a strong emphasis on preparation for research, teaching, and other scholarly endeavors, whether in academic settings or in industrial, governmental, or medical institutions. The intent is to produce graduates who are deeply committed to the study of psychology, familiar with fundamental knowledge about psychological processes, well trained in the methods and techniques for careful investigation of basic and applied problems, and determined to make contributions to the discipline of psychology and to society.

Graduate training is organized in three broad areas: behavioral and cognitive neuroscience, clinical science, and cognition. The department also offers an individualized graduate training option that allows students to design their own course of study. Within and across those areas, graduate training may be guided by additional organizing themes such as developmental science, developmental psychopathology, visual perception, health psychology, and social psychology. Entering students are expected to identify one of the three broad areas as their primary area and to follow a specific program that develops a thorough understanding of the substantive material and methods of investigation central to that subdiscipline, combined with the student's specific research goals. Regardless of specialty training, all students must meet course requirements in statistics and research methods, and they are expected to take courses in content areas other than their primary one. The training area programs are sufficiently flexible to permit students to develop substantial competence in a second training area.

During each of the first two semesters, graduate students ordinarily take two or three courses-for example, a statistics course, a course or two in the primary training area, and/or an outside area elective. Students also begin their research under the supervision of their advisor and with the guidance of their research advisory committee.

Near the end of the fall semester of the second year, students submit a report describing their research to date. At the beginning of the following semester, they present their research at the annual graduate research symposium.

During subsequent years, students continue selected coursework in their training and interest areas and continue to develop their research programs. In addition, they develop a prospectus for the dissertation research and take the comprehensive examination, which covers material in the specialty area. The final year is devoted primarily to conducting the PhD study and writing the dissertation. In the PhD final examination, students present an oral defense of their dissertation and are expected to relate the dissertation work to broader issues in the discipline of psychology.

## Graduate Training Areas

## Behavioral and Cognitive Neuroscience

The program in behavioral and cognitive neuroscience focuses on the analysis of learning, memory, attention, motivation, aging, sensory processing, and sleep, in both human and nonhuman subjects, through the application of behavioral and biological principles. Special faculty strengths are in the neurobiology of learning and memory, cognitive neuroscience, motivation and emotion, developmental psychobiology, comparative psychology, neuropharmacology, neuroendocrinology, and neuroanatomy. Students in this program have the opportunity to learn state-of-the-art techniques in computercontrolled experimentation and electronic instrumentation as well as advanced analytic and laboratory methods in neurophysiology, nonhuman neurosurgery, histology, neuroimaging, and assays of biochemical activity.

Faculty members in the behavioral and cognitive neuroscience area interact extensively with colleagues in other divisions in the department, in the Iowa Neuroscience Institute, and in many basic science and clinical departments in the Carver College of Medicine, including anatomy and cell biology, otolaryngology-head and neck surgery, pharmacology, internal medicine, pediatrics, psychiatry, and neurology. These collaborative activities provide excellent research and training opportunities for students interested in emerging interdisciplinary fields.

## Clinical Science

The clinical science training program emphasizes a scientific approach to the understanding of psychological disorders and the influence of psychological factors on human relationships and health. The program is accredited by the Psychological Clinical Science Accreditation System (PCSAS), has been continuously accredited by the Commission on Accreditation of the American Psychological Association since 1948, and is a charter member of the Academy for Psychological Clinical Science.
The program is designed for students who are interested primarily in helping to advance scientific understanding of clinical phenomena and in acquiring the research skills necessary to do so. Faculty members and students have active research collaborations with colleagues from many departments in the university's Carver College of Medicine and College of Public Health and at the VA Iowa City Health Care. Many of the program's faculty members conduct externally funded research programs that use cutting-edge behavioral science to develop an improved understanding of mechanisms, processes, and interventions for mental disorders. Faculty members have strong training records, and the program's graduates have gone on to top-tier research, teaching, and clinical service positions.
The clinical psychology program provides first-hand clinical experience and opportunities to develop clinical competence that are integral to clinical research. It closely integrates practicum experience in the Seashore Psychology Clinic with coursework and supervised
research experience. Advanced students have opportunities to gain additional clinical experience through placement in the Benton Neuropsychology Clinic, Women's Wellness and Counseling Service, adult and child psychiatry clinics, the VA Iowa City Health Care, and other venues. After five to six years of on-campus work, including completion of all coursework and most of the dissertation, students serve a one-year internship at an approved site.

## Cognition

The cognition training area is guided by the philosophy that understanding cognitive processes requires an understanding of how they develop and interact with other cognitive processes. In this pursuit, the area strives for empirical and theoretical rigor.

The area's laboratories have overlapping research domains, so most topics are studied by multiple laboratories with multiple methodologies. Areas of strength include categorization, computational modeling, cognitive control, cognitive development, language and language learning, learning and memory, visual cognition, attention, and working memory.

Students in cognition take basic courses and seminars in specialty areas, but they devote most of their time to research activities. Students work closely with a faculty mentor at first and then become progressively independent as they gain knowledge and skills. The program encourages students to work with more than one faculty member, both in the program and across the department and the university. Students often combine basic work on cognition with work in areas such as neuroscience, neuropsychology, psychiatry, educational psychology, and human factors engineering.

## Individualized Graduate Training Option

The purpose of the individualized graduate training option is to provide flexibility to graduate students who want to pursue a specialized course of study that does not easily fit within the other three graduate training areas. This training option also may be appropriate for students who have strong interdisciplinary research interests involving coursework in other departments. Students can choose the individualized training option when applying to the PhD program, or may petition the committee on graduate studies to switch to the individualized option after beginning the PhD program. Oversight of students in the individualized training option is provided by the student's research advisory committee, the director of graduate studies, and the committee on graduate studies.

## Admission

Since the graduate program in psychology is designed primarily for students seeking the PhD , all applicants are considered on that basis.

The application deadline is Dec. 1. Applications may be submitted at any time but are considered only once each year-between Dec. 1 and Feb. 1-for admission the following fall. Admission decisions are based on a composite consideration of prior academic and research performance, letters of reference, and the applicant's statement about background and purpose. Admission materials are reviewed initially by faculty members in the applicant's primary training area.

An undergraduate major in psychology-including a laboratory course in experimental psychology, a course in statistics, and additional work in the natural sciences and in mathematics-is desirable but not required. Students who have not had such a background but are strongly qualified on other grounds may be admitted. They may be asked to remedy deficiencies in background work with certain courses or independent study before embarking on the regular graduate program.

Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations on the Graduate College website.

## Financial Support

All students admitted to the PhD program in psychology are guaranteed five years of financial support, as long as they make satisfactory progress and remain in good academic standing. Financial support is provided through fellowships, teaching assistantships, research assistantships, and traineeships, depending on merit and availability. No separate application for financial aid is required.

## Career Advancement

Learn more about careers in psychology at the American Psychological Association website.

# Public Digital Arts 

Chair, Department of Theatre Arts

- Mary Beth Easley

Director, Public Digital Arts

- Daniel W. Miller (Art and Art History)

## Coordinator, Public Digital Arts

- Daniel S. Fine (Dance/Theatre Arts)

Undergraduate certificate: public digital arts
Faculty: https://pda.uiowa.edu/people
Website: https://pda.uiowa.edu/
The curricular goal of the public digital arts certificate program is to give students skills to make works of art that are informed by digital technology, scholarship, and disciplinary tradition. Digital technologies keep transforming how people create, perform, and experience art. At the core of the public digital arts cluster is a commitment to innovation and interdisciplinary collaboration in research, teaching, creative work, and the public expression of the university's creative research and scholarship.
Upon completion of the certificate program, students will be able to develop and realize artistic visions using digital technology and work collaboratively with other artists, engineers, or computer scientists. Most courses will include a public dimension, where projects are shown to a public audience.

The Department of Theatre Arts [p. 1073], which administers the Certificate in Public Digital Arts, partners with the schools of Music [p. 799] and Art and Art History [p. 90], the departments of Computer Science [p. 296] and Cinematic Arts [p. 215] (College of Liberal Arts and Sciences), and the College of Engineering [p. 1436] to offer the certificate.

## Programs

## Undergraduate Program of Study

Certificate

- Certificate in Public Digital Arts [p. 940]

## Courses

## Public Digital Arts Courses

DIGA:2800 Digital Arts: An Introduction 3 s.h.
Introduction to potential of integrating art with technology to provide a foundation of skills and concepts through hands-on experimentation; lectures and demonstrations introduce key concepts and ideas as well as the history of digital arts; students develop skills that form a foundation for future investigation through labs; work may include using an Arduino, programming, and developing an interface to control a software project; final project is shared with the public in some way; critical discourse in the form of writing assignments allows for reflection and evaluation. GE: Engineering Be Creative. Same as ARTS:2800, CINE:2800, CS:2800, DANC:2800, MUS:2800, THTR:2800.

DIGA:2880 Installations and Interactive Performance 3 s.h.
Introduction to aesthetics, techniques, and practical possibilities of fusing together theatre, dance, music/sound, art, design, cinema, gaming, human computer interaction, and engineering; foundations of creating interactive experiences that use digital photos, video, text, real-world objects, sensor data, live bodies moving in space, Kinect 2 sensors, cameras, and multiple video outputs (e.g., projectors, LED displays); use of Isadora, an interactive, node-based programming software, to create immersive mediated performances, interactive installations, embodied user-based experiences, and user-manipulated virtual environments. GE: Engineering Be Creative. Same as DANC:2880, THTR:2880.
DIGA:2890 Producing and Directing Digital Video 3 s.h.
Introduction to basic concepts, theories, and practical applications of digital video production for multiple distribution streams, with focus on aesthetic and technical principles; development of proficiency in contemporary approaches to digital media production by understanding the production pipeline from ideation to preproduction, production, postproduction, and through to distribution. GE: Engineering Be Creative. Same as DANC:2890, THTR:2890.

DIGA:3285 New Musical Instruments: From Design to Performance
Acoustic principles of selected traditional instruments (e.g., winds, strings, percussion) as well as principles of electroacoustic sound production (e.g., analog synthesizers, microphones, transducers); students work in teams to build, test, and improve their own musical instrument and experiment with its playing modes; projects may include inharmonic variations upon classical instruments, musical bots, guitar or voice-processing pedals, transducer-driven DIY Gamelans, and more; for composers, performers, engineers, and sound enthusiasts who want to design, build, and/or perform with new musical instruments. GE: Engineering Be Creative. Same as MUS:3285.
DIGA:3840 Robotic Art Studio
Exploration, design, and creation of interactive artworks, kinetic sculpture, robotic art, sound works, light art, and performance environments; application of basic electronics and mechanical techniques; use of programmable micro-controller Arduino. Prerequisites: ARTS:1510 and ARTS:1520 and (SCLP:2810 or CERM:2010 or INTM:2710 or MTLS:2910 or TDSN:2210). GE: Engineering Be Creative. Same as SCLP:3840.

DIGA:3876 Video for Performance
Introduction to aesthetics and practical applications of digital media and video design for live performance including content creation, system design, and content optimization for media servers; students create digital video and animations and integrate them into live performance and entertainment events via projections, media servers, and digital displays using QLab Media Server and Adobe Creative Cloud (e.g., Illustrator, Photoshop, Premiere Pro, Audition, After Effects); for those with an interest in designing, creating, and displaying digital media for theatre, dance, concerts, corporate events, gallery installations, VJ sets, and architectural projections. GE: Engineering Be Creative. Same as CINE:3876, DANC:3876, INTM:3876, THTR:3876.

DIGA:3895 Performance, Art, and New Technologies in Society

3 s.h.
Students pitch projects and work in interdisciplinary groups to create original live performances and installations based on major technological innovations that have deeply impacted society and live performance in late 20th and early 21st centuries; daily handson making; examination of theoretical texts and performances that address impact of technology on human condition to contextualize students' own art/technology projects; exploration and adaptation of technologies/aesthetics for live performance and art including telepresence and liveness, artificial intelligence and big data, augmented and virtual reality. Prerequisites: MUS:2800 or THTR:2880 or CS:1110 or CS:1210 or SCLP:4835. Same as DANC:3895, THTR:3895.
DIGA:4835 Electronic Objects and Spaces
4 s.h.
Aesthetic use of electronics to sequence and control motion, light, and sound; introduction to basic electronics through hands-on workshops and discussions; demonstrations on how to build an Arduino, integrated circuits, power supplies, soldering, prototyping, motors, sensors; projects integrating electronics with objects and spaces; artist screenings and critiques. Prerequisites: ARTS:1510 and ARTS:1520 and (SCLP:2810 or CERM:2010 or INTM:2710 or MTLS:2910 or
TDSN:2210). GE: Engineering Be Creative. Same as SCLP:4835.
DIGA:4840 Air, Actuators, and Motors
4 s.h.
Introduction to wide range of motors, actuators, and air devices available for integration in art projects; various forms of motor control and necessary means to power these devices; DC and AC motors, stepper motors, solenoids, electro magnets, relays, pneumatics, inflatables, and other air-driven devices; development of a project utilizing one or more systems; examples and media demonstrations to show how artists and scientists employ these systems. Prerequisites: ARTS:1510 and ARTS:1520 and (SCLP:2810 or CERM:2010 or INTM:2710 or MTLS:2910 or TDSN:2210). GE: Engineering Be Creative. Same as SCLP:4840.

## Public Digital Arts, Certificate

## Learning Outcomes

The certificate provides the following competencies.

- The ability to think about and develop works of art that use digital technology in creative ways.
- The ability to participate in critical discourse about such artistic works.
- The ability to collaborate across disciplines on artistic projects at the intersection of the physical and digital worlds.
- The ability to use art and digital technology to identify, attract, and interact with audiences in a meaningful and creative way.

## Requirements

The undergraduate Certificate in Public Digital Arts requires a minimum of $24 \mathrm{~s} . \mathrm{h}$. of coursework, including at least 18 s.h. earned at the University of Iowa or in approved study abroad courses. Students must maintain a grade-point average of at least 2.00 in coursework for the certificate. Courses taken pass/nonpass do not count toward the certificate.

The certificate may be earned by any student admitted to the University of Iowa who is not enrolled in a UI graduate or professional degree program. Undergraduate to Graduate (U2G) students may earn the certificate when the undergraduate classification is primary.

Students should declare their intent to earn the certificate at the College of Liberal Arts and Sciences Undergraduate Programs office, at the Academic Advising Center, or on MyUI.

Students complete two core courses, five track courses, and one capstone project. They must meet with the certificate director or a public digital arts advisor every semester to discuss their course selections and plan for the capstone course.

The Certificate in Public Digital Arts requires the following coursework.

## Required Core Courses

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| Both of these: |  |  |
| ARTS:2800/ | Digital Arts: An Introduction | 3 |
| CINE:2800/CS:2800/ |  |  |
| DANC:2800/ |  |  |
| DIGA:2800/ |  | 3 |
| MUS:2800/ |  |  |
| THTR:2800 | Performance, Art, and New |  |
| THTR:3895/ | Technologies in Society |  |
| DANC:3895/ |  |  |
| DIGA:3895 |  |  |

## Track Courses

Students must complete five courses from one track (15 s.h.). At least one of the electives must be taken from the Department of Computer Science (prefix CS), unless students have already taken a collegelevel introductory computer science course or proficiency can be demonstrated. Students who wish to count a course not listed in a track may submit a request for approval to the certificate director.

Some of these courses have prerequisites; students must complete all of a course's prerequisites before they may register for a course. Some of these courses also have specific restrictions such as only being open to certain majors.

- Interactive Design and Intelligent Spaces Track [p. 940]
- New Modes of Storytelling Track [p. 941]
- Sound Design Track [p. 941]
- Visual Design Track [p. 942]
- Choose Your Own Adventure Track [p. 942]

## Interactive Design and Intelligent Spaces Track

From human-computer interaction to experiential museum experiences, people are constantly interacting and interfacing with both the physical and digital worlds. How does embedded computation change the way we experience our surroundings? Do immersive environments change the way we experience art and performance?

In this track, students explore how the human body interacts with and can control computers, digital technologies, visual and aural media, and so on, in order to create unique, engaging, and embodied user experiences. Students explore the value of and practical skills needed to create dynamic spaces within the built environment that react to their physical surroundings and the inhabitants within.

| THTR:4230 | Scene Design II | 3 |
| THTR:4250 | Lighting Design II |  |

## New Modes of Storytelling Track

Digital and emerging technologies are changing the ways stories are told and experienced. How can we as storytellers, artists, and engineers use digital media and new technologies to engage 21stcentury audiences? Students explore the ideas and technologies that are shaping new modes of storytelling through a variety of transdisciplinary methods across multiple platforms, such as live performances, online experiences, mobile technologies, digital video, immersive installations, and augmented and virtual reality.

## Sound Design Track

Sound is a critical component to the audience experience of traditional and new media. Students focus on sound design by selecting additional courses in electronic music production and composing, audio engineering, and acoustics, among others.
This track provides an opportunity for students to focus their training in (or specialize in) the theory and practical skills needed to create and produce sound design for live public performances in theater, dance, and/or music that use digital and new technologies; interactive sound art; public art exhibitions, installations, or gallery settings; music and sound recordings for analog and digital release; internet, mobile technology, and new media applications; augmented and virtual reality; and games

## Visual Design Track

Visual modes of communication consume our daily experience, from informational road signs to internet interfaces to the omnipresence of digital screens. Visual design is a crucial aspect to telling stories and communicating in both traditional and new media. Students focus on visual design by selecting additional courses in digital video, theatrical design, graphic design, 3D design, and animation, among others.
The track provides an opportunity for students to focus their training in (or specialize in) the theory and practical skills needed to create and produce visual design for live public performances in theater, dance, and/or music that use digital and new technologies; interactive visual art; public art exhibitions, installations, or gallery settings; film and video productions for analog and digital release; internet, mobile technology, and new media applications, including 360 video; augmented and virtual reality; and games.

## Choose Your Own Adventure Track

This track is geared toward the creative entrepreneur, the trailblazer who does not fit into the tracks listed above, and toward the student who wants to forge a new path. This track allows a student to work with a public digital arts advisor to create a specialized plan of study.

## Capstone Project

The capstone project must result in a work that is both artistic and digital, and it must be shared in a meaningful way with the public. The project must be informally approved by the certificate director at least one semester before the work takes place. A student then selects at least one faculty member from an appropriate department as a formal advisor. The student submits a written proposal to the certificate director and the advisor. The proposal must include a description of the work; a statement of why the student is prepared to accomplish the work; and a list of equipment, materials, space, or funding required. Once the proposal is approved by the director and advisor, the student enrolls in an independent study course with the advisor as the instructor. The student meets with the advisor on a regular basis and engages other faculty and students as needed. Once the project is complete and shared publicly, the advisor evaluates the project and submits a letter grade.

## Religious Studies

## Chair

- David Cunning

Undergraduate major: religious studies (BA)
Undergraduate minors: religion and media; religious studies
Graduate degrees: MA in religious studies; PhD in religious studies
Faculty: https://clas.uiowa.edu/religion/people/faculty

## Website: https://clas.uiowa.edu/religion/

Religious studies is an invaluable aspect of a liberal arts education, whether students take select courses or aim for a degree. The Department of Religious Studies helps students gain competency in global religious diversity, which is essential for successful interactions with others in daily life and in the modern workplace, at home or abroad.

Students in religious studies courses develop a critical understanding of the important role of religious diversity and change in the world we inhabit. Students learn to analyze religion's profound influences on people and societies around the world. Religious studies courses also investigate religions' complex relationships with social justice, especially related to matters of race, class, and gender.

The broad geographical range of religious studies courses enables students to better understand global events, as they unlock religious wisdom and understanding of the past and present from the United States, Asia, Europe, and Africa. The faculty encourages a multidisciplinary inquiry into religious ideas, experiences, philosophies, cultural expressions, and social movements.

Religious studies courses further help students hone their essential analytical writing and reading skills while gaining cross-cultural communication strategies and new ways to critically analyze historical and current events. Many of the departmental courses (prefix RELS) are approved for the GE CLAS Core [p. 19].

Employers in private industry, government, education, law, public policy, social work, the nonprofit sector, entertainment, and journalism value the ability of religious studies students to research and analyze pressing problems and social and political behavior, and to express significant ideas with clarity and sensitivity.
Faculty and students in the department participate in many of the university's interdisciplinary departments and programs, including the departments of American Studies; Classics; Communication Studies; Gender, Women's, and Sexuality Studies; and History; and the African American Studies and Latina/o/x Studies programs.

The Department of Religious Studies has a commitment to diversity including race, gender identity, sexual orientation, class, religion, national origin, disability, and veteran status.

## Community Engagement

In addition to the many courses the department offers, faculty and students often participate in a variety of programming activities each semester. The department regularly organizes lectures on important themes such as race and religion, indigenous religion, and human rights.

Programs

# Undergraduate Programs of Study 

## Major

- Major in Religious Studies (Bachelor of Arts) [p. 949]

Minors

- Minor in Religion and Media [p. 952]
- Minor in Religious Studies [p. 953]

Graduate Programs of Study

## Majors

- Master of Arts in Religious Studies [p. 955]
- Doctor of Philosophy in Religious Studies [p. 957]

## Courses

## Religious Studies Courses

## RELS:1000 First-Year Seminar

Small discussion class taught by a faculty member; topics chosen by instructor; may include outside activities (e.g., films, lectures, performances, readings, visits to research facilities). Requirements: first- or second-semester standing.
RELS:1001 Judaism, Christianity, and Islam
3 s.h. Introduction to sacred literature, beliefs, and rituals of Judaism, Christianity, and Islam; historical and contemporary relationship between these three Abrahamic religions. GE: Historical Perspectives.

## RELS:1015 Global Religious Conflict and Diversity 3 s.h.

 Origins, evolution, and history of indigenous and global religions; role of religion in causing conflict, promoting peace, and/or mitigating effects of conflicts; religious, cultural, and institutional systems, conceptual and otherwise, that produce and/or manage violence, peace, and social change. GE: Diversity and Inclusion.RELS:1041 African American Religion and Popular Culture 3 s.h. Examination of the role African American religions play in shaping 20th century and contemporary popular culture in the United States; students explore recent histories of Black Christianity, American Islam, and African diaspora religions; gender and race; cultural production in hip hop, jazz, rhythm and blues, literature, poetry, film, sports, cuisine, visual art, and style. Same as AFAM:1041.
RELS:1050 Big Ideas: Introduction to Information, Society, and

## Culture

3 s.h.
What is information? What does it teach us about societies and cultures? How is information used to shape societies and even personal preferences? What types of information are there and how can we understand and use them? Students work with faculty from multiple disciplines to investigate these questions using inquiry-based activities to build success in critical thinking and teamwork. GE: Quantitative or Formal Reasoning. Same as POLI:1050.
RELS:1060 Journey Through World Religions 3 s.h.
What makes a religion work, where do they come from, why and how religion(s) become structured in the lives of individuals and cultures, and how different cultures define and inhabit the religions that are practiced on their soil.
RELS:1070 Introduction to the Hebrew Bible/Old Testament 3 s.h. History, religion, and thought of ancient Jews as recorded in their scripture. GE: Values and Culture.

## RELS: 1080 Introduction to the New Testament <br> 3 s.h.

History, religion, and thought of early Christians as recorded in the New Testament. GE: Values and Culture.

## RELS:1130 Introduction to Islamic Civilization

3 s.h.
Survey of texts, ideas, events, institutions, geography, communities, literature, arts, sciences, and cultures in Islamic communities and societies since the 7th century. GE: International and Global Issues; Values and Culture. Same as HIST:1030.

## RELS:1225 Medieval Religion and Culture

3 s.h.
Religion in Europe from classical antiquity to dawn of the Reformation; the religious element in traditions such as art, architecture, literature. GE: Historical Perspectives. Same as HIST:1025.

## RELS:1250 Modern Religion and Culture

European and American religious life from Renaissance to 21st century; focus on specific themes, such as secularism, regionalism, pluralism. GE: Historical Perspectives. Same as HIST:1050.
RELS: 1350 Introduction to African American Religions GE: Values and Culture. Same as AFAM:1250.

RELS:1400 Biblical Archaeology 1,3 s.h.
Introduction to the science of archaeology and the archaeology of the lands of the Bible to understand historical, cultural, economic, linguistic, and religious backgrounds of the Bible and biblical periods. Same as CLSA:1400.

RELS:1404 Introduction to Asian Religions 3 s.h.
Religious beliefs, practices in India, China, Japan. GE: Values and Culture. Same as ASIA:1040, HIST:1610.

## RELS:1430 The Bible Matters: Biblical Studies for Our Modern World <br> 3 s.h.

Curious about what the Bible is or how it was created, the biblical character that your friends keep referencing, where ideas like Satan and the apocalypse come from, or how the Bible influences our world today? Introduction to the Bible and its influences on Western culture; course format organized by question types to allow flexibility in learning.

## RELS:1470 Contemporary Science Fiction: Beyond the Usual

A different perspective on fantasy and science fiction; focus on authors "beyond the usual"; issues of race, gender, societal injustice, and reimagining tomorrow as depicted in speculative fiction by authors writing from more diverse perspectives.
RELS:1502 Asian Humanities: India 3 s.h.
Introduction to 4,000 years of South Asian civilization through popular stories. Taught in English. GE: Values and Culture. Same as ASIA:1502, SOAS:1502.

## RELS:1506 Introduction to Buddhism <br> 3 s.h.

Development of Buddhism in India, its spread across Asia, and arrival in the West; exploration of diverse Buddhist philosophies, practices, and cultures; readings from India, Tibet, China, Japan, Korea, and Southeast Asia. GE: Values and Culture. Same as ASIA:1060, HIST:1612.
RELS:1606 Civilizations of Asia: South Asia 3-4 s.h. Civilization of a vast region that includes India, Pakistan, Bangladesh, Nepal, and Sri Lanka. GE: Historical Perspectives; International and Global Issues. Same as ASIA:1606, HIST:1606.

## RELS:1670 Korea in the World 3 s.h.

Comprehensive and critical understanding of Korea's place in the world; emphasis on historical and sociocultural roots of various aspects of life on the contemporary Korean peninsula (both North and South Korea); comprehensive list of topics including cultural production (K-pop and film), religions, economy, gender relations, cuisine, politics, and prospects for reunification. Taught in English. Same as ASIA:1670, KORE: 1670.

RELS:1702 Religion in America Today
3 s.h.
How American men, women, and children practice their beliefs in today's society. GE: Values and Culture.

RELS:1765 U.S. Latina/o/x Religions 3 s.h
Beliefs and practices of U.S. Latina/o/x, ways that their beliefs and practices are unique and where they overlap with mainstream U.S. society; beliefs, symbols, and practices among U.S. Latina/o/x on national and local level; field visits to local churches and religious sites; class visitors share insights. Same as LATS:1765.
RELS:1810 Happiness in a Difficult World 3 s.h.
Religious backgrounds and unique spiritualities of Maya Angelou (an African-American Christian), Black Elk (a Lakota Sioux medicine man), and the Dalai Lama (a Tibetan Buddhist monk); forms of oppression that humans can experience as obstacles to happiness, and forms of liberation that are possible (social, political, economic, mental, emotional, spiritual). GE: Values and Culture.
RELS:1903 Quest for Human Destiny 3 s.h.
Quests for destiny in terms of perceived options/goals and ability to recognize, pursue, achieve them. GE: Values and Culture.
RELS:1997 Harry Potter and the Religion of Fandom
3 s.h.
Exploration of the cultural impact of the Harry Potter series, particularly as it relates to fandom; opportunity to question religious significance of fandom and interpretation (e.g., are fandoms religious, how fandoms and religion intersect with consumerism, how fans reinvent the series, what is an author's responsibility to their fans); students delve into the wizarding world through excerpts from novels, fan-created media, and scholarly articles to explore these questions about religion and popular culture.

## RELS:2000 Engaging Religious Diversity for Leadership and Entrepreneurship

Practical skills in engaging religious diversity for workplace success; understanding religion's influences on perceptions and choices of business leaders, investors, customers, and coworkers; insight into how to build professional relationships with people from different backgrounds; clarity about your own ethical values. GE: Diversity and Inclusion.

## RELS:2068 Jews in Popular Culture

3 s.h.
Exploration of a wide variety of ways in which Jewish
people represent themselves through production of cultural media.

## RELS:2080 Public Life in the U.S.: Religion and Media 3 s.h

Examination of how the U.S. came into being through specific communication practices, how religion has helped and hindered that process; religious roots of the idea of the U.S., intertwined histories of print media and religion, role of religion and secularism in public discourse; U.S. pride as a nation in which diversity thrives in public discourse; communicative acts that created and sustained this country and also mark sites of discord, conflict, and confusion from the very beginnings of the U.S. to today; how religion has been a source of national identity and national division. Same as COMM:2080.
RELS:2087 Narnia and Beyond: The Writings of C.S. Lewis 3 s.h. Exploration of C.S. Lewis's use of fantasy to describe the indescribable, his efforts to empathize with human suffering while hoping in possibility of miracles, and his jargon-free narration of Christian beliefs for a war-weary country; Lewis's works that continue to attract attention, ranging from children's literature to science fiction to autobiography and nonfiction; as a professor of medieval and renaissance literature, Lewis's unique perspective on Christianity that led him to make use of imagery, metaphors, and narratives previously neglected by Christian thinkers.
RELS:2122 The Place of Animals in the Hebrew Bible 3 s.h.
Why the biblical God permits humans to eat other animals' flesh; fundamental dietary differences between humans and the beasts.

RELS:2182 Ancient Mediterranean Religions
Introduction to major religious traditions of ancient Mediterranean world; Mesopotamia, the Levant (Hebrew Bible), Egypt, Greece, and Rome; central aspects of mythology, ritual, and archaeology, individually and in comparative perspective; ancient Judaism and Christianity considered in their various cultural contexts; basic concepts for understanding cultural exchange; fundamental theories in the study of religion. GE: Values and Culture. Same as CLSA: 2482.
RELS:2250 Jews, Judaism, and Social Justice
3 s.h.
Jewish frameworks for grappling with justice and ethics from ancient world to present day; emphasis on internal diversity of Jewish experience as well as interactions with dominant and other minority cultures. Same as GWSS:2050, HIST:2150, SJUS:2050.

## RELS:2260 Hard Cases in Healthcare at the Beginning of Life

 Exploration of ethical impact that advances in biotechnologyincluding genetic, reproductive, and neonatal technology-are having in the medical arena and on humanity; consideration of the powerful influence that religion and spirituality have on most people's thinking about life and death. Same as GHS:2260.RELS:2265 Hard Cases in Healthcare at the End of Life 3 s.h. Preparation for future healthcare providers to make difficult ethical decisions regarding the end of life; interactive course. Same as ASP:2265, GHS:2265.
RELS: 2272 Gods and Superheroes: Mythologies for a Modern
World Introduction to important roles that religious and cultural myths play in culture; their relevance through interpretation and adaptation to answer important questions like the meaning of life and what it means to be human; ancient myths behind modern superhero movies and how they are adapted to fit a new context; and how modern superhero movies fulfil functions similar to the way myths and religion reinforce or question religious ideas of the culture that creates them. Recommendations: some background in religious studies helpful.
RELS:2289 Jerusalem: The Holy City
3 s.h.
Religious, political, and cultural history of Jerusalem over three millennia as a symbolic focus of three faiths-Judaism, Christianity, and Islam; integration of several digital learning technologies, including digital reconstructions and Google Earth tours of Jerusalem. Same as CLSA:2489.

## RELS:2330 Wealth, Inequality, and Islam

3 s.h.
Impacts of Islam and Islamic institutions on economic, religious, and political systems that produce wealth, use natural and human resources, design financial institutions, and structure business organizations. GE: Diversity and Inclusion.
RELS:2353 Love: Philosophy, Psychology, Religion, and Art 3 s.h. Idea of love from influential texts of the past to various aspects of contemporary culture and experience (e.g., romantic love, mystical experience, digitally mediated friendships, family relationships); idea of universal human rights; cybersex.

## RELS:2361 Middle East and Mediterranean: Alexander to

 SuleimanGE: Historical Perspectives. Same as CLSA:2461, HIST:2461.

## RELS:2420 Almost Human: Exploring Identity in Science

 FictionWhat does it mean to be human? What distinguishes humans from other sorts of entities, such as cyborgs and robots? What are the ethical implications of a post-human future? Students pursue these questions through exploration of science fiction in books, short stories, film, and television.

3 s.h.

3 s.h. RELS: 2444 Cities of the Bible
2 s.h.
Survey of the history and archaeology of key biblical cities and the contributions they made to the formation of the Bible. Same as CLSA: 2444.
RELS:2475 Islam in America
3 s.h.
Survey of Islam in America; exploration of the roots of Islam in the Atlantic world and antebellum America to the current day; urbanbased African American Muslim communities; interactions between African American Muslim women and South Asian Muslim women around issues of gender; focus on Islamic political experiences and artistic expressions to explore the connections between the civil rights movement, Black Power movement, and African American music genres such as jazz; creative ways in which Muslim Americans have engaged with hip hop culture-including rap, poetry, and protest-in the wake of 9/11.
RELS:2620 Sex and the Bible
Examination and analysis of the role of the Bible in contemporary Examination and analysis of the role of the Bible in contemporary
culture; how different groups can read the exact same passages, yet reach different conclusions about how they and others should live. Recommendations: basic familiarity with the Bible or religion. GE: Diversity and Inclusion. Same as CLSA:2620.
RELS:2674 Food, Body, and Belief: A Global Perspective 3 s.h. Exploration of local, national, and global forces that shape food consumption, body image, and spiritual practices. Taught in English. Same as GHS:2674, GWSS:2674.

## RELS:2775 The Bible and the Holocaust

3 s.h.
Religious and philosophic implications of the Holocaust viewed through survivors' writings.
RELS:2834 Philosophy of Religion
3 s.h.
Historical to contemporary treatments of central issues; nature of faith, existence and nature of God, science and religion, ethics and religion, miracles, religious experience, interpretation of religious texts. Requirements: sophomore or higher standing. Same as PHIL:2534.

## RELS:2852 Women in Islam and the Middle East <br> 3 s.h.

Women in the Islamic community and in non-Muslim Middle Eastern cultures; early rise of Islam to modern times; references to women in the Qur'an and Sunnah, stories from Islamic history; women and gender issues. GE: International and Global Issues; Values and Culture. Same as GWSS:2052.
RELS:2877 Sport and Religion in America 3 s.h.
Sport as a religion; religiosity in sports; examination of religion and sport as connected in important ways in American society. Same as SPST:2077.
RELS:2930 Digital Media and Religion 3 s.h.
Influences of digital media on religion and spirituality today. GE: Historical Perspectives. Same as COMM:2079.

RELS:2947 Quest II: Sex, Love, and Death 3 s.h.
Examination of ancient and modern responses to horrors associated with death; includes films, readings from the Hebrew Bible, J.D. Salinger, and Ernest Hemingway.

## RELS:2955 Human Rights and Islam 3 s.h.

Exploration of social forces, legal regimes, and cultural norms
that have shaped discourse on human rights in a global context with reliance on a systems thinking framework; examination of intersections of rights, culture, society, and law in the last 2,000 years; consideration of interplay between institutional (formal) and societal (informal) powers that shape human rights norms; origins and evolution of discourse on rights across cultures and throughout history. GE: International and Global Issues. Same as IS:2955.
RELS:2980 Religion and Contemporary Popular Culture 3 s.h. Varied topics on the intersection of religion and popular culture; may include film, television, music, and religions in North America or Asia.

## RELS:2986 Religion and Women

Sexism and its disavowal in biblical narrative, law, wisdom texts, Gospels, epistles; contemporary impact. GE: Values and Culture.

RELS:3003 Classical and Hellenistic Periods I 3 s.h.
Readings in Greek literature of the Classical and Hellenistic periods. Prerequisites: CLSG:2002. Same as CLSG:3003.
RELS:3055 Death, Dying, and Beyond in Asian Religions 3 s.h. Survey of cultural and religious approaches to the dying process, postdeath rituals, and conceptions about the afterlife in different religions in Asia. Same as ASIA:3055.

## RELS:3190 Medieval to Modern: The Birth of Protestantism 3 s.h.

 Same as HIST:3190.
## RELS:3243 Pagans and Christians: The Church from Jesus to Muhammad

## Introduction to history of early Christianity, from time of Jesus to

 rise of Islam; focus on major movements, intellectuals, institutions in this period; growth of Christianity in different geographical areas including the Middle East, Greece, Western Europe, Africa; Christian relations with Jews, pagans, Muslims; conversion; orthodoxy, heresy, making of biblical canon; martyrdom; women and gender roles; asceticism, monasticism, sexuality; church and state; theological controversy and schisms; cult of saints; the Holy Land and pilgrimage. Same as CLSA:3443.
## RELS:3245 Mythology of Otherworldly Journeys 3 s.h.

Examination of mythology of otherworldly journeys from earliest religions to Hellenistic period; historical context; comparison for common themes in their evolution over time; directed readings of mythological texts dealing with otherworldly journeys; ways in which past cultures confronted larger mysteries of life and death. Same as CLSA:3445.

## RELS:3247 Banned from the Bible: Pseudepigrapha and Apocrypha

Introduction to biblical Pseudepigrapha and Apocrypha; writings dating from third century B.C.E. to third century C.E. fictionally attributed to characters in the Hebrew Bible and New Testament, or written as though they originated in the First or Second Temple periods, not included in Jewish or major Christian canons of scripture; English translations of documents from this period; key themes and interpretative techniques common throughout biblical texts that provide tremendous insight into the worlds that produced the Hebrew Bible and New Testament. Same as CLSA:3247.

## RELS:3267 Dissent and Rebellion in Islamic Societies: Was There

 an Arab Spring?The year 2021 is the 10th anniversary of the protest movement that started in Tunisia and impacted countries in Southwest Asia and North Africa (and beyond); students review, explain, and analyze these transformative events.

RELS:3375 The Great Collision 3 s.h.
Major developments in architecture, sculpture, ceramics, and mosaics in Israel, Palestine, Syria, and Arabia from death of Alexander the Great to rise of Islam (4 B.C.E. to 8 C.E.); Greek and Roman influences versus local traditions; Roman Empire; growth of churches, synagogues, and mosques; identity and religion. Same as ARTH:3375.

## RELS:3385 Early Modern Catholicism

3 s.h.
Same as HIST:3485.
RELS:3431 Gender and Sexuality in East Asia
Examination of historical construction of gender and sexuality in East Asia from mid-19th century to present. Same as ASIA:3431, GWSS:3131.
RELS:3520 Religious Violence and Nationalism 3 s.h.
Study of religious ideologies that lead to violence in the name of nationality throughout history and in modern times. Same as CLSA:3520.
ecial justice, including women and men who have channeled their religio-spiritual beliefs into social justice in their communities; historical and anthropological focus; examination of U.S. movements (e.g., the Catholic Worker movement, the United Farm Workers movement, the civil rights movement, iterations of the feminist movement); direct involvement with the communities. Same as GWSS:3550, SJUS:3550.

## RELS:3580 Religion and Healing

3 s.h.
Historical evidence of religious healing in Christian, Hindu, Buddhist, Native American, and Shaman traditions. Same as ANTH:3113, ASIA:3561, GHS:3113.
RELS:3645 Buddhist Philosophy
3 s.h.
Theories and arguments concerning the Buddhist path to enlightenment. Same as PHIL:3845.

RELS:3655 Zen Buddhism
3 s.h.
Same as ASIA:3655, HIST:3655.
RELS:3700 Nonprofit Organizational Effectiveness I 3 s.h.
Operational and financial aspects of nonprofit management; mission and governance of organization; strategic planning for effective management, including finance, budget, income generation, fund-raising. Same as ENTR:3595, MGMT:3500, MUSM:3500, NURS:3595, SSW:3500.
RELS:3701 Nonprofit Organizational Effectiveness II 3 s.h. Qualities for leadership of nonprofit organizations, including relationships with staff and volunteers; relationship of nonprofit and outside world; marketing, public relations, advocacy strategies for nonprofits. Same as MGMT:3600, NURS:3600, SSW:3600.
RELS:3704 Egyptian Art
3 s.h.
Survey of ancient Egypt over 3,500 years with emphasis on art and architecture in context; workshops, patrons, and audiences of Egyptian art; major principles, themes, and meanings of Egyptian art; relationship between writing and artistic representation; connections between art, kingship, and Egyptian view of the world; art and architecture of central elite and other social groups. Same as ARTH:3320.

## RELS:3716 Greek Religion and Society

3 s.h.
From Bronze Age to the Hellenistic period, in context of Mediterranean culture; evidence such as choral hymn, inscribed prayers, magical curses inscribed on lead, architecture, sculpted offerings to the gods. Same as CLSA:3416.
RELS:3745 Twentieth- and Twenty-first-Century African American Religion: Civil Rights to Black Lives Matter 3 s.h.
Twentieth- and twenty-first-century African American religious history; major political and cultural movements including civil rights, Black power, Black feminism/womanism, hip hop, and Black Lives Matter; their impact on Black Christianity and Islam in the United States. Same as AFAM:3245.
RELS:3808 Malcolm X, King, and Human Rights 3 s.h.
Religion and politics of Malcolm X and Martin Luther King, Jr. in the context of U.S. civil rights and international human rights in West Africa and the Muslim world; emphasis on civil rights connections to Gandhi, the Nobel Peace prize, and other international experiences that have impacted Pan Africanists, such as Stokely Carmichael, who worked on human rights. Recommendations: international studies major or undergraduate standing. Same as AFAM:3500, HIST:3160.
RELS:3850 Perspectives on Migration
3 s.h.
Explores the origins and functions of migration in cultural, religious, political, and legal discourses over time from a plurality of disciplinary and experiential perspectives.

RELS:4001 Biblical Hebrew I
Same as CLSA:4901.
RELS:4002 Biblical Hebrew II
Same as CLSA:4902.
RELS:4154 Magic Machines: Technology and Social Change 3 s.h. How media has altered culture, society, and human consciousness throughout history with focus on last two centuries (or modernity); how communication has been shaped by a variety of media (i.e., gesture, language, writing, printing, calendars, clocks, photography, telegraph, telephone, phonograph, film, radio, television, computers); 21st-century questions concerning technology and how few communicate today without aid of some kind of machine or technique. Prerequisites: (4 of the following are required: (COMM:1112 or COMM:1170), (COMM:1117 or COMM:1130), (COMM:1168 or COMM:1174), COMM:1305, COMM:1306) and (2 of the following are required: COMM:1816, COMM:1818, COMM:1819, COMM:1830, COMM:1840, COMM:1845, COMM:1898,
COMM:2010, COMM:2011, COMM:2020, COMM:2030,
COMM:2040, COMM:2041, COMM:2042, COMM:2044,
COMM:2045, COMM:2048, COMM:2053, COMM:2054,
COMM:2057, COMM:2060, COMM:2064, COMM:2065,
COMM:2069, COMM:2070, COMM:2072, COMM:2075,
COMM:2076, COMM:2077, COMM:2078, COMM:2079,
COMM:2080, COMM:2083, COMM:2085, COMM:2086, COMM:2088, COMM:2089, COMM:2090, COMM:2091,

## COMM:2248). Same as COMM:4154.

RELS:4155 Religious Conflict: Early Modern Period 3 s.h.
Religious conflict among European Christians (Catholics, Lutherans, Calvinists, and Radicals), as well as between Christians and nonChristians from the Late Middle Ages through the Reformation of the 16th century and beyond. Same as HIST:4455.

## RELS:4352 The Dead Sea Scrolls

3 s.h.
Introduction to the Dead Sea Scrolls; reading of the scrolls in English translation; examination of Qumran site archaeology; survey of broader sociopolitical context of Second Temple Judaism (586 B.C.E. to 135 C.E.) out of which the scrolls emerged. Same as CLSA:4452.

## RELS:4893 Classical Arabic: Vocabulary, Syntax, and

## Grammar

Arabic grammar, syntax, and reading fluency. Prerequisites: ARAB:2001. Corequisites: RELS:2955.
RELS:4930 Internship in Research on Rights and Remedial
Justice 1-3 s.h. Faculty supervised research experience in human rights remedial justice.

## RELS:4950 Senior Majors Seminar

3 s.h.
Issues central to academic study of religion.

## RELS:4960 Individual Study: Undergraduates

1-3 s.h.

RELS:4970 Honors Tutorial
arr.

## RELS:4975 Honors Essay

2-3 s.h.

RELS:4990 Research with Faculty 3 s.h.
Research with a faculty member on a scholarly project; discussions of primary and secondary literature; regular small-group meetings. Requirements: religious studies major.
RELS:5001 Biblical Aramaic 3 s.h.
This course introduces the basics of Biblical Aramaic grammar and syntax and provides an introduction to the Biblical lexicon. There will be extensive grammatical exercises, both in class and at home, as well as frequent opportunities to apply grammatical and lexical knowledge to the Biblical text. Recommendations: Biblical Hebrew recommended. Same as CLSA:5903.

| 3-4 s.h. | RELS:5002 Targumic Aramaic |
| ---: | :--- |
|  | Language used by Targums-Aramaic translations of the Hebrew <br> Bible-for use in the study of interpretative traditions of later Jewish <br> groups. Same as CLSA:5904. |

RELS:5100 Teaching and Public Engagement 1-3 s.h.
Critical importance of educating people about religion within increasingly globalized and digitized contexts; preparation to excel as classroom teachers and facilitators of cross-religious dialogue in public sphere.

## RELS:5200 Asian Religions in the Modern World for Graduate

## Students

Introduction to religious traditions of Asia; framework for further studies in Asian religions; preparation to design and teach a world religions course; for Asian studies and religious studies graduate students.

## RELS:5300 Genealogies of Religion

3 s.h.
Genealogies of the idea of religion, academic study of religion, and comparative study of religions; intellectual and ideological foundations of discipline; preparation to work skillfully across traditions.

RELS:5400 The Politics of Everyday Life 3 s.h.
Introduction to concepts of "everyday life" as a mainstay of cultural studies and a theoretical frame useful in diverse fields.
RELS:6040 Tiberius to Trajan arr.
Authors and topics from the first and second centuries C.E. Same as CLSL:6013.

RELS:6070 Nonprofit Organizational Effectiveness I 3 s.h. Operational and financing aspects of nonprofit management; mission and governance of organization; strategic planning for effective management, including finance, budget, income generation, fundraising. Same as HMP:6360, MGMT:9150, PBAF:6278, SPST:6010, SSW:6247, URP:6278.
RELS:6075 Nonprofit Organizational Effectiveness II 3 s.h. Qualities for leadership of nonprofit organizations, including relationships with staff and volunteers; relationship of nonprofit and outside world; marketing, public relations, advocacy strategies
for nonprofits. Requirements: for HMP:6365-HMP:6360 or MGMT:9150. Same as HMP:6365, MGMT:9160, PBAF:6279, SPST:6020, SSW:6248, URP:6279.

RELS:6125 Classical Arabic and Grammar 3-6 s.h.
Arabic alphabet, vocabulary, and syntax; poetry, legal texts, and media Arabic; converse in formal Arabic; for students with strong interest in classical Arabic, grammar, and original texts, or research students in Islamic and Middle Eastern studies or in professional programs.
RELS:6150 American Religious Histories 3 s.h.
Focused examination of the variety and vagaries of religious experiences in the Americas, 16th to 21st centuries. Same as HIST:6250.
RELS:6200 Seminar: Religious Ethics 3 s.h.
RELS:6345 New Materialisms 3 s.h.
Exploration of new strategies for rupturing persistent dichotomies of subject/object, representation/real, culture/nature, and active humans/ passive things offered by theories of the vitality and agency of matter; introduction to origins of and developments in new materialisms; oriented to interdisciplinary inquiry and application to research in the humanities, broadly conceived; particular attention to actor-network theory, feminism, queer theory, infrastructuralism, and materialist theories of media. Same as COMM:6345, GWSS:6345.

What contemporary religious and spiritual groups and their members believe about sex, sexuality, and gender; how they define and redefine what it means to be a "man" and a "woman"; exploration of contemporary "conservative" and "progressive" cosmologies and theologies; underlying beliefs that construct these perspectives and the impact on individual and group practices; broader implications of individual and group beliefs and practices on national and global policies. Same as GWSS:6350.

## RELS:6475 Seminar: Reformation Culture

 arr. Culture and thought of 16th-century Europe. Same as HIST:6475.
## RELS:6520 Seminar: South Asian Religion

 3 s.h.Topics in South Asian religions. Same as ASIA:6520.
RELS:6580 Seminar: Religion and Society 3 s.h. Same as AFAM:6580.

RELS:6710 Seminar: Approaches to Human Rights 3 s.h.
Engagement with historical events, philosophical narratives, legal cases, institutional reports, lived experiences, and theoretical works to study origins, functions, and history of the discourse on human rights; application of a systems thinking framework to events involving treatment of women, Indigenous peoples, disabled persons, racial and ethnic groups, and other disempowered social groups across cultures and throughout history; examination of writings that attempted to explain key historical events and ideas relevant to human rights. Same as LAW:8575.
RELS:6723 Seminar on Islamic Law and Government 3 s.h. Islamic legal and political legacy from formative period until modern time; critical analysis of logic and context of development; development of jurisprudential, legal, and political literature; overview of theories and practices of governance in Islam beginning with Caliphate system and ending with modern nation-state models. Same as LAW:9723.
RELS:7100 Readings in American Religions arr.
RELS:7200 Readings in Religious Ethics arr.
RELS:7400 Readings in Theology and Religious Thought arr.
RELS:7450 Readings in History of Christianity arr.
RELS:7500 Readings in Asian Religions arr.
RELS:7600 Readings in Islamic and Middle Eastern Studies

1-3 s.h.
Advanced works and/or texts in primary languages (Arabic, Persian, etc.) in the broad field of Islamic and Middle Eastern studies.
Requirements: proficiency in Modern Standard Arabic.
RELS:7650 Readings in Ancient Near Eastern Religions arr. Ancient Near Eastern religious texts; focus on their place in ancient Near Eastern history and religious thought.

RELS:7900 Individual Study: Graduates arr.

RELS:7950 Thesis

## Religious Studies, BA

A religious studies major enables students to gain competency in global religious diversity and develop the skills necessary for living and working effectively in an increasingly complex and interconnected world.

A degree in religious studies is often added as a second major to enhance students' education and training, by stimulating their curiosity, expanding their imaginations, deepening their thinking, and helping them to better understand themselves and other people.

## Learning Outcomes

Courses in religious studies help students gain competency in global religious diversity by:

- understanding key religious ideas and major traditions;
- learning critical approaches to interpreting historical events;
- gaining essential analytical writing and reading skills and crosscultural communication strategies;
- applying new knowledge and analytical skills to explain the role of religion in societies;
- developing practical skills to function well in diverse societies and a globalized world; and
- employing technologies to interpret ancient texts, images, artifacts, and study output of new tools including radio, television, and digital media.

## Requirements

The Bachelor of Arts in religious studies requires 30 s.h. of coursework, including one 3 s.h. course in each of five core areas: social justice, equity, inclusion and religion; religion in history; religion in global context; religion, values, and culture; and special topics and events. The remaining 15 s.h. may be taken from any core area or any religious studies course (prefix RELS). Of the 30 s.h., at least two courses ( 6 s.h.) must be numbered 3000 or above. A minimum of $15 \mathrm{~s} . \mathrm{h}$. for the major must be earned at the University of Iowa. Students must maintain a grade-point average of at least 2.00 in all courses for the major. Courses for the major may not be taken pass/nonpass. Students must complete the college's graduation requirements, which include at least 120 s.h. of coursework and the College of Liberal Arts and Sciences GE CLAS Core [p. 19]. A number of the courses for the major count toward the GE CLAS Core. Students can identify courses approved for the GE CLAS Core by viewing the course descriptions.

The BA with a major in religious studies requires the following coursework.

| Requirements | Hours |
| :--- | :--- |
| Core Area Courses | 15 |
| Additional Coursework | 15 |

## Core Area Courses

Students select one 3 s.h. course from each of the five core areas.

## Social Justice, Equity, Inclusion, and Religion

| RELS:4930 | Internship in Research on <br> Rights and Remedial Justice | $1-3$ |
| RELS:4960 | Individual Study: <br> Undergraduates | arr. |

## Additional Coursework

Students select 15 s.h. from any core area listed above or any other religious studies course.

## Honors

## Honors in the Major

To graduate with honors in the religious studies major, students must have a UI cumulative grade-point average (GPA) of at least 3.33, a minimum requirement set by the College of Liberal Arts and Sciences. Students also must maintain a UI religious studies GPA of at least 3.50. In addition to the major requirements, students also take an additional 3 s.h. of advanced coursework. Students often choose to take RELS:4960 Individual Study: Undergraduates or RELS:4970 Honors Tutorial for their extra course. Students also must take RELS:4975 Honors Essay under the supervision of a faculty advisor to complete their honors thesis. Copies of the approved and completed thesis are submitted to the Department of Religious Studies and may be published through Iowa Research Online.

## University of Iowa Honors Program

Students also have the opportunity to pursue advanced studies and activities through the University of Iowa Honors Program. Visit Honors at Iowa to learn about the university's honors program.

Students do not have to be members of the University of Iowa Honors Program to graduate with honors in the religious studies major.

## Career Advancement

Because religion and religious traditions impact every aspect of culture and society, a major in religious studies prepares students for many different career choices. Employers look for people who have experience with different cultures and religious backgrounds, which makes a religious studies major relevant to a wide number of careers and professions. Religious studies majors also develop critical thinking, speaking, and writing skills that prepare them for employment and for pursuing an advanced academic degree.

Majors have gone on to careers in media and communication, social work, nursing, public health, government, and nonprofit organizations. They also have pursued advanced degrees in the humanities, social sciences, law, and medical professions.

Students should contact the Department of Religious Studies to learn how the BA with a major in religious studies can benefit them.

The Pomerantz Career Center offers many resources to help students find internships and jobs.

## Academic Plans

## Four-Year Graduation Plan

The following checkpoints list the minimum requirements students must complete by certain semesters in order to stay on the university's Four-Year Graduation Plan.

Before the fifth semester begins: one or two courses in the major.
Before the seventh semester begins: three to six courses in the major and at least 90 s.h. earned toward the degree.
Before the eighth semester begins: five to seven courses in the major.
During the eighth semester: enrollment in all remaining coursework in the major, all remaining GE CLAS Core courses, and a sufficient number of semester hours to graduate.

## Sample Plan of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.

a Sustainability must be completed by choosing a course that has been approved for Sustainability AND for one of these General Education areas: Natural Sciences; Quantitative and Formal Reasoning; Social Sciences; Historical Perspectives; International and Global Issues; Literary, Visual, and Performing Arts; or Values and Culture.
b See General Catalog for list of approved courses.
c Fulfills a major requirement and may fulfill a GE requirement.
d GE CLAS Core courses may be completed in any order unless used as a prerequisite for another course. Students should consult with an advisor about the best sequencing of courses.
e Students may use elective courses to earn credit towards the total s.h. required for graduation or to complete a double major, minors, or certificates.
f Students who have completed four years of a single language in high school have satisfied the GE CLAS Core World Languages requirement. Enrollment in world languages courses requires a placement exam, unless enrolling in a first-semester-level course.
g Please see Academic Calendar, Office of the Registrar website for current degree application deadlines. Students should apply for a degree for the session in which all requirements will be met. For any questions on appropriate timing, contact your academic advisor or Graduation Services.

## Religion and Media, Minor

The minor is designed to focus on the intersection of religion and media and to build critical skills in cultural and media literacy. Students are educated on the vital role that religion and media play, historically and in contemporary society, by introducing interdisciplinary perspectives.

## Requirements

The undergraduate minor in religion and media requires a minimum of 18 s.h., including $12 \mathrm{~s} . \mathrm{h}$. in courses taken at the University of Iowa. Students must maintain a cumulative grade-point average of at least 2.00 in all courses for the minor and in all UI courses for the minor. Coursework for the minor may not be taken pass/nonpass.

The departments of Religious Studies and Communication Studies [p. 277] collaborate to offer the minor in religion and media. The minor is administered by the Department of Religious Studies.

Students completing a communication studies major or a religious studies major also may complete this minor. Students may count up to 6 s.h. of coursework for the religion and media minor with other programs of study. Courses with GE CLAS Core [p. 19] status are excluded from this policy.

The minor in religion and media requires the following coursework. Students must complete at least 6 s.h. in communication studies coursework (prefix COMM) and at least 6 s.h. in religious studies coursework (prefix RELS).

| Requirements | Hours |
| :--- | :--- |
| Methods and Approaches in Media Studies Course | 3 |
| Methods and Approaches in Religious Studies Course | 3 |
| Themes of Religion and Media Courses | 6 |
| Religion and Media in Context Courses | 6 |

## Methods and Approaches in Media Studies

## Religious Studies, Minor

## Requirements

The undergraduate minor in religious studies requires a minimum of 15 s.h. in religious studies courses, including 12 s.h. in courses taken at the University of Iowa. Students may count up to 3 s.h. of transfer credit toward the minor with approval of the department's undergraduate committee. All students must maintain a cumulative grade-point average of at least 2.00 in all departmental and UI courses for the minor. Coursework for the minor cannot be taken pass/ nonpass.

A number of courses for the minor count toward the GE CLAS Core [p. 19]. Students can identify courses approved for the GE CLAS Core by viewing the course descriptions.

The minor in religious studies requires the following coursework.

## Additional Coursework

Students select an additional 6 s.h. from any core area listed above or any other religious studies course to reach the required minimum of 15 s.h.

## Religious Studies, MA

The Master of Arts program in the Department of Religious Studies is designed for students who wish to advance their understanding of a particular area of religious studies or explore multiple traditions and topics beyond the undergraduate level. Many MA graduates from the department go on to pursue a PhD , while others bring their advanced education and competency in global religious diversity to such careers as health care, law, diplomacy, ministry, social advocacy, journalism, counseling, and informatics. MA students participate fully in the life of the department and study alongside PhD students.
MA students train to analyze the ways in which diverse religious traditions originate, develop, and interact over time, and learn to identify and use multiple methods for the study of religion, including historical, philosophical, ethical, literary, linguistic, psychological, ethnographic, and digital approaches. Students typically draw on the expertise of several different members of the religious studies faculty and also are encouraged to work with faculty members in other UI departments who specialize in their areas of interest. Some MA students work, for example, with scholars in the departments of Anthropology; Asian and Slavic Languages and Literatures; Classics; Communication Studies; English; Gender, Women's, and Sexuality Studies; and History.
The program offers a collegial intellectual community, including a departmental colloquium series, a collaborative reading group in critical theory, and an ethos of mutual support among the graduate students.

Graduate study in the Department of Religious Studies is highly flexible and personalized, and is shaped to individual students' interests concordant with existing faculty expertise.

## Areas of Current Faculty Expertise

## Religions of Southwest Asia, North Africa, and the Mediterranean

Religion, law, and politics in the Islamic world; the history of interpretation of the texts and traditions of Judaism, Christianity, and Islam; Greco-Roman and Egyptian religion and culture; digital humanities.

## Religions of East Asia

Religious traditions of China and the political, social, and economic factors that have shaped them; modern religion and culture in Korea, most notably Christianity; religion and gender in transnational perspective; religion and empire.

## Religions of the United States and the Atlantic World

History and ethnography of religion in the United States; African American religious traditions (Christianity, Islam, and African diaspora religions); West African religions; religion, media, and the negotiation of technological change; Latina/o/x Christianity.

## Religion, Ethics, and Society

Religion and morality; religion, emotion, and affect; human rights; religion's relationship to gender, race, and ethnicity; ethics of medicine and biotechnology; religion and health.

## Themes

Graduate study also is developed by theme. Popular themes include religions' relationships to public life, gender, race, media and technology, and human health and well-being.

## Learning Outcomes

- Teaching success: students gain expertise in how to teach religious studies in a liberal arts setting, and if they serve as teaching assistants (TAs) during their graduate program, they show effectiveness in reaching a diverse audience of students.
- Critical knowledge of the field: students become familiar with foundational texts in their field, as well as influential scholarship that critically engages these texts and seeks to move the field in new directions; students identify ways in which they can contribute to the corpus of texts that compose their field.
- Academic skills: students develop skills to read carefully and think critically, and they write in clear and compelling ways about topics related to the study of religion; students have hands-on opportunities to develop key skills in public engagement.
- Religion and social equity: students gain a critical understanding of the historical entanglement of global religions with racism and misogyny; they can articulate religions' relationships to unjust power structures, as well as religions' contributions to greater social justice.
- Professional engagement: students demonstrate successful participation in the life of the department, their subfield, and the broader field of religious studies; they communicate about their learning with students from other fields.

For more detailed information on graduate programs in religious studies, contact the Department of Religious Studies or visit Graduate Program on the department's website.

## Requirements

The Master of Arts program in the Department of Religious Studies requires a minimum of 30 s.h. of graduate credit. Students must complete 24 s.h. of the credit required for the degree at the University of Iowa and must maintain a cumulative grade-point average of at least 3.20 . The MA is offered with or without thesis.

Requirements for languages and other research tools vary according to the student's focus of study. Students are supervised by a threeperson committee consisting of an advisor and two additional faculty members.

All MA students must complete the following five courses.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| RELS:5100 | Teaching and Public <br> Engagement (on topics of <br> religion) | 1 |
| RELS:5200 | Asian Religions in the Modern <br> World for Graduate Students | 3 |
| RELS:5300 | Genealogies of Religion | 3 |
| RELS:5400 | The Politics of Everyday Life | 3 |
| One graduate seminar |  | 3 |

Students select remaining coursework depending on their area of interest and in consultation with their advisory committee.
In their MA thesis work, students demonstrate and refine their research and writing skills. They may count a maximum of 6 s.h. of thesis credit toward the degree. Students must defend their thesis to their committee. Those who choose not to write a thesis must pass an examination that tests their competence in completed coursework. MA study in the department is expected to be completed in two years.

## Admission

Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations on the Graduate College website.
Application materials must include an application form; a transcript of all undergraduate and graduate work (one copy must be sent to the university's Office of Admissions, and a second copy to the Department of Religious Studies); an application or waiver of consideration form for graduate assistantships; three confidential letters of recommendation; and a writing sample that demonstrates the applicant's ability to engage in critical analysis. Applicants also must submit a statement of purpose that explains their objectives for graduate study and states which area of graduate study in religion best suits their objectives. Students may indicate one of the department's traditional areas of concentration or an area that is defined more by theme [p. 955]. Students are advised to view the Department of Religious Studies website, most notably the faculty pages, to ascertain whether their area of interest is well-supported by faculty expertise.
Moreover, students are encouraged to contact relevant faculty members prior to applying for graduate study in order to explore areas of mutual interest. It is helpful to include information about such contacts in their statement of purpose. The strongest applications show how students would benefit from working with multiple members of the faculty. For details, see Graduate Admission, Financial Aid, and Additional Funding on the department's website.

All application materials must be received by Jan. 15 to receive full consideration for fall admission.

## Career Advancement

Graduate students in religious studies acquire a wide range of competencies that are useful for almost any career they pursue. Students gain research skills; they master the craft of writing; they learn to plan, manage, and complete large projects; they gain teaching skills that are useful both inside and outside the academy; they learn to argue a point persuasively; they gain the ability to communicate with others about controversial issues; they learn how to understand and mediate differences in religious perspectives and values; they acquire highly valued language skills; and they gain expertise in the use of digital technologies for research and teaching.

Students who earn an MA often gain admission to excellent PhD programs in religious studies and other areas of study, such as journalism and mass communication. Others have gone on to divinity school, law school, and into careers within media and communication, health care, libraries, museums, church leadership, government, and public service.

## Academic Plans

## Sample Plan of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.

| RELS:5200 | Asian Religions in the Modern World |  |
| for Graduate Students |  |  |

a Students must complete RELS:5100, RELS:5200, RELS:5300, RELS:5400, GRAD:6217, and one graduate seminar. Courses may be offered at different times, so students should work with faculty advisor and the department to determine appropriate courses and sequence.
b Students must complete specific requirements in the University of Iowa Graduate College after program admission. Refer to the Graduate College website and the Manual of Rules and Regulations for more information.
c Traditional areas of concentration may include religions in the Middle East, Ancient Near East, or Mediterranean, religions in Asia, religions of Europe and the Americas, or topics related to religion, ethics, and society. Popular themes include religions' relationships to public life, gender, race, media and technology, and human health and well-being. Students work with a faculty advisor to determine an area of concentration that best suits their interests.
d Work with faculty advisor to determine appropriate graduate level elective coursework and sequence.
e Final comprehensive exam.

## Religious Studies, PhD

The doctoral program in the Department of Religious Studies trains participants to become advanced practitioners of the study of religion as researchers, scholars, teachers, and facilitators of informed public discourse. Some graduates become professors at colleges or universities while others bring a nuanced, critical understanding of religion and its influences to such careers as health care, law, diplomacy, ministry, social advocacy, journalism, counseling, and informatics.

PhD students train to analyze the ways in which diverse religious traditions originate, develop, and interact over time, and learn to identify and use multiple methods for the study of religion, including historical, philosophical, ethical, literary, linguistic, psychological, ethnographic, and digital approaches. Students typically draw on the expertise of several different members of the religious studies faculty and also are encouraged to work with faculty members in other UI departments who specialize in their areas of interest. Many PhD students work, for example, with scholars in the departments of Anthropology; Asian and Slavic Languages; Classics; Communication Studies; English; Gender, Women's, and Sexuality Studies; and History.

The program offers a collegial intellectual community, including a departmental colloquium series, a collaborative reading group in critical theory, and an ethos of mutual support among graduate students.

Graduate study in the Department of Religious Studies is highly flexible and personalized, and is shaped to individual students' interests concordant with existing faculty expertise.

## Areas of Current Faculty Expertise

## Religions of Southwest Asia, North Africa, and the Mediterranean

Religion, law, and politics in the Islamic world; the history of interpretation of the texts and traditions of Judaism, Christianity, and Islam; Greco-Roman and Egyptian religion and culture; digital humanities.

## Religions of East Asia

Religious traditions of China and the political, social, and economic factors that have shaped them; modern religion and culture in Korea, most notably Christianity; religion and gender in transnational perspective; religion and empire.

## Religions of the United States and the Atlantic World

History and ethnography of religion in the United States; African American religious traditions (Christianity, Islam, and African diaspora religions); West African religions; religion, media, and the negotiation of technological change; Latina/o/x Christianity.

## Religion, Ethics, and Society

Religion and morality; religion, emotion, and affect; human rights; religion's relationship to gender, race, and ethnicity; ethics of medicine and biotechnology; religion and health.

## Themes

Graduate study also is developed by theme. Popular themes include religions' relationships to public life, gender, race, media, technology, and human health and well-being.

## Learning Outcomes

- Teaching success: students gain expertise in how to teach religious studies in a liberal arts setting, and if they serve as teaching assistants (TAs) during their graduate program, they show effectiveness in reaching a diverse audience of students.
- Critical knowledge of the field: students become familiar with foundational texts in their field, as well as influential scholarship that critically engages these texts and seeks to move the field in new directions; students identify ways in which they can contribute to the corpus of texts that compose their field.
- Academic skills: students develop skills to read carefully and think critically, and they write in clear and compelling ways about topics related to the study of religion; students have hands-on opportunities to develop key skills in public engagement.
- Religion and social equity: students gain a critical understanding of the historical entanglement of global religions with racism and misogyny; they can articulate religions' relationships to unjust power structures, as well as religions' contributions to greater social justice.
- Professional engagement: students demonstrate successful participation in the life of the department, their subfield, and the broader field of religious studies; they communicate about their learning with students from other fields.

For more detailed information on graduate programs in religious studies, contact the Department of Religious Studies or visit Graduate Program on the department's website.

## Requirements

The doctoral program in the Department of Religious Studies requires a minimum of $72 \mathrm{~s} . \mathrm{h}$. of graduate credit. A maximum of $24 \mathrm{~s} . \mathrm{h}$. of relevant graduate work may be transferred from another accredited graduate school or professional program, as approved by the director of graduate studies. A maximum of 12 s.h. of thesis writing credit may count toward the 72 s.h. requirement. Students must maintain a cumulative grade-point average of at least 3.40.

All PhD students are required to demonstrate competency in English and at least one other language that is relevant to their advanced research; more specific language requirements are set in consultation with an advisory committee.
Students are supervised initially by a three-person committee consisting of an advisor and two additional faculty members; often these members serve also on the student's five-person comprehensive exam and dissertation committees.
All PhD students must complete the following eight courses.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| RELS:5100 | Teaching and Public <br> Engagement | 1 |
| RELS:5200 | Asian Religions in the Modern <br> World for Graduate Students | 3 |
| RELS:5300 | Genealogies of Religion | 3 |
| RELS:5400 | The Politics of Everyday Life | 3 |
| GRAD:6217 | Seminar in College Teaching | 3 |
| Three graduate seminars | 9 |  |
| Total Hours | $\mathbf{2 2}$ |  |

Students select remaining coursework depending on their interests and in consultation with their advisory committee. PhD students must submit and have their departmental program of study approved in the fourth semester of their study to be permitted to proceed in the PhD program. Those who are approved are expected to write and orally defend comprehensive exams (by the eighth semester), a dissertation
prospectus (by the ninth semester), and a doctoral dissertation (by the twelfth semester).
Students working toward a PhD may receive an MA upon completing at least 30 s.h. of coursework and passing their comprehensive examination.

It is the expectation that PhD students complete their studies in six years; five for those who are accepted into the program with an MA and transfer credit.

For more detailed information on graduate programs in religious studies, contact the Department of Religious Studies or visit Graduate Program on the department's website.

## Admission

Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations on the Graduate College website.

Application materials must include an application form; a transcript of all undergraduate and graduate work (one copy must be sent to the university's Office of Admissions, and a second copy must be sent to the Department of Religious Studies); an application or waiver of consideration form for graduate assistantships; three confidential letters of recommendation; and a writing sample that demonstrates the applicant's ability to engage in critical analysis. Applicants also must submit a statement of purpose that explains their objectives for graduate study and states which area of graduate study in religion best suits their objectives. Students may indicate one of the department's traditional areas of concentration or an area that is defined more by theme [p. 957].
Students are advised to view the Department of Religious Studies website, most notably the faculty pages, to ascertain whether their area of interest is well-supported by faculty expertise. Moreover, students are encouraged to contact relevant faculty members prior to applying for graduate study in order to explore areas of mutual interest. It is helpful to include information about such contacts in their statement of purpose. The strongest applications show how students would benefit from working with multiple members of the faculty. For details, see Graduate Admission, Financial Aid, and Additional Funding on the department's website.

All application materials must be received by Jan. 15 to receive full consideration for fall admission.

## Financial Support

All PhD students in religious studies receive funding for at least four years. The department offers financial support for graduate students primarily in the form of teaching assistantships.

Every few years the department awards the Gilmore Scholarship for doctoral students who study the intersection of religion, the visual arts, and humanistic values.

The department also has a number of annual scholarships that it awards to graduate students for excellence in teaching and scholarship. In addition, PhD students can apply for funds from the department for research and conference travel expenses.

The department also assists PhD students in applying for funding that provides them time off from teaching to focus on exams and dissertation writing.

## Career Advancement

Graduate students in religious studies acquire a wide range of competencies that are useful for almost any career they pursue. Students gain research skills; they master the craft of writing; they
learn to plan, manage, and complete large projects; they gain teaching skills that are useful both inside and outside the academy; they learn to argue persuasively; they gain the ability to communicate with others about controversial issues; they learn how to understand and mediate differences in religious perspectives and values; they acquire rare language skills; and they gain expertise in the use of digital technologies for research and teaching.

Students who earn a PhD in religious studies often go on to become scholars and teachers in university or college settings. Other degree recipients have become professional ethicists, leaders of nongovernmental organizations, school or church administrators, nonacademic educators, digital media specialists, and government employees in the area of international affairs.

## Academic Plans

## Sample Plan of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.

g Typically completed during fourth year spring semester.
$h$ During the semester after the comprehensive exam, students must submit a draft of their dissertation prospectus to their dissertation committee, followed by a two-hour oral defense. A prospectus must be approved by a majority vote before students are permitted to proceed with writing the dissertation.
i Maximum of 12 s.h. of dissertation credit may be counted towards the degree.
j Dissertation defense.

## Resilience and Trauma-

## Informed Perspectives

Interim Director, School of Social Work

- Miriam J. Landsman

## Certificate Coordinator

- Harmony Linden

Undergraduate certificate: resilience and trauma-informed perspectives

## Website: https://socialwork.uiowa.edu/

Many students are majoring in areas where they will encounter individuals who have experienced trauma. Untreated adverse childhood experiences (ACEs) are connected to mental illness, substance abuse, and suicide. ACEs include physical and emotional neglect; physical, sexual, and emotional abuse; parental separation or divorce; mental illness; domestic violence; substance abuse; and incarceration of a parent.

Expanded ACE surveys include poverty, discrimination, homelessness, and community violence. The presence of four or more ACEs is associated with increased risk of poor behavioral, social, mental, and medical health. According to the Center for Disease Control (2020) about $61 \%$ of adults in 25 states reported they had experienced at least one type of ACE, and nearly 1 in 6 adults reported they had experienced four or more types of ACEs. Women and several racial/ethnic minority groups are at greater risk for experiencing more ACEs. The economic and social costs to families, communities, and society totals hundreds of billions of dollars each year. Preventing ACEs could reduce a large number of health conditions. Acknowledging the importance of identifying and treating ACEs, certificate students could positively impact these numbers, and will be better prepared to provide interventions to others.

The primary audience for the certificate program includes undergraduate students that are in helping professions such as social work, education, psychology, nursing, and public health. Students from health sciences programs, including the Carver College of Medicine, the physician assistant studies and services program, and the College of Law, could benefit as well. All undergraduate students are eligible to participate.

The colleges of Liberal Arts and Sciences, Education, Nursing, and Law, and the Carver College of Medicine graduate teachers, social workers, nurses, physicians, police officers, attorneys, judges, prosecutors, nonprofit organization workers and administrators, and public health workers that are employed across the nation. These professionals encounter the most traumatized individuals in society. Preparing undergraduate students in their professional fields with a good understanding of trauma, trauma-sensitive responses, and trauma-informed prevention and care provides skills that supplement their chosen professions.
The interdisciplinary Certificate in Resilience and Trauma-Informed Perspectives is sponsored by the School of Social Work and the College of Education, with support from the Colleges of Nursing and Public Health. The certificate is administered by the School of Social Work [p. 977].

## Programs

Undergraduate Program of Study

## Certificate

- Certificate in Resilience and Trauma-Informed Perspectives [p. 961]

## Resilience and TraumaInformed Perspectives, Certificate

## Learning Outcomes

Students who complete the certificate program will be able to:

- describe adverse childhood experiences (ACEs) and the influence they have on physical, mental, emotional, and spiritual outcomes in childhood and adulthood;
- identify their own trauma, if any, and learn how to process it to become healthier and more resilient in their own lives;
- describe resiliency, its dynamics, and ways to strengthen resiliency;
- analyze strategies to decrease or eliminate trauma in society including learning how to create trauma-informed organizations; and
- describe the impact of ACEs on communities and formulate strategies to prevent ACEs in communities and their field of practice.

## Requirements

The undergraduate Certificate in Resilience and Trauma-Informed Perspectives requires 18 s.h. of coursework. Students must maintain a grade-point average of at least 2.00 in work for the certificate.
The certificate may be earned by any student admitted to the University of Iowa who is not enrolled in a UI graduate or professional degree program. Undergraduate to Graduate (U2G) students may earn the certificate when the undergraduate classification is primary.

The Certificate in Resilience and Trauma-Informed Perspectives requires two core courses; both offered online. MyUI indicates if elective courses are offered in the classroom or online.

## Required Courses

## Rhetoric

## Interim Chair

- Sarah Lucinda Coggins Mosher

## Undergraduate minor: rhetoric and persuasion

Faculty: https://clas.uiowa.edu/rhetoric/people
Website: https://clas.uiowa.edu/rhetoric/
The Department of Rhetoric offers undergraduate courses that fulfill the Rhetoric requirement of the different colleges at the university and courses that apply toward the areas of Diversity and Inclusion as well as Values and Culture; see GE CLAS Core [p. 19] in the catalog. It also provides individual instruction in its Writing Center and offers other undergraduate courses, graduate seminars, and an undergraduate minor.

## Rhetoric for the GE CLAS Core

Rhetoric courses help students to develop skills in speaking, writing, listening, and critical reading. They also build competence in research and inquiry as well as in analysis and persuasion, starting with public controversies in their social contexts and generalizing to all forms of idea presentation, whether academic readings, everyday debates, media messages, or student papers. Writing and speaking skills are emphasized and developed.

All rhetoric classes follow specific department goals, but each instructor uses a unique set of texts and contexts to teach rhetorical concepts. Rhetoric courses are sometimes organized around a special topic, such as the STEM fields (science, technology, engineering, and mathematics), nursing, or law, but the primary emphasis is always on responsible inquiry and analysis. Some course sections involve special activities, such as service-learning components, but the workload across all sections is comparable, with a fixed number of major assignments and a department-approved library of readings.

During their first year at the university, students enroll in the rhetoric course indicated on their degree audit unless they are required to complete one or more prerequisite courses in English as a Second Language (ESL) as a result of their English proficiency evaluation.
Students planning to transfer to the University of Iowa should discuss rhetoric course equivalencies as soon as possible with the University of Iowa Office of Admissions.

Students who undergo formal evaluation by Student Disability Services and are found to have a learning disability in reading, writing, or speaking should request reasonable accommodations in order to complete rhetoric. Accommodations may be arranged by Student Disability Services in consultation with the Department of Rhetoric and individual instructors.

## Programs

## Undergraduate Program of Study <br> Minor

- Minor in Rhetoric and Persuasion [p. 965]

Courses

## Rhetoric Courses

## RHET:1000 First-Year Seminar

1-2 s.h.
Small discussion class taught by a faculty member; topics chosen by instructor; may include outside activities (e.g., films, lectures, performances, readings, visits to research facilities). Requirements: first- or second-semester standing.

RHET:1010 Writing for Academic Success 1 s.h.
Individualized instruction in the Writing Center; in conjunction with GE CLAS Core Rhetoric courses.

## RHET:1030 Rhetoric 4-5 s.h.

Analysis and critique to discover, question, explain, and justify positions and claims made in writing and speaking; reading and listening to comprehend and assess arguments; employment of rhetorical concepts (e.g., purpose, audience); understanding research as responsible inquiry for speaking and writing; special topics, activities. Requirements: completion of any required ESL courses. GE: Rhetoric.

## RHET:1040 Writing and Reading

3 s.h.
Introductory course in writing required of students who have completed a college-level public speaking course, but have not otherwise satisfied the rhetoric requirement. Requirements: completion of GE CLAS Core speaking requirement and any required ESL courses. GE: Rhetoric - Writing.

RHET:1060 Speaking and Reading 3 s.h. Introductory course in speaking required of students who have completed 6 s.h. of college writing instruction, but have not completed a 3 s.h. college-level speaking course; intended to improve speaking, listening, critical, analytical, and advocacy skills. Requirements: completion of GE CLAS Core writing requirement and any required ESL courses. GE: Rhetoric - Speech.

RHET:2000 Big Ideas: Creativity for a Lifetime
Exploration of what senior artists can teach about creativity and aging; interdisciplinary project-based collaborative learning opportunities that consider role of arts and creativity across a lifespan; essential skills necessary to be professionals in numerous careers including health, social work, education, humanities, and the arts; identification of ways for students to be more creative in their own lives and work. GE: Values and Culture. Same as ARTS:2000, ASP:2000, EDTL:2000.

RHET:2055 Persuasion and Advocacy
3 s.h.
Maya Angelou said, "The wisest thing I can do is be on my own side, be an advocate for myself and others like me"; how to craft a powerful voice that aligns intellect with passions, shape audience impressions, and gain acceptance and recognition from others when advocating for yourself and for things you believe in; assignments tailored to student's interests and goals.

## RHET:2065 Persuading Different Audiences: Launching a

 Successful CareerPreparation for student's future persuasive demands as they start their careers; creation of several short projects addressing a variety of audiences, context, and situations with the goal of developing a professional and personable style; assignments reflect challenging circumstances in the workplace.

## RHET:2070 Persuasive Stories

3 s.h.
Examination of the persuasive dimension of stories; students master the skill of storytelling by examining stories circulating within their culture and exploring the effects these stories have on thinking about their identities and discovering their own voices; integration of speaking and writing skills with persuasive storytelling skills through short oral and written assignments that lead to a final multimodal project of two interrelated storytelling assignments-production of a website and a podcast. Prerequisites: RHET:1030 or RHET:1040 or RHET:1060. GE: Values and Culture.

## RHET:2085 Speaking Skills

3 s.h.
How to become confident and effective speakers; assignments include formal presentations and shorter, informal speaking activities; peer and instructor feedback help improve the impression students create as speakers; strengths developed include earning credibility, capturing and maintaining audience interest, and coming across as personable, professional, and confident. Prerequisites: RHET:1030 or RHET:1040 or RHET:1060.

## RHET:2090 Conversation Practicum

0-3 s.h.
Intercultural conversation with international students in small groups or pairs; readings, classroom discussions, and in-class training to develop cultural competence and related skills.

## RHET:2095 Fundamental Strategies of Persuasion

Strategies of approaching persuasion in a variety of personal, professional, and communal contexts; fundamentals of persuasion including audience adaptation, creating reasoned and passionate appeals, conveying character, and enabling identification. Prerequisites: RHET:1030 or RHET:1040 or RHET:1060. Requirements: completion of GE CLAS Core Rhetoric.

## RHET: 2135 Rhetorics of Diversity and Inclusion

3 s.h.
How language is at the root of oppression while also being a powerful tool to enact social justice; students explore the roles of rhetoric in constructing diversity and examine how different bodies and minds are ascribed value based on their alignment with cultural attitudes toward normalcy, ability, race, gender, sexuality, and more; students use written, spoken, and/or signed language and digital forms of expression to create a more inclusive environment in and beyond the classroom. GE: Diversity and Inclusion. Same as SJUS:2135.

## RHET:2350 Forensic Rhetoric

3 s.h.
Students strengthen argumentation, communication, and research skills while discussing the cultural phenomenon of forensic rhetoric (i.e., using the past to make arguments); rhetorical analysis of autobiographical stories, development of podcasts related to readings, and a multimodal project involving archival research. Prerequisites: RHET:1030 or RHET:1040 or RHET:1060.

## RHET:2610 Acting for Success

3 s.h.
How skills learned by actors in the theatre world can be applied to presentations and interactions in business, education, and beyond; how to connect with others on a personal level; ability to stand out as a team player and a leader; acting techniques traditionally used in theatre to open up communication dynamics; how to display an authentic self in everyday situations. Corequisites: RHET:1030 or RHET:1040 or RHET:1060. GE: Engineering Be Creative. Same as THTR:2610.
RHET:3005 Narratives of the Midwest
3 s.h.
Exploration of the Midwest beyond stereotypical ideas of "flyover country" and "America's heartland"; focus on narratives in movies and other media to critique superficial observations and discover new voices and perspectives; students analyze portrayals of the Midwest and create unique Midwestern stories, use research and personal observations to construct a personal blog, podcast, and video essay. Prerequisites: RHET:1030 or RHET:1040 or RHET:1060.

RHET:3009 Negotiation and Conflict Resolution 3 s.h.
Strategies of successful negotiation across a wide range of conflict situations; keys to success in peacefully resolving conflicts; personal, professional, legal, and political negotiations; apologizing; mediation as alternative to litigation; analysis of conflict characteristics to determine optimal negotiation strategies; development of negotiation interpersonal skills; practice negotiating under real world scenarios. Prerequisites: RHET:1030 or RHET:1040 or RHET:1060. Same as PBAF:3217, URP:3217.

## RHET: 3220 Honors Writing Fellows: Writing Theory and

 PracticePreparation of honors students selected as writing fellows to serve as peer tutors in writing-intensive courses; theories of writing, evaluation of drafts, peer tutoring with students.
RHET: 3350 Gaming (the) Systems
3 s.h.
Knowing that Rhetoric is the art and study of persuasion and meaning making, students examine how games-one of the newest and most important forms of modern media-participate in these rhetorical practices; students play, discuss, and read about games and how games interact with the cultural discourses surrounding us on their way toward crafting their own rhetorical contributions to the world of games and gaming media; students play small, indie titles and a few major games as they produce an argumentative article, a game review, a video blog, and finally a game itself; beginner friendly, no prior knowledge of games or design programs required. Prerequisites: RHET:1030 or RHET:1040 or RHET:1060.

## RHET:3560 Public Policy and Persuasion

3 s.h.
Students build their skill set in policy analysis, formation, and communication through a social justice lens; engagement in service learning projects in one Iowa community, where work done directly impacts that community's ability to make changes; development of effective writing and oral presentation styles that can be adapted to different audiences; focus on homelessness policy using social policy and social justice concepts to explore work of policy makers who have "right-sized" existing systems to serve communities in crisis and propose solutions to systemic problems that disadvantage marginalized populations. Prerequisites: RHET:1030 or RHET:1040 or RHET:1060. Same as PBAF:3560, POLI:3560, SJUS:3560.
RHET:3630 Apology and the Art of Verbal Self-Defense 3 s.h. Examination of apology as a defense of actions, opinions, or personal character; role of apology in medical malpractice; corporate apology; role of apology in criminal courts; study of celebrity nonapology apologies; apology as gendered; efficacy of apology in politics; approaches to apology across nations; how to advocate for accommodations without apologizing, especially regarding disability rights; how to evaluate and create effective apologies in interpersonal and public sphere. Prerequisites: RHET:1030 or RHET:1040 or RHET:1060. Requirements: satisfactory completion of GE CLAS Core Rhetoric.

## RHET:3700 Advocacy and Sustainability: Crafting Stories of People, Place, and Resilience

How sustainable approaches to meeting critical social needs (food, water, shelter, air, work) have influenced food systems, policies on development, environmental problems, social justice, and policy both local and global in scope; readings and field research activities leading to creation of work of multimodal advocacy. Prerequisites: RHET:1030 or RHET:1040 or RHET:1060. Requirements: fulfillment of GE CLAS Core Rhetoric.
RHET:4980 Special Projects for Undergraduates arr.

## RHET:5100 Practicum: College Teaching and Professional

 Development for Teaching Assistants arr.Guidance for teaching assistants seeking introduction to teaching at college level; focus on practical pedagogical concerns, including how to structure a course, devise learning outcomes, develop a syllabus and a calendar of assignments, evaluate student work, and create a student-centered classroom with collaborate learning experiences; pre-semester intensive training session, weekly meetings during first month of semester, periodic meetings to address midterm and late-semester issues; concurrent with TA teaching assistantships. Recommendations: interest in teacher training and preparation. Same as CLAS:5100.
RHET:5350 Colloquium: Teaching Rhetoric 3 s.h.
Professional development program for new rhetoric teachers; includes three-day workshop.
RHET:5352 Seminar: Topics in Teaching and Professional Development 3 s.h.
Professional development and advanced study of pedagogical theories and practices; focus on teaching as a rhetorical act; readings on pedagogy, composition theories, and learning process; academic and alt-ac career options; teaching philosophy statement, teaching portfolio, peer classroom observations, and research project; for experienced rhetoric instructors and others teaching writing-intensive, process-oriented courses. Recommendations: previous or current teaching experience in composition-intensive courses.
RHET:5375 Teaching in a Writing Center
3 s.h.
Seminar/practicum to prepare graduate students to teach in the University of Iowa Writing Center or similar settings; seminar component on writing and reading processes, tutoring strategies, English-as-a-second-language issues; practicum experience tutoring in the Writing Center. Same as CNW:5375.

## RHET:6330 Writing for Learned Journals

 1-4 s.h. Seminar that supports graduate students in bringing written work to publishable form; analysis of target journals' audiences, interests, and citation politics; submission and the publication process; response to reader reports and criticism; best writing and research practices; discussion of knowledge cultures and discourses in disciplines and the contemporary academy. Same as AMST:6300, GRAD:6300, GWSS:6300.
## RHET:6965 Topics in Second Language Acquisition:

 WritingTheory, pedagogy, research, and assessment in second language
writing. Taught in English. Same as SPAN:6965, WLLC:6965.
RHET:7500 Science Communication in the Digital Age 2-3 s.h. Preparation for communicating scientific discoveries and importance of scientific endeavors in digital media; focus on adaptable and transferable skills; relevant preparation for digital communication in academic and nonacademic career paths; develop aptitude with speaking and performance skills relevant to video presentation; develop familiarity with video composition and editing processes.

## RHET:7930 Writing in the Disciplines

Writing instruction.
RHET:7940 Public Speaking for Academics
Prepares graduate students for the public speaking occasions germane in their home disciplines and in their future professions; students gain experience moving between different rhetorical registers in public speaking through engaging in cross-disciplinary conversations about performance and speaking practices while refining discipline-specific speaking strategies; honing the ability to communicate the same information in different forms and styles (along with understanding the corresponding advantages and limitations of such) will contribute to students' teaching and scholarly skill sets.

## Rhetoric and Persuasion, Minor

The minor in rhetoric and persuasion educates students in responsible, credible, and effective methods to take active leadership roles in engaging social issues in personal, professional, and communal settings. The program empowers students to look at the world as a place open to change and receptive to influence and to view themselves as agents capable of improving the world and their place in it. The minor aims to professionalize students-whether in their capacity as individual citizens, members of the community, or leaders in the workplace-by guiding them to understand audiences and situations, to use language responsibly and strategically, and to develop the integrity and authority of their own voice.

## Requirements

The undergraduate minor in rhetoric and persuasion requires a minimum of 15 s.h., including 12 s.h. earned in courses taken at the University of Iowa and at least 12 s.h. earned in Department of Rhetoric courses. Students must maintain a grade-point average of at least 2.00 in all courses for the minor and in all UI courses for the minor. Coursework in the minor may not be taken pass/nonpass.

The minor in rhetoric and persuasion requires the following coursework.

| Course \# | Title | Hours | Course \# | Title | Hours |
| :---: | :---: | :---: | :---: | :---: | :---: |

# Second Language Acquisition 

Director, Division of World Languages, Literatures and Cultures

- Jill N. Beckman (Linguistics)

Director, Second Language Acquisition

- Chuanren Ke (Asian and Slavic Languages and Literatures/ International Programs)

Graduate degree: PhD in second language acquisition
Faculty: https://flare.uiowa.edu/people
Website: https://flare.uiowa.edu/graduate/phd-second-languageacquisition
Second language acquisition (SLA) is a multidisciplinary field whose goal is to understand the processes that underlie non-native language learning. The doctoral program in second language acquisition draws from varied academic disciplines, among them linguistics, psychology, psycholinguistics, sociology, sociolinguistics, discourse analysis, conversation analysis, and education.
The interdisciplinary PhD in second language acquisition is sponsored by Foreign Language Acquisition Research and Education (FLARE). More than 20 faculty members affiliated with SLA are drawn from various departments in the College of Liberal Arts and Sciences and the College of Education.
Second Language Acquisition is one of the units in the Division of World Languages, Literatures and Cultures [p. 365].

## Programs

## Graduate Program of Study <br> Major

- Doctor of Philosophy in Second Language Acquisition [p. 969]

## Facilities

The Center for Language and Culture Learning provides a wide variety of facilities and services to the Division of World Languages, Literatures and Cultures (DWLLC), including a 24-computer Instructional Technology Center (ITC) and five All-In-One Studios/ small group study rooms equipped with video production and editing software, a Computer Assisted Language Learning Lab with 25 computers integrated with Sanako software for language practice, and virtual reality hardware and development space.

The center provides spaces for quiet study as well as for group meetings. Departments, programs, and student organizations are welcome to host conversation hours, film nights, study groups, workshops, and more. Peer education services include peer tutoring programs in many of the languages taught in DWLLC, with both inperson and online availability, as well as the Directed Independent Language Study, through which faculty, staff, or students can be paired with a tutor to learn a language not taught in the DWLLC. Tutors are trained to use the Three Ms for Effective Learning, including developing a growth mindset, using memory strategies to retain knowledge, and reflecting on learning gains.

Courses

## Second Language Acquisition Courses

SLA:3302 Introduction to Chinese Linguistics 3 s.h.
Aspects of modern Chinese linguistics, such as Chinese phonology, syntax, pedagogical grammar, history of the language. Taught in English. Same as CHIN:3302, LING:3302.
SLA:3400 Articulatory and Acoustic Phonetics 3 s.h.
Production and transcription of sounds in human languages; physics of sound, computer analysis of speech sounds. Offered fall semesters. Same as LING:3005.

SLA:4300 Introduction to Spanish Syntax
3 s.h.
Basic principles of generative syntax as applied to analysis of Spanish syntactic structure; extensive syntactic analysis. Taught in Spanish. Prerequisites: SPAN:3100. Same as SPAN:4150.
SLA:4301 Introduction to Spanish Phonology 3 s.h. Sound patterns of Spanish; how various theoretical approaches solve basic problems in Spanish phonology; identification of linguistic universals, how they are manifested in the sound structure of Spanish. Taught in Spanish. Same as SPAN:4100.

SLA:4401 Methods of Teaching English as a Second Language

3 s.h.
Observations of ESL and intensive English classes at the UI; design and presentation of short lessons, text evaluation, demonstrations of innovative approaches of the last decade; materials. Offered spring semesters. Prerequisites: LING:3005 and LING:4040. Same as LING:4050.

SLA:5000 Teaching and Learning Languages 3 s.h.
Readings in pedagogical theory and practice, second language acquisition; experience designing activities for teaching and assessment with critiques based on current theories and approaches; development of reflective practices toward one's language teaching. Taught in English. Same as FREN:5000, GRMN:5001, SPAN:5000, WLLC:5000.
SLA:5010 Introduction to Syntax
3 s.h.
Methods and argumentation for formal analysis of sentence structure through induction from language data of central concepts and relations; hypothesis testing, empirical bases of theoretical concepts. Corequisites: LING:5000. Same as LING:5010.
SLA:5020 Introduction to Phonology 3 s.h.
Analysis of sound systems, focus on early generative phonological theory; extensive practice in analysis using data from a variety of languages; linguistic argumentation. Prerequisites: LING:3005. Same as LING:5020.

SLA:5401 First Language Acquisition 3 s.h.
Child language from a crosslinguistic perspective. Prerequisites:
LING:3005 and (LING:4040 or LING:5010). Same as LING:5030.
SLA:6010 Syntactic Theory
3 s.h.
Current syntactic theory examined through analysis of data sets, readings in recent research; emphasis on argument construction, statement of formal principles. Offered spring semesters. Prerequisites: LING:5010. Same as LING:6010.

SLA:6011 Phonological Theory 3 s.h.
Post-SPE phonological theory, including autosegmental phonology, feature geometry, the syllable, optimality theory. Prerequisites: LING:5020. Same as LING:6020.

SLA:6301 Topics in Spanish Language Acquisition 3 s.h.
Theoretical linguistic approaches to monolingual, bilingual, and second language acquisition of Spanish and Portuguese; varied topics. Taught in Spanish. Requirements: at least one course in linguistics (e.g., general introduction to linguistics). Same as SPAN:6150.

SLA:6302 Topics in Comparative Romance Linguistics 3 s.h. Comparative study of phonology, morphology, or syntax of the main Romance languages as informed by linguistic theory; diachronic or synchronic perspective. Taught in English. Recommendations: additional graduate coursework in linguistics. Same as LING:6190, SPAN:6190.

## SLA:6303 Spanish Phonology

3 s.h.
Modern approaches to synchronic phonology as applied to Spanish; focus on traditional descriptive problems, recent generative analyses. Taught in Spanish. Requirements: phonology or linguistics course. Same as SPAN:6110.

## SLA:6304 Spanish Syntax

Spanish syntactic constructions examined in framework of selected syntactic theory; emphasis on development of syntactic argumentation. Taught in Spanish. Requirements: one course in syntax. Same as SPAN:6120.
SLA:6452 Topics in Second Language Acquisition 3 s.h.
Overview of current second-language acquisition research in the generative linguistic framework; focus on characterizing second language learners' linguistic competence and how it is constrained by principles of universal grammar. Offered fall semesters. Prerequisites: (LING:3010 or LING:5010) and (LING:3020 or LING:5020). Same as LING:6080.
SLA:6500 Graduate Seminar in Multilingual Education 3 s.h.
Theoretical perspectives of pivotal research issues at the forefront of foreign language education; systems available to foreign language professionals for disseminating research. Same as EDTL:6480.
SLA:6501 Bi/Multilingual Literacies 3 s.h.
Critical sociocultural perspectives on literacy, including dynamic literacies people practice to read the word and the world; examination of theoretical, practical, and empirical research that discusses the political, ideological, cultural, and historical nature of bi/multilingual literacy learning. Same as EDTL:6484.

## SLA:6502 Principles of Course Design for Second Language Instruction 3 s.h. Contemporary views of second language curriculum design;

 guidelines necessary for the creation of prototypical curriculum units to be transposed into classroom-ready forms; for individuals interested in foreign language materials development. Same as EDTL:6497.SLA:6503 Fundamentals of Second Language Assessment 3 s.h. How to write language tests; discussion of fundamental issues in development of new tests or selection of existing tests. Same as EDTL:6400.

## SLA:6504 Second Language Program Management 3 s.h.

 Preparation for supervising, administering foreign language programs at all levels; for precollegiate language teachers and graduate students. Same as EDTL:6402.SLA:6506 Multilingual Education and Applied Linguistics 3 s.h. Introduction to research in language teaching and learning, drawing on theories and research in applied linguistics, sociolinguistics, anthropology, and psychology; students gain understanding of fundamentals in second language acquisition, educational linguistics, applied linguistics, and methods used in teaching and learning second/foreign languages; applications and implications of research considered when reviewing multilingual education policy and practice. Same as ASIA:6483, EDTL:6483.
SLA:6970 Cultural Curriculum 3 s.h.
Culture's role in foreign/second language teaching; definition, pedagogy, assessment, and materials that allow culture to be taught and learned. Same as EDTL:6409.

SLA:7030 PhD Thesis
arr.
SLA:7401 Advanced Syntactic Theory
2-3 s.h.
Recent developments in syntax; comparison of theories, argumentation, and uses of data. Prerequisites: LING:6010. Same as LING:7010.

SLA:7404 Seminar: Problems in Linguistics 2-3 s.h. Intensive study of theoretical and practical problems. Same as LING:7090.
SLA:7405 Teaching Chinese as a Second Language V: Seminar in Research and Design 3 s.h.
Qualitative and quantitative research design theories and techniques.
Taught in English. Prerequisites: CHIN:7401 and PSQF:4143. Same as CHIN:7405.

SLA:7406 Teaching Chinese as a Second Language I: Theories and Research 3 s.h.
Research, theory on acquisition of Chinese as a non-native language. Taught in English. Same as CHIN:7401.
SLA:7804 Teaching Chinese as a Second Language IV: Testing and Assessment 3 s.h.
Overview of goals, concepts, principles, research, and issues in assessment and testing of Chinese as a second language; knowledge of Chinese required. Taught in English. Same as CHIN:7404.

## Second Language Acquisition, PhD

FLARE stands for Foreign Language Acquisition Research and Education, and it is the name of the interdisciplinary unit that sponsors the second language PhD program. Students are able to take a variety of courses taught by affiliated faculty members from a number of departments and programs across campus.

The second language acquisition (SLA) doctoral program emphasizes theory, research, and classroom-based teaching and learning. All students take courses in SLA theory, multimedia, research methods, language learning, and linguistics. In addition, each student defines an area of specialization, in consultation with an SLA advisor. The two broad areas of specialization are language learning and postsecondary education, and linguistics and psycholinguistics.

Students in the language learning and postsecondary education specialization area demonstrate an interest in issues where SLA and pedagogy converge. This includes classroom discourse, assessment, and the acquisition of grammatical knowledge in the classroom context. Students also may focus on aspects of technology and how it facilitates second language acquisition.
Students in the linguistics and psycholinguistics specialization area exhibit interest in areas of formal linguistics (e.g., syntax, phonology, morphology) and/or applied linguistics issues that relate to their particular second language focus. Student projects include the acquisition of the syntactic structures and/or phonological features of a second language, and generative and cognitive approaches to explaining acquisition. Students who work in psycholinguistics also may focus on the relationship between language processing and language acquisition.

## Requirements

The Doctor of Philosophy in second language acquisition is a research-oriented degree. This interdisciplinary program, which focuses on languages other than English, requires 72 s.h., including a maximum of 33 s.h. earned in work toward a master's degree. Students must earn a minimum of 61 s.h. at the University of Iowa. Those interested in pursuing the PhD must hold a master's degree in an appropriate field (e.g., linguistics, foreign language education) or have equivalent academic experience.
A course may be used to fulfill only one requirement. All courses taken to fulfill program requirements must be taken on a graded basis; no graduate credit is awarded for a grade lower than C-minus. To remain in good standing, PhD students must maintain a cumulative grade-point average of at least 3.00 .
The required curriculum includes 14 courses, including two foundation courses, three courses in the area of research methods, two courses in the area of language learning, two courses in the area of linguistics, and five courses in a student's area of specialization. Students may specialize in language learning and postsecondary education, which includes a focus on technology in language acquisition and learning; or in linguistics and psycholinguistics, with a focus on phonetics/phonology or on syntax in a particular second language. In addition, the PhD requires successful completion and defense of a dissertation representing original research in second language acquisition.
Students may extend their interdisciplinary interests by taking relevant elective coursework offered by the departments of Asian and Slavic Languages and Literatures, Communication Sciences and Disorders, French and Italian, German, Linguistics, Psychological and Brain Sciences, Rhetoric, and Spanish and Portuguese in the

College of Liberal Arts and Sciences [p. 17] and the departments of Psychological and Quantitative Foundations, and Teaching and Learning in the College of Education [p. 1275].

The PhD in second language acquisition requires the following coursework.

| Course \# Title | Hours |
| :--- | ---: |
| Foundation Course | 3 |
| Research Methods Courses | 9 |
| Language Learning Courses | 6 |
| Linguistics Courses | 6 |
| Specialization Courses | 15 |
| Elective Courses |  |
| Thesis | $2-15$ |

## Foundation Course

Current students will have taken SLA:6920 to fulfill this requirement.

## Research Methods

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| This course: | Intermediate Statistical Methods | 3 |
| PSQF:6243 | One of these: | Teaching Chinese as a Second <br> Language V: Seminar in <br> Research and Design |
| RHIN:7405 | 3 |  |
| EDTL:7405 | Research Methods in Literacy, and Language <br> Education | 3 |
|  |  |  |

And:
A course to complement dissertation research (consult 3 advisor)

Language Learning

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| Two of these: |  | 3 |
| EDTL:6400 | Fundamentals of Second <br> Language Assessment | 3 |
| EDTL:6409 | Cultural Curriculum | 3 |
| EDTL:6483 | Multilingual Education and <br> Applied Linguistics | 3 |
| EDTL:6484 | Bi/Multilingual Literacies | 3 |
| EDTL:6497 | Principles of Course Design for <br> Second Language Instruction | 3 |

## Linguistics Courses

| Course \# Title | Hours |
| :--- | :--- | :--- |
| These: |  |

Two courses (chosen in consultation with advisor)

## Specialization Courses

Each student selects one of two specialization areas-linguistics and psycholinguistics or language learning and postsecondary education -and takes five courses (total of 15 s.h.) in one area, not including courses taken above to satisfy requirements. Each student's specific specialization area and set of courses are determined in consultation with the advisor.
Courses that may be used in the specialization areas are listed below.

## Linguistics and Psycholinguistics

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| LING:6020 | Phonological Theory | 3 |
| LING:6080 | Topics in Second Language | 3 |
| LING:7010 | Acquisition |  |
| PSY:3670 | Advanced Syntactic Theory | 3 |
| SPAN:4170 | Language Processes | 3 |
| SPAN:6150 | Second Language Acquisition | 3 |
|  | Topics in Spanish Language | 3 |
| Other courses (chosen in consultation with advisor) |  |  |

## Language Learning and Postsecondary Education

| Course \# | Title | Hours |
| :---: | :---: | :---: |
| CHIN:5024 | Teaching Chinese as a Second Language VII: Pedagogical Grammar | 3 |
| CHIN:7401 | Teaching Chinese as a Second Language I: Theories and Research | 3 |
| CHIN:7403 | Teaching Chinese as a Second Language III: Instruction and Practicum | 3 |
| CHIN:7404 | Teaching Chinese as a Second Language IV: Testing and Assessment | 3 |
| EDTL:6402 | Second Language Program Management | 3 |
| EDTL:6403 | Language Policy and Planning | 3 |
| EDTL:6480 | Graduate Seminar in Multilingual Education | 3 |
| EDTL:7015 | PhD Seminar in Language, Literacy, and Culture | arr. |
| PSQF:6205 | Design of Instruction | 3 |
| PSQF:6208 | Digital Media and Learning | 3 |
| PSQF:6215 | Online Instruction: Design and Facilitation | 3 |
| PSQF:6265 | Program Evaluation | 3 |
| Other course | in consultation with advisor) |  |

## Elective Courses

Students also may take elective coursework relevant to their research interests, including the following independent project courses.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| SLA:7020 | Readings in Second Language <br> Acquisition | arr. |
| SLA:7025 | Special Projects in Second <br> Language Acquisition | arr. |

## Thesis

Students must complete a thesis (maximum of 15 s.h., with a minimum of 2 s.h.)

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| SLA:7030 | PhD Thesis | arr. |

## Admission

Admission is for fall semester; students are admitted only for fulltime study. Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations on the Graduate College website.

Strong applicants hold a master's degree in a related area, have a cumulative grade-point average of at least 3.50 in master's degree work, and speak and write English and another language at a professional level. Applicants must submit a writing sample that demonstrates their ability to synthesize and analyze information using standard academic English.

## Financial Support

Teaching assistantships are available to qualified students. Assistantships usually involve teaching elementary or intermediate language courses. Visit the FLARE website for details.

# Social Science Analytics 

Chair, Department of Political Science

- Brian H. Lai

Coordinator, Social Science Analytics

- Frederick J. Boehmke (Political Science)

Undergraduate certificate: social science analytics
Website: https://clas.uiowa.edu/polisci/undergraduate/social-science-analytics-certificate

The growth of big data and informatics calls for a new set of skills for social science students and an increased understanding of the logic of data collection and analysis. The certificate focuses on the application side of data analysis and allows focus to be on the specific research methods and quantitative skills using data-driven methods effective for more understanding in an increasingly complicated social-political world. The certificate offers an opportunity for interdisciplinary training on how data can be used to address important questions in the social sciences.

The Certificate in Social Science Analytics is interdisciplinary and a number of departments collaborate to leverage distinct strengths and offer courses applicable to the certificate, including the departments of Geographical and Sustainability Sciences, Political Science, Sociology and Criminology, and Statistics and Actuarial Science. The certificate is administered by the Department of Political Science [p. 900].

## Programs

## Undergraduate Program of Study

## Certificate

- Certificate in Social Science Analytics [p. 972]

## Social Science Analytics, Certificate

## Requirements

The undergraduate Certificate in Social Science Analytics requires a minimum of 18 s.h. Students complete requirements in five different component areas for a total of at least six courses. Students must maintain a grade-point average of at least 2.00 in work for the certificate.

The certificate may be earned by any student admitted to the University of Iowa who is not enrolled in a UI graduate or professional degree program. Undergraduate to Graduate (U2G) students may earn the certificate when the undergraduate classification is primary.

Some of the certificate courses have prerequisites not included in the certificate requirements. Students should select courses for which they have met the prerequisites.
The Certificate in Social Science Analytics requires the following coursework.

| Requirements | Hours |
| :--- | :--- |
| Introduction to Data and the Social Sciences Course | 3 |
| Social Science Research Design and Data Analysis Course | 3 |
| Core Statistics Courses | $6-7$ |
| Building Skills and Data Science Course | $3-4$ |
| Applied Research Experience | 3 |

The certificate will ensure students are more competitive for careers and opportunities with political campaigns, policy analysis, public opinion firms, consulting and government agencies, and local communities.

# Social Justice and the <br> Performing Arts 

## Chair, Department of Theatre Arts

- Mary Beth Easley

## Coordinator, Department of Theatre Arts

- Loyce L. Arthur

Undergraduate certificate: social justice and the performing arts
Faculty: https://theatre.uiowa.edu/people
Website: https://theatre.uiowa.edu/undergraduate-program/social-justice-and-performing-arts-certificate

Students who earn the Certificate in Social Justice and the Performing Arts learn methods and practices to expand the parameters of their academic and arts disciplines to include diverse ways of thinking, creative problem solving, and practical applications for social justice-focused arts projects and scholarship in the United States and transnationally. The certificate is designed to foster interdisciplinarity between students from across the university, whether they are in the arts or not.

Students access and hone human-centered skills in empathy, compassion, and social responsibility, and gain a sense of belonging, equity, and inclusion as they approach their work and partner with others. They examine who the work will impact, determining who benefits, and how they can make ethical choices as they develop or collaborate on community-based creative projects. With a combination of performing arts and social justice courses and projects, certificate students will be better prepared to take on a wider range of career opportunities in and beyond performing arts organizations after graduation.

The certificate helps students to align their discipline studies more closely with their interests and their desire to be of service to their communities, to work in community with one another, and to collaborate with the wider community of Iowa City and beyond as they become fully engaged global citizens.
The departments of Dance [p. 333], Theatre Arts [p. 1073], and Gender, Women's, and Sexuality Studies [p. 493], and the School of Music [p. 799] collaborate to offer the certificate. The Department of Theatre Arts administers the certificate.

- Certificate in Social Justice and the Performing Arts [p. 975]

## Social Justice and the

## Performing Arts, Certificate

## Learning Outcomes

The certificate provides students with the following competencies:

- Increased knowledge about selected history of social movements, how those movements emerged, and the impacts those movements had on policy, populations, the environment, the arts, and culture.
- The ability to explore through coursework how the intersections of geography, race, class, gender, sexuality, health, economics, and history create networks of privilege and oppression across the globe, and to reflect on situations they encounter in art and community engagement work.
- The ability to explore the application of the role of performing arts in community and society throughout history and in established creative community engagement, social justice-based projects, and/or scholarly work, and how that focus can be applied to interdisciplinary social justice work.
- The ability to read, write, listen, and act through social justice coursework in order to understand how conditions are created for change on the local, regional, and national level historically, ethically, politically, and personally.
- The articulation of a vision that starts to inform their work, future project planning, and thinking about the arts and community that includes their ability to creatively conceptualize and articulate their personal goals while balancing the needs of community partners in performance, social, and global contexts in relation to existing philosophies and theories, and to apply their vision to creative or scholarly engagement work.

## Requirements

The undergraduate Certificate in Social Justice and the Performing Arts requires a minimum of 21 s.h. of coursework, including at least 18 s.h. earned at the University of Iowa or in approved study abroad courses. Students must maintain a grade-point average of at least 2.00 in coursework for the certificate. Coursework in the certificate may not be taken pass/nonpass.

The certificate may be earned by any student admitted to the University of Iowa who is not enrolled in a UI graduate or professional degree program. Undergraduate to Graduate (U2G) students may earn the certificate when the undergraduate classification is primary.
Students complete two foundation courses, one creative practice and skill-building course, three background courses, and one capstone course. They must meet with the certificate director or an area of study advisor every semester to discuss their course selections and plan for the capstone course.
Students who wish to count a course not listed in the certificate program of study, including study abroad courses, may submit a request for approval to the certificate director. Any course must address social justice themes.
Some of the courses have prerequisites; students must complete all of a course's prerequisites before they may register for a course. Some of these courses also have specific restrictions, such as courses being open only to certain majors.

The Certificate in Social Justice and the Performing Arts requires the following coursework.

## Foundation Courses

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| Both of these: |  | 3 |
| THTR:3615 | Action! Engage! Art! Creative <br> Placemaking for the Public <br> Good | 3 |
| SJUS:1001 | Introduction to Social Justice | 3 |

## Creative Practice and Skill Building

Performing arts students must take a course outside their major or minor area of study to build partnerships across disciplines.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| One of these: | Comedy and Society |  |
| THTR:1411 | Performing Autobiography |  |
| THTR:3421 | Special Topics in Theatre Arts <br> (when topic is devised theatre <br> project: social justice and <br> collaborative performance or <br> the musical as vehicle for social <br> change) | 3 |
| THTR:3630 | Performance, Art, and New <br> Technologies in Society | 3 |
| THTR:3895 | Special Topics in Playwriting <br> (when topic is site specific <br> performances and playwriting) | 3 |
| DANC:1150 | Brazilian Culture and Carnival | 3 |
| DANC:1412 | The Arts in Performance |  |
| DANC:3600 | Art, Feminist Practice, and <br> Social Justice | 3 |
| EDTL:2670 | Peacebuilding, Singing, and <br> Writing in a Prison Choir | 3 |
| MUS:2800 | Digital Arts: An Introduction | 3 |

## Background Courses

Performing arts students may take only one background course in their major or minor area of study. All students select 9 s.h. (three courses) from the following emphasis areas.

## The Environment and Ecological Justice

| Course \# | Title | Hours |
| :---: | :---: | :---: |
| THTR:6310 | Special Topics in Playwriting | 3 |
| AFAM:4770 | Environmental Justice | 3 |

# Social Work 

## Director

- Miriam J. Landsman

Director, Bachelor of Arts Program

- Alison L. Oliver

## Director, Master of Social Work Program

- Stephen P. Cummings

## Director, Doctor of Philosophy Program

- Megan E. Gilster

Undergraduate major: social work (BA)
Undergraduate minor: social work
Graduate degrees: MSW; PhD in social work
Faculty: https://socialwork.uiowa.edu/people
Website: https://socialwork.uiowa.edu/
The School of Social Work's mission is to develop culturally responsive practitioners, scholars, researchers, and leaders to create a more just society. The school operates from strengths-based perspectives and systems perspectives. It educates its graduates to be culturally competent scholars and practitioners who are committed to social justice and social work values and ethics, and who are prepared to serve in and have a positive impact on a broad range of familycentered and community-based practice settings throughout the State of Iowa and beyond.
The school provides a program of professional training accredited by the Council on Social Work Education at the baccalaureate and master's degree levels, aimed at developing effective intervention in multiple systems and using professional social work values and ethics. It also offers a PhD program, which prepares students to conduct research that contributes to the knowledge base of social work, to be leaders in setting policy and practice, and to teach in colleges and universities. In addition, the School of Social Work administers the programs listed below.

## Minor and Certificates

## Aging and Longevity Studies

The School of Social Work administers the graduate certificate and the undergraduate minor and certificate in the Aging and Longevity Studies Program; see Aging and Longevity Studies [p. 42] in the catalog.

## Critical Cultural Competence

The School of Social Work administers the undergraduate certificate program in critical cultural competence; see the Certificate in Critical Cultural Competence [p. 332] in the catalog.

## Resilience and Trauma-Informed Perspectives

The undergraduate certificate program in resilience and traumainformed perspectives is administered by the School of Social Work; see the Certificate in Resilience and Trauma-Informed Perspectives [p. 961] in the catalog.

## Projects and Seminars

Students may become involved in special projects such as the National Resource Center for Family-Centered Practice and the School of Social Work's programs in gerontology and in end-of-life care.

The school also offers students the opportunity to participate in travel/ study seminars.

## Continuing Education

Nondegree students may enroll in selected courses. Students who complete continuing education work and later enroll in a degree program may be able to apply a limited amount of their continuing education work toward their degree requirements; applicable credit is determined by the School of Social Work.

Courses

## Social Work Courses

## SSW:1000 First-Year Seminar

1-2 s.h.
Small discussion class taught by a faculty member; topics chosen by instructor; may include outside activities (e.g., films, lectures, performances, readings, visits to research facilities). Requirements: first- or second-semester standing.
SSW:1022 Social Justice and Social Welfare in the United States 3 s.h.
Historical development of social welfare and social justice in the United States; individual values and ethics; role and responsibilities of enhancing society; contemporary practice to address social injustices including poverty, discrimination, various forms of violence; small group discussions and debates of various issues to allow for an exchange of diverse views and perspectives; volunteer work. GE: Values and Culture. Same as SOC:1022.
SSW:1200 Mental Health Across the Lifespan 3 s.h.
Basic mental health concepts emphasizing mental health variations throughout the lifecycle; use of cultural humility as a framework to better understand differences among these groups; discuss social determinants impacting mental health.

SSW:1800 Aging Matters: Introduction to Gerontology 3 s.h. Overview of the field of gerontology from a bio-psycho-social framework; how the human body and brain age, effects of these biological changes on physical and cognitive functions, and interaction of these individual factors with societal contexts; broad perspective to give students a foundation in gerontology, paving the way for more advanced courses in biology of aging, psychology of aging, and global aging; for students from a wide range of disciplines and levels, no prior knowledge of aging required. GE: Social Sciences. Same as ASP:1800, CSD:1800, NURS:1800, TR:1800.

## SSW:2042 Intercultural Communication

3 s.h.
Culture defined as a system of taken-for-granted assumptions about the world that influence how people think and act; cultural differences that produce challenges and opportunities for understanding and communication; those differences from several theoretical perspectives; opportunities to examine culture and cultural differences in practical, experience-driven ways. Same as COMM:2042, IS:2042.

## SSW:3135 Global Aging

Demographic factors that contribute to the worldwide phenomena of population aging in context of WHO Active Aging and the United
Nation's Principles for Older Persons frameworks. Same as ASP:3135, GHS:3050.

## SSW:3191 Individual Study

arr.
Project related to student interest carried out under direction of faculty member.

## SSW:3500 Nonprofit Organizational Effectiveness I 3 s.h.

Operational and financial aspects of nonprofit management; mission and governance of organization; strategic planning for effective management, including finance, budget, income generation, fund-raising. Same as ENTR:3595, MGMT:3500, MUSM:3500, NURS:3595, RELS:3700.

SSW:3600 Nonprofit Organizational Effectiveness II 3 s.h. Qualities for leadership of nonprofit organizations, including relationships with staff and volunteers; relationship of nonprofit and outside world; marketing, public relations, advocacy strategies for nonprofits. Same as MGMT:3600, NURS:3600, RELS:3701.

## SSW:3700 Introduction to Understanding Trauma and

 ResilienceIntroduction to understanding key concepts of trauma-informed systems of care in multiple settings; identification of various types of trauma along with behaviors and responses seen in survivors of trauma; students trace effects of historical trauma of marginalized communities and multiple trauma survivor groups to understand the consequences of trauma and its impact in the culture; resilience and strategies to offset consequences of trauma. Same as PSQF:3700.
SSW:3712 Human Sexuality, Diversity, and Society 1-3 s.h. Introduction to human sexuality from a biopsychosocial, sex-positive perspective; sexuality as a normal and essential component of human existence and expression throughout the life span; influence of gender, class, religion, race, ethnicity, sexual orientation, ability status, age, and culture on sexuality interwoven and highlighted; diversity of perspectives and experiences shared through active participation and respectful dialogue. Same as NURS:3712.

## SSW:3729 Substance Use and Abuse

2-3 s.h.
Chemical dependency for helping professions; etiological, physiological, psychological, legal, sociological aspects; treatment methods.

## SSW:3786 Death/Dying: Issues Across the Life Span 3-4 s.h.

 Introduction to the field of end-of-life care; examination of student concerns about death, dying, and grieving process; historical, cultural, societal, and personal perspectives of death and dying in modern society. Same as ASP:3786.SSW:3796 Family Violence 2-3 s.h.
Thinking critically about one of the most damaging family problems prevalent in the United States today-family violence; students examine the phenomena of child abuse and neglect, domestic violence, and elder abuse, including definitions, causes, risk factors, consequences, reporting, assessment, intervention, prevention, and policy.
SSW:3797 Child Welfare Policy and Practice
3 s.h.
Public and private child welfare practice and organizations in the United States; historical and legal aspects, co-occurring issues, foster care, adoption, family preservation.

SSW:3799 Selected Aspects of Social Work and Social Welfarearr. Human behavior, practice, social welfare policy.
SSW:3840 Human Behavior in the Social Environment 3-4 s.h. Behavior and development in context of social, ecological systems and human diversity; overview of biopsychosocial dimensions, individual behavior, and development throughout lifespan; contexts of diverse family, group, community, organization, and cultural systems.

## SSW:3841 Fundamentals of Social Work Practice 3 s.h.

Professional practice: functions, roles, skills, conceptual frameworks, values, ethics; focus on integrated approach to practice, including assessment, intervention, evaluation of interventions, termination with individuals, families, groups; emphasis on empirically based practice.
Corequisites: SSW:3840, if not taken as a prerequisite. Requirements: admission to social work BA program.

SSW:3842 Interpersonal Skills Laboratory 2 s.h.
Practice of interpersonal skills required in the helping relationship.
Corequisites: SSW:3841, if not taken as a prerequisite. Requirements: admission to social work BA program.
SSW:3844 Introduction to Social Work Research
4 s.h.
Scientific approach to knowledge building, with emphasis on critical use of research; quantitative and qualitative methods, evaluation of practice, computerized data analysis, ethics and diversity in social work research. Requirements: admission to social work BA program.

## SSW:3845 Social Work Processes

4 s.h.
Context of practice examined to understand structural factors that affect clients and communities; culturally competent practice using empowerment perspective. Corequisites: SSW:3840, if not taken as a prerequisite. Requirements: admission to social work BA program.
SSW:3847 Discrimination, Oppression, and Diversity 3 s.h.
Theoretical and historical perspectives on racism, sexism, other forms of discrimination; applications to social work, culturally competent practice, change strategies. Requirements: admission to social work BA or MSW program.

## SSW:3900 Campus Sexual Assault: Policy, Prevention, and

 InterventionAmong undergraduate students, $26.4 \%$ of females and $6.8 \%$ of males experience rape or sexual assault in college; students examine institutional responses to campus sexual assault with a goal of becoming informed advocates to work with institutions to strengthen programs and support; laws and policies that guide campus responses to sexual assault; effectiveness of a range of models for preventing and intervening with campus sexual assault; and prevention and interventions for groups at higher risk of sexual assault, including first-year students, racial and sexual minorities.
SSW:3904 Human Services Administration 2 s.h.
Effects of organizational structures/processes on individual performance; models of management, communication patterns, leadership styles; skill in technical writing, decision-making, personnel and financial management, applied professional ethics. Requirements: completion of foundation courses.
SSW:4100 Social Work in the Criminal Justice System 3 s.h. How social work practice intersects with different aspects of the criminal justice system; focus on integrating social work values into criminal justice field; social work's responsibility to address social justice problems (e.g., mental illness, racial disparity, gender, human rights) within criminal justice system; critical examination of past and present practices in criminal justice and implications for social work practice and policy when working with individuals in criminal justice system.

## SSW:4130 Family Development Specialist Model

Use of family development specialist model of family-centered practice to facilitate improved family functioning, economic independence; relationship building, systems theory, familycentered case management, conflict management, empowerment strategies. Requirements: completion of family development specialist certification course.

## SSW:4155 Treatment of Substance Use and Co-Occurring

 DisordersTreatment of individuals presenting substance related issues (abuse, dependency, co-occurring disorders); etiological, physiological, psychological, legal, and sociological aspects; evaluation of current research and direct application of contemporary treatment modalities to client situations encountered as helping professionals. Recommendations: introductory course in substance abuse.

SSW:4189 Bachelor of Arts Generalist Practicum Seminar 1 s.h. Opportunity for students to recount their experiences from generalist practice in agencies; application of knowledge, skills, and values of culturally competent social work. Corequisites: SSW:4193. Requirements: completion of coursework in the major.
SSW:4190 Aging Studies Internship and Seminar
3 s.h.
Opportunities for students in various disciplines to relate their areas of study to older adults and aging; interdisciplinary relationships, approaches to meeting needs of older adults; an online seminar that meets regularly is included in this experience. Same as ASP:4190.

## SSW:4192 Honors in Social Work

arr.
Supervised individual research. Requirements: honors standing.

## SSW:4193 Bachelor of Arts Generalist Practicum

arr.
Supervised experience in selected social welfare organizations; application of knowledge and skill common to generalist practice in an agency setting. Corequisites: SSW:4189. Requirements: completion of coursework in the major and social work senior standing.
SSW:4700 Motivational Interviewing in Diverse Application 3 s.h. Application of motivational interviewing (MI) skills, as a collaborative process and communication style, while working with individuals presenting with ambivalence to change; MI skills are used to guide across the change process ("Stages of Change") by evoking the intrinsic motivation for change; includes application to diverse populations (e.g., cultural groups, veterans, adolescents) and psychological issues individuals may exhibit.
SSW:4843 Social Welfare Policy and Practice
3 s.h.
Basic social welfare policies and programs; economic, social, ideological, and political conditions that have influenced formation and implementation of social policy, current structure of major social welfare policies.
SSW:5194 Social Work Practice in Health Care Settings 2 s.h. Introduction to organization, provision of social work services in health care settings; practice issues such as models of intervention, ethical questions, impact of cultural diversity on health care.
SSW:5200 Grief Work with Individuals and Families 2-3 s.h. Complexity of grief and its multifaceted impact on family systems; utilizing grief theories, including Worden's Tasks of Mourning, ambiguous loss theory, several family systems models; examination of multi-generational dynamics that affect how we learn to grieve, how we experience grief, and how we live after a loss; acknowledged and unacknowledged grief and loss; generational family dynamics; difficulties and strengths passed from one generation to the next; assessing grief at individual, family, group, and community levels; how loss can affect personal well-being and professional practice, particularly when working with an interdisciplinary team. Requirements: social work graduate standing.

3 s.h. SSW:5240 Trauma Informed Family Practice 3 s.h.
Theory, knowledge, and skills informing evidence-based assessment and intervention for traumatized children and adolescents in child welfare system, including those exposed to abuse, neglect, witnessing interpersonal crime (e.g., domestic violence, community violence); family events within their ecological context, various family forms, cultural patterns; controversial issues in child welfare, conclusions based on scholarly research, presentation of conclusions in professional oral and written form.
SSW:5250 Resilience and Trauma-Informed Interventions with Individuals 3 s.h.
Focusing primarily on trauma caused by violence, students explore definitions, symptoms, and physiology of trauma and post-traumatic stress disorder (PTSD), and the impact of violence on individuals, family system, and communities; individual-level assessment and interventions.
SSW:6100 Thinking Like a Social Worker 3 s.h.
Introduction to social work values and ethics in context of systemic perspective and social, economic, and environmental justice; critical analysis of the profession's historical and social context to understand how privilege and power are perpetuated in society and in social work practice; ethical dilemmas and application of ethical decisionmaking models to make practice decisions; exploration of systemic thinking as distinguishing social work from other helping professions; examination of privilege from the perspective of those who have and do not have privilege or power. Requirements: admission to MSW program.

## SSW:6200 Development of Professional Use of Self

3 s.h.
Development and practice of interpersonal skills for effective use of self in social work practice; students identify and resolve barriers to effective skill development and demonstrate professional demeanor, empathy, self-reflection, and self-regulation; examination of how cultural and family beliefs and values facilitate or constrain ability to develop an other-oriented stance open to new cultural information; development of effective use-of-self through recognizing and interpreting emotional and physiological reactions in interactions with client systems; engagement in active learning through role play and video recording skill practice. Requirements: admission to MSW program.
SSW:6224 Spirituality and Ethics in Social Work 2-3 s.h. Knowledge, values, and skills that provide a framework for spiritually sensitive social work practice; preparation for responding competently and ethically to diverse spiritual perspectives, for recognizing and reflecting on one's own spiritual beliefs, and for identifying appropriate ways to apply personal beliefs to practice with varied populations while safeguarding client autonomy and selfdetermination.

SSW:6228 Theories of Personality and Psychopathology 2 s.h. Theories and their relevance to social work practice with diverse populations. Prerequisites: SSW:3840. Requirements: social work graduate standing.
SSW:6232 Therapy with Couples 2 s.h. Introduction to working with couples in interaction and as a social system; theories of functional and dysfunctional systems; theoretical bases for couple's therapy and techniques of intervention; special attention to couple assessment. Requirements: completion of foundation courses.

## SSW:6233 School Social Work Practice

Evidence-based school social work services from a multilevel approach with student, family, school, and community grounded in social work standards, values, ethics and cultural competence; social and political influences on education and practice; prevention, assessment and intervention; specific practices include response to intervention and positive behavior supports; evaluating and serving students with disabilities including use of functional behavior assessment and development of behavior intervention plans; consultation and collaboration with teachers and school staff, engaging in culturally sensitive practices.

## SSW:6234 Social Work Practice and Use of the Diagnostic and

 Statistical Manual of Mental Disorders 3 s.h.Major categories of psychopathology and the DSM-5 system of classification; the use of the DSM-5 approach to diagnosis allows one to consider all aspects of an individual's behavior and presentation of symptoms; included in the DSM is information about effects of culture, developmental stage, and gender on the presentation of mental disorders.

## SSW:6236 Interventions with Individuals

Specialized practice; emphasis on thinking about how one works with individuals and importance of emotional (affective) regulation in the professional relationship; focus on emerging findings from the neurosciences combined with attachment theory and object relations; class deliberations involve theory and practice; understanding the overall interpersonal and psychotherapeutic process. Requirements: completion of foundation courses.

## SSW:6237 Social Work Practice with Children, Youth, and

 FamiliesPreparation for practice in child welfare, family service agencies; family life cycle, child development, child maltreatment, problems of adolescence, social services for families and children, legal issues. Requirements: completion of foundation courses.
SSW:6238 Introduction to Play Therapy 2-3 s.h.
Major theories and techniques of play therapy, relevance to social work practice.
SSW:6247 Nonprofit Organizational Effectiveness I 3 s.h. Operational and financing aspects of nonprofit management; mission and governance of organization; strategic planning for effective management, including finance, budget, income generation, fundraising. Same as HMP:6360, MGMT:9150, PBAF:6278, RELS:6070, SPST:6010, URP:6278.
SSW:6248 Nonprofit Organizational Effectiveness II 3 s.h.
Qualities for leadership of nonprofit organizations, including relationships with staff and volunteers; relationship of nonprofit and outside world; marketing, public relations, advocacy strategies for nonprofits. Requirements: for HMP:6365-HMP:6360 or MGMT:9150. Same as HMP:6365, MGMT:9160, PBAF:6279, RELS:6075, SPST:6020, URP:6279.

## SSW:6281 Social Work Practice: Selected Aspects

Topics not covered in another course; diversity, social justice and ethics issues related to a social work practice area.

SSW:6282 Grant Writing
1-2 s.h.
Same as PBAF:6282, URP:6282.

2 s.h. SSW:6300 Theory and Skills for Working with Individuals and Families
Individual and family engagement, assessment, and intervention through the lens of multidisciplinary theoretical frameworks; students assess quality and credibility of different kinds of knowledge and critically appraise interventions for working with individuals and families; application of assessment and intervention frameworks that emphasize clients' strengths in diversity; development of selfreflective interpersonal skills necessary for establishing effective, antioppressive professional relationships with individuals and families. Requirements: admission to MSW program.

## SSW:6400 Theory and Skills for Working with Organizations and

 Communities
## 3 s.h.

Social work practice requires interdisciplinary, interprofessional, and interorganization collaboration at all systems levels; focus on organizational and community engagement, assessment, intervention, and evaluation; assessment of quality and credibility of different kinds of knowledge when working with organizations and communities; students apply a social justice lens to see how structural systems of oppression contribute to social problems and injustices in organizations and communities, and critically examine interpersonal skills for establishing effective professional relationships when working with organizations and communities. Requirements: admission to MSW program.
SSW:6500 Social, Economic, and Environmental Justice I 3 s.h. Students are challenged to think critically in context of deeply held personal beliefs; development of competencies for engaging diversity and difference in practice; examination of personal beliefs, biases, and affective reactions; how systems of oppression, alienation, marginalization, power, and privilege intersect for clients and communities; how social work practice can advance human rights and social, economic, and environmental justice; use of critical thinking to analyze, formulate, and advocate for policies that advance justice. Requirements: admission to MSW program.

## SSW:6600 Engaging with Evidence

 3 s.h.Students expand critical thinking skills necessary for effective social work practice; development of competencies in research and evaluation at all levels of practice; critical appraisal of evidenceinformed approaches to social work practice; quality of research evidence and its implications for improving practice effectiveness; application of research evidence to inform and improve practice. Requirements: admission to MSW program.
SSW:6700 Generalist Practicum in Social Work
Generalist practice experience with individuals, families, small groups, organizations, and communities; communication skills, change process, professional values, and ethics applied at multiple system levels; students evaluate their own practice using a learning contract in an agency setting. Corequisites: SSW:6701. Requirements: admission to MSW program, and concurrent enrollment in or completion of generalist courses.
SSW:6701 Generalist Practice Seminar 1 s.h. Integration of classroom learning and development as a social worker with experience in generalist practicum placement; ethical decision-making practice, critical reflection of situations when social work values may not align with client, agency, or interdisciplinary team values; peer feedback to promote professional accountability; documentation and reflection of professional development and acquisition of social work competencies from first half of MSW program; establishment of professional development plans for seeking and using feedback and supervision for self-reflection, self-care, and strategically establishing professional relationships. Corequisites: SSW:6700. Requirements: admission to MSW program, and concurrent enrollment in or completion of generalist courses.

## SSW:7100 Critical Thinking for Clinical Practice

Preparation for specialized coursework; builds on generalist practice at individual and family levels; critical thinking to appraise theory, practice, use, and creation of evidence for clinical practice; demonstration of critical thinking skills in assessment and treatment planning; how personal beliefs, biases, assumptions, and reactions influence and limit understandings of clients and communities; decentering personal experiences and understandings. Requirements: admission to advanced standing MSW program.
SSW:7200 Critical Thinking for Leadership Practice 2 s.h.
Preparation for specialized coursework; builds on generalist practice at group, organization, and community levels; demonstration of critical thinking skills in community or organization assessment; use of critical thinking to distinguish between practice models, critically appraise theory and practice models across systems levels, and understand the process of developing and using evidence in leadership practice; examination of how power and privilege manifest at group, organization, and community levels. Requirements: admission to advanced standing MSW program.

## SSW:7271 Individual Study

arr.
Project related to student interest; directed by faculty member.
SSW:7272 Thesis

## SSW:7310 Clinical Practice I: Treatment Planning and Intervention

3 s.h.
Examination of stages of planned change process in clinical practice with individuals and families; focus on engagement, clinical assessment, ethics of diagnosis, treatment planning, and intervention; students conceptualize cases through multiple lenses, including cultural humility and anti-oppressive practice; standards from the NASW Code of Ethics that guide clinical practice and extend understanding of effective self-reflection; use of self in establishing collaborative relationships with individuals, families, and other professionals.

## SSW:7320 Clinical Practice II: Intervention, Evaluation,

 TerminationCollaboration with clients using advanced clinical interventions that advance anti-oppressive and anti-racist social work practice; application of family systems theories through case-based learning and role plays; students critically self reflect and regulate their affective reactions in professional relationships.

## SSW:7330 Clinical Practice III: Selected Topics in Clinical

 PracticeParticipation in advanced training in clinical topics; examination of theoretical underpinnings and case application of each advanced clinical topic.

## SSW:7410 Leadership Practice I: Community Relationship

 Building and CollaborationUnderstanding and working within communities, cross-disciplinary collaboration, network and coalition-building; students utilize various technologies to conduct capacity assessments, facilitate meetings, and learn how to work with interdisciplinary teams; how to partner with community members to develop projects and advocate for social, economic, environmental, and racial justice; special emphasis on antiracist and anti-oppressive practice and working with communities that are under-resourced or historically marginalized.

2 s.h. SSW:7420 Leadership Practice II: Policy Analysis and Advocacy

3 s.h.
Leadership skills for policy development, analysis, and implementation. Students develop policy analysis skills to understand how policies impact individuals, communities, and organizations; advocate for policies that advance social, economic, environmental, and racial justice; and develop a deep understanding of local, state, and federal policy and advocacy roles, networks, and leadership opportunities. Students will understand the importance of political social work and their role in leading communities.

## SSW:7430 Leadership Practice III: Leading Programs and

 Organizations3 s.h.
Principles of effective and inspiring leadership that center the interests of the communities served. Students learn about mission- and valuedriven leadership, and how to build a foundation of ethical, antiracist, and anti-oppressive practice in an organization. Knowledge and skill development include communication and relationship building with internal and external stakeholders; program development and implementation; staff supervision; change management; developing organizational policies; and planning and budgeting.
SSW:7500 Social, Economic, and Environmental Justice II 3 s.h. Development of competencies for engaging in anti-racist and antioppressive social work practice; how to dismantle systems of oppression, alienation, marginalization, power, and privilege that intersect for clients and communities; students hone their skills in advancing human rights and social, economic, and environmental justice; use of critical thinking to analyze, formulate, and advocate for policies that advance anti-racism, diversity, equity, and inclusion.
SSW:7550 Program and Practice Evaluation
3 s.h.
Students build more advanced competencies in evaluation at all levels of practice; application of anti-racist and anti-oppressive lens to evaluation; focus on evaluation approaches that seek out expertise and develop evaluation leadership of marginalized communities to improve practice effectiveness; students apply and critically appraise evidence-informed approaches to practice.
SSW:7600 Practicum with Clinical Specialization 3-4 s.h.
Practice experience implementing clinical theories and skills in interventions with individuals, families, and groups; two semester practical course.

## SSW:7601 Clinical Practicum Seminar I

1 s.h.
Integration of student learning in specialized year courses and practicum; practice giving, seeking, and incorporating feedback on use of self, ethical decision-making, engagement with anti-racist practice, and other aspects of professional development; focus on MSW program, students document and reflect on their professional development and acquisition of social work competencies by creating a portfolio of their work. Corequisites: SSW:7600.
SSW:7602 Clinical Practicum Seminar II
1 s.h.
Integration of student learning in specialized year courses and practicum; practice giving, seeking, and incorporating feedback on use of self, ethical decision-making, engagement with anti-racist practice, and other aspects of professional development; focus on MSW program, students document and reflect on their professional development and acquisition of social work competencies by creating a portfolio of their work. Corequisites: SSW:7600.
SSW:7750 Practicum with Leadership Specialization 3-4 s.h.
Practice experience implementing leadership theories and skills in interventions with organizations and communities; two semester practical course.

## SSW:7751 Leadership Practicum Seminar I

Integration of student learning in specialized year courses and practicum; practice giving, seeking, and incorporating feedback on use of self, ethical decision-making, engagement with anti-racist practice, and other aspects of professional development; focus on MSW program, students document and reflect on professional development and acquisition of social work competencies by creating a portfolio of their work. Corequisites: SSW:7750.

## SSW:7752 Leadership Practicum Seminar II

1 s.h.
Integration of student learning in specialized year courses and practicum; practice giving, seeking, and incorporating feedback on use of self, ethical decision-making, engagement with anti-racist practice, and other aspects of professional development; focus on MSW program; students document and reflect on professional development and acquisition of social work competencies by creating a portfolio of their work.

## SSW:7760 Practicum in School Social Work 3-4 s.h.

Practice experience implementing theories and skills in interventions in school setting; two semester practical course.
SSW:7800 Social Work Proseminar 1 s.h.
Orientation for new PhD students to program and degree
requirements; how to formulate research questions; introduction to faculty research and interests. Requirements: admission to social work doctoral program.

## SSW:7803 Social Work Research Practicum <br> 1-4 s.h.

Student work with faculty on various phases of research process including research design, measurement, sampling, data collection, data analysis, human subjects review, and writing for publication. Requirements: admission to social work doctoral program.

## SSW:7804 Thesis Writing Seminar

1-3 s.h.
Writing a thesis and an argument; synthesizing literature and justifying methods; development of scientific communication skills; defending ideas at proposal hearing and thesis defense.

## SSW:7806 Teaching Practicum

Development of knowledge, skills, and values needed to become effective, culturally competent social work educators through an applied teaching experience; faculty mentors provide ongoing instruction on how to teach and assess student learning.

## SSW:7807 Introduction to College Teaching for Social

## Workers 1 s.h

Development of knowledge and skills needed to become effective, culturally competent educators; topics may include theories of adult learning, course design, creating a learning culture that is inclusive, instructional strategies, accreditation processes, and writing a teaching philosophy.
SSW:7808 Seminar in Social Work Theory and Knowledge 3 s.h. Examination of fundamental relationship between theory and research and epistemology of micro-level theories used in social work research; emphasis on critical evaluation of theories and understanding the difference between frameworks, theories, conceptual models, and their functions; students present and defend their own analysis of theories applicable to their program of scholarship and engage other students in discussion. Requirements: admission to University of Iowa doctoral program.

SSW:7810 Conducting a Systematic Literature Review 3 s.h.
How to design, conduct, and write scoping and systemic reviews of existing research literature; methods of reviews, quality standards for reviews, and application of these standards to critique reviews or review proposals.

SSW:7820 Writing for Publication in Social Sciences 3 s.h.
Graduate seminar providing practical experience in publishing for peer-reviewed journals in a variety of disciplines. Using Belcher's "Writing Your Journal Article in Twelve Weeks," students explore strategies for planning a writing project, identifying appropriate journals, clarifying arguments, making claims for significance, and organizing material. Students revise a draft (such as a classroom paper, conference paper, or comprehensive exam) into a peerreviewed article and submit it for publication. In a supportive environment, discuss strategies for overcoming resistance to writing.
SSW:7830 PhD Dissertation
Ongoing and substantial feedback to doctoral candidates on development and defense of dissertation. Prerequisites: SSW:7800 and SSW:7803 and SSW:7806 and SSW:7807. Requirements: submission of comprehensive exam.

## Social Work, BA

The undergraduate program in social work has been accredited continuously by the Council on Social Work Education (CSWE) since 1974 and is designed to be consistent with the council's 2022 Educational Policy Statement competencies.
Consistent with CSWE standards, the program views dimensions of diversity as intersections of multiple factors, including age, class, color, culture, disability, ethnicity, gender, gender identity and expression, immigration status, political ideology, race, religion, sex, and sexual orientation. Students learn that, as a consequence of difference, a person's life experiences may include oppression, poverty, marginalization, and alienation as well as privilege, power, and acclaim.

## Learning Outcomes

The specific mission of the BA program in social work is to prepare culturally aware generalist social workers whose practice is consistent with social work values and ethics, including a commitment to social justice and social change. The program's goals are to:

- prepare students for culturally competent generalist social work practice with individuals, families, small groups, organizations, and communities;
- provide students with a base for continuing graduate education in social work and for lifelong learning; and
- prepare students for active engagement with issues of social justice, oppression, and social welfare in local, state, regional, national, and global goals.
The program draws on a liberal arts perspective; social and behavioral science theory; social research; social policy development, analysis, and implementation; culturally competent intervention and prevention approaches in working with individuals, families, small groups, organizations, and communities; social integration; multiple systems assessment and evaluation; and knowledge pertaining to diversity.

Knowledge and practice in social work values and ethics are also an integral part of students' education. Knowledge and skill related to the evaluation of practice are integrated throughout the curriculum, beginning in SSW:1022 Social Justice and Social Welfare in the United States, continuing through practice and research courses, and culminating in the field experience and field seminar.

## Requirements

The Bachelor of Arts with a major in social work requires a minimum of 120 s.h., including at least 56-60 s.h. of work for the major (a minimum of $35-38$ s.h. in social work courses, $9-10$ s.h. in cognate areas, 6 s.h. in one other department or in social work courses, and 6 s.h. in social work electives). Students must maintain a grade-point average (GPA) of at least 2.00 in all UI courses and a GPA of at least 3.00 in social work courses for the major. Only the first 6 s.h. of School of Social Work elective courses (prefix SSW) completed will be calculated in the major grade-point average. They also must complete the College of Liberal Arts and Sciences GE CLAS Core [p. 19].
Students must complete SSW:1022 Social Justice and Social Welfare in the United States to be admitted to the major and before enrolling in the remaining social work courses required for the major; this course also fulfills the Values and Culture requirement of the GE CLAS Core. A transfer student may be given approval by the department to substitute this requirement if they have completed an introduction to social work or an introduction to human services course at another institution. If transferring the course from another institution, a student
may be able to reduce the social work credit required for the major by 3 s.h.

The BA with a major in social work requires the following coursework.

| Requirements | Hours |
| :--- | :--- |
| Social Work Courses | $35-38$ |
| Required Electives | 12 |
| Cognate Areas | $9-10$ |

## Social Work Courses

| Course \# | Title | Hours |
| :---: | :---: | :---: |
| All of these: |  |  |
| SSW:1022 | Social Justice and Social Welfare in the United States | 3 |
| SSW:3840 | Human Behavior in the Social Environment | 4 |
| SSW:3841 | Fundamentals of Social Work Practice | 3 |
| SSW:3842 | Interpersonal Skills Laboratory | 2 |
| SSW:3844 | Introduction to Social Work Research | 4 |
| SSW:3845 | Social Work Processes | 4 |
| SSW:3847 | Discrimination, Oppression, and Diversity | 3 |
| SSW:4189 | Bachelor of Arts Generalist Practicum Seminar | 1 |
| SSW:4193 | Bachelor of Arts Generalist Practicum | 8-11 |
| SSW:4843 | Social Welfare Policy and Practice | 3 |

## Required Electives

Students complete a minimum of 6 s.h. of social work electives and 6 s.h. of courses in one other discipline or they can select additional coursework in social work. If they opt to complete 6 s.h. from another discipline, students typically select courses in areas closely related to social work, such as African American studies (prefix AFAM); aging and longevity studies (prefix ASP); American studies (prefix AMST); communication studies (prefix COMM); criminology, law and justice (prefix CRIM); entrepreneurial management (prefix ENTR); global health studies (prefix GHS); journalism and mass communication (prefix JMC); management and entrepreneurship (prefix MGMT); political science (prefix POLI); psychological and brain sciences (prefix PSY); public health (prefix CPH); sociology (prefix SOC); social justice (prefix SJUS); Spanish (prefix SPAN); and gender, women's, and sexuality studies (prefix GWSS).
Students who are working on a minor or a certificate may apply up to 6 s.h. toward this requirement.

Students complete the following.

| Course \# | Title |
| :--- | ---: |
| These: | Hours |
| Social work electives | 6 |
| Electives in another discipline related to social work | 6 |
| Or this: | 12 |

## Cognate Areas

Students complete the following.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| All of these: |  | 3 |
| POLI:1100 | Introduction to American |  |
|  | Politics | 3 |
| PSY:1001 | Elementary Psychology | $3-4$ |

## Honors

## Honors in the Major

Students majoring in social work have the opportunity to graduate with honors in the major. Honors students complete in-depth study in areas that interest them. They must maintain a cumulative University of Iowa grade-point average (GPA) of at least 3.33 and a minimum major GPA of at least 3.33. Consult the School of Social Work for more information about graduating with honors in the major.

## University of Iowa Honors Program

In addition to honors in the major, students have opportunities for honors study and activities through membership in the University of Iowa Honors Program. Visit Honors at Iowa to learn about the university's honors program.

Membership in the UI Honors Program is not required to earn honors in the social work major.

## Admission

The School of Social Work endeavors to enroll students who represent diverse backgrounds and cultural perspectives.

The School of Social Work criteria for admission for a BA in social work is being revised and will be detailed on their Undergraduate Admissions Process website.

Admission to the undergraduate program in social work requires:

- completion of SSW:1022 Social Justice and Social Welfare in the United States with a grade of C or higher;
- a cumulative grade-point average (GPA) of at least 2.50 (exceptions may be made for persons who do not meet the GPA requirement if they are strong candidates on the basis of other criteria); and
- completion of application forms and statement.

Students should complete SSW:1022 in their first year or in fall of their sophomore year and apply to the major during their sophomore year. Students who apply during their junior year and are admitted must expect to complete an additional summer session, or more, in order to fulfill the requirements of the major.

All of the items above are required for transfer students, except that substitution of SSW:1022 is permitted with a grade of C or higher in a course approved by the department, such as introduction to social work or introduction to human services.

Meeting the admission requirements above does not guarantee admission. Admission may be limited by available instructional resources and opportunities for field placement. While volunteer, work, and life experience are valued in the admission process, the Council on Social Work Education (CSWE) does not permit the School of Social Work to grant academic credit for life experience or previous work experience.

For more information about admission policies, contact the program administrator at the School of Social Work.

## Social Work Interest

Students who are interested in applying to the social work major may declare social work interest at any time after they enroll at the university and before they earn 60 s.h. of credit, and preferably while they still will have time to enter and complete the major in a total of four years of study. Students with over 60 s.h. earned must contact the School of Social Work to gain permission to declare social work interest. Students may not declare a social work interest after they have earned 72 s.h., even if they already have declared another major.
Declaration of a social work interest qualifies students with at least sophomore standing to be advised by a senior academic advisor assigned to social work interest students. The declaration allows students to participate in the Social Work Student Association and other social work activities, but does not allow them to register for required courses in the major. They may take electives in the social work department prior to formal admission to the major.
Students may continue their social work interest standing until they are admitted to the major or until they have earned more than 72 s.h. of credit.

## Career Advancement

The social work major prepares students for employment in social service areas such as public welfare, child welfare, human service organizations, mental health, health providers (such as hospitals, hospice, skilled care, substance abuse treatment), senior services, group services, residential treatment for youth and persons with disabilities, and corrections. Many graduates continue with advanced study in social work or related physical and mental health professions. Overall employment of social workers is projected to grow $16 \%$ from 2016-2026 (Bureau of Labor Statistics).

The Pomerantz Career Center offers multiple resources to help students find internships and jobs.

## Academic Plans

## Four-Year Graduation Plan

The following checkpoints list the minimum requirements students must complete by certain semesters in order to stay on the university's Four-Year Graduation Plan. Courses in the major are those required to complete the major; they may be offered by departments other than the major department.

Admission to the major in social work is selective. The four-year graduation plan applies only to students who are admitted by the beginning of their fifth semester.

Before the fifth semester begins: four courses in the major and admission to the major.
Before the seventh semester begins: five more courses in the major and at least 90 s.h. earned toward the degree.

Before the eighth semester begins: five more courses in the major and finalized field placement.

During the eighth semester: enrollment in all remaining coursework in the major, all remaining GE CLAS Core courses, and a sufficient number of semester hours to graduate.

## Sample Plan of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.

a The Academic Advising Center and the College of Liberal Arts and Sciences advise Social Work Interest students on prerequisite course planning. Students are advised for success, based on academic strength, not necessarily for a four year plan. Prerequisites may take more than two years to complete.
b Sustainability must be completed by choosing a course that has been approved for Sustainability AND for one of these General Education areas: Natural Sciences; Quantitative and Formal Reasoning; Social Sciences; Historical Perspectives; International and Global Issues; Literary, Visual, and Performing Arts; or Values and Culture.
c Students must complete SSW: 1022 to be admitted to the major and before enrolling in the remaining social work required major courses. Students may take this course in any semester, but must have completed the course before admission is finalized. It is recommended that it be taken in the first three semesters.
d Fulfills a major requirement and may fulfill a GE requirement.
e GE CLAS Core courses may be completed in any order unless used as a prerequisite for another course. Students should consult with an advisor about the best sequencing of courses.
f Students who have completed four years of a single language in high school have satisfied the GE CLAS Core World Languages requirement. Enrollment in world languages courses requires a placement exam, unless enrolling in a first-semester-level course.
g Students may use elective courses to earn credit towards the total s.h. required for graduation or to complete a double major, minors, or certificates.
h Students are expected to apply to the major in their sophomore year. Juniors are permitted to apply and if they do so, it is with the expectation that at least one additional summer session of coursework will be necessary to complete all of the requirements of the major due, in part, to the sequencing of social work courses.
i Students must take two elective courses in social work ( 6 s.h.).
j Students must take an additional two courses ( 6 s.h.) of electives. They may take the two courses as additional social work electives, or they may take two courses in a related discipline.
k Please see Academic Calendar, Office of the Registrar website for current degree application deadlines. Students should apply for a degree for the session in which all requirements will be met. For any questions on appropriate timing, contact your academic advisor or Graduation Services.

## Social Work, Minor

## Requirements

The undergraduate minor in social work requires a minimum of 15 s.h. in social work courses, including 12 s.h. in courses numbered 3000 or above taken at the University of Iowa. Students complete one required course and 12 s .h. of elective coursework. They must maintain a grade-point average of at least 2.00 in all courses for the minor and in all UI courses for the minor. Coursework for the minor may not be taken pass/nonpass.
Social work courses required for the major are not available to students who are not admitted to the social work program.
The minor in social work requires the following coursework.

## Required Course

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| One of these: | Social Justice and Social <br> Welfare in the United States | 3 |
| SSW:1022 | 3 |  |
| Equivalent course from another institution (must be <br> approved by the School of Social Work) | 3 |  |

## Electives

Students select 12 s.h. from the following; many courses have an online section.

| Course \# | Title | Hours |
| :---: | :---: | :---: |
| SSW:3135 | Global Aging | 3 |
| SSW:3500 | Nonprofit Organizational Effectiveness I | 3 |
| SSW:3600 | Nonprofit Organizational Effectiveness II | 3 |
| SSW:3700 | Introduction to Understanding Trauma and Resilience | 3 |
| SSW:3712 | Human Sexuality, Diversity, and Society | 1-3 |
| SSW:3729 | Substance Use and Abuse | 2-3 |
| SSW:3786 | Death/Dying: Issues Across the Life Span | 3-4 |
| SSW:3796 | Family Violence | 2-3 |
| SSW:3797 | Child Welfare Policy and Practice | 3 |
| SSW:3799 | Selected Aspects of Social Work and Social Welfare | arr. |
| SSW:3900 | Campus Sexual Assault: Policy, Prevention, and Intervention | 3 |
| SSW:3904 | Human Services Administration | 2 |
| SSW:4100 | Social Work in the Criminal Justice System | 3 |
| SSW:4155 | Treatment of Substance Use and Co-Occurring Disorders | 3 |
| SSW:4700 | Motivational Interviewing in Diverse Application | 3 |

## Master of Social Work, MSW

The Master of Social Work (MSW) program prepares social workers for leadership in the profession and for advanced social work practice in a wide range of settings. Students choose from two advanced concentrations, both of which allow students to develop advanced skills to work with families and communities and advocate for social change. The two concentrations of the program, currently familycentered practice and integrated practice, teach students knowledge and skills to work with children, adults, older adults, families, small groups, organizations, and communities. The program provides students the opportunity to develop the competencies necessary for leadership in addressing the unique challenges of the state of Iowa, including a large proportion of older adults, recent immigrants to rural communities, and rural poverty.

The program has been continually accredited by the Council on Social Work Education (CSWE) since 1951. See the CSWE Assessment of Learning Outcomes for the MSW program on the School of Social Work website.

## Master in Social Work Program Options

Options are available to complete the MSW full-time or part-time in Iowa City and Des Moines, with applications reviewed annually. The Quad Cities program (located in the Davenport/Bettendorf area on Iowa's eastern border) and the Sioux City program are threeyear, part-time programs to which students are admitted every three years. The hybrid (online) option is also a three-year cohort model, with applications reviewed every two years. Applicants to any of the options, at any of the centers, complete the same application, with one additional essay required of the online applicants.

## Regular Standing (54 s.h. Option)

Designed for individuals who have completed a degree in a discipline other than a CSWE-accredited social work degree program.
Applicants apply for fall admission; the deadline is Feb. 1.

## Advanced Standing ( $\mathbf{3 6}$ s.h. Option)

Designed for individuals who have completed the BA in social work or the BSW from a CSWE-accredited social work degree program. Applicants apply for summer admission; the deadline is Dec. 1.

## MSW Professional Association

Students and graduates of the social work program are eligible for membership in the National Association of Social Workers (NASW), the largest membership organization of professional social workers in the world with 132,000 members. NASW works to enhance the professional growth and development of its members, to create and maintain professional standards, and to advance sound social policies. The NASW Code of Ethics is intended to serve as a guide to the everyday professional conduct of social workers.

Graduates of accredited MSW programs may be eligible for membership in many specialized areas of practice, for example, associate membership in the American Association for Marriage and Family Therapy (AAMFT), upon fulfilling certain curriculum requirements at the graduate level. Courses are not automatically accepted; graduates need to demonstrate that specific courses meet the AAMFT's requirements, usually by sending course outlines.

## Learning Outcomes

## Enduring Understandings

The School of Social Work learning goals are expressed as enduring understandings-concepts that have lasting value beyond the classroom and are applicable to every aspect of social work practice.

- Commitment to advance social justice and fight discrimination and inequity.
- Adherence to a high standard of ethics.
- Using a systemic perspective, understanding the interconnectedness of people and their environments, and the systems in which we operate.
- Critical thinking, where problem solving, creativity, and innovation are as important as learning of facts.
- Self-awareness and effective use of self are crucial to effective relationships at all levels of practice.

## MSW Goals

The goals of the MSW program are to:

- prepare students to shape the profession's future by providing education in family-based, community-based, and culturally competent practice approaches using the person-in-environment framework; and
- prepare competent professionals for autonomous practice and leadership within the professional community, including advanced interventions at multiple system levels, supervision, program development, program administration, training, evaluation of practice, dissemination of new models of practice, and policy development.
The curriculum is designed to address the following nine competencies for both generalist and advanced practitioners:
- demonstrate ethical and professional behavior;
- advance human rights and social, racial, economic, and environmental justice;
- engage anti-racism, diversity, equity, and inclusion (ADEI) in practice;
- engage in practice-informed research and research-informed practice;
- engage in policy practice engage with individuals, families, groups, organizations, and communities;
- assess individuals, families, groups, organizations, and communities;
- intervene with individuals, families, groups, organizations, and communities; and
- evaluate practice with individuals, families, groups, organizations, and communities.
Explore how social workers help individuals, groups, and families across their lifespans on the NASW website.

## Requirements

The Master of Social Work requires 54 s.h. of graduate credit or 36 s.h. for students who hold an undergraduate degree in social work from a program accredited by the Council on Social Work Education (CSWE). Students must maintain a cumulative grade-point average of at least 3.00 and they must be in compliance with the school's student advancement policy. The degree is offered with or without thesis.
The MSW curriculum is under revision with the generalist courses launched in 2022 and the specialized advanced courses to be launched in 2023.

All MSW students follow a structured sequence of courses and must obtain permission to revise their plan.

Requirements for the 54 s.h. MSW program includes 22 s.h. in generalist courses, 23 s.h. in specialized courses, and a minimum of 9 s.h. in electives. Students complete one semester of generalist practicum and two semesters of specialized practicum. Credit from previous graduate coursework toward the MSW may be applied if specific criteria are met, but students must earn a minimum of 36 s.h. after admission to the MSW program. Full-time programs begin in the fall semester and include a summer session in which electives are offered.

Advanced standing ( 36 s.h.) students begin their coursework in the summer and may complete the program over one year (three semesters) or two years, following the sequenced plan.

## Specializations

The specific mission of the MSW program is to prepare social workers for leadership in the profession and for advanced social work practice in one of two specializations: social work in clinical practice or social work in leadership practice. The clinical practice specialization will prepare students for mental health work with individuals and families in organizations such as nonprofits, hospitals, schools, and private practice. The leadership practice specialization will prepare students to partner with communities, develop programs, lead organizations, and advocate for social, economic, and racial justice.

The MSW program helps students develop high levels of skill in applying the values and ethics of the social work profession to complex ethical issues. The program has a strong liberal arts focus, and the research mission of the university ensures students learn about faculty research; critical thinking; analytic and scientific ways of thinking; social, economic, and environmental justice; and practice and program evaluation. While students are not required to declare a field of practice, opportunities to specialize are available in fields such as aging, end-of-life care, school social work, child welfare, traumainformed practice, social work in health and mental health settings, and many others.

The school offers the MSW program on the university's Iowa City campus and at three learning centers: Des Moines, Sioux City (see "MSW Off-Campus Learning Centers" below), and as a hybrid (online) program. Each learning center provides the required structured sequence of courses and includes opportunities for students to individualize their plans of study through electives and practicum experiences.

Full-time study and a four-year, part-time program are available in Iowa City and Des Moines. A three-year sequence of courses is available at all sites, although the Sioux City site only admits entering classes on a three-year cycle. The hybrid program admits students every other year and is a three-year program.

Following are course sequences for full- and part-time 54 s.h. programs, and full- and part-time 36 s.h. programs. Students in the 54 s.h. program complete the generalist courses before advancing to the specialized courses. Studens in the 36 s.h. program enter in the summer session, taking two required courses and electives, and then proceed to the specialized courses.

- Two-Year (54 Semester Hour) Full-Time Program [p. 989]
- Three-Year (54 Semester Hour) Full-Time Program in Iowa City and Des Moines Centers [p. 990]
- Four-Year (54 Semester Hour) Part-Time Program [p. 990]
- One-Year (36 Semester Hour) Full-Time Program [p. 991]
- Two-Year (36 Semester Hour) Part-Time Program [p. 991]

## Two-Year (54 Semester Hour) FullTime Program

This program is for students who earned a bachelor's degree in a major other than a CSWE-accredited social work program.

## First Year: Generalist Practice

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| SSW:6100 | Thinking Like a Social Worker | 3 |
| SSW:6200 | Development of Professional <br> Use of Self | 3 |
| SSW:6300 | Theory and Skills for Working <br> with Individuals and Families | 3 |
| SSW:6400 | Theory and Skills for Working <br> with Organizations and <br> Communities | 3 |
| SSW:6500 | Social, Economic, and <br> Environmental Justice I | 3 |
| SSW:6600 | Engaging with Evidence <br> SSW:6700 | Generalist Practicum in Social <br> Work |
| SSW:6701 | Generalist Practice Seminar | 3 |

## Second Year: Specialization

| Course \# | Title Hours |
| :---: | :---: |
| SSW:7310 | Clinical Practice I: Treatment Planning and Intervention |
| or SSW:7410 | Leadership Practice I: Community Relationship Building and Collaboration |
| SSW:7320 | Clinical Practice II: <br> Intervention, Evaluation, Termination |
| or SSW:7420 | Leadership Practice II: Policy Analysis and Advocacy |
| SSW:7330 | Clinical Practice III: Selected Topics in Clinical Practice |
| or SSW:7430 | Leadership Practice III: Leading Programs and Organizations |
| SSW:7500 | Social, Economic, and <br> Environmental Justice II |
| SSW:7550 | Program and Practice Evaluation |
| SSW:7600 | Practicum with Clinical Specialization |
| or SSW:7750 | Practicum with Leadership Specialization |
| $\begin{aligned} & \text { SSW:7601 } \\ & \text { or SSW:7751 } \end{aligned}$ | Clinical Practicum Seminar I <br> Leadership Practicum Seminar I |
| SSW:7760 | Practicum in School Social Work |

## Two-Year (54 Semester Hour) Full-Time Program Electives

Students complete 9 s.h. in elective coursework. Students receive a tentative plan to complete the program and meet regularly with their faculty advisor about their plan.

## Three-Year (54 Semester Hour) FullTime Program in Iowa City and Des Moines Centers

This program is for students who earned a bachelor's degree in a major other than a CSWE-accredited social work program. Contact the School of Social Work for information about the three-year, part-time program offered online in Sioux City and the Quad Cities.

## First Year

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| SSW:6100 | Thinking Like a Social Worker | 3 |
| SSW:6200 | Development of Professional <br> Use of Self | 3 |

| or SSW:7752 | Leadership Practicum Seminar II |  |

## Four-Year Part-Time Program Electives

Students complete 9 s.h. in elective coursework. Students receive a tentative plan to complete the program and meet regularly with their faculty advisor about their plan.

## One-Year (36 Semester Hour) FullTime Program

This program is for students who earned a BA degree with a major in social work.

Students take a minimum of $4 \mathrm{~s} . \mathrm{h}$. in required coursework. In the fall they complete 9 s.h. of required courses and 4 s.h. of practicum and seminar. In the spring, they complete an additional 6 s.h. of required coursework and 4 s.h. of practicum and seminar. Students complete 9 s.h. in elective coursework. Students receive a tentative plan to complete the program and meet regularly with their faculty advisor about their plan.

## Two-Year (36 Semester Hour) PartTime Program

This program is for students who earned a BA degree with a major in social work.

## First Year, Two-Year Part-Time Program

Beginning in the summer, students take a minimum of 4 s.h. in required coursework. They take 6 s.h. in the fall and 6 s.h. in the spring of required coursework.

## Second Year, Two-Year Part-Time Program

Students take an advanced practicum (3 s.h.) and a seminar (1 s.h.) each semester. They also take a required program/practice evaluation course in the fall.

## Electives, Two-Year Part-Time Program

Students complete 9 s.h. in elective coursework. Students receive a tentative plan to complete the program and meet regularly with their faculty advisor about their plan.

## MSW Off-Campus Learning Centers

The School of Social Work delivers the MSW curriculum on campus in Iowa City and in two learning centers in Des Moines and Sioux City, Iowa; and as a hybrid (online) program. Each learning center is administered by the School of Social Work in cooperation with Distance and Online Education. Social work faculty members teach required courses at each center and are available for student advising. The off-campus programs have been evaluated by the Council on Social Work Education and the University of Iowa Graduate College as providing a program comparable to that available on the Iowa City campus.

Courses at each off-campus site are taught in classrooms by tenuretrack, clinical, lecturers, visiting, and adjunct faculty members. Instructional connections between sites are maintained through varied technologies, including computer-based instruction.

For program entry and application dates, contact the School of Social Work.

## Des Moines

The MSW program in Des Moines, in central Iowa, offers courses sequenced to accommodate both part-time and full-time study. Students may complete the entire degree program at the Des Moines center, although they may choose to travel to Iowa City for selected elective courses offered during the summer. Classes are held at the John and Mary Pappajohn Education Center.

## Sioux City

The Sioux City part-time program is offered in classroom space at Briar Cliff University in Sioux City, Iowa, with additional online asynchronous components.

## Hybrid (Online)

The MSW hybrid program is designed for students who live in Iowa or bordering states and who, because of geography or life circumstances, cannot access the Sioux City, Des Moines, or Iowa City learning centers. Students in this program attend evening classes in real time using video conferencing, and asynchronous classes in which coursework is done independently, adhering to deadlines. A mandatory two- or three-day summer institute is held in Iowa City each August. Courses are scheduled over a three-year period.

## Combined Programs

## Social Work Degree Programs MSW/PhD in Social Work

The school offers a Master of Social Work/Doctor of Philosophy program in social work for students who have completed coursework in research and statistics and have postbaccalaureate experience related to social work practice. The program permits students to apply a limited amount of credit toward both graduate degrees, reducing the time required to graduate. Individuals must apply to the MSW program and the PhD program; applications are reviewed by the admission panels of both programs. For more information, contact the School of Social Work.

## Degree Programs with Other Colleges

The School of Social Work collaborates with other colleges to offer combined degree programs. Each program permits students to apply up to $12 \mathrm{~s} . \mathrm{h}$. of graduate credit toward both degrees, reducing the time required to graduate

Applicants must apply to each program separately and be admitted to each one before they may be admitted to the combined degree program. Information about the combined programs is available from the School of Social Work's program administrator.

## MSW/JD

The School of Social Work collaborates with the College of Law to offer the combined Master of Social Work/Juris Doctor programs. For information about the JD, see Juris Doctor, JD [p. 1720] (College of Law) in the catalog.

## MSW/MBA (Professional Program)

The School of Social Work and the Tippie College of Business offer the combined Master of Social Work/Master of Business Administration programs. For more information., see the MBA Professional Program [p. 1217] (Tippie College of Business) in the catalog.

## MSW/MS in Urban and Regional Planning

The School of Social Work along with the School of Planning and Public Affairs offer the combined Master of Social Work/Master of Science in urban and regional planning. For more information, see the MS in urban and regional planning [p. 1689] (Graduate College) in the catalog.

## Admission

cultural perspectives. Previous experience in human services and cross-cultural experiences is desirable. The school does not grant academic credit for life experience or previous work experience.

Admission to the MSW 54 s.h. program requires a bachelor's degree from an accredited college or university, with a reasonable distribution of courses in the liberal arts and sciences (the humanities and the social, behavioral, and biological sciences).
Admission to the MSW 36 s.h. program requires a bachelor's degree in social work from a CSWE-accredited college or university.
Applicants must have an undergraduate grade-point average (GPA) of 3.00 or higher, or a GPA of 3.00 or higher on 12 s.h. of letter-graded graduate coursework; consult the university's Office of Admissions for assistance in calculating GPA. Competence on personal computers and spreadsheet applications is required.

Applicants whose first language is not English must submit official test scores to verify English proficiency. Applicants can verify English proficiency by submitting official test scores from the Test of English as a Foreign Language (TOEFL), the International English Language Testing System (IELTS), or the Duolingo English Test (DET).

Applicants must submit three letters of recommendation, including one regarding academic abilities and one from the applicant's most recent employer (if the employment was social work-related); and a personal statement addressing criteria specified by the School of Social Work.

Applications for the 54 s.h. programs are accepted beginning Sept. 1 and must be completed by Feb. 1 to be considered for the next academic year. Applications for the 36 s.h. program are due Dec. 1.
Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations on the Graduate College website.

For a complete list of graduate admission policies, contact the School of Social Work.

## Financial Support

Students seeking financial assistance should apply for aid through the University of Iowa Office of Student Financial Aid. Students may apply for a limited number of research and teaching assistantships available from the School of Social Work. Application materials for research or teaching assistantships are available from the school each spring, or as positions become available. Aid received through the Office of Student Financial Aid does not preclude students from consideration for aid through the School of Social Work.

## Career Advancement

Professional social workers are found in every facet of community life-in schools, health settings (such as hospitals, hospice, skilled care facilities, substance abuse treatment, mental health clinics), senior centers, elected office, private practices, prisons, military, corporations, and in numerous public and private agencies that serve individuals and families in need. Many also serve as social and community service directors.
According to the Substance Abuse and Mental Health Services Administration (SAMHSA), professional social workers are the nation's largest group of mental health services providers. There are more clinically trained social workers-over 200,000-than psychiatrists, psychologists, and psychiatric nurses combined. Federal law and the National Institutes of Health recognize social work as one of five core mental health professions.
The U.S. Department of Veterans Affairs employs more than 10,000 professional social workers. It is one of the largest employers of MSW
individuals in the United States. More than $40 \%$ of all disaster mental health volunteers trained by the American Red Cross are professional social workers. There are hundreds of social workers in national, state, and local elected office.

Projected growth in social work jobs is estimated to be greater than average for all occupations (Bureau of Labor Statistics).

Today, almost 50 special interest organizations contribute to the vitality and influence of the social work profession. There are social work groups for educators and researchers, as well as organizations for practitioners in health care leadership, nephrology, oncology, child welfare, schools, prisons, courts, and many other settings.

## Academic Plans

## Sample Plan of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.

a Students must complete specific requirements in the University of Iowa Graduate College after program admission. Refer to the Graduate College website and the Manual of Rules and Regulations for more information.
b Students complete 9 s.h. in elective coursework; must be numbered 3000 or higher to be counted for graduate credit. Work with the program administrator or faculty advisor to determine appropriate courses and sequence.
c Work with faculty advisor to determine appropriate coursework and sequence.

## Social Work, PhD

## Learning Outcomes

Graduates will:

- locate their work in the intellectual landscape of social work;
- critically analyze theories, practices, policies, and research in at least one specialized area of social work knowledge;
- disseminate knowledge that contributes to the advancement of social work research, practice, and policy, including writing publishable, peer-reviewed manuscripts; presenting at local, national, or international conferences; and/or producing policy briefs or white papers; and
- in the social work classroom, create a learning culture and classroom climate that is inclusive of a diverse population of students and diverse learning styles.

## Requirements

The Doctor of Philosophy program in social work requires 78 s.h. of graduate credit. Students must maintain a cumulative grade-point average of at least 3.00. Students complete the required coursework, research, and teaching practicum; pass a comprehensive exam; write a dissertation; and defend it in an oral exam. Their work includes courses in one of four outside disciplines-sociology, psychology, public health, or education-to prepare for the comprehensive examination and dissertation.

The doctoral program prepares students to conduct research that contributes to the knowledge base of social work, to become leaders in the profession, and to teach social work in postsecondary educational institutions.

Those who enter the program with an MSW are granted 30 s.h. credit; they must complete an additional 48 s.h. for the degree. Individuals with master's degrees in related disciplines (for example, psychology or sociology) may choose to earn a PhD in social work without first earning the MSW. Credit from a related master's degree may be applied to the PhD degree program, as determined by the School of Social Work.

## Individualized and Interdisciplinary Curriculum

The program allows students to develop a coherent program of study with opportunities to pursue their own scholarly interests. These interests are pursued through a core social work curriculum, a concentration (sociology, psychology, education, or public health) and a social work focal area (e.g., family violence). Students may take focal area courses in any college or department at the University of Iowa. The median time to complete the degree is four years.

The School of Social Work provides a supportive environment with substantial opportunities for mentoring and interaction with faculty members. Throughout PhD studies at the University of Iowa, the school assists students in developing a program of study based on their unique educational and career goals. There are many opportunities to work closely with faculty members in a mentoring environment. In the first year, students complete a mentored research practicum with a faculty member and a mentored in-class teaching experience. During the second year, students choose a faculty member to guide them through the comprehensive examination and dissertation process.

Admission

To ensure that all doctoral students receive mentoring, the School of Social Work typically admits three or four students annually; approximately $35 \%$ of applicants are admitted.

## Admission Requirements

Students are required to have a bachelor's degree from an accredited college or university, and a minimum undergraduate grade-point average of 3.00 (on a 4.00 scale).
Students should have completed an introductory statistics course (including graphing techniques for presenting data, descriptive statistics, correlation, introduction to regression, prediction, logic of statistical inference, elementary probability models, estimation, and tests of significance) with a grade of B or higher. Research methods courses taken in an MSW program typically do not meet the criteria for an introductory statistics course. Applicants who have not taken an introductory statistics course must complete one before beginning the program.

Applicants whose first language is not English must submit official test scores to verify English proficiency. Applicants can verify English proficiency by submitting official test scores from the Test of English as a Foreign Language (TOEFL), the International English Language Testing System (IELTS), or the Duolingo English Test (DET).
Applicants applying only to the PhD program are required to have an MSW or a master's degree in a related field, such as public policy, public health, sociology, psychology, political science, economics, education, nursing, or anthropology.

## Admission and Selection Process

Applications are accepted beginning Sept. 1 for the following academic year; applications are due Feb. 1. Admission decisions are made in February. Applicants are notified, in writing, of the decision by April 1. In some years, there may be a waiting list. If applicants are placed on the waiting list, they are notified of this decision by April 1.
The school evaluates applicants based on their potential to independently conduct and disseminate scholarship that contributes to policy or practice and on their potential to prepare students to educate future social workers.

## Financial Support

The School of Social Work provides full-time students with a competitive, multiyear financial package (full tuition, an assistantship, a health and dental insurance allowance). It also provides scholarships, awards, travel awards, and dissertation awards.
In addition to funding provided by the School of Social Work, applicants may be eligible for financial awards through the Graduate College, other departments at the University of Iowa, and organizations outside the university. The director of the PhD program works with students to identify sources of funding.

The Graduate College awards dissertation and research fellowships, summer fellowships, and travel awards. The Graduate College website contains a complete list of awards.

## Career Advancement

To learn more about the academic job market, see the Council on Social Work Education (CSWE) career center. The CSWE posts jobs year round, although most new ads for teaching and research positions are posted between August and November.

Graduates become leaders in education, research, and government. All of the PhD graduates from the University of Iowa's School of Social Work program have obtained employment within one year of graduation. Of these, about $75 \%$ of graduates obtain teaching or research positions, and about $25 \%$ obtain policy, administrative, or practice positions.

To learn more about some of the recent graduates' careers, visit the School of Social Work website.

## Academic Plans

## Sample Plan of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.

## Social Work, PhD

This sample plan is currently being updated and will be added at a later date.

# Sociology and Criminology 

## Chair

- Michael E. Sauder

## Director, Graduate Studies

- Stephanie DiPietro

## Director, Undergraduate Studies

- Jennifer Haylett (Sociology) and Michaela Ruppert (Criminology, Law and Justice)

Undergraduate majors: criminology, law and justice (BA); sociology (BA)

Undergraduate minors: criminology, law and justice; sociology
Graduate degrees: MA in sociology; PhD in criminology; PhD in sociology

Faculty: https://sociology.uiowa.edu/people-0
Website: https://sociology.uiowa.edu
The Department of Sociology and Criminology offers undergraduate majors and minors as well as graduate degree programs. The department partners with the departments of Economics, Philosophy, and Political Science to offer the undergraduate major in ethics and public policy, an interdisciplinary program administered by the Department of Philosophy; see Ethics and Public Policy [p. 464] in the catalog. In addition, it offers courses that undergraduate students in all majors may use to fulfill GE CLAS Core [p. 19] requirements, and a rotating sociology or criminology, law and justice First-Year Seminar designed for entering undergraduate students.

## Certificate

## Social Science Analytics

The growth of big data and informatics calls for a new set of skills for social science students and an increased understanding of the logic of data collection and analysis. The certificate focuses on the application side of data analysis and allows focus to be on the specific research methods and quantitative skills using data-driven methods effective for more understanding in an increasingly complicated social-political world. The certificate offers an opportunity for interdisciplinary training on how data can be used to address important questions in the social sciences. The Department of Sociology and Criminology collaborates with the departments of Geographical and Sustainability Sciences, Political Science, and Statistics and Actuarial Science to offer the undergraduate program in social science analytics; see the Certificate in Social Science Analytics [p. 972] in the catalog.

## Programs

Undergraduate Programs of Study

## Majors

- Major in Sociology (Bachelor of Arts) [p. 1003]
- Major in Criminology, Law and Justice (Bachelor of Arts) [p. 1007]

## Minors

- Minor in Sociology [p. 1011]
- Minor in Criminology, Law and Justice [p. 1012]

## Graduate Programs of Study

## Majors

- Master of Arts in Sociology [p. 1013]
- Doctor of Philosophy in Criminology [p. 1014]
- Doctor of Philosophy in Sociology [p. 1016]

## Facilities

## Crime and Justice Policy Research Program

The Crime and Justice Policy Research Program conducts research on the causes and consequences of crime, interpersonal violence, and antisocial behavior. The program also considers the implementation and implications of public policies designed to prevent and control criminal offending.

## Center for the Study of Group Processes

The Center for the Study of Group Processes has a small-group laboratory with computer-controlled subject rooms that provide audiovisual and psychophysiological recording capabilities, largegroup rooms with an adjoining observation room, an audiovisual control room, and other flexible research office spaces.

## Courses

- Sociology Courses [p. 996]
- Criminology, Law and Justice Courses [p. 1000]

Prerequisites for courses are listed in the course descriptions.

## Sociology Courses

SOC:1000 First-Year Seminar
Small discussion class taught by a faculty member; topics chosen by instructor; may include outside activities (e.g., films, lectures, performances, readings, visits to research facilities). Requirements: first- or second-semester standing.
SOC:1010 Introduction to Sociology 3-4 s.h.
How individuals are organized into social groups, ranging from intimate groups to bureaucracies, and how these influence individual behavior; nature and interrelationships of basic social institutions (family, education, religion, economy). GE: Social Sciences.
SOC:1022 Social Justice and Social Welfare in the United States
Historical development of social welfare and social justice in the United States; individual values and ethics; role and responsibilities of enhancing society; contemporary practice to address social injustices including poverty, discrimination, various forms of violence; small group discussions and debates of various issues to allow for an exchange of diverse views and perspectives; volunteer work. GE: Values and Culture. Same as SSW:1022.
SOC:1030 Contemporary Social Problems
3-4 s.h.
Emergence and distribution of selected social problems; alternative solutions; may include population, inequality, female-male relationships, racism, crime. GE: Diversity and Inclusion.

## SOC:1040 Energy, Sustainability, and Society

Energy is considered the lifeblood of modern societies, and as energy production and consumption accelerates worldwide, it is imperative that energy becomes sustainable or it is derived from resources that can maintain current operations without jeopardizing energy needs or climate of future generations; examination of global transition toward sustainable energy systems from a social science perspective; application of the concept of sociological imagination to understand challenges and opportunities presented by worldwide energy transformation towards sustainability. GE: Sustainability. GE: Social Sciences.

SOC:1220 Principles of Social Psychology 3-4 s.h.
Introduction to a range of theories that seek to explain behavior of people within their groups, and dynamics between groups, at various levels of society. GE: Social Sciences.

## SOC:1310 Gender and Society

Role and status of women in society; sex differences, sex role socialization, theories about origin and maintenance of sexual inequalities, changes in social life cycle of women, implications for social institutions and processes; focus on contemporary United States. GE: Values and Culture. Same as GWSS: 1310.

## SOC:1670 Race and Popular Culture 3 s.h.

Explore trends in popular culture through a sociological lens; use examples from popular culture to discuss broader social issues, including interaction between members of different social groups and patterns of social inequality; topics include definitions of popular culture, advertising and branding, rise of reality television, fashion, museums and the consumption of "high culture" clubs and nightlife, social significance of hip hop music, and the impact of social media on everyday life; guest speakers, visits to local cultural venues, and screenings of television shows and films.

SOC:2064 African American Families: Urban and Suburban 3 s.h. Racial inequality and experiences of African American families in the United States during the 20th and 21st centuries; historical context for contemporary research on African American family; relative impact of structural and cultural factors on various aspects of African American family life, declining marriage rates, family formation patterns; intersections of race and class in family life; research methods used to examine dynamics of African American family life, including quantitative analysis, structured qualitative interviews, and ethnography. GE: Diversity and Inclusion. Same as AFAM:2064.

## SOC:2130 Sociological Theory

Theoretical perspectives in sociology; construction, evaluation of sociological explanations. Prerequisites: SOC:1010 or SOC:1030 or SOC:1310 or CRIM:1410.

## SOC:2160 Applied Statistics for Social Scientists

Applied statistics for sociology majors: frequency distributions, graphic presentation, measures of central tendency, measures of variability, elementary probability, populations and samples, sampling distributions, estimation and confidence intervals, hypothesis testing, chi-square test, regression and correlation, analysis of variance; computer software used in data analysis; emphasis on appropriate use and interpretation of statistics in the study of sociological topics. Recommendations: sociology major.

## SOC:2170 Research Methods <br> 3 s.h.

Basic scientific concepts; emphasis on theoretical thinking, statement of researchable propositions, logic and meaning of proof operant in the research process; general issues in designing social research, including problems of sampling and measurement, analysis, presenting research data, interpreting research findings. Prerequisites: SOC:1010 and (PSQF:4143 or STAT:1020 or STAT:2010 or SOC:2160 or STAT:3510 or STAT:1030). Requirements: sociology major, or criminology, law and justice major.

3 s.h. SOC:2710 The American Family 3 s.h.
Structure and process; change over the life cycle; interrelations with other institutions; historical changes; variations by social class and ethnic group. GE: Values and Culture.

## SOC:2770 Black and White Community Politics

3 s.h.
Students study the movement for environmental justice within the broader context of U.S. land use and development to understand environmental racism's prevalence and how it can be addressed; topics include pollution, health, food access, transportation and agricultural practice to land loss, public space, and infrastructure; exploration of perspectives on the environment and environmentalism. Same as AFAM:2770, GHS:2770.
SOC:2810 Social Inequality
3 s.h.
Major theoretical perspectives for understanding inequality in economics, power, prestige; the magnitude of social inequality in the United States; sex and race inequality; trends in and causes of social mobility; selected consequences of social inequality. GE: Values and Culture.
SOC:2830 Race and Ethnicity 3 s.h.
Multidisciplinary study of intergroup relations, with emphasis on historical, sociological, and social psychological issues in the study of American minority groups. GE: Diversity and Inclusion.
SOC:3100 Critical Race Theory: Culture, Power, and Society

3 s.h.
Examination of the historical context of race and racism in U.S. history; focus on how social structures perpetuate longstanding patterns of racial inequality. Same as AFAM:3100, AMST:3100.

SOC:3110 Race, Organizations, and Workplace 3 s.h. Examination of racial discrimination in the American workplace and organizations; historical context for development of complex organizations; various forms of racial discrimination; longstanding patterns of racial inequality central to American organizations. Same as AFAM:3110.
SOC:3170 Applied Research
3 s.h.
Ongoing research project investigating the Flint water crisis; organization and analysis of emails for sociological research purposes and ultimately to create a searchable website for public access to the data; how to construct and analyze a "big data" data set in an interdisciplinary collaborative research setting; how to apply and build sociological theory with empirical data; how to write an academic journal article. Prerequisites: SOC:2170 or CRIM:2470.
SOC:3171 Drugs and Society
3 s.h.
How people use drugs for recreation, performance enhancement, and medical treatment; implications for drug control, treatment, and public policy.
SOC: $\mathbf{3 2 2 0}$ Sociology of Mental Health 3 s.h.
The socially constructed nature of mental illness; theoretical perspectives and research on social antecedents and social consequences of mental health.
SOC:3510 Medical Sociology
3 s.h.
Theoretical perspectives and research on social precursors and consequences of physical and mental health ailments; focus on contemporary United States with cross-cultural comparisons; stereotypes and diagnosis, gender and racial/ethnic differences, health inequalities related to socioeconomic status.
SOC:3525 Public Opinion
3 s.h.
Role in making public policy; formation, change of political attitudes and opinions; political ideology; measurement of public opinion; how opinion polls are conducted; experience with interviewing and conducting public opinion research. Same as POLI:3204.

SOC:3530 Social Psychology of Small Groups
3 s.h.
Internal processes governing small groups (e.g., friendship cliques, families, the president's cabinet, committees); how small groups relate to the larger social environment; groups' impact on their members. Prerequisites: SOC:1030 or SOC:1010.

## SOC:3540 Social Psychology of Good and Evil 3 s.h.

Exploration of the social science of good and evil, how society shapes us, how people make and interpret their choices, and how we judge others; covers a range of fields including sociology, criminology, psychology, philosophy, and more.
SOC:3610 Organizations and Modern Society 3 s.h
Approaches to the sociological study of economic and noneconomic Approaches to the sociological study of economic and noneconomic organizations; the role of power and authority within the organization, and between the organization and its environment. Prerequisites:
SOC:1220 or SOC:1010.
SOC:3630 The Racial Wealth Gap: Black Debt, White Debt 3 s.h. Exploration of extent, historical origins, and contemporary factors of the racial wealth gap with special attention to role of debt in U.S. race relations; potential topics include education debt, monetary sanctions in criminal justice, redlining, recession, bankruptcy, and reparations. Same as AFAM:3630.

## SOC:3650 Education, Schools, and Society

Overview of sociology of education; historical and current sociological perspectives on education; race, class, and gender inequality in schooling; higher education; contemporary debates in education (e.g., affirmative action, school choice). Prerequisites: SOC:1030 or SOC:1010.

SOC: 3750 Born in the USA: Fertility and Reproduction 3 s.h. Exploration of when, why, how, and with whom Americans bear children; comparison to other developed and developing countries in the world; infertility and its treatments; ethics of surrogacy; voluntary childlessness; rapid rise of nonmarital childbearing in the U.S. and other countries; politics of childbirth; declining populations; rapid aging of rich where women have basically stopped having children. Same as GWSS:3750.

## SOC:3851 Economy and Society

3 s.h.
Economic sociologists examine connections between economic processes and social relations; students take a sociological approach to phenomena that is typically understood in economic terms; economic life through a diverse set of theoretical perspectives-ranging from structural networks to cultural analysis-and at different levels of analysis (e.g., individual, organizational, institutional); topics include embeddedness of markets and social networks, morals and markets, rise of financialization, performativity of economics, economic inequality and discrimination, development of money and credit, and social construction of pricing and value.

## SOC:3880 The Sociology of Networks

3 s.h.
Introduction to the basic properties of network structure (e.g., density, mutuality, cliques); substantive insights regarding the role and consequences of networks in social life; the role of networks in job searching/hiring processes; how innovations diffuse through networks; and relationships as social resources. Prerequisites: SOC:1010 or SOC:1030.

## SOC:4000 Data Science for Social Good

3 s.h.
The availability of big data transforms the way we solve difficult social problems; programming and analytical skills to analyze data from social media and open-access administrative data sources; basic principles and skills in data science including how to collect, clean, curate, and manipulate data, simple statistics, and computational methods; emphasis on linking big data to real world social problems and social science insights; students learn problem-solving skills and a data-driven approach to contemporary social problems. Prerequisites: SOC:2160 or POLI:3000 or STAT:3120 or STAT:3120 or CS:1210.

SOC:4200 Sociology of Religion 3 s.h.
Introduction to the study of religion from a sociological perspective; religions exist in social contexts, are shaped by contexts in which they are embedded, and then often change those social contexts; to understand the relation between religions and other social systems, we must examine the sociological as well as the historical, anthropological, social psychological, and political impacts; students will study religious organizations critically and objectively, exploring and debating classical sociological theories pertaining to religions, as well as contemporary theories that predict religious behavior; social scientific perspective will be presented.
SOC:4225 The Social Psychology of Leadership 3 s.h Techniques, proven by research, that enhance students' ability to know, work with, and lead people; recent research in social psychology, how it applies to practical leadership problems.

SOC:4230 Sociology of Self-Improvement 3 s.h. How self-improvement as a cultural goal shaped development of political, business, educational, and religious institutions in the United States; history of self-improvement movement and industry; selected readings that show how much self-improvement is possible and which techniques are more useful than others.

SOC:4540 Political Sociology and Social Movements 3 s.h. Social unrest; crowd behavior; social movements treated as a form of social change. Prerequisites: SOC:1030 or SOC:1010.
SOC:4680 Corruption: The Social Scientific Perspectives 3 s.h. Social scientists and policy makers alike recognize corruption as an obstacle to economic development, democratic governance, and human rights around the world; students survey recent research from sociology, criminology, political science, and anthropology that addresses causes and consequences of corruption; why individuals engage in corrupt behavior, how organizations affect patterns of corrupt transactions, and how rates of corruption impact and are impacted by political regimes; consequences that corruption has for social inequality, civic mobilization, lives of women and immigrants, and stability of autocratic governments. Same as CRIM:4680.
SOC:4800 Research Practicum in Sociology 3 s.h.
Students engage in a sociological research activity that is not related to an honors project, conducted under the supervision of (or in collaboration with) a faculty member.
SOC:4820 Sociology of Sexuality
3 s.h. Sociological perspectives on sexuality, including theoretical and conceptual developments, empirical regularities, and social implications; sexual expression in the United States. Prerequisites: SOC:1010 or SOC:1030. Same as GWSS:4820.
SOC:4900 Selected Topics in Sociology
3 s.h.
Topics vary.
SOC:4902 Selected Topics in Family, Health, and Well-Being 3 s.h. Varied topics in family structures and practices; social institutions and forces that shape or are shaped by families.
SOC:4909 Graduation Portfolio 0 s.h. Submission of final graduation portfolio first assembled in capstone course required for sociology major. Corequisites: SOC:4910.
SOC:4910 Capstone Course in Sociology and Criminology
3 s.h.
Senior project illustrating student's accomplishments during the undergraduate career; prepared in collaboration with sociology faculty member or other experts in the student's area of sociological interest; record for student's own reflection, information for potential employers and graduate programs. Prerequisites: SOC:2130 and (SOC:2170 or CRIM:2470). Requirements: major GPA of 2.00 .

## SOC:4920 Social Services Organization Internship

Student volunteer work with social services organizations.
Prerequisites: SOC:1010 with a minimum grade of C or SOC:1030 with a minimum grade of C or $\mathrm{SOC}: 1310$ with a minimum grade of C or SOC:2810 with a minimum grade of C. Requirements: sociology major or minor, and junior standing.

SOC:4930 Teaching Internship
3 s.h.
Experience providing supervised support for instructors teaching basic courses in sociology. Requirements: appointment as sociology undergraduate teaching aide.

## SOC:4990 Directed Individual Study

arr.
SOC:4997 Honors Seminar
Topic development for senior honors projects. Offered spring semesters. Requirements: sociology honors standing.

## SOC:4998 Honors Research

Research projects under faculty supervision.
SOC:5110 History of Sociological Theory
Ideas of major 19th- and 20th-century social thinkers (e.g., Marx, Weber, Durkheim, Simmel, Mead).

## SOC:5130 Sociology of Education

3 s.h.
Effects of school and school organization on educational outcomes; course-taking patterns and tracking,
desegregation, differences in school sector; focus on entire span of student's academic career; examination of school and organizational effects at the primary, secondary, and postsecondary levels of education. Same as EPLS:5130.

SOC:5160 Research Design and Methods 3 s.h.
Research designs; sampling designs and techniques; questionnaire construction, interviewing techniques; participant and nonparticipant observation; coding and preparation of data for analysis; measurement techniques, reliability, and validity. Requirements: SOC:6170 or graduate standing.

## SOC:5250 Graduate Writing

3 s.h.
Students improve their skills in academic writing and publication; how to write abstracts and project summaries; preparation of articles for submission to professional journals; creation of grant proposals.
SOC:5310 Gender Theory 3 s.h.
Introduction to sociological analysis of gender; multiple ways that gender patterns the social world in which we live; predominant theoretical stances related to study of gender; how gender structures everyday social interaction; how social institutions (e.g., work, family) give rise to and recreate gendered meanings, expectations, structures; possibilities for interventions and change to gender system.
SOC:5510 Sociology of Health 3 s.h.
Overview of relevant theories and related research in sociology of health field; topics related to social construction of health and its historical variation; focus on social determinants of health including social stressors, labeling processes, cross-cultural differences, and epigenetics or social genomics.

## SOC:5680 Sociology of Higher Education

3 s.h.
Sociological approach to study of higher education; issues of inequality and stratification in higher education; focus on relationship between higher education and larger economic and demographic processes; college access, college destinations, attainment, and returns to a college degree. Same as EPLS:5142.
SOC:5810 Education and Social Change 2-3 s.h.
Role of educational institutions, in connection with political and economic structures, in the process of social change; illumination of theories of social change through case studies of educational systems in both less-developed and industrialized nations. Same as EPLS:5210.
SOC:6080 Master's Thesis

SOC:6110 Theory Construction and Analysis
3 s.h.
Contemporary theoretical issues and nature of theory, theory's place in research, strategies of theory construction. Requirements: sociology graduate standing.
SOC:6140 Seminar: Selected Topics in Sociological Theory 3 s.h.
SOC:6170 Introduction to Sociological Data Analysis 3 s.h
Statistical measures for descriptive methods and association; logic of statistical inference, hypothesis testing; background essential to understanding linear models, models for categorical data analysis. Requirements: introductory statistics.
SOC:6175 Qualitative Methods 3 s.h.
Logic of qualitative research; basic skills necessary for a qualitative research project. Requirements: sociology graduate standing.

SOC:6180 Linear Models in Sociological Research 3 s.h. arr. Statistical techniques associated with general linear model; emphasis on multiple regression, its generalizations; corresponding computer programs. Requirements: SOC:6170 or graduate standing.
SOC:6210 Contemporary Approaches to Social Psychology 3 s.h. Review and critical analysis of current theoretical approaches and systems of social psychological analysis. Recommendations: sociology graduate standing.
SOC:6220 Seminar: Selected Topics in Social Psychology 3 s.h. Selected theoretical and methodological issues.

SOC:6264 Post-Industrial Cities 3 s.h.
Aspects of urban inequality in post-industrial cities; racial inequality, urban poverty, neighborhood inequality, and municipal bankruptcy.
SOC:6310 Gender Stratification Seminar
Occupational gender segregation; gender gap in pay; role of family caregiving in women's lower pay; evaluation of caregiving work; comparable work.
SOC:6320 Sociology of Religion
3 s.h.
Introduction to the sociological perspective for studying religion; examination of sociological, historical, anthropological, social psychological, and political impacts of religion on social behavior to understand the complex relation between religious institutions and other social systems; exploration of works by classical sociological theorists, as well as contemporary theories and empirical research that describe, explain, and perhaps predict religious behavior; materials focus on religion in the United States; students who wish to use a cross-cultural perspective in discussions and papers are encouraged to do so.
SOC:6410 Seminar: Criminological Theories 3 s.h.
Theories of crime causation and their relationships to the cultures in which they have functioned.
SOC:6420 Seminar: Selected Topics in Deviance and Control 3 s.h.
Critical analysis of current research; emphasis on theoretical contributions and methodological foundations.
SOC:6440 Crime and Health in the Life Course
3 s.h.
Patterns of physical and mental health, and deviant and criminal behavior across the life course; focus on intersection between health and deviance and crime; topics incorporate research from evolutionary biology, psychology, criminology, and public health; themes include policy, developmental context, social change, and population health.

SOC:6450 Seminar: Comparative Criminology
3 s.h.
Survey of theoretical and empirical literature on crime across nations with primary focus on homicide; exploration of why we even bother to study crime across nations, how crime is measured at cross-national level; where to find cross-national crime data; whether source matter for crime data across nations matters; discussion and evaluation of theoretical and empirical explanations for why some nations have more/less crime than others.

## SOC:6550 Environment and Society

Examination of research at the intersection of society and environment; theories of environmental sociology, politics, and corporate social responsibility; opportunity to develop an understanding of complex relationships between human prosperity and natural environment; development of a micro-, meso-, or macro-level research project (e.g., determinants of environmental attitudes and behaviors, adoption of clean technologies by organizations, outcomes of environmental activism, diffusion of national environmental policies).

## SOC:6610 Complex Organizations

## SOC:6740 Racial Inequality

Historical and contemporary overview of race scholarship with primary focus on the United States; students track the evolution of race scholarship from Du Bois and the Chicago School to contemporary theories on racial formations, systemic racism, colorblind racism, and critical race theory.

## SOC:6750 Race and Crime

3 s.h.
Relationships among race/ethnicity, crime, and the justice system through rigorous engagement with empirical research and data; emphasis on historical evolution of major branches of the justice system; sociological and criminological theories that predict racial/ ethnic variation in crime and victimization; sociological, economic, and political reasons behind racial disparities in the justice system.

## SOC:6810 Social Stratification

3 s.h.
Classical and contemporary theories; current research on the causes and magnitude of inequality in economics, power, and prestige; social mobility; critical issues in stratification.

## SOC:7010 Teaching Sociology <br> 2-3 s.h.

Supervised preparation for teaching sociology courses; literature on teaching; course objectives, alternative teaching techniques; preparation of course syllabus, lectures, discussions, exams.

## SOC:7030 Readings and Research Tutorial

arr.
SOC:7090 PhD Dissertation
SOC:7170 Advanced Statistical Modeling of Data 3 s.h.
Models for analysis of categorical data, including loglinear, logit, related discrete data models. Requirements: advanced graduate standing.

## SOC:7175 Social Science Research: Big Data 3 s.h.

New opportunities and challenges faced by social science research with the advent of technologies that collect, store, and analyze massive human digital traces; data collection, manipulation, and curation skills; survey of computational methods commonly used in computational social science; different from other big data courses in connecting new data sources to theory-focused social science; emphasis on how to ask research questions informed by data and how to design analytical strategies to answer those questions. Prerequisites: SOC:6170 and SOC:6180.

## SOC:7180 Structural Equation Modeling

 3 s.h. Overview of structural equation models (SEMs), also known as LISREL models, covariance structure models; specific types of SEMs, such as simultaneous equations and confirmatory factor analysis; intermediate topics.SOC:7270 Scholarly Professionalism and Integrity I 2 s.h. General introduction to department and discipline for entering graduate students; departmental and graduate college requirements, program and career planning, interaction with faculty members, consideration of student interests and concerns; two semesters beginning in fall. Requirements: sociology graduate standing.

3 s.h. SOC:7271 Scholarly Professionalism and Integrity II 2 s.h.
General introduction to department and discipline for entering graduate students; departmental and graduate college requirements, program and career planning, interaction with faculty members, consideration of student interests and concerns. Requirements: sociology graduate standing.
SOC:7410 Communities and Crime
Distribution of crime as rooted in community-level conditions such as concentrated affluence or poverty, racial residential segregation, unemployment, family disruption, and immigration. Requirements: sociology graduate standing.
SOC:7460 Sociology of Law Seminar 3 s.h.
Relationship between law and society explored through writings and research of classical and contemporary sociologists and legal scholars. Requirements: sociology graduate standing.
SOC:7500 Seminar: Topics in Political Sociology 3 s.h.
Overview of current research in political sociology; topics related to inequality, citizenship, social change, institutions, social movements, political regimes, and globalization; survey of multiple methodological and theoretical approaches.

## SOC:7620 Social Networks: Theory and Sociological Applications <br> 3 s.h. <br> Relational, data-oriented approach to representing linkages or relationships among social units, and to examine the relevance of these social structures in social processes. Requirements: basic multiple regression.

SOC:7820 Seminar: Selected Topics in Social Stratification 3 s.h. Requirements: social science graduate standing.

## Criminology, Law and Justice Courses

CRIM:1000 First-Year Seminar
Small discussion class taught by a faculty member; topics chosen by instructor; may include outside activities (e.g., films, lectures, performances, readings, visits to research facilities). Requirements: first- or second-semester standing.
CRIM:1410 Introduction to Criminology 3 s.h.
Nature and causes of crime; the criminal justice process, correctional treatment, crime prevention. GE: Social Sciences.

CRIM:1447 Introduction to the Criminal Justice System 3 s.h. Organization and function of criminal justice system in the United States; history, organization, and current practices of policing, criminal courts, and correctional system; sociological and criminological research on major subsystems comprising criminal justice systems.

CRIM:2210 Iowa Criminal Justice Policy and Reform 3 s.h. Introduction to contemporary discussions of policy and reform across all stages of criminal justice system including policing, pretrial detention, sentencing, incarceration, and reentry; current practices and policies; development of applied skills in policy analysis and communication; course material extends beyond policies for crime reduction and considers policies geared towards other outcomes (i.e., reducing inequalities and racial disparities in the criminal justice system); exploration of criminal justice policies through an Iowa lens at state and local levels.

CRIM:2430 Comparative Criminal Justice Systems 3 s.h. Criminal justice systems around the world; similarities and differences in how justice is defined and operationalized in contemporary legal traditions in terms of police, courts, and corrections examined in light of cultural norms and values; emphasis on link between societal characteristics and legal traditions; differences in defendant rights guaranteed under various legal traditions.

CRIM:2440 Student Practicum in Policing
Practical application of criminal justice knowledge with physical demonstrations and hands-on exercises; physical participation includes defensive tactics, firearms instruction, and violent intruder training; students journal about student police academy topics and present to faculty. Prerequisites: CRIM:1410 or CRIM:1447. Requirements: background check.

## CRIM: 2460 Policing in Modern Society

History, theory, and practice of policing; exploring the link between officer decision-making and department expectations; policing subculture; ethical considerations officers face; policing administration; policing/community interaction; legal issues affecting policing practice; contemporary developments in policing emergent crime types.

## CRIM:2470 Research Methods in Criminology and Criminal Justice

Introduction to social science research methods in the fields of criminology and criminal justice; techniques necessary for systematic analysis of research questions and program effectiveness; critical evaluation of existing empirical research and sources of criminal justice data; assessment of data quality. Prerequisites: (STAT:1020 or STAT:1030 or SOC:2160 or STAT:2010 or STAT:3510 or PSQF:4143) and (CRIM:1410 or CRIM:1447).
CRIM:2901 Special Topics in Criminology, Law, and Justice 3 s.h. Varied topics in criminology, criminal legal system, gender and violence, global criminology.

## CRIM:3110 Communities and Crime

Why do some neighborhoods have more crime than others? Why do some neighborhoods see increasing rates of crime over time, while others seemingly do not? Although many crime events occur among individuals, scholars have long noted that crime events tend to cluster in neighborhoods and places where people live; students consider explanations for why this spatial patterning occurs; research methods that have been used to learn about crime in spatial context, classic and contemporary studies of this issue, and approaches to crime prevention that involve focusing on neighborhood or place, rather than simply on individuals. Prerequisites: CRIM:1410 or CRIM:1447.

## CRIM:3250 Drugs, Deviance, and Social Control

3 s.h.
Introduction to social reality of drug use, drug users, and attempts to control drug behavior; exploration of relationship to crime and deviance, medicalization, and movements aimed at drugs.

## CRIM:3260 Immigration and Crime

Students are provided with a solid foundation to understanding key issues in immigration-crime debates; central to this is a critical examination of historical trends in immigration and its relationship to crime, media portrayal of immigration and its impact on public sentiment, relationship between immigration and crime at individual and aggregate levels, emergence of crimmigration-or blurring of immigration and criminal justice policies since the 1980s, and social impact of immigration policies including those that relate to deportation and militarization of U.S. borders.
CRIM:3350 Life Course Criminology
3 s.h.
How crime and antisocial behavior develop across the life span from birth onward, and how criminologists utilize methods and concepts of the life course perspective to examine systematic patterns of crime; focus on genetic predispositions, family environments, and biological mechanisms; patterns common to adolescence with considerations of peer settings, community processes, romantic involvement, and school context; examination of the transition to adulthood with emphasis on importance of social institutions, human agency, social change, and relevance of incarceration and criminal justice intervention for offending patterns.

CRIM:3400 Criminology Mentoring Program
Career search through self-exploration, research, and discussion in area of criminology; preparation for criminology capstone and/ or internship program; creation of an individual development plan; individual meetings with instructor at beginning and end of semester; bimonthly meetings to discuss aspects of criminology from a practical perspective; identification of student interests and potential career paths.

## CRIM:3414 Criminology of Genocide 3 s.h.

Legal, social, and human causes and consequences of genocide in the 20th and 21st centuries; focus on the definition and dynamics of genocide, theoretical frameworks that help explain causality, dynamics, and consequences of genocide, and law, justice, and accountability for war crimes and genocide in the modern era.

## CRIM:3415 Global Criminology

3 s.h.
Crime and the control of crime at the transnational and sub-national levels of analysis; focus on non-U.S. societies; consequences of economic, political, and cultural globalization.
CRIM:3416 Race, Crime, and Justice 3 s.h.
Extent and nature of racial disparities in offending and victimization; interpretation of patterns using various theoretical approaches; examination of race inequalities across many stages of criminal justice process.

## CRIM:3417 Community Corrections 3 s.h.

Community corrections; probation, parole, intermediate sanctions
(boot camps, intensive supervision, electronic monitoring);
contemporary issues in community supervision of offenders.

## CRIM:3420 Juvenile Delinquency 3 s.h.

Theories of juvenile delinquency; individual, neighborhood, and societal explanations of delinquency; research on families, schools, peers, neighborhoods, gangs, and delinquency.
CRIM:3425 Women, Crime, and Justice 3 s.h.
Overview of women's experiences with crime and criminal justice system, with reference to experiences of men for purposes of comparison; role of race, ethnicity, and poverty in women's experiences; causes of crime, inequalities in police-citizen interactions, imprisonment, and other aspects of criminal justice system experience. Same as GWSS:3425.

CRIM:3437 American Crime
3 s.h.
Prevailing issues in criminology; extent and nature of disparities in offending and victimization, interpretation of patterns using various theoretical approaches; evaluation of crime-control policies. Prerequisites: CRIM:1410 or CRIM:4430 or CRIM:3420.
CRIM:3450 Criminal Legal System 3 s.h
Discretionary decision-making in U.S. criminal courts from arrest through sentencing; legal and sociolegal issues relevant to each stage of felony adjudication; sociological and social-psychological theories of decision-making in adjudication, empirical research testing these theories.

## CRIM:3600 Crime and Public Policy

3 s.h.
Policies having to do with crime, delinquency, or deviance are often heavily debated; examination of certain crime-related policies including the theories that motivate them, research methods and design used to evaluate them, and prior studies that investigate whether they do, in fact, accomplish stated goals; students engage with a diversity of topics and policies including those dealing with individuals, groups, criminal justice institutions, geographic areas, and more. Prerequisites: CRIM:1410.

## CRIM:4120 Environmental Criminology <br> 3 s.h.

Macro-criminological theories tend to focus on sociodemographic correlates of crime (e.g., poverty), the basic question asked in environmental criminology is how does the built environment (e.g., roads, buildings, tourist destinations, etc.) shape where and when crime occurs? Students gain a more sophisticated understanding of spatial-temporal patterns of crime as opposed to garden variety application of peoples' routine activities; topics include seasonality and time of day, near repeat victimization, ambient population, geometry of crime, and offenders' journey to crime. Prerequisites: CRIM:1410.

## CRIM:4300 Gender and Violence

Focus on gendered violence, including violence against women and members of LGBTQ+ communities; relationship between masculinities and violence; ways in which gender, race, ethnicity, age, and social class combine to explain gendered violence; theories and empirical research.
CRIM:4400 Internship in Criminal Justice and Corrections 3 s.h. Supervised fieldwork in a criminal justice or correctional agency. Prerequisites: (CRIM:1410 or CRIM:1447) and (CRIM:2430 or CRIM:2460 or CRIM:2901 or CRIM:3415 or CRIM:3416 or CRIM:3417 or CRIM:3420 or CRIM:3437 or CRIM:3450 or CRIM:4420 or CRIM:4430 or CRIM:4450 or CRIM:4460 or CRIM:4901). Requirements: criminology, law and justice major or minor, and junior standing.

## CRIM:4410 Treatment Interventions in Corrections 3 s.h.

Introduction to treatment interventions utilized in the criminal justice system that target some of the special populations seen within the system as a whole; specific populations may include mental health, substance abuse, sex offenders, and domestic violence; emphasis on evidence-based practices and successful program outcomes with focus on identification and discussion of ethical issues and concerns that arise when providing specialized services to this population, as well as the sometimes difficult mixture of treatment and safety/security. Prerequisites: CRIM:1410 or CRIM:1447. Requirements: junior, senior, or graduate standing.

## CRIM:4420 Criminal Punishment

3 s.h.
Sociological theories and research on criminal punishment; classical and contemporary theories; research on imprisonment and capital punishment.
CRIM:4430 Interpersonal Violence in Society 3 s.h
Extent and nature of interpersonal violence in societies, in general Extent and nature of interpersonal violence in societies, in general
and for specific population subgroups; theoretical explanations for the phenomenon; alternative ways of defining and responding to violence across various social contexts; application of scientific method; relevant literatures from multiple disciplines including sociology, anthropology, criminology, psychology, and behavioral economics; types of violence defined as illegal and those which are deviant but not illegal.

## CRIM:4440 Sociology of White-Collar Crime 3 s.h

Critical perspectives on causes and consequences of white-collar crime; definitions and types; criminological, social-psychological, and rational-choice theories; political and economic causes of white-collar crime under capitalism and socialism; rates and patterns of whitecollar criminality across different social groups (defined by racial, ethnic, class, and gender attributes); control, prevention, and criminal justice response.
CRIM:4450 Juvenile Justice: A Sociolegal Perspective 3 s.h. Examination of social, historical, and legal foundations of juvenile justice system in the United States; adjudication processes in juvenile justice, transfer of juveniles to criminal court, contemporary juvenile court, community-based corrections programs, legalities of juvenile system; current and future directions in juvenile justice.

CRIM:4460 Sociology of Law
3 s.h.
Conceptual, historical, and theoretical issues of law and operation of the criminal justice system; theory and research on law and the criminal justice system.
CRIM:4680 Corruption: The Social Scientific Perspectives 3 s.h. Social scientists and policy makers alike recognize corruption as an obstacle to economic development, democratic governance, and human rights around the world; students survey recent research from sociology, criminology, political science, and anthropology that addresses causes and consequences of corruption; why individuals engage in corrupt behavior, how organizations affect patterns of corrupt transactions, and how rates of corruption impact and are impacted by political regimes; consequences that corruption has for social inequality, civic mobilization, lives of women and immigrants, and stability of autocratic governments. Same as SOC:4680.

## CRIM:4800 Research Practicum in Criminology

 3 s.h.Students engage in a criminology research activity that is not related to an honors project, conducted under the supervision of (or in collaboration with) a faculty member.

## CRIM:4901 Advanced Topics in Criminology, Law, and Justice <br> 3 s.h.

Varied advanced topics in criminology, criminal legal system, gender and violence, global criminology.

CRIM:4930 Teaching Internship 1-3 s.h.
Students gain teaching experience by providing supervised support for instructors in introductory-level courses in criminology. Requirements: criminology undergraduate teaching aide appointment.
CRIM:4990 Directed Individual Study 1-3 s.h. Students pursue interests not covered in other courses.
CRIM:4998 Honors Research
Honors research projects under faculty supervision.
CRIM:5120 Introduction to Criminal Justice Systems 3 s.h. Critically explore the criminal justice system and its impact on communities across the U.S. Topics include crime and criminalization, policing, courts, prisons, community supervision, immigration detention centers, and the juvenile justice system. Recommendations: some general knowledge of the criminal justice system terminology.

## CRIM:7030 Readings and Research Tutorial

## Sociology, BA

A bachelor's degree with a major in sociology provides a liberal arts and sciences education. Sociology provides a broad foundation for a number of careers that require a deep understanding of human interactions and behaviors. Though broad in scope, sociology can be broken down into many marketable specializations, including these at the University of Iowa: family and health services, human relations and business, social psychology, and social and political organization.

The department has an active undergraduate organization, the Sociology and Criminology Club, which is open to all interested students. The student-run group sponsors speakers, films, and career days; conducts study groups; and facilitates group volunteerism.

## Learning Outcomes

Students majoring in sociology will be able to:

- identify how sociological concepts and theories relate to everyday life;
- use a critical lens to better understand human behavior and societies;
- articulate the importance of evidence and scientific methods for explanations of social phenomena;
- identify the characteristics of high-quality data and methods in sociological research;
- identify disciplinary standards for both the qualitative and quantitative analysis of data; and
- use their sociological knowledge and skills to engage with and impact the world around them.

## Requirements

The Bachelor of Arts with a major in sociology requires a minimum of 120 s.h., including at least 36 s.h. of work for the major. Students must maintain a grade-point average of at least 2.00 in all courses for the major and in all UI courses for the major. They also must complete the College of Liberal Arts and Sciences GE CLAS Core [p. 19]. Transfer students must earn at least $18 \mathrm{~s} . \mathrm{h}$. in sociology coursework at the University of Iowa; transfer courses must be approved by a sociology advisor.

The major offers two optional tracks for students with an interest in one of the following concentrations: family and health services, or human relations and business.

Students who earn the major in sociology can earn the major in criminology, law and justice. No more than $9 \mathrm{~s} . \mathrm{h}$. of major coursework can count toward each of the majors. Students who earn both majors may not complete a minor in either area.

Students who earn the major in sociology may earn a minor in criminology, law and justice. No more than 3 s.h. can count toward both the major and minor.

Students who earn the major in sociology may not earn the sociology minor.

In planning to complete the major, students must take courses in the proper sequence. Introduction to Sociology (SOC:1010) is a prerequisite for all required core theory and methods courses. Statistics is a prerequisite for the more advanced methods course. These introductory courses lay the foundation for all other work in the major. The recommended sequence for the major's core requirements is SOC:1010, SOC:2130 Sociological Theory, an approved statistics course, and SOC:2170 Research Methods. See the Four-Year Graduation Plan under Academic Plans [p. 1005] in this section of the catalog.

The BA with a major in sociology requires the following work.

| Requirements | Hours |
| :--- | :--- |
| Introductory Sociology Course | $3-4$ |
| Theory, Statistics, and Methods Courses | $9-10$ |
| Electives | 21 |
| Capstone Course | 3 |
| Graduation Portfolio |  |

## Introductory Sociology

| Course \# | Title | Hours |
| :--- | :--- | :---: |
| This course: |  |  |
| SOC: 1010 | Introduction to Sociology | $3-4$ |

## Theory, Statistics, and Methods

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| Both of these (completed as soon as possible): |  |  |
| SOC:2130 | Sociological Theory | 3 |
| SOC:2170 | Research Methods |  |
| One of these (completed as soon as possible): |  |  |
| SOC:2160 | Applied Statistics for Social <br> Scientists | 3 |
| STAT:1020/ | Elementary Statistics and <br> PSQF:1020 | Inference |
| STAT:1030 | Statistics for Business | 3 |
| STAT:2010 | Statistical Methods and <br> Computing | 3 |
| STAT:3510/ | Biostatistics | 3 |
| IGPI:3510 | Introduction to Statistical | 3 |
| STAT:4143/ | Methods | 3 |
| PSQF:4143 |  |  |

## Electives

Students complete $21 \mathrm{~s} . \mathrm{h}$. of elective coursework in sociology (prefix SOC). Four of the required electives must be advanced, chosen from sociology courses numbered 3000-4903, SOC:4920 Social Services Organization Internship, or SOC:4998 Honors Research. Two of the four advanced required electives must be taken after (and not concurrent with) the completion of SOC:2130 Sociological Theory, SOC:2170 Research Methods, and an additional approved course from the Theory, Statistics, and Methods list above. Students can use two criminology, law and justice courses (prefix CRIM) toward the electives requirement. With permission, students may use graduate courses in sociology numbered 5000 or above to satisfy the electives requirement.

The following courses may not be used as electives.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| SOC:1000 | First-Year Seminar | $1-2$ |
| SOC:4800 | Research Practicum in | 3 |
|  | Sociology | 3 |
| SOC:4910 | Capstone Course in Sociology <br> and Criminology |  |
| SOC:4930 | Teaching Internship | 3 |
| SOC:4990 | Directed Individual Study | arr. |
| SOC:4997 | Honors Seminar | 1 |

## Capstone Course

All students complete a capstone course, which illustrates their accomplishments and includes assembling a portfolio. Students may take it as early as spring of their junior year, as long as they have
completed SOC:2130 Sociological Theory, SOC:2170 Research Methods, and an additional approved course from the Theory, Statistics, and Methods list.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| One of these: | Research Practicum in <br> Sociology | 3 |
| SOC:4800 | Capstone Course in Sociology <br> and Criminology | 3 |
| SOC:4910 | Social Services Organization <br> Internship | 3 |
| SOC:4920 |  |  |

## Graduation Portfolio

During their last semester, all students enroll in the following course, in which they submit the portfolio they assembled in the capstone course.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| SOC:4909 | Graduation Portfolio | 0 |

## Tracks

## Family and Health Services Track

The family and health services track requires a minimum of 15 s.h. of credit, including 12 s.h. of coursework taken at the University of Iowa. It is open to sociology majors who are interested in understanding family structures and practices, differences between and within families, and those social institutions and forces that shape families or are shaped by them. Additionally, the track cultivates students' understanding of the social context of health, illness, and health care. It is especially well suited for students who are interested in pursuing careers in the fields of social service and health.

Students must satisfy all requirements for the sociology major. They may count courses taken for the track as sociology electives for the major.
The family and health services track requires the following coursework

| Course \# | Title | Hours |
| :--- | :--- | :--- |
| Required Courses |  |  |
| 6 s.h. from these: |  | 3 |
| SOC:1310 | Gender and Society | 3 |
| SOC:2710 | The American Family | 3 |
| SOC:3510 | Medical Sociology |  |
| Electives |  | 3 |
| 9 s.h. from these: |  |  |
| SOC:2064 | African American Families: | 3 |
|  | Urban and Suburban | 3 |
| SOC:2810 | Social Inequality | 3 |
| SOC:3220 | Sociology of Mental Health | 3 |
| SOC:3171 | Drugs and Society |  |
| SOC:3750 | Born in the USA: Fertility and | 3 |
|  | Reproduction | 3 |
| SOC:4230 | Sociology of Self-Improvement | 3 |
| SOC:4820 | Sociology of Sexuality | 3 |
| SOC:4902 | Selected Topics in Family, | 3 |
| CRIM:3420 | Health, and Well-Being | Juvenile Delinquency |
| CRIM:4430 | Interpersonal Violence in | 3 |
|  | Society |  |

Or select electives from these graduate courses, with approval of instructor:

| SOC:6220 | Seminar: Selected Topics in <br> Social Psychology (when topic <br> is life course) | 3 |
| :--- | :--- | :---: |
| SOC:6310 | Gender Stratification Seminar | 3 |
| Students also may choose the remaining required <br> course as an elective |  |  |

## Human Relations and Business Track

The human relations and business track requires a minimum of 15 s.h. of credit, including 12 s.h. of coursework taken at the University of Iowa. It is open to sociology majors who are interested in understanding the macro- and micro-level processes that affect the ability to understand and manage organizations, as well as the groups and individuals that compose them. The track provides intensive training in both theoretical and empirical approaches to organizations, and combines micro-level insights into work groups with macrolevel perspectives on the influence of organizations' environments. It is especially well suited for students who are interested in pursuing careers in various services-providing sectors such as business services, educational services, social assistance, or government.

Students must satisfy all requirements for the sociology major. They may count courses taken for the track as sociology electives for the major.

The human relations and business track requires the following coursework.

| Course \# | Title | Hours |
| :---: | :---: | :---: |
| Required Courses |  |  |
| 6 s.h. from these: |  |  |
| SOC:3610 | Organizations and Modern Society | 3 |
| SOC:3880 | The Sociology of Networks | 3 |
| SOC:4225 | The Social Psychology of Leadership | 3 |

## Electives

| SOC:2810 | Social Inequality | 3 |
| :---: | :---: | :---: |
| SOC:3110 | Race, Organizations, and Workplace | 3 |
| SOC:3530 | Social Psychology of Small Groups | 3 |
| SOC:3650 | Education, Schools, and Society | 3 |
| SOC:4230 | Sociology of Self-Improvement | 3 |
| SOC:4540 | Political Sociology and Social Movements | 3 |
| CRIM:4440 | Sociology of White-Collar Crime | 3 |
| Or select electives from these graduate courses, with approval of instructor: |  |  |
| SOC:6610 | Complex Organizations | 3 |
| SOC:7620 | Social Networks: Theory and Sociological Applications | 3 |
| SOC:7820 | Seminar: Selected Topics in Social Stratification (when topic is social capital) | 3 |

## Emphasis Areas

The following elective courses are grouped by emphasis for students who may want to cluster their electives according to one of the following areas of interest. The emphasis area courses are not tracks. See Courses [p. 996] in this section of the catalog for a complete listing of sociology courses.

## Social Psychology

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| SOC:1220 | Principles of Social Psychology | 3 |
| SOC:3220 | Sociology of Mental Health | 3 |
| SOC:3530 | Social Psychology of Small <br> Groups | 3 |
| SOC:4225 | The Social Psychology of <br> Leadership | 3 |
| SOC:4230 | Sociology of Self-Improvement | 3 |

## Social and Political Organization

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| SOC:2810 | Social Inequality | 3 |
| SOC:2830 | Race and Ethnicity | 3 |
| SOC:3610 | Organizations and Modern | 3 |
|  | Society | 3 |
| SOC:3650 | Education, Schools, and Society | 3 |
| SOC:3880 | The Sociology of Networks | 3 |
| SOC:4820 | Sociology of Sexuality | 3 |

## Teacher Licensure

Students interested in teaching in elementary and/or secondary schools should seek admission to the Teacher Education Program (TEP) in the College of Education.

To qualify for licensure in secondary teaching, students in the TEP complete a degree in education as well as a related College of Liberal Arts and Sciences degree. See Apply on the College of Education website for details on requirements and deadlines for applying to the College of Education and about TEP choices of majors leading to licensure.

## Honors

## Honors in the Major

Students have the opportunity to graduate with honors in the major. Departmental honors students must maintain a grade-point average (GPA) of at least 3.33 in all University of Iowa courses and in all sociology courses. In order to graduate with honors in sociology, the following coursework must be completed.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| SOC:4997 | Honors Seminar | 1 |
| SOC:4998 | Honors Research (honors thesis) | $2-3$ |

The honors thesis is prepared under faculty supervision. It gives students the opportunity to conduct sociological research in close consultation with a faculty member of the student's choice.

Honors students also must take at least one sociology course numbered 3000 or above with honors designation, including graduate courses (honors designation requires instructor approval). Learn more about honors courses on the University of Iowa Honors Program website.

## National Honor Society

The department sponsors a chapter of Alpha Kappa Delta International Sociology Honor Society. Students who have a cumulative GPA of 3.30, a sociology GPA of at least 3.00 (with four sociology courses), and have attained junior or higher standing are considered for membership. Consult the Alpha Kappa Delta faculty advisor for details.

## University of Iowa Honors Program

In addition to honors in the major, students have opportunities for honors study and activities through membership in the University of Iowa Honors Program. Visit Honors at Iowa to learn about the university's honors program.

Membership in the UI Honors Program is not required to earn honors in the sociology major.

## Career Advancement

The major provides background for employment in fields such as human services, criminal justice, corrections, sales, public relations, advertising, personnel, applied social research, community organization, and teaching social science in secondary schools. It also offers an integrated package of courses, research training, writing enhancement, international perspective, and internships to provide graduates with impressive credentials.
The sociology degree provides a foundation for graduate or professional study in social work, urban planning, law, criminal justice, social policy, and similar areas. Finally, the major prepares students to work toward advanced degrees in sociology, which qualify them for college or university teaching and work in academic, private, and governmental research or organizations.

The Pomerantz Career Center offers multiple resources to help students find internships and jobs.

## Academic Plans

## Four-Year Graduation Plan

The following checkpoints list the minimum requirements students must complete by certain semesters in order to stay on the university's Four-Year Graduation Plan. Courses in the major are those required to complete the major; they may be offered by departments other than the major department.

Sequencing of coursework is important in meeting the four-year plan.
Before the fifth semester begins: SOC:1010 Introduction to Sociology or equivalent, and one sociology elective.
Before the seventh semester begins: SOC:2130 Sociological Theory, a required statistics course, one more sociology elective, and at least 90 s.h. earned toward the degree.

Before the eighth semester begins: SOC:2170 Research Methods and one more sociology elective.

During the eighth semester: enrollment in all remaining coursework in the major, including a capstone course, SOC:4909 Graduation Portfolio, and the last two sociology electives; all remaining GE CLAS Core courses; and a sufficient number of semester hours to graduate.

## Sample Plan of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.

a Sustainability must be completed by choosing a course that has been approved for Sustainability AND for one of these General Education areas: Natural Sciences; Quantitative and Formal Reasoning; Social Sciences; Historical Perspectives; International and Global Issues; Literary, Visual, and Performing Arts; or Values and Culture.
b Fulfills a major requirement and may fulfill a GE requirement.
c Students who have completed four years of a single language in high school have satisfied the GE CLAS Core World Languages requirement. Enrollment in world languages courses requires a placement exam, unless enrolling in a first-semester-level course.
d Students may use elective courses to earn credit towards the total s.h. required for graduation or to complete a double major, minors, or certificates.
e Students have the option to choose one of two tracks in the major: family and health services, or human relations and business.
f GE CLAS Core courses may be completed in any order unless used as a prerequisite for another course. Students should consult with an advisor about the best sequencing of courses.
g Upper-level sociology courses (prefix SOC) are numbered 3000 or above. Two of the upper-level electives must be taken after (and not concurrent with) the completion of SOC:2130, SOC:2170, and an approved introductory statistics course.
h May be taken as early as spring of the junior year, as long as students have completed SOC:2130, SOC:2170, and one of the approved statistics courses.
i Please see Academic Calendar, Office of the Registrar website for current degree application deadlines. Students should apply for a degree for the session in which all requirements will be met. For any questions on appropriate timing, contact your academic advisor or Graduation Services.

# Criminology, Law and Justice, BA 

The criminology, law and justice major examines issues related to race and ethnic diversity, gender, and poverty, heightening awareness of these important topics. Students learn about sociological explanations for crime and criminal justice; the operation of law and the criminal justice system, including their complex interplay with other institutions, such as the economy and politics; and important data sources on crime in the United States and internationally.

The department has an active undergraduate organization, the Sociology and Criminology Club, which is open to all interested students. The student-run group sponsors speakers, films, and career days; conducts study groups; and facilitates group volunteerism.

## Learning Outcomes

Students will be able to:

- recognize the causes and consequences of crime at the micro and macro levels and match these with prominent criminological perspectives;
- describe the interrelated institutions and processes of the criminal justice system and legal systems;
- apply theories of crime, legal systems, and criminal justice systems to explain actual and hypothetical scenarios, behaviors, and trends;
- understand the role of formal law in advanced democracies;
- explain the various social science methods of inquiry and use these to test specific criminological research questions;
- recognize and explain social inequities in crime and criminal justice processes by race, social class, gender, region, and age; and
- evaluate the effectiveness of policy interventions for altering social behavior, including those deemed illegal or harmful.

## Requirements

The Bachelor of Arts with a major in criminology, law and justice requires a minimum of 120 s.h., including at least 39 s.h. of work for the major. Students must maintain a grade-point average of at least 2.00 in all courses for the major and in all UI courses for the major. They also must complete the College of Liberal Arts and Sciences GE CLAS Core [p. 19]. Transfer students must earn at least 24 s.h. in criminology, law and justice coursework at the University of Iowa; transfer courses must be approved by a sociology advisor.

Students who earn the major in criminology, law and justice can earn the major in sociology. No more than 9 s.h. of major coursework can count toward each of the majors. Students who earn both majors may not complete a minor in either area.

Students who earn the major in criminology, law and justice may earn a minor in sociology. No more than 3 s.h. can count toward both the major and minor.

Students who earn the major in criminology, law and justice may not earn the criminology, law and justice minor.
Courses listed in more than one area may only be used toward one requirement.

The BA with a major in criminology, law and justice requires the following coursework.

| Requirements | Hours |
| :--- | :--- |
| Introductory Courses | $6-7$ |
| Theory, Statistics, and Methods Courses | $9-10$ |

| Upper-Level Sociology Requirement | 3 |  |
| :--- | :--- | :--- |
| Electives | 18 |  |
| Capstone Course | 3 |  |
| Graduation Portfolio Course |  |  |
| Introductory | Courses | Hours |
| Course \# | Title |  |
| Two of these: Introduction to Criminology <br> CRIM:1410 Introduction to the Criminal <br> CRIM:1447 Justice System <br> SOC: 1010 Introduction to Sociology <br> or SOC:1030 Contemporary Social Problems | 3 |  |

## Theory, Statistics, and Methods

Students should complete SOC:2130, and either CRIM:2470 or SOC:2170 as soon as possible.

| Course \# | Title | Hours |
| :---: | :---: | :---: |
| This course (completed as soon as possible): |  |  |
| SOC:2130 | Sociological Theory | 3 |
| One of these (completed as soon as possible): |  |  |
| CRIM:2470 | Research Methods in Criminology and Criminal Justice | 3 |
| SOC:2170 | Research Methods | 3 |
| One of these (completed as soon as possible): |  |  |
| SOC:2160 | Applied Statistics for Social Scientists | 3 |
| STAT:1020/ <br> PSQF:1020 | Elementary Statistics and Inference | 3 |
| STAT:1030 | Statistics for Business | 4 |
| STAT:2010 | Statistical Methods and Computing | 3 |
| $\begin{aligned} & \text { STAT:3510/ } \\ & \text { IGPI:3510 } \end{aligned}$ | Biostatistics | 3 |
| STAT:4143/ PSQF:4143 | Introduction to Statistical Methods | 3 |

## Upper-Level Sociology Requirement

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| 3 s.h. from these: |  | 3 |
| SOC:2064 | African American Families: |  |
|  | Urban and Suburban |  |
| SOC:2710 | The American Family | 3 |
| SOC:2770 | Black and White Community <br> Politics | 3 |
| SOC:2810 | Social Inequality | 3 |
| SOC:2830 | Race and Ethnicity | 3 |
| SOC:3100 | Critical Race Theory: Culture, <br> Power, and Society | 3 |
| SOC:3171 | Drugs and Society | 3 |
| SOC:3220 | Sociology of Mental Health | 3 |
| SOC:3510 | Medical Sociology | 3 |
| SOC:3530 | Social Psychology of Small <br> Groups | 3 |
| SOC:3610 | Organizations and Modern |  |
| SOC:3630 | Society | 3 |
|  | The Racial Wealth Gap: Black | 3 |

| SOC:3650 | Education, Schools, and Society | 3 |
| :--- | :--- | :--- |
| SOC:3750 | Born in the USA: Fertility and <br> Reproduction | 3 |
| SOC:3880 | The Sociology of Networks | 3 |
| SOC:4000 | Data Science for Social Good | 3 |
| SOC:4200 | Sociology of Religion | 3 |
| SOC:4225 | The Social Psychology of <br> Leadership | 3 |
| SOC:4230 | Sociology of Self-Improvement | 3 |
| SOC:4540 | Political Sociology and Social <br> Movements | 3 |
| SOC:4680 | Corruption: The Social <br> Scientific Perspectives | 3 |
| SOC:4820 | Sociology of Sexuality | 3 |

## Electives

Students complete 18 s.h. of elective coursework in criminology, law and justice (prefix CRIM). Four of the required electives must be advanced, chosen from criminology, law and justice courses numbered 3000-4901 or CRIM:4998 Honors Research. Two of the four advanced electives must be taken after (and not concurrent with) the completion of SOC:2130 Sociological Theory, CRIM:2470 Research Methods in Criminology and Criminal Justice or SOC:2170 Research Methods, and an additional approved course from the Theory, Statistics, and Methods list above. With permission, students may use graduate courses in sociology (prefix SOC) numbered 5000 or above to satisfy the electives requirement.

| Course \# | Title | Hours |
| :---: | :---: | :---: |
| 18 s.h. from these: |  |  |
| CRIM:2210 | Iowa Criminal Justice Policy and Reform | 3 |
| CRIM:2430 | Comparative Criminal Justice Systems | 3 |
| CRIM:2460 | Policing in Modern Society | 3 |
| CRIM:2901 | Special Topics in Criminology, Law, and Justice | 3 |
| CRIM:3110 | Communities and Crime | 3 |
| CRIM:3250 | Drugs, Deviance, and Social Control | 3 |
| CRIM:3260 | Immigration and Crime | 3 |
| CRIM:3350 | Life Course Criminology | 3 |
| CRIM:3414 | Criminology of Genocide | 3 |
| CRIM:3415 | Global Criminology | 3 |
| CRIM:3416 | Race, Crime, and Justice | 3 |
| CRIM:3417 | Community Corrections | 3 |
| CRIM:3420 | Juvenile Delinquency | 3 |
| CRIM:3425 | Women, Crime, and Justice | 3 |
| CRIM:3437 | American Crime | 3 |
| CRIM:3450 | Criminal Legal System | 3 |
| CRIM:3600 | Crime and Public Policy | 3 |
| CRIM:4120 | Environmental Criminology | 3 |
| CRIM:4300 | Gender and Violence | 3 |
| CRIM:4420 | Criminal Punishment | 3 |
| CRIM:4430 | Interpersonal Violence in Society | 3 |
| CRIM:4440 | Sociology of White-Collar Crime | 3 |
| CRIM:4450 | Juvenile Justice: A Sociolegal Perspective | 3 |
| CRIM:4460 | Sociology of Law | 3 |

| CRIM:4680 | Corruption: The Social <br> Scientific Perspectives | 3 |
| :--- | :--- | ---: |
| CRIM:4901 | Advanced Topics in <br> Criminology, Law, and Justice | 3 |
| CRIM:4998 | Honors Research |  |
| Students may apply one of the following 3 s.h. courses <br> toward the elective requirement: | $1-3$ |  |
| CRIM:4400 | Internship in Criminal Justice <br> and Corrections | 3 |
| CRIM:4410 | Treatment Interventions in <br> Corrections | 3 |

## Capstone Course

All students complete a capstone course, which illustrates their accomplishments and includes assembling a portfolio. Students generally take the course during their last two semesters of coursework for the major, as long as they have completed an approved statistics course; CRIM:2470 Research Methods in Criminology and Criminal Justice or SOC:2170 Research Methods; one of the introductory courses in criminology, law and justice; SOC:2130 Sociological Theory; and at least 6 s.h. of electives.

| Course \# <br> One of these: | Title | Hours |
| :--- | :--- | ---: |
| CRIM:4400 | Internship in Criminal Justice <br> and Corrections | 3 |
| CRIM:4800 | Research Practicum in <br> Criminology | 3 |
| SOC:4910 | Capstone Course in Sociology <br> and Criminology | 3 |
| Graduation Portfolio |  |  |

During their last semester, all students must enroll in the following course, in which they submit the portfolio they assembled in the capstone course.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| SOC:4909 | Graduation Portfolio | 0 |

## Honors

## Honors in the Major

Students have the opportunity to graduate with honors in the major. Departmental honors students must maintain a grade-point average (GPA) of at least 3.33 in all University of Iowa courses and in all criminology, law and justice courses. In order to graduate with honors, the following coursework must be completed.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| CRIM:4998 | Honors Research | $1-3$ |
| SOC:4997 | Honors Seminar (taken spring <br> of junior year) | 1 |

The honors thesis is prepared under faculty supervision. It gives students the opportunity to conduct research in close consultation with a faculty member of the student's choice.

Honors students also must take at least one criminology, law and justice course numbered 3000 or above with honors designation, including graduate courses (honors designation requires instructor approval). Learn more about honors courses on the University of Iowa Honors Program website.

## National Honor Program Society

The department sponsors a chapter of Alpha Phi Sigma Criminal Justice Honor Society. Students who have a cumulative GPA of 3.30, a criminology, law and justice GPA of at least 3.00 (with four criminology courses), and have attained junior or higher standing are considered for membership. Consult the Alpha Phi Sigma faculty advisor for details.

## University of Iowa Honors Program

In addition to honors in the major, students have opportunities for honors study and activities through membership in the University of Iowa Honors Program. Visit Honors at Iowa to learn about the university's honors program.
Membership in the UI Honors Program is not required to earn honors in the criminology, law and justice major.

## Career Advancement

The major in criminology, law and justice provides a foundation for graduate or professional study in criminology, criminal justice, sociology, psychology, law, social work, urban planning, social policy, and similar areas. The major pairs well with majors in other disciplines, such as psychology and social work, and affords students a competitive edge when applying to graduate school in forensic psychology or social work with a corrections emphasis.

The Pomerantz Career Center offers multiple resources to help students find internships and jobs.

## Academic Plans

## Four-Year Graduation Plan

The following checkpoints list the minimum requirements students must complete by certain semesters in order to stay on the university's Four-Year Graduation Plan. Courses in the major are those required to complete the major; they may be offered by departments other than the major department.
Sequencing of coursework is important in meeting the four-year plan.
Before the fifth semester begins: two introductory courses and a statistics course.
Before the seventh semester begins: both theory and methods courses, three additional introductory courses, two electives, and at least 90 s.h. earned toward the degree.
Before the eighth semester begins: a capstone course and two additional electives.
During the eighth semester: enrollment in all remaining coursework in the major, including SOC:4909 Graduation Portfolio; all remaining GE CLAS Core courses; and a sufficient number of semester hours to graduate.

## Sample Plan of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.

## Sociology, Minor

## Requirements

The undergraduate minor in sociology requires a minimum of 15 s.h. in sociology courses, including 12 s.h. in courses taken at the University of Iowa. The minor must include SOC:2130 Sociological Theory and a minimum of 9 s.h. in courses numbered 3000-4903. Students must maintain a cumulative grade-point average of at least 2.00 in all courses for the minor and in all UI courses for the minor. Coursework in the minor may not be taken pass/nonpass.

Students who earn the major in criminology, law and justice may earn a minor in sociology. No more than 3 s.h. can count toward both the major and minor.

Students who earn the major in sociology may not earn the sociology minor.

A minor in sociology is a good complement to a number of majors, particularly other social sciences, business, elementary education, or health professions.

## Criminology, Law and Justice, Minor

## Requirements

The undergraduate minor in criminology, law and justice requires a minimum of 15 s.h., including 12 s.h. in courses taken at the University of Iowa. Students must maintain a grade-point average of at least 2.00 in all courses for the minor and in all UI courses for the minor. Coursework in the minor may not be taken pass/nonpass.
Students who earn the major in sociology may earn a minor in criminology, law and justice. No more than 3 s.h. can count toward both the major and minor.

Students who earn the major in criminology, law and justice may not earn the criminology, law and justice minor.

The minor in criminology, law and justice requires the following coursework.

| Course \# | Title | Hours |
| :---: | :---: | :---: |
| One of these: |  |  |
| CRIM:1410 | Introduction to Criminology | 3 |
| CRIM:1447 | Introduction to the Criminal Justice System | 3 |
| 12 s.h. from these: |  |  |
| CRIM:2210 | Iowa Criminal Justice Policy and Reform | 3 |
| CRIM:2430 | Comparative Criminal Justice Systems | 3 |
| CRIM:2460 | Policing in Modern Society | 3 |
| CRIM:2901 | Special Topics in Criminology, Law, and Justice | 3 |
| CRIM:3110 | Communities and Crime | 3 |
| CRIM:3250 | Drugs, Deviance, and Social Control | 3 |
| CRIM:3260 | Immigration and Crime | 3 |
| CRIM:3350 | Life Course Criminology | 3 |
| CRIM:3414 | Criminology of Genocide | 3 |
| CRIM:3415 | Global Criminology | 3 |
| CRIM:3416 | Race, Crime, and Justice | 3 |
| CRIM:3417 | Community Corrections | 3 |
| CRIM:3420 | Juvenile Delinquency | 3 |
| CRIM:3425 | Women, Crime, and Justice | 3 |
| CRIM:3437 | American Crime | 3 |
| CRIM:3450 | Criminal Legal System | 3 |
| CRIM:3600 | Crime and Public Policy | 3 |
| CRIM:4120 | Environmental Criminology | 3 |
| CRIM:4300 | Gender and Violence | 3 |
| CRIM:4420 | Criminal Punishment | 3 |
| CRIM:4430 | Interpersonal Violence in Society | 3 |
| CRIM:4440 | Sociology of White-Collar Crime | 3 |
| CRIM:4450 | Juvenile Justice: A Sociolegal Perspective | 3 |
| CRIM:4460 | Sociology of Law | 3 |
| CRIM:4680 | Corruption: The Social Scientific Perspectives | 3 |

May include one of these:

| CRIM:4400 | Internship in Criminal Justice <br> and Corrections | 3 |
| :--- | :--- | :---: |
| CRIM:4410 | Treatment Interventions in <br> Corrections | 3 |

## Sociology, MA

Graduate study in sociology focuses on the Doctor of Philosophy. Students are awarded the MA as they fulfill requirements for the PhD .

## Learning Outcomes

The graduate program in the Department of Sociology and Criminology develops professionals who are qualified to conduct original research in the field of sociology and serve the discipline and larger community through teaching and/or other applications of sociological and criminological knowledge.

## Goals and Outcomes

- Develop the expertise to conduct original research in sociology and criminology that is publishable in scholarly outlets.
- Develop a professional skillset in research methodology commonly used in the social sciences, particularly sociology and criminology.
- Develop a professional skillset in social science theories pertaining to sociology and criminology.
- Develop professional expertise in substantive sociological and criminological research areas, which at a minimum includes graduate-level competence in both a major and minor area of research.
- Develop scholarly writing and communication skills.
- Serve the discipline and broader community as sociologists and criminologists.
- Be prepared to teach the field of sociology and/or criminology.
- Understand the goals, practices, and standards of research and applied professionals associated with the discipline of sociology and/or criminology. This includes developing a firm grasp of the principles of ethical research.

## Requirements

The Master of Arts program in sociology requires 30 s.h. of graduate credit with thesis or research paper and $38 \mathrm{~s} . \mathrm{h}$. of graduate credit without. Students must maintain a program grade-point average of at least 3.25. The program without thesis is intended for students seeking a terminal degree and for whom a wider range of course content in sociology is appropriate.

All MA students must complete the following courses with grades of B-minus or higher.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| SOC:5110 | History of Sociological Theory | 3 |
| SOC:5160 | Research Design and Methods | 3 |
| SOC:6170 | Introduction to Sociological | 3 |
| SOC:6180 | Data Analysis | 3 |
| SOC:7270 | Linear Models in Sociological <br> Research | 3 |
| SOC:7271 | Scholarly Professionalism and | 2 |
|  | Integrity I | 2 |

## Teaching Assistantship Training

All new graduate teaching assistants (TAs) are expected to attend a three-day orientation before classes begin. In addition, SOC:7010 Teaching Sociology is required for students who wish to teach their own courses.

## Admission

Admission to graduate study in sociology usually requires an undergraduate grade-point average of at least 3.25 .

All applicants must complete the Graduate College application form, the supplemental sociology and criminology department application, and use the department's personal reference forms to obtain three letters of recommendation.

Applicants whose first language is not English must submit official test scores to verify English proficiency. Applicants can verify English proficiency by submitting official test scores from the Test of English as a Foreign Language (TOEFL), the International English Language Testing System (IELTS), or the Duolingo English Test (DET).

All application materials for fall admission must be received by Jan. 1. Evaluation of applications begins in early January.

Admission decisions are based on consideration of prior academic performance, personal reference letters, and the applicant's statement of reasons for pursuing advanced work in sociology at the University of Iowa. The department has no specific undergraduate course requirements for admission, but a background in the social sciences with some mathematical training is useful. A foreign language is not required for admission, and there is no foreign language requirement for a graduate degree in sociology. To inquire about admission, consult the director of graduate studies, Department of Sociology and Criminology.

## Financial Support

The Department of Sociology and Criminology offers teaching assistantships and research assistantships for graduate students. Students who receive one-half-time teaching or research assistantships work 20 hours each week for faculty members on either teaching or research assignments. Out-of-state students who hold assistantships are assessed tuition at the resident rate. Graduate students also may be eligible for fellowships offered by the Graduate College.

The deadline for applying for departmental financial support is Jan. 1.

## Career Advancement

In addition to preparing students for careers in social service, criminal justice, and other areas, the sociology major offers an integrated package of courses, research training, writing enhancement, international perspective, and internships to provide graduates with impressive credentials. The degree also prepares students for further graduate or professional study in areas such as social work, urban and regional planning, law, criminal justice, and social policy. Teaching positions in colleges or universities and research positions in academic, private, and governmental organizations often require advanced degrees in sociology.

The Pomerantz Career Center and the Graduate College's Career Exploration and Planning website offer multiple resources to help students find internships and jobs.

## Criminology, PhD

The PhD program in criminology provides students with comprehensive training in criminological theory, research methods, and data analysis. The program also promotes advanced understanding of substantive issues related to criminology, including government policy and the justice system by providing students with wellrounded experiences as teachers, scholars, and researchers through rigorous interdisciplinary coursework, research training, and teaching opportunities. Paramount to the goals of the program is the formulation of critical thinking skills and the application of evidencebased reasoning and analytics to contemporary criminological issues.

The doctoral program has a research emphasis and primarily prepares criminologists for positions at colleges and universities or research positions in academic, private, and government institutions. For a summary of where the department's recent graduates have found employment, view Recent Student Placement on the Department of Sociology and Criminology website.
Graduate students work closely with faculty on collaborative research as well as developing independent research programs. In addition to valuable research experiences, students also can obtain substantial training and experience in undergraduate teaching, including online courses. The department training program includes an orientation workshop for new teaching assistants; a credited teaching seminar, SOC:7010 Teaching Sociology, for advanced graduate students; courses on instruction; and an opportunity for these graduate students to design and teach their own courses under the mentorship of faculty.

## Learning Outcomes

The graduate program in the Department of Sociology and Criminology develops professionals who are qualified to conduct original research in the field of sociology and criminology and serve the discipline and larger community through teaching and/or other applications of sociological and criminological knowledge. The program's specific learning outcomes are outlined below.

## Goals and Outcomes

- Develop the expertise to conduct original research in sociology and criminology that is publishable in scholarly outlets.
- Develop a professional skillset in research methodology commonly used in the social sciences, particularly sociology and criminology.
- Develop a professional skillset in social science theories pertaining to sociology and criminology.
- Develop professional expertise in substantive sociological and criminological research areas, which at a minimum includes graduate-level competence in both a major and minor area of research.
- Develop scholarly writing and communication skills.
- Serve the discipline and broader community as sociologists and criminologists.
- Be prepared to teach in the field of sociology and/or criminology.
- Understand the goals, practices, and standards of research and applied professionals associated with the discipline of sociology and/or criminology. This includes developing a firm grasp of the principles of ethical research.

## Requirements

The Doctor of Philosophy program in criminology requires a minimum of 72 s.h. of graduate credit. This can include up to 30 s.h. of credit from a previous master's degree in criminology or sociology; a maximum of $3 \mathrm{~s} . \mathrm{h}$. of credit from SOC:7030 Readings and Research

Tutorial or its transferable equivalent at another institution will be counted as part of the 30 s.h. Students must maintain a program gradepoint average of at least 3.25 .

The PhD in criminology requires the following coursework.

## Required Courses

All PhD students must complete the following courses with grades of B-minus or higher.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| All of these: | Research Design and Methods | 3 |
| SOC:5160 | Introduction to Sociological <br> DOC: | 3170 |
| SOC:6180 | Linear Models in Sociological <br> Research | 3 |
| SOC:6410 | Seminar: Criminological <br> Theories | 3 |
| Foundations of Criminal Theory (pending) |  |  |
| Criminal Justice Systems (pending) | 3 |  |
| Advanced Criminological Theory (pending) | 3 |  |

## Professional Seminars

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| Both of these: |  |  |
| SOC:7270 | Scholarly Professionalism and <br> Integrity I | 2 |
| SOC:7271 | Scholarly Professionalism and <br> Integrity II | 2 |

## Research Methods and Statistics Courses

Students must complete the following courses with grades of B-minus or higher. They may substitute another course for those listed below with approval from the director of graduate studies.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| Two of these: | Qualitative Methods | 3 |
| SOC:6175 | Advanced Statistical Modeling <br> of Data | 3 |
| SOC:7170 | Social Science Research: Big <br> Data | 3 |
| SOC:7175 | Structural Equation Modeling | 3 |

## Elective Courses

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| 18 s.h. from these: | Seminar: Selected Topics in <br> Deviance and Control (taken 3 <br> times as topics vary) | 9 |
| SOC:6420 | Crime and Health in the Life <br> Course | 3 |
| SOC:6740 6750 | Race and Crime | 3 |
| SOC:7410 | Communities and Crime | 3 |

## Comprehensive Examination

The comprehensive examination consists of five questions prepared by the student's exam committee; each answer should contain no more than 2,500 words. The student should demonstrate mastery of the relevant research methods as well as the major, minor, or related fields
of study for a given area. Students should pass the comprehensive examination before the start of their fourth year in the program.

## Dissertation

All PhD candidates prepare a detailed prospectus of research for the dissertation within one year of the comprehensive examination. The prospectus is written in consultation with the student's dissertation committee members and should allow the committee to evaluate the feasibility of the dissertation research and make suggestions to improve it.

Students must pass an oral examination by their dissertation defense committee. The oral dissertation defense should be completed no later than five years after passing the comprehensive examination.

As students work on the dissertation they will typically be registered in SOC:7030 Readings and Research Tutorial or SOC:7090 PhD Dissertation.

For a detailed statement of graduate study rules, visit the Department of Sociology and Criminology website. Prospective doctoral students should examine this information carefully.

## Teaching Assistantship Training

All new graduate teaching assistants (TAs) are expected to attend a three-day orientation before classes begin. In addition, SOC:7010 Teaching Sociology is required for students who wish to teach their own courses.

## Admission

Admission to graduate study in criminology usually requires an undergraduate grade-point average of at least 3.25.

All applicants must complete the Graduate College application form, the supplemental sociology and criminology department application, and use the department's personal reference forms to obtain three letters of recommendation.

Applicants whose first language is not English must submit official test scores to verify English proficiency. Applicants can verify English proficiency by submitting official test scores from the Test of English as a Foreign Language (TOEFL), the International English Language Testing System (IELTS), or the Duolingo English Test (DET).

All application materials for fall admission must be received by Jan. 1. Evaluation of applications begins in early January.

Admission decisions are based on consideration of prior academic performance, personal reference letters, and the applicant's statement of reasons for pursuing advanced work in criminology at the University of Iowa. The department has no specific undergraduate course requirements for admission, but a background in the social sciences with some mathematical training is useful. A foreign language is not required for admission, and there is no foreign language requirement for a graduate degree in criminology. To inquire about admission, consult the director of graduate studies, Department of Sociology and Criminology.

## Financial Support

The Department of Sociology and Criminology offers teaching assistantships and research assistantships for graduate students. Students who receive half-time ( $50 \%$ ) teaching or research assistantships work 20 hours each week for faculty members on either teaching or research assignments. Out-of-state students who hold assistantship appointments of at least $25 \%$ are assessed tuition at the resident rate. Graduate students also may be eligible for fellowships offered by the Graduate College.

The deadline for applying for departmental financial support is Jan. 1.

## Career Advancement

The program of study for the PhD primarily aims to prepare criminologists for academic positions in colleges and universities or for research positions in academic, private, and government institutions.

In addition to preparing students for careers in social service, criminal justice, and other areas, this major offers an integrated package of courses, research training, writing enhancement, international perspective, and internships to provide graduates with impressive credentials.

The Pomerantz Career Center and the Graduate College Career Exploration and Planning website offer multiple resources to help students find jobs.

## Sociology, PhD

The graduate program in sociology provides rigorous training in theory and methods as well as in these substantive areas: crime, law, and social control; gender and family; social and political organizations (stratification, political sociology, complex organizations); and social psychology, which is ranked \#3 in the country in U.S. News and World Report).

The doctoral program has a research emphasis and primarily prepares sociologists for positions at colleges and universities or research positions in academic, private, and government institutions. For a summary of where the department's recent graduates have found employment, view Recent Student Placement on the Department of Sociology and Criminology website.

Graduate students work closely with faculty on collaborative research as well as developing independent research programs. In addition to valuable research experiences, students also can obtain substantial training and experience in undergraduate teaching, including online courses. The department training program includes an orientation workshop for new teaching assistants; a credited teaching seminar, SOC:7010 Teaching Sociology, for advanced graduate students; courses on instruction; and an opportunity for these graduate students to design and teach their own courses under the mentorship of the faculty.

## Learning Outcomes

The graduate program in the Department of Sociology and Criminology develops professionals who are qualified to conduct original research in the field of sociology and serve the discipline and larger community through teaching and/or other applications of sociological and criminological knowledge. The program's specific learning outcomes are outlined below.

## Goals and Outcomes

To develop the expertise to conduct original research in sociology and criminology that is publishable in scholarly outlets.

- Develop a professional skillset in research methodology commonly used in the social sciences, particularly sociology and criminology.
- Develop a professional skillset in social science theories pertaining to sociology and criminology.
- Develop professional expertise in substantive sociological and criminological research areas, which at a minimum includes graduate-level competence in both a major and minor area of research.
- Develop scholarly writing and communication skills.
- Serve the discipline and broader community as sociologists and criminologists.
- Be prepared to teach in the field of sociology and/or criminology.
- Understand the goals, practices, and standards of research and applied professionals associated with the discipline of sociology and/or criminology. This includes developing a firm grasp of the principles of ethical research.

## Requirements

The Doctor of Philosophy program in sociology requires a minimum of 72 s.h. of graduate credit. Students must maintain a program gradepoint average of at least 3.25 .
All PhD students must complete the following courses with grades of B-minus or higher.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| SOC:5110 | History of Sociological Theory | 3 |
| SOC:5160 | Research Design and Methods | 3 |
| SOC:6170 | Introduction to Sociological <br> Data Analysis (required for the <br> MA) | 3 |
| SOC:6180 | Linear Models in Sociological <br> Research (required for the MA) | 3 |

Two elective courses in methods/statistics numbered
5000 or above
One advanced theory course such as SOC:6110
Students also must pass a comprehensive exam, write and defend a dissertation prospectus, and write and successfully defend a dissertation.

For a detailed statement of graduate study rules, visit the Department of Sociology and Criminology website. Prospective doctoral students should examine this information carefully.

## Teaching Assistantship Training

All new graduate teaching assistants (TAs) are expected to attend a three-day orientation before classes begin. In addition, SOC:7010 Teaching Sociology is required for students who wish to teach their own courses.

## Admission

Admission to graduate study in sociology usually requires an undergraduate grade-point average of at least 3.25.

All applicants must complete the Graduate College application form, the supplemental sociology and criminology department application, and use the department's personal reference forms to obtain three letters of recommendation.

Applicants whose first language is not English must submit official test scores to verify English proficiency. Applicants can verify English proficiency by submitting official test scores from the Test of English as a Foreign Language (TOEFL), the International English Language Testing System (IELTS), or the Duolingo English Test (DET).

All application materials for fall admission must be received by Jan. 1. Evaluation of applications begins in early January.

Admission decisions are based on consideration of prior academic performance, personal reference letters, and the applicant's statement of reasons for pursuing advanced work in sociology at the University of Iowa. The department has no specific undergraduate course requirements for admission, but a background in the social sciences with some mathematical training is useful. A foreign language is not required for admission, and there is no foreign language requirement for a graduate degree in sociology. To inquire about admission, consult the director of graduate studies, Department of Sociology and Criminology.

## Financial Support

The Department of Sociology and Criminology offers teaching assistantships and research assistantships for graduate students. Students who receive one-half-time teaching or research assistantships work 20 hours each week for faculty members on either teaching or research assignments. Out-of-state students who hold assistantships are assessed tuition at the resident rate. Graduate students also may be eligible for fellowships offered by the Graduate College.

The deadline for applying for departmental financial support is Jan. 1.

## Career Advancement

The program of study for the PhD primarily aims to prepare sociologists for academic positions in colleges and universities or for research positions in academic, private, and government institutions.
In addition to preparing students for careers in social service, criminal justice, and other areas, this major offers an integrated package of courses, research training, writing enhancement, international perspective, and internships to provide graduates with impressive credentials.

The Pomerantz Career Center and the Graduate College Career Exploration and Planning website offer multiple resources to help students find jobs.

## Academic Plans

## Sample Plan of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.

a The graduate program provides rigorous training in theory and methods as well as in these substantive areas: Crime, Law, and Social Control; Gender and Family; Social and Political Organizations; Social Psychology. Students will work with a faculty advisor to determine an area of concentration according to the individual student's interests.
b Students must complete specific requirements in the University of Iowa Graduate College after program admission. Refer to the Graduate College website and the Manual of Rules and Regulations for more information.
c Grade of B-minus or better is required.
d Work with faculty advisor to determine appropriate graduate level elective coursework and sequence.
e May not count SOC:7030 or any other independent study or research course towards this requirement; selected course must be approved by director of graduate studies.
f Dissertation defense.

# Spanish and Portuguese 

## Director, Division of World Languages, Literatures and Cultures

- Jill N. Beckman (Linguistics)

Chair, Department of Spanish and Portuguese

- Amber E. Brian

Undergraduate majors: Spanish (BA); Portuguese (BA)
Undergraduate minors: Spanish; Portuguese
Graduate degrees: MA in Spanish; MFA in Spanish creative writing; PhD in Spanish

Faculty: https://spanish-portuguese.uiowa.edu/people
Website: https://spanish-portuguese.uiowa.edu/
The Department of Spanish and Portuguese offers courses for the GE CLAS Core world language requirement, undergraduate majors and minors, and three graduate degree programs: MA and PhD in Spanish and MFA in Spanish Creative Writing.

Faculty in the Department of Spanish and Portuguese specialize in language pedagogy, literary and cultural studies, creative writing, linguistics, and Spanish for the professions. Coursework prepares students to be multilingual global citizens providing them with diverse cultural perspectives; critical and creative thinking skills; opportunities to develop language abilities; and awareness of contemporary and historical issues related to the Hispanic world. Spanish and Portuguese language courses are open to any student who has satisfied the course prerequisites. Beyond the GE CLAS Core world language courses, the department offers a wide range of courses on literature, writing, linguistics, and culture that serve as the foundation for the Spanish major. Additionally, the department offers a wide range of elective courses on topics such as Spanish for the professions (medicine and business), translation, and interpretation. The department also participates in multiple study abroad programs.

Undergraduate students in all majors may satisfy the World Languages requirement of the GE CLAS Core [p. 19] with courses in Spanish or Portuguese; see Language for GE CLAS Core [p. 1018]. The department also offers courses taught in English that are approved for GE CLAS Core and a First-Year Seminar designed for undergraduates in their first year at the university.
The Department of Spanish and Portuguese is one of the academic units in the Division of World Languages, Literatures and Cultures [p. 365].

## Language for GE CLAS Core

The Department of Spanish and Portuguese offers course sequences that students in all majors may use to satisfy the World Languages requirement of the College of Liberal Arts and Sciences GE CLAS Core. Elementary and intermediate courses in Spanish language interrelate five performance goals-listening, reading, speaking, writing, and cultural knowledge-in a staged progression to develop proficiency. The curriculum emphasizes the acquisition of Spanish language skills in communicative contexts, enrichment of vocabulary through an introduction to Hispanic culture, and development of grammatical accuracy in speaking and writing.

Students who have previous coursework or other experience with Spanish (for example, speaking Spanish at home or living abroad in a Spanish-speaking country) should take the online placement test, which helps determine the level at which a student should begin Spanish language study at the University of Iowa. Students should take the test before they register for their first University of Iowa

Spanish course. Students with experience in Portuguese should take the online placement test, which helps determine the level at which they should begin language study at the University of Iowa.

## Spanish

The following course sequences in Spanish satisfy the GE CLAS Core World Languages requirement. For students without previous knowledge of Spanish, the department recommends the following sequence.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| SPAN:1001 | Elementary Spanish I | 4 |
| SPAN:1002 | Elementary Spanish II | 4 |
| SPAN:1501 | Intermediate Spanish I | 4 |
| SPAN:1502 | Intermediate Spanish II | 4 |

The accelerated course, SPAN: 1503 Accelerated Intermediate Spanish, which combines SPAN: 1501 and SPAN:1502, may be appropriate for some students.

Those with previous knowledge of Spanish may be able to fulfill the World Languages requirement with the following sequence.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| SPAN:1003 | Elementary Spanish Review | 5 |
| SPAN:1501 | Intermediate Spanish I | 4 |
| SPAN:1502 | Intermediate Spanish II | 4 |

The accelerated course, SPAN: 1505 Intermediate Spanish for Heritage Speakers, may be appropriate for some students who grew up speaking Spanish at home.

Students should consult a departmental advisor to determine which sequence is best for them.

## Portuguese

The following course sequences in Portuguese fulfill the GE CLAS Core World Languages requirement. The first option consists of two intensive courses that combine two semesters into one so that the sequence is completed in a total of two semesters rather than four. Both courses are open to entering first-year students.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| PORT:2000 | Accelerated Elementary | 5 |
|  | Portuguese | 5 |
| PORT:2500 | Accelerated Intermediate <br> $\quad$Portuguese |  |

The second option requires three courses taken in the following sequence to complete the World Languages requirement.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| PORT:2010 | Elementary Portuguese I | 3 |
| PORT:2015 | Elementary Portuguese II | 3 |
| PORT:2500 | Accelerated Intermediate | 5 |

Students should consult the general education coordinator to determine which sequence is best for them.

## Related Certificates and Minors

## Minor and Certificate: Latin American

 StudiesThe department plays an important role in the Latin American Studies Program, which focuses on the history, politics, social organization, economy, art, music, religion, and literature of Latin America. See

Latin American Studies [p. 739] in the catalog for information about the program's undergraduate certificate and minor.

## Minor: Translation for Global Literacy

The minor in translation for global literacy encourages undergraduate students to explore translation as a crucial dimension of global literacy and communication. The Department of Spanish and Portuguese offers several courses that count toward the minor. See the minor in translation for global literacy [p. 1100] in the catalog for more information.

## Certificate: International Business

The College of Liberal Arts and Sciences and the Tippie College of Business offer the Certificate in International Business. The program includes requirements for global business; political, environmental, and cultural contexts; and cultural immersion, which can be satisfied with a fourth semester-level world language course. For more information, see the Certificate in International Business [p. 1192] in the catalog.

## Programs

## Undergraduate Programs of Study

## Majors

- Major in Spanish (Bachelor of Arts) [p. 1027]
- Major in Portuguese (Bachelor of Arts) [p. 1032]

## Minors

- Minor in Spanish [p. 1035]
- Minor in Portuguese [p. 1037]

Graduate Programs of Study

## Majors

- Master of Arts in Spanish [p. 1038]
- Master of Fine Arts in Spanish Creative Writing [p. 1040]
- Doctor of Philosophy in Spanish [p. 1042]

## Facilities

## Center for Language and Culture Learning

The Center for Language and Culture Learning provides a wide variety of facilities and services to the Division of World Languages, Literatures and Cultures (DWLLC), including a 24-computer Instructional Technology Center (ITC) and five All-In-One Studios/ small group study rooms equipped with video production and editing software, a Computer Assisted Language Learning Lab with 25 computers integrated with Sanako software for language practice, and virtual reality hardware and development space.

The center provides spaces for quiet study as well as for group meetings. Departments, programs, and student organizations are welcome to host conversation hours, film nights, study groups, workshops, and more. Peer education services include peer tutoring programs in many of the languages taught in DWLLC, with both in-person and online availability, as well as Directed Independent Language Study, through which faculty, staff, or students can be paired with a tutor to learn a language not taught in the DWLLC. Tutors are trained to use the Three Ms for Effective Learning, including developing a growth mindset, using memory strategies to retain knowledge, and reflecting on learning gains.

Courses

- Spanish Courses [p. 1019]
- Portuguese Courses [p. 1025]

Spanish and Portuguese language courses are open to all students who have satisfied the specified course prerequisites.

## Spanish Course Levels

## Basic Spanish Courses

These courses are included in the number range SPAN:1000SPAN:1900.

## Spanish Level 1

These courses are included in the number range SPAN:2000SPAN:2999. Students should take these courses at the start of the Spanish major and minor.

## Spanish Level 2

These courses are included in the number range SPAN:3000SPAN:3999. Students should have at least one Spanish Level 1 course before starting these courses. Some courses have additional prerequisites.

- Language skills courses are numbered SPAN:3000-SPAN:3099.
- Hispanic linguistics courses are numbered SPAN:3100SPAN:3199.
- Spanish American literature and culture courses are numbered SPAN:3200-SPAN:3599.
- Spanish literature and culture courses are numbered SPAN:3600SPAN:3899.

## Spanish Level 3

These courses are included in the number range SPAN:4000SPAN:4999. Undergraduates should take these courses during their last semesters of enrollment. These courses also are open to MA students. All of these courses require a research paper. Prerequisites vary.

## Spanish Graduate Level

These courses are included in the number range SPAN:5000SPAN:7600.

## Spanish Courses

SPAN:1000 First-Year Seminar 1-2 s.h.
Small discussion class taught by a faculty member; topics chosen by instructor; may include outside activities (e.g., films, lectures, performances, readings, visits to research facilities, field trips). Requirements: first- or second-semester standing.
SPAN:1001 Elementary Spanish I 4 s.h.
Emphasis on oral and written skills. Taught in Spanish.
Recommendations: no previous study of Spanish. GE: World Languages First Level Proficiency.
SPAN:1002 Elementary Spanish II 4 s.h.
Continuation of SPAN:1001; emphasis on oral and written skills. Taught in Spanish. Requirements: SPAN:1001. GE: World Languages Second Level Proficiency.
SPAN:1003 Elementary Spanish Review
5 s.h.
Intensive treatment of material presented in SPAN:1001 and SPAN:1002. Taught in Spanish. Requirements: two years of secondary school Spanish. GE: World Languages Second Level Proficiency.

SPAN: 1501 Intermediate Spanish I
4 s.h.
Communication in speaking and writing; cultural topics. Taught in Spanish. Requirements: SPAN:1002 or SPAN:1003. GE: World Languages Third Level Proficiency.

## SPAN:1502 Intermediate Spanish II

4 s.h.
Continuation of SPAN:1501. Requirements: SPAN:1501. GE: World Languages Fourth Level Proficiency.
SPAN:1503 Accelerated Intermediate Spanish 6 s.h.
Course sequence SPAN:1501 and SPAN:1502 in one semester.
Requirements: SPAN:1002 or SPAN:1003. GE: World Languages Fourth Level Proficiency.
SPAN:1505 Intermediate Spanish for Heritage Speakers 5 s.h.
Focus on communication and consolidation of skills acquired from listening to or speaking Spanish at home; development or improvement of Spanish through reading and writing; emphasis on four language skills-listening, speaking, reading, and writing-via cultural and community activities. Taught in Spanish. Requirements: Spanish placement test score of 401 or higher. GE: World Languages Fourth Level Proficiency.
SPAN:1700 Latina/o/x Literature in the United States 3 s.h. Introduction to growing cultural production of varied Latina/o/x communities (e.g., Chicano, Puerto Rican American/Nuyorican, Cuban American) that have a strong presence in the United States; recent cultural production from borderland transcultural spaces with physical, cultural, economic, political, and mythical elements; visions of the United States from contemporary Latin American writers who recently have become U.S. residents. Taught in English. GE: Literary, Visual, and Performing Arts; Values and Culture. Same as LATS:1700.

SPAN:1800 Writing and Writers from Latin America 3 s.h.
Introduction to representative fiction and non-fiction texts from Latin America. Exploration of historical and contemporary themes from multiple regions and cultures. Readings in English translation. Taught in English. GE: Literary, Visual, and Performing Arts.

## SPAN:2000 Spanish Language Skills: Writing

Bridge from second-year Spanish to more advanced courses in Spanish language, linguistics, and literature; emphasis on skill development in writing, critical reading in Spanish, and oral communication. Taught in Spanish. Requirements: SPAN: 1502 or SPAN:1503.

SPAN:2005 Writing Global Spanish 3 s.h.
Spanish in the digital age; linguistic varieties of Spanish spoken globally; emphasis on skill development in writing, critical reading in Spanish, and oral communication. Taught in Spanish. Requirements: SPAN: 1502 or SPAN:1503.
SPAN:2010 Spanish Language Skills: Speaking 3 s.h.
Development of conversational proficiency and cultural competence through action learning; strategic role playing and creative language use based on everyday situations in Hispanic cultures; composition skills and grammar review. Requirements: SPAN:1502 or SPAN: 1503.

SPAN:2020 Hispanic Institute: Language 3 s.h.
Grammar essentials, written exercises, short compositions, conversational activities. Requirements: SPAN:1502 or SPAN:1503.
SPAN:2030 Study of Language: Myths and Concepts 3 s.h.
How linguists look at language; basic concepts of linguistics and grammar. Requirements: SPAN:1502 or SPAN:1503.
SPAN:2040 Spanish for Heritage Speakers 3 s.h. Emphasis on reading and writing skills for bilingual students who have acquired Spanish listening and speaking skills at home and in their communities; focus on literacy development and registers of use; designed specifically for native or heritage speakers of Spanish. Taught in Spanish.

SPAN:2050 Spanish in the United States 3 s.h.
Issues related to Spanish in the United States; aspects of linguistics and sociolinguistics inherent to the existence and proliferation of Spanish in the United States. Taught in English. GE: Diversity and Inclusion.

SPAN:2060 Spanish Pronunciation 4 s.h.
Pronunciation as a key element of communication in a second language; self-evaluation of pronunciation in Spanish; how sounds differ between English and Spanish; analysis of pronunciation; production exercises. Requirements: SPAN: 1502 or SPAN:1503.
SPAN:2080 Business Spanish
4 s.h.
Effective written and oral communication in Spanish in the business
world; emphasis on linguistic and cultural proficiency. Taught in Spanish. Requirements: SPAN:1502 or SPAN:1503.

SPAN:2090 Medical Spanish in Contemporary Society 4 s.h. Vocabulary related to medicine; grammatical concepts; healthrelated cultural competence; discussion of health issues concerning Hispanic communities in the U.S. and abroad. Taught in Spanish. Requirements: SPAN:1502 or SPAN:1503. Same as GHS:2090.
SPAN:2095 Activities Attendance for Spanish Majors 1 s.h.
Attendance at Spanish literary readings, scholarly presentations, and Hispanic cultural events on the University of Iowa campus and in Iowa City, featuring visiting, local, and University of Iowa writers, filmmakers, artists, scholars, and community members. Taught in Spanish. Requirements: SPAN:1502 or SPAN:1503.
SPAN:2200 Introduction to Spanish American Cultures 3 s.h. Introduction to study of cultural history of Spanish America; topics range from pre-Colombian times to present; for students who are just starting work on the Spanish major or minor. Requirements: SPAN:1502 or SPAN:1503. Same as LAS:2200.
SPAN:2300 Spanish Language Skills: Reading 4 s.h.
Close readings of literary texts from Spain and Spanish America; basic concepts of genre (narrative, poetry, theater, essay); writing about literature. Requirements: SPAN:1502 or SPAN:1503.
SPAN:2400 Readings in Spanish Literature
3 s.h.
Tools for improving reading skills; basic concepts for textual understanding; historical overview of literary works, with focus on literature of Spain. Requirements: SPAN: 1502 or SPAN:1503.
SPAN:2500 Readings in Spanish American Literature
3 s.h.
Tools for improving reading skills; basic concepts for textual understanding; historical overview of literary works, with focus on Spanish American literature. Requirements: SPAN:1502 or SPAN:1503. Same as LAS:2500.
SPAN:2700 Introduction to Latin American Studies 3 s.h.
Cultures of Latin American countries with emphasis on cultural history and cultural production; interdisciplinary survey. Taught in English. Same as COMM:2800, IS:2700, LAS:2700, PORT:2700.

## SPAN:2800 Screening Latin America

3 s.h.
Basic introduction to contemporary Latin American societies and cultures through fiction feature films (i.e., comedies, dramas) and documentaries by major filmmakers; previous knowledge of film analysis not required. Taught in Spanish. Requirements: SPAN: 1502 or SPAN:1503. Same as LAS:2800.
SPAN: 2850 Brazilian Narrative in Translation 3 s.h.
Representative readings of modern and contemporary novels, short stories, and other narrative forms; cultural background; focus on major writers. Taught in English. Prerequisites: ENGL:1200. GE: Literary, Visual, and Performing Arts. Same as LAS:2850, PORT:2850.
SPAN: 2900 Music of the Hispanic World
3 s.h.
Introduction to music of Spain and Latin America, including the United States; listening skills, music appreciation, continuing development of Spanish language skills. Taught in Spanish. Requirements: SPAN:1502 or SPAN:1503. Same as LAS:2900.

SPAN:2901 Diversity and Cultures in Spain
3 s.h.
Introduction to diversity of cultures within Spain; political, social, and economic background, cultural movements. Taught in English. GE: Values and Culture.
SPAN:2910 Hispanic Institute: Study/Life in Spain
1 s.h.
SPAN:2999 Major Ambassadors
1 s.h.
Students serve as representatives for Spanish and Portuguese majors during class visits and recruiting events; course format includes instruction for presentations and answering questions.

SPAN:3000 Cultural Narratives for Heritage Speakers 3 s.h. Development of writing skills in Spanish, focus on expository writing for academic purposes. Taught in Spanish. Requirements: at least one course taught in Spanish at the 2000 level or above.

SPAN:3010 Advanced Spanish Speaking and Writing 3 s.h. Development of oral proficiency; secondary emphasis on continuing development of writing skills; cultural knowledge of several Spanishspeaking countries. Requirements: two courses taught in Spanish at the 2000 level or above.
SPAN:3015 Fast Fixes: Improved Spanish in Six Weeks 1 s.h. Varied topics focused on improving common problems with Spanish grammar; emphasis on written and oral expression. Requirements: SPAN:2000 or SPAN:2005 or SPAN:3000 or SPAN:3020 or SPAN:3060.
SPAN:3020 Journalistic Writing in Spanish
3 s.h. Spanish writing skills; introduction to style and practice of journalistic reporting and writing. Taught in Spanish. Requirements: at least one course taught in Spanish at the 2000 level or above. Same as JMC:3445, LAS:3020.
SPAN:3030 Translation Workshop: English to Spanish 3 s.h. Introduction to translation theory and effective translation processes; examination of potential translation problems in specific areas of English to Spanish translation; primary focus on nonfiction. Requirements: at least one course taught in Spanish at the 2000 level or above.

## SPAN: 3035 Translation Practicum: English to Spanish

Students develop a plan of work in consultation with instructor and submit a community outreach translation project (English to Spanish) for a local nonprofit organization of their choice, periodical translation reports, and a final portfolio of their work. Taught in Spanish. Prerequisites: SPAN:3030 with a minimum grade of B.

## SPAN:3045 Spanish Health Narratives 3 s.h.

Narratives are the central communicative act through which humans make sense of wellness and illness, life and death, always within contexts of language and culture; students focus on reading and analyzing narratives about health and health care, and opportunities to create their own narratives; particular emphasis on health care disparities and issues they present for Spanish-language communities in the United States and abroad as context for individual narratives. Taught in Spanish. Requirements: one course numbered SPAN:2000 or above. Same as GHS:3045.

SPAN:3050 Translation Workshop: Spanish to English
Spanish to English literary translation; meaning, form and equivalence, authenticity; questions of untranslatability.
Requirements: at least one course taught in Spanish at the 2000 level or above.

## SPAN:3060 Introductory Workshop on Creative Writing in Spanish <br> 3 s.h.

Development of writing skills in Spanish through creative writing. Taught in Spanish. Requirements: one course numbered SPAN:2000 or above.

SPAN:3080 Spanish for International Business 3 s.h.
Tools for effective business communication; linguistic, sociolinguistic, and practical skills for effective oral and written communication developed through discussion of business case studies, presentations, and meetings; selected Spanish and Latin American companies examined through varied media including news and internet; role of transaction intermediaries in international trade. Requirements: at least one course numbered SPAN:3000 or above.
SPAN:3090 Spanish at Work 1 s.h.
Uses for a Spanish degree; knowledge and skills gained as a Spanish major that are in high demand among a wide variety of employers; important steps taken as a student that translate unique career dreams into reality; includes work with Pomerantz Career Center staff. Requirements: at least two courses numbered SPAN:2000 or above.
SPAN:3091 Spanish Creative Literacy Outreach 1 s.h.
Hands-on outreach experience for Spanish majors and minors who develop and participate in activities for the Spanish Creative Literacy Project. Requirements: SPAN:2000 or SPAN:2005 or SPAN:3000 or SPAN:3020 or SPAN:3060.
SPAN:3092 Spanish in the Community 3 s.h. Students work directly with Spanish speakers through communitybased service learning; focus on issues of interest to the local Latina/ $\mathrm{o} / \mathrm{x}$ community, develop oral proficiency, and enhance their civil engagement. Requirements: two courses numbered SPAN:2000 or above.

SPAN: 3095 Spanish Composition and Grammar 3 s.h.
Development of three types of compositions; selected readings and comprehension activities; vocabulary expansion; grammar review with exercises. Requirements: proficiency in written and oral Spanish, based on several university Spanish classes (about half the coursework towards a Spanish major), plus study abroad experience in a Hispanic country.

SPAN:3096 Advanced Spanish Grammar 3 s.h.
Comprehensive grammar review of standard written Spanish; explanations and examples, exercises, videos. Requirements:
SPAN:2000 or SPAN:2005 or SPAN:3000 or SPAN:3020 or SPAN:3060.
SPAN: 3100 Structures of Spanish: Words and Sentences 3 s.h. Basic concepts and methods for analysis of linguistics as applied to Spanish patterns of word formation (morphology) and sentence formation (syntax). Taught in Spanish. Requirements: at least one course taught in Spanish at the 2000 level or above.
SPAN: 3105 Linguistic Aspects of the Lusophone World 3-4 s.h. Introduction to Portuguese incorporating formal (theoretical), historical, and sociolinguistic perspectives; linguistic analysis of phonetics/phonology, morphology, and syntax; origins of Portuguese and its expansion to Africa, Asia, and Latin America. Taught in English. Same as LING:3105, PORT:3105.
SPAN:3110 Spanish Sound Structure
3 s.h.
Articulation of Spanish sounds-description and practice; how
Spanish sounds are organized into classes, relations among the different classes, how they are implemented in context, patterns they exhibit. Requirements: at least one course taught in Spanish at the 2000 level or above.
SPAN:3120 Foundations in Sociolinguistics 3 s.h.
Dialects, speech communities, variation, choosing a code, solidarity and politeness, language and gender, language planning. Requirements: at least one course taught in Spanish at the 2000 level or above.
SPAN: 3130 Introduction to Bilingualism 3 s.h.
Psycholinguistic and sociolinguistic aspects of bilingualism; language usage, maintenance, attitudes, shift, transfer, loss; code-switching. Requirements: at least one course taught in Spanish at the 2000 level or above.

## SPAN:3151 Spanish Applied Linguistics

Concepts of linguistic analysis applied to Spanish; focus on problematic areas of Spanish grammar, lexicon, semantics; introduction to cross-cultural pragmatics; connections between language learning, technology, and assessment; for future teachers of Spanish. Taught in Spanish. Requirements: at least one course taught in Spanish at the 2000 level or above.
SPAN: 3170 Introduction to Spanish Language Acquisition 3 s.h. Basic principles of language acquisition theory applied to learning Spanish as a first or second language. Requirements: at least one course taught in Spanish at the 2000 level or above. Recommendations: completion of SPAN:3100.

## SPAN:3191 Introduction to Medical Spanish-English Interpretation

1,3 s.h.
Introduction to Spanish-English language interpretation; focus on history, techniques, types, and practice with emphasis on the medical field. Prerequisites: SPAN: 2090 with a minimum grade of $\mathrm{B}+$ or SPAN:2040 with a minimum grade of $\mathrm{B}+$. Requirements: advanced level of oral proficiency and familiarity with basic medical terminology.
SPAN:3192 Teaching Spanish Heritage Speakers 3 s.h.
Focus on cutting-edge research and methods to develop suitable language curriculum for Spanish heritage speakers (SHS); topics include bilingual development, sociolinguistics, language teaching, and heritage speakers' affective needs; use of these theories to help understand and apply best practices in teaching SHS; topics also help create best practices in teaching mixed language courses for second language and heritage students. Taught in Spanish. Requirements: at least one course taught in Spanish at the 2000 level or above. Same as EDTL:3492.

## SPAN:3195 Spanish Linguistics Lab I <br> 1 s.h.

Hands-on research experience collecting and analyzing linguistic data.

## SPAN:3210 Cultural Storytelling

Examination of memoir, short story, and journalism from Latin America to distinguish truth from accuracy and individual choices within cultural norms; course will enrich students' Spanish language fluency and writing as well as their knowledge of Latin American cultures. Requirements: at least one course taught in Spanish at the 2000 level or above.

## SPAN:3215 Medellin

3 s.h.
Medellin, Colombia has been transformed from one of the most violent places on Earth to an award-winning city of innovation in only 20 years; introduction to the city and its people through literature, music, and a digital map project. Taught in Spanish. Requirements: at least one course numbered SPAN:2000 or above. Same as LAS:3215.

## SPAN:3225 Latin American Women Writers

Focus on long tradition of strong female writers in Latin America; materials may include poetry, theater, fiction, and essay from the Spanish-speaking countries of Mexico, Central America, South America, and Brazil. Taught in Spanish. Requirements: at least one course taught in Spanish at the 2000 level or above. Same as LAS:3225.

## SPAN:3230 Modern Mexico

Twentieth-century Mexican cultural history, including nationalism, gender relations, Indigenous cultures, border issues, and popular culture; materials range from journalistic and literary writing to film, music, images, and television. Requirements: at least one course taught in Spanish at the 2000 level or above.

## SPAN:3240 Mexico City <br> 3 s.h.

Broad historical survey of Mexico City as center of cultural life in Mexico and Latin America and city of global importance; conquest and contemporary narratives, visual culture, music, and film.
Requirements: at least one course taught in Spanish at the 2000 level or above.

3 s.h. SPAN: 3250 Buenos Aires 3 s.h.
Broad historical survey of Buenos Aires as center of cultural life in Argentina with emphasis on how the city has been portrayed in the arts; interdisciplinary approaches to the study of city life. Taught in Spanish. Requirements: one course taught in Spanish at the 2000 level or above.

SPAN:3290 Topics in Cinema and Society
3 s.h.
Film and cultural history of one Latin American nation. Taught in Spanish. Requirements: at least one course taught in Spanish at the 2000 level or above. Same as LAS:3290.

SPAN:3310 Spanish American Short Story 3 s.h.
Works by 19th- and 20th-century Spanish American writers; emphasis on reading strategies and historical, cultural, literary backgrounds.
Requirements: at least one course taught in Spanish at the 2000 level or above. Same as LAS:3310.
SPAN:3320 Spanish American Poetry
3 s.h.
Poetry as a literary genre, short history of its development, early forms in Spanish America, poets from Modernism to present; readings from writers including Rubén Darío, Pablo Neruda, César Vallejo, Octavio Paz, J.L. Borges. Requirements: at least one course taught in Spanish at the 2000 level or above.

SPAN:3350 Contemporary Spanish American Literature 3 s.h. Comprehensive view of 20th-century literature from Spanish-speaking countries in the Americas, including narrative and poetry; examination of issues related to texts and contexts through written and oral analysis. Requirements: at least one course taught in Spanish at the 2000 level or above.

SPAN: 3370 Topics in Literatures and Cultures 3 s.h.
Literature and culture of specific regions, countries, or cities of Latin America. Requirements: at least one course taught in Spanish at the 2000 level or above.

SPAN: 3500 Topics in Culture of the Hispanic World 3 s.h. Specific topics; culture of different parts of Spanish-speaking world, or cross-regional or cross-national cultural phenomenon. Requirements: at least one course taught in Spanish at the 2000 level or above.

SPAN: 3520 Introduction to Film Studies
Introduction to film analysis and theory; focus on Latin American and Spanish cinemas in context of international film history.
Requirements: at least one course taught in Spanish at the 2000 level or above.

## SPAN: 3600 Cultures of Spain <br> 3 s.h.

Political, religious, social, economic background; important cultural, literary movements. Requirements: at least one course taught in Spanish at the 2000 level or above.
SPAN:3610 Hispanic Institute: Culture
3 s.h.
Overview of geography, history (political, economic, social), architecture, painting, music of Spain; readings, slides, video and audio cassettes, visits to local sites of cultural significance. Requirements: SPAN:1502 or SPAN:1503.

## SPAN:3620 Madrid

3 s.h.
Contemporary Madrid as one of the premier capital cities of the European Union; history and present day reality of the city; examination of paintings, descriptions, movies, fashion, and customs from several historical periods. Requirements: at least one course taught in Spanish at the 2000 level or above.
SPAN:3630 Spanish Youth Culture
3 s.h.
Literary texts, films, and music produced by young people in Spain from 1939 to present; gender issues and relationships between market, popular culture, and high culture. Requirements: one course taught in Spanish at the 2000 level or above.

## SPAN:3650 Fitness Culture in Spain

Fitness as a cultural practice; how Spanish fitness practices reflect quite different values, economics, and public infrastructures than those of the U.S.; comparative cultural studies approach to fitness cultures; topics include fitness and Spanish cultural norms, nutrition and gastronomy, and active tourism in Spain. Taught in Spanish. Requirements: at least one course numbered SPAN:2000 or above.

## SPAN: 3750 Literature in the Time of Cervantes

3 s.h.
Introduction to literary questions of 15 th to 17 th centuries in Spain; understanding of literary Spanish and cultural issues of the periodend of the feudal mind, beginning of individualism, poetry, emergence of theater, crisis of empire. Requirements: at least one course taught in Spanish at the 2000 level or above.

## SPAN:3790 Hispanic Institute: Literature

3 s.h.
Introduction to poetry, narrative, and theater in Spanish literature; textural commentary and critical interpretations of major representative works of selected historical periods. Requirements: SPAN:1502 or SPAN:1503.
SPAN: 3820 Modern and Contemporary Spanish Literature $\mathbf{3}$ s.h. Works of the last 30 years of the 19th century, up to the outbreak of the Spanish Civil War; Realism, Naturalism, generation of 1898, generation of 1913, generation of 1927. Requirements: at least one course taught in Spanish at the 2000 level or above.

SPAN:3840 Contemporary Spanish Short Story 3 s.h. Contemporary short stories from 20th- and 21st-century Spain; emphasis on reading strategies and interpretation skills; focus on historical and social contexts. Requirements: at least one course taught in Spanish at the 2000 level or above.

## SPAN:4100 Introduction to Spanish Phonology

3 s.h.
Sound patterns of Spanish; how various theoretical approaches solve basic problems in Spanish phonology; identification of linguistic universals, how they are manifested in the sound structure of Spanish. Taught in Spanish. Same as SLA:4301.
SPAN:4150 Introduction to Spanish Syntax
3 s.h.
Basic principles of generative syntax as applied to analysis of Spanish syntactic structure; extensive syntactic analysis. Taught in Spanish. Prerequisites: SPAN:3100. Same as SLA:4300.
SPAN:4160 Language, Justice, and the Law
3 s.h.
Focus on language policy, immigrants' linguistic rights, and cultural communication in context of U.S. law; development of Spanish language skills in legal and cultural contexts. Taught in Spanish. Requirements: two courses in Spanish numbered 3000 or above. Same as LATS:4160.

## SPAN:4170 Second Language Acquisition

3 s.h.
Linguistic approaches to acquisition of Spanish as a second language. Taught in Spanish. Prerequisites: LING:3001 or CSD:3117 or CSD:3118 or PSY:2601 or EDTL:4410 or EDTL:4417 or SPAN:3130 or SPAN:3100 or SPAN:3110 or SPAN:3120.
SPAN:4190 Topics in Hispanic Linguistics 3 s.h.
Prerequisites: SPAN:3100 or SPAN:3110 or SPAN:3120 or SPAN:3130. Requirements: completion of at least one Hispanic linguistics course.

## SPAN:4195 Spanish Linguistics Lab II

3 s.h.
Hands-on research experience collecting and analyzing linguistic data. Requirements: at least one linguistics course.

SPAN:4205 Culture, Language, and Health
3 s.h.
Exploration of health, wellness, and illness from a perspective of language and culture; languages we use to describe our mental and physical health that are situated within culture-specific ideas of human bodies, minds, disease, and wellness; understanding where beliefs about health and wellness come from and exploring other systems of belief on their own terms prepares students to be better informed health care practitioners, more aware patients within health care systems, and more sensitive caregivers in health related settings; emphasis on observation, asking questions, and analyzing health care worlds. Taught in Spanish. Requirements: two courses in Spanish numbered 3000 or above. Same as GHS:4205.
SPAN:4330 Colonial Spanish American Literature 3 s.h.
Readings from the formative period of Spanish American culture; may include discovery and conquest, ethnicity and gender, dissent and popular resistance. Requirements: one literature course taught in Spanish numbered SPAN:3200 or above.
SPAN:4390 Topics in Spanish American Literature 3 s.h.
Taught in Spanish. Requirements: one literature course in Spanish numbered SPAN:3200 or above. Same as LAS:4390.

## SPAN:4650 Don Quijote

3 s.h.
Exploration of Cervantes' Don Quijote; sociohistorical context, questions of human existence, literary tradition, metafiction, influence of Don Quijote on novelists and filmmakers, critical reception of the text. Requirements: two literature courses in Spanish, at least one of which must be numbered SPAN: 3300 or above.

SPAN:4690 Topics in Spanish Literature
3 s.h.
Requirements: two literature courses in Spanish, at least one of which must be numbered SPAN:3300 or above.
SPAN:4805 Chicano Cinema
3 s.h.
History of Chicano independent and industry film and television production since the Chicano political and cultural movement began in the 1960s. Taught in English. Requirements: one Spanish literature or culture course numbered SPAN: 3200 or above, or one film studies course numbered above CINE:2100. Same as CINE:4705, LATS:4805.

SPAN:4815 Lost Childhoods: Marginal Children of Latin

## America

3 s.h.
Focus on lost childhoods from a cultural studies perspective; analysis of marginal perspectives that emerge from a globalized urban landscape; evolution of literary, artistic (art, photography, comics), and film productions about dispossessed children, the construction of childhood by nongovernmental and nonprofit organizations, and how these cultural productions denounce social violence. Taught in Spanish. Requirements: two courses numbered SPAN:3000 or above. Same as LAS:4815.
SPAN:4830 The Hispanic World in the Digital Era 3 s.h.
Global digital space and construction of culture in Hispanic world; how digital data creates knowledge and ways it represents and impacts societies; power of computer technology to disseminate critical thinking, social outreach, and creative expressions; how digital realities and tools of constant communication promote change. Requirements: two literature or culture courses in Spanish, at least one of which must be numbered SPAN:3300 or above.

## SPAN:4840 Visual Culture in Modern and Contemporary

 SpainHow to analyze different types of images in connection to the social and political developments of modern and postmodern Spain; special attention given to the role that images played in the periods of political turmoil that defined modern Spanish history. Requirements: two courses taught in Spanish and at least one numbered SPAN:3000 or above.

SPAN:4850 Topics in Cultural Studies
Requirements: one literature or culture course taught in Spanish numbered SPAN: 3200 or above.

SPAN:4880 Comic Books and Graphic Novels in the Hispanic World
Analysis of comics and graphic novels from Hispanic world; diverse Hispanic representational perspectives on creativity, humor, storytelling, culture, politics, nationality, and ethnicity; opportunity for students to express their own creativity with comics. Recommendations: two literature or culture courses taught in Spanish, at least one of which must be numbered SPAN: 3200 or above.

## SPAN:4900 Latin American Studies Seminar 3-4 s.h.

Examination of past, present, and future of Latin America; interdisciplinary. Taught in English. Same as ANTH:4700, HIST:4504, LAS:4700, PORT:4700.
SPAN:4925 Topics in Film Narrative
Exploration of relationship between film narratives and social systems. Taught in English. Same as LAS:4925.

## SPAN:4950 Advanced Workshop on Creative Writing in

 Spanish3 s.h.
In-depth consideration of characters, dialog, conflict, setting, point of view, other fundamentals of fiction; experience writing short stories and other pieces, with class discussion; fictional texts by renowned writers, authors' essays on their own creative process; narrative strategies of short stories, songs, painting, films. Requirements: one creative writing course in Spanish and one literature course in Spanish numbered SPAN:3300 or above, or two literature courses in Spanish numbered SPAN:3300 or above.
SPAN:4980 Advanced Translation: Spanish to English 3 s.h.
Examination of translation through practical exercises and readings related to the problem of working with literature between languages; questions related to style and form as well as historical and cultural distance will be examined. Requirements: SPAN:3030 or SPAN:3050 and one literature course taught in Spanish.
SPAN:4998 Honors: Research and Thesis
2-3 s.h.
Requirements: honors standing.

## SPAN:4999 Special Work

1-3 s.h.

## SPAN:5000 Teaching and Learning Languages

Readings in pedagogical theory and practice, second language acquisition; experience designing activities for teaching and assessment with critiques based on current theories and approaches; development of reflective practices toward one's language teaching. Taught in English. Same as FREN:5000, GRMN:5001, SLA:5000, WLLC:5000.

## SPAN:5002 Pedagogical Practicum

2 s.h.
Practice in lesson design, classroom management techniques, evaluation skills during work with faculty. Requirements: PhD standing.
SPAN:5003 Professional Training and Development 1 s.h. Professional training and preparation for a variety of professional opportunities within and outside of academia. Requirements: Spanish PhD standing.
SPAN:5005 Heritage and Dual Language Teaching 3 s.h.
Theoretical issues (e.g., ideological, educational, linguistic) of heritage language teaching and learning; pedagogical issues including curriculum development and assessment for dual language programs in the United Statues; focus on teaching heritage language learners (those who learned a language other than English at home) or dual language education (those who develop academic skills in their native language while building skills in a different language) in the United States. Taught in English. Same as WLLC:5005.

Taught in Spanish or English.
SPAN:6190 Topics in Comparative Romance Linguistics 3 s.h. Comparative study of phonology, morphology, or syntax of the main Romance languages as informed by linguistic theory; diachronic or synchronic perspective. Taught in English. Recommendations: additional graduate coursework in linguistics. Same as LING:6190, SLA:6302.

SPAN: 6210 Fiction Workshop
4 s.h.
Craft of writing short stories; underlying principles examined through lectures, readings, craft analysis, discussions, exercises, and workshops; activities linked with International Writing Program. Requirements: admission to MFA Spanish Creative Writing program.
SPAN:6220 Poetry Workshop
Construction and recognition of poetic voice through readings, analysis, and exercises from different poets and by students; poetic voice in three spaces (diary of poetic prose, collection of poems, object poem). Requirements: admission to MFA Spanish Creative Writing program.
SPAN:6231 Graphic Novel/Comic Script Workshop 1,4 s.h.
Basic steps to develop a comic book or a graphic novel; different
styles and ways to develop scripts and characters; main authors and their graphic works; students work on possible script or group of characters. Requirements: admission to MFA Spanish Creative Writing program.
SPAN:6235 Film Script/Theater Workshop
3 s.h.
Basic steps to developing plays; different styles and ways to develop plays and characters; reading main authors and their plays; student work on a possible play. Requirements: admission to MFA in Spanish Creative Writing program.
SPAN:6241 Creative Project Development 3 s.h.
Development of creative project. Requirements: admission to MFA Spanish Creative Writing program.
SPAN:6251 Workshop on Editing a Literary e-Journal 3 s.h. Plan, produce, write, and edit a literary digital magazine; manage and write for Iowa Literaria. Requirements: admission to MFA in Spanish Creative Writing program.
SPAN:6280 Nonfiction Workshop 3 s.h. Practice of self narrative and construction of the self in literature; readings of self-narrated texts in different literary forms and cultural traditions (from autobiography to testimonial narratives); various ways in which the narrating self is formed and deformed by literary conventions that define him/her; readings as springboards for thinking on ways to write the self; series of autobiographical sketches.
Requirements: admission to MFA Spanish Creative Writing program.
SPAN:6290 Topics in Spanish Creative Writing 3 s.h. Examination of special issues related to craft, context, and practice of Spanish creative writing.

SPAN:6295 Practicum Editing a Literary e-Journal Practice in planning, producing, and editing Iowa Literaria. Recommendations: SPAN:6251.

SPAN:6299 Thesis: Creative Writing
arr.
Continuation of work on student manuscript. Requirements: admission to MFA Spanish Creative Writing program.
SPAN:6300 Colonial Spanish American Literature 3 s.h.
Chronicles of the conquest: close reading with focus on role of writing and operations of "othering"; balance between critical secondary sources and primary sources.
SPAN: 6320 Contemporary Spanish American Narrative 3 s.h. Narrative from mid-20th century to present; emphasis on the Boom, post-Boom.

## SPAN:6330 Spanish American Narrative: Modern and Regional

3 s.h.
SPAN:6390 Topics in Spanish American Literature
3 s.h.
SPAN:6600 Medieval Spanish Literature 3 s.h.
Critical reading of canonical medieval texts in their cultural context; application of modern theory to medieval texts; works such as $E l$ Poema del Cid, El Romancero Viejo, Milagros de Nuestra Señora, El Conde Lucanor, El Libro de Buen Amor.
SPAN:6620 Spanish Renaissance and Baroque Literature 3 s.h. Critical analysis of social, moral, political function of literature in early modern Spain; Renaissance and Baroque poetry; La Celestina; pastoral literature; Don Quijote; narratives of the court; modern subjectivity; the question of genre.
SPAN:6660 Contemporary Spanish Fiction
3 s.h.
The post-Franco novel in Spain; literary "postmodernism" and relationships between Spanish literature, politics, and society since 1975; representative significant works.
SPAN:6670 Contemporary Spanish Poetry 3 s.h.
Poetry on the Spanish literary scene circa 1968; authors' reactions to predecessors, their connections with foreign traditions, metapoetry, the aesthetics of culturalism.
SPAN:6680 Contemporary Non-Castilian Narrative Spain 3 s.h. Readings in Spanish of novels and short stories written in another language of the Spanish state or by a member of one of Spain's nonCastilian historic nationalities.
SPAN:6690 Topics in Spanish Literature 3 s.h.
SPAN:6850 Topics in Literary Studies
3 s.h.
SPAN:6860 Topics in Cultural Studies
3 s.h.
SPAN:6904 Crossing Borders Seminar 2-3 s.h.
Taught in English. Same as AFAM:6635, ANTH:6635, COMM:6635, ENGL:6635, FREN:6142, GEOG:6635, GRMN:6635, HIST:6135, IWP:6635, POLI:6635.
SPAN: 6965 Topics in Second Language Acquisition: Writing 3 s.h. Theory, pedagogy, research, and assessment in second language writing. Taught in English. Same as RHET:6965, WLLC:6965.

## SPAN:6998 Special Work

SPAN:6999 Thesis
SPAN:7000 Seminar: Spanish Linguistics
arr.
3 s.h.
arr.

Taught in Spanish. Same as LING:7000.
arr. SPAN:7001 Language Justice: Multilingual Community Engagement and Scholarship 3 s.h.
Application of language justice to lived experiences of multilingual individuals; exploration of how communities can incorporate language justice into shared spaces and interactions within those spaces; engagement with local community groups that support multilingual Iowans whose personal language practices are less valued than the default monolingual English norm. Taught in English. Same as WLLC:7001.
SPAN:7200 Seminar: Literary Studies 3 s.h.
Specific topics on aspects of Spanish and/or Spanish American literature.

SPAN:7505 Readings: Latin American History arr. Introduction to historiography in the field of Latin American history; students deepen their understanding of the region's history and become acquainted with trends in topical concerns, sources, and methods that are shaping historical research on Latin America's past. Taught in English. Same as HIST:7505.

## Portuguese Courses

PORT:1000 First-Year Seminar
1 s.h.
Small discussion class taught by a faculty member; topics chosen by instructor; may include outside activities (e.g., films, lectures, performances, readings, visits to research facilities, field trips). Requirements: first-semester standing.
PORT:2000 Accelerated Elementary Portuguese 5 s.h.
First-year course in one semester; comprehending, speaking, reading, writing modern Portuguese; emphasis on speaking; previous knowledge of Portuguese not required. GE: World Languages Second Level Proficiency.
PORT:2010 Elementary Portuguese I 3 s.h.
Emphasis on oral and written skills; first in a series; no previous knowledge of Portuguese necessary. Recommendations: no previous study of Portuguese. GE: World Languages First Level Proficiency.
PORT:2015 Elementary Portuguese II 3 s.h.
Emphasis on oral and written skills; second in a series. Requirements: PORT:2010. GE: World Languages Second Level Proficiency.
PORT:2500 Accelerated Intermediate Portuguese 5 s.h.
Second-year course in one semester; reading comprehension, oral and writing skills; grammar review. Requirements: PORT:2000. GE: World Languages Fourth Level Proficiency.
PORT:2700 Introduction to Latin American Studies 3 s.h.
Cultures of Latin American countries with emphasis on cultural history and cultural production; interdisciplinary survey. Taught in English. Same as COMM:2800, IS:2700, LAS:2700, SPAN:2700.
PORT:2850 Brazilian Narrative in Translation
3 s.h.
Representative readings of modern and contemporary novels, short stories, and other narrative forms; cultural background; focus on major writers. Taught in English. Prerequisites: ENGL:1200. GE: Literary, Visual, and Performing Arts. Same as LAS:2850, SPAN:2850.

Compare and contrast Spanish and Portuguese; development of basic communicative skills in Portuguese. Taught in Spanish and Portuguese. Requirements: undergraduate Spanish native speaker, Spanish heritage speaker, or two courses in Spanish numbered SPAN:4000 or above, or graduate standing.
PORT:3100 Writing and Speaking 3 s.h.
Speaking and writing skills through discussion, oral presentations, grammar and vocabulary review, composition. Taught in Portuguese. Requirements: PORT:2500.

PORT:3105 Linguistic Aspects of the Lusophone World 3-4 s.h. Introduction to Portuguese incorporating formal (theoretical), historical, and sociolinguistic perspectives; linguistic analysis of phonetics/phonology, morphology, and syntax; origins of Portuguese and its expansion to Africa, Asia, and Latin America. Taught in English. Same as LING:3105, SPAN:3105.

PORT:3150 Topics in Portuguese Language 3 s.h.
Various aspects of Portuguese language use. Taught in Portuguese.
Requirements: one course numbered PORT:2500 or above.

## PORT:4100 Topics in Luso-Brazilian Culture 3 s.h.

Study of past, present, and future of Portuguese-speaking countries; interdisciplinary. Taught in Portuguese. Requirements: PORT:2500.
PORT:4700 Latin American Studies Seminar 3-4 s.h.
Examination of past, present, and future of Latin America;
interdisciplinary. Taught in English. Same as ANTH:4700, HIST:4504, LAS:4700, SPAN:4900.

PORT:4995 Portuguese Senior Project
3 s.h.
Voluntary student-initiated projects outside the classroom; designed or executed during senior year; similar to independent study, but based on research and completed in close consultation with a faculty mentor. Requirements: at least one course taught in Portuguese numbered PORT:4000 or above.

PORT:4998 Special Work
1-3 s.h.
Independent study arranged between student and a faculty member to complete requirements for the major in Portuguese.
PORT:4999 Honors Research and Thesis 2-3 s.h.
Requirements: honors standing.

## Spanish, BA

The Spanish major is built on coursework in Spanish Peninsular and Spanish American literature, Hispanic cultures, Hispanic linguistics, and advanced language skills. The goal of the major is twofold: to study content areas related to the Spanish language, such as literature, culture, and linguistics; and to develop proficiency in the Spanish language in all four skills-speaking, listening, reading, and writing.

## Learning Outcomes

By graduation, Spanish majors will have the following.

## Proficiency

Increased Spanish language proficiency in speaking, writing, listening, and reading.

## Analytical Skills

Acquired the skills to engage critically with one or more of the following areas.

- Spanish, Spanish American, and U.S. Latino literatures and cultures.
- Hispanic linguistics.
- Creative and/or journalistic writing.
- Spanish for the professions (e.g., health and business).
- Translation.

## Intercultural Knowledge

Gained intercultural knowledge of the diversity of the Hispanic world (Spain/Portugal, Latin America, and the United States) and its cultural, artistic, and linguistic history.

## Advising

First-year students are initially advised by the Academic Advising Center. Second-year students are advised by the Division of World Languages, Literatures and Cultures academic advisor. Third- and fourth-year students are advised by a faculty advisor and professional academic advisor who guides a student regarding academic or careerfocus experiences and opportunities.

## Requirements

The Bachelor of Arts with a major in Spanish requires a minimum of 120 s.h., including at least 36 s.h. of work for the major. Students must maintain a grade-point average (GPA) of at least 2.00 in all courses for the major and in all UI courses for the major. A maximum of 15 s.h. of approved transfer credit may be counted toward the major. Students also must complete the College of Liberal Arts and Sciences GE CLAS Core [p. 19].

Coursework for the major includes a core, which consists of one course from each of the five principal academic areas of the department (see "Required Core" below), and seven electives, which may focus on one or more of the five principal areas or may include a broad range of courses (see "Electives" below).

All courses taken for the Spanish major must be numbered 2000 or above. Advanced Placement Program (AP) credit is considered to be equivalent to a Spanish course at the 2000 level. Students may count 3 s.h. in AP Spanish Language and Culture or Literature and Culture exams with a score of 4 or higher as elective credit toward the major. See "Electives" below.
A minimum of one and a maximum of four courses for the major must be numbered 2000-2999, including AP credit. At least three courses for the major must be numbered 4000-4999, and students can
either count these as core courses or as elective courses. Courses at the 4000-4999 level must be taken at the University of Iowa in the Department of Spanish and Portuguese; no transfer credit or study abroad courses are accepted.
Advanced undergraduate students preparing to earn honors may enroll in graduate courses with the permission of their advisor, the instructor, and the department chair. Ordinarily, permission is granted only to students who have completed a minimum of 30 s.h. of work for the major and whose GPA in the major is 3.75 or higher.
Students may apply up to 6 s.h. of approved coursework taught in English or Portuguese toward the major. This includes coursework taught in the Department of Spanish and Portuguese or in another department, as approved by their advisor. All other courses for the major must be taught in Spanish. Courses taught in English are listed below; see "Spanish Courses Taught in English."

## Requirements for the Major

The BA with a major in Spanish requires the following coursework.

| Requirements | Hours |
| :--- | :--- |
| Hispanic Linguistics Course | 3 |
| Spanish Peninsular Literature Course | 3 |
| Spanish American Literature Course | 3 |
| Culture (Peninsula or Spanish American) Course | 3 |
| Writing Course | $3-4$ |
| Electives | 21 |

## Required Core

## Hispanic Linguistics

| Course \# | Title | Hours |

## Electives

Course \# Title
Seven elective courses in Spanish numbered
SPAN:2000 or above
Students choose elective coursework according to the following
guidelines.
Electives may include coursework in Spanish language skills as well
as more advanced language courses that focus on specialized language
functions and purposes. Related courses must be approved by the
director of undergraduate studies.
The following courses are only applicable toward the Spanish major
as electives. as electives.

| Course \# | Title | Hours |
| :---: | :---: | :---: |
| SPAN:2010 | Spanish Language Skills: Speaking | 3 |
| SPAN:2020 | Hispanic Institute: Language | 3 |
| SPAN:2030 | Study of Language: Myths and Concepts | 3 |
| SPAN:2040 | Spanish for Heritage Speakers | 3 |

| SPAN:4900 | Latin American Studies Seminar | 3 |
| SPAN:4925 | Topics in Film Narrative | 3 |

## Study Abroad

The department participates in study abroad programs in Spain and Latin America; most of these programs offer both summer and semester or yearlong programs. The programs in Spain include the Board of Regents Hispanic Institute program in Valladolid (summer only); Cultures of Spain (Madrid, summer only), USAC (University Studies Abroad Consortium) programs in Alicante, Bilbao, Madrid, and San Sebastián; and CIEE programs in Alcalá de Henares, Alicante, Barcelona, Madrid, Palma de Mallorca, and Seville.

The programs in Latin America include USAC programs in Chile (Santiago) and Costa Rica (Heredia, Puntarenas, and San Ramón); CIEE programs in Argentina (Buenos Aires), Chile (Santiago and Valparaíso), Dominican Republic (Santiago), and Peru (Lima).
They also include the CIC Latin America Health, Nutrition, and Environmental Issues Program in Santiago, Dominican Republic. For information about other international study programs in Spanish, contact International Programs Study Abroad.
Participation in a number of different programs allows the department to offer study abroad opportunities that take into account a variety
of student interests and needs. Credit earned in these or other study abroad programs may be applied toward the requirements for the Spanish major. The amount of credit that may be accepted varies according to the program.

Interested students should contact the department's study abroad advisor. Credit earned in study abroad programs other than those listed above counts as transfer credit and is subject to the 15 s.h. maximum allowed for the major.

## Teacher Licensure

Students interested in teaching in elementary and/or secondary schools should seek admission to the Teacher Education Program (TEP) in the College of Education.

To qualify for licensure in secondary teaching, students in the TEP complete a degree in education as well as a related College of Liberal Arts and Sciences degree. See Apply on the College of Education website for details on requirements and deadlines for applying to the College of Education and about TEP choices of majors leading to licensure.

## Honors

## Honors in the Major

Students have the opportunity to graduate with honors in the major. They must have a cumulative University of Iowa grade-point average (GPA) of at least 3.33 and a GPA of at least 3.50 in the major in order to enter the honors program, and are required to maintain the same grade-point average requirements to earn honors in the major.
Students must request honors designation for one course they take for the major ( 3 s.h.), in consultation with the department honors advisor. They also must register for 3 s.h. in SPAN:4998 Honors: Research and Thesis. To complete SPAN:4998 successfully, students must submit an honors thesis they have written in Spanish and must present it orally to a faculty committee in a meeting conducted in Spanish.

## University of Iowa Honors Program

In addition to honors in the major, students have opportunities for honors study and activities through membership in the University of Iowa Honors Program. Visit Honors at Iowa to learn about the university's honors program.
Membership in the UI Honors Program is not required to earn honors in the Spanish major.

## Career Advancement

Spanish majors combine their Spanish studies with other areas to prepare for career opportunities in international business, government, travel, health, journalism, law, or communication, where knowledge of another language and other cultures is essential. They also may go on to graduate study in areas such as Spanish and Spanish American literature, Hispanic or Spanish linguistics, cultural studies, film studies, translation, or comparative literature.

The Pomerantz Career Center offers multiple resources to help students find internships and jobs.

## Academic Plans

## Four-Year Graduation Plan

The following checkpoints list the minimum requirements students must complete by certain semesters in order to stay on the university's Four-Year Graduation Plan. Courses in the major are those required
to complete the major; they may be offered by departments other than the major department.
Before the third semester begins: SPAN:1501 Intermediate Spanish I (or equivalent second-year, first-semester competence in Spanish).
Before the fifth semester begins: two courses in Spanish beyond SPAN:1502 Intermediate Spanish II (or equivalent second-year, second-semester competence).

Before the seventh semester begins: four more courses in the major and at least 90 s.h. earned toward the degree.

Before the eighth semester begins: nine courses in the major.
During the eighth semester: enrollment in all remaining coursework in the major, all remaining GE CLAS Core courses, and a sufficient number of semester hours to graduate.

## Sample Plan of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.

| Total Hours |  |

a Sustainability must be completed by choosing a course that has been approved for Sustainability AND for one of these General Education areas: Natural Sciences; Quantitative and Formal Reasoning; Social Sciences; Historical Perspectives; International and Global Issues; Literary, Visual, and Performing Arts; or Values and Culture.
b SPAN:1001, SPAN:1002, SPAN:1501, and SPAN: 1502 do not count for credit toward the major. Language level placement will be determined by placement exam score and/or oral interview. Students who place into the 5 th semester level of the language will begin major level coursework and not be required to take semesters 1-4 of the language.
c Students who have completed four years of a single language in high school have satisfied the GE CLAS Core World Languages requirement. Enrollment in world languages courses requires a placement exam, unless enrolling in a first-semester-level course.
d GE CLAS Core courses may be completed in any order unless used as a prerequisite for another course. Students should consult with an advisor about the best sequencing of courses.
e Students may use elective courses to earn credit towards the total s.h. required for graduation or to complete a double major, minors, or certificates.
f A minimum of one and a maximum of four courses for the major must be numbered 2000-2999. At least three courses for the major must be numbered 4000-4999. Students may apply up to 6 s.h. of approved coursework taught in English or Portuguese toward the major. All other courses for the major must be taught in Spanish, including study abroad courses.
g Students must complete 21 s.h. in Spanish major electives; may include coursework in Spanish language skills or more advanced language courses that focus on specialized language functions and purposes. Related courses must be approved by the director of undergraduate studies.
h Please see Academic Calendar, Office of the Registrar website for current degree application deadlines. Students should apply for a degree for the session in which all requirements will be met. For any questions on appropriate timing, contact your academic advisor or Graduation Services.

## Portuguese, BA

Portuguese is widely spoken in four continents and is the official language of eight countries: Angola, Brazil, Cape Verde, East Timor, Guine-Bissau, Mozambique, Portugal, and São Tomé and Príncipe. Portuguese is the third most spoken European language (after English and Spanish) and the sixth most spoken language in the world. Brazil is the largest country in South America, comparable in size with the United States. Knowledge of Portuguese and of Luso-Brazilian culture is a marketable skill.

## Learning Outcomes

By graduation, Portuguese majors will have:

- enhanced language proficiency and cultural awareness of the Portuguese-speaking world; and
- attained skills to engage critically with histories, cultures, literatures, and other arts, and gained knowledge of the diversified Lusophone world (Angola, Brazil, Cape Verde, East Timor, Guine Bissau, Mozambique, Portugal, São Tomé and Príncipe).

## Requirements

The Bachelor of Arts with a major in Portuguese requires a minimum of 120 s.h., including at least 30 s.h. of work for the major. Students must maintain a grade-point average of at least 2.00 in all courses for the major and in all UI courses for the major. They also must complete the College of Liberal Arts and Sciences GE CLAS Core [p. 19]. Furthering Language Incentive Program (FLIP) credit may not be counted toward the major.

Students must take at least one course in Portuguese (prefix PORT) numbered 4000 or above. No more than 9 s.h., with the approval of an advisor, may be taken in courses that are not Portuguese courses (prefix PORT). Students must complete PORT:2500 Accelerated Intermediate Portuguese or the equivalent before they complete any other requirements for the major. They may only apply 3 s.h. earned in PORT:2500 toward the major. Two courses (6 s.h.) taught in English and two courses ( 6 s.h.) taught in Spanish (prefix SPAN) numbered 2000 or above may count toward the major. Students can identify courses taught in English by viewing the course description for each course.

These courses do not count toward the 30 s.h. of work for the major.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| PORT:1000 | First-Year Seminar | 1 |
| PORT:2000 | Accelerated Elementary | 5 |
|  | Portuguese | 3 |
| PORT:2010 | Elementary Portuguese I | 3 |
| PORT:2015 | Elementary Portuguese II | 4 |
| PORT:3050 | Intensive Portuguese for |  |

The BA with a major in Portuguese requires the following courses or their equivalents.

## Requirements for the Major

| Requirements | Hours |
| :--- | :--- |
| Language Skills Course | 3 |
| Literature Courses | 3 |
| Culture Courses | $6-7$ |
| Electives | 18 |

## Language Skills Course

## Study Abroad

Credit earned in study abroad programs other than those listed above counts as transfer credit and is subject to the 15 s.h. maximum allowed for the major. Contact International Programs Study Abroad for details.

## Honors

## Honors in the Major

Students have the opportunity to graduate with honors in the major. They must have a cumulative University of Iowa grade-point average
(GPA) of at least 3.33 and a GPA of at least 3.50 in the major in order to enter the honors program, and are required to maintain the same grade-point average requirements to earn honors in the major.

Students must earn 3 s.h. in PORT:4999 Honors Research and Thesis plus 3 s.h. in a course chosen in consultation with the department honors advisor. Both courses ( 6 s.h.) count toward the total 30 s.h. required for the major in Portuguese. Students also must write an honors thesis and present it orally to a committee of three faculty members.

## University of Iowa Honors Program

In addition to honors in the major, students have a variety of opportunities for honors study and activities through membership in the University of Iowa Honors Program. Visit Honors at Iowa to learn about the university's honors program.

Membership in the UI Honors Program is not required to earn honors in the Portuguese major.

## Career Advancement

Graduates have reported securing positions in multinational companies, international agencies, import/export companies, government tourism, research institutes, health institutions, the arts, graduate schools, and with the airlines, to name just a few. Portuguese can help students prepare to work in diverse fields such as banking, diplomacy, journalism, publishing, advertising, social services, media, law, and academia.

The Pomerantz Career Center offers multiple resources to help students find internships and jobs.

## Academic Plans

## Four-Year Graduation Plan

The following checkpoints list the minimum requirements students must complete by certain semesters in order to stay on the university's Four-Year Graduation Plan. Courses in the major are those required to complete the major; they may be offered by departments other than the major department.

Before the third semester begins: competence in first-year Portuguese.
Before the fifth semester begins: competence in intermediate Portuguese.
Before the seventh semester begins: three or four additional courses for the major and at least 90 s.h. earned toward the degree.
Before the eighth semester begins: seven courses in the major.
During the eighth semester: enrollment in remaining major coursework in the major, all remaining GE CLAS Core courses, and a sufficient number of semester hours to graduate.

## Sample Plan of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.

## Spanish, Minor

## Requirements

The undergraduate minor in Spanish requires a minimum of 18 s.h. in Spanish courses, including at least 15 s.h. in Department of Spanish and Portuguese courses (prefix SPAN) at the University of Iowa numbered 2000-4998. At least 6 s.h. must be numbered 3000-4998. Students must maintain a grade-point average of at least 2.00 in all courses for the minor and in all UI courses for the minor. Coursework in the minor may not be taken pass/nonpass.

Students can count coursework toward the minor in study abroad programs that earn University of Iowa resident credit. At least one course for the minor must be a literature, culture, or Hispanic linguistics course numbered 2000-4998. For a list of courses, see Requirements [p. 1027] in the BA in Spanish section of the catalog and view the appropriate areas.

Students can apply one University of Iowa course taught in English toward the minor, but all other courses for the minor must be taught in Spanish. For a list of courses in English, see Requirements in the BA in Spanish section of the catalog and view the "Spanish Courses Taught in English."

Students are not assigned an advisor for minors, but they may consult with the Division of World Languages, Literatures and Cultures academic advisor. In consultation with the advisor, students also may choose to count 3 s.h. toward their Spanish minor from:

- coursework in Spanish at the University of Iowa below the major level (SPAN: 1502 Intermediate Spanish II-SPAN: 1800 Writing and Writers from Latin America); or
- transfer credit approved by the department, including credit from study abroad programs sponsored by other universities; or
- Advanced Placement Program (AP) Spanish Language and Culture or Literature and Culture exams with a score of 4 or higher; or
- incentive credit earned from the Furthering Language Incentive Program (FLIP).

## Study Abroad

The department participates in study abroad programs in Spain and Latin America; most of these programs offer both summer and semester or yearlong programs. The programs in Spain include the Board of Regents Hispanic Institute program in Valladolid (summer only); Cultures of Spain (Madrid, summer only), USAC (University Studies Abroad Consortium) programs in Alicante, Bilbao, Madrid, and San Sebastián; and CIEE programs in Alcalá de Henares, Alicante, Barcelona, Madrid, Palma de Mallorca, and Seville.

The programs in Latin America include USAC programs in Chile (Santiago) and Costa Rica (Heredia, Puntarenas, and San Ramón); CIEE programs in Argentina (Buenos Aires), Chile (Santiago and Valparaíso), Dominican Republic (Santiago), and Peru (Lima). They also include the CIC Latin America Health, Nutrition, and Environmental Issues Program in Santiago, Dominican Republic. For information about other international study programs in Spanish, contact International Programs Study Abroad.

Participation in a number of different programs allows the department to offer study abroad opportunities that take into account a variety of student interests and needs. Credit earned in these or other study abroad programs may be applied toward the requirements for the Spanish minor. The amount of credit that may be accepted varies according to the program.

Interested students should contact the department's study abroad advisor. Credit earned in study abroad programs other than those listed
above counts as transfer credit and is subject to the 3 s.h. maximum allowed for the minor.

## Teacher Licensure

Students who plan to use their work toward a minor in Spanish as academic background for earning teacher licensure should contact the Office of Student Services in the College of Education about requirements.

## Academic Plans

## Sample Plan of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.

a This course is a prerequisite for the required minor courses.
b Language level placement will be determined by placement exam score and/or oral interview. Students who place into the 5th semester level of the language will begin coursework at that level and will not be required to take semesters 1-4 of the language.
c Students may choose to count 3 s.h. toward their Spanish minor from one of the following four choices: coursework below the major level (such as SPAN:1502); transfer credit approved by the department, including from study abroad programs sponsored by other universities; Advanced Placement Program (AP) Spanish Language and Culture or Literature and Culture exams with a score of 4 or higher; incentive credit earned from the Furthering Language Incentive Program (FLIP).
d At least one course for the minor must be a literature, culture, or Hispanic linguistics course.
e Students can apply one University of Iowa course or one study abroad course ( $3 \mathrm{~s} . \mathrm{h}$.) taught in English toward the minor, but all other courses for the minor must be taught in Spanish. See General Catalog for list of approved courses.

## Portuguese, Minor

## Requirements

The undergraduate minor in Portuguese requires a minimum of 15 s.h. in Portuguese courses (prefix PORT), including 12 s.h. in University of Iowa courses numbered 2500 or above; credit earned in a University of Iowa study abroad program also may be counted toward the minor. Students must maintain a grade-point average of at least 2.00 in all courses for the minor and in all UI courses for the minor. Coursework in the minor may not be taken pass/nonpass. A maximum of $3 \mathrm{~s} . \mathrm{h}$. of transfer credit may be applied toward the minor. Furthering Language Incentive Program (FLIP) credit may not be applied toward the minor.
Students may apply up to 3 s.h. from PORT:2500 Accelerated Intermediate Portuguese toward the minor. One 3 s.h. course taught in English in the Department of Spanish and Portuguese or one course taught in Spanish (prefix SPAN) numbered 2000 or above can be applied toward the minor, but not both. All other courses must be numbered 2500 or above. Students can identify courses taught in English by viewing the course description for each course.
All students planning to complete a minor in Portuguese are strongly encouraged to consult with Portuguese faculty advisors.

## Spanish, MA

For the MA program in Spanish, students choose one of two emphases: literature, which provides training in literary analysis and broad knowledge of representative works in principal areas of Spanish literature; or linguistics, which provides training in linguistic analysis and argumentation and broad knowledge of the principal subfields of Spanish linguistics.

## Learning Outcomes

Students will be able to demonstrate:

- basic understanding of primary source material in three of the following distribution fields-Spanish phonology, theory and analysis; Spanish syntax, theory and analysis; applied linguistics/pedagogy history of the Spanish language; language acquisition; sociolinguistics (linguistics) or medieval literature; Spanish Renaissance and Baroque literature; 18th and 19th centuries; 20th and 21st centuries; colonial Spanish American literature; Spanish American literature; 19th-century Spanish American literature; Spanish American Literature, 1900-1960; Spanish American literature, 1960 to the present; U.S. Latina/o/ x literature; Brazilian literature; Portuguese literature; or Latin American film (literature);
- basic understanding of the methodology of their field;
- skill in textual analysis;
- sustained critical thinking, writing, and speaking abilities; and
- knowledge and skills necessary to be effective instructors for courses numbered 1000-1999.

## Requirements

The Master of Arts program in Spanish requires 30 s.h. of graduate credit. A maximum of 6 s.h. of graduate credit in approved courses may be transferred from other institutions toward the 30 s.h. required for the MA degree. Students must maintain a cumulative grade-point average of at least 2.75 .
The MA with a major in Spanish requires the following 10 courses. Students choose one of two emphasis areas: literature or linguistics.

## Literature Emphasis Courses

| Course \# | Title | Hours |
| :---: | :---: | :---: |
| All of these: |  |  |
| WLLC:5000 | Teaching and Learning Languages | 3 |
| One course in above | linguistics numbered 4000 or | 3 |
| Two courses i numbered 4000 | (peninsular) literature ve | 6 |
| Two courses i 4000 or above | h American literature numbered | 6 |
| One course in | heory | 3 |
| Three elective |  | 9 |
| At least eight of the literature emphasis courses must be taken in Department of Spanish and Portuguese courses numbered 5000 or above. The remaining two may be taken in Department of Spanish and Portuguese courses numbered 4000 or above or in courses offered by related departments, subject to approval by the director of graduate studies. |  |  |

## Linguistics Emphasis Courses

| Course \# | Title | Hours |
| :---: | :---: | :---: |
| All of these: |  |  |
| WLLC:5000 | Teaching and Learning Languages | 3 |
| One course in numbered 4000 | or Spanish American literature ve | 3 |
| Two courses |  | 6 |
| Two courses | ics/phonology | 6 |
| One course in sociolinguisti | of the Spanish language or ge variation | 3 |
| One course in acquisition | linguistics or language | 3 |
| Two electives |  | 6 |
| At least six of the linguistics emphasis courses must be taken in Department of Spanish and Portuguese courses numbered 5000 or above. The remaining four may be taken in Department of Spanish and Portuguese courses numbered 4000 or above or in Department of Linguistics courses (prefix LING). |  |  |

## Language Tool Requirement

Students must complete the equivalent of one year of college-level study of any approved second foreign language; Portuguese is highly recommended. They may satisfy this requirement either by examination or through courses taken at the University of Iowa or another accredited university; such coursework does not count toward the 30 s.h. required for the degree.

## Examinations

The final examination includes written and oral components. The written portion consists of a two-hour examination in each of three areas; an oral examination follows, usually lasting 90 minutes. The examining committee is composed of four departmental faculty members.
Students in the literature emphasis may choose to be examined in three literature areas or in two literature areas and one linguistics area. At least one literature area must be in Spanish literature and at least one must be in Spanish American literature. If three literature areas are chosen, at least one must represent literature written before 1700 (peninsular or Spanish American).

Students in the linguistics emphasis may choose to be examined in three linguistics areas or in two linguistics areas and one literature area. At least one of the linguistics areas must be in syntax or phonology. For students in both emphases, the third examination area may be a film area.

For reading lists, contact the Department of Spanish and Portuguese.

## Graduate Study Loads

Maximum course registration for all graduate students is 15 s.h. of graduate-level coursework in fall or spring semesters and 12 s.h. of graduate-level work in summer sessions. Students with one-quarter-time and one-third-time teaching assistantships are permitted to register for the maximum study loads. Students who hold one-half-time assistantships are permitted to register for a maximum of 12 s.h. in fall and spring semesters and 6 s.h. in summer sessions. Students must have approval from the Graduate College to register for additional semester hours.

The minimum course registration is $1 \mathrm{~s} . \mathrm{h}$. for all graduate students. Students who fail to register for 36 months must apply for readmission to the Graduate College.

## Admission

Applicants to the MA program should have completed the equivalent of the undergraduate Spanish major with a grade-point average of at least 3.00 in coursework for the major.

## Financial Support

Teaching and research assistantships are available to qualified graduate students. Usually, two years of support are available for completion of the MA degree. Applications for financial support should be made directly to the Department of Spanish and Portuguese.

## Career Advancement

The Pomerantz Career Center offers multiple resources to help students find internships and jobs.

## Academic Plans

## Sample Plan of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.

b Two of the ten courses required for the degree may be taken in courses offered by related departments, subject to approval by the director of graduate studies.
c Students must complete specific requirements in the University of Iowa Graduate College after program admission. Refer to the Graduate College website and the Manual of Rules and Regulations for more information.
d This requirement can be satisfied either by examination or through courses taken at the University of Iowa or another accredited university; coursework does not count toward the 30 s.h. required for the degree.
e Comprehensive final exam which includes both written and oral components; see General Catalog and department website for more information.

## Spanish Creative Writing, MFA

## Learning Outcomes

Students will be able to demonstrate:

- skills and knowledge of Spanish creative writing practice;
- broad knowledge of the professional field of Spanish creative writing;
- understanding Spanish creative writing as a critical and reflective practice in the context of the history and critical discourse on literature written in Spanish;
- ability to independently complete a publishing-quality creative project in Spanish; and
- knowledge and skills necessary to be effective instructors for courses numbered 1000-1999.

## Requirements

The Master of Fine Arts program in Spanish creative writing requires 48 s.h. of graduate credit earned over four semesters in residence at the University of Iowa. Students must maintain a cumulative gradepoint average of at least 2.75 .

Students complete courses in writing, including several workshops and other relevant coursework. They also are required to do a final public reading in the spring semester of their second year. Work toward the degree culminates in a creative thesis. They must enroll in SPAN:6210 Fiction Workshop and SPAN:6220 Poetry Workshop during each year of residence in the program. Groups of 8-12 students read and critique each other's work in these courses.
For more information, visit the Master of Fine Arts in Spanish Creative Writing website.
The MFA with a major in Spanish creative writing requires the following coursework.

## Required Courses

| Course \# | Title | Hours |
| :---: | :---: | :---: |
| Required Workshops |  |  |
| All of these (19 s.h.): |  |  |
| SPAN:6210 | Fiction Workshop (taken twice ) | 8 |
| SPAN:6220 | Poetry Workshop (taken twice ) | 8 |
| SPAN:6241 | Creative Project Development (course may be taken more than once) | 3 |
| Additional Workshops |  |  |
| 9 s.h. from these: |  |  |
| SPAN:6235 | Film Script/Theater Workshop | 3 |
| SPAN:6241 | Creative Project Development | 3 |
| SPAN:6251 | Workshop on Editing a Literary e-Journal | 3 |
| SPAN:6280 | Nonfiction Workshop | 3 |
| SPAN:6290 | Topics in Spanish Creative Writing | 3 |
| Additional Coursework |  |  |
| All of these (15 s.h.): |  |  |
| Three cours and Portugu | by the Department of Spanish | 9 |

Two courses offered by the Department of Spanish and
Portuguese, or related units in consultation with faculty advisor

Thesis
Both of these (5 s.h.):

| SPAN:6299 | Thesis: Creative Writing (taken <br> in third semester) | 2 |
| :--- | :--- | :--- |
| SPAN:6299 | Thesis: Creative Writing (taken <br> in fourth semester) | 3 |

## Thesis

Students submit their graduate thesis, a manuscript of substantial length, during their last semester, and must enroll in SPAN:6299 Thesis: Creative Writing. The thesis committee is composed of at least three members: two faculty members in the Spanish creative writing program and a third Department of Spanish and Portuguese faculty member who could be part of the creative writing program, or a faculty member from one of the related units-Center for the Book, the Creative Writing Program (Iowa Writers' Workshop), or the International Writing Program.

## Graduate Study Loads

Maximum course registration for all graduate students is 15 s.h. of graduate-level coursework in fall or spring semesters and 12 s.h. of graduate-level coursework in summer sessions. Students with one-quarter-time and one-third-time teaching assistantships are permitted to register for the maximum study loads. Students who hold one-half-time assistantships are permitted to register for a maximum of 12 s.h. in fall and spring semesters and 6 s.h. in summer sessions. Students must have approval from the Graduate College to register for additional semester hours.

The minimum course registration is 2 s.h. for all graduate students. Students who fail to register for 36 months must apply for readmission to the Graduate College.

## Admission

In order to receive full consideration for financial aid, applications to the program should be received from Oct. 1 to Jan. 15.

## Financial Support

Teaching and research assistantships are available to qualified graduate students. Applications for financial support should be made directly to the Department of Spanish and Portuguese.

## Career Advancement

The Pomerantz Career Center offers multiple resources to help students find internships and jobs.

## Academic Plans

## Sample Plan of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.

## Spanish, PhD

The PhD program in Spanish offers courses in the literature of the Spanish-speaking world and Spanish linguistics. In the literature program, students may take courses in Spanish American or peninsular literature, culture, and cinema. The Department of Spanish and Portuguese also offers a creative track in literature for students who have graduated with an MFA in creative writing. In the Spanish linguistics program, students take courses in Spanish syntax, phonology, language acquisition, and sociolinguistics.

## Learning Outcomes

Students will be able to:

- demonstrate understanding and application of research methods and methodological knowledge;
- demonstrate understanding of and ability to analyze theoretical concepts and research in their field of study;
- express ideas effectively in professional academic settings in written and spoken communication in English and Spanish;
- continue to demonstrate knowledge and skills necessary to be effective teaching assistants for courses numbered 1000-1999 and beyond;
- plan, conduct, report on, and disseminate original research; and
- develop the critical research and writing skills necessary to publish peer-reviewed articles.

## Requirements

The Doctor of Philosophy program in Spanish requires a total of at least 72 s.h. of graduate credit. Students must maintain a cumulative grade-point average of at least 3.00.

In this research-oriented degree, PhD students choose from two different tracks: literatures/cultures and Spanish linguistics. The literatures/cultures track trains students in textual analysis and literary history, criticism, and theory. The linguistics track provides training in linguistic analysis and theory. All courses taken to fulfill the semester hour requirement for the degree must be taken on a graded basis; no graduate credit is awarded for a grade lower than C -minus.

Both tracks require a specified number of semester hours of coursework, of which up to, but not more than, 30 s.h. ( 10 courses) may be counted from the MA in Spanish or the MFA in Spanish creative writing at the University of Iowa or elsewhere, as approved by the director of graduate studies. The PhD also requires $3-15$ s.h. for the thesis, SPAN:6999 Thesis. The degree also requires the successful completion and defense of a dissertation representing original research or creative work.

No credit is awarded for coursework completed after the MA is granted and prior to entrance into the PhD program. If, in the course of doctoral study, the advisory committee recommends a student take coursework at another institution, the student may petition the director of graduate studies well in advance of undertaking the coursework, for approval of up to 9 s.h. of transfer credit. At least 39 s.h. of the 72 s.h. required for the degree must be in coursework taken at the University of Iowa.

Students who hold a teaching assistantship in the department are required to take WLLC:5000 Teaching and Learning Languages, a course in foreign language teaching methods. A student who has not earned the MA in Spanish or the MFA in Spanish creative writing at the University of Iowa may request that this requirement be waived because of previous coursework in foreign language teaching methods. The decision to waive the requirement is made by the

Spanish CLAS Core director; no transfer credit is awarded toward the 72 s.h. required for the degree.
Course requirements for each track are as follows.

## Literatures/Cultures Track

## Literatures/Cultures Track Courses

Students must complete at least 36 s.h. (12 courses) beyond the master's degree (or 22 courses beyond the bachelor's degree). The following courses are required; courses taken for the MA may be used to meet part of this requirement.

| Course \# Title $\quad$ Pedagogical Practicum | Hours |
| :--- | ---: |
| All of these: |  |
| SPAN:5002 <br> Proseminar course focused on professional training and <br> development | 1 |
| Three courses in Spanish American literature or <br> culture; at least one course must be in pre-1700 <br> literature | 9 |
| Three courses in Spanish literature or culture; at least <br> one course must be in pre-1700 literature |  |
| Six courses chosen in conjunction with advisor <br> (students approved for a creative writing dissertation <br> must take at least three graduate courses in Spanish <br> creative writing, and students approved for a literary <br> or cultural studies dissertation must take at least three <br> graduate courses in Spanish or Spanish American <br> literature or culture) | 9 |
| SPAN:6999 |  |

The specific plan of study for students, tailored to their area of emphasis, must be approved by their advisory committee by the end of the first semester in the PhD program. Coursework must be numbered between 5000 and 7000 .

Students are encouraged to complete a graduate certificate. University of Iowa graduate certificates that complement the literatures/ cultures track include the certificates in Book Studies/Book Arts and Technologies [p. 1629]; College Teaching [p. 1633]; Gender, Women's, and Sexuality Studies [p. 517]; Literary Translation [p. 1105]; Online Teaching [p. 1333]; and Public Digital Humanities. [p. 1694]

## Literatures/Cultures Track Language Tool Requirement

Students in this track must complete the equivalent of three years of college-level study in one language.
Students who plan to write dissertations on topics in Spanish or Spanish American literature before 1700 are strongly encouraged to select Latin, Arabic, or an Amerindian language to satisfy this requirement; they should consult specialists in their field to determine which language is most appropriate. Students may take more than two languages if their coursework permits.

Language tool coursework below the third-year college level does not count toward the 72 s.h. required for the degree. Courses taken to fulfill the language tool requirements may be taken on a nongraded basis. If the language tool requirements are satisfied by examination, the exam results must be documented in a student's file.

## Spanish Linguistics Track

## Spanish Linguistics Track Courses

Students must earn at least 27 s.h. ( 9 courses) beyond the master's degree (or 19 courses beyond the bachelor's degree). The following
courses are required; courses taken for the MA may be used to meet part of this requirement.

| Course \# | Title | Hours |
| :---: | :---: | :---: |
| All of these: |  |  |
| SPAN:6110 | Spanish Phonology | 3 |
| SPAN:6120 | Spanish Syntax | 3 |
| SPAN:6150 | Topics in Spanish Language Acquisition | 3 |
| SPAN:6999 | Thesis | 6 |
| LING:3005 | Articulatory and Acoustic Phonetics | 3 |
| LING:5010 | Introduction to Syntax | 3 |
| LING:5020 | Introduction to Phonology | 3 |
| LING:6010 | Syntactic Theory | 3 |
| One additional course in the dissertation research area |  | 3 |
| One course in historical linguistics, sociolinguistics/ language variation, or language acquisition/ psycholinguistics |  | 3 |
| One Spanish linguistics seminar numbered 7000 or above |  | 3 |
| One of these: |  |  |
| SPAN:6190 | Topics in Comparative Romance Linguistics | 3 |
| LING:6050 | Language Universals Linguistic Typology | 3 |

The additional course in the dissertation research area (phonology, syntax, language acquisition, language variation) must be taken in the Department of Spanish and Portuguese or the Department of Linguistics.
The specific plan of study for students, tailored to their chosen area of emphasis, must be approved by their advisory committee by the end of the first semester in the PhD program. Coursework in Spanish (taken after the MA) must be numbered 6000 or above, except for some courses offered by the Department of Linguistics and the required third-year-level course in Portuguese (see "Language Tool and Additional Requirements" below).

## Spanish Linguistics Track Language Tool and Additional Requirements

Students in this track must complete the equivalent of three years of college-level study of Portuguese and the equivalent of one year of college-level study in each of two other languages. For students specializing in historical linguistics, one of those two languages must be Latin.

Students may satisfy the language tool requirement by examination or by coursework at the University of Iowa or at another accredited university. Courses taken to fulfill the language tool requirements may be taken on a nongraded basis. If the language tool requirements are satisfied by examination, the exam results must be documented in the student's file. The language tool coursework does not count toward the 57 s.h. of pre-thesis coursework required for the degree, except for the third-year-level coursework in Portuguese, which may be counted with the faculty advisor's approval if a student completed the course with a grade.

Students also must write two extended research papers and give two colloquium presentations based on these papers. The first paper must be in an area distinct from the intended dissertation research; it must be approved by a student's advisory committee by the end of fall semester of the second year of PhD coursework in order for the student to continue in the track. The second paper must be in the dissertation research area, must be of publishable quality, and must be approved by the student's advisory committee no later
than the beginning of the semester in which the student takes the comprehensive exam.

## Timeline: Post-MA/MFA

By the end of the fourth semester of enrollment, students should have completed all required coursework. They typically present their PhD comprehensive examination at the beginning of their fifth semester of enrollment. Students should develop the various parts of the comprehensive portfolio in conjunction with their PhD coursework. The two broad area reading lists can be developed while taking graduate-level courses in the department, and their article should be based on a research paper written in a graduate course in the department. Students are encouraged to complete their comprehensive examinations before Oct. 15 (in the fall semester) or March 15 (in the spring semester) and present and defend their dissertation prospectus before the end of the same semester. Some grants require students to have completed their doctoral examination and prospectus defense before they apply, so it is recommended that students finish the examinations early in the semester.

## Comprehensive Examinations

The purpose of the comprehensive examination is to determine whether students have gained sufficient breadth and depth of research knowledge in Spanish literatures or linguistics to enter the profession as a teacher-scholar. The examining committee is composed of five departmental faculty members, or four departmental faculty members and a fifth faculty member from a related department.

Graduate students who plan to take the examination must file the departmental Notification of Intent to Take MA or PhD. Exams form with the graduate student academic coordinator by the third week of the relevant semester; see the Graduate Program Manual on the Department of Spanish and Portuguese website. Students presenting the comprehensive exams cannot have more than one coursework requirement left to be completed, including courses for the fulfillment of the language tool requirements, after the semester in which the exams are presented. Generally, students either have finished their coursework requirements prior to presenting the comprehensive exams or they are completing them in the semester of their exams.

As with advisory committees, the student's advisor contacts the relevant faculty members to request their participation in the examining committee, and then submits the proposed committee for approval by the director of graduate studies and the chair of the Department of Spanish and Portuguese. These individuals consult with the advisor as part of the approval process. This should be done as early as possible during the semester preceding the examinations, but not later than fifteen weeks prior to the start of examinations.

The Graduate College requires that written and oral exams be completed within a 15 -week period. The research essay and position paper should be given to the Comprehensive Examination Committee at least one month before the oral exam, after approval by the faculty supervisors. The two written examinations are typically scheduled over a two-week period and must be finished at least one week before the oral exam. Between the time of the written exams and the oral exam, examining faculty individually evaluate and discuss the exams with the student. The information provided in the evaluation guides the student in final preparation for the oral component of the examination; although, it does not include specific questions to be asked in the oral exam nor does it limit the questions that may be asked.

The oral examination provides the opportunity for further development of the written examinations as well as a review of the position paper and research essay. At the end of the oral exam, the student is asked to leave the exam room in order for the committee to determine its evaluation. The student is then invited to return to the room to learn of the committee's evaluation, including an appraisal of
specific areas of strength and/or weakness and recommendations for future academic work. The official evaluation of the exam is reported to the Graduate College as satisfactory, reservation, or unsatisfactory. If reservations are imposed, the examination committee must send a letter to the student specifying the reservations to be met and the deadline for their removal; copies are sent to the student's file, the director of graduate studies, and the Graduate College.
Students must be registered during the semester in which they take their comprehensive examinations. If all coursework has been completed prior to that semester, then students should register for 2 s.h. in SPAN: 6998 Special Work with their advisor, on a satisfactory/ unsatisfactory basis. Students may not register for SPAN:6999 Thesis during the semester of their comprehensive examination.

## Literatures/Cultures Track Comprehensive Exams

The comprehensive examination has written and oral components. The written component includes four elements: two broad areas, one specialized area, and one article, each under the supervision of a committee member.

The elements of the written component are as follows.

- Two 2-hour written examinations, one for each of two broad areas of literary history, one Spanish and one Spanish American. The broad area lists should consist of approximately 35 readings. Selection of the two broad areas should be tied to a student's PhD coursework, particularly the courses taken after admission to the PhD program. The lists must be developed in consultation with the advisory committee and approved by the broad area supervisors before they are submitted to the rest of the committee for final approval. The written examination may include questions of textual analysis and aesthetics as well as historical periodization and literary criticism.
- One position paper in a specialized area related to the thesis. The specialized area list should include approximately 10-15 works that define the area. The narrow area is examined via a $10-15$ page position paper that is a critical synthesis, particularly of the secondary readings. The list and position paper should be written in consultation with a faculty supervisor and must be approved by that supervisor at least one month before the date of the exam. The position paper is expected to form part of the introduction to the dissertation.
- One research essay. This part of the examination is a $20-25$ page research essay. Typically, this essay is a substantially revised version of a paper written in one of the required graduate courses. The essay should be revised in consultation with the professor who taught the course for which the paper was originally written and with a second member of the exam committee. The research essay must be approved by both faculty members at least one month before the date of the exam.
- One oral examination. The oral examination lasts for approximately two hours. Approximately one-half of the oral exam is devoted to an examination of the two broad areas and the other half examines the research essay and position paper.

## Spanish Linguistics Track Comprehensive Exams

The comprehensive exam includes written and oral components. The written component includes two weekend take-home exams consisting of linguistic analysis in two subdisciplines distinct from the subdiscipline of the intended dissertation research. The two-hour oral exam consists of one hour devoted to the discussion of the second research paper and the other hour devoted to follow-up questions on the written exams.

## Dissertation

After the comprehensive examination is completed, a student submits a dissertation prospectus for the dissertation committee's approval.

The dissertation committee is composed of five faculty members; at least four committee members must be from the Department of Spanish and Portuguese.

The dissertation, complete and in final form, must be submitted in the required electronic format to the Graduate College office by the first-deposit deadline date of the session in which the degree is to be conferred. The final deposit of the approved dissertation in electronic format must be deposited at the office by the appropriate deadline in a student's graduation semester.

Students must adhere to the Graduate College regulations regarding the preparation of the dissertation copy; consult the Graduate College. For information on the dissertation and final examinations, see the Manual of Rules and Regulations on the Graduate College website.

## Literatures/Cultures Track Dissertation

Dissertations can present a research project within literary/cultural history and/or theory in the form of a monographic study; present a research project within literary/cultural history and/or theory in the form of a set of journal article-style research essays, accompanied by an in-depth theoretical and critical reflection of 20-30 pages in length; offer a major creative project, accompanied by an in-depth theoretical and critical reflection; a critical edition of a literary work, accompanied by an in-depth theoretical and critical reflection; a translation of a literary work, accompanied by an in-depth theoretical and critical reflection. Theoretical and critical reflections for the major creative project, a critical edition of literary work, or the translation of a literary work options may be no less than 50 pages in length.

## Dissertation Prospectus

The first step in the dissertation process is the submission and defense of the dissertation prospectus. The prospectus consists of these sections: a narrative that describes in detail the dissertation, the work done in the field previously, the research methodology and/ or theoretical or creative approach, and a preliminary description of chapter divisions; a preliminary bibliography; and a timetable for completion of the research and writing of the dissertation. Typically, the entire prospectus is $35-40$ pages long.
Ideally, the prospectus should be approved by the dissertation committee by the end of the semester in which the comprehensive examination was successfully completed. In order to be considered to be making adequate progress toward the degree, a student should turn in the prospectus no later than the fourth week of the semester following the comprehensive exam.

## Prospectus Defense

After the dissertation director has given preliminary approval of the prospectus, that faculty member schedules the prospectus defense. The defense is a meeting of the dissertation committee at which the student gives a brief oral presentation of the prospectus and answers questions that the committee members may have; the committee members should receive the written prospectus at least two weeks prior to the defense meeting. At this time, two members of the dissertation committee, in addition to the director, agree to read the dissertation on a chapter-by-chapter basis. Once approved, a copy of the prospectus and the departmental prospectus approval form are handed in to the graduate student academic coordinator by the dissertation director and placed in the student's file.

## Additional Requirements

## Independent Study

Only 3 s.h. earned for post-MA independent study may be applied toward the 72 s.h. required for the degree; the department discourages students from including independent study as a part of their coursework. Exceptions are made under extraordinary circumstances, but must be preapproved by the director of graduate studies. For
consideration of a request for independent study credit, students must complete the Department of Spanish and Portuguese Independent Study Contract for Graduate Students form obtained from the director of graduate studies, then secure the approval of the director of graduate studies and the chair of the department, and submit a copy of the form to the graduate student academic coordinator before the first day of the semester. Only students in good academic standing may enroll in an independent study course.

## Graduate Study Loads

Maximum course registration for all graduate students is 15 s.h. of graduate-level coursework in fall or spring semesters and 12 s.h. of graduate-level work in summer sessions. Students with one-quarter-time and one-third-time teaching assistantships are permitted to register for the maximum study loads. Students who hold one-half-time assistantships are permitted to register for a maximum of 12 s.h. in fall and spring semesters and 6 s.h. in summer sessions. Students must have approval from the Graduate College to register for additional semester hours.

The minimum course registration is 1 s.h. for all graduate students. Doctoral students who have passed the comprehensive examinations typically register for $1 \mathrm{~s} . \mathrm{h}$. of thesis work to satisfy the minimum registration requirement. Students who fail to register for 36 months must apply for readmission to the Graduate College.

## Financial Support

Teaching and research assistantships are available to qualified graduate students. Usually, four years of support are available beyond the receipt of the MA for the PhD. Applications for financial support should be made directly to the Department of Spanish and Portuguese.

## Career Advancement

The Pomerantz Career Center offers multiple resources to help students find internships and jobs.

## Academic Plans

## Sample Plan of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.

a Students entering with fewer that 30 s.h. of coursework from the master's degree must work with their faculty advisor to complete the needed appropriate graduate coursework.
b Students must complete specific requirements in the University of Iowa Graduate College after program admission. Refer to the Graduate College website and the Manual of Rules and Regulations for more information.
c Possible options include the certificates in Book Studies/Book Arts and Technologies; College Teaching; Gender, Women's, and Sexuality Studies; Literary Translation; Online Teaching; and Public Digital Humanities. More information is included in the General Catalog and on department website.
d Work with faculty advisor to select appropriate graduate coursework.
e Complete six courses (at least 18 s.h.) chosen in consultation with faculty advisor. Depending on dissertation approval, students must
take three courses in either Spanish creative writing, or in Spanish or Spanish American literature or culture.
f Includes both written and oral components.
g Complete at least $3 \mathrm{~s} . \mathrm{h}$. of thesis credit.
h Dissertation defense.

Undergraduate majors: actuarial science (BS); statistics (BS)
Undergraduate minor: statistics
Graduate degrees: MS in actuarial science; MS in statistics; PhD in statistics

Faculty: https://stat.uiowa.edu/people
Website: https://stat.uiowa.edu/
The Department of Statistics and Actuarial Science offers undergraduate majors, an undergraduate minor, and graduate degree programs. They partner with other departments to offer the BS in data science and the undergraduate Certificate in Social Science Analytics (see below). The department offers courses that any undergraduate student may use to satisfy the GE CLAS Core [p. 19] Quantitative or Formal Reasoning requirement.

Probability and statistics are important scientific disciplines essential to all fields of study that rely on information obtained from data. In a world bombarded with numerical information, informed decisions rely on the ability to separate fact from fiction by applying valid statistical analyses and visualizations. Statisticians can provide crucial guidance in determining what information is reliable and which predictions may be trusted. They often help search for clues to the solution of a scientific mystery and sometimes keep investigators from being misled by false impressions.

The work of a statistician may range from the theoretical (developing new methodologies and statistical theory) to the applied (working with scientists and decision makers to collect, analyze, and interpret data). Regardless of the areas in which they work, statisticians need strong mathematical, computational, and communication skills. Because uncertainty and data arise in many settings, statisticians have the opportunity to work on a variety of projects in industry, education, government, and research. Thousands of statisticians work in medicine, law, agriculture, business, finance, public policy, marketing, manufacturing, engineering, and other fields in the social and natural sciences. The diversity of applications is an exciting aspect of the field and is one reason why the demand for well-trained statisticians continues to be strong.

An actuary is a business executive, professionally trained in the mathematical sciences. Actuaries specialize in the evaluation of financial risk-most often in the context of life, health, and casualty insurance, where they design, analyze, and refine varied programs to meet the insurance needs of society. Many actuaries are employed by insurance companies, where they have responsibilities for all phases of the development and maintenance of their company's products. They have considerable influence on the financial soundness of their
company through work in pricing insurance policies and in compiling data for financial statements.

Many actuaries are employed as consultants. Their actuarial services are used by smaller insurance companies and by individual employers who need actuarial guidance in establishing insurance and retirement programs for their employees. A growing number of actuaries work in the areas of asset/liability management and risk management. Some of these actuaries are employed by investment and consulting firms; others are employed by insurance companies.
Actuaries have been called financial architects and social mathematicians because their combined analytical and business skills help solve a growing variety of financial and social problems. The actuarial profession is a demanding yet rewarding career choice.

## Related Major and Certificate

Major: Data Science
The BS in data science produces graduates with the sophisticated analytical and computational skills required to thrive in a quantitative world where new problems are encountered at an ever-increasing rate. The major emphasizes the statistical/probabilistic and algorithmic methods that underlie the preparation, analysis, and communication of complex data. With focus on technical foundations, the data science program promotes skills useful for creating and implementing new or special-purpose analysis and visualization tools. It also promotes a fundamental understanding of how to best handle uncertainty when making data-driven decisions.
Statistics majors may not earn a major in data science. The Department of Statistics and Actuarial Science and the Department of Computer Science collaborate to offer the major in data science. The BS in data science is administered by the Department of Statistics and Actuarial Science; see the BS in data science [p. 356] in the catalog.

## Certificate: Social Science Analytics

The growth of big data and informatics calls for a new set of skills for social science students and an increased understanding of the logic of data collection and analysis. The certificate focuses on the application side of data analysis and allows focus to be on the specific research methods and quantitative skills using data-driven methods effective for more understanding in an increasingly complicated social-political world. The certificate offers an opportunity for interdisciplinary training on how data can be used to address important questions in the social sciences. The Department of Statistics and Actuarial Science collaborates with the departments of Geographical and Sustainability Sciences, Political Science, and Sociology and Criminology to offer the undergraduate program in social science analytics; see the Certificate in Social Science Analytics [p. 972] in the catalog.

## Programs

Undergraduate Programs of Study

## Majors

- Major in Statistics (Bachelor of Science) [p. 1054]
- Major in Actuarial Science (Bachelor of Science) [p. 1060]

## Minor

- Minor in Statistics [p. 1063]

## Graduate Programs of Study

## Majors

- Master of Science in Statistics [p. 1064]
- Master of Science in Actuarial Science [p. 1066]
- Doctor of Philosophy in Statistics [p. 1068]

## Facilities

The Department of Statistics and Actuarial Science is housed in Schaeffer Hall, adjacent to the Old Capitol, a National Historic Landmark and the center of campus. The department operates two computer labs in Schaeffer Hall. One, which also is used as an electronic classroom, contains 28 Windows PCs. The second houses 18 high-end UNIX workstations. Students use these labs for class work and research.

## Courses <br> - Statistics Courses [p. 1048] <br> - Actuarial Science Courses [p. 1051] <br> - Data Science Courses [p. 1052] <br> Undergraduate Duplication and Regression Policy

Data science majors may not earn a major or minor in computer science or statistics, a major in computer science and engineering, or the Certificate in Social Science Analytics. Likewise, statistics majors may not earn a major in data science.
Undergraduate students should be aware of the duplication and regression policies concerning the following courses.
Students may earn credit for only two of these: STAT:1010 Statistics and Society, STAT:1015/DATA:1015 Introduction to Data Science, STAT:1020/PSQF:1020 Elementary Statistics and Inference, STAT:1030 Statistics for Business, and STAT:2010 Statistical Methods and Computing.
Credit for STAT: 1010 Statistics and Society may be earned only if the course is taken before any of these: STAT:1015/DATA:1015 Introduction to Data Science, STAT:1020/PSQF:1020 Elementary Statistics and Inference, STAT:1030 Statistics for Business, and STAT:2010 Statistical Methods and Computing.
Students may receive credit for only one course from each of these pairs: STAT:2010 Statistical Methods and Computing and STAT:4200/IGPI:4200 Statistical Methods and Computing, STAT:3100/IGPI:3100 Introduction to Mathematical Statistics I and STAT:3120/DATA:3120/IGPI:3120 Probability and Statistics, and STAT:3510/IGPI:3510 Biostatistics and STAT:4143/PSQF:4143 Introduction to Statistical Methods.
Students may not take STAT:3101/IGPI:3101 Introduction to Mathematical Statistics II and STAT:4101/IGPI:4101 Mathematical Statistics II at the same time and get credit for both (nor go back to STAT:3101/IGPI:3101 after taking STAT:4101/IGPI:4101).

## Statistics Courses

## STAT:1000 First-Year Seminar

1 s.h.
Small discussion class taught by a faculty member; topics chosen by instructor; may include outside activities (e.g., films, lectures, performances, readings, visits to research facilities). Requirements: first- or second-semester standing.

STAT:1010 Statistics and Society
Statistical ideas and their relevance to public policy, business, humanities, and the social, health, and physical sciences; focus on critical approach to statistical evidence. Requirements: one year of high school algebra or MATH:0100. GE: Quantitative or Formal Reasoning.

## STAT:1015 Introduction to Data Science

In today's world, massive amounts of data are increasingly collected and leveraged for knowledge discovery, policy assessment, and decision-making across many fields, including business, natural sciences, social sciences, and humanities. Topics covered include data collection, visualization, and data wrangling; basics of probability and statistical inference; fundamentals of data learning, including regression, classification, prediction, and cross-validation; computing, learning, and reporting in the R environment; and literate programming and reproducible research. Requirements: one year of high school algebra or MATH:0100. GE: Quantitative or Formal Reasoning. Same as DATA:1015.
STAT:1020 Elementary Statistics and Inference 3 s.h. Graphing techniques for presenting data, descriptive statistics, correlation, regression, prediction, logic of statistical inference, elementary probability models, estimation and tests of significance. Requirements: one year of high school algebra or MATH:0100. GE: Quantitative or Formal Reasoning. Same as PSQF:1020.
STAT:1030 Statistics for Business
4 s.h.
Descriptive statistics, graphical presentation, elementary probability, estimation and testing, regression, correlation; statistical computer packages. GE: Quantitative or Formal Reasoning.
STAT:2010 Statistical Methods and Computing 3 s.h. Methods of data description and analysis using SAS; descriptive statistics, graphical presentation, estimation, hypothesis testing, sample size, power, emphasis on learning statistical methods and concepts through hands-on experience with real data. Recommendations: undergraduate standing. GE: Quantitative or Formal Reasoning.
STAT:2020 Probability and Statistics for the Engineering and Physical Sciences
Probability, random variables, important discrete and continuous distributions, joint distributions, transformations of random variables, descriptive statistics, point and interval estimation, tests of hypotheses, regression. Prerequisites: MATH:1560 or MATH:1860.
STAT:3100 Introduction to Mathematical Statistics I $\mathbf{3}$ s.h. Descriptive statistics, probability, conditional probability, discrete and continuous univariate and multivariate distributions, sampling distributions. Prerequisites: MATH:1860 or MATH:1560. Same as IGPI:3100.

STAT:3101 Introduction to Mathematical Statistics II 3 s.h. Point and interval estimation, testing statistical hypotheses, simple regression, nonparametric methods. Prerequisites: STAT:3100. Same as IGPI:3101.

## STAT:3120 Probability and Statistics

4 s.h.
Models, discrete and continuous random variables and their distributions, estimation of parameters, testing statistical hypotheses. Prerequisites: MATH:1560 or MATH:1860. Same as DATA:3120, IGPI:3120.
STAT:3200 Applied Linear Regression
3 s.h.
Regression analysis with focus on applications; model formulation, checking, and selection; interpretation and presentation of analysis results; simple and multiple linear regression; logistic regression; ANOVA; polynomial regression; tree models; bootstrapping; handson data analysis with computer software. Prerequisites: STAT:2020 or STAT:2010 or STAT:3120. Same as DATA:3200, IGPI:3200, ISE:3760.

STAT:3210 Experimental Design and Analysis 3 s.h.
Single- and multifactor experiments; analysis of variance; multiple comparisons; contrasts; diagnostics; fixed, random, and mixed effects models; designs with blocking and/or nesting; two-level factorials and fractions thereof; use of statistical computing packages. Prerequisites: STAT:3200.

## STAT:3510 Biostatistics

3 s.h.
Statistical concepts and methods for the biological sciences; descriptive statistics, elementary probability, sampling distributions, confidence intervals, parametric and nonparametric methods, one-way ANOVA, correlation and regression, categorical data. Requirements: MATH:0100 or MATH:1005 or ALEKS score of 30 or higher. Same as IGPI:3510.

## STAT: 3620 Quality Control

3 s.h.
Basic techniques of statistical quality control; application of control charts for process control variables; design of inspection plans and industrial experimentation; modern management aspects of quality assurance systems. Offered fall semesters. Prerequisites: STAT:2020 or BAIS:9100 or (STAT:3100 and STAT:3101 and STAT:3200). Same as CEE:3142, ISE:3600.
STAT:4100 Mathematical Statistics I
3 s.h.
Probability, conditional probability, random variables, distribution and density functions, joint and conditional distributions, various families of discrete and continuous distributions, mgf technique for sums, convergence in distribution, convergence in probability, central limit theorem. Prerequisites: MATH:2850 and MATH:2700. Same as IGPI:4100.

## STAT:4101 Mathematical Statistics II

3 s.h.
Transformations, order statistics, point estimation, sufficient statistics, Rao-Blackwell Theorem, delta method, confidence intervals, likelihood ratio tests, applications. Prerequisites: STAT:4100. Same as IGPI:4101.

## STAT:4143 Introduction to Statistical Methods 3 s.h.

Analysis, interpretation of research data; descriptive statistics; introduction to probability, sampling theory, statistical inference (binomial, normal distribution, t-distribution models); linear correlation, regression. Same as PSQF:4143.

## STAT:4200 Statistical Methods and Computing

Methods of data description and analysis using SAS; descriptive statistics, graphical presentation, estimation, hypothesis testing, sample size, power; emphasis on learning statistical methods and concepts through hands-on experience with real data. Recommendations: graduate standing in non-statistics or less quantitative major. Same as IGPI:4200.

## STAT:4520 Bayesian Statistics

3 s.h.
Bayesian statistical analysis, with focus on applications; Bayesian and frequentist methods compared; Bayesian model specification, choice of priors, computational methods; hands-on Bayesian data analysis using appropriate software; interpretation and presentation of analysis results. Prerequisites: STAT:3200 and (STAT:3101 or STAT:4101 or STAT:3120). Same as IGPI:4522, PSQF:4520.

STAT:4540 Statistical Learning
3 s.h.
Introduction to supervised and unsupervised statistical learning, with a focus on regression, classification, and clustering; methods will be applied to real data using appropriate software; supervised learning topics include linear and nonlinear (e.g., logistic) regression, linear discriminant analysis, cross-validation, bootstrapping, model selection, and regularization methods (e.g., ridge and lasso); generalized additive and spline models, tree-based methods, random forests and boosting, and support-vector machines; unsupervised learning topics include principal components and clustering. Requirements: an introductory statistics course and a regression course. Recommendations: prior exposure to programming and/ or software, such as R, SAS, and Matlab. Same as BAIS:4540, DATA:4540, IGPI:4540.
STAT:4560 Statistics for Risk Modeling I
3 s.h.
Simple linear regression, multiple linear regression, model diagnostics, linear models from a statistical learning perspective, generalized linear models, and implementations of these models on real data. Prerequisites: STAT:4101 with a minimum grade of $\mathrm{C}+$ or STAT:5101 with a minimum grade of $\mathrm{C}+$.
STAT:4561 Statistics for Risk Modeling II
3 s.h.
Regression-based time series models, decision trees, principal components analysis, cluster analysis, and implementations of these analytic techniques on real data. Prerequisites: STAT: 4560 with a minimum grade of $\mathrm{C}+$.
STAT:4580 Data Visualization and Data Technologies 3 s.h. Introduction to common techniques for visualizing univariate and multivariate data, data summaries, and modeling results; how to create and interpret these visualizations and assess effectiveness of different visualizations based on an understanding of human perception and statistical thinking; data technologies for obtaining and preparing data for visualization and further analysis; students learn how to present results in written reports and use version control to manage their work. Requirements: an introductory statistics course and a regression course. Recommendations: prior exposure to basic use of statistical programming software (e.g., R or SAS) as obtained from a regression course strongly recommended. Same as DATA:4580, IGPI:4580.
STAT:4740 Large Data Analysis
3 s.h.
Current areas that deal with problem of big data; techniques from computer science, mathematics, statistics; high performance and parallel computing, matrix techniques, cluster analysis, visualization; variety of applications including Google PageRank, seismology, Netflix-type problems, weather forecasting; fusion of data with simulation; projects. Prerequisites: (CS: 1210 with a minimum grade of C- or ENGR:2730 with a minimum grade of C-) and (MATH:3800 or MATH:3800) and (STAT:3200 or STAT:3200 or STAT:3200). Same as CS:4740, IGPI:4740, MATH:4740.

STAT:4750 Probabilistic Statistical Learning 3 s.h. Essential machine learning and statistics ideas that are critical in analyzing modern complex and large data; supervised learning topics include linear models, deep neural networks, and nonparametric models; essential topics include nonlinear dimension reduction, clustering, and recommender systems. Prerequisites: (CS: 1210 with a minimum grade of C- or ENGR:2730 with a minimum grade of C -) and (MATH:2700 or MATH:2550) and (STAT:2010 or STAT:2020 or STAT:4200) and STAT:4540. Same as DATA:4750.

## STAT:5090 ALPHA Seminar

1 s.h.
Resources available to students, program requirements, tips for academic success, professional statistical organizations, library and career center resources, statistical computing, scientific document preparation, history of statistics. Requirements: graduate standing in statistics.

## STAT:5100 Statistical Inference I

Review of probability, distribution theory (multiple random variables, moment-generating functions, transformations, conditional distributions), sampling distributions, order statistics, convergence concepts, generating random samples. Prerequisites: MATH:2850 and STAT:3101.

STAT:5101 Statistical Inference II $\mathbf{3}$ s.h. Continuation of STAT:5100; principles of data reduction, point estimation theory (MLE, Bayes, UMVU), hypothesis testing, interval estimation, decision theory, asymptotic evaluations. Prerequisites: STAT:5100.

## STAT:5120 Mathematical Methods for Statistics

3 s.h.
Real numbers, point set theory, limit points, limits, metric spaces, continuity, sequences and series, Taylor series (multivariate), uniform convergence, Riemann-Stieltjes integrals. Requirements: statistics graduate standing.
STAT:5200 Applied Statistics I 4 s.h.
Descriptive statistics, basic inferential methods (confidence intervals, chi-square tests); linear models (regression and ANOVA modelsspecification and assumptions, fitting, diagnostics, selection, testing, interpretation); nonlinear models, logistic regression. Prerequisites: STAT:3101. Corequisites: STAT:4100 or STAT:5100. Requirements: facility with matrix algebra. Same as IGPI:5199.
STAT:5201 Applied Statistics II 3 s.h.
Design of experiments and analysis of designed experiments; models for fixed and random effects; mixed models; design and analysis of complex plans; sample-size methods. Prerequisites: STAT:5200. Recommendations: prior exposure to SAS software.

## STAT:5400 Computing in Statistics

3 s.h.
R ; database management; graphical techniques; importing graphics into word-processing documents (e.g., LaTeX); creating reports in LaTeX; SAS; simulation methods (Monte Carlo studies, bootstrap, etc.). Prerequisites: CS:1210 and STAT:3200 and (STAT:3120 or STAT:3101 or STAT:4101). Corequisites: STAT:5100 and STAT:5200 if not already completed. Same as DATA:5400, IGPI:5400.

## STAT:5610 Regression Modeling and ANOVA in the Health

## Sciences

Continuation of BIOS:4120; correlation, simple and multiple linear regression, confounding, interactions, model selection, single and multiple factor ANOVA (analysis of variance) models, contrasts, multiple comparisons, nested and block designs; introduction to mixed models; for non-biostatistics majors. Offered spring semesters. Prerequisites: BIOS:4120. Same as BIOS:5120, IGPI:5120.

## STAT:5810 Research Data Management

Introduction to data management techniques and problems encountered in gathering and processing data from biomedical investigations; introduction to SAS, techniques taught in SAS; designed for non-biostatistics majors. Offered fall and spring semesters. Recommendations: prior programming experience with C , C++, Python, Java, or other. Same as BIOS:5310, IGPI:5310.

## STAT:6200 Predictive Analytics <br> 3 s.h.

Linear mixed models; generalized linear mixed models; generalized additive models; applications of these models using associated R packages. Prerequisites: STAT:4560. Corequisites: STAT:4561. Requirements: comfort working with R software environment. Same as ACTS:6200, DATA:6200.

## STAT:6220 Statistical Consulting

3 s.h.
Realistic supervised data analysis experiences, including statistical packages, statistical graphics, writing statistical reports, dealing with complex or messy data. Offered spring semesters. Prerequisites: (STAT:3200 and STAT:3210) or (STAT:5201 and STAT:5200). Requirements: for undergraduate majors-major GPA of 3.00 or above, and grades of B or higher in STAT:3200 and STAT:3210.

3 s.h. STAT:6300 Probability and Stochastic Processes I 3 s.h.
Conditional expectations; Markov chains, including random walks and gambler's ruin; classification of states; stationary distributions; branching processes; Poisson processes; Brownian motion.
Prerequisites: STAT:4100.
STAT:6301 Probability and Stochastic Processes II 3 s.h.
Markov chains with continuous state space, Martingales, random walks, Brownian motion and other continuous-time Markov chains, simulation methods. Prerequisites: STAT:6300.
STAT:6513 Intermediate Statistical Methods
3 s.h.
Statistical inference and uncertainty estimation using general linear models (i.e., linear regression, analysis of variance); interpreting and conveying statistical results. Requirements: for PSQF:6243PSQF:4143; for STAT:6513—STAT:4143. Same as PSQF:6243.

STAT:6514 Correlation and Regression
Correlation techniques; selected bivariate procedures, multiple, partial, curvilinear correlation; multiple linear regression; sampling theory applied to regression analysis and correlation coefficients; simple causal models. Requirements: for PSQF:6244—PSQF:6243; for STAT:6514-STAT:6513. Same as PSQF:6244.

STAT:6516 Design of Experiments 3 s.h.
Theory and methods in the planning and statistical analysis of experimental studies; testing of hypotheses about linear contrasts among means in single-factor and multifactor, completely randomized, and repeated measurement designs. Requirements: for PSQF:6246—PSQF:6243; for STAT:6516—STAT:6513. Same as PSQF:6246.

STAT:6530 Environmental and Spatial Statistics 3 s.h. Geostatistics kriging, variogram estimation, trend estimation, sampling design, extensions to river networks and the globe, lattice data analysis, analysis of spatial point patterns. Prerequisites: STAT:4101 and STAT:3200. Same as IGPI:6530.
STAT:6547 Nonparametric Statistical Methods 3 s.h.
Selected nonparametric methods; one- and two-sample location tests and estimation methods, measures of association, analyses of variance; emphasis on relationships to classical parametric procedures. Same as PSQF:6247.
STAT:6550 Introductory Longitudinal Data Analysis 3 s.h. Introduction to statistical models and estimation methods for outcome variables (normal and non-normal) clustered or measured repeatedly in time or space; focus on applications and computer software methods for ANOVA based methods, hierarchical linear models, linear mixed models, correlated regression models, generalized estimating equations, and generalized linear mixed models. Offered fall semesters. Prerequisites: BIOS:5120 or STAT:3200. Same as BIOS:6310, IGPI:6310.
STAT:6560 Applied Time Series Analysis
General stationary, nonstationary models, autocovariance autocorrelation functions; stationary, nonstationary autoregressive integrated moving average models; identification, estimation, forecasting in linear models; use of statistical computer packages. Offered spring semesters. Prerequisites: (STAT:5200 or STAT:3200) and STAT:3101.
STAT:6970 Topics in Statistics
3 s.h.
Selected advanced topics in statistics.
STAT:6990 Readings in Statistics
arr.
Supervised reading and research in statistics.
STAT:7100 Advanced Inference I
3 s.h.
Concepts of convergence, asymptotic methods including the delta method, sufficiency, asymptotic efficiency, Fisher information and information bounds for estimation, maximum likelihood estimation, the EM-algorithm, Bayes estimation, decision theory. Prerequisites: STAT:5101 and STAT:5120.

STAT:7101 Advanced Inference II
3 s.h.
Hypothesis testing, asymptotics of the likelihood ratio test, asymptotic efficiency, statistical functionals, robustness, bootstrap and jackknife, estimation with dependent data. Prerequisites: STAT:7100.

## STAT:7190 Seminar: Mathematical Statistics

Selected advanced topics in mathematical statistics.

## STAT:7200 Linear Models

arr.

Linear spaces and selected topics in matrix algebra, full rank and non-full rank linear models, estimability, least squares and best linear unbiased estimation, multivariate normal distribution and distributions of quadratic forms, interval estimation, hypothesis testing, random and mixed models, best linear unbiased prediction, variance component estimation. Prerequisites: STAT:5101 and STAT:5200 and STAT:5201.

## STAT:7290 Seminar: Applied Statistics

Selected advanced topics in applied statistics.
STAT:7300 Foundations of Probability I 3 s.h. Probability theory, with emphasis on constructing rigorous proofs; measure spaces, measurable functions, random variables and induced measures, distribution functions, Lebesque integral, product measure and independence, Borel Cantelli lemma, modes of convergence. Prerequisites: STAT:5120.

## STAT:7301 Foundations of Probability II

3 s.h.
Laws of large numbers, characteristic functions and properties, central limit theorem, Radon-Nikodym derivatives, conditional expected value and martingales. Prerequisites: STAT:7300.

## STAT:7390 Seminar: Probability

arr.
Selected advanced topics in probability.

## STAT:7400 Computer Intensive Statistics

Computer arithmetic, random variate generation, numerical optimization, numerical linear algebra, smoothing techniques, bootstrap methods, cross-validation, MCMC, EM and related algorithms; other topics per student/instructor interests. Prerequisites: (BIOS:5710 or STAT:5200) and STAT:3101. Requirements: proficiency in Fortran or C or C++ or Java. Same as IGPI:7400.

## STAT:7500 Statistical Machine Learning

3 s.h.
Regularization methods for sparse models, computational algorithms for large scale problems, statistical inference in high-dimensional models, reproducing kernel Hilbert space, supervised learning, nonparametric density and conditional density estimation, neural networks and deep learning, optimal transport and generative learning, dimension reduction and representation learning. Prerequisites: STAT:5100 or STAT:5200. Same as BAIS:7500.
STAT:7510 Analysis of Categorical Data
Distributions and inference for categorical data; descriptive and inferential methods for contingency tables; theory and application of generalized linear models including methods for parameter estimation and testing, model selection and assessment of model adequacy; models for binary, count, and multi-category outcomes; loglinear models for contingency tables; generalized additive models; generalized linear models for longitudinal and clustered data. Offered spring semesters of even years. Prerequisites: (BIOS:5720 or STAT:5200) and (STAT:5101 or STAT:4101). Same as BIOS:7410.

## STAT:7520 Bayesian Analysis <br> 3 s.h.

Decision theory, conjugate families, structure of Bayesian inference, hierarchical models, asymptotic approximations for posterior distributions, Markov chain Monte Carlo methods and convergence assessment, model adequacy and model choice. Prerequisites: STAT:5101 and STAT:5400 and STAT:5200.

STAT:7560 Time Series Analysis
3 s.h.
Stationary time series, ARIMA models, spectral representation, linear prediction inference for the spectrum, multivariate time series, state space models and processes, nonlinear time series. Prerequisites: STAT:4101 and (STAT:3200 or STAT:6560).
STAT:7570 Survival Data Analysis 3 s.h
Types of censoring and truncation; survival function estimation; parametric inference using exponential, Weibull, and accelerated failure time models; nonparametric tests; sample size calculation; Cox regression with stratification and time-dependent covariates; regression diagnostics; competing risks; topics may include analysis of correlated survival data and/or recurrent events; designed for biostatistics and statistics majors. Offered fall semesters of odd years. Prerequisites: BIOS:5720 and ((STAT:4100 and STAT:4101) or (STAT:5100 and STAT:5101)). Same as BIOS:7210, IGPI:7210.

## STAT:7990 Reading Research

 arr.Supervised reading and research in statistics.

## Actuarial Science Courses

## ACTS:1000 First-Year Seminar

1 s.h.
Small discussion class taught by a faculty member; topics chosen by instructor; may include outside activities (e.g., films, lectures, performances, readings, visits to research facilities). Requirements: first- or second-semester standing.
ACTS:1001 Introductory Seminar on Actuarial Science 1 s.h. Introduction to actuarial science; U.S. actuarial organizations and actuarial qualification process; program requirements and tips for academic success; career center, actuarial club, and internships; actuarial career; ethics; communication; introduction to actuarial 3 s.h. computing. Requirements: actuarial science interest major and firstyear standing.
ACTS:3080 Mathematics of Finance I
3 s.h.
Mathematics of compound interest, annuities certain, amortization schedules, yield rates, sinking funds, and bonds. Requirements: calculus II or graduate standing.
ACTS:3110 Actuarial Exam P Preparation
1 s.h.
Preparation for the Society of Actuaries exam P. Corequisites: STAT:3100 or STAT:4100 or STAT:5100.

ACTS:3210 Actuarial Exam FM Preparation 1 s.h.
Preparation for the Society of Actuaries exam FM. Corequisites:
ACTS:3080, if not taken as a prerequisite.
ACTS:4010 Actuarial Exam IFM Preparation 1 s.h.
Preparation for the Society of Actuaries exam IFM. Requirements: multivariate calculus, linear algebra, and statistics. Recommendations: prior or concurrent enrollment in FIN:3300 or ACTS:4380.
ACTS:4110 Actuarial Exam LTAM Preparation
1 s.h.
Preparation for the Society of Actuaries exam LTAM. Corequisites: ACTS:4280, if not taken as a prerequisite.
ACTS:4130 Quantitative Methods for Actuaries 3 s.h.
Survival distributions, life tables, life insurance, life annuities, and premiums. Offered fall semesters. Prerequisites: STAT:3100 with a minimum grade of B - and ACTS:3080 with a minimum grade of $\mathrm{C}+$. Corequisites: STAT:4100 or STAT:5100. Requirements: multivariate calculus and linear algebra.

## ACTS:4150 Fundamentals of Short-Term Actuarial Mathematics 3 s.h.

Severity, frequency, aggregate loss, estimation, credibility theory, pricing, and reserving for short-term insurance coverages; option pricing. Offered spring semesters. Prerequisites: STAT:4100 with a minimum grade of $\mathrm{C}+$ or STAT:5100 with a minimum grade of $\mathrm{C}+$. Corequisites: STAT:4101 or STAT:5101.

## ACTS:4160 Topics in Actuarial Science

Selected topics in actuarial science, financial mathematics, and quantitative risk management.

## ACTS:4180 Life Contingencies I

3 s.h.
Reserves, multi-life models, multiple-decrement models, and Markov chains. Offered spring semesters. Prerequisites: ACTS:3080 with a minimum grade of C+ and ACTS:4130 with a minimum grade of C+ and (STAT:4100 with a minimum grade of C+ or STAT:5100 with a minimum grade of $\mathrm{C}+$ ).

## ACTS:4280 Life Contingencies II

Multistate models, pension mathematics, emerging costs for traditional and equity-linked insurance, profit testing, profit measures, and embedded options. Offered fall semesters. Prerequisites:
ACTS:4180 with a minimum grade of C+.
ACTS:4380 Mathematics of Finance II
Derivatives markets, forwards, options, pricing models, and actuarial applications. Prerequisites: ACTS:3080 with a minimum grade of C + . Requirements: mathematical statistics, multivariate calculus, and linear algebra.

## ACTS:4990 Readings in Actuarial Science

## ACTS:6160 Topics in Actuarial Science

Selected topics in actuarial science, financial mathematics, and quantitative risk management.

## ACTS:6200 Predictive Analytics

Linear mixed models; generalized linear mixed models; generalized additive models; applications of these models using associated R packages. Prerequisites: STAT:4560. Corequisites: STAT:4561. Requirements: comfort working with R software environment. Same as DATA:6200, STAT:6200.

## ACTS:6480 Loss Distributions <br> 3 s.h.

Severity, frequency, and aggregate models and their modifications; risk measures; construction of empirical models. Offered spring semesters. Prerequisites: STAT:4101 or STAT:5101. Corequisites: ACTS:6580.

## ACTS:6580 Credibility and Survival Analysis 3 s.h.

Construction and selection of parametric models, credibility, and simulation. Offered spring semesters. Prerequisites: STAT:4101 or STAT:5101. Corequisites: ACTS:6480.

## ACTS:6990 Readings in Actuarial Science

Supervised reading and research in actuarial science, financial mathematics, or quantitative risk management.

## ACTS:7730 Advanced Topics in Actuarial Science/Financial

 MathematicsSelected advanced topics in actuarial science, financial mathematics and quantitative risk management.

## Data Science Courses

## DATA:1015 Introduction to Data Science <br> 3 s.h.

In today's world, massive amounts of data are increasingly collected and leveraged for knowledge discovery, policy assessment, and decision-making across many fields, including business, natural sciences, social sciences, and humanities. Topics covered include data collection, visualization, and data wrangling; basics of probability and statistical inference; fundamentals of data learning, including regression, classification, prediction, and cross-validation; computing, learning, and reporting in the R environment; and literate programming and reproducible research. Requirements: one year of high school algebra or MATH:0100. GE: Quantitative or Formal Reasoning. Same as STAT:1015.
arr. DATA:3120 Probability and Statistics
Models, discrete and continuous random variables and their distributions, estimation of parameters, testing statistical hypotheses. Prerequisites: MATH:1560 or MATH:1860. Same as IGPI:3120, STAT:3120.

DATA:3200 Applied Linear Regression 3 s.h.
Regression analysis with focus on applications; model formulation, checking, and selection; interpretation and presentation of analysis results; simple and multiple linear regression; logistic regression; ANOVA; polynomial regression; tree models; bootstrapping; handson data analysis with computer software. Prerequisites: STAT:2020 or STAT:2010 or STAT:3120. Same as IGPI:3200, ISE:3760, STAT:3200.

## DATA:4540 Statistical Learning

3 s.h.
Introduction to supervised and unsupervised statistical learning, with a focus on regression, classification, and clustering; methods will be applied to real data using appropriate software; supervised learning topics include linear and nonlinear (e.g., logistic) regression, linear discriminant analysis, cross-validation, bootstrapping, model selection, and regularization methods (e.g., ridge and lasso); generalized additive and spline models, tree-based methods, random forests and boosting, and support-vector machines; unsupervised learning topics include principal components and clustering. Requirements: an introductory statistics course and a regression course. Recommendations: prior exposure to programming and/ or software, such as R, SAS, and Matlab. Same as BAIS:4540, IGPI:4540, STAT:4540.
DATA:4580 Data Visualization and Data Technologies 3 s.h. Introduction to common techniques for visualizing univariate and multivariate data, data summaries, and modeling results; how to create and interpret these visualizations and assess effectiveness of different visualizations based on an understanding of human perception and statistical thinking; data technologies for obtaining and preparing data for visualization and further analysis; students learn how to present results in written reports and use version control to manage their work. Requirements: an introductory statistics course and a regression course. Recommendations: prior exposure to basic use of statistical programming software (e.g., R or SAS) as obtained from a regression course strongly recommended. Same as IGPI:4580, STAT:4580.

## DATA:4750 Probabilistic Statistical Learning 3 s.h.

arr. Essential machine learning and statistics ideas that are critical in analyzing modern complex and large data; supervised learning topics include linear models, deep neural networks, and nonparametric models; essential topics include nonlinear dimension reduction, clustering, and recommender systems. Prerequisites: (CS:1210 with a minimum grade of C- or ENGR:2730 with a minimum grade of C-) and (MATH:2700 or MATH:2550) and (STAT:2010 or STAT:2020 or STAT:4200) and STAT:4540. Same as STAT:4750.

## DATA:4880 Data Science Creative Component

1 s.h.
Readings, group discussions, and short-term projects in area of data science; emphasis on communication of ideas learned in student's data science coursework, data ethics, and potential bias in algorithms.

## DATA:4890 Data Science Practicum

2 s.h.
On- or off-campus internship or group-based consulting project that provides experience in a real-world setting; application of knowledge and techniques learned in coursework; practice in communicating results to others.
DATA:5400 Computing in Statistics
3 s.h.
R; database management; graphical techniques; importing graphics into word-processing documents (e.g., LaTeX); creating reports in LaTeX; SAS; simulation methods (Monte Carlo studies, bootstrap, etc.). Prerequisites: CS:1210 and STAT:3200 and (STAT:3120 or STAT:3101 or STAT:4101). Corequisites: STAT:5100 and STAT:5200 if not already completed. Same as IGPI:5400, STAT:5400.

DATA:5890 MS Data Science Practicum 2 s.h.
On- or off-campus internship or group-based consulting project that provides experience in a real-world setting; application of knowledge and techniques learned in coursework and practice communicating results to others.
DATA:6200 Predictive Analytics
3 s.h.
Linear mixed models; generalized linear mixed models; generalized additive models; applications of these models using associated R packages. Prerequisites: STAT:4560. Corequisites: STAT:4561.
Requirements: comfort working with R software environment. Same as ACTS:6200, STAT:6200.
DATA:7350 High-Dimensional Probability for Data Science 3 s.h. Nonasymptotic probability with a view towards applications in data science; concentration inequalities for functions of independent variables, martingale inequalities, entropy method, random matrices, matrix inequalities, suprema of random processes, and sparse recovery. Prerequisites: STAT:5101. Requirements: linear algebra course and familiarity with R or Python.

## Statistics, BS

## Learning Outcomes

Students will:

- be able to distinguish between observational studies and designed experiments and understand the issues related to the data collection method, including sampling bias, sampling error, sample size determination, statistical power, association versus causation, and the design and analysis of randomized experiments;
- use critical thinking skills to translate substantive questions into well-defined statistical problems and choose appropriate statistical methods and graphical summaries for a given problem;
- use computer software to manage data, carry out exploratory data analyses and computer simulations, produce numerical and graphical summaries of data, and apply basic statistical methodology;
- be able to clearly communicate study results to non-statisticians, and write accurate and meaningful reports that describe the statistical analyses and summarize important findings; and
- understand the mathematical tools underlying statistical methods, including distribution theory, uncertainty quantification via probability, estimation theory, and the probabilistic basis of formal statistical inference.

## Requirements

The Bachelor of Science with a major in statistics requires a minimum of 120 s.h., including at least 47 s.h. of work for the major. Students must maintain a grade-point average of at least 2.00 in all courses for the major and in all UI courses for the major. They also must complete the College of Liberal Arts and Sciences GE CLAS Core [p. 19].
Students who earn the major in statistics may not earn the major in data science.

Students complete 10 core courses that provide essential instruction in statistical methods, applications, and theory. In addition, they concentrate on an area of interest by completing four or five courses in one of the major's three emphasis tracks: statistics in business, industry, government, and research; statistical computing and data science; or mathematical statistics.

The BS with a major in statistics requires the following coursework.

| Requirements | Hours |
| :--- | :--- |
| Core Courses | 35 |
| Emphasis Track | $12-16$ |

## Core Courses

All students complete the following 10 core courses. The department recommends that well-prepared students who elect the mathematical statistics track take STAT:4100/IGPI:4100 Mathematical Statistics I and STAT:4101/IGPI:4101 Mathematical Statistics II in place of STAT:3100/IGPI:3100 Introduction to Mathematical Statistics I and STAT:3101/IGPI:3101 Introduction to Mathematical Statistics II to satisfy the core requirement in statistics.

## Emphasis Track

Choose four or five courses from one of the following tracks to gain the skillset suitable for a particular career.

- Statistics in Business, Industry, Government and Research Track [p. 1054]
- Statistical Computing and Data Science Track [p. 1055]
- Mathematical Statistics Track [p. 1055]

## Statistics in Business, Industry, Government and Research Track

The statistics in business, industry, government and research track emphasizes statistical applications and data analysis. It is appropriate for students interested in careers as applied statisticians.

## Statistical Computing and Data Science Track

The statistical computing and data science track emphasizes statistical applications and requires additional coursework in computing. It prepares students for statistical work that requires computing expertise for data management, analysis, and reporting.

## Mathematical Statistics Track

The mathematical statistics track provides a solid foundation in statistical theory and applications. It requires additional coursework in mathematics and is good preparation for graduate study in statistics.

Students who use STAT:4100/IGPI:4100 Mathematical Statistics I and STAT:4101/IGPI:4101 Mathematical Statistics II to satisfy the core requirements may not use those courses to satisfy the track requirement.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| This course: |  |  |

## Combined Programs

## BS/MS in Statistics

The combined Bachelor of Science/Master of Science in statistics is for eligible students who seek to complete both the BS and the MS at the University of Iowa in five years. Students in the combined program must complete all requirements for each degree. A traditional MS in statistics requires completion of 32 s.h. of graduate-level coursework. The BS/MS program permits students to count 12 s.h. of credit (four courses) toward the requirements for both degrees. To complete the MS, an additional 20 s.h. of coursework is required. The four courses that count toward both degrees must be taken during the fourth year of undergraduate study, after admission to the combined program, and must satisfy degree requirements of both the BS and the MS in statistics.

## BS/MPH (Biostatistics Subprogram)

Students majoring in statistics who are interested in earning a Master of Public Health degree with a biostatistics subprogram may apply to the combined BS/MPH program offered by the College of Liberal Arts and Sciences and the College of Public Health. The program permits students to count 15 s.h. of credit toward the requirements for both degrees, enabling them to begin the study of public health before they complete the bachelor's degree. For information about the public health program, see the Master of Public Health, MPH [p. 1964] (biostatistics subprogram) section of the catalog.

## BS/MS in Biostatistics

The combined BS in statistics/MS in biostatistics enables Bachelor of Science students majoring in statistics to begin work toward the MS while completing the bachelor's degree. Students admitted to the program may count $12 \mathrm{~s} . \mathrm{h}$. of credit toward both the BS and the MS degree requirements. Offered by the Graduate College, the College of Liberal Arts and Sciences, and the College of Public Health; see the MS in biostatistics [p. 1982] in the catalog.

## Honors

## Honors in the Major

Students majoring in statistics have the opportunity to graduate with honors in the major. Departmental honors students must maintain a grade-point average (GPA) of at least 3.67 in their major and a cumulative University of Iowa GPA of at least 3.33.

To graduate with honors in the statistics major, students must complete an honors project or a suitable alternative. Statistics honors students should consult with the statistics undergraduate advisor.

## University of Iowa Honors Program

In addition to honors in the major, students have opportunities for honors study and activities through membership in the University of Iowa Honors Program. Visit Honors at Iowa to learn about the university's honors program.

Membership in the UI Honors Program is not required to earn honors in the statistics major.

## Career Advancement

Statistics and probability are vital to many fields, so the demand for well-trained statisticians is strong. Statisticians work in medicine, engineering, law, public policy making, marketing, manufacturing, engineering, agriculture, varied social and natural sciences, and numerous other areas.

When students graduate, they will be prepared to fill entry-level positions as statisticians or go on to graduate school. An advisor assists students in locating internship opportunities as well as the bestfitting graduate programs.

To learn more about job opportunities, see ASA JobWeb on the American Statistical Association website.

The Pomerantz Career Center offers multiple resources to help students find internships and jobs.

## Academic Plans

## Four-Year Graduation Plan

The following checkpoints list the minimum requirements students must complete by certain semesters in order to stay on the university's Four-Year Graduation Plan. Courses in the major are those required to complete the major; they may be offered by departments other than the major department.

Much of the coursework in statistics is sequential, so students must begin requirements for the major as soon as possible. Individual study plans must be made carefully. Students who first enroll for a spring semester must consult their advisor to confirm a four-year plan.
Courses must be taken in sequence, so students must begin work early.
Before the fifth semester begins: at least four courses in the major, including MATH:1850 Calculus I, MATH:1860 Calculus II, and STAT:2010 Statistical Methods and Computing.
Before the seventh semester begins: seven or eight courses in the major and at least 90 s.h. earned toward the degree.
Before the eighth semester begins: nine or ten courses in the major.
During the eighth semester: enrollment in all remaining coursework in the major, all remaining GE CLAS Core courses, and a sufficient number of semester hours to graduate.

## Sample Plans of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.

## Actuarial Science, BS

Due to the demanding nature of the actuarial science major and the difficulty of the professional examinations, the department maintains a selective admission program for actuarial science. Students must apply and be admitted to the major.

Students interested in becoming actuaries should declare an interest in actuarial science as their major when they enter the University of Iowa. Ordinarily, students apply for admission to the actuarial science major in the fall semester of their sophomore year, after they have taken MATH:3770 Fundamental Properties of Spaces and Functions I or MATH:2850 Calculus III, and STAT:3100 Introduction to Mathematical Statistics I. Students should apply no later than the end of the spring semester of their junior year.

Students admitted to the actuarial science major usually have completed at least 40 s.h. at the university or at another postsecondary institution, including a three- or four-course calculus sequence, a course in linear algebra, and a calculus-based course in probability and statistics. The admission decision is based on a student's performance in these courses and other courses relevant to success in the major. ACT or SAT scores are considered in evaluating transfer students. Factors such as work ethic, enthusiasm, and commitment also may be considered. Students who do well in the prerequisite math courses tend to be the most successful in actuarial science.

For application forms and more information about selective admission, contact the Department of Statistics and Actuarial Science.

## Learning Outcomes

## Students will:

- be able to bring to bear actuarial, financial, mathematical, and statistical techniques to model and analyze risks, particularly in the context of insurance and pension;
- have the knowledge and analytical ability to pass the initial professional actuarial examinations given by the Society of Actuaries and Casualty Actuarial Society, and develop the skills needed for successful self-study of the advanced professional examinations;
- be skillful in using and developing computer software to solve actuarial problems;
- be able to clearly communicate results from an actuarial analysis to all stakeholders, and write effective reports that describe the analysis and summarize important findings; and
- possess a basic understanding of insurance and business operations.

## Requirements

The Bachelor of Science with a major in actuarial science requires a minimum of $120 \mathrm{~s} . \mathrm{h}$., including $51 \mathrm{~s} . \mathrm{h}$. of work for the major. Students must maintain a grade-point average of at least 2.00 in all courses for the major and in all UI courses for the major. They also must complete the College of Liberal Arts and Sciences GE CLAS Core [p. 19].
The program prepares students for careers as actuaries. It also helps them learn material that is included in professional examinations administered by professional organizations such as the Society of Actuaries and the Casualty Actuarial Society.

Students take a variety of actuarial science courses. They prepare for business aspects of the actuarial profession by studying accounting, law, finance, insurance, and economics. They also complete courses that enhance important communication skills, such as writing and speaking, as part of their GE CLAS Core requirements.

## Courses Required for the Major

The BS with a major in actuarial science requires the following coursework. Permission to substitute coursework taken at another institution for required courses at the University of Iowa is decided case by case; students should contact the department.

| Course \# | Title | Hours |
| :---: | :---: | :---: |
| Computer Science |  |  |
| This course: |  |  |
| CS:1210 | Computer Science I: Fundamentals | 4 |
| Mathematics |  |  |
| All of these: |  |  |
| MATH: 1850 | Calculus I | 4 |
| MATH:1860 | Calculus II | 4 |
| MATH:2700 | Introduction to Linear Algebra | 4 |
| MATH:2850 | Calculus III | 4 |
| MATH:3770 | Fundamental Properties of Spaces and Functions I | 4 |
| Statistics and Actuarial Science |  |  |
| All of these: |  |  |
| ACTS:3080 | Mathematics of Finance I | 3 |
| ACTS:4130 | Quantitative Methods for Actuaries | 3 |
| ACTS:4150 | Fundamentals of Short-Term Actuarial Mathematics | 3 |
| ACTS:4180 | Life Contingencies I | 3 |
| ACTS:4280 | Life Contingencies II | 3 |
| STAT:3100/ IGPI:3100 | Introduction to Mathematical Statistics I | 3 |
| STAT:3101/ IGPI:3101 | Introduction to Mathematical Statistics II | 3 |
| STAT:4100/ IGPI:4100 | Mathematical Statistics I | 3 |
| STAT:4101/ <br> IGPI:4101 | Mathematical Statistics II | 3 |

In exceptional cases, the advisor may grant permission to waive STAT:3100/IGPI:3100 Introduction to Mathematical Statistics I and/ or STAT:3101/IGPI:3101 Introduction to Mathematical Statistics II.

Students may choose to complete STAT:4560 Statistics for Risk Modeling I and STAT:4561 Statistics for Risk Modeling II (both courses) instead of ACTS:4280 Life Contingencies II, except honors students, who must complete all three courses.

## Honors

## Honors in the Major

Students majoring in actuarial science have the opportunity to graduate with honors in the major. They must maintain a UI cumulative grade-point average (GPA) of at least 3.33, a GPA of at least 3.40 in all departmental courses, and complete the following five courses in addition to all courses required for the major.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| ACTS:6200 | Predictive Analytics | 3 |
| FIN:3300 | Corporate Finance | 3 |
| MATH:3600 | Introduction to Ordinary | 3 |
|  | Differential Equations |  |
| STAT:4560 | Statistics for Risk Modeling I | 3 |
| STAT:4561 | Statistics for Risk Modeling II | 3 |

## University of Iowa Honors Program

In addition to honors in the major, students have opportunities for honors study and activities through membership in the University of Iowa Honors Program. Visit Honors at Iowa to learn about the university's honors program.

Membership in the UI Honors Program is not required to earn honors in the actuarial science major.

#### Abstract

\section*{Career Advancement}

Most actuaries are employed by insurance companies or employee benefits consulting firms. They have responsibilities related to all phases of product development and maintenance for their companies. Individual employers who need guidance in establishing employee insurance and retirement programs also hire actuarial science graduates. A growing number of actuaries work in asset/liability management, some in investment firms, and others in insurance companies.

Actuaries have always been in high demand and earn good salaries. Most University of Iowa graduates find work as actuaries, but some become financial managers and teachers. They take positions in locations all across the country, often in large metropolitan areas.

The Pomerantz Career Center offers multiple resources to help students find internships and jobs.

## Academic Plans

## Four-Year Graduation Plan

The following checkpoints list the minimum requirements students must complete by certain semesters in order to stay on the university's Four-Year Graduation Plan. Courses in the major are those required to complete the major; they may be offered by departments other than the major department.
Much of the coursework is sequential, so students must begin requirements for the major as soon as possible. Individual study plans must be made carefully. Students who first enroll for a spring semester must consult their advisor to confirm a four-year plan.

Before the third semester begins: MATH:1860 Calculus II and MATH:2700 Introduction to Linear Algebra.

Before the fifth semester begins: MATH:2850 Calculus III, MATH:3770 Fundamental Properties of Spaces and Functions I, STAT:3100/IGPI:3100 Introduction to Mathematical Statistics I, STAT:3101/IGPI:3101 Introduction to Mathematical Statistics II, and ACTS:3080 Mathematics of Finance I.
Before the seventh semester begins: STAT:4101/IGPI:4101 Mathematical Statistics II, ACTS:4130 Quantitative Methods for Actuaries, ACTS:4150 Fundamentals of Short-Term Actuarial Mathematics, ACTS:4180 Life Contingencies I, and at least 90 s.h. earned toward the degree.
Before the eighth semester begins: ACTS:4280 Life Contingencies II.

During the eighth semester: enrollment in all remaining coursework in the major, all remaining GE CLAS Core courses, and a sufficient number of semester hours to graduate.

## Sample Plan of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.

## Actuarial Science, BS

| Course | Title | Hours |
| :---: | :---: | :---: |
| Academic Career |  |  |

a The Academic Advising Center advises Actuarial Science Interest students on prerequisite course planning. Students are advised for success, based on academic strength, not necessarily for a four year plan. Prerequisites may take more than one and a half years to complete.
b Sustainability must be completed by choosing a course that has been approved for Sustainability AND for one of these General Education areas: Natural Sciences; Quantitative and Formal Reasoning; Social Sciences; Historical Perspectives; International and Global Issues; Literary, Visual, and Performing Arts; or Values and Culture.
c Enrollment in this course requires completion of a placement exam.
d Enrollment in math courses requires completion of a placement exam.
e Students who have completed four years of a single language in high school have satisfied the GE CLAS Core World Languages
requirement. Enrollment in world languages courses requires a placement exam, unless enrolling in a first-semester-level course.
f GE CLAS Core courses may be completed in any order unless used as a prerequisite for another course. Students should consult with an advisor about the best sequencing of courses.
g Typically this course is offered in fall semesters only. Check MyUI for course availability since offerings are subject to change.
h Ordinarily, students apply for admission to the actuarial science major in the fall semester of their sophomore year, after they have taken MATH:3770 or MATH:2850, and STAT:3100. Students should apply no later than the end of the spring semester of their junior year. For further details and application instructions, see your advisor and the Department of Statistics and Actuarial Science website.
i Typically this course is offered in spring semesters only. Check MyUI for course availability since offerings are subject to change.
j Restricted to Actuarial Science Majors. For further details and application instructions, see your advisor and the Department of Statistics and Actuarial Science website.
k Students may use elective courses to earn credit towards the total s.h. required for graduation or to complete a double major, minors, or certificates.
1 Students may choose to complete STAT:4560 and STAT:4561 (both courses) instead of ACTS:4280, except honors students, who must complete all three courses.
mThis course is a recommended elective, not a requirement. Students may choose another elective. Prerequisites may apply.
n Please see Academic Calendar, Office of the Registrar website for current degree application deadlines. Students should apply for a degree for the session in which all requirements will be met. For any questions on appropriate timing, contact your academic advisor or Graduation Services.

## Statistics, Minor

## Requirements

The undergraduate minor in statistics requires a minimum of 15 s.h. in statistics courses taken at the University of Iowa. At least 12 s.h. must be taken in courses numbered 3000 or above (selected from the list below). Students must maintain a cumulative grade-point average of at least 2.00 in all courses for the minor and in all UI courses for the minor. Coursework in the minor may not be taken pass/nonpass.

The minor in statistics requires a minimum of 15 s.h. of coursework, as follows.

| Course \# | Title | Hours |
| :---: | :---: | :---: |
| One of these: |  |  |
| STAT:2010 | Statistical Methods and Computing | 3 |
| STAT:2020 | Probability and Statistics for the Engineering and Physical Sciences | 3 |
| STAT:4200/ IGPI:4200 | Statistical Methods and Computing | 3 |
| One of these: |  |  |
| STAT:3200/ <br> DATA:3200/ <br> IGPI:3200/ISE:3760 | Applied Linear Regression | 3 |
| STAT:4560 | Statistics for Risk Modeling I | 3 |

A maximum of one of these:

| STAT:3100/ | Introduction to Mathematical | 3 |
| :--- | :--- | :---: |
| IGPI:3100 | Statistics I |  |
| STAT:3120/ | Probability and Statistics | 4 |
| DATA:3120/ |  |  |
| IGPI:3120 |  | 3 |
| STAT:4100/ | Mathematical Statistics I |  |
| IGPI:4100 |  |  |

A maximum of one of these:

| STAT:3101/ | Introduction to Mathematical | 3 |
| :--- | :--- | :---: |
| IGPI:3101 | Statistics II |  |
| STAT:4101/ | Mathematical Statistics II | 3 |
| IGPI:4101 |  |  |

A maximum of three of these:

| STAT:1015/ | Introduction to Data Science | 3 |
| :---: | :---: | :---: |
| DATA:1015 |  |  |
| STAT:3210 | Experimental Design and Analysis | 3 |
| STAT:3620/ <br> CEE:3142/ISE:3600 | Quality Control | 3 |
| STAT:4520/ <br> IGPI:4522/ <br> PSQF:4520 | Bayesian Statistics | 3 |
| STAT:4540/ <br> BAIS:4540/ <br> DATA:4540/ <br> IGPI:4540 | Statistical Learning | 3 |
| STAT:4580/ <br> DATA:4580/ <br> IGPI:4580 | Data Visualization and Data Technologies | 3 |
| STAT:5810/ <br> BIOS:5310/IGPI:5310 | Research Data Management | 3 |
| STAT:6530/ IGPI:6530 | Environmental and Spatial Statistics | 3 |

| STAT:6550/ $\quad$ Introductory Longitudinal Data | 3 |
| :--- | :--- | :--- |
| BIOS:6310/IGPI:6310 Analysis |  |
| STAT:6560 $\quad$ Applied Time Series Analysis | 3 |
| BIOS:5130/IGPI:5130 Applied Categorical Data | 3 |

Analysis

## Statistics, MS

## Learning Outcomes

Graduates will be able to:

- understand the mathematical and statistical theory that underlies commonly used statistical methods;
- choose appropriate statistical methods for data analysis;
- correctly and effectively implement descriptive and inferential statistical methods;
- identify and criticize inappropriate use of statistics;
- consult with non-statisticians to help collect and analyze data; and
- acquire effective communication skills for disseminating statistical findings.

## Requirements

The Master of Science program in statistics requires 32 s.h. of graduate credit. It includes a solid foundation in statistical computing, statistical modeling, experimental design, and mathematical statistics plus electives in statistical methods and/or theory. Students have the opportunity to concentrate on theory or applications or a combination of the two.

In addition to required coursework, students must pass a two-part graduate final examination and complete the MS creative component.
Students must maintain a grade-point average of at least 3.00 in all work toward the degree and in additional relevant coursework. Students must take a computer programming proficiency test during the first semester of study; those who display inadequate programming skills are assigned activities to build their proficiency.
The MS with a major in statistics requires the following work.

## Statistics Courses

| Course \# | Title | Hours |
| :---: | :---: | :---: |
| All of these: |  |  |
| STAT:5090 | ALPHA Seminar | 1 |
| STAT:5100 | Statistical Inference I | 3 |
| STAT:5101 | Statistical Inference II | 3 |
| STAT:5200/ IGPI:5199 | Applied Statistics I | 4 |
| STAT:5201 | Applied Statistics II | 3 |
| STAT:5400/ DATA:5400/ IGPI:5400 | Computing in Statistics | 3 |
| STAT:6220 | Statistical Consulting | 3 |
| STAT:6300 | Probability and Stochastic Processes I | 3 |
| STAT:6990 | Readings in Statistics (two consecutive enrollments) | 2 |
| At least 7 s.h. from these: |  |  |
| STAT:4520/ IGPI:4522/ PSQF:4520 | Bayesian Statistics | 3 |
| STAT:4540/ <br> BAIS:4540/ <br> DATA:4540/ <br> IGPI:4540 | Statistical Learning | 3 |
| STAT:4580/ DATA:4580/ IGPI:4580 | Data Visualization and Data Technologies | 3 |

| STAT:5120 | Mathematical Methods for <br> Statistics | 3 |
| :--- | :--- | :---: |
| STAT:6301 | Probability and Stochastic <br> Processes II | 3 |
| STAT:6530/ | Environmental and Spatial | 3 |
| IGPI:6530 | Statistics |  |
| STAT:6547/ | Nonparametric Statistical | 3 |
| PSQF:6247 | Methods | 3 |
| STAT:6560 | Applied Time Series Analysis | 3 |
| STAT:6970 | Topics in Statistics | 3 |
| DATA:4750/ | Probabilistic Statistical | 3 |
| STAT:4750 | Learning |  |

A PhD-level course numbered 7000 or above, including 1-3 seminar courses

Students planning to enter the doctoral program may wish to include STAT:5120 Mathematical Methods for Statistics in their course selections because it is part of the required PhD core.

## Final Examination

The final examination consists of two parts. One covers the topics presented in STAT:5100 Statistical Inference I and STAT:5101 Statistical Inference II; the other part covers the topics presented in STAT:5200/IGPI:5199 Applied Statistics I, STAT:5201 Applied Statistics II, and STAT:5400/DATA:5400/IGPI:5400 Computing in Statistics. Each part includes a few problems that test readiness for the PhD program.

Final examinations are offered the week before the fall semester begins in August. Study guides are available in the department office. Students who do not succeed the first time they take the exam may repeat it once, with the possibility to retake it the week before the spring semester begins in January.

Students must complete all requirements and be granted the Master of Science degree within one calendar year of passing the MS final examination; those who do not meet this deadline are required to take the exam again.

Students entering the PhD program, who will choose either biostatistics, probability/mathematical statistics, or data science as their concentration area, and who already have taken the equivalent of the first-year courses, may take the MS final examination in statistics before beginning further studies.

## Creative Component

Students also must complete a creative component that is related to their application and career interests. Students wishing to qualify for the PhD program are encouraged to write a research-oriented creative component. The creative component entails writing an 815 page report on a suitable topic, under an advisor's supervision (with two consecutive 1 s.h. enrollments in STAT:6990 Readings in Statistics, normally during the fall and spring semesters of the second year). A draft of the paper should be completed by the end of the first enrollment in STAT:6990, and polished by early- to midsemester in the second enrollment. The paper is then presented orally in a public seminar. A faculty committee, in consultation with the creative component advisor, evaluates the work and the presentation, and assigns a grade of satisfactory or unsatisfactory.

For students wishing to qualify for the PhD program, the creative component represents one piece of the body of work used to determine PhD qualification. The creative component must be satisfactorily completed within one calendar year of passing the MS final examination; failure to meet this deadline requires reexamination of the student.

## Admission

Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations on the Graduate College website.

## Career Advancement

Statistics and probability are vital to many fields, so the demand for well-trained statisticians is strong. Statisticians work in medicine, engineering, law, public policy making, marketing, manufacturing, engineering, agriculture, varied social and natural sciences, and numerous other areas.

The MS program prepares students for careers as professional statisticians or for entry into a PhD program. To learn more about job opportunities, see ASA JobWeb on the American Statistical Association website.

The Pomerantz Career Center offers multiple resources to help students find internships and jobs.

## Academic Plans

## Sample Plan of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.

## Statistics, MS

| Course | Title | Hours |
| :---: | :---: | :---: |
| Academic Career |  |  |
| Any Semester |  |  |
| 32 s.h. must be graduate level coursework; graduate transfer credits allowed upon approval. More information is included in the General Catalog and on department website. ${ }^{\text {a }}$ |  |  |
|  | Hours | 0 |
| First Year |  |  |
| Fall |  |  |
| STAT:5090 | ALPHA Seminar | 1 |
| STAT:5100 | Statistical Inference I | 3 |
| STAT:5200 | Applied Statistics I | 4 |
| STAT:5400 | Computing in Statistics | 3 |
|  | Hours | 11 |

| Statistics elective $^{\text {b }}$ |  |  |
| Final Exam $^{\mathrm{h}}$ |  | 1 |
|  | Hours | $\mathbf{5}$ |
|  | Total Hours | $\mathbf{3 2}$ |

a Students must complete specific requirements in the University of Iowa Graduate College after program admission. Refer to the Graduate College website and the Manual of Rules and Regulations for more information.
b Must complete at least 7 s.h. of additional statistics coursework; students planning to enroll in the PhD program are encouraged to take STAT:5120. See the General Catalog for list of approved courses.
c The two-part written final examination is offered the week before classes begin in August; it covers the material presented in STAT:5100, STAT:5101, STAT:5200, STAT:5201, and STAT:5400. Students who do not succeed on their first attempt may repeat it once, with the possibility to retake it the week before classes begin in January.
d Students must complete a creative component that is related to their application and career interests. It entails writing an 8-15 page report on a suitable topic, under an advisor's supervision with two consecutive 1 s.h. enrollments in STAT:6990, normally during the fall and spring semesters of the second year. Students wishing to qualify for the PhD program are encouraged to write a researchoriented paper.
e Satisfactorily complete the creative component requirement draft by the end of the semester.
f Two consecutive enrollments required.
g The creative component requirement must be completed and presented by mid-spring; the paper is then presented orally in a public seminar.
$h$ Successful completion of all degree requirements including the twopart written examination and creative component.

## Actuarial Science, MS

## Learning Outcomes

Graduates will:

- be able to bring to bear actuarial, financial, mathematical, and statistical techniques to model and analyze risks, particularly in the context of insurance and pension;
- have the knowledge and analytical ability to pass the initial professional actuarial examinations given by the Society of Actuaries and Casualty Actuarial Society, and develop the skills needed for successful self-study of the advanced professional examinations;
- be skillful in using and developing computer software to solve actuarial problems;
- be able to clearly communicate results from an actuarial analysis to all stakeholders, and write effective reports that describe the analysis and summarize important findings; and
- possess a basic understanding of insurance and business operations.

## Requirements

The Master of Science program in actuarial science requires 36 s.h. of graduate credit. The program prepares students for actuarial careers by emphasizing the theory that underlies risk processes and the application of this theory to practical problems of insurance pricing and management. It also helps them learn the material that is tested on professional examinations administered by professional organizations such as the Society of Actuaries and the Casualty Actuarial Society.
Students complete required courses and a final examination.

## Required Courses

The MS with a major in actuarial science requires the following coursework.

| Course \# | Title | Hours |
| :---: | :---: | :---: |
| One of these sequences: |  |  |
| $\begin{aligned} & \text { STAT:4100- } \\ & \text { STAT:4101 } \end{aligned}$ | Mathematical Statistics I-II (same as IGPI:4100-IGPI:4101) | 6 |
| $\begin{aligned} & \text { STAT:5100- } \\ & \text { STAT:5101 } \end{aligned}$ | Statistical Inference I-II (for well-prepared students) | 6 |
| All of these: |  |  |
| ACTS:3080 | Mathematics of Finance I | 3 |
| ACTS:4130 | Quantitative Methods for Actuaries | 3 |
| ACTS:4150 | Fundamentals of Short-Term Actuarial Mathematics | 3 |
| ACTS:4180 | Life Contingencies I | 3 |
| ACTS:4280 | Life Contingencies II | 3 |
| $\begin{aligned} & \text { ACTS:6200/ } \\ & \text { DATA:6200 } \end{aligned}$ | Predictive Analytics | 3 |
| STAT:4560 | Statistics for Risk Modeling I | 3 |
| STAT:4561 | Statistics for Risk Modeling II | 3 |
| STAT:6300 | Probability and Stochastic Processes I | 3 |
| A course approved by the advisor |  |  |

## Final Examination

The final examination is offered in the spring semester of the second year of study. Students who do not succeed on their first attempt may retake the exam once.

## Admission

Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations on the Graduate College website.

## Career Advancement

Most actuaries are employed by insurance companies or employee benefits consulting firms. They have responsibilities related to all phases of product development and maintenance for their companies. Individual employers who need guidance in establishing employee insurance and retirement programs also hire actuarial science graduates. A growing number of actuaries work in asset/liability management, some in investment firms, and others in insurance companies.

Actuaries have always been in high demand and earn good salaries. Most University of Iowa graduates find work as actuaries, but some become financial managers and teachers. They take positions in locations all across the country, often in large metropolitan areas.
The Pomerantz Career Center offers multiple resources to help students find internships and jobs.

## Academic Plans

## Sample Plan of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.

a Students must complete specific requirements in the University of Iowa Graduate College after program admission. Refer to the Graduate College website and the Manual of Rules and Regulations for more information.
b Students must complete one of the following sequences: either STAT:4100 and STAT:4101, or STAT:5100 and STAT:5101.
c The final examination is offered in the spring semester of the second year of study. Students who do not succeed on their first attempt may retake the exam once.
d Students must also satisfactorily complete all degree requirements.
e Requires faculty advisor approval.

## Statistics, PhD

## Learning Outcomes

Graduates will be able to:

- have a solid understanding of the mathematical and statistical theory that underlies statistical methods;
- conduct literature reviews to summarize the state of the art for specific theoretical and applied topics;
- formulate, implement, and assess appropriate statistical models for analyzing data;
- identify limitations of existing methods and independently develop and assess novel methods (e.g., for analyzing new types of data);
- appreciate the issues of uncertainty, reproducibility, and computability in data analysis;
- collaborate with non-statisticians to help collect and analyze data; and
- acquire effective communication skills for disseminating statistical findings.

## Requirements

The Doctor of Philosophy program in statistics requires a minimum of 76 s.h. of graduate credit, including work completed for the MS.

The Graduate College requires a minimum grade-point average (GPA) of 3.00 to graduate with a PhD ; however, the Department of Statistics and Actuarial Science requires a higher GPA of at least 3.40 to earn the PhD in statistics. This includes all courses used to meet degree requirements plus additional courses that are relevant to a student's program.
PhD students complete required coursework, including four courses in one of four concentration areas: actuarial science/financial mathematics, biostatistics, data science, or probability/mathematical statistics (see "Concentration Areas" below for area descriptions and course lists). They may take coursework or seminars in other departments to relate an area of specialization to other fields of knowledge, to acquire the ability to use electronic digital computing equipment, or to learn non-English language skills necessary for reading scientific journals and communicating with scholars in other languages.

## PhD Qualifying Procedure

Students enter the PhD program in one of two tracks.

## Statistics

After passing the MS final examination, a student who will choose either biostatistics, probability/mathematical statistics, or data science as the selected concentration area can request, by notifying the director of graduate studies, to go through the PhD qualifying procedure. Upon this request, the faculty evaluates the student's body of work, which includes the MS final examination in statistics, coursework, and evidence for research potential. Usually, students need to achieve an A in at least one 7000-level course, complete at least 1 s.h. of STAT:6990 Readings in Statistics, be enrolled in a second semester of STAT:6990, and identify a faculty member who agrees to serve as the student's PhD advisor to be admitted. This evaluation and assessment results in one of three decisions: the student is officially admitted into the PhD program; the student must reapply to go through the PhD qualifying procedure after accumulating a larger body of work for evaluation; or the student is not admitted into the PhD program.

In exceptional cases, a student may petition to go through the PhD qualifying procedure early, or be admitted to the PhD program directly. However, passing the MS final exam is required before any student can take the PhD comprehensive exam (see the "Final Exam" below).

## Actuarial Science

After successfully passing the MS final examination in actuarial science (in exceptional cases, a student may petition to go through the PhD qualifying procedure early), a student who will choose actuarial science/financial mathematics as the selected concentration area, can request, by notifying the director of graduate studies, to go through the PhD qualifying procedure. Upon this request, the faculty evaluate the student's body of work and assess the student's potential for research. The body of work will include the MS final examination in actuarial science, professional examinations passed, and coursework. This evaluation and assessment results in one of two decisions: the student is officially admitted into the PhD program in the actuarial science/financial mathematics concentration area, or the student is not admitted into the PhD program.

Students complete the program by passing the PhD final (comprehensive) examination and writing and defending a dissertation. Students usually complete the program three years after earning the MS.

A plan of study that does not conform to the requirements described below but is of high quality may be approved by the director of graduate studies.
The PhD with a major in statistics requires the following coursework.

## Required Coursework

## Actuarial Science/Financial Mathematics Concentration Area

Actuarial science/financial mathematics emphasizes the theory of actuarial science, finance, and risk management. It is excellent preparation for academic positions in universities that offer actuarial science programs and for positions in the insurance, pension, and financial industries.

## Data Science Concentration Area

The data science track emphasizes the theory, methodology, and application of techniques for working with and learning from data. This concentration area prepares students to develop new methods for visualizing and modeling data, managing reproducible data analysis workflows, and collaborating with scientists and other data stakeholders. It is excellent preparation for students interested in academic, industrial, or government positions that involve data visualization, modeling, and analysis.

## Probability/Mathematical Statistics Concentration Area

Probability/mathematical statistics emphasizes a broad, solid foundation in techniques and underpinnings of mathematical statistics. Its focus on breadth and depth is intended to produce well-rounded, knowledgeable scholars. It is excellent preparation for academic positions in mathematical statistics and industrial or government positions that require broadly trained statisticians with a strong understanding of statistical theory.

## Committee

After admission to the PhD program and before taking the PhD comprehensive exam, the candidate chooses a committee of at least four members, which is approved by the advisor. At least three of the faculty members must be University of Iowa tenure-track faculty members. At least two of the faculty members must be from the major department (defined as faculty members who hold any appointment in the major department), and University of Iowa tenure-track faculty members.

The department may request the Graduate College dean's permission to replace one of the four committee members with a recognized scholar of professorial rank from another academic institution.

## PhD Comprehensive Exam (Prospectus)

After passing the MS final exam and within 12-18 months (12 months is ideal, 18 months is acceptable) of admittance to the PhD program, the candidate should present a written and oral prospectus to the committee, which serves as the PhD comprehensive exam. The prospectus describes the problems the student is considering for the thesis, an extensive review of relevant background materials, open problems of interest and ideas for solving problems, and any preliminary results. Failure to successfully complete the prospectus within 18 months of admittance to the PhD program will jeopardize the continuation of a student's financial support.
Each PhD committee member will sign the examination report as satisfactory, reservations, or unsatisfactory. A vote of "Reservations" should only be used when a faculty member feels that the deficiencies displayed by the student were modes and can be readily rectified. In the event of a report with two or more votes of "Reservations," the committee's requirements of the student to correct the deficiencies must be recorded and submitted to the Graduate College with the examination report form. The statement must specify the time allotted for completion of the aforementioned actions. For example, if additional coursework is required, a list of suitable courses must be presented. If the candidate must rewrite their research prospectus, the deficient areas must be identified. If the candidate satisfies the required actions within the specified period of time, the comprehensive examination will be recorded as "Satisfactory" as of that date. If the actions are not satisfied on time, or if the actions are not of sufficient quality, the comprehensive examination will be recorded as "Unsatisfactory" as of that date. The candidate will not be admitted to the PhD final examination of the dissertation until a grade of "Satisfactory" has been recorded for the comprehensive exam.
In the case of a report of unsatisfactory on a comprehensive examination, the committee may grant the candidate permission to attempt a reexamination no sooner than four months after the first examination. The examination may be repeated only once, at the option of the department.

## PhD Final Exam (Dissertation Defense)

Students should plan to defend their dissertation within 24-30 months ( 24 months is ideal, 30 months is acceptable) of passing the PhD comprehensive exam. Failure to successfully defend the dissertation within 30 months of passing the PhD comprehensive exam or within 5 years of starting the graduate program at the University of Iowa, whichever comes first, will jeopardize the continuation of a student's financial support.

## Admission

Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations on the Graduate College website.

## Financial Support

Funds are available to help support outstanding PhD applicants. Fellowships, teaching assistantships, and research assistantships provide an attractive stipend plus tuition at the resident rate and tuition scholarships for students who are appointed at least one-quarter time. In most cases, full tuition waivers are granted.
Students who wish to be considered for financial assistance for their third year in the program should request to go through the PhD qualifying process no later than the spring semester of their second year.

## Career Advancement

Statistics and probability are vital to many fields, so the demand for well-trained statisticians is strong. Statisticians work in medicine, engineering, law, public policy making, marketing, manufacturing, engineering, agriculture, varied social and natural sciences, and numerous other areas.

The program prepares students for careers in research, applications, and teaching. To learn more about job opportunities, see ASA JobWeb on the American Statistical Association website.

The Pomerantz Career Center offers multiple resources to help students find internships and jobs.

## Academic Plans

## Sample Plan of Study

Sample plans represent one way to complete a program of study Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.

a Students must complete specific requirements in the University of Iowa Graduate College after program admission. Refer to the Graduate College website and the Manual of Rules and Regulations for more information.
b Written two-part exam to fulfill the master's final exam requirement; taken prior to start of second year fall semester classes.
c Satisfactorily complete the creative component requirement draft by the end of the semester.
d Students must complete a creative component that is related to their application and career interests. It entails writing an 8-15 page report on a suitable topic, under an advisor's supervision with two consecutive 1 s.h. enrollments in STAT:6990, normally during the fall and spring semesters of the second year.
e Two consecutive enrollments are required.
f The creative component requirement must be completed and presented by mid-spring; the paper is then presented orally in a public seminar.
g Typically completed at the beginning of the third year, the comprehensive examination consists of both written and oral components in two of the following four areas: statistical inference, linear models, probability, and statistical computing. See the General Catalog and the department website for specifics.
h Students must complete at least 18 s.h. of Reading Research credit.
i Students must complete a minimum of two courses ( 6 s.h.) with at least one numbered 7000 or above; see the General Catalog for list of approved courses. Work with faculty advisor to determine appropriate coursework and sequence.
j Within 18 months of passing the comprehensive exam, students typically present a written and oral prospectus to their PhD committee. See the General Catalog and department website for specifics.
k Dissertation defense.

## Theatre Arts

## Chair

- Mary Beth Easley

Undergraduate major: theatre arts (BA)
Undergraduate minor: theatre arts
Graduate degree: MFA in theatre arts
Faculty: https://theatre.uiowa.edu/people
Website: https://theatre.uiowa.edu/
The Department of Theatre Arts offers academic programs for undergraduate and graduate students. It also stages live performances throughout the academic year and during the summer. The department also administers the Certificate in Public Digital Arts [p. 940] and the Certificate in Social Justice and the Performing Arts [p. 975].

The department educates students who plan to enter other fields in which understanding of the arts and experience with theatre skills are useful. Some earn a major in theatre arts, sometimes with a second major in another discipline. Others earn a minor or take theatre classes as nonmajors. For information, view the minor in theatre arts [p. 1085] in the catalog or see "Courses for Nonmajors" below.
Several of the department's courses are approved for GE CLAS Core; look for courses with the prefix THTR in the GE CLAS Core [p. 19] section of the catalog.

## Courses for Nonmajors

Most theatre arts courses are open to all students, regardless of their majors, and are appropriate for nonmajors interested in theatre. The following courses are designed specifically for nonmajors.

| Course \# | Title | Hours |
| :---: | :---: | :---: |
| THTR:1140 | Basic Acting | 3 |
| THTR:1141 | Basic Acting II | 3 |
| THTR:1400 | Theatre and Society: Ancients and Moderns | 3 |
| THTR:1401 | Theatre and Society: Romantics and Rebels | 3 |
| THTR:1410 | Musical Theatre History | 3 |
| THTR:1411 | Comedy and Society | 3 |
| THTR:1412 | The Arts in Performance | 3 |
| THTR:2120 | Movement: Special Topics | 2-3 |
| THTR:2301 | Playwriting I | 3 |
| THTR:2320 | Playwriting in a Global World | 3 |
| THTR:2405 | Staging Americans: U.S. Cultures Through Theatre and Performance | 3 |
| THTR:2605 | Monsters, Victims, and Villains: Changing Perceptions | 3 |
| THTR:2610 | Acting for Success | 3 |
| THTR:2620 | Improvisation for Engineers, Scientists, and the Curious | 3 |
| THTR:3210 | Makeup Design for the Stage | 3 |
| THTR:3301 | Playwriting II | 3 |
| THTR:3510 | Introduction to Arts Management | 3 |
| THTR:3615 | Action! Engage! Art! Creative Placemaking for the Public Good | 3 |

## Productions and Auditions

The Department of Theatre Arts presents around 25-30 public productions each year. These include a mainstage series of five plays, a festival of new works, and other productions, most of them new plays written by students.

Special attention is given to the process of developing new works and to the collaborative process that involves writers, directors, designers, dramaturgs, stage managers, and actors. Graduate and undergraduate students, faculty, and visiting guest artists work together on large and small projects throughout the year.

## Auditions for Theatre Arts Productions

Auditions for theatre arts productions are open to everyone. For academic considerations, priority is given to theatre arts majors first, and then all other University of Iowa students and members of the local community. There are many excellent roles available throughout the year and many nonmajors and actors from the surrounding community are cast each season. Occasionally, professional guest actors are employed.
General auditions are held at the beginning of the fall semester. Additional general auditions usually are scheduled in early November and in March. Information about auditions is available on the Department of Theatre Arts website. Notices of auditions are posted on the department's online call board.

## Programs

## Undergraduate Programs of Study

 Major- Major in Theatre Arts (Bachelor of Arts) [p. 1080]

## Minor

- Minor in Theatre Arts [p. 1085]

Graduate Program of Study
Major

- Master of Fine Arts in Theatre Arts [p. 1086]

## Facilities

The University of Iowa has one of the finest educational theatre complexes in the country. The Theatre Building offers four theatres and up-to-date facilities for classroom, laboratory, shop, and performance work.
The E.C. Mabie Theatre, a continental-style, 457-seat proscenium playhouse, is one of the finest theatres of its type in the United States. The David Thayer Theatre is a "black box" production space; its flexible seating units accommodate from 140 to 225 people and allow modification of space and audience relationships. The Alan MacVey Theatre, which seats 137 , is an open-stage theatre dedicated primarily to the production of new and experimental works.
In addition to classrooms for acting and directing, several spaces are designed for teaching particular aspects of dramatic studies. The Cosmo Catalano Acting Studio is for the study of movement and motion by acting students. It also serves as an intimate theatre for readings. The Arnie Gillette Design Studio serves as a classroom and studio workshop for design students.

To support its production schedule and to provide students with an appropriate range of experience, the department maintains shops for building, painting, maintaining, and storing scenery, costumes, and
properties. Using these shops, students learn to work in metal, plastics, canvas, and wood.

## Courses

## Theatre Arts Courses

## THTR:1000 First-Year Seminar

Small discussion class taught by a faculty member; topics chosen by instructor; may include outside activities (e.g., films, lectures, performances, readings, visits to research facilities). Requirements: first- or second-semester standing.

## THTR:1140 Basic Acting

3 s.h.
Concentration, relaxation, imagination, observation, communication, sensory awareness; development of theatrical creativity through objectives, obstacles, action, conflict, spontaneity; development of a scene from scripts. Requirements: non-theatre arts major. GE: Engineering Be Creative; Literary, Visual, and Performing Arts.
THTR:1141 Basic Acting II 3 s.h.
Continuation of THTR:1140; emphasis on development of scenes. Prerequisites: THTR:1140. Requirements: non-theatre arts major.
THTR:1400 Theatre and Society: Ancients and Moderns 3 s.h. Representative plays as performed in social contexts of ancient Egypt; classical Greece, Rome, India, and Japan; and medieval and early modern Europe. Duplicates THTR:2410. GE: Historical Perspectives; Literary, Visual, and Performing Arts.
THTR:1401 Theatre and Society: Romantics and Rebels 3 s.h. Representative plays as performed in social contexts of revolutionary and modern Europe and postwar United States. Duplicates THTR:2411. GE: Historical Perspectives; Literary, Visual, and Performing Arts.

## THTR:1410 Musical Theatre History <br> 3 s.h.

American musical theatre's form, function, evolution; major composers (Berlin, Gershwin, Rodgers and Hammerstein, Sondheim), lesser-known and contemporary writers; roots of the rock musical, future of musical theatre, how musicals reflect their own eras and cultural attitudes of their times; readings, recordings, videos. Ability to read music not required.

## THTR:1411 Comedy and Society

3 s.h.
How comedy reflects, comments upon, and intersects with western culture, society, and identity; roots of western comedy, satire, censorship; stand-up comedians, improv and sketch troupes, satirists; race, gender and sexuality, class perception; how portrayals of African Americans in popular culture evolved from 19th century to present; videos, readings, live performances. GE: Values and Culture.
THTR:1412 The Arts in Performance 3 s.h.
GE: Literary, Visual, and Performing Arts; Values and Culture. Same as DANC:1412.
THTR:1834 Modes of Film and Video Production 4 s.h. Introduction to filmmaking; how to shoot and edit short works of cinematic art; exposure to various working methods including nonfiction, fiction, and experimental modes of video production. Prerequisites: CINE: 1601 with a minimum grade of C. Corequisites: for CINE:1834-CINE:1601, if not taken as a prerequisite. GE: Engineering Be Creative. Same as CINE:1834.

## THTR:2120 Movement: Special Topics

2-3 s.h.
Specialized study in movement techniques and movement styles for body conditioning; development of yoga techniques; varied topics.

## THTR:2140 Acting I

3 s.h.
Development of creativity, imagination, and openness through exercises to engage mind, body, and voice in theatrical play and scene work. Requirements: theatre arts major, or theatre arts minor and THTR:1140.

THTR:2170 Acting for Musical Theatre
3 s.h.
Students focus on acting technique for musical theatre; within the framework of song, students learn to work truthfully with a partner, find the action of the piece, mine a piece of music for acting clues from the composer, and connect authentically while being larger than life. Prerequisites: THTR:1140 or THTR:2140. Requirements: any one of the courses listed as prerequisites, or one semester of applied lessons in vocal performance.
THTR:2175 Musical Theatre Performance: Special Topics 3 s.h. Specialized, practical study in a specific area related to development of musical theatre knowledge and performance skills; topics vary. Corequisites: THTR:2140. Requirements: audition.
THTR:2215 Theatre Technology 3 s.h.
Theatrical production; technology and backstage operations including sound, projections, lighting, scenery, costumes, stage management. GE: Engineering Be Creative.

## THTR:2220 Production Lab

1-3 s.h.
Practical experience in physical construction and operation of live theatre; theatre department productions provide lab experiences for applied learning in technical theatre and run crew opportunities in scenery, costumes, lighting, sound, and stage management. GE: Engineering Be Creative.
THTR:2301 Playwriting I
Elements of playwriting; emphasis on analysis and discussion of original student writing. GE: Engineering Be Creative; Literary, Visual, and Performing Arts.
THTR:2320 Playwriting in a Global World 3 s.h.
Students read and analyze the works of a diverse range of American and international playwrights and documentarians; fundamental skills of reading, hearing, imagining, and writing for local and global stages; emphasis on a broad range of voices, styles, and stories. GE: Diversity and Inclusion.

## THTR:2402 Script Analysis

3 s.h.
Basic skills in critical reading and close analysis of dramatic texts, with focus on dramatic structure, challenges of putting texts into production.

## THTR:2405 Staging Americans: U.S. Cultures Through Theatre

 and Performance3 s.h.
Role of American theatre as a complex tapestry of race, gender, sexuality, and disability; examination of plays and performance outside primarily white-male canon; contemporary social practice and cultural politics in local and national contexts. GE: Diversity and Inclusion.
THTR:2410 History of Theatre and Drama I 3 s.h.
Major developments in Anglo-European, Indian, Asian, and African theatre and drama, 3000 B.C.E. to C.E. 1700 ; sociopolitical, economic, and cultural circumstances of original productions. Offered spring semesters. GE: Historical Perspectives; Literary, Visual, and Performing Arts.

THTR:2411 History of Theatre and Drama II

## THTR:2605 Monsters, Victims, and Villains: Changing Perceptions

Introduction to implementation of performance opportunities for special populations (defined as those with cognitive or physical disability) and underrepresented populations; students gain skills necessary to create radical opportunities for and implementation of performances including individuals with disabilities in theatre, dance, and music; students from different backgrounds experience collaborative artistic excellence while redefining audience expectations; historic background for perceptions of disability. GE: Diversity and Inclusion. Same as EDTL:2963.

## THTR:2610 Acting for Success

How skills learned by actors in the theatre world can be applied to presentations and interactions in business, education, and beyond; how to connect with others on a personal level; ability to stand out as a team player and a leader; acting techniques traditionally used in theatre to open up communication dynamics; how to display an authentic self in everyday situations. Corequisites: RHET:1030 or RHET:1040 or RHET:1060. GE: Engineering Be Creative. Same as RHET:2610.

## THTR:2620 Improvisation for Engineers, Scientists, and the

 Curious3 s.h.
Use of theatrical exercises and improvisation techniques to help students develop their imaginations, stimulate creativity, and approach practical projects from a fresh point of view; emphasis on working in teams and using improvisational techniques to solve problems. GE: Engineering Be Creative.
THTR:2690 Sound Excursions: The Evolving Soundscape and the Reverberations of Human Activity

3 s.h.
How human activity impacts sustainability and diversity of interconnected ecosystems: bioacoustics research, evolution of sound and mechanics for sound production of and between species, biomechanics of human hearing and sound production, expanding capacity to deeply listen; experiential learning/projects-based course includes lectures, discussions, field recordings, and sound excursions; final project may be creative (e.g., 10-minute play about sonic inequity, geolocated sound experience) or research-based.
THTR:2720 Concepts in Contemporary Art Practice 3 s.h. Interdisciplinary investigation of materials and concepts in relation to time-based media, performance, video, installation; individual and collaborative projects. Prerequisites: INTM:2710. Same as INTM:2720.

## THTR:2800 Digital Arts: An Introduction

3 s.h.
Introduction to potential of integrating art with technology to provide a foundation of skills and concepts through hands-on experimentation; lectures and demonstrations introduce key concepts and ideas as well as the history of digital arts; students develop skills that form a foundation for future investigation through labs; work may include using an Arduino, programming, and developing an interface to control a software project; final project is shared with the public in some way; critical discourse in the form of writing assignments allows for reflection and evaluation. GE: Engineering Be Creative. Same as ARTS:2800, CINE:2800, CS:2800, DANC:2800, DIGA:2800, MUS:2800.

Introduction to basic concepts, theories, and practical applications of digital video production for multiple distribution streams, with focus on aesthetic and technical principles; development of proficiency in contemporary approaches to digital media production by understanding the production pipeline from ideation to preproduction, production, postproduction, and through to distribution. GE:
Engineering Be Creative. Same as DANC:2890, DIGA:2890.

## THTR:3110 Voice for the Actor 3 s.h.

Progressive development of voice for theatre; physical awareness,
breath, freeing and amplifying sound, range and resonance, articulation; application of voice work through classical and contemporary theatre texts.

## THTR:3120 Theatre Movement

3 s.h.
The body as a tool for dramatic expression; basic principles and practices of stage movement; approaches to physical technique.
THTR:3140 Acting II 3 s.h.
Extension of work begun in THTR:2140; scene study, with focus on contemporary realism and development of collaborative dynamic. Prerequisites: THTR:1141 or THTR:2140.
THTR:3151 Voice for the Actor II $\mathbf{3}$ s.h.
Further development of voice for theatre with emphasis on acquisition of accents and dialects. Prerequisites: THTR:3110.
THTR:3160 Movement Styles $\mathbf{3}$ s.h.
Intensive study of a selected movement style (e.g., mask, clown, commedia dell'arte). Prerequisites: THTR:3120.
THTR:3165 Stage Combat 3 s.h.
Fundamental principles of stage combat in a specialized area of study -unarmed combat, rapier and dagger techniques, and hand-to-hand and knife techniques.

## THTR:3202 Graphic Design for the Entertainment

 Industry2-3 s.h.
Series of projects focusing on developing graphic design skill sets and using the Adobe Creative Suite and other programs. GE: Engineering Be Creative.
THTR:3205 Concepts in Drawing
3-4 s.h.
Intermediate-level topics; observation, theory, media, form, content; emphasis on personal direction. Prerequisites: DRAW:2310. Same as DRAW:3310.
THTR:3208 Mask and Puppet Crafts
3 s.h.
Mask and puppet design; paper mache, plaster gauze, thermal plastics, and soft sculpture techniques. GE: Engineering Be Creative.
THTR:3210 Makeup Design for the Stage 3 s.h.
Techniques in design and application of stage makeup: development of conceptual, research, hands-on skills through projects in fantasy, period, and character makeup, simple prosthetics. GE: Engineering Be Creative.

Survey of design and motifs spanning history of western civilization through development of interior and exterior architecture, furniture, decorative themes, fashion, and fine art.

## THTR:3215 Sewing Techniques for Theatre Costuming $\mathbf{3}$ s.h.

 Students learn and improve sewing skills for theatre costuming; lab oriented with focus primarily based on a variety of sample sewing techniques; collaboration and individual work; final project consists of a costume sample from a chosen show and reflects student's skill and experience.THTR:3225 Makeup Design: Special Topics
3 s.h.
Advanced techniques in stage makeup design and application through analysis of forms, research, and hands-on projects.

## THTR:3230 Scene Design I

Development of theatre scenery; how to research, conceptualize, and express ideas in 3D models, simple sketches, and drafting. GE: Engineering Be Creative. Same as ARTS:3230.
THTR:3240 Costume Design I
3 s.h.
Introduction to theatre costumes; how to conceptualize and express ideas through rendering and 3D mannequin projects; may be taken after THTR:4240. GE: Engineering Be Creative.

## THTR:3250 Lighting Design I

3 s.h.
How to research, conceptualize, and express ideas through light plots, other design paperwork, and theatre lighting design projects. GE: Engineering Be Creative.
THTR:3260 Sound Design for the Theatre 3 s.h.
Introduction to concepts of theatre aurality, sound dramaturgy, and basic sound reinforcement; provides project-based instruction for practice, process, and mechanics of recording, designing, and manipulating sound for plays and contemporary theatrical experiences. GE: Engineering Be Creative.

## THTR:3270 Entertainment Design

3 s.h.
Introduction to entertainment design and technology; primary focus on contemporary approaches to design and delivery of content in entertainment industry; assignment of practical projects using media servers, projection, LED arrays, video editing software, and moving light technologies. GE: Engineering Be Creative.
THTR:3276 Medieval Drama 3 s.h.
English majors and English and Creative Writing majors may apply this course to the following area and/or period requirement. AREA: Medieval and Early Modern Literature and Culture. PERIOD: Early Literatures Through 17th Century. Same as ENGL:3276.
THTR:3277 English Renaissance Drama 3 s.h.
English majors and English and Creative Writing majors may apply this course to the following area and/or period requirement. AREA: Medieval and Early Modern Literature and Culture. PERIOD: Early Literatures Through 17th Century. Same as ENGL:3277.

## THTR:3301 Playwriting II

Application of fundamental skills learned in THTR:2301 to more advanced study of dramatic structure and style; reading of plays, weekly writing assignments; focus on writing one-act play. Prerequisites: THTR:2301.

## THTR:3310 Undergraduate Playwriting Workshop 1-3 s.h.

Workshop discussion of original full-length plays, collaborative creation of new plays, work with guest artists. Prerequisites: THTR:2301 and THTR:3301.

THTR:3315 Standup Comedy Practicum 3 s.h.
Writing and performing standup comedy; emphasis less on creating a comic persona and more on pulling from and articulating personal truth; analysis of contemporary comedians and joke structure; performing original work for multiple audiences in classroom and out in community.

## THTR:3320 Writing for Film

Rigorous writing for film; focus on feature-length screenplay; for students with experience in dramatic writing, fiction, or screenwriting. Requirements: completion of at least 60 s.h. or graduate standing.

THTR:3325 Iowa Writers' Room 3 s.h.
Experiential learning in television writing field; first-hand experience as part of a traditional television writers' room-selecting material and show topics, pitching ideas, collaboratively breaking story, and writing and workshopping scripts for a limited series television show of student's choosing; includes instruction and class visits by acclaimed industry insiders. Same as WRIT:3325.
THTR:3401 Topics in Dramatic Literature 3 s.h.
Topics in dramatic literature, including specific authors, periods, and movements; sample topics include Ibsen and Strindberg, Chekov, Brecht and the Brechtian, and avant-garde theatre.
THTR:3402 Shakespeare the Dramatist 3 s.h.
Exploration of a number of Shakespeare's greatest works; close textual analysis supplemented with historical, theoretical, theatrical, and philosophical considerations; special attention given to Shakespeare's dramatic method and relation of his dramaturgy to profession of theater-making.
THTR:3421 Performing Autobiography 3 s.h
Advanced seminar and workshop; immersive readings in genre of Advanced seminar and workshop; immersive readings in genre of
contemporary autobiographical work, scholarship and criticism, and performance texts and videos as established artists have developed them; students write and perform their own original pieces stemming from personal experiences and interests. Recommendations: RHET:1030. Same as GWSS:3421.

## THTR:3430 Women on Stage

3 s.h.
Examination of how and why women in the United States have expressed themselves through theatre and performance from 1776 to present; students study plays as performed events in specific times and places for specific audiences through works by African American, Asian American, European American, Latina, Native American, and lesbian/queer writers; what the theater-as a public, embodied art form-offers female writers; how stakes differ for women of diverse backgrounds in using this often suspect and uniquely powerful medium in particular historical moments; how changing definitions of gender and sexuality come into play; prior background in theater not required. Same as AMST:3430, GWSS:3430.
THTR:3440 American Drama Since 1900
American playwrights and plays after 1900. English majors and English and Creative Writing majors may apply this course to the following area and/or period requirement. AREA: American Literature and Culture. PERIOD: 20th/21st-Century Literature. Same as ENGL:3440.
THTR:3462 African American Drama 3 s.h.
English majors and English and Creative Writing majors may apply this course to the following area and/or period requirement. AREA: American Literature and Culture. PERIOD: Varies by semester. English and Creative Writing majors may apply this course to the Multiethnic American Literature and Culture requirement. Same as AFAM:3462, ENGL:3462.
THTR:3501 Stage Management I 3 s.h.
Duties and procedures of stage management; focus on development of production from preparatory work through performance; role of stage manager in collaboration.
THTR:3510 Introduction to Arts Management 3 s.h. Nonprofit performing arts management and administrative principles; practical applications, trends in the field; focus on arts organizations and their key administrative positions. Same as INTD:3510.

## THTR:3530 Musical Theatre Workshop

2 s.h.
Development of musical theatre performance skills through participation; students learn how to project intentions, attitudes, and personality traits of characters they portray; fundamentals of stagecraft, acting, movement, relaxation, and concentration; accurate musical coaching, including clear diction and solidly built dramatic musical interpretation. Same as MUS:3530.

THTR:3610 Drama in the Classroom
3 s.h.
Theories of community, culture, identity in relation to language arts teaching and learning; emphasis on incorporating multiple literacies, both oral and print, into language arts curricula; action research involving oral literacy. Same as EDTL:3180.

## THTR:3615 Action! Engage! Art! Creative Placemaking for the Public Good

Best practices for community projects; students in any discipline partner with artists to make change in the world; topics and activities include how to collaborate with creative partners and be a strong partner, develop ethical community partnerships, cultural competency, how to work for sustainable goals, team leadership skills, prepare social justice skills portfolios, investigate established projects, and develop individual or team projects for future semesters and beyond.
THTR:3630 Special Topics in Theatre Arts
Specialized study in a specific aspect of theatre arts of interest to actors, directors, playwrights, dramaturgs, designers, and stage managers.
THTR:3875 Topics in Digital Performing Arts
3 s.h
Advanced techniques in performing with established and new technologies including live cameras in performance, controlling digital avatars, motion capture, virtual and augmented reality, and more. Same as DANC:3875.

## THTR:3876 Video for Performance

3 s.h.
Introduction to aesthetics and practical applications of digital media and video design for live performance including content creation, system design, and content optimization for media servers; students create digital video and animations and integrate them into live performance and entertainment events via projections, media servers, and digital displays using QLab Media Server and Adobe Creative Cloud (e.g., Illustrator, Photoshop, Premiere Pro, Audition, After Effects); for those with an interest in designing, creating, and displaying digital media for theatre, dance, concerts, corporate events, gallery installations, VJ sets, and architectural projections. GE: Engineering Be Creative. Same as CINE:3876, DANC:3876, DIGA:3876, INTM:3876.

## THTR:3895 Performance, Art, and New Technologies in

 SocietyStudents pitch projects and work in interdisciplinary groups to create original live performances and installations based on major technological innovations that have deeply impacted society and live performance in late 20th and early 21st centuries; daily handson making; examination of theoretical texts and performances that address impact of technology on human condition to contextualize students' own art/technology projects; exploration and adaptation of technologies/aesthetics for live performance and art including telepresence and liveness, artificial intelligence and big data, augmented and virtual reality. Prerequisites: MUS:2800 or
THTR:2880 or CS:1110 or CS:1210 or SCLP:4835. Same as DANC:3895, DIGA:3895.

## THTR:4144 Acting: Special Topics

Specialized study in a specific aspect or theory of acting.

## THTR:4180 Directing I

3 s.h.

Basic elements of stage direction; exercises in composition, emphasis, movement, rhythm, directorial analysis; director's role in production process; short scenes, projects, papers. Prerequisites: THTR:2140 and (THTR:2402 or CINE:1601).

## THTR:4230 Scene Design II

3 s.h.
Design and execution of increasingly complex projects in a variety of formats, including perspective sketching, detailed drafting, and color models. Prerequisites: THTR:3230.

THTR:4240 Costume Design II
3 s.h.
Conceptual and analysis skills in costuming; fashion history and dress related to individual, cultural, and artistic expression. May be taken before THTR:3240.

THTR:4250 Lighting Design II
3 s.h.
Development of advanced lighting artistry; preparation for mainstage lighting assignments through a series of hands-on projects and practicals; emphasis on process of design, communicating design concept, acclimating to University of Iowa venues, advanced moving light programming, 3D modeling, previsualization techniques, and organizing plot and paperwork in accordance with professional lighting practices. Prerequisites: THTR:3250.
THTR:4270 Scenic Art 3 s.h.
Basic techniques in scenic art for the theatre; classical scene painting, color theory, drawing, using nontraditional tools and materials, foam carving, and finishes. Offered every other year. GE: Engineering Be Creative. Same as ARTS:4270.
THTR:4290 Design: Special Topics
1-3 s.h.
Specialized study in a specific aspect or theory of theatrical design.
THTR:4420 Dramatic Theory
3 s.h.
Theoretical questions of interest to dramatists and philosophers in western and nonwestern traditions; metaphysics of play; theories of character, psyche, self; narrative and nonnarrative dramatic forms. Prerequisites: THTR:2402 and THTR:2410 and THTR:2411.
THTR:4510 Arts Leadership Seminar
3 s.h.
Performing arts management and administrative principles, practical applications, trends in arts leadership and advocacy. Prerequisites: THTR:3510 or ENTR:2000. Same as ENTR:4510, INTD:4510.
THTR:4605 Undergrad Career Preparation
Business aspects of the actor's career; entrepreneurial tools for the professional world; topics include agents, managers, taxes, fees, résumés, head shots, unions, similarities and differences between the three major markets (New York, Chicago, Los Angeles), and particular needs for television, film, and theatre.

## THTR:4630 London Performance Study

3 s.h.
English majors and English and Creative Writing majors may apply
this course to the following area and/or period requirement. AREA: Literary Theory and Interdisciplinary Studies. PERIOD: 20th/21stCentury Literature. Same as ENGL:4172.

## THTR:4691 Projects in Theatre arr.

THTR:4692 Honors Theatre Arts arr.
Development of a focused, large-scale project that aligns with and deepens a student's interest in theatre arts. Project generally includes both a written portion and a public presentation.
THTR:4693 Independent Study
arr.
THTR:4695 Performance Practicum
1-2 s.h.
Perform as an actor or serve as an assistant stage manager in a production of at least an hour's length, rehearsed for at least four weeks, directed by a faculty member or guest artist or graduate student, and produced by the Department of Theatre Arts.
THTR:5110 Acting for Graduate Non-Actors
Examination of the practice and language of acting as developed by Constantin Stanislavski and Sanford Meisner. Requirements: admission to MFA in theatre arts.
THTR:5200 Graduate Design Seminar
arr.
Graduate design in set, lighting, and costume design; teamwork; meetings with design faculty in specific disciplines; shortterm projects in the theatre department; long-term projects, including summer design work, internships, and other professional opportunities during the three-year program and beyond. Prerequisites: THTR:4230 or THTR:4240 or THTR:4250.

## THTR:5230 Scene Design III

Complex assignments; documentation skills, scenic design preparation. Prerequisites: THTR:3230 and THTR:4230.

## THTR:5240 Costume Design III <br> 3 s.h.

Advanced projects in costume design and portfolio development. Prerequisites: THTR:4240.

## THTR:5250 Lighting Design III

3 s.h.
Advanced projects in venues such as dance, opera, industrials; preparation of lighting designs for production. Prerequisites: THTR:4250.

## THTR:5300 The Collaborative Process

Development of new plays, collaboratively created works.

## THTR:5410 Dramaturgy

Overview of history, theory, and practice of dramaturgy and dramaturg in Europe and the United States including relationship to dramatic criticism, dramaturgical research, analysis and conceptualization of texts for production, audience outreach, and new play development; may focus intensively on one of these topics and workshop creative work related to the topic.

## THTR:5420 Dramaturgy Practicum

Supervision of ongoing dramaturgical work in Department of Theatre Arts and the Playwrights Workshop; workshopping elements of dramaturgical work (e.g., script reports, program essays, lobby displays); examination of special topics including history of dramaturgy, dramatic criticism, dramaturgical writing (documenting the production process), dramaturgy and dramatic theory. Requirements: admission to MFA dramaturgy program.
THTR:5500 Stage Management: Special Topics
Topics in stage management, arts production, and their professional practice. Requirements: admission to MFA stage management program.

## THTR:5510 Production Management

3 s.h.
Organization and supervision of theatre productions; resources, procedures for successfully mounting a theatre production or season; personnel, equipment, facility and budget management, scheduling, communication. Requirements: stage management MFA enrollment.
THTR:5600 Orientation to Graduate Studies 1-2 s.h.
Introduction to the department's six graduate programs, production program, facilities, and UI library system; raises issues that will be considered throughout students' graduate careers; exploration of creative process and application of critical thinking to that process; for first-year theatre arts MFA students. Requirements: admission to MFA in theatre arts.

## THTR:5610 Collaborative Performance 3-4 s.h.

Collaborative process with advanced dance artists and creative, design, and technical practitioners from varied disciplines that culminates in a devised performance for the general public; emphasis on sharing and investigating ideas, artistic intent, personal vision, and practical application. Same as DANC:5550.
THTR:5880 Installations and Interactive Performance 3 s.h. Introduction to creating interactive experiences with technology; aesthetics, techniques, and practical possibilities of fusing together theatre, dance, music/sound, art, design, cinema, gaming, humancomputer interaction, and engineering through use of Isadora, an interactive, node-based programming software; students create immersive performances, interactive installations, embodied user experiences, and user-manipulated virtual environments. Same as DANC:5880.

## 3 s.h. THTR:5890 Producing and Directing Digital Video 3 s.h.

Introduction to basic concepts, theories, and practical applications of digital video production for multiple distribution streams with focus on aesthetic and technical principles; development of proficiency in contemporary approaches to digital media production by understanding the production pipeline from ideation to preproduction, production, postproduction, and through to distribution. Same as DANC:5890.

THTR:6140 Advanced Acting
Preprofessional training; may include psychophysical training in impulse, openness and the "mask," individual and group dynamics,
3 s.h. improvisation, repetition, characterization and scene work, Shakespeare and style, on-camera, development of professional work
3 s.h. habits and skills, audition and interview. Requirements: admission to MFA acting program.

THTR:6150 Vocal Technique 3 s.h.
Skills training; voice and speech for the actor, phonetics, dialects, sound exploration, contemporary and classical text analysis. Requirements: admission to MFA acting program.

THTR:6160 Movement Technique 3 s.h.
arr. Fundamental principles and practices required for physical acting technique; basic stage movement, stage combat, mime technique, Lecoq-based improvisation; a new works project. Requirements: admission to MFA acting program.
THTR:6170 Graduate Acting: Special Topics 3 s.h. Specialized study in one aspect or theory of acting. Requirements: admission to MFA acting program.

THTR:6180 Director's Seminar
Preprofessional training in stage direction; the art and craft of directing; research, practical experience; development of new pieces; approaches to a variety of theatrical materials through concept, type, style. Requirements: admission to MFA program.
THTR:6300 Guest Seminar
arr.
Playwriting workshops and script conferences led by visiting professional playwrights, directors, and dramaturgs. Requirements: admission to MFA playwriting program.

## THTR:6310 Special Topics in Playwriting

 3 s.h. Special topics of interest to MFA playwrights and dramaturgs including fundamentals for experts, designing audience experiences, structural approaches to playwriting, and writing for film; also may focus on dramatic genres (e.g., docudrama, history play).THTR:6400 Classical to Romantic Theatre
3 s.h.
Representative plays from the Classical to the Romantic periods
-in historical context of their original productions, contemporary production potential. Requirements: admission to MFA theatre arts program.

## THTR:6401 Modern Drama 3 s.h.

Questions of dramatic form and content examined in-depth through close readings of modern plays.
THTR:6402 Postmodern Theatre 3 s.h.
Diverse traditions of theatre and drama since the 1960s considered in relation to the modernist avant-garde and the cultural phenomenon of postmodernism.
THTR:6500 Stage Management Seminar 1-2 s.h.
Practice and techniques of stage management. Requirements: admission to MFA stage management program.

## THTR:6605 Graduate Career Preparation <br> 1-3 s.h.

Preparation for professional showcase produced in student's final year; business aspects of the actor's career; entrepreneurial tools for the professional world; topics include agents, managers, taxes, fees, résumés, head shots, unions, similarities and differences between three major markets (New York, Chicago, and Los Angeles), and particular needs for television, film, and theatre. Requirements: admission to MFA acting program.

THTR:6691 Projects in Theatre Advanced arr.
Create a special project under the mentorship of a faculty member; projects may include performing in a main stage production, writing, directing, or designing a play performed in the department, developing a research project that intersects production.

## THTR:7300 Playwrights Workshop 1,3 s.h

Development of works by Iowa Playwrights Workshop members.
Requirements: admission to MFA playwriting or dramaturgy program.
THTR:7601 MFA Thesis
0-3 s.h.
Work related to MFA thesis projects in theatre arts.

## Theatre Arts, BA

The undergraduate program in theatre arts is based on the philosophy that the best way to develop future artists is to expose them to rigorous professional practice within the framework of a liberal arts and sciences education.

Department of Theatre Arts students take workshop courses in acting, directing, design, technical theatre, stage management, and playwriting and complement them with classes in dramatic literature, history, and criticism. Students also are encouraged to explore a range of courses throughout the university. Around 25 public productions are staged each year, providing additional opportunities to learn the theatre craft and to develop a personal artistic vision.

## Student Auditions for Theatre Arts Productions

Theatre arts majors are encouraged to audition for the department's productions in general auditions at the beginning of the fall semester. Students normally present a three-minute audition consisting of two contrasting pieces. From this audition, callback lists are posted for fall productions. Additional general auditions typically are scheduled in early November and in March.
Students in other majors are welcome to audition for the department's productions, as are community members (see "Productions and Auditions" in the Department of Theatre Arts [p. 1073] section of the catalog). For academic considerations, theatre arts majors are given first consideration for roles.

Materials and information about the general auditions are available from the Department of Theatre Arts. Notices of auditions for all subsequent productions are posted on the department's online call board.

## Learning Outcomes

All theatre students have special interests they want to pursue-acting, writing, design, and more. To make this possible, the department offers beginning and advanced courses in every theatrical area.

No matter which theatre arts area is chosen, the overall experience as a theatre student will give each major the ability to:

- apply knowledge of theatre's role in society throughout history to creative and/or scholarly work;
- explore and apply understanding of a dramatic script to creative and/or scholarly work;
- collaborate with others to produce a play;
- talk about and assess a student's work and the work of others;
- articulate an emerging artistic vision that starts to inform a student's work and thinking about the arts; and
- write well about theatre.

## Requirements

The Bachelor of Arts with a major in theatre arts requires a minimum of 120 s.h., including at least 36 s.h. of work for the major. Students must maintain a grade-point average of at least 2.00 in all courses for the major and in all UI courses for the major. They also must complete the College of Liberal Arts and Sciences GE CLAS Core [p. 19]. Students can add a focus area to their theatre arts degreemusic theatre. See "Music Theatre Track" below.

The curriculum for the theatre arts major constitutes the basic experience for all undergraduate theatre arts students. Registration in some courses for the major requires special permission. Contact the Department of Theatre Arts for details.

Students who transfer to the university from other accredited two- or four-year institutions must demonstrate that they have successfully completed coursework equivalent to the basic requirements of the Department of Theatre Arts and the University of Iowa before they may take electives numbered 3000 and above. If a student completes the courses listed for the approved 2 Plus 2 Plan theatre arts program at Kirkwood Community College, Iowa Central Community College, or Indian Hills Community College in Iowa, those courses are automatically counted toward requirements for the theatre arts major at the University of Iowa. Consult the department's director of undergraduate studies for more information.

In planning coursework, especially electives, students should be guided by the College of Liberal Arts and Sciences maximum hours rule: students earning a BA may apply a maximum of 56 s.h. earned in one department to the minimum 120 s.h. required for graduation, whether or not the coursework is accepted toward requirements for the major. Students who earn more than 56 s.h. from one department may use the additional semester hours to satisfy requirements for the major (if the department accepts them), and the grades they earn become part of their grade-point average, but they cannot apply the additional semester hours to the minimum 120 s.h. required for graduation.

Students must complete a course's prerequisites before registering for the course. They normally complete the following required courses within their first four semesters in the major.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| THTR:2140 | Acting I | 3 |
| THTR:2402 | Script Analysis | 3 |
| THTR:2410 | History of Theatre and Drama I | 3 |
| THTR:2411 | History of Theatre and Drama II | 3 |

Students who complete THTR:1400 Theatre and Society: Ancients and Moderns or THTR:1401 Theatre and Society: Romantics and Rebels before declaring a major in theatre arts must consult the undergraduate director before they may register for THTR:2410 History of Theatre and Drama I or THTR:2411 History of Theatre and Drama II.

The BA with a major in theatre arts requires the following coursework.

| Requirements | Hours |
| :--- | :--- |
| Theatre Foundation Courses | 15 |
| Design Course | 3 |
| Dramatic Literature Course | 3 |
| Production Lab | 3 |
| Theatre Arts Electives | 12 |

## Theatre Foundation

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| All of these: |  |  |
| THTR:2140 | Acting I | 3 |
| THTR:2215 | Theatre Technology | 3 |
| THTR:2402 | Script Analysis | 3 |
| THTR:2410 | History of Theatre and Drama I | 3 |
| THTR:2411 | History of Theatre and Drama II | 3 |

## Design Course

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| One of these: |  |  |
| THTR:3230 | Scene Design I | 3 |
| THTR:3240 | Costume Design I | 3 |
| THTR:3250 | Lighting Design I | 3 |

| THTR:3260 | Sound Design for the Theatre | 3 |
| :--- | :--- | :--- |
| THTR:4240 | Costume Design II | 3 |

## Dramatic Literature

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| One of these: |  |  |
| THTR:1410 | Musical Theatre History | 3 |
| THTR:2320 | Playwriting in a Global World | 3 |
| THTR:2405 | Staging Americans: U.S. |  |
|  | Cultures Through Theatre and | 3 |
|  | Performance |  |
| THTR:3401 | Topics in Dramatic Literature | 3 |
| THTR:3402 | Shakespeare the Dramatist | 3 |
| THTR:3421 | Performing Autobiography | 3 |
| THTR:4420 | Dramatic Theory | 3 |
| THTR:4630 | London Performance Study | 3 |

## Production Lab

Students must earn a total of 3 s.h. in the required production lab course, THTR:2220 Production Lab. The course requires students to work backstage on a department production. All students must serve as a crew member on at least one production (normally earning 1 s.h. per production). They have options to earn $2 \mathrm{~s} . \mathrm{h}$. for serving as a crew chief or taking on other advanced responsibilities.

With the instructor's approval, students who enroll in the elective production course (THTR:3501 Stage Management I) also may enroll in the required production lab course THTR:2220 during the same semester or session and may complete an additional project, earning 1 s.h. for THTR:2220 in addition to the credit they earn for the elective course. Students may earn a maximum of $1 \mathrm{~s} . \mathrm{h}$. of required production course credit for THTR:2220 this way.

## Required Production Lab

| THTR:3501 | Stage Management I | 3 |

## Theatre Arts Electives

Theatre arts students must earn a total of 12 s.h. in theatre arts elective coursework or a total of 9 s.h. if they select the music theatre track. Students may not use a course to fulfill more than one requirement for the major, so in selecting the additional elective coursework, they may not choose a course they have already used to fulfill another requirement. Three of the four elective courses must be numbered 3000 or above; the other course may be from any level. A minimum of two courses must be selected from one of the following areas: Acting, Directing, and Music Theatre; Design; Playwriting, Dramatic Literature, and Dramaturgy; or Stage Management, Arts Management, and Technical Theatre.

## Acting, Directing, and Music Theatre

## Music Theatre Track

Students have the option of adding a focus to their study plan by completing a specialized track in music theatre. This optional track provides a gateway for students to develop and enhance the basic performance skills necessary for a music theatre performer to be successful. Students are not required to audition to enter the track, but auditions are required to enroll in music theatre performance courses. The track requires a minimum of 51 s.h. of coursework. Each student's program of study will culminate in a final presentation, to be determined in consultation with the track advisor. To enroll in the music theatre track, contact the music theatre track advisor in the Department of Theatre Arts.

The BA with a major in theatre arts with the music theatre track requires the following coursework.

| Course \# Title | Hours |
| :--- | ---: |
| Theatre Foundation Courses (see "Theatre Foundation" | 15 |
| list above) |  |
| Design Course (see "Design Course" list above) | 3 |
| Production Lab (see "Production Lab" list above) | 3 |
| Dramatic Literature Requirement | 3 |
| Theatre Arts Elective Courses | 9 |
| Musical Theatre Foundation Courses | $5-6$ |
| Dance Courses | $8-9$ |
| Music Courses | 5 |
| Total Hours | $\mathbf{5 1 - 5 3}$ |

## Theatre Courses

Students may opt to use some of their coursework to satisfy requirements for the theatre arts major.

## Dramatic Literature Requirement

## Honors

## Honors in the Major

Students majoring in theatre arts have the opportunity to graduate with honors in the major. Students who wish to graduate with honors should declare their intention to the department's honors advisor. To graduate with honors in the major, students must maintain a minimum University of Iowa grade-point average (GPA) of 3.33; a GPA of at least 3.50 in the major; complete at least $6 \mathrm{~s} . \mathrm{h}$. of work in Department of Theatre Arts honors courses, of which 3 s.h. must be a course numbered 3000 or above; and complete THTR:4692 Honors Theatre Arts.

Students who elect to give a creative presentation or performance must have senior standing and must complete at least one honors course before their proposed project may be approved. If they wish to include their project in the department's production season as a workshop production, they must submit an application form to the director of theatre for approval of their project by April 1 of the year before the project is to be scheduled (projects are not guaranteed a production slot). They also must enroll in THTR:4692 during the semester in which they complete their presentation or performance.

For more information about theatre arts honors requirements, contact the honors advisor in the Department of Theatre Arts.

## University of Iowa Honors Program

In addition to honors in the major, students have opportunities for honors study and activities through membership in the University of Iowa Honors Program. Visit Honors at Iowa to learn about the university's honors program.

Membership in the UI Honors Program is not required to earn honors in the theatre arts major.

## Career Advancement

The National Association of Colleges and Employers lists the top skills employers look for in college graduates; these include communication skills, strong work ethic, teamwork skills, initiative, interpersonal skills, problem-solving skills, analytical skills, and flexibility/adaptability. Theatre is an excellent way to learn these skills. As a theatre major, students learn to think critically, read carefully, write well, and present themselves in front of others-skills vital for many careers.

Theatre graduates find work as actors, directors, designers, critics, stage managers, writers, producers, and agents. Some work in film and television, some decide to teach, and some combine scholarship with production or performance with teaching. Others go into business or law.

After graduating, many students move to a metropolitan area to find work. In theatre, there are no guarantees. Success takes talent, patience, hard work, and a bit of luck, yet most graduates who want to work in this exciting profession find a way to do so.

The Pomerantz Career Center offers multiple resources to help students find internships and jobs.

## Academic Plans

## Four-Year Graduation Plan

The following checkpoints list the minimum requirements students must complete by certain semesters in order to stay on the university's Four-Year Graduation Plan.

Before the fifth semester begins: three courses in the major chosen from THTR:2140 Acting I, THTR:2215 Theatre Technology, THTR:2402 Script Analysis, THTR:2410 History of Theatre and Drama I, and THTR:2411 History of Theatre and Drama II.

Before the seventh semester begins: three more courses in the major, two semesters of production credit, and at least 90 s.h. earned toward the degree.

Before the eighth semester begins: two more courses in the major and one more semester of production credit.

During the eighth semester: enrollment in all remaining coursework in the major, all remaining GE CLAS Core courses, and a sufficient number of semester hours to graduate.

## Iowa Degree in Three

University of Iowa majors who are strongly motivated can graduate with a degree in three years under the Iowa Degree in Three. The program is available to students who can complete more semester hours each term than they would on the Four-Year Graduation Plan.

Students sign an agreement during their first semester of enrollment; meet with an advisor at least once a semester to review their plans and progress; take courses during summer sessions, if necessary; meet specific course checkpoints; and maintain the grade-point average required for the major

Students are allowed to bring Advanced Placement (AP), College Level Examination Program (CLEP), or transfer credit upon admission to reduce the number of semester hours required for their degree. They should consult their advisor about the program.

## Sample Plan of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.

a Sustainability must be completed by choosing a course that has been approved for Sustainability AND for one of these General Education areas: Natural Sciences; Quantitative and Formal Reasoning; Social Sciences; Historical Perspectives; International and Global Issues; Literary, Visual, and Performing Arts; or Values and Culture.
b Students must earn a total of 3 s.h. in THTR:2220.
c GE CLAS Core courses may be completed in any order unless used as a prerequisite for another course. Students should consult with an advisor about the best sequencing of courses.
d Students who complete THTR:1400 or THTR:1401 before declaring a major in theatre arts must consult the undergraduate director before they may register for THTR:2410 or THTR:2411.
e Fulfills a major requirement and may fulfill a GE requirement.
f Students may use elective courses to earn credit towards the total s.h. required for graduation or to complete a double major, minors, or certificates.
g Students who have completed four years of a single language in high school have satisfied the GE CLAS Core World Languages requirement. Enrollment in world languages courses requires a placement exam, unless enrolling in a first-semester-level course.
h Students must earn a total of 12 s.h. in theatre arts elective coursework. Students may not use a course to fulfill more than one requirement for the major. Three of the four elective courses must be numbered 3000 or above; the other course may be from any level. A minimum of two courses must be selected from one of the following areas: Acting, Directing, and Music Theatre; Design; Playwriting, Dramatic Literature, and Dramaturgy; or Stage Management, Arts Management, and Technical Theatre.
i Please see Academic Calendar, Office of the Registrar website for current degree application deadlines. Students should apply for a degree for the session in which all requirements will be met. For any questions on appropriate timing, contact your academic advisor or Graduation Services.

## Theatre Arts, Minor

## Requirements

The undergraduate minor in theatre arts requires 15 s.h. in theatre arts coursework, including 12 s.h. in courses numbered 2000 or above taken at the University of Iowa. Students may count THTR:1141 Basic Acting II as one of the courses included in the 12 s.h. total mentioned above. Students must maintain a cumulative grade-point average of at least 2.00 in all courses for the minor and in all UI courses for the minor. Coursework in the minor may not be taken pass/nonpass. Students must complete all prerequisites for the courses they choose for the minor. A maximum of 3 s.h. of equivalent transfer or study abroad credit may be applied toward the minor.
All theatre arts courses are available to students who minor in theatre. Students who wish to take THTR:2140 Acting I must request permission through the Department of Theatre Arts office. Minors who are interested in acting also may take THTR:1140 Basic Acting and THTR:1141 Basic Acting II, and then may ask for permission to enroll in THTR:3140 Acting II.

Contact the Department of Theatre Arts for more information about how to meet the requirements for the minor.

## Theatre Arts, MFA

## Learning Outcomes

## Acting Subprogram

Graduates must demonstrate:

- the ability to employ a broad range of acting knowledge and skills in the creation and presentation of roles;
- the ability to perform in plays and roles of various types, and from various periods;
- the acquisition of advanced understanding and capabilities in voice and speech, movement, and play analysis;
- a working knowledge of historical, critical, and theoretical content and the ways they inform playwriting and dramatic writing, the creation of roles, and other aspects of production;
- the ability to utilize digital media as a creative platform for selfpromotion and in live performance;
- a working knowledge of skill sets and business-related tools to manage a professional acting career; and
- the ability to collaborate at a professional level with actors, directors, designers, playwrights, dramaturgs, and stage managers in the processes of production.

## Design Subprogram

Graduates must demonstrate:

- development of new work and new artists through a creative, collaborative process; and advanced abilities in the unification of all design elements used in professional production through effective collaboration with diverse groups of artists and technicians with a range of life experiences and perspectives;
- thorough knowledge of health and safety practices associated with theatre production;
- with respect for the great global traditions, the ability to push the boundaries of theatre, using sophisticated tools and technologies; the ability to exhibit advanced knowledge in and to integrate the history of décor/fashion and cultural modes; skills drawing, color theory, lighting; analog and digital facility in 2D and 3D design in tactile, lighting and audio arts; and aesthetic, theoretical, and/or technical approaches to creating compelling stories and experiences that incorporate new technologies and digital artmaking practices in live performance, interactive art installations, and user-based live events;
- creative and technical ability to develop the design of a production from concept to finished product, and produce full design packages for at least two realized productions;
- the capacity to provide space for diversity and foster social responsibility and change through a working knowledge of script analysis, which includes the ways that historical, critical, cultural, and theoretical perspectives and content inform playwrights, actors, stage managers, directors, and designers; and
- the ability to work with theatre professionals in their processes of production.

## Directing Subprogram

Graduates must demonstrate advanced professional competence in directing including, but not limited to:

- the ability to integrate advanced understanding and capabilities in play analysis, performance, and design in creating the concept of a production;
- the ability to develop and guide fully mounted productions of a wide variety of performance styles and plays from statement of concept through public performance;
- a broad knowledge of dramatic literature and/or theatre history, including a demonstrated ability to undertake inquiry, investigation, or research associated with various aspects of performance and production;
- the ability to work with collaborators (actors/performers, playwrights/dramaturgs, and designers) in the processes of production, including the ability to conduct rehearsals effectively;
- an understanding of basic design principles and of aural and visual comprehension in the theatre and other dramatic media;
- an understanding of all the theatre arts and crafts at a sufficient level of knowledge to communicate with other artists and producers and to make informed critical judgments in all areas of the theatre;
- a basic understanding of the aesthetic, theoretical, and/or technical approaches to create compelling stories and experiences that incorporate new technologies and digital artmaking practices in live performance, interactive art installations, and user-based live events;
- the ability to develop and direct various forms of new work that engage diverse writers with multiple life experiences and perspectives; and
- directing at least two full-length, public productions, one of which must receive full technical support.

## Dramaturgy Subprogram

Graduates must demonstrate:

- a broad knowledge of the various elements of theatrical production;
- a broad knowledge of theatre history, theory, criticism, and performance studies;
- awareness of current issues and developments in the fields of theatre, playwriting, and dramaturgy;
- advanced skills in the practice of production dramaturgy, including dramaturgical research and writing, and script analysis;
- advanced skills in the practice of new play dramaturgy, including awareness of the creative and dramaturgical potential of digital media in the making of new work; and
- advanced competence in theatrical collaboration, including evidence of collaborating successfully with playwrights, directors, actors, designers, and stage managers in the development and production of new work; an understanding of professional ethics and practice; and awareness of issues of diversity, equity, and inclusion as they relate to collaboration.

## Playwriting Subprogram

Graduates must demonstrate advanced professional competence in playwriting and dramatic writing including, but not limited to:

- advanced technical skills in dramatic construction;
- the ability to employ and integrate a broad range of knowledge and skills in the various elements of theatrical production;
- the acquisition of advanced understanding and abilities to use theories and methods of script analysis, criticism, and dramaturgy in the development of theatrical and dramatic works;
- the ability to develop a work from concept to finished product and working knowledge of theatre history and theory, as well as of the creative and dramaturgical potential of digital media and various ways each may influence the creative process;
- an original full-length or equivalent work for their MFA thesis; and
- advanced competence in theatrical collaboration, including evidence of collaborating successfully with directors, dramaturgs, actors, designers, and stage managers in the development and production of new work; an understanding of professional ethics and practice; and awareness of issues of diversity, equity, and inclusion as they relate to collaboration.

## Stage Management Subprogram

Graduates must demonstrate:

- advanced knowledge of all production elements and the ways they can be combined and integrated, including digital media;
- advanced ability to coordinate multiple aspects of production both in rehearsal and in performance, including digital media;
- an understanding of stage management for a broad range of genres including drama, musical theatre, dance, opera, concerts, industrials, and special events;
- the ability to collaborate with actors, designers, directors, musical directors, dramaturgs, choreographers, and special events planners (all other artists) in their processes of creation, performance, and planning; and provide space for diversity and foster social responsibility and change; and
- an understanding of union rules and legal issues relevant to the field.

## Requirements

The Master of Fine Arts program in theatre arts requires a minimum of 61 s.h. of graduate credit, plus additional courses and production requirements depending on the student's specialty area of concentration. Students typically must complete six semesters in residence (internships may be substituted).

The graduate program is dedicated to the creative development of theatre artists. Graduates have a solid background in major performance theories, dramatic literature, and practices of the past and present as well as in the craft of their chosen specialties.

Special attention is given to understanding the role and importance of live theatre in society. Interactions among the various theatre disciplines are emphasized, both in classes and through the department's extensive production program. Particular emphasis is placed on the development of new works for the theatre.

Students must make consistent progress toward completion of the degree requirements to remain in the program: they must maintain a grade-point average of at least 2.75 overall and 3.00 in all coursework within the primary area of concentration, they must receive no letter grade in their primary area below B-minus and no grade of $U$ (unsatisfactory) in the primary area, and they must build a record of substantial creative work of high quality. Students who fail to make this progress are placed on academic probation and given one additional semester to demonstrate their qualifications for earning the degree.

Contact the Department of Theatre Arts for specific information on any of the MFA specialty areas.

## Admission

Students who demonstrate exceptional ability in acting, directing, dramaturgy, playwriting, design, or stage management may apply for admission to the program of study and production leading to the MFA degree. Admission is based on an interview, audition, and/or a portfolio of relevant work, the undergraduate record or other proof of artistic accomplishment, and letters of recommendation.

Submission of playscripts is the most important element in gaining admission to the Playwrights Workshop.

Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations on the Graduate College website.

## Career Advancement

The graduate program in theatre develops not only talent but discipline, self-confidence, and personal vision. Through their work in courses and productions, through teaching and production assistantships, and through the intensive, individual mentoring they receive from faculty, graduate students prepare themselves to contribute to the nation's culture. They can then enter the profession, joining hundreds of other University of Iowa graduates who have made their mark in theatre, film, television, and the entertainment industry.

## Academic Plans

## Sample Plan of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.

| Hours | $\mathbf{9}$ |
| :--- | ---: |
| Total Hours | $\mathbf{7 2}$ |

a Maximum of 82 s.h. may be counted toward the degree.
b Students must complete specific requirements in the University of Iowa Graduate College after program admission. Refer to the Graduate College website and the Manual of Rules and Regulations for more information.
c Graduate College program GPA is comprised of all courses that are approved degree requirements. If a student takes more than the minimum required number of semester hours to complete the degree, but all courses taken are eligible to count toward the degree, those courses will be included in the Graduate College program GPA. Must maintain GPA in all coursework within the primary area of concentration and receive no letter grade below B-minus or a U (unsatisfactory) in the primary area.
d Complete at least 9 s.h. for requirement; see the department website for specifics. Work with faculty advisor to determine appropriate coursework and sequence.
e Usually completed at the end of the second year. Students need to complete a special assignment designed by each program and meet with their Graduate Committee for a comprehensive evaluation (comps) of work to date. This evaluation will determine whether the student will continue their work into the third year and proceed to do a thesis.
f Consists of two components: 1) a written analysis of the actor's personal creative process, and an annotated resume of roles performed at Iowa; 2) the actor's professional online presence that is developed, strengthened, and maintained during their tenure at Iowa.
g Successful completion of all requirements.

# Translation 

Director, World Languages, Literatures and Cultures

- Jill N. Beckman (Linguistics)

## Director, Translation

- Aron R. Aji (World Languages, Literatures and Cultures)

Undergraduate major: translation (BA)
Undergraduate minor: translation for global literacy
Graduate degree: MFA in literary translation
Graduate certificate: literary translation
Faculty: https://translation.uiowa.edu/people
Website: https://translation.uiowa.edu/
Literally every form of global exchange-from material goods and natural resources to knowledge, values, ideologies, and culturesdepends on translation across languages. Aided by the range of human migration, globalization has led to rich syntheses between and among cultures, languages, and sensibilities. Borders between countries have become tenuous in relation to transnational, multicultural, and multilingual realities.

The undergraduate major in translation enables students to become learned users of translation and critically reflective participants in the global circulation of information, people, and cultures. The undergraduate minor in translation for global literacy introduces students to the exploration of translation both as a practical application and as a tool for global literacy. The graduate Certificate in Literary Translation offers students the opportunity to develop stronger competencies in translation as a method of scholarly inquiry and pedagogy, and the advantage of the ongoing synergy between creative writing and literary translation. The MFA in literary translation program focuses on creating works that can convey the distinctness of the original languages and the immediacy of contemporary languages.

These programs of study are administered by the Division of World Languages, Literatures and Cultures [p. 365].

- Master of Fine Arts in Literary Translation [p. 1102]

## Certificate

- Certificate in Literary Translation [p. 1105]

## Facilities

The Center for Language and Culture Learning provides a wide variety of facilities and services to the Division of World Languages, Literatures and Cultures (DWLLC), including a 24-computer

Instructional Technology Center (ITC) and five All-In-One Studios/ small group study rooms equipped with video production and editing software, a Computer Assisted Language Learning Lab with 25 computers integrated with Sanako software for language practice, and virtual reality hardware and development space.
The center provides spaces for quiet study as well as for group meetings. Departments, programs, and student organizations are welcome to host conversation hours, film nights, study groups, workshops, and more. Peer education services include peer tutoring programs in many of the languages taught in DWLLC, with both inperson and online availability, as well as the Directed Independent Language Study, through which faculty, staff, or students can be paired with a tutor to learn a language not taught in the DWLLC. Tutors are trained to use the Three Ms for Effective Learning, which include developing a growth mindset, using memory strategies to retain knowledge, and reflecting on learning gains.

## Courses

## Translation Courses

TRNS:1000 First-Year Seminar
Small discussion class taught by a faculty member; topics chosen by instructor; may include outside activities (e.g., films, lectures, performances, readings, visits to research facilities, field trips). Requirements: first-semester standing.

## TRNS:1240 World Literature in Translation I 3 s.h.

Reading and analysis of major literary texts from writing's origins to 1700 in the Mediterranean, Asia, and Africa; interrelationship of literature and history. Taught in English. GE: Literary, Visual, and Performing Arts. Same as CLSA:1040.
TRNS:1241 World Literature: 1700 to Present 3 s.h
Reading and analysis of major literary texts from 18th century to present in chronological sequence; emphasis on interrelationship of literature and history. Requirements: completion of GE CLAS Core Rhetoric. GE: Literary, Visual, and Performing Arts.
TRNS:2000 Translation and Global Society
3 s.h.
Contexts and functions of translation in the age of globalization; how translations are produced, received, and utilized in various contexts; effects of globalization on ethics, aesthetics, and politics of translation; how we understand cultures when they are received or transmitted through translation; effects of these exchanges on the English language. GE: Diversity and Inclusion.
TRNS:2001 Global Science Fiction
3 s.h.
Science fiction from around the world; spanning poetry, fiction, drama, film, television, comics, mobile phone games, and music; produced on six continents. Taught in English. GE: Diversity and Inclusion. Same as ASIA:2001, FREN:2010, RUSS:2001, WLLC:2001.

TRNS:2248 The Invention of Writing: From Cuneiform to Computers
Invention of writing as one of the most momentous events in the history of human civilizations; how the use of written sign systems, notations, maps, graphs, encryptions, and most recently, computer programs have consequences that reach deeply into all aspects of people's lives; how writing fascinates and delights, fosters reflexive thinking and facilitates development of complex societies, and gives rise to institutions of social power and control; students explore the invention of writing and its consequences in broad international and interdisciplinary context. Taught in English. Same as ANTH:2248, ASIA:2248, CL:2248, CLSA:2048, COMM:2248, GRMN:2248, HIST:2148, IS:2248, LING:2248, WLLC:2248.

TRNS:2473 Cinderella
Comparative analysis of Cinderella stories from around the world including Asia, Europe, Africa, South America; readings, discussion, workshops, and writing; consideration of visual and material presentation of Cinderella stories in physical books. Taught in English. Same as FREN:2473, WLLC:2473.

## TRNS:2578 Translation in the Humanities: Modes and

 Approaches 3 s.h.Introduction to translation in several humanistic modes including anthropology, linguistics, film, philosophy, poetry, fiction, comics, memoir, history, religion, the digital humanities, sign languages (including ASL), and the retranslation of classic works. Students learn to view translation approaches as tools for their own life-long linguistic and cultural exploration. No language background or prior exposure to translation required.

TRNS:3001 Reading for Translation: Text Analysis 3 s.h. Required skills and vocabulary to identify and discuss elements of literary texts; formal and genre distinctions, historical and theoretical approaches to analyzing literature, and comparative methods.

TRNS:3122 Tolstoy and Dostoevsky 3-4 s.h.
Tolstoy's War and Peace and Anna Karenina; Dostoevsky's Crime and Punishment, The Demons, and short stories. Taught in English. Same as RUSS:3122, WLLC:3122.

TRNS:3179 Undergraduate Translation Workshop 3 s.h.
Translation exercises, discussion of translation works in progress; alternative strategies for translation projects. Same as CLSA:3979, ENGL:3850.

TRNS:3189 Undergraduate Translation Workshop II 3 s.h.
Continued training through translation exercises, discussion of translation works in progress; alternative strategies for translation projects. Prerequisites: TRNS:3179.
TRNS:3191 International Literature Today 1,3 s.h.
English majors and English and Creative Writing majors may apply this course to the following area and/or period requirement. AREA: Transnational Literature and Postcolonial Studies. PERIOD: 20th/21st-Century Literature. Same as ENGL:3595, IWP:3191, WLLC:3191.
TRNS:3200 Literary Translation from German 3 s.h. Workshop and seminar on translating from German to English; emphasis on literary translations and studying existing translations; special issues of German as a source language for translation into English. Taught in English and German. Requirements: prior completion of two German courses at the 3000 level or above. Same as GRMN: 3200.
TRNS:3201 Workshop in Japanese Literary Translation 3 s.h. Workshop in translation from Japanese to English, with emphasis on literary translation; issues in theory and practice of translation; special features of Japanese as a source language for translation. Taught in Japanese. Corequisites: JPNS:3001, if not taken as a prerequisite. Same as JPNS:3201.
TRNS:3202 Workshop in Chinese Literary Translation 3 s.h. Translation from Chinese to English with emphasis on literary translation; issues in theory and practice of translation; special features of Chinese as a source language for translation. Prerequisites: CHIN:3102. Same as CHIN:3201.
TRNS:3203 Russian Literature in Translation 1860-1917 3 s.h. Survey of major works, figures, and trends of 19th- and early 20thcentury Russian literature; age of the Russian novel; works of Turgenev (Fathers and Sons), Tolstoy (Confession), Dostoevsky (The Idiot, The Brothers Karamazov), and Chekhov (plays). Taught in English. Same as HIST:3492, RUSS:3202, WLLC:3202.

TRNS:3205 Literary Translation Workshop in Ancient Greek and Latin

3 s.h.
Translation from Greek/Latin to English with emphasis on literary translation; issues in theory and practice of translation in the discipline; special features of ancient languages as a source language for translation. Taught in English. Same as CLSG:3200, CLSL:3200.

## TRNS:3208 Classical Chinese Literature Through

Translation
Reading of English translations of classical Chinese literature;
discussion of special features of classical Chinese as a source language for translation; issues in translation practice and theory with focus on trends in translation of Classical Chinese literary works to English. Taught in English. Recommendations: completion of required ESL courses. Same as ASIA:3208, WLLC:3208.
TRNS:3232 French Literary Translation Workshop 3 s.h.
Workshop in literary translation from French to English; practical, ethical, and theoretical questions about translation; focus on specific complication of French-English language pair; mapping style, genre, and literary influences of French authors for purpose of translation. Taught in French. Requirements: prior or concurrent enrollment in FREN:3060. Same as FREN:3232.
TRNS:3491 Translation Internship 1-3 s.h.
Translation internship. Requirements: permission of the program coordinator of the undergraduate minor in translation for global literacy in consultation with the student's advisor.
TRNS:3498 Internship/Community Engagement arr.
Internship with the Translate Iowa Project. Taught in English.
Requirements: TRNS:2000 or TRNS:3179 or TRNS:3202 or
ENGL:3724 or JPNS:3201 or SPAN:3030 or SPAN:3050 or SPAN:4980. Same as ARAB:3498.
TRNS:3700 Topics in Global Cinema 3 s.h Identification of new models and methods to investigate cinema's relationship to current global issues beyond traditional scholarly focus in Western Europe and the United States; exploration of an emerging field, moving away from the paradigm of national cinema and bringing together shared theoretical frameworks while acknowledging different historical and cultural contexts. Taught in English. Same as ASIA:3700, JPNS:3700, WLLC:3700.
TRNS:4040 Topics in Translation 3-4 s.h.
Examination of special issues related to craft, context, and practice of translation.

TRNS:4050 Independent Study
1-3 s.h.
Focused study on topic of student's choosing under direction of faculty member. Requirements: permission of the student's academic advisor or the program coordinator of the undergraduate minor in translation for global literacy.
TRNS:4131 Critical Reading 3 s.h.
Analysis of different types of texts-theoretical, cultural, political, philosophical, literary, poetic-and exploration of varying ways to frame and read them. Same as WLLC:4131.

TRNS:4470 Translating Style 3 s.h.
How do translators carry style over from one language and cultural milieu to another? To what extent does style structure storytelling? Exploration of these questions through a variety of readings by modern and contemporary stylists who either write in English or translate into English; special attention to what stylistic devices are at work and what their implications are for narration, characterization, and world building.

TRNS:4480 Literature and Translation
Translation in the broadest sense; originality, authority, authorship, accuracy, ownership, audience; issues problematizing differences between medium and message.

TRNS:4500 Undergraduate Capstone Project
1-3 s.h.
Culmination of undergraduate major in translation or minor in translation for global literacy; translation manuscript or scholarly/ research thesis on topics relevant to scope of major or minor. Requirements: approval of the director of undergraduate studies for translation.

TRNS:4660 Transcultural Texts and Translations 3 s.h.
Exploration of transcultural texts and films that have contributed to reshape the Italian cultural landscape; analysis and discussion of topics including migration and diaspora, belonging and exclusion, memory and nostalgia, prejudices and other obstacles to integration, use of language as a means of rejection and connection, struggles of new generations, hybrid identities, and imagined transformations that foster constructive interactions between cultures, histories, and languages; reflection and engagement in the practice of translation as a way of honing linguistic and cultural competency. Taught in Italian. Recommendations: at least one course taught in Italian at the 2000 level or above. Same as ITAL:4660.

TRNS:4800 Seminar in Comparative Literature
3 s.h.
Focus on comparative, interdisciplinary, theoretical, and/or inter-arts topic; topics vary; required for comparative literature major. Taught in English. Same as CL:4800, GRMN:4800, GWSS:4800, WLLC:4801.
TRNS:5210 International Translation Workshop 1,3 s.h.
International writers pair with University of Iowa translators to write new works of poetry and fiction in English; second-language fluency not required for international writers. Same as IWP:5205.

## TRNS:5491 Translation Internship

arr.
TRNS:5500 Advanced Translation Practice 1-3 s.h.
Substantial translation project guided by a faculty advisor; readings and assignments designed to help translator with particular tasks and challenges presented by the project; translation and critical/reflective writing. Prerequisites: TRNS:6459 and TRNS:7460. Requirements: advanced-level translator in literary translation MFA program.
TRNS:5999 Publishing, Prizes, and Prestige 3 s.h.
Introduction to contemporary world literature and its producers, circulation, and gatekeepers; students award the annual Translator's Choice Award for a literary translation published in the previous calendar year. Taught in English.

TRNS:6000 The Craft and Contexts of Translation $1,3 \mathrm{~s} . \mathrm{h}$.
Focus on craft and contexts of translation practice; provides students with information and experience regarding the profession and practice of translation; readings, reflective writing, and participation at guest events that focus on topics and practices relevant to the craft and professional contexts of translation.
TRNS:6050 Independent Study arr.
TRNS:6400 Thesis arr.
Translation thesis with critical introduction.
TRNS:6444 Thesis Workshop 3 s.h.
Intensive multi-language workshop; focus on MFA thesis manuscript and critical paratext; translations from various languages into English. Prerequisites: TRNS:7460. Requirements: second-year standing in MFA literary translation.

TRNS:6459 Issues in Translation 3 s.h. Contemporary and historical theories.
TRNS:6555 Translator-in-Residence Workshop
3 s.h.
Translation workshop facilitated by the translator-in-residence; focus on review and revision of student manuscripts; readings on technique and theories, translation practice, and manuscript review.

TRNS:7460 Translation Workshop 3 s.h. Requirements: at least one world language. Same as IWP:7460.

## Translation, BA

Translation is a crucial dimension of global society. Today's extensive exchange of material and nonmaterial cultures across national borders has made interconnectedness a defining feature of globalization. Translation has become at once the object, the conduit, and the method by which global culture gets generated, exchanged, and experienced. To brave this vast geography of interconnectedness requires a special reserve of knowledge and skills (i.e., global literacy) to support intercultural understanding and communication, critical inquiry and creativity, an ethics of trust and empathy, and global engagement and collaboration.

Undergraduate courses in translation equip students with proficiency in the complex, multifarious context in which texts are produced and processed. Critical reflection on and engaged practice of translation present unparalleled opportunities for undergraduate academic inquiry.

Students who major in translation become learned users of translation and critically reflective participants in the global circulation of information, people, and cultures. They graduate ready to fill the growing demand for trained translators to serve as language mediators in global sectors such as business, communication, and diplomacy.

## Learning Outcomes

Students will:

- develop critical global literacies necessary for purposeful and productive participation in global professional and cultural environments;
- learn research methods to enhance creativity;
- develop foundational knowledge and practice of translation, in its various modes and contexts, necessary for graduate study in specialized translation programs;
- attain preprofessional competencies toward building a career as professional translators and language mediators; and
- gain awareness of the business and industrial dimensions of translation through networking and building communities.

## Requirements

The Bachelor of Arts with a major in translation requires a minimum of 120 s.h., including $33 \mathrm{~s} . \mathrm{h}$. of work for the major. A minimum of $21 \mathrm{~s} . \mathrm{h}$. for the major must be earned at the University of Iowa. Coursework in the major may not be taken pass/nonpass. Students must maintain a grade-point average of at least 2.00 in all courses for the major and in all UI courses for the major. They also must complete the College of Liberal Arts and Sciences GE CLAS Core [p. 19].
Students are encouraged to declare the major after satisfying fourthlevel proficiency or more advanced language study. Most students who successfully complete the major will need at least 6 s.h. of additional coursework beyond fourth-level proficiency in language study.
Students may count a maximum of 9 s.h. of coursework from another major, minor, or certificate toward the translation major. Students who earn a BA in translation may not earn a minor in translation for global literacy.
The major in translation prepares students to translate from another language into English or vice versa in a variety of fields such as literary, legal, medical, or technical translation. All students should tailor their plan of study to their experience and objectives. Students interested in the major should meet with a faculty member associated with the major program as soon as possible to develop an individualized plan of study.

Courses listed in two or more categories may only be used toward one requirement.
The BA with a major in translation requires the following coursework.

| Requirements | Hours |
| :--- | :--- |
| Gateway and Foundation Courses | 12 |
| Workshops | 6 |
| Seminar | 3 |
| Electives | 6 |
| Outreach and Engagement | 3 |
| Capstone | 3 |

| TRNS:4500 | Undergraduate Capstone Project | 3 |
| Language-spe <br> a department <br> Literatures an | stone related to translation in vision of World Languages, S | 3 |

## Language Proficiency

Students are required to have language proficiency in the world language from which the student plans to translate, demonstrated by successfully completing an advanced course taught in that language: either a course numbered 4000 or above or a course at the highest level available in that language at the University of Iowa. With the consent of the advisor, exceptions can be made for transfer courses or independent study to meet the language proficiency requirement.
The following are possible choices.

| Course \# | Title | Hours |
| :---: | :---: | :---: |
| ARAB:3060 | Introduction to Arabic-English Translation | 3 |
| CHIN:4103 | Fourth-Year Chinese: First Semester | 3 |
| CLSG:3001 | Archaic and Classical Periods I | 3 |
| CLSG:3002 | Archaic and Classical Periods II | 3 |
| CLSL:3001 | Latin Literature of the Republic I | 3 |
| CLSL:3002 | Latin Literature of the Republic II | 3 |
| FREN:4020 | Oral Expression in French II | 3 |
| FREN:4080 | Post-Colonial Literature in France | 3 |
| FREN:4090 | Quebec Literature | 3 |
| FREN:4110 | Francophone Studies: Literature and the Arts | 3 |
| FREN:4750 | Topics in French Studies II | 3 |
| GRMN:4315 | German Society Today | 3 |
| GRMN:4540 | Literature in Film | 3 |
| GRMN:4730 | Beautiful Souls and Scandalous Writing | 3 |
| ITAL:4634 | The Italian Renaissance | 3 |
| ITAL:4660/ <br> TRNS:4660 | Transcultural Texts and Translations | 3 |
| ITAL:4667 | Modern Italian Fiction | 3 |
| ITAL:4668 | Modern Italian Poetry and Theater | 3 |
| JPNS:4001 | Fourth-Year Japanese I | 3 |
| KORE:4000 | Fourth Year Korean: First Semester | 3 |
| PORT:4100 | Topics in Luso-Brazilian Culture | 3 |
| RUSS:4111 | Fourth-Year Russian I | 4 |
| SPAN:4150/ <br> SLA:4300 | Introduction to Spanish Syntax | 3 |
| SPAN:4160/ <br> LATS:4160 | Language, Justice, and the Law | 3 |
| SPAN:4170 | Second Language Acquisition | 3 |
| SPAN:4190 | Topics in Hispanic Linguistics | 3 |
| SPAN:4205/ <br> GHS:4205 | Culture, Language, and Health | 3 |
| SPAN:4390/ <br> LAS:4390 | Topics in Spanish American Literature | 3 |
| SPAN:4815/ <br> LAS:4815 | Lost Childhoods: Marginal Children of Latin America | 3 |
| SWAH:3007 | Advanced Swahili | 3 |
| SWAH:3090 | Topics in Swahili | 3 |

## Related Majors and Programs

Translation majors can pursue second degrees or certificates in programs that emphasize language proficiency, writing arts, and international and global inquiry such as ancient civilization, classical languages, creative writing, global health, international business, international relations, international studies, screenwriting, world language education, and world languages, literatures, and cultures.

## Honors

## Honors in the Major

Students majoring in translation have the opportunity to graduate with honors in the major. Departmental honors students must complete the required coursework for the major and an honors thesis or project. They must attain a grade-point average (GPA) of at least 3.50 in the major, and a cumulative University of Iowa GPA of at least 3.33.

## University of Iowa Honors Program

In addition to honors in the major, students have opportunities for honors study and activities through membership in the University of Iowa Honors Program. Visit Honors at Iowa to learn about the university's honors program.
Membership in the UI Honors Program is not required to earn honors in the translation major.

## Career Advancement

The translation program approaches translation as a crucial dimension of global literacy and communication, and valuable career competency for the future. Graduates complete preprofessional training to obtain specializations to serve as translators in global sectors such as business, communication, and diplomacy where there is growing demand for language mediation.

Graduates are strongly encouraged to pursue graduate study in a range of programs, including specialized translation and interpreting programs; area studies; world languages, literatures, and cultures studies; education and teacher-training programs in schools, cultures, and society; global studies; international business; law school; nonprofit management; international development, and other fields in which language proficiency and language mediation are assets.

Graduates find opportunities in a range of professions for which language mediation is desirable:

- translation services;
- independent literary or legal/medical/business translation;
- international businesses;
- international agencies;
- publishing and media;
- refugee/immigrant service organizations;
- nongovernmental organizations (NGOs);
- schools and educational institutions; and
- research and academic institutions.

Translation graduates also receive fellowships to travel and work/ teach abroad.

The Pomerantz Career Center offers multiple resources to help students find internships and jobs.

## Academic Plans

## Four-Year Graduation Plan

The following checkpoints list the minimum requirements students must complete by certain semesters in order to stay on the university's Four-Year Graduation Plan. Courses in the major are those required to complete the major; they may be offered by departments other than the major department.
Before the fifth semester begins: completion of fourth-level proficiency or two world language courses numbered 2000 or
above, TRNS:2000 Translation and Global Society, and one additional major course.

Before the seventh semester begins: three more courses in the major and at least 90 s.h. earned toward the degree.
Before the eighth semester begins: two more courses in the major.
During the eighth semester: enrollment in all remaining coursework in the major, all remaining GE CLAS Core courses, and a sufficient number of semester hours to graduate.

## Sample Plan of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.

## Translation, BA

| Degree Application: apply on MyUI before deadline (typically in February for spring, September for fall) ${ }^{j}$ |  |
| Hours | 15 |
| Total Hours | 23-129 |

a Sustainability must be completed by choosing a course that has been approved for Sustainability AND for one of these General Education areas: Natural Sciences; Quantitative and Formal Reasoning; Social Sciences; Historical Perspectives; International and Global Issues; Literary, Visual, and Performing Arts; or Values and Culture.
b Students who have completed four years of a single language in high school have satisfied the GE CLAS Core World Languages requirement. Enrollment in world languages courses requires a placement exam, unless enrolling in a first-semester-level course.
c Students may use elective courses to earn credit towards the total s.h. required for graduation or to complete a double major, minors, or certificates.
d GE CLAS Core courses may be completed in any order unless used as a prerequisite for another course. Students should consult with an advisor about the best sequencing of courses.
e Students must demonstrate language proficiency by successfully completing either a course numbered 4000 or above or a course at the highest level available in that language at the University of Iowa. Students should continue language study if proficiency has not yet been reached. See General Catalog and consult an advisor for more information.
f See General Catalog for full list of approved courses.
g Students must complete 6 s.h. in elective courses in consultation with a faculty advisor. See General Catalog for examples of acceptable choices; see advisor for full list of approved courses.
$h$ Students can complete the outreach and engagement requirement in one of three ways: an internship registered as TRNS:3491 or TRNS:3498, or another internship or study abroad experience approved by the translation program.
i Students must complete TRNS:4500 or an approved languagespecific capstone related to translation in a Division of World Languages, Literatures and Cultures department.
j Please see Academic Calendar, Office of the Registrar website for current degree application deadlines. Students should apply for a degree for the session in which all requirements will be met. For any questions on appropriate timing, contact your academic advisor or Graduation Services.

## Translation for Global Literacy, Minor

## Requirements

The undergraduate minor in translation for global literacy requires a minimum of 18 s.h., including a minimum of 12 s sh. in courses taken at the University of Iowa. At least 12 s.h. of coursework must be taken in courses numbered 2000 or above. Students must maintain a cumulative grade-point average of at least 2.00 in all courses for the minor and in all UI courses for the minor. Coursework in the minor may not be taken pass/nonpass.

Students are encouraged to declare the minor after satisfying the GE CLAS Core [p. 19] World Languages requirement or during more advanced language study. Most students who successfully complete the minor will need at least 6 s.h. of additional coursework beyond the GE CLAS Core requirement in language study.

Students may count a maximum of 6 s.h. of coursework taken for each major, minor, or certificate program toward the requirements for the minor. Students who earn a BA in translation may not earn a minor in translation for global literacy.
All students should tailor their plan of study to their experience and objectives. Students interested in the minor should meet with a faculty member associated with the minor program as soon as possible to develop an individualized plan of study.

Courses listed in two or more categories may only be used toward one requirement.

The minor in translation for global literacy requires the following coursework.

b Students must complete at least 6 s.h. of language, linguistics, literature, and culture coursework. See the General Catalog for a list of approved courses.
c Consult advisor for approval of capstone option.

## Literary Translation, MFA

## Learning Outcomes

Students will be able to demonstrate:

- skills and knowledge of literary translation practice as a creative art;
- broad knowledge of the professional field of literary translation;
- familiarity with the cultural and literary context of the student's source language;
- understanding of literary translation as a critical and reflective practice, and of the history and contemporary discourse on translation theories; and
- ability to independently complete a literary translation project of scope and sophistication.

## Requirements

The Master of Fine Arts program in literary translation requires 48 s.h. of graduate credit, including a thesis. Students must maintain a cumulative grade-point average of at least 2.75. They typically complete the program and graduate in two to three years.
Translators in the program focus on creating works that can convey the distinctness of the original languages and the immediacy of contemporary languages, whether poetry, fiction, or drama. Students consider ideas of literariness, style, cultural politics, authority, and how these come into play in the relationships between authors and their texts, authors and translators, translations and readers, and in the media landscapes in which these circulate.
At the core of the MFA program are the workshops, TRNS:6555 Translator-in-Residence Workshop and TRNS:7460 Translation Workshop, which every student must take for a minimum of 12 s.h. of credit. Depth in the literature and culture of the source language, creative writing (translation is considered a writing art), translation theory and history, and contemporary literary theory are basic curricular requirements, supplemented with elective courses in which students may develop an area of special interest in consultation with their advisors.
During the first year, each student has an advisory committee of two faculty members: one from the translation program, who is the student's primary advisor; and one from a department in the Division of World Languages, Literatures and Cultures or from one of the MFA writing programs. A third member joins the committee during the second year when a student submits the thesis proposal. At least one member of the committee should be competent in the student's source language.
The MFA with a major in literary translation requires the following work.

## Required Courses

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| All of these (36 s.h.): | The Craft and Contexts of |  |
| TRNS:6000 | Translation (taken three <br> semesters for 1 s.h. each <br> semester) | 3 |
| TRNS:6459 | Issues in Translation |  |
| Courses in literature and culture of the source language, <br> or specific genre aspects of the target literature <br> Courses in creative writing (chosen in consultation with <br> advisor) | 9 |  |

Additional course in theory (chosen in consultation
with advisor)
Workshop courses, consisting of a mix of TRNS:6555
(usually taken once) and TRNS:7460 (usually taken
three times)

## Electives

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| Students earn 9 | s.h. in electives of their choice, or from |  |
| additional coursework |  |  |
| TRNS:4040 | Topics in Translation | $3-4$ |
| TRNS:4480 | Literature and Translation | 3 |
| TRNS:5491 | Translation Internship | $1-2$ |
| TRNS:5500 | Advanced Translation Practice | $1-3$ |

## Thesis and Examination

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| One of these: |  | 3 |
| TRNS:6400 | Thesis | 3 |
| TRNS:6444 | Thesis Workshop |  |

Students earn 3 s.h. for the thesis, which is a translated collection of poems, literary essays, short stories, a short novel, or a drama with an introduction that sets the work in appropriate context.
The introduction should include a critical discussion of issues and problems related to the translation; it should present a rationale for the translator's approach and strategies, based on interpretation, analysis of the leading features, structure, style, or authorial objectives of the source text. The source text should be a work that has not been translated previously or, at the discretion of the advisory committee, a work whose previous translation is judged to be outdated or inadequate in some respect. An oral defense of the thesis examines the student's translation and the introductory essay in detail.

## Combined Programs

## French and Francophone World Studies, MA/Literary Translation MFA

The Department of French and Italian and the Literary Translation Program collaborate to offer a combined Master of Arts in French and Francophone World Studies and Master of Fine Arts in Literary Translation. Students interested in writing in its different formscreative, academic, and translation-will find the University of Iowa to be the ideal place to develop their talents and an attractive option for more diversified career preparation.

A separate application and admission to each degree program is required. For more information, review the admissions requirements for French and Francophone World Studies and Literary Translation.
Students in the combined program earn both degrees by completing a minimum of $60 \mathrm{~s} . \mathrm{h}$. of coursework, fewer semester hours than if each degree was completed separately. Qualified students may be eligible for up to three years of full funding for a teaching assistant (TA) position.

## Requirements

## French and Francophone World Studies

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| One of these: |  | 3 |
| FREN:5000/ | Teaching and Learning |  |
| WLLC:5000 | Languages |  |

| FREN:6005 | Colloquium: Teaching French | 3 |
| :--- | :---: | ---: |
| Both of these: |  | 2 |
| FREN:5001 | Introduction to Graduate Study | 3 |
| FREN:5020 | Comparative Stylistics | 21 |
| Seven courses in French and Francophone literature, <br> culture, and/or linguistics |  |  |

Students additionally complete written and oral final exams for the MA in French and Francophone World Studies. Students are not required to complete a thesis; should they choose to do so, a separate thesis is required.

## Literary Translation

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| All of these: |  |  |
| TRNS:6000 | The Craft and Contexts of |  |
|  | Translation | 3 |
| TRNS:6459 | Issues in Translation | 3 |
| TRNS:5999 | Publishing, Prizes, and Prestige | 3 |
| TRNS:6400 | Thesis | 1 |
| TRNS:6444 | Thesis Workshop | 3 |
| Six translation workshops (18 s.h.), of which 3 s.h. may | 18 |  |
| be French to English translation |  |  |

Students additionally complete a thesis for the Literary Translation, MFA.

## Admission

Applicants to the program are evaluated mainly on a writing portfolio. The portfolio should include translations, including source texts, and an original critical literary essay or literary writing in English; a statement of purpose; and three letters of recommendation. Applicants should provide evidence of advanced competence in their source language-normally at least three years of college-level work or the equivalent-and substantial preparation in English literature. The availability of faculty expertise in the applicant's source language and culture is considered in admission decisions.

All applicants must submit their scores on the Graduate Record Examination (GRE) General Test and transcripts from previous college-level study. Applicants whose first language is not English must submit official test scores to verify English proficiency. Applicants can verify English proficiency by submitting official test scores from the Test of English as a Foreign Language (TOEFL) or the International English Language Testing System (IELTS).
Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations on the Graduate College website.

## Financial Support

The program nominates up to two newly admitted, qualified students for the Iowa Arts Fellowship, a full-support fellowship awarded by the Graduate College each year. In addition, qualified students may receive teaching assistantships or part-time graduate assistantships. Students must apply for assistantships and other support; contact the translation program and the Office of Student Financial Aid for information.

## Career Advancement

become university professors after earning a PhD ; and to pursue other careers involving cross-cultural and artistic exchange. In recent years, publishers of works by translation alumni have included Greywolf Press, Seven Stories Press, Autumn Hill Books, Melville House, Words Without Borders, The Iowa Review, 91st Meridian, Two Lines Press, Circumference Poetry in Translation, The Literary Review, Passport Publications and Media Corporation, Absinthe, and others.

## Academic Plans

## Sample Plan of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.

a Students must complete specific requirements in the University of Iowa Graduate College after program admission. Refer to the Graduate College website and the Manual of Rules and Regulations for more information.
b Taken three times for $1 \mathrm{~s} . \mathrm{h}$. each semester.
c Complete workshop courses by taking a mix of TRNS:6555 (usually taken once) and TRNS:7460 (usually taken three times) for a total of 12 s.h.
d Work with faculty advisor to determine appropriate graduate level coursework and sequence.
e Students earn 9 s.h. in electives of their choice, or from additional coursework in translation; work with faculty advisor to select appropriate graduate coursework.
f Students earn 3 s.h. for the thesis, which is a translated collection of poems, literary essays, short stories, a short novel, or a drama with an introduction that sets the work in appropriate context. An oral defense of the thesis examines the student's translation and the introductory essay in detail
g Oral thesis defense.

## Literary Translation, Graduate Certificate

## Requirements

The graduate Certificate in Literary Translation requires at least 15 s.h. of credit, including coursework in translation practice, techniques, and theories. A minimum of 9 s.h. must be from translation coursework (prefix TRNS). Students must maintain a grade-point average of at least 3.00 in work for the certificate. Students may earn the certificate while working toward a graduate degree. Nondegree students also can complete the certificate.
Translation workshops and coursework in translation theory are central to the certificate program since they are essential to the training of literary translators.

Certificate students enroll in a combination of courses determined in consultation with the director of graduate studies in the MFA program in literary translation.

## Admission

Applicants should submit a one-page statement of interest and a letter from their academic advisor indicating support for entrance to the program. Admission decisions are made when an application is received and contingent on enrollment capacity. Students must be in good standing in their degree programs.

Graduate degrees: MA; MAc; MS; PhD
Graduate certificate: business analytics
Website: https://tippie.uiowa.edu/
The Tippie College of Business is composed of six academic departments: accounting, business analytics, economics, finance, management and entrepreneurship, and marketing.

The college's undergraduate and graduate programs are accredited by AACSB International-the Association to Advance Collegiate Schools of Business.

Research, executive development, and education activities are supported by these centers and institutes: America's Small Business Development Center, Emmett J. Vaughan Institute of Risk Management and Insurance, Frank Business Communication Center, Hawkinson Institute of Business Finance, Institute for International Business, Iowa Electronic Markets Institute, John Pappajohn Entrepreneurial Center, Marketing Institute, Pomerantz Career Center, RSM Institute of Accounting Education and Research, the Tippie Analytics Cooperative, and Tippie Undergraduate Career Services.

Integrity and honesty are essential to success in all facets of life. The purpose of the undergraduate Tippie Honor Code and the MBA and Master's Honor Code is to promote honorable and ethical behavior. Students admitted to the college or enrolled in courses offered by the college are required to uphold the honor code.

## Facilities and Resources

The Tippie College of Business is located in the John Pappajohn Business Building, at the heart of the campus. The Pappajohn Business Building contains seminar and conference rooms, a computer laboratory, two auditoriums, two computer classrooms, a behavioral laboratory, a restaurant (Pat's Diner), a café and study space called

Biz Hub, the Marvin A. Pomerantz Business Library, and a variety of classroom facilities.

The computer laboratory in the John Pappajohn Business Building serves the instructional programs of the college, and the staff maintains a current library of computational programs to accommodate users' needs. Business students also have access to the full range of services offered by the university's Information Technology Services and the extensive research materials and other resources of the University of Iowa Libraries.

## Alumni Relations

The Tippie College of Business alumni network boasts 58,000 graduates worldwide. The Alumni Engagement Office works to maintain relationships with alumni on behalf of the college and the programs and departments within, including graduate-level degrees. The Alumni Engagement Office hosts many events annually both inperson and virtually, which allow alumni nationwide and around the world connect back to the college and to each other.

By providing an up-to-date email address, alumni and friends will receive electronic communication regarding Tippie College of Business events and virtual programs. Alumni who have updated their home mailing address with the college within the past two years will receive copies of the biannual alumni publication, Tippie Magazine. Current undergraduate students can interview to become members of the Business Student Ambassadors Organization (BSAO) and those students often serve as hosts and guides for alumni who visit the college. The Tippie Young Alumni Board works to strengthen ties between the college and more recent graduates.

To learn more about alumni programs or to update contact information, please visit Alumni on the college's website.

## Programs

## Undergraduate Programs of Study

The Tippie College of Business offers the Bachelor of Business Administration (BBA) with majors in accounting, business analytics and information systems, economics, finance, management, marketing, and risk management and insurance, and it collaborates with the College of Liberal Arts and Sciences to offer an undergraduate major in economics for Bachelor of Arts and Bachelor of Science students. See Bachelor of Business Administration [p. 1122] for information about requirements common to all BBA majors as well as the admission and academic rules and procedures. View the Tippie College of Business departments in the catalog for information about the college's majors.
The college also offers combined undergraduate degrees with the College of Engineering and the College of Liberal Arts and Sciences, as well as the $3+3$ program with the College of Law; see Combined Programs [ p .1128 ] in the Bachelor of Business Administration, BBA section of the catalog. The John Pappajohn Entrepreneurial Center also collaborates with the College of Liberal Arts and Sciences to offer the Bachelor of Arts in enterprise leadership [p. 429], which is offered both on campus and online.
The college offers the undergraduate Certificate in Entrepreneurial Management [p. 1179] and the Certificate in Risk Management and Insurance [p. 1234]. It collaborates with the College of Engineering to offer the Certificate in Technological Entrepreneurship [p. 1588] and with the College of Liberal Arts and Sciences to offer the Certificate in International Business [p. 1192].

The college also offers a minor in economics [p. 1171] for all students and a minor in business administration [p. 1132] for nonbusiness students.

## Graduate and Professional Programs of Study

The Tippie College of Business offers several graduate and professional degree programs: the Master of Accountancy (MAc), the Master of Business Administration (MBA), the Master of Science in business analytics, the Master of Science in finance, the Doctor of Philosophy in business administration, and the Doctor of Philosophy in economics. The MA in business administration is a terminal degree; students are admitted into the PhD in business administration degree program. For information about the MAc and the PhD in economics, see Master of Accountancy [p. 1118] and PhD in economics [p. 1173] in the catalog.

For information about the graduate Certificate in Business Analytics and MS in business analytics, administered jointly by the Department of Business Analytics and Graduate Management Programs, see Certificate in Business Analytics [p. 1149], MS in business analytics (career) [p. 1141], and MS in business analytics (professional) [p. 1145] in the catalog.
To view more about the Master of Science in finance, administered jointly by the Department of Finance and Graduate Management Programs, see MS in finance [p. 1187] in the catalog.

For information on MBA programs, see Master of Business Administration Program [p. 1215] in the catalog.

For a description of the PhD in business administration, see PhD in business administration [p. 1151] in the catalog. The PhD is an interdepartmental degree; programs leading to the degree are offered by the departments of Accounting [p. 1112], Business Analytics [p. 1134], Finance [p. 1181], Management and Entrepreneurship [p. 1198], and Marketing [p. 1208].

## CIMBA Italy

CIMBA Italy offers semester and summer study abroad programs for undergraduate and graduate students in Paderno del Grappa, an hour northwest of Venice. Students who attend the programs come from a variety of public and private universities worldwide.

At CIMBA, students immerse themselves in a wide range of rigorous courses, including innovative leadership and development programming, while living amidst the Venetian countryside in one of the most popular travel and study destinations in the world. Business and cultural immersions begin for students the minute they arrive on campus. All courses are taught in English by professors from top universities throughout the United States and Europe. CIMBA programs offer unparalleled amounts of travel time for students to explore Italy and beyond, as well as cultural exploration opportunities. For more information, see the CIMBA Italy website.

## Centers and Institutes

## America's Small Business Development Center

Since 1981, America's Small Business Development Center at the University of Iowa has played an important role in helping enterprising Iowans manage or start their own successful businesses. The center provides support for small business owners and entrepreneurs. Its personnel are trained to meet the varied needs of small business management, including marketing, financing, human resource planning, cash flow analysis, product commercialization, market research and analysis, strategic planning, international trade, and advertising. Services are free and confidential.

## Emmett J. Vaughan Institute of Risk Management and Insurance

The Emmett J. Vaughan Institute of Risk Management and Insurance prepares students for risk management careers. The institute is part of the finance department and offers both a major and a Certificate in Risk Management and Insurance. The certificate program is open to undergraduate students pursuing any major. In addition to the coursework, the Institute provides professional development, including networking events with industry speakers, scholarships, a mentorship program with young alumni, and a job fair.

There are great career opportunities in risk management and insurance. The industry accounts for $11 \%$ of Iowa's gross domestic product, Chicago is a regional insurance hub, and approximately 60 other risk management and insurance programs in the country meet less than $10 \%$ of the national demand for talent.

Graduates of the program begin their careers as corporate risk managers, risk management consultants, employee benefits managers, insurance brokers, underwriters, personal banking wealth managers, asset managers, financial analysts, claims adjusters, producers (sales), actuaries, and auditors.
In addition to its teaching mission, the Vaughan institute provides innovative research and thought leadership on contemporary risk management practice and insurance markets. In 2016, the Vaughan institute was labeled a Global Center of Insurance Excellence; only 12 universities and colleges in the United States have been awarded this honor.

## Frank Business Communication Center

The Frank Business Communication Center is the hub for all Tippie College of Business communication initiatives. The center provides individual and team tutoring for written, oral, and visual communication assignments for all Tippie class assignments, as well as for résumés, cover letters, and interview preparation. It develops, directs, and delivers all undergraduate and specialty master's communication courses in the college. At the graduate level, the center supports MBA communication curriculum development and engages with PhD students through extensive wrap-around summer programming in writing instruction and job talk/presentation preparation.
The Frank center partners with Tippie academic departments to establish departmental communication plans and initiatives that develop discipline-specific communication skills. It also oversees the Department of Accounting's writing and communications program, which integrates communication assignments across the required accounting curriculum courses. The Frank center engages with diversity, equity, and inclusion (DEI) practices as power communication skills. It teaches DEI as a way to encourage differing perspectives and foster the innovative ideas that come from inclusive discussions. The required course, BUS:3000 Business Communication and Protocol, particularly integrates DEI practices into its semesterlong curriculum.
The center currently houses five instructional track faculty members, two full-time staff members, and over 40 additional part-time faculty, staff, and peer consultants, as well as post-graduate professionals with specialized expertise in multiple writing formats and genres. Along with dedicated tutoring spaces, its facilities include the One Button Studio, where students can practice and record elevator pitches, team presentations, or other oral and visual communication assignments.
The Frank center helps undergraduate students prepare for nationwide competitions, such as the annual National Diversity Case Competition and the Eller Ethics in Business Case Competition. The center's staff facilitates the annual Mary Thomas Prappas Business Ethics Essay

Competition and the Norman J. Kallaus Business Communication Scholarship Competition.

## Hawkinson Institute of Business Finance

The Hawkinson Institute of Business Finance facilitates career opportunities in investment banking, private equity, and related fields for students in the Tippie College of Business. The institute prepares high-achieving undergraduates for interviews, internships, and full-time jobs in the industry. Criteria for admission to the institute include a strong academic record, involvement in campus and community activities, high motivation, strong interpersonal skills, and demonstrated interest in business and financial markets.

Hawkinson Scholars participate in a course taught by former investment bankers that features guest speakers from leading banks, private equity firms, and hedge funds. Hawkinson Scholars also receive intensive education in equity valuation, financial market dynamics, soft skills, and more. An extensive network of dedicated Hawkinson alumni serve as mentors.
The institute has worked to broaden entry-level employment opportunities for Iowa graduates, who land jobs at prestigious firms such as Goldman Sachs, Barclays, Bank of America, Merrill Lynch, and JP Morgan. Graduating Hawkinson Scholars enjoy a 100\% placement rate.

## Institute for International Business

The Institute for International Business (IIB) is the international education and engagement arm of the University of Iowa Tippie College of Business. While promoting entrepreneurship as a tool to empower people in developing countries and frontier markets, the IIB develops and delivers international business programs that provide students, faculty, and staff with opportunities to connect with the world. The IIB is committed to educating students and marginalized communities about entrepreneurship, encouraging innovation, fostering a global mindset, and growing start-ups. The IIB team has leveraged its years of combined experience in cross-cultural networking, economic development, and international development to develop new initiatives. The Institute for International Business has made a name for itself at home and abroad with programs such as the African Innovators Internship program for UI students, graduate-level Global Learning Opportunities, Mandela Washington Fellowship, Venture School International, and the Hawkeyes in Haiti program.

The IIB connects locally while engaging globally through international business research, entrepreneurship, and consulting resources. The key attributes that set IIB apart are:

- unique opportunities for Tippie students at all levels to gain realworld and impactful international experience;
- connection to resources in and outside of the University of Iowa;
- growing network in Sub-Saharan Africa and other developing and emerging markets;
- an industry-experienced advisory board that develops mentor relationships with students and provides unique coaching opportunities;
- sustained relationships with entrepreneurs in developing and emerging markets that provide solid business consulting experience to students; and
- experience in building programs and highlighting faculty expertise for international markets.

## Iowa Electronic Markets Institute

The Iowa Electronic Markets Institute supports scholarship in prediction markets and experimental economics. It operates the Iowa Electronic Markets (IEM), a small-scale, real-money online futures
markets where contract payoffs are based on real-world events such as political outcomes, the U.S. federal funds rate, companies earnings per share, and stock price returns. Known internationally as the genesis of modern prediction markets, the Iowa Electronic Markets are used as tools for research and teaching.

## John Pappajohn Entrepreneurial Center

The John Pappajohn Entrepreneurial Center (Iowa JPEC) serves as the hub for entrepreneurship education and outreach at the University of Iowa. Iowa JPEC prepares entrepreneurial-minded leaders and innovators through interdisciplinary academic programs that integrate applied classroom learning, community and international engagement, and extensive cocurricular experiences. It also supports students, faculty, and community members seeking to launch a business by providing training, mentoring, technical assistance, capital, and physical space to help them move from idea to enterprise.
Students earning the Bachelor of Business Administration degree who are majoring in management [p. 1198] may complete the major's entrepreneurial management track. This track is specifically designed to prepare students to apply entrepreneurship and innovation approaches and strategies to successfully lead teams and accelerate career success. Within the program, students have multiple opportunities to work on real-world challenges facing Iowa-based companies, learn from business leaders and entrepreneurial faculty who have built successful companies, and be introduced to alumni and executives to help develop a strong professional network.

Students working toward any bachelor's degree at the University of Iowa may earn the Certificate in Entrepreneurial Management [p. 1179]. Both programs are offered on campus at the Tippie College of Business. The certificate also is offered online through Distance and Online Education [p. 2061]. Students may earn the Certificate in Entrepreneurial Management in addition to their undergraduate degree unless they are currently pursuing the BBA in management with the entrepreneurial management track or the BA in enterprise leadership.
Graduate and professional students may earn a Certificate in Innovation in addition to their graduate degrees or enroll in advanced entrepreneurship courses; see the Certificate in Innovation [p. 1225] or the Master of Business Administration Program [p. 1215] in the catalog.
Students in the College of Liberal Arts and Sciences may earn a Bachelor of Arts degree with a major in enterprise leadership [p. 429]. Students develop a solid foundation in entrepreneurial management as well as leadership and communication skills that prepare them for a variety of professional career opportunities or position them to start their own business. Students are able to apply their innovative problem-solving and critical thinking skills to contemporary issues, develop strategies to seize upon opportunities, and build and lead successful teams. The major presents a unique blend of skills, theory, and content, encouraging students to apply their knowledge and skills to entrepreneurial concepts and ventures. Offering a combination of business and liberal arts approaches, the major allows students to enhance their skills in communication, leadership, innovation, and critical thinking. The major in enterprise leadership is offered jointly by the John Pappajohn Entrepreneurial Center and the College of Liberal Arts and Sciences; the degree is awarded by the College of Liberal Arts and Sciences. The degree is offered on campus and online.

Iowa JPEC and the Department of Management and Entrepreneurship offer the Entrepreneurial Leadership Academy (ELA) for select undergraduate students earning the BBA in management, the BA in enterprise leadership, or one of the entrepreneurship certificates. The ELA is a two-course program designed to help students develop
advanced leadership and project management skills and then apply them to a strategic entrepreneurial management consulting project. Students work closely with alumni and business experts to build their professional network and receive assistance in pursuing high quality professional career opportunities.
The center offers the Technology Innovation Academy for select undergraduate students earning the BBA in management with the entrepreneurial management track, the BA in enterprise leadership, or one of the entrepreneurship certificates. The Technology Innovation Academy is a two-course advanced entrepreneurial practicum designed to teach students the latest tools in innovation, design thinking, entrepreneurship, and business modeling. Students experience what entrepreneurs and corporate innovators go through when advancing ideas in the business world. Students also work closely with alumni and entrepreneurial leaders to build their professional network and position themselves for success.

College of Engineering students may earn the Certificate in Technological Entrepreneurship [p. 1588] in addition to their undergraduate degree. The certificate allows students to develop a competitive advantage in the professional workplace by developing their business strategy, entrepreneurship, innovation, and leadership skills. Students also learn how to commercialize their innovationscritical for working in industry as well as for pursuing entrepreneurial ventures. Students learn from a select group of faculty who have built and lead successful ventures. The program combines engineering technology, entrepreneurship, and business education to position students for success in today's competitive work environment.

Iowa JPEC also offers students additional opportunities to develop their professional skills and network with entrepreneurial leaders and industry experts through business consulting projects and internships, sponsorship of applied workshops and seminars, coordination of company visits, support of student participation at regional and national conferences, and fostering global awareness through international trips and consulting. It also sponsors several entrepreneurial student organizations designed to support students' professional and career development.
For students who may want to pursue the creation of a new business and/or develop a new product or software application while at the University of Iowa, Iowa JPEC is dedicated to training and support of student entrepreneurs. Welcoming both individual students and teams, the Startup Incubator program is located in the Bedell Entrepreneurship Learning Laboratory (BELL), providing a physical home for student businesses on campus. Participants have access to a variety of resources including collaborative workspace and equipment, one-on-one mentoring from experienced professionals, workshops, trainings, networking, and funding opportunities.

The Hawkeye Summer Accelerator program is designed to help student teams conduct a detailed assessment of their entrepreneurial opportunity and develop a plan to successfully launch a new venture. Students receive advanced training and mentoring as well as financial support to focus on their start-up during this advanced summer program.
Iowa JPEC also hosts several events for students to experience entrepreneurship without a significant time commitment. Iowa Startup Games is a weekend event where student teams come together to identify a new venture opportunity and complete a business model in one weekend. IdeaStorm is a quick pitch competition for students to pitch ideas to receive cash prizes and coaching on how to move their concepts forward. Game Changer is another short program that focuses on social entrepreneurship opportunities. All of these are open to students from across the campus regardless if they are pursuing formal education in entrepreneurship.
Iowa JPEC also hosts the Iowa Innovation Challenge, a campuswide innovation funding competition to provide capital for university
affiliated start-ups and early-stage ventures. In addition, Iowa JPEC leads the Iowa Venture Mentoring Service, a program to connect entrepreneurial start-ups with leading mentors to help provide strategic input and assist in growth planning for the companies. Iowa JPEC has an impressive menu of programs and services available for students, faculty, and community members seeking to start and grow entrepreneurial ventures.

Iowa JPEC offers programs and services to community members to enhance the region and state's entrepreneurial ecosystem. Venture School is an innovative training program focused on realworld experimentation, customer discovery, and Lean LaunchPad methodologies. Iowa JPEC also offers student consulting services led by faulty members through business consulting courses and the Institute for International Business, as well as business advising and mentoring through the Iowa Small Business Development Center, numerous workshops, and networking events. Iowa JPEC partners with entrepreneurial service organizations, economic development organizations, and private sector businesses to advance entrepreneurship and economic development across Iowa. The Jacobson Institute is committed to infusing the entrepreneurial mindset with 21 st-century skills in $\mathrm{K}-12$ students through teacher professional development and innovative curricula.

## Marketing Institute

The Marketing Institute prepares students for today's diverse and competitive job market in many areas of marketing, including marketing strategy, market research, marketing analytics, advertising, and sales.

The Marketing Institute is a three-semester marketing elective program in which students earn 6 s.h. of elective credit. Students also fulfill both the research and experiential course components of Tippie RISE by successfully completing the program.

Undergraduate students apply in the fall, and 16-20 students are admitted. Admittance criteria include academic performance, leadership, interpersonal skills, and executive potential. Field immersion projects are a major component of the program. Field projects include student work as consultants for a variety of clients, including start-ups, multimillion- or billion-dollar businesses or nonprofits. Students gain hands-on experience in identifying and solving marketing-related issues and providing recommendations to their assigned client. In addition, students are mentored by an advisory board of top executives from companies that include ASM Global, Chicago Blackhawks, Hormel, John Deere, Twitter, McGraw Hill, Medtronic, Meredith Corporation, Newell Brands, Reckitt Benckiser, Principal Financial Group, and Unilever.
The Marketing Institute and its advisory board work together to foster networking opportunities and provide career guidance that help students use their skills and talents to develop rewarding careers.

## Pomerantz Career Center

Career development and campus recruiting services are provided by the Marvin A. and Rose Lee Pomerantz Career Center. Professional career coaches and online resources provide university undergraduate students with assistance on résumés, cover letters, internship and job searches, employer research, interviewing skills, negotiation of job offers, graduate school personal statements, as well as drop-in sessions with trained student career peer advisors. The center helps students choose a major and identify careers related to industry interests through online assessment tools and customized advising. Career coaches specialize in specific career interest communities to assist students. The center also presents multiple fall and spring semester career fairs and networking events. Campus recruitment is facilitated through Handshake, where students can search and apply for full-time employment, internships, and student employment positions. Students may participate in mock interviews and on-campus interviews for full-
time positions and internships during the academic year. Additionally, the center offers career-related and professional development courses such as LS:2002 Career Leadership Academy Part 1: Leadership in Practice, LS:3002 Career Leadership Academy Part 2: Leadership in Action, CCP:1300 Major and Career Explorations, and CCP:1303 Successful Teamwork for the Workplace. For more information, contact the Pomerantz Career Center.

## RSM Institute of Accounting Education and Research

The RSM Institute of Accounting Education and Research fosters educational excellence in accounting at the University of Iowa, promotes high-quality research by Iowa accounting faculty members, and facilitates the development of doctoral students in accounting. The institute sponsors an annual national speaker series, an educational initiative that allows accounting students to expand their perspectives of accounting by bringing in external thought leaders and experts in different fields of accounting. The director of the institute also coordinates various research activities, including the ongoing PwC Accounting Research Workshops, the biennial Sidney Winter Lecture Series, and the accounting department's Sullivan Scholar in Residence series.

## Tippie Undergraduate Career Services

Tippie Undergraduate Career Services is a new initiative intended to provide Tippie College of Business students with personalized career support, job leads, and other useful career information. The office supplements the existing career support provided by the Pomerantz Career Center by offering helpful, timely information and a personalized space where Tippie undergraduates can find answers to their career questions.
Through targeted job opportunity research and outreach, Tippie Undergraduate Career Services will distribute up-to-the-minute information that's personalized to the student's major and number of semesters completed. Students access this information on the Undergraduate Career Services website, on LinkedIn, in a biweekly lead sheet email and circular, and live on interactive monitors outside the Tippie Undergraduate Career Services office. Outreach efforts are optimized to fit in with students busy schedules and provide them with accessible, relevant career leads and professional development opportunities.
Tippie Undergraduate Career Services also aids students in their job and internship searches by tracking their first destinations after graduation in real time and giving personalized attention to students who are still seeking their first job or internship. This initiative aims to improve overall student outcomes across the board at Tippie, as well as driving higher traffic to placement surveys for reporting to rankings institutions. With on-staff specialists in career preparation and research, student-centered outreach, and data science, the Tippie Undergraduate Career Services office plans to become the central hub for career information for Tippie undergraduates.

## Courses

Most Tippie College of Business courses are offered by the college's departments and programs. They are listed and described in the corresponding catalog sections.

The college also offers the following nondepartmental courses for undergraduate students.

## Tippie College of Business Courses

BUS:1200 Tippie College Direct Admit Seminar 1 s.h.
Facilitates an introduction to the undergraduate student experience in the Tippie College of Business; discussions of transition issues, academic skill acquisition, and professional goal setting. Requirements: admitted to the direct admission program.

## BUS:1300 First-Year Seminar

Small discussion class taught by a faculty member; topics chosen by instructor; may include outside activities (e.g., films, lectures, performances, readings, visits to research facilities and local businesses).

BUS:1400 Pre-Business First-Year Seminar
Connection to Tippie College of Business resources; support for student's pathway to admission to the Tippie College of Business; transition to college life, academic skill acquisition, and professional goal setting; for pre-business students. Requirements: pre-business standing.
BUS:1999 Introduction to Research in Business
Introduction to research in business including scope and methods of business research, questions for which business research seeks answers, and impact of business research on society; weekly seminars include discussion and exploration and serve as preparation for engaging in mentored research.
BUS:2013 Introduction to Sustainability 3 s.h.
Introduction to sustainability knowledge, skills, and habits as a means to shape one's vision of a sustainable citizen; emphasis on basic skills of literacy, applied math, and finding information; traditional sustainability knowledge areas related to society, economy, and environment; intersecting themes (e.g., informed consumerism, ecoeconomics, and livable environments). GE: Sustainability. GE: Social Sciences. Same as GEOG:2013, SUST:2013, URP:2013.

## BUS:2200 Foundations for Success in Business

1 s.h.
Designed to facilitate business students' career exploration and professional development; students participate in a variety of careerrelated activities including informational interviews, networking events, guest speakers, and workshops; topics include exploring majors, researching career fields and associated qualifications, identifying experiential learning opportunities, networking with integrity, searching for internships, and developing professionalism.

## BUS:2300 Searching for Business Information

1 s.h.
Search concepts and sources specific to business information; subscription and government online research sites.

BUS:2350 Introduction to Global Business: Asia Pacific 3 s.h.
Virtual exploration of business and culture in Asia Pacific with focus on Singapore, Hong Kong, Australia, and New Zealand; faculty-led study program includes lectures, readings, case studies, virtual business briefings, and cultural activities from the region. Prerequisites: ECON:1100. Requirements: admission to global business in Asia Pacific study abroad program.
BUS:2360 Introduction to Global Business: Northern Italy $\mathbf{3}$ s.h. Virtual exploration of the business and culture of Italy; instructor based in Italy; examination of business, social, financial, and political happenings in Italy and the European Union; hands-on cultural events using virtual reality headsets for city visits, live tours with interactive guides, hands-on cooking class, language lesson, and more; features industry speakers and opportunity to network with Italian students. Prerequisites: ECON:1100. Requirements: admission to global business Northern Italy study abroad program.

BUS:2550 International Business in Asia Pacific
International business in the Asia Pacific region and related management issues confronting small-medium enterprises and multinational enterprises in that region; topics include rise of the Association of Southeast Asian Nations (ASEAN), challenges and opportunities for trade growth and collaboration, and practical guidance on how to develop and sustain a competitive advantage in a fast growing and dynamic environment; offered by the international business in Sydney, Australia study abroad program through Tippie College of Business. Prerequisites: MGMT:2100. Requirements: admission to international business in Sydney, Australia study abroad program.
BUS:3000 Business Communication and Protocol 3 s.h.
Foundation in business communication and protocol; composing business messages, organizing and reporting workplace data, developing business presentation and team-building skills, exploring issues pertaining to professional behavior. Prerequisites: RHET:1030 or (RHET: 1040 and RHET:1060). Requirements: admission to Tippie College of Business and 30 s.h. earned.
BUS:3025 Global Internship Preparation 1 s.h.
Classroom preparation for the Tippie Global Internship Program; includes interview preparation, host country research, internship goal setting, international business practices, cultural awareness and adjustment, and other preparation topics.

## BUS:3050 Business, Culture, and Society

 3 s.h. International business environment and interpersonal traits and skills expected of successful international businessperson; interdisciplinary overview of issues related to business in Western Europe; important cultural differences, the code of business and professional etiquette, business protocol, Italian business history, cultural appreciation, and executive legal/ethical concerns in the workplace; series of lectures, workshops, speakers, plant tours, and cultural events.BUS:3100 Academic Internship or Cooperative Education 0 s.h. Participation in an internship or cooperative education; fulfills Tippie College of Business experiential learning requirement.

## BUS:3200 Advanced Business Presentation Workshop: Strategy and Implementation 2 s.h.

 Advanced oral business presentation skills for solo, paired, and team presentations; suitable for students considering participating in case competitions; emphasis on articulating a particular strategy for an oral presentation and three areas of implementation-content structuring, visual design of PowerPoint slides, and vocal and physical delivery; how to integrate presentation technologies effectively, evaluate other speakers, speak clearly, use gestures appropriately, and engage the audience during the presentation and in question-and-answer sessions. Prerequisites: BUS:3000 with a minimum grade of B .
## BUS:3500 Tippie Senate

1 s.h.
For elected student representatives on the Tippie Senate.
BUS:3600 Mentored Research
arr.
Business research conducted by undergraduate students under faculty supervision.
BUS:3800 Business Writing 3 s.h.
Series of practical projects; development of effective and persuasive business communication and analytical skills in public relations context.

## BUS:3900 Business Communication Internship I 3 s.h.

Opportunity for students to earn academic credit for serving as a peer tutor, an orientation and training assistant, or an administrative intern in the Judith R. Frank Business Communications Center.
BUS:3910 Business Communication Internship II 1-3 s.h. Continuation of BUS:3900; opportunity for students to earn academic credit for serving as a peer tutor, an orientation and training assistant, or an administrative intern in the Judith R. Frank Business Communications Center. Prerequisites: BUS:3900.

3 s.h. BUS:4025 Certified Global Business Professional Exam Prep 1 s.h. Preparation for the Certified Global Business Profession (CGBP) exam; topics include global business management, global marketing, supply chain management, and trade finance; students build knowledge and skills in areas of documentation, legal and regulatory compliance, intercultural awareness, technology, and resources; students will be eligible to sit for the CGBP exam upon completion; attainment of CGBP credential complements student's postsecondary education as it represents the achievement of advanced specialization in international business. Prerequisites: MGMT:2100 or ECON:1200. Corequisites: MGMT:3450. Requirements: 60 s.h. completed.

## BUS:4900 Academic Internship <br> arr.

Professional internship experience with associated academic content (e.g., paper, coursework).

BUS:4999 Honors Thesis in Business
arr.
Independent student project directed by faculty or staff advisor; culminates in thesis that conforms to University of Iowa Honors Program guidelines; may include empirical research, library research, applied projects. Prerequisites: BUS:1999.

## Accounting

## Chair

- Cristi A. Gleason

## Director, Undergraduate Program

- Lisa Dutchik

## Director, Master of Accountancy

- Kevin Den Adel

Director, PhD Program

- Dain Donelson

## Director, RSM Institute of Accounting Education and Research

- Jaron Harp Wilde

## Undergraduate major: accounting (BBA)

Graduate degrees: MAc; accounting subprogram for the PhD in business administration

Faculty: https://tippie.uiowa.edu/people?department=Accounting
Website: https://tippie.uiowa.edu/about/accounting-department
The Department of Accounting offers a broad education that prepares undergraduate and graduate students for careers in auditing, corporate accounting, management consulting, taxation, government, not-forprofit organizations, and academia.

The department also collaborates with the College of Law to offer the combined MAc/JD program; see Combined Programs [p. 1119] under Master of Accountancy in this section of the catalog. It also participates in the MBA program; see the Master of Business Administration Program [p. 1215] in the catalog.

## Accounting Program

The accounting program draws on curricula that provide a strong base of traditional technical subject matter and the skills needed for solving complex business problems. This framework of study enables students to continue professional growth over the entire span of their careers. The program emphasizes communication skills and provides the academic background required for leadership positions in business, government, and public accounting. It also qualifies students to take the Certified Public Accountant (CPA) examination.

The accounting program leads to a Bachelor of Business Administration with a major in accounting, which requires 120 s.h. of credit and the Master of Accountancy, which requires 30 s.h. of graduate credit. Students are granted the BBA upon successful completion of the third and fourth years; they are granted the MAc after successful completion of 30 s.h. beyond the BBA.

Federal income taxation of individuals and businesses, including corporations, partnerships, and sole proprietorships; emphasis on developing a broad perspective on structure, administration, and rationale of federal income tax system. Prerequisites: ACCT:2100 with a minimum grade of B - and ACCT:2200 with a minimum grade of B-. Corequisites: ACCT:3200. Requirements: admission to Professional Program in Accounting.

## ACCT:3450 Tax Practicum (VITA) I

Transformative opportunity to work on real world tax problems with real clients; application of skills learned in classroom to real world problems; development of crucial accounting career soft skills including communication (explaining complicated ideas in simple language), moving out of one's comfort zone, working as a team, and having an appreciation for the importance of community service. Corequisites: ACCT:3400. Requirements: acceptance to undergraduate accounting program.

## ACCT:3451 Tax Practicum (VITA) II

2 s.h.
Transformative opportunity to work on real world tax problems with real clients; application of skills learned in classroom to real world problems; development of crucial accounting career soft skills including communication (explaining complicated ideas in simple language), moving out of one's comfort zone, working as a team, and having an appreciation for importance of community service. Requirements: successful completion of ACCT:3450 and certification on the most recent Internal Revenue Service certification tests.

## ACCT:3500 Advanced Tax Topics

3 s.h.
Taxation of corporations and partnerships from organization through liquidation; relative merits of conducting business as $C$ corporation, partnership, $S$ corporation; the alternative minimum tax; introduction to tax research. Prerequisites: ACCT:3400. Requirements: senior standing.

## ACCT:3550 Financial Statement Analysis

3 s.h.
How to analyze published financial statements; practical experience using financial statement information to assess accounting quality, historical performance, forecasted performance, credit risk, firm value. Prerequisites: ACCT:3020.

## ACCT:3600 Accounting Systems and Analytics

Application of computer technology and internal controls to accounting and transaction processing systems; auditing of information systems; information systems infrastructure and trends; problem solving with Python and databases; accounting cycle operations. Prerequisites: ACCT:2200 and ACCT:2100 and (BAIS:3005 or CS:2110). Same as BAIS:3100.

## ACCT:4000 Special Topics in Accounting

1-3 s.h.

## ACCT:4001 Continuing Education: Special Topics in

 AccountingIndependent study topics determined by faculty member.
ACCT:4050 Directed Readings in Accounting
Individual guided readings in accounting topics. Requirements: admission to Professional Program in Accounting.

## ACCT:4100 Auditing

3 s.h.
General framework underlying auditing, role of audit standards in planning and conduct of audits, effect of regulation, ethics, liability on audit practices. Prerequisites: ACCT:3100 and ACCT:3300 and BAIS:3100 and (BAIS:2800 or ECON:4800 or STAT:2020 with a minimum grade of B or STAT:4101). Requirements: senior standing.
ACCT:4200 Advanced Managerial Accounting Analytics 3 s.h. Advanced topics in cost estimation, measurement, accumulation; use of cost data for decision-making, performance evaluation in multiunit organizations. Prerequisites: (STAT:2020 with a minimum grade of B or ECON:4800 or STAT:4101 or BAIS:2800) and (CS:2110 or BAIS:3005) and ((ACCT:2100 with a minimum grade of Band ACCT:2200 with a minimum grade of B-) or ACCT:3200). Requirements: admission to Professional Program in Accounting.

## ACCT:4280 Cybersecurity

High-level view of computer security and fostering a cybersecurity mindset which is in demand across all industries; frequent change of perspective from employee to CEO, casual home user, and hacker; broad range of topics; actionable items to make daily digital interactions more secure. Prerequisites: BAIS:3005 or CS:1210 or CS:2110 or CS:2230 or CS:3330 or ENGR:2730. Same as BAIS:4280.

ACCT:4300 Accounting Ethics and Law 3 s.h.
Integration of ethics with study of legal topics for accountants (e.g., contracts, debtor-creditor law, agency law, employment law, securities law, accountant's legal liability, business entities); selections from American Institute of Certified Public Accountants (AICPA) Code of Professional Conduct; students analyze ethical considerations of essential topics (e.g., fraud, fiduciary duties). Prerequisites: MGMT:2000 and ((ACCT:2100 with a minimum grade of Band ACCT:2200 with a minimum grade of B-) or ACCT:3200). Requirements: senior standing.
ACCT:4400 Advanced Financial Accounting 3 s.h Accounting and reporting standards for business combinations, including mergers, consolidations, and multinational enterprises; accounting for partnerships, business segments, transactions denominated in foreign currency, including hedges using foreign currency derivate instruments; reporting standards for interim financial statements and fund accounting applied to government and nonprofit entities. Prerequisites: ACCT:3300. Requirements: senior standing.

## ACCT:4500 Accounting Measurement: Research and Analysis

How uncertainty and risk influence accounting judgments, estimates, and forecasts that underlie reported financial statement amounts; applications drawn from familiar accounting measurement challenges and those unique to industries (e.g., airline transportation, healthcare, insurance, gaming, oil and gas exploration). Prerequisites: ACCT:3300. Corequisites: ACCT:4100.
ACCT:4600 Tax Research 2 s.h.
Understanding the validity and use of various tax law sources; performing tax research using printed and electronic tax materials; evaluation of tax law provisions and application to specific facts and circumstances; preparing tax memorandums. Prerequisites: ACCT:3500. Requirements: accounting major.

ACCT:4999 Honors Thesis in Accounting
arr.
Independent student project directed by faculty or staff advisor; culminates in thesis that conforms to University of Iowa Honors Program guidelines; may include empirical research, library research, applied projects. Prerequisites: BUS:1999.
ACCT:7850 Seminar in Accounting Research arr. Forum on current research in accounting, related disciplines; faculty, student, guest papers, PhD dissertation proposals. Requirements: PhD enrollment.
ACCT:7900 Seminar in Selected Accounting Topics arr. Individual study, research paper preparation. Requirements: PhD enrollment.

ACCT:7950 Directed Readings in Accounting arr.
Individual guided readings in accounting topics.
ACCT:7975 Thesis: Accounting
arr.
Requirements: PhD enrollment.
ACCT:9020 Strategic Cost Analysis 2-3 s.h. Introduction to cost accumulation, reporting, cost management systems; managerial and divisional performance evaluation; appropriate use of cost data for short- and long-run decisions; product costing in manufacturing and service industries. Prerequisites: MBA:8140.
ACCT:9030 Financial Accounting Standards and Analysis 2-3 s.h. Accounting model, underlying measurement concepts, valuation rules for assets, liabilities, related issues of income determination; emphasis on economic substance of transactions, evaluation and interpretation of financial data. Prerequisites: MBA: 8140 .

ACCT:9040 Financial Statement Analysis and Forecasting 3 s.h. Use of corporate financial statements for investment and lending decisions; emphasis on financial analysis techniques, valuation, business analysis, cash flow projections, credit scoring, related research evidence. Prerequisites: MBA:8140 or (ACCT:3200 and ACCT:3300). Recommendations: for Iowa MBA majors\#MBA:8180 or prior undergraduate finance course.
ACCT:9050 Taxes and Business Strategy 2-3 s.h.
Effect of taxes on business decisions, including investment strategies, capital structure decisions, compensation policies, international business, mergers and acquisitions, and financial reporting. Prerequisites: ACCT:3020 or ACCT:3500 or MBA:8140 or LAW:8194. Requirements: graduate standing in business.
ACCT:9110 Special Topics in Taxation 3 s.h.
Timely and relevant topics in taxation and/or topics related to taxation not covered in ACCT:3400 and ACCT:3500. Prerequisites: ACCT:3500 or LAW:8194.
ACCT:9120 Design and Use of Cost Management Systems 3 s.h. Development of cost accumulation and reporting systems that complement a firm's strategy and structure; how activity-based cost management systems increase competitiveness by helping a firm manage its costs, processes, people. Prerequisites: ACCT:4200 or ACCT:9020.
ACCT:9130 Financial Reporting: Theory and Practice 3 s.h.
Corporate accounting choices in framework of traditional accounting theory, economic consequences, firm valuation. Prerequisites: ACCT:3300. Requirements: graduate standing in business.
ACCT:9140 Advanced Auditing
3 s.h.
Advanced issues such as ethics, internal control audits, forensic auditing, and fair value auditing. Prerequisites: ACCT:4100. Requirements: graduate standing in business.
ACCT:9150 Tax Research
3 s.h.
Understanding the validity and use of various tax law sources; performing tax research using printed and electronic tax materials; evaluation of tax law provisions and application to specific facts and circumstances; preparing tax memorandums. Prerequisites: ACCT:3500. Requirements: admission to MAc program.
ACCT:9170 Advanced Accounting Analytics 3 s.h.
Application of the latest business intelligence software packages to real world problems from auditing, managerial, financial, and tax accounting; how to use Big Data to make better business decisions and identify potential risks and opportunities. Prerequisites: ACCT:4100 and ACCT:4200. Corequisites: BAIS:9210.

## Accounting, BBA

Students who wish to earn the Bachelor of Business Administration with a major in accounting must be admitted to the accounting program. Undergraduate accounting majors are subject to the probation and dismissal rules described in the Bachelor of Business Administration [p. 1122] section of the catalog and are governed by the Tippie Honor Code.

## Requirements

The Bachelor of Business Administration with a major in accounting requires a minimum of 120 s.h., including at least 25 s.h. of work for the major. All required major coursework must be taken at the University of Iowa. Students must have a cumulative grade-point average (GPA) of at least 2.00 in all college coursework attempted, all college coursework attempted in business, all college coursework attempted in the major, all coursework attempted at the University of Iowa, all business coursework attempted at the University of Iowa, and all coursework in the major attempted at the University of Iowa.

Students must complete certain prerequisite courses for admission to the college as well as courses required to declare a major in accounting. Students usually spend the first and second year completing prerequisites and other coursework required for all BBA students. To view the common BBA requirements, see the Bachelor of Business Administration [p. 1126] in the catalog. In addition, students must have a University of Iowa GPA and a cumulative GPA of at least 3.00, and a grade of at least B-minus in ACCT:2100 Introduction to Financial Accounting.
Students must be admitted to the accounting program before they begin work in courses required for the major. They must have a combined GPA of at least 2.67 in ACCT:2100 Introduction to Financial Accounting and ACCT:2200 Managerial Accounting Analytics and Data Visualization. Coursework provides concentrated coverage of professional accounting subjects and closely related topics in commercial law, business, and information systems.
Students who wish to declare accounting as a major but do not satisfy the automatic admission requirements may submit a petition for admission.

## Accounting Major

These business core classes are prerequisites to major-level courses: ACCT:2200 Managerial Accounting Analytics and Data Visualization, MGMT:2000 Introduction to Law, BAIS:2800 Foundations of Business Analytics, and BAIS:3005 Information Systems.

Students may not count ACCT:3020 Financial Accounting and Reporting toward the BBA in accounting due to overlap in course content.

Students who major in accounting are required to take the following major coursework at the University of Iowa.

| Course \# | Title | Hours |
| :--- | :--- | :---: |
| All of these: | Professional Accounting <br> Seminar (must be taken by the <br> second semester in the program) | 1 |
| ACCT:3100 | Income Measurement and Asset <br> Valuation | 3 |
| ACCT:3200 | Valuation of Financial Claims | 3 |
| ACCT:3300 | Introduction to Taxation | 3 |
| ACCT:3400 | Accounting Systems and <br> ACCT:3600 | Analytics |

| ACCT:4100 | Auditing | 3 |
| :--- | :--- | :--- |
| ACCT:4200 | Advanced Managerial <br> Accounting Analytics | 3 |
| ACCT:4300 | Accounting Ethics and Law <br> And one accounting elective during the fourth year <br> from these: <br> ACCT:3500 | Advanced Tax Topics (offered <br> fall only) |
| ACCT:4280 | Cybersecurity (offered spring <br> only) | 3 |
| ACCT:4400 | Advanced Financial Accounting <br> (offered spring only) | 3 |

## Optional Accounting Electives

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| ACCT:3450 | Tax Practicum (VITA) I | 1 |
| ACCT:3451 | Tax Practicum (VITA) II | 2 |
| ACCT:4600 | Tax Research | 2 |

## Certified Public Accountant (CPA) Exam and Licensure

A significant percentage of accounting graduates pursue the CPA license. Requirements to sit for the CPA exam and for CPA licensure vary by state. Each state requires 150 s.h. to become a licensed CPA, including specific courses and a minimum number of accounting hours. In many states, the required accounting hours exceed the minimum requirements of the BBA. Students should review their state's educational requirements at the National Association of State Boards of Accountancy (NASBA) website and consult with the undergraduate accounting program director as needed.

## Career Advancement

In the most recent Pomerantz Career Center graduate survey, $98 \%$ of graduating students reported that they found permanent employment, planned to attend graduate school, or were not seeking employment within six months of graduation.
The Pomerantz Career Center offers multiple resources to help students find internships and jobs; for more information about careers, visit the Pomerantz Career Center website.

## Academic Plans

## Sample Plan of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.

## Accounting, BBA

Course Title Hours
Academic Career
Any Semester
Pre-business students must be admitted to the Tippie College to declare the accounting major. Students not already admitted to Tippie generally apply for admission during their second year as they are completing the prerequisite courses. ${ }^{\text {a }}$

Completion of prerequisites and Business Core Part I, a grade of B-minus or higher in ACCT:2100 Introduction to Financial Accounting, and UI and cumulative GPA of 3.00 or higher is required to declare the major.
Students are required to complete 52 s.h. of non-business coursework. Courses with a prefix of ACCT, BAIS, BUS, ECON, ENTR, FIN, MGMT, and MKTG will not count towards non-business hours. Check degree audit for nonbusiness hours or confer with academic advisor.

Students who need to complete the World Language requirement should consult with their academic advisor about when to add courses to plan of study. World
Language counts as non-business coursework.

| To fulfill the Tippie RISE experiential learning <br> requirement, complete an approved course in at least one of <br> the following categories: research with faculty, internship <br> course, study abroad, experiential course. |  |
| :--- | :--- |
| Students must satisfy the Tippie College of Business <br> residence requirement: 45 s.h. of UI coursework after <br> admission to Tippie. ${ }^{\text {c }}$ |  |

and consult with the undergraduate accounting program director as needed.
k One accounting major elective required, but both are highly recommended for students taking the CPA exam.
1 ACCT:3500 recommended; typically this course is offered in fall semesters only. Check MyUI for course availability since offerings are subject to change.
mEither ACCT:4280 or ACCT:4400 recommended; typically both of these courses are offered in spring semesters only. Check MyUI for course availability since offerings are subject to change.
n Please see Academic Calendar, Office of the Registrar website for current degree application deadlines. Students should apply for a degree for the session in which all requirements will be met. For any questions on appropriate timing, contact your academic advisor or Graduation Services.

## Master of Accountancy, MAc

The Master of Accountancy (MAc) is a nonthesis program. Coursework focuses on the conceptual and economic foundations of accounting with applications to current and emerging problems of professional practice. MAc students also have the opportunity to acquire expertise in one of four specialization areas: financial accounting/auditing, business analytics, taxation, and managerial accounting

Graduate students in accounting are subject to the probation and dismissal rules of the Graduate College and are governed by the fulltime MBA honor code.

## Learning Outcomes

CPA licensure demonstrates the technical skills necessary for entry into the accounting profession. Mastery of these technical skills is the principal focus of the undergraduate accounting program. The MAc program enhances these skills with particular focus on research, analysis, interpretation, and the use of technology while emphasizing the problem-solving and communications skills necessary for advancement in the profession.

Students should be able to:

- identify a problem in an unstructured setting;
- consider the goals of the decision maker(s), identify an appropriate solution methodology, and develop possible decision options;
- know how to obtain, assess, and organize information to evaluate the decision options;
- utilize the appropriate data analytics, management tools, and information technologies to evaluate options;
- include qualitative issues-strategic, social, and ethical-when picking the option to execute; and
- communicate the solution in an effective manner.

## Requirements

The Master of Accountancy requires 30 s.h. beyond the BBA.
The program permits students to specialize in accounting areas according to their interests and objectives. It builds on the technical skills acquired in the undergraduate program, broadens students' perspectives on the role of accounting in organizations and decisionmaking, and further develops written and oral communication skills. The 30 s.h. required for the MAc must include at least 12 s.h. in graduate-level accounting courses and at least 21 s.h. in courses numbered 5000 or above. Some work for the specialization areas is cross-disciplinary, with courses from other departments as well as accounting.
Students from a variety of academic backgrounds enter the MAc program. Those who enter with an undergraduate degree in accounting can expect to complete the degree in 12 months. Those who enter with a non-accounting undergraduate degree typically require four semesters to complete the MAc. Study plans are adjusted to reflect each student's particular academic background; see "Students Without Undergraduate Accounting Degrees" below.

The Master of Accountancy requires the following coursework. Students complete the requirements for their chosen specialization or for the core program.

Specialization in Financial Accounting/ Auditing

| Course \# | Title | Hours |
| :---: | :---: | :---: |
| Accounting Courses |  |  |
| Total of $12 \mathrm{~s} . \mathrm{h}$. |  |  |
| All of these: |  |  |
| ACCT:9040 | Financial Statement Analysis and Forecasting | 3 |
| ACCT:9130 | Financial Reporting: Theory and Practice | 3 |

| Course \# | Title | Hours |
| :---: | :---: | :---: |
| Accounting Courses |  |  |
| Total of 12 s.h. |  |  |
| This course: |  |  |
| ACCT:9120 | Design and Use of Cost Management Systems | 3 |
| Three of these: |  |  |
| ACCT:9040 | Financial Statement Analysis and Forecasting | 3 |
| ACCT:9050 | Taxes and Business Strategy | 3 |
| ACCT:9130 | Financial Reporting: Theory and Practice | 3 |
| ACCT:9140 | Advanced Auditing | 3 |

## Business Analytics Courses

Two business analytics courses (prefix BAIS or CS) numbered above 5000; ACCT:4280/BAIS:4280 also may be used to meet this requirement

## Business Electives Outside Accounting

Two business electives numbered above 5000;
ACCT:4280/BAIS:4280 also may be used to meet this requirement
General Electives
Total of 6 s.h.

## Core Program

Students who do not wish to pursue a specialization area must complete 30 s.h. beyond the BBA. At least 15 s.h. must be earned in graduate-level accounting courses and at least 21 s.h. must be earned in courses numbered 5000 or above.

The following courses are required.

| Course \# | Title | Hours |
| :---: | :---: | :---: |
| Accounting Courses |  |  |
| Total of 15 s.h. |  |  |
| ACCT:9040 | Financial Statement Analysis and Forecasting | 3 |
| ACCT:9050 | Taxes and Business Strategy | 3 |
| ACCT:9120 | Design and Use of Cost Management Systems | 3 |
| ACCT:9130 | Financial Reporting: Theory and Practice | 3 |
| ACCT:9140 | Advanced Auditing | 3 | in another area of business typically are required to take 45-51 s.h. in order to complete the MAc program. Those with degrees outside of business and with no accounting courses typically are required to take 57-60 s.h.

## Combined Programs

## MAc/JD

The Department of Accounting and the College of Law offer the combined Master of Accountancy/Juris Doctor program. The combined MAc/JD requires a minimum of 18 s.h. of graduate coursework in accounting. Students in the program may count up to 12 s.h. of College of Law courses as electives for the MAc and up to 12 s.h. of graduate accounting courses as electives for the JD.

Separate application to each degree program is required. Applicants must be admitted to each program before they may be admitted to the combined program.
For information about the JD degree, see Juris Doctor, JD [p. 1720] (College of Law) in the catalog.

## Admission

Admission to the MAc program is competitive. The admissions committee reviews applications individually, considering quantitative aspects (grade-point average and GMAT scores) and qualitative aspects of each applicant's background and professional experience (if applicable) to assess an applicant's potential for academic success and professional growth.
Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations on the Graduate College website.

Application materials must include the following:

- an application for graduate admission;
- official transcripts of all undergraduate and graduate coursework submitted by each institution an applicant has attended;
- official scores on the Graduate Management Admission Test (GMAT), unless the student is a BBA major in accounting at the University of Iowa;
- a supplemental application form with essay responses;
- a résumé; and
- at least three letters of reference from former instructors or employers unless the student is a BBA major in accounting at the University of Iowa.
Applicants whose first language is not English must submit official test scores to verify English proficiency. Applicants can verify English proficiency by submitting official test scores from the Test of English
as a Foreign Language (TOEFL), the International English Language Testing System (IELTS), or the Duolingo English Test (DET).
For complete information about application procedures, contact the Department of Accounting.

## Application Deadlines

The Department of Accounting admissions committee reviews completed MAc application files (which must include official GMAT scores) on five dates: March 1, April 15, July 15, Oct. 1, and Dec. 1. Applications are reviewed on these dates regardless of whether the applicant plans to begin the MAc program in the fall semester (August), spring semester (January), or summer session (May). Final Graduate College application deadlines are as follows.

- Fall semester entry: July 15 (April 15 for international students).
- Spring semester entry: Dec. 1 (Oct. 1 for international students).
- Summer session entry: April 15 (March 1 for international students).

Students who wish to apply for a teaching assistantship must apply to the MAc program no later than March 1.

## Career Advancement

Over $95 \%$ of graduating students reported that they found permanent employment, were accepted to graduate school, or were not seeking employment.
The Pomerantz Career Center offers multiple resources to help students find internships and jobs; for more information about careers, visit the Pomerantz Career Center website.

## Academic Plans

## Sample Plan of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.

b Complete at least 12 s.h. in graduate level accounting courses and at least 21 s.h. in courses numbered 5000 or above.
c Students must complete specific requirements in the University of Iowa Graduate College after program admission. Refer to the Graduate College website and the Manual of Rules and Regulations for more information.
d ACCT:9120 offered fall only; choose an elective if taking ACCT:9050 in spring.
e Course numbered above 5000; work with faculty advisor to determine appropriate course.
f Requires consent of the MBA program.
g ACCT:9050 offered spring only; choose an elective if taking ACCT:9120 in fall.
h Work with faculty advisor to determine appropriate graduate elective coursework and sequence.

## Doctor of Philosophy

Graduate students in accounting may earn a Doctor of Philosophy in business administration. For a description of the PhD program and requirements, see the PhD in business administration [p. 1151] in the catalog and visit the Department of Accounting website.
Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations on the Graduate College website. Application materials must include the applicant's score on the Graduate Management Admission Test (GMAT).

## Learning Outcomes

- To demonstrate proficiency and knowledge in the specialization discipline, students will demonstrate expertise in reading and interpreting academic research articles in their specialized discipline. They will be knowledgeable in the major theoretical perspectives and prior research findings in their area and be able to integrate prior research from various streams of literature.
- To demonstrate the ability to conduct independent, original research that leads to publications, students will be able to identify important research questions, provide theory-based reasoning to develop original hypotheses, execute an appropriate research design, and summarize their efforts in a working paper. This includes being able to read and summarize existing research into their paper and understanding the prior literature in a variety of substantive areas, paradigms, and methodologies.
- To be effective teachers in their disciplines, students will demonstrate proficiency as instructors in courses in their specialized discipline. This includes preparing course syllabi, giving lectures, writing assignments and exams, and evaluating students on the various deliverables.
- To demonstrate effective communications skills, students will be effective at communicating ideas in academic writing and how these ideas relate to each other within the context of an academic paper. This includes the ability to establish a position, show why that position matters, and situate that position within a context that is be determined by the appropriate audience. International students will demonstrate the ability to effectively lecture and communicate in English.

# Bachelor of Business Administration 

## Undergraduate major: BBA

Website: https://tippie.uiowa.edu/
The Bachelor of Business Administration is offered with majors in accounting, business analytics and information systems, economics, finance, management, marketing, and risk management and insurance.
This catalog section provides information about requirements that all BBA students must fulfill, regardless of their major, as well as admission information and academic rules and procedures for the BBA. For information about the individual majors, see the departments of Accounting [p. 1112], Business Analytics [p. 1134], Economics [p. 1157], Finance [p. 1181], Management and Entrepreneurship [p. 1198], and Marketing [p. 1208] in the catalog.

Students may earn multiple majors in the BBA; they also may earn combined degrees in the College of Engineering or the College of Liberal Arts and Sciences. See "Multiple Majors in Business" under Requirements [p. 1126] and see Combined Programs [p. 1128] in the Business Administration, BBA section of the catalog. Many business students earn one or more certificates and minors offered in disciplines across the university; see "Minors" and "Certificates" below.

The Tippie College of Business's undergraduate and graduate programs are accredited by AACSB International, the Association to Advance Collegiate Schools of Business.

## Undergraduate Advising

All students enrolled in the Tippie College of Business are advised at the business college's Undergraduate Program Office. Pre-business students are enrolled in the College of Liberal Arts and Sciences and are advised at the university's Academic Advising Center. Drop-in hours and scheduled appointments are available at both offices. For more information on advising, contact the college's Undergraduate Program Office or the university's Academic Advising Center.

## Honor Code

Integrity and honesty are essential to success in all facets of life. The purpose of the Tippie Honor Code is to promote honorable and ethical behavior. Students admitted to the college or enrolled in courses offered by the college are required to uphold the honor code.

## Minors

The Tippie College of Business offers a minor in economics [p. 1171] for all students and a minor in business administration [p. 1132] for non-business students.

Bachelor of Business Administration students may earn minors in a number of disciplines outside of the Tippie College of Business. For example, students interested in international business might choose to earn a minor in a second language. For a list of minors and links to the departments and programs that offer them, see Find Your Program on the General Catalog website and select undergraduate minors.
Students may declare a minor on MyUI. To have the minor recorded on their transcripts, students must complete the minor section on their Application for Degree which they submit through MyUI in the session they intend to graduate.

## Certificates

Bachelor of Business Administration students may earn certificates offered by the Tippie College of Business as well as by other colleges
at the University of Iowa. The Tippie College of Business offers the Certificate in Entrepreneurial Management [p. 1179] and the Certificate in Risk Management and Insurance [p. 1234]. In addition, it partners with the College of Engineering to offer the Certificate in Technological Entrepreneurship [p. 1588] and with the College of Liberal Arts and Sciences to offer the Certificate in International Business [p. 1191].

The College of Liberal Arts and Sciences, the College of Public Health, and University College offer a wide range of certificates open to all undergraduates. Many pair exceptionally well with a business major. See Find Your Program on the General Catalog website and select undergraduate certificates for a complete list of certificates and links to their catalog sections.

## Tippie RISE

RISE is an acronym for hands-on experiential learning in the form of Research with Faculty, Internship Course, Study Abroad, and Experiential Course.

All Tippie College of Business students must successfully complete at least one of the following Tippie RISE experiences to graduate. Each experience is tied to an academic course for which students must register. See "Experiential Learning Requirement: Tippie RISE" in the Business Administration, BBA Requirements [p. 1126] section for the full list of qualifying courses.

## Research with Faculty

Working closely with a faculty mentor, students explore a research question of interest for a semester or more. By conducting academic research, students enhance their critical thinking skills, learn techniques to collect and analyze data, and apply their findings to business practices. These skills are highly useful for a variety of businesses and graduate programs.

## Internship Course

As students gain valuable hands-on work experience in a professional internship, they complete one of the approved internship courses to assist them in having a meaningful learning experience. The internship courses encourage students to take on relevant job responsibilities, outline strategies to meet internship goals, regularly communicate with their supervisors, explore the career field, and reflect on their growth throughout the experience.

## Study Abroad

By taking advantage of short-term, summer, semester, or academic year programs, students can expand their worldview and learn alternative business and cultural practices outside of the United States. Students can participate in Tippie international programs such as London Winter, International Business in Sydney, CIMBA Italy, Global Internships, spring break programs through the John Pappajohn Entrepreneurial Center, or any of the many UI study abroad programs in over 40 countries.

## Experiential Course

In approved experiential courses, students improve their understanding of academic concepts by applying them to a class project with a company or nonprofit organization. Using real circumstances and issues, students engage with the organization to make a lasting impact. Students have support from classmates and guidance from their instructor throughout the duration of the project. Experiential courses are offered in many Tippie majors and as business and non-business electives. Courses must be taken at the University of Iowa to satisfy Tippie RISE.

## Programs

## Undergraduate Program of Study

- Bachelor of Business Administration [p. 1126]

## Academic Rules and Procedures

## Academic Recognition

## Dean's List

Undergraduate students in the Tippie College of Business who achieve a grade-point average (GPA) of 3.50 or higher on 12 s.h. or more of University of Iowa graded coursework during a given semester or summer session and who have no semester hours of I (incomplete) or O (no grade reported) during the same semester are recognized by inclusion on the Dean's List for that semester.

## President's List

Undergraduate students in the Tippie College of Business who achieve a GPA of 4.00 on $12 \mathrm{~s} . \mathrm{h}$. or more of University of Iowa graded coursework and who have no semester hours of I (incomplete) or O (no grade reported) for two consecutive semesters (excluding summer sessions) are recognized by inclusion on the President's List.

## Graduation with Honors in the Major

Graduation with honors in the major recognizes high scholastic achievement based on grades and on completion of a research project that enables students to gain expertise in a topic related to their field of study. The requirements to graduate with honors in the major at the Tippie College of Business are the following:

- GPA of at least 3.50 in cumulative, University of Iowa, business, and University of Iowa business coursework at the time of graduation;
- completion of BUS:1999 Introduction to Research in Business;
- two-semester research project with a Tippie College of Business faculty member that results in a written thesis; and
- a poster presentation of research at the Undergraduate Research Festival.

To learn more, see Tippie Honors on the Tippie College of Business website.

## Graduation with Distinction

Graduation with distinction recognizes high scholastic achievement based on grades. The Office of the Registrar certifies to the Tippie College of Business associate dean the names of students eligible to graduate with distinction. The college awards degrees "with highest distinction" to students in the highest $2 \%$ of the graduating class, "with high distinction" to students in the next highest $3 \%$, and "with distinction" to the next highest 5\%. Ranking is based on students' GPAs for all college-level study undertaken before their final registration.

To be eligible to be considered for graduation with distinction, a student must complete 60 s.h. in residence as an undergraduate at the University of Iowa; 45 s.h. of that must be completed before the final registration.

## Credit and Grading

## Credit by Examination

Students may earn up to 30 s.h. of credit by examination by taking selected tests from the College-Level Examination Program (CLEP) and the Advanced Placement (AP) program of the College Board
or the International Baccalaureate Program (IB). The University of Iowa is a testing center for CLEP tests. For information about when and how to take CLEP tests, see Testing Services on the Admissions website. The Tippie College of Business Undergraduate Program Office has information on scores, credit, and course duplicates for all CLEP, Advanced Placement, and IB tests accepted by the college.

## Maximum Schedule

Students may register for a maximum of $18 \mathrm{~s} . \mathrm{h}$. in the fall and spring semesters and a maximum of 12 s.h. in the summer session. Course schedules of more than $18 \mathrm{~s} . \mathrm{h}$. for a fall or spring semester, or more than 12 s.h. for the summer session, require approval from the Undergraduate Program Office. Approval is based on a review of past academic performance. Permission for more than 12 s.h. in the summer session is granted only in extraordinary circumstances.

## Adding and Dropping Courses

Students may add or drop courses, except College of Law courses, any time before the deadline published in the university's academic deadline calendar. Deadlines are different for regular and off-cycle courses. See the Academic Calendar and Course Deadlines for coursespecific deadlines at the University of Iowa on the Office of the Registrar website. Students must obtain approval from the college that offers the course in order to add or drop a course after these deadlines.

To request a late add of a Tippie College of Business course, students must obtain the authorization of the instructor followed by authorization of the Undergraduate Program Office.

To request a late drop of a Tippie College of Business course before the term is over, or a retroactive drop of any University of Iowa course after a term is over, students should meet with an advisor in the Undergraduate Program Office to discuss the petition process to drop the course after the deadline. To request permission, students must submit a written petition. The petition is granted only with documentation of extenuating circumstances beyond the student's control.

## Prerequisites

Undergraduate students must complete a course's prerequisites. When a student registers, the MyUI course registration system reads a student's record, and if there is no evidence that a prerequisite has been completed or is in progress, enrollment for the course is blocked. See the Tippie College of Business Prerequisites web page for more information about prerequisite policies and procedures.

## Administrative Drops for Nonattendance

Instructors have the option to drop a student who has missed the first two class periods of a course, unless the student has offered an acceptable reason for beginning the course late. Administrative drops must be processed by the first eight calendar days of the semester or the first two calendar days of the winter session, each summer session, or the start of an off-cycle course. Administrative drops are made without assignment of a W (withdrawn). Students who are dropped from a course are notified. Students should not assume that they have been dropped from a course because they have not attended.

## Pass/Nonpass

Up to 15 s.h. of coursework required for the BBA may be taken pass/ nonpass with the consent of an advisor and the instructor. Students must be in good academic standing to be eligible for the pass/nonpass option. A maximum of two pass/nonpass courses may be taken in one semester or session.

Courses taken pass/nonpass may not be used to satisfy general education, prerequisite, core, or major business requirements; major business requirements include any course that fulfills a business major course requirement or is offered by a business major department,
regardless of the business major of the student seeking to take the course pass/nonpass.

Pass/nonpass registration must be completed by the last day to add a course without dean's permission. For full-length courses during the fall or spring semesters, that is the first ten days of the semester. For summer or off-cycle courses, see the Office of the Registrar's Course Deadline web page for the last day to add a course without dean's permission.

For courses taken pass/nonpass, an earned grade of D-minus or higher is recorded as a P; an earned grade of F is recorded as an N. Pass/ nonpass credit is not included in GPA calculations.

## Satisfactory/Fail, Satisfactory/Unsatisfactory

Certain courses are offered satisfactory/fail (S/F) or satisfactory/ unsatisfactory ( $\mathrm{S} / \mathrm{U}$ ). All students registered for these courses receive one of these marks.

Special forms are not necessary to register for S/F or S/U courses, since all students enrolled in such courses automatically receive an $S$, an F, or a U.

Semester hours of S or U graded coursework are not used in computing GPAs, but hours of F graded coursework are used.
Semester hours of S graded coursework are counted as semester hours earned toward graduation; semester hours of F or U graded coursework do not count as semester hours earned toward graduation.

A maximum of $15 \mathrm{~s} . \mathrm{h}$. of S credit from the University of Iowa is accepted toward a bachelor's degree.

## Second-Grade-Only Option for Students Admitted to Business

Students admitted to the Tippie College of Business may use the second-grade-only option on any course except courses numbered above 3005 with the prefix ACCT, BAIS, BUS, ECON, ENTR, FIN, MGMT, MKTG, or any course offered by a department outside the Tippie College of Business that is being used to fulfill a business major course requirement.

## Policies

- Students may apply the second-grade-only option to a maximum of three different courses while they are enrolled at the University of Iowa; any second-grade-only options used before entry to the Tippie College of Business count toward the maximum of three second-grade-only options allowed.
- Students in combined degree programs are allowed a combined maximum of three second-grade-only options.
- The second-grade-only option may be used only once per course. Once placed on the record, the option may not be retracted.
- A course taken at another college or university may not be repeated at the University of Iowa under the second-grade-only option.
- A University of Iowa course may not be repeated at another institution under the UI second-grade-only option.
- If the course was taken for a grade the first time, it must be taken for a grade the second time.
- If the course was taken pass/nonpass the first time, a student may choose to take the course for a grade or as pass/nonpass the second time.
- Any University of Iowa course taken in any mode of deliveryduring a regular semester, a summer session, an intensive session, or through distance learning and Distance and Online Education [p. 2061]-may be repeated in the same mode of delivery or in any other mode of delivery.
- Students who have been awarded a degree from the University of Iowa may not use the second-grade-only option on a course taken before the degree was awarded.
- Graduate or professional colleges may recalculate GPAs using all grades visible on the permanent record.

## Procedures

- Students must register as usual for the course that is to be repeated.
- After the session in which the course is being repeated has begun, students must request the second-grade-only option by completing the Request a Second-Grade-Only Option form.
- The permanent record is adjusted by placing a pound symbol (\#) next to the first grade to indicate that it is no longer being included in the GPA calculation, and only the semester hours from the second registration have been counted as semester hours earned.

## Second-Grade-Only Option for Pre-Business Students

Pre-business students must follow the rules established by the College of Liberal Arts and Sciences (CLAS). Contact the CLAS Undergraduate Programs office or consult the CLAS Academic Policies Handbook for more information.

## Incomplete Grades

Instructors may report a mark of I (incomplete) only if the unfinished part of a student's work in a course other than research, thesis, or independent study is small; if the work is unfinished for reasons acceptable to the instructor; and if a student's standing in the course is satisfactory.

Students should not re-enroll in a course for which they have an incomplete. Incomplete grades must be removed by completing the unfinished part of the work. Faculty and students are encouraged to state clearly in a written agreement how the incomplete is to be completed. Both the faculty member and the student should keep a record of the written agreement.
Failure to remove the incomplete before the end of the next full semester, excluding summer and winter sessions, results in replacement of the I with a grade of F , regardless of whether a student is enrolled during that semester. A grade change may be submitted to convert a grade of F to another letter grade, with the instructor's approval.

## Probation and Dismissal

Students are placed on academic probation when their GPA in any of the following categories falls below 2.00 :

- all coursework taken;
- all coursework taken at the University of Iowa;
- all business coursework taken;
- all business coursework taken at the University of Iowa;
- all coursework taken to satisfy requirements for the major(s); or
- all coursework taken at the University of Iowa to satisfy requirements for the major(s).
In probation decisions, a $3 \mathrm{~s} . \mathrm{h}$. minimum is used to calculate the GPA for all coursework taken to satisfy requirements for the major(s), and all coursework taken at the University of Iowa to satisfy requirements for the major(s).
Students on probation are required to meet with an academic advisor and cannot register for the next session's classes before doing so. Students on academic probation who withdraw registration after the deadline for dropping courses may be dismissed.

Students on probation with more than one declared business major may be required to drop one or more majors in order to pursue one business major only.

Students may be dismissed from the college at any time for unsatisfactory scholarship. While some probationary period usually precedes a dismissal, students in good academic standing who complete a session with extremely unsatisfactory grades may be placed on academic probation or dismissed immediately. To appeal a dismissal, students may submit a written appeal as described in their dismissal letter. Students dropped from the college for poor scholarship may petition for permission to be reinstated, but usually only after one year following the end of the session in which they were dismissed; see "Reinstatement" below.

When all of the GPAs outlined above equal or surpass 2.00 , students are removed from probation. Students usually are allowed only one session to return to good academic standing.

## Reinstatement

Students dismissed for unsatisfactory scholarship for the first time are not permitted to register again for one year. Students dismissed for the second time may or may not be granted a second reinstatement. Requests for reinstatement must be made in writing and should be addressed to the Associate Dean, Undergraduate Program Office. Arrangements for a reinstatement interview must be made with the Undergraduate Program Office in the Tippie College of Business. The interview must take place between March 1 and June 15 for reinstatement for fall semester, or between Oct. 1 and Nov. 15 for reinstatement to spring semester. Late requests are deferred to the following semester. Students who are permitted to register following dismissal are registered on academic probation and ordinarily are allowed two semesters to achieve good standing. Most reinstatements include a limit on the number of semester hours the student may take upon reinstatement. Very poor academic work in the first semester of a reinstatement, however, may result in dismissal at the close of that semester.

## ReStart

The undergraduate colleges at the University of Iowa offer an academic forgiveness policy, referred to as ReStart.
If students were previously enrolled in the Tippie College of Business and are returning, or have returned, to the University of Iowa after an extended absence (four consecutive years or more), they may use the ReStart option to request removal of one or more previously completed academic sessions at the Tippie College of Business (i.e., semesters or winter/summer enrollments) from future GPAs and satisfaction of degree requirements.
If students have already graduated from the University of Iowa, they are not eligible to use the ReStart option whether for a second degree or any other purpose.

Students are strongly advised to contact the director of undergraduate enrollment to discuss the ReStart option before submitting a ReStart application. Contact the Undergraduate Program Office to schedule an in-person or telephone appointment.

## Returning for Baccalaureate Degrees

## Returning for a Second Business Major

Individuals who already hold a BBA degree from the University of Iowa may complete the requirements for another business major, except accounting. Those interested in earning a degree in accounting must apply for admission to the Graduate College in order to earn the Master of Accountancy degree. Students who return to the University of Iowa to complete another business major must meet the requirements for that major; they do not have to meet the Tippie

College of Business residence requirement. It is their responsibility to notify the Office of the Registrar once they complete the requirements for the second major so that a notation can be placed on their permanent record. Returning students are held to the requirements that are published in the University of Iowa General Catalog for the session in which they reenter.

## Returning for an Additional Bachelor's Degree

Individuals who hold a bachelor's degree from another college at the University of Iowa may return to earn the BBA degree from the Tippie College of Business. They must satisfy all requirements for undergraduate admission to the business college. Once admitted, they must satisfy all requirements for the BBA in their chosen major. Returning students are held to the requirements that are published in the University of Iowa General Catalog for the session in which they reenter.

## Returning for an Additional Bachelor's Degree in Accounting

Individuals who hold a bachelor's degree in a non-business discipline from the University of Iowa or from another college or university may be considered for admission to the Tippie College of Business to earn the BBA with a major in accounting. Individuals interested in this option should consult with the Department of Accounting about the BBA program in accounting (undergraduate) and the Master of Accountancy graduate program. Those who already hold a BBA from the University of Iowa or any business degree from another institution may not earn a major in accounting at Iowa.

## Business Administration, BBA

## Requirements

The Bachelor of Business Administration requires a minimum of 120 s.h. of credit, including at least 48 s.h. earned in business courses and at least 52 s.h. earned in non-business courses

BBA students must earn 45 s.h. in residence following admission to the Tippie College of Business. At least 24 s.h. in courses offered by the business college and at least two-thirds of the semester hours in a student's major must be earned in the student's major department at the Tippie College of Business. Nonresident instruction includes coursework at colleges and universities other than the University of Iowa.

To graduate, BBA students must have a cumulative grade-point average of at least 2.00 in all college coursework attempted, all college coursework attempted in business, all college coursework attempted in the major, all coursework attempted at the University of Iowa, all business coursework attempted at the University of Iowa, and all coursework in the major attempted at the University of Iowa.

## Common BBA Requirements

BBA students must satisfy the following minimum common requirements or approved equivalents. For approved equivalents, consult the college's Undergraduate Program Office.

## General Education

| Course \# | Hours |
| :--- | ---: |
| Diversity and Inclusion | 3 |
| Historical Perspectives | 3 |
| International and Global Issues | 3 |
| Interpretation of Literature | 3 |
| Natural Sciences (without lab) | 3 |
| Rhetoric | 4 |
| Social Sciences (excluding ECON:1100 and | 3 |
| ECON:1200) | 3 |
| Values and Culture | $0-10$ |

## World Languages

Tippie College of Business students may complete the World Languages requirement using one of two options. One year of high school language study is generally equivalent to one semester of college language study.

## Option One

Attain fourth-level proficiency in a single world language, usually by completing four years of that language in high school or four semesters in college or an equivalent combination of high school and college coursework; or pass an achievement test or evaluation at fourth-level proficiency.

## Option Two

Attain second-level proficiency in each of two world languages, usually by completing two years of each language in high school or two semesters of each language in college or an equivalent combination of high school and college coursework; or pass achievement tests and/or evaluations at second-level proficiency in each language. Option two does not fulfill the World Languages requirement for the College of Liberal Arts and Sciences or qualify students to earn credit under the Furthering Language Incentive Program (FLIP).

Students may not count courses taken to fulfill General Education Program requirements toward other requirements for the BBA.

## Prerequisites for Admission to the College

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| BAIS:1500 | Business Computing Essentials | 2 |
| ECON:1100 | Principles of Microeconomics | 4 |
| MATH:1350 | Quantitative Reasoning for | 4 |
|  | Business |  |
| RHET:1030 | Rhetoric | 4 |
| STAT:1030 | Statistics for Business | 4 |

| Prerequisites for Declaring a Business Major |  |  |
| :--- | :--- | ---: |
| Course \# | Title | Hours |
| ACCT:2100 | Introduction to Financial | 3 |
|  | Accounting |  |
| ECON:1200 | Principles of Macroeconomics | 4 |

The accounting major has additional major declaration requirements. See Requirements [p. 1115] in the BBA in accounting section of the catalog for further information.

## Business Core

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| ACCT:2200 | Managerial Accounting <br> Analytics and Data <br> Visualization | 3 |
| BAIS:2800 | Foundations of Business <br> Analytics | 3 |
| BAIS:3000 | Operations Management | 2 |
| BAIS:3005 | Information Systems | 2 |
| BUS:2200 | Foundations for Success in |  |
| Business | 1 |  |
| BUS:3000 | Business Communication and | 3 |
| FIN:3000 | Protocol | 3 |
| MGMT:2000 | Introductory Financial |  |
| MGMT:2100 | Management | 3 |
| MKTG:3000 | Introduction to Law | 3 |
|  | Introduction to Management | 3 |
|  | Introduction to Marketing |  |
|  | Strategy |  |

## Experiential Learning Requirement: Tippie RISE

All Tippie College of Business students must successfully complete at least one of these four experiences-Research with Faculty, Internship Course, Study Abroad, or Experiential Course. Courses that satisfy Tippie RISE are listed below.

## Research with Faculty

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| ACCT:4999 | Honors Thesis in Accounting | arr. |
| BAIS:4999 | Honors Thesis in Business <br> Analytics | arr. |
| BUS:3600 | Mentored Research | arr. |
| BUS:4999 | Honors Thesis in Business | arr. |
| ECON:4999 | Honors Thesis in Economics | arr. |
| FIN:4999 | Honors Thesis in Finance | arr. |
| MGMT:4999 | Honors Thesis in Management | arr. |
| MKTG:3702 | Marketing Institute Seminar II | 2 |
| MKTG:4999 | Honors Thesis in Marketing | arr. |

| URES:3992 | Undergraduate Research and <br> Creative Projects | 0 |
| :--- | :--- | ---: |
| URES:3993 | Undergraduate Research and <br> Creative Projects | $1-4$ |
| URES:3994 | Undergraduate Research and <br> Creative Projects | $1-4$ |
| URES:3995 | Undergraduate Research Fellow | 0 |

## Internship Course

| Course \# | Title | Hours |
| :---: | :---: | :---: |
| BUS:3100 | Academic Internship or Cooperative Education | 0 |
| BUS:3900 | Business Communication Internship I | 3 |
| BUS:4900 | Academic Internship | arr. |
| CCP:1201 | Academic Internship | 1-3 |
| CCP:2020 | Washington Center Internship Program | arr. |
| CCP:2202 | International Student Full-Time Academic Internship | 9 |
| ENTR:4300 | Launching an Entrepreneurial Venture | arr. |
| ENTR:4900 | Academic Internship | arr. |
| EVNT:2110 | Internship in Event Management | 3 |
| LS:3011 | Leadership Certificate Capstone | 0,2 |
| SRM:4199 | Independent Sport and Recreation Field Experience | arr. |

## Study Abroad

Any study abroad program is accepted for credit, including virtual programs, short term faculty-led programs, and summer, semester, or year-long programs. These courses may be study abroad courses (prefix ABRD) or select study abroad international activities courses (prefix INTL) but are not required to be; see Study Abroad [p. 2083] in the catalog.

## Experiential Course

Experiential courses must be taken at the University of Iowa to satisfy Tippie RISE.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| ACCT:3451 | Tax Practicum (VITA) II <br> (spring only) | 2 |
| BAIS:4150 | Business Analytics and <br> Information Systems Capstone | 3 |
| ENTR:4100 | International Entrepreneurship, <br> Culture, and Social Impact | $1-3$ |
| ENTR:4200 | Entrepreneurship: Business <br> Consulting | 3 |
| FIN:4250 | Applied Equity Valuation | 3 |
| FIN:4310 | Advanced Corporate Finance | 3 |
| FIN:4350 | Applied Wealth Management | 3 |
| FIN:4410 | Enterprise Risk Management | 3 |
| FIN:4420 | Property and Liability Insurance | 3 |
| FIN:4460 | Insurer Operations and Captive <br> Management | 3 |
| LS:1024 | Hawkeye Service Breaks <br> (spring only) | 3 |
| LS:3002 | Career Leadership Academy <br> Part 2: Leadership in Action | 3 |

| MGMT:3600 | Nonprofit Organizational <br> Effectiveness II | 3 |
| :--- | :--- | ---: |

| MKTG:3701 | Marketing Institute Field |  |
| MKTG:4250 | Studies | 2 |
| MKTG:4800 | Marketing and Sustainability | 3 |
| SRM:4197 | Marketing Consulting Project | 3 |
|  | Sport and Recreation Field <br> Experience (not Fans First <br> section) | arr. |
|  |  |  |

## Major Area of Study

All BBA students must complete a major area of study. The college offers majors in accounting [p. 1112], business analytics and information systems [p. 1134], economics [p. 1157], finance [p. 1181], management [p. 1198], marketing [p. 1208], and risk management and insurance [p. 1232]. The requirements for each major are established by the department that offers the major.

## Students with Associate of Arts Degrees

Students who have been granted an Associate of Arts (AA) from a community college participating in the Iowa and Illinois Community College/Regents Articulation Agreements are considered to have met all high school unit requirements for admission to the BBA and all of the General Education Program requirements listed under "General Education Requirements" above, except the World Languages and the Diversity and Inclusion requirements. The program of study for which a student was awarded the AA must have included:

- a minimum of 60 s.h. (or 90 quarter hours) of credit acceptable toward graduation from the University of Iowa;
- mathematics courses comparable to MATH:0100 Basic Algebra I are not accepted toward graduation;
- completion of the agreed-upon group of courses at the community college; and
- a GPA of at least 2.00.

Completion of an Associate of Arts does not guarantee admission to the Tippie College of Business. See Admission [p. 1129] in this section of the catalog for a complete list of requirements for admission to the BBA.

Students who use the provisions of the articulation agreement are granted a maximum of 60 s.h. of transferable credit from two-year colleges toward the 120 s.h. required for a BBA. Credit earned for the AA beyond the 60 s.h. transferable maximum is used in computing a student's grade-point average, and it may be used to satisfy course requirements, but it does not count toward the BBA. Transfer credit for business courses taken during the first and second years is counted toward the BBA only if such courses are usually offered as lowerdivision courses at the University of Iowa.

## Transfer Courses

Students who have taken courses at another institution that are similar to those approved for the common business requirements at Iowa may request that these courses be evaluated for transfer credit. Students who transfer fewer hours than needed to meet a common business requirement may use only approved courses to complete the remainder of the requirement. Only third- and fourth-year-level courses taken at accredited four-year institutions may be used to satisfy common business course requirements numbered 3000 or above. Students must
complete a minimum of 24 s.h. of business coursework and at least two-thirds of the coursework in the major at the University of Iowa. They also must meet the 45 s.h. residence requirement of the Tippie College of Business. Credit earned through online courses may be counted toward all requirements for graduation, subject to approval by a student's major department.

## Multiple Majors in Business

Students may earn the BBA degree with more than one major. The Four-Year Graduation Plan is not available to students earning more than one major. Students have access to degree audits in MyUI for all of the programs of study they have officially declared. They also have access to all program courses, with some limitations, during early registration. A student must be in good academic standing in order to declare more than one major. See Double Majors and Joint Degrees on the Tippie College of Business website.

## Combined Programs

Undergraduate students may earn combined undergraduate degrees from the Tippie College of Business and the College of Liberal Arts and Sciences or the College of Engineering. The following rules apply to all students in combined degree programs.

- To enter a combined degree program, students must have approval from the Tippie College of Business and must be admitted to both colleges. Interested students should see an advisor in the college's Undergraduate Program Office.
- Students in combined degree programs are allowed a combined maximum of three second-grade-only options.
- All students in combined programs must meet all requirements for both degrees, including all General Education Program requirements.
- Students are assigned two advisors (one for each major).
- Students in combined degree programs are assessed tuition only for the primary (first) major.
- First-year students in combined degree programs who are direct admission students in the Tippie College of Business must enroll in BUS: 1200 Tippie College Direct Admit Seminar during their first semester at the UI.

## BBA/Liberal Arts and Sciences Degree

The Tippie College of Business and the College of Liberal Arts and Sciences offer a combined degree program in which students earn two University of Iowa bachelor's degrees: a Bachelor of Business Administration (BBA) from the Tippie College of Business and a Bachelor of Arts (BA), Bachelor of Science (BS), Bachelor of Fine Arts (BFA), or Bachelor of Music (BM) from the College of Liberal Arts and Sciences.

Students in the combined business/liberal arts and sciences degree program must declare the Tippie College of Business program of study as their primary (first) major.

To learn about liberal arts and sciences majors, see the College of Liberal Arts and Sciences [p. 17] section of the catalog.

## BBA/BSE

The Tippie College of Business and the College of Engineering offer a combined degree program in which students earn two University of Iowa bachelor's degrees: a Bachelor of Business Administration (BBA) from the Tippie College of Business and a Bachelor of Science in Engineering (BSE) from the College of Engineering. Students in the combined business/engineering degree program must declare the College of Engineering program of study as their primary (first) major.

Students in the combined business/engineering degree program must enroll in appropriate mathematics and engineering courses early during their course of study in order to complete the program in a timely way. Because courses in natural sciences, mathematics, humanities, and social sciences count toward the BBA and the BSE, students may be able to count certain courses toward both degrees.

BBA/BSE students usually meet the degree requirements of both colleges in about five years; time required depends on a student's choice of major study areas.

For information about engineering majors, see Bachelor of Science in Engineering [p. 1446] (College of Engineering) in the catalog. To learn more about requirements for the combined business/engineering degree, consult the Undergraduate Program Office in the Tippie College of Business and the Student Development Center in the College of Engineering.

## BBA/MS in Business Analytics or MS in Finance

The combined Bachelor of Business Administration/Master of Science in business analytics or Master of Science in finance allows undergraduate students majoring in any of the six BBA majors the opportunity to begin work toward the MS while completing the BBA. The program allows students to count a limited amount of credit toward both degrees, enabling students to finish the MS one semester early.

Students apply to the Master of Science program in the third year of undergraduate study and begin masters-level work in the fourth year of undergraduate study. For information on these graduate programs, see MS in business analytics [p. 1141] and MS in finance [p. 1187] in the catalog.

## BBA/JD

The Tippie College of Business 3+3 agreement with the College of Law allows well-prepared students the opportunity to apply for admission to the College of Law during their third year, and if accepted, to begin work on the Juris Doctor degree during their fourth year of study in the BBA degree program. Students participating in the $3+3$ program apply to the College of Law and are required to submit a Law School Admission Test (LSAT) score. If a student is admitted into the JD program, the Tippie College of Business accepts all credit earned during the first year of law school to satisfy the remaining elective hours required to earn the BBA degree.
The $3+3$ option is open to students in all BBA majors. Students who wish to pursue this opportunity are required to plan early in their undergraduate career, as all degree requirements except elective hours must be completed in the first three years of BBA study.

For more information, see the 3+3 Program for Undergraduates on the College of Law website.

## Honors

## Honors in the Major

Outstanding students in the college have an opportunity to undertake independent research under the supervision of a faculty member. To graduate with honors in the major, students must complete an honors thesis under the supervision of a Tippie College of Business faculty member. Students begin by completing BUS:1999 Introduction to Research in Business prior to the commencement of their thesis work. This course introduces students to research in the college and provides an opportunity to develop thesis questions and meet faculty members engaged in research.

Students then identify a faculty thesis advisor and complete their research and thesis writing over the course of two semesters, registering for the appropriate honors thesis course for both semesters from the following list. With faculty permission, students may elect to complete the thesis with another Tippie College of Business student.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| ACCT:4999 | Honors Thesis in Accounting | arr. |
| BAIS:4999 | Honors Thesis in Business <br> Analytics | arr. |
| BUS:4999 | Honors Thesis in Business | arr. |
| ECON:4999 | Honors Thesis in Economics | arr. |
| FIN:4999 | Honors Thesis in Finance | arr. |
| MGMT:4999 | Honors Thesis in Management | arr. |
| MKTG:4999 | Honors Thesis in Marketing | arr. |

To earn the BBA with honors in the major, students must successfully complete all college requirements with a grade-point average of at least 3.50 in all courses taken at Iowa, all business courses taken at Iowa, all courses taken (including transfer courses), and all business courses taken (including transfer courses). Students also must present their research in a poster format at the spring or fall Undergraduate Research Festival.

See Tippie Honors on the Tippie College of Business website to learn more.

## University of Iowa Honors Program

Completing the honors in the major requirements also satisfies the experiential learning requirement for the University of Iowa Honors Program. To learn more about graduating with university honors through the University of Iowa Honors Program, visit the Honors at Iowa website.

Pre-business students interested in honors study are encouraged to participate in the University of Iowa Honors Program until they are admitted to the business college. Visit Honors at Iowa to learn about the university's honors program.

## Admission

Students enter the Tippie College of Business in one of two ways: direct admission or standard admission. All students admitted to the Tippie College of Business must follow the Tippie Honor Code. Students who meet the admission requirements may be denied admission upon evidence of postsecondary academic misconduct or other violations of the honor code. Students are required to meet with the associate dean, undergraduate programs, to discuss incidents of academic misconduct.

Admission standards are set by the Undergraduate Program Committee. All admission appeals are reviewed by the Undergraduate Program Office. Prospective students must submit acceptance of admission offers and all transcripts showing coursework that satisfies the Tippie College of Business admission requirements to the university's Office of Admissions by the appropriate deadline. Letters of recommendation are not accepted. For more information about application and admission, contact the Undergraduate Program Office.

## Direct Admission

Direct admission is designed to enable highly qualified high school students to enter the college directly after high school. Applicants must have a composite ACT score of 26 or higher (or SAT equivalent) and a high school grade-point average (GPA) of 3.60 or higher (on a 4.00 scale) to qualify. Applicants who meet one of the two published criteria for direct admission will be pooled for individual review with decisions made at the beginning of each month, December through March. Applicants who do not meet these criteria but who present a
strong academic record are carefully considered through a petition process.

Incoming high school students who are admitted to the College of Liberal Arts and Sciences as pre-business students may inquire about their admission decision by contacting the associate director of admissions and recruiting in the Tippie College of Business Undergraduate Program Office. For more information about admission requirements, see Undergraduate Program Admissions on the Tippie College of Business website.

Students granted direct admission to the college are eligible to apply for first-year scholarships. The application process is competitive and is based on high school record and an application essay.
Students who are directly admitted take BUS:1200 Tippie College Direct Admit Seminar in their first semester. The course, taught by a Tippie advisor in the Undergraduate Program Office and by undergraduate peer mentors, spans nine weeks and orients students to the University of Iowa and the Tippie College of Business.

## Standard Admission

University of Iowa students are eligible to apply to the Tippie College of Business through standard admission if they have completed or are completing the five prerequisite courses for admission to the college listed under "Common BBA Requirements" (see Requirements [p. 1126] in this section of the catalog) and have a GPA of at least 2.75 on the prerequisite courses, on all college coursework completed, and on all University of Iowa coursework. Applicants also must complete a University of Iowa ICON module, which opens after the application deadline, that provides information on collegiate policies, major selection, and course planning.

Transfer students who have completed the prerequisite courses and meet the GPA requirements also may apply through standard admission. Transfer students are not required to complete the University of Iowa ICON module but instead receive similar information through the orientation program.

Applications for standard admission must be submitted online. Application deadlines for current University of Iowa students are March 1 for fall admission and Oct. 1 for spring admission. Application deadlines for transfer students are May 1 for fall admission and Dec. 1 for spring admission.
Applicants should meet all admission requirements by the end of the semester in which they apply. Admission is not granted for the summer session or the three-week winter session. Grades from the three-week winter session do not count toward admission for the following spring semester, but grades from a summer session can count toward admission for the following fall semester.

Students who are denied admission may file an appeal for denial of admission to business if they can provide documentation of extenuating circumstances that affected their academic performance.

## Nondegree Admission

Students visiting from another institution who wish to enroll in undergraduate courses in order to earn credit that they can transfer to their home institution may be granted admission as undergraduate nondegree students. Nondegree students are not guaranteed access to specific courses; they must have the approval of the Undergraduate Program Office and may earn no more than 9 s.h. in nondegree status.

## Reentry Policy

All students who have been enrolled in another college or university since leaving the University of Iowa are required to submit official transcripts along with an application for reentry. Completed application materials must be received at least two weeks before the opening of classes. Reentry students are held to the requirements
that are published in the University of Iowa General Catalog for the session in which they reenter.

## Absent for 12 Months or More in Good Standing

Students absent from the University of Iowa for 12 months or more who left in good standing must apply to the UI Office of Admissions as returning students and must contact the Tippie College of Business Undergraduate Program Office for advising before registration. Good standing is defined as not on probation and not dismissed for any reason.

## Absent for 12 Months or More Not in Good Standing

Students absent from the University of Iowa for 12 months or more who were not in good standing when they left the university must file a petition with the Tippie College of Business Undergraduate Program Office to be reinstated. If the petition is approved, the student must apply to the UI Office of Admissions as a returning student; the Undergraduate Program Office notifies the Office of Admissions that a student's petition for reinstatement has been approved. The student also must schedule an appointment to see an advisor in the Tippie College of Business for advising before registration. Not in good standing is defined as being on probation or having been dismissed from the Tippie College of Business due to unsatisfactory scholarship, academic misconduct at the University of Iowa or at another institution, or a violation of the Tippie College Undergraduate Honor Code. Students who have been officially dismissed follow the procedures for reinstatement [p. 1123].

## Absent for Less Than 12 Months in Good Standing

Students absent for less than 12 months are not required to file an application for reentry. Students who were in good standing when they left the university should contact the Tippie College of Business Undergraduate Program Office for advising before registration. Reentry is approved regardless of any admission requirement changes.

## Absent for Less Than 12 Months Not in Good Standing

Students absent for less than 12 months are not required to file an application for reentry. Students who were not in good standing when they left the university must consult with an advisor in the Tippie College of Business; the student may be readmitted on probation. Readmitted students should contact the Tippie College of Business Undergraduate Program Office for advising before registration. Reentry is approved regardless of any admission requirement changes. Not in good standing is defined as being on probation or having been dismissed from the Tippie College of Business due to unsatisfactory scholarship, academic misconduct at the University of Iowa or at another institution, or a violation of the Tippie College Undergraduate Honor Code. Students who have been officially dismissed follow the procedures for reinstatement [p. 1123].

## Career Advancement

Tippie College of Business graduates enjoy a high placement rate. Over $90 \%$ of students reported that they found permanent employment, were pursuing graduate degrees, or were not seeking employment six months after graduation.
Tippie Undergraduate Career Services supports Tippie students with targeted career support and seeks to improve the job search experience and outcomes for Tippie undergraduate students. Visit their website or the Pomerantz Career Center website for more information.

Academic Plans

## Four-Year Graduation Plan

The following checkpoints list the minimum requirements students must complete by certain semesters in order to stay on the university's Four-Year Graduation Plan.

The following checkpoints are designed for students who enter the university as direct admission or pre-business students. In order to stay on the plan, pre-business students must maintain the grade-point averages required for admission to the Tippie College of Business and must apply for admission to the college the semester that the five prerequisite courses will be completed, but no later than before the fifth semester begins. The Four-Year Graduation Plan is not available to students who choose to pursue a double major in the college or to those enrolled in a combined degree program.

Before the third semester begins: RHET:1030 Rhetoric, ECON:1100 Principles of Microeconomics, MATH:1350 Quantitative Reasoning for Business, STAT:1030 Statistics for Business, and BAIS:1500 Business Computing Essentials, or equivalents; and at least one-quarter of the semester hours required for graduation.

Before the fifth semester begins: ACCT:2100 Introduction to Financial Accounting and ECON:1200 Principles of Macroeconomics, or equivalents; business core courses that satisfy prerequisites in a student's intended major; three-quarters of General Education requirements; and at least half of the semester hours required for graduation.
Before the seventh semester begins: three-quarters of business core requirements, approximately half of the coursework in the major (varies by major), and three-quarters of the semester hours required for graduation.
Before the eighth semester begins: approximately three-quarters of coursework in the major (varies by major).
During the eighth semester: all remaining coursework in the BBA degree and a sufficient number of semester hours to graduate.

## Iowa Degree in Three

Iowa Degree in Three is designed for students who are academically prepared to complete more semester hours per term than average or who come to the University of Iowa with completed college credits. It is a flexible, affordable option developed to meet the needs of highly motivated students. Students sign an agreement during their first semester of enrollment; meet with an advisor at least once a semester to review their plans and progress; take courses during summer sessions, if necessary; meet specific course checkpoints; and maintain the grade-point average required for the major.

The Tippie College makes several assumptions about candidates for the Iowa Degree in Three:

- students are prepared to enroll in MATH:1350 Quantitative Reasoning for Business during their first enrollment at the University of Iowa;
- students have fulfilled the General Education World Language requirement before matriculation;
- students are direct admits to the Tippie College of Business;
- students have earned at least 15 s .h. of college credit before matriculation; and
- students are not held for more than two English as a Second Language classes.

The Iowa Degree in Three is available for any of the majors offered by the Tippie College of Business.

## Business Administration

Undergraduate minor: business administration
Website: https://tippie.uiowa.edu/
The Tippie College of Business offers a minor in business administration for non-business students. The minor is open to all University of Iowa undergraduates except those majoring in business (Tippie College of Business) and interdepartmental studies majors in the business studies track (College of Liberal Arts and Sciences).

## Programs

Undergraduate Program of Study

## Minor

- Minor in Business Administration [p. 1132]

## Business Administration, Minor

## Requirements

The undergraduate minor in business administration requires 36 s.h., including at least 12 s.h. offered by the Tippie College of Business. Students must maintain a grade-point average of at least 2.00 in the minor overall and in all courses in the minor taken at the University of Iowa. Coursework in the minor may not be taken pass/nonpass.

The minor can be earned by any University of Iowa undergraduate student except those majoring in business (Tippie College of Business) and interdepartmental studies majors in the business studies track (College of Liberal Arts and Sciences).

The minor in business administration requires the following courses, or their equivalents. Some of these courses have prerequisites and other requirements for registration; students must complete a course's prerequisites and meet its registration requirements before they may register for the course. For more information, visit Minor in Business Administration on the Tippie College of Business website.

| Course \# | Title | Hours |
| :---: | :---: | :---: |
| ACCT:2100 | Introduction to Financial Accounting | 3 |
| ACCT:2200 | Managerial Accounting Analytics and Data Visualization | 3 |
| BAIS:1500 | Business Computing Essentials | 2 |
| ECON:1100 | Principles of Microeconomics | 4 |
| ECON:1200 | Principles of Macroeconomics | 4 |
| FIN:3000 | Introductory Financial Management | 3 |
| MATH:1350 | Quantitative Reasoning for Business | 4 |
| MGMT:2000 | Introduction to Law | 3 |
| MGMT:2100 | Introduction to Management | 3 |
| MKTG:3000 | Introduction to Marketing Strategy | 3 |
| STAT:1030 | Statistics for Business | 4 |
| Total Hours |  | 36 |

Students who will have completed all requirements for the minor when they graduate should indicate a business administration minor on their Application for Degree. Contact the Undergraduate Program Office for more information about the minor in business administration.

## Academic Plans

## Sample Plan of Study

Sample plans represent one way to complete a program of study Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.

## Business Administration, Minor

Course Titl
Hours
Academic Career
Any Semester
Thoughtful planning is required to complete the courses necessary for a minor.
At least 12 semester hours of coursework must be completed in the Tippie College of Business. See MyUI course listing for administrative home of courses required for the minor.

An overall grade-point average of at least 2.00 is required on all courses taken and on courses taken at The University of Iowa. (2.00 GPA on all courses, not each course).

Coursework in the minor may not be taken pass/nonpass.
Exceptions made for the minor may not satisfy
requirements for the Bachelor of Business Administration degree. See an advisor in C140 PBB for more information.

a This course has prerequisites. See MyUI course listing for details.
b Students must meet the stated prerequisites or ALEKS score to enroll in MATH:1350 or MATH:1380. Discuss math placement with your academic advisor.
c MATH: 1350 is a new course effective fall 2020; students should take MATH:1350, MATH:1380, or a calculus course to complete this requirement.
d Enrollment in math courses requires completion of a placement exam.
e This course is designed to be taken early in your studies as the content is important to subsequent classes. See MyUI for prerequisites.
f Check MyUI for course requirements.

# Business Analytics 

## Chair

- Kang Zhao

# Director, Undergraduate Program 

- Kristina Bigsby

## Codirectors, Master of Business Analytics

- Patrick J. Johanns, Qihang Lin

Director, PhD Program

- Samuel Burer

Undergraduate major: business analytics and information systems (BBA)
Graduate degrees: MS in business analytics; business analytics subprogram for the PhD in business administration
Graduate certificate: business analytics
Faculty: https://tippie.uiowa.edu/people?department=Business \%20Analytics

Website: https://tippie.uiowa.edu/about/business-analytics-department
The Department of Business Analytics specializes in using advanced computational and mathematical techniques to solve critical business problems. Its strengths in research and instruction include operations management, optimization, machine learning, natural language processing, network science, and data mining.

The department offers the undergraduate major in business analytics and information systems. Off-campus offerings include the parttime Master of Science program in business analytics and a graduate Certificate in Business Analytics located in Des Moines, Cedar Rapids, and online. On-campus graduate programs include the fulltime Master of Science program in business analytics and the Doctor of Philosophy in business administration with a business analytics subprogram.

The off-campus business analytics (professional) program collaborates with the Professional Master of Business Administration Program to offer combined MS/MBA degrees. Separate application to each degree program is required. Applicants must be admitted to both programs before they may be admitted to the combined degree program.

## Programs

## Undergraduate Program of Study

## Major

- Major in Business Analytics and Information Systems (Bachelor of Business Administration) [p. 1139]
Graduate Programs of Study
Majors
- Master of Science in Business Analytics (career) [p. 1141]
- Master of Science in Business Analytics (professional) [p. 1145]
- Business analytics subprogram for the Doctor of Philosophy [p. 1148] in Business Administration

## Certificate

- Certificate in Business Analytics [p. 1149]

Courses

## Business Analytics Courses

## BAIS:1300 First-Year Seminar

Small discussion class taught by a faculty member; topics chosen by instructor; may include outside activities (e.g., films, lectures, performances, readings, visits to research facilities).

## BAIS:1500 Business Computing Essentials 2 s.h.

Basic proficiency with common business application software (word processing, spreadsheet, presentation software, database); simulation training to achieve requisite skills; additional support available via optional textbook or ebook; online, modular, self-taught course.

## BAIS:2800 Foundations of Business Analytics

Introduction to business decision-making using data; students transform data into insight using visualization and statistics; introduction to Excel as a tool for business analytics. Prerequisites: (STAT:1030 or STAT:2010 or STAT:3100 or STAT:3101 or STAT:3120 or STAT:3510 with a minimum grade of B or STAT:4100 or BIOS:4120 or PSQF:4143 with a minimum grade of B) and (MATH:1350 or MATH:1380 or MATH:1460 or MATH:1550 or MATH: 1850 or MATH:1860) and (BAIS:1500 or CS:1020 or CS:1110 or CS:1210 or CS:2110 or ENGR:1300 or ENGR:2730).

## BAIS:3000 Operations Management <br> 2-3 s.h.

Strategic, tactical, operational issues that arise in management of production and service operations; product and process design, facilities planning, quality management, materials management, operations planning and scheduling, emerging technologies in production and service management. Prerequisites: STAT:2010 or STAT:3120 or STAT:3101 or STAT:2020 with a minimum grade of B or STAT: 3510 with a minimum grade of B or BIOS:4120 or STAT:3100 or PSQF:4143 with a minimum grade of B or STAT:1030 or STAT:4100.

BAIS:3005 Information Systems 2 s.h.
Application of computing principles to solving business problems; information technology in modern organizations; focus on sound data analysis to support decision-making; tools used for problem solving (i.e., databases, Python); role of information systems in organizations; components of information technology; internet and network economy; basic data analysis and visualization; emerging technologies. Prerequisites: BAIS:1500 or CS:1020.
BAIS:3020 Computational Thinking 3 s.h.
Introduction to algorithmic problem-solving logic with Python; use of data structures and programming constructs to manipulate data and solve business problems. Prerequisites: BAIS:3005 or CS:2110.

## BAIS:3025 Business Process Automation

$$
3 \text { s.h. }
$$

Explore the essential skills of mapping and measuring business processes and uncovering opportunities for improvement.
Through practical exercises and case studies, gain proficiency in process mining, utilizing data to analyze and optimize business processes. Learn the fundamentals of robotic process automation, discovering how automation technologies can streamline and enhance organizational efficiency. Students gain a comprehensive understanding of process analysis and automation, enabling them to drive innovation and operational excellence in diverse business environments. Prerequisites: BAIS:3005 or CS:2110.

BAIS:3050 Business Analytics and Information Systems Professional Preparation

1 s.h.
Information on career opportunities in the fields of business analytics and information systems (BAIS); introduction to the many career avenues available to a BAIS major and how to position oneself for success in those careers.

## BAIS:3070 Business Analytics and Information Systems Topics

Special topics in business analytics and information systems.
BAIS:3100 Accounting Systems and Analytics
Application of computer technology and internal controls to accounting and transaction processing systems; auditing of information systems; information systems infrastructure and trends; problem solving with Python and databases; accounting cycle operations. Prerequisites: ACCT:2200 and ACCT:2100 and (BAIS:3005 or CS:2110). Same as ACCT:3600.
BAIS:3140 Information Visualization 3 s.h. Instruments for reasoning about quantitative information; analyzing and communicating statistical information; main typologies of data graphics (data-maps, time-series, space-time narrative, relational diagrams, graphs and methods for dimensionality reduction); language for discussing data visualizations combined with knowledge of human perception of visual objects; how to visualize information effectively by using statistical methods, knowledge of human perception, and basics of data graphics. Prerequisites: BAIS:2800 and BAIS:3005.

## BAIS:3150 Emerging Technology Driving Business Innovation

3 s.h.
Emerging technologies (i.e., blockchain, Web 3.0, virtual reality, artificial intelligence, etc.) are at the forefront of driving business innovation; students learn from businesses actively using them and identify potential use cases for the technology.
BAIS:3200 Database Management 3 s.h.
Design, implementation, and use of relational database systems; emphasis on conceptual, logical, and physical data modeling; handson skill development with Structured Query Language (SQL).
Prerequisites: BAIS:3005 or CS:1210 or CS:2110 or CS:2230 or CS:3330 or ENGR:2730.

## BAIS:3250 Data Wrangling

Use of R programming to collect, process, and manipulate data; application of methods for descriptive and visual analytics to derive insights that can aid business decision-making. Prerequisites: (BAIS:2800 or STAT:2020 with a minimum grade of B or
STAT:4101 or ECON:4800) and BAIS:3020 and BAIS:3200.

## BAIS:3300 Digital Product Management

3 s.h.
Utilization of Agile project management to manage digital projects; many companies want employees who have experience managing technical projects; students experience each role on a project team as they prioritize backlogs, gather requirements, and deliver features that add value for their customer. Prerequisites: BAIS:3020 and BAIS:3200.

## BAIS:3400 Cloud Computing

Introduction to cloud providers (i.e., Amazon Web Services, Microsoft Azure) and the underlying technology to provide reliable, secure transmission of data between client and cloud provider; handson experience configuring compute, storage, database, application, and networking services to provide cost-effective solutions to solve businesses' everyday problems. Prerequisites: BAIS:3005 or CS:2110 or CS:1210.

## BAIS:3500 Data Mining

3 s.h.
Introduction to predictive analytics methods motivated by problems in operations, marketing, finance, and health care; data mining techniques including classification, regression, and clustering.
Prerequisites: (BAIS:2800 or STAT:2020 with a minimum grade of B or STAT:4101 or ECON:4800) and BAIS:3020 and BAIS:3200.

BAIS:3600 Data Engineering
3 s.h.
arr. Students Identify metrics to measure business initiatives, and identify and manipulate data artifacts necessary to track and measure success of those metrics; topics include ingesting streaming and batch data, creating data pipelines, warehousing appropriate data, and using software to create dashboards to visualize data. Prerequisites: BAIS:3020 and BAIS:3200.
BAIS:3800 Optimization and Simulation Modeling 3 s.h. Students utilize data and apply logic to construct optimization models to guide business decisions in operations, finance, accounting, marketing, economics, and human resources; leverage data to model uncertainty and construct Monte Carlo simulation models to quantify risk and assess different strategies. Prerequisites: BAIS:2800 or STAT:4101 or ECON:4800 or STAT:2020 with a minimum grade of B.

## BAIS:4050 Directed Readings

arr.
BAIS:4150 Business Analytics and Information Systems Capstone

3 s.h.
Relevant analytics project experience which facilitates a real professional engagement utilizing Tippie College Business analytics curriculum and delivering value to project sponsors; outcomes include client presentation, steps to recreate analysis, and project report. Prerequisites: BAIS:3250 and BAIS:3500 and ACCT:2200 and BUS:3000.
BAIS:4220 Advanced Database Management and Big Data 3 s.h.
Advanced database management topics; basics of semi-structured data and web services; how to retrieve real-world big data sets from web services; use of SQL and PL/SQL to analyze data in relational databases; big data related topics such as Hadoop and Hive. Prerequisites: BAIS:3200.
BAIS:4280 Cybersecurity 3 s.h.
3 s.h. High-level view of computer security and fostering a cybersecurity mindset which is in demand across all industries; frequent change of perspective from employee to CEO, casual home user, and hacker; broad range of topics; actionable items to make daily digital interactions more secure. Prerequisites: BAIS:3005 or CS:1210 or CS:2110 or CS:2230 or CS:3330 or ENGR:2730. Same as ACCT:4280.
BAIS:4540 Statistical Learning
3 s.h.
Introduction to supervised and unsupervised statistical learning, with a focus on regression, classification, and clustering; methods will be applied to real data using appropriate software; supervised learning topics include linear and nonlinear (e.g., logistic) regression, linear discriminant analysis, cross-validation, bootstrapping, model selection, and regularization methods (e.g., ridge and lasso); generalized additive and spline models, tree-based methods, random forests and boosting, and support-vector machines; unsupervised learning topics include principal components and clustering. Requirements: an introductory statistics course and a regression course. Recommendations: prior exposure to programming and/ or software, such as R, SAS, and Matlab. Same as DATA:4540, IGPI:4540, STAT:4540.
BAIS:4999 Honors Thesis in Business Analytics arr. Independent student project directed by faculty or staff advisor; culminates in thesis that conforms to University of Iowa Honors Program guidelines; may include empirical research, library research, applied projects.

## BAIS:6040 Data Programming in Python

Introduction to principles and practices of handling, cleaning, processing, and visualizing data using the Python programming language; basic data programming skills that can be applied to software development in any high-level programming language; data types, control structures, functions and modules, and other useful libraries for data manipulation and machine learning applications in Python.

## BAIS:6050 Data Management and Visual Analytics

3 s.h.
Understanding how data is stored in databases and learning the tools used to access the data is key to creating data sets used to answer many business questions; how to manage and access data in relational databases using Structured Query Language (SQL); basic principles of visual analytics using Tableau; techniques for presenting data retrieved from databases.

## BAIS:6060 Data Analysis with R

3 s.h.
Students practice the steps of handling, cleaning, processing, visualizing, and drawing conclusions from data using $R$ programming language; introduction to additional programming techniques and topics in machine learning; real-world group project; prior programming experience not required.

BAIS:6070 Data Science
3 s.h.
Underlying concepts and practical computational skills of data-mining tools including penalty-based variable selection (LASSO), logistic regression, regression and classification trees, clustering methods, principal components and partial least squares; analysis of text and network data; theory behind most useful data mining tools and how to use these tools in real-world situations; software for analysis, exploration, and simplification of large high-dimensional data sets. Prerequisites: MBA:8150 or BAIS:9100.
BAIS:6100 Text Analytics 3 s.h.
Concepts and techniques of text mining; practice of using statistical tools to automatically extract meaning and patterns from collections of text documents; topics include document representation, text classification and clustering, sentiment analysis and topic modeling. Prerequisites: BAIS:6040. Corequisites: BAIS:6070. Recommendations: prior or concurrent enrollment in data science course for part-time MS in business analytics program students is encouraged.

## BAIS:6105 Social Analytics 3 s.h.

Exploration of collection, management, and analysis of social data (interactions among actors); actors as individuals, organizations, or other collectives; sources for social data including social media, websites, annual reports, press releases, articles, and other traditional media. Prerequisites: BAIS:6040.
BAIS:6110 Big Data Management and Analytics 3 s.h. Introduction to advanced techniques for managing and analyzing big data using R programming language; non-relational data models, such as semi-structured (XML) and unstructured (key-value) data; state-of-the-art big data tools for non-relational data management, such as NoSQL databases and distributed databases (Hadoop); query languages such as Hive); design and implementation of data analysis methods on these platforms; students use introduced tools to implement analysis tasks on big data sets through exercises and course projects. Prerequisites: BAIS:6050 and BAIS:6040.

## BAIS:6120 Analytics Experience

 3 s.h.BAIS:6130 Applied Optimization 3 s.h.
Use of optimization (also called prescriptive analytics or mathematical programming) to make tactical and strategic decisions; advanced optimization skills including data collection and preparation, logical modeling, and solution interpretation and implementation within a software environment; applications in the various functional areas of business are discussed throughout. Prerequisites: (BAIS:9100 or MBA:8150) and BAIS:6040.

BAIS:6140 Information Visualization 3 s.h.
Exposure to problems and challenges of effectively interpreting and communicating the pervasive data that surround us; students cover the area of information visualization, grounded in theoretical foundations of visual perception, cognition, information design, human-computer interaction, and analysis of quantitative, unstructured, and relational data; lecture/seminar format with discussion of assigned readings, critiquing visualization examples, hands-on experience with a commercial information visualization application, and exploration of select open-source information visualization tools and toolkits.

## BAIS:6150 Financial Analytics

Businesses as well as investors are affected by fluctuating treasury bond rates, equity prices, and foreign exchange rates, and the risk must be measured; students focus on gaining knowledge of the classic financial models and statistical and risk metrics and scaling them up with analytics techniques (sorting with thresholds, portfolio optimization, decision trees, and database programming) to find the best investments based on historical data sets; beginning with descriptive analytics and pushing into predictive and prescriptive analytics, students build a software simulation laboratory using R. Prerequisites: (BAIS:9100 or MBA:8150) and BAIS:6040.

## BAIS:6160 Big Data Analytics

Principles of data mining and machine learning in the context of big data; basic data mining principles and methods (pattern discovery, clustering and ordering); analysis of different types of data (sets and sequences); machine learning topics including supervised and unsupervised learning, tuning model complexity, dimensionality reduction, nonparametric methods, comparing and combining algorithms, and applications of these methods; development of analytical techniques to cope with challenging and real big data problems; introduction to graphics processing unit (GPU) computing tools. Prerequisites: (BAIS:9100 or MBA:8150) and BAIS:6060.
BAIS:6170 Directed Readings - Graduate Business Analytics arr. Project and/or research with a faculty member as part of the graduate business analytics program. Requirements: enrollment in graduate business analytics program.
BAIS:6180 Healthcare Analytics
3 s.h.
Clinical data management is essential for evaluating evidencebased practice/performance-improvement projects; a high quality data management plan provides key stakeholders with information necessary to make decisions; plan components include identified processes and outcomes linked to variables and data sources, adequate statistical power, data cleaning and manipulation techniques, statistical methods, and meaningful presentation of variables that address stakeholder concerns and questions; students gain knowledge and skills necessary to develop and execute a data management plan within a final project. Prerequisites: (BAIS:9100 or MBA:8150) and BAIS:6050.

Students work in groups to complete semester-long projects pertaining to business analytics; all project stages are addressed including problem definition, data cleaning, analysis, and final presentation; appropriate tools from required courses used throughout. Prerequisites: BAIS:9100 and BAIS:6050 and BAIS:9110 and BAIS:6040 and BAIS:6070. Requirements: all CER courses and at least one master's course.

## BAIS:6190 Forecasting

Forecasting plays a central role in business decision-making, and accurate forecasts are needed when making decisions about investments, resource allocations, schedules, and inventory levels; quantitative forecasting tools; extrapolation of time series data (e.g., daily, weekly, monthly sales); exponential smoothing methods: time series extrapolations from autoregressive and autoregressive integrated moving average (ARIMA) Box-Jenkins models; regression models that predict a variable of interest from its own history as well as any other available information (e.g., sales promotions, price reductions); methods for assessing performance of forecasting methods. Prerequisites: MBA:8150 or BAIS:9100.
BAIS:6210 Data Leadership and Management 3 s.h. Core chief information officer (CIO) basics; focus on how to keep technology, systems, and procedures supporting business goal outcomes including management of information technology (IT)) teams, systems selection, vendor negotiation, change, information risk, data integrity, ethics, information system (IS) policies, strategies, cloud computing, and budget.
BAIS:6220 Business Analytics Certification Workshop 0-3 s.h. Preparation for one or more industry certifications in the field of business analytics; certification varies based on timing of course and current trends in business analytics; several options include certifications related to programming languages (e.g., Python, R, SQL), analytics tools (e.g., Tableau, PowerBI), or general professional skills certifications (e.g., Associate Certified Analytics Professional, Certified Associate in Project Management).

## BAIS:6230 People Analytics

3 s.h.
Developing, interpreting, and making decisions related to knowledge of human behavior, performance characteristics, and tendencies for organizational success and competitive advantage; data driven frameworks, strategies, and methods for job assignment, scheduling, skill acquisition, staffing, and cross training.

## BAIS:6280 Cybersecurity

High-level view of computer security and fostering a cybersecurity mindset which is in demand across all industries; frequent change of perspective from employee to CEO, casual home user, and hacker; broad range of topics; actionable items to make daily digital interactions more secure.

## BAIS:6300 Dynamic Programming

3 s.h.
Fundamentals of discrete sequential dynamic programming with special focus on situations in which outcomes are uncertain; formulation and analysis of deterministic and stochastic dynamic programs under several objective criteria; emphasis on rapidly expanding field of approximate dynamic programming; applications including inventory control, vehicle routing, and resource allocation.

## BAIS:6400 Cloud Computing

3 s.h.
Introduction to cloud providers (i.e., Amazon Web Services, Microsoft Azure) and underlying technology to provide reliable, secure transmission of data between client and cloud provider; handson experience configuring compute, storage, database, application, and networking services to provide cost-effective solutions to solve businesses' everyday problems.

BAIS:6420 Advanced Database Management and Big Data 3 s.h. Advanced database management topics; basics of semi-structured data and web services; how to retrieve real-world big data sets from web services; use of SQL and PL/SQL to analyze data in relational databases; big data related topics (e.g., Hadoop, Hive). Same as IGPI:6420.
BAIS:6480 Knowledge Discovery 3 s.h.
Knowledge discovery process including data reduction, cleansing, and transformation; advanced modeling techniques from classification, prediction, clustering, and association; evaluation and integration. Same as IGPI:6480.

3 s.h. BAIS:6500 Social Network Analytics: Models and Algorithms 3 s Preparation for future research in computational network analysis; introduction to methodology for analyzing various types of complex networks including social networks, information networks, and business networks; basic concepts of networks, models for network structures and dynamics, computational algorithms for analyzing networks; hands-on experience with analyzing real-world networks using third-party software or programming APIs.

## BAIS:6600 Linear Programming

3 s.h.
Mathematical programming models; linear and integer programming, transportation models, large-scale linear programming, network flow models, convex separable programming. Requirements: calculus and linear algebra. Same as IGPI:6600, ISE:6600.
BAIS:6700 Discrete Optimization 3 s.h. Introduction to modeling and solving discrete optimization problems; integer programming, network flows, dynamic programming. Prerequisites: BAIS:6600. Same as IGPI:6700.

## BAIS:6900 Heuristic Search

3 s.h.
Design of heuristic search algorithms to find good (near-optimal) solutions to difficult (NP-hard) optimization problems that occur in many disciplines; basic heuristic concepts (local search, greedy search, problem decomposition) which serve as fundamental constructs for metaheuristics, including simulated annealing, genetic algorithms, tabu search, variable neighborhood search; introduction to various optimization problems and survey of various heuristic approaches; underlying theoretical structure of several heuristic methods; how to implement a heuristic algorithm.

BAIS:6999 Graduation Registration Requirement 1 s.h.
Requirements: professional business analytics MS degree candidate in final semester and all mandatory courses completed.
BAIS:7000 Business Analytics Topics
3 s.h.
Same as IGPI:7000.
BAIS:7500 Statistical Machine Learning 3 s.h. Regularization methods for sparse models, computational algorithms for large scale problems, statistical inference in high-dimensional models, reproducing kernel Hilbert space, supervised learning, nonparametric density and conditional density estimation, neural networks and deep learning, optimal transport and generative learning, dimension reduction and representation learning. Prerequisites:
STAT:5100 or STAT:5200. Same as STAT:7500.
BAIS:7900 Special Topics in Business Analytics
arr.
BAIS:7925 Machine Learning and Causal Inference 3 s.h.
Exploration of methods and research at intersections of machine learning and causal inference; examination of intersections related to regression and classification, regularization, treatment effects, counterfactuals, text analytics, dimensionality reduction, and causal trees.

## BAIS:7950 Directed Readings

BAIS:7975 Thesis in Business Analytics arr. Requirements: PhD enrollment.
BAIS:8130 Business Communication
1-3 s.h.
Effective communication to become a successful business professional and leader; strengthen ability to speak and write confidently, competently, and effectively regardless of venue; varied team and individual presentation coaching, applied exercises. Requirements: admission to MS in business analytics (career) program.
BAIS:9010 Contemporary Topics in Analytics 1-3 s.h.
Content from cutting edge topics in business analytics, operations, and project management; topics vary.

BAIS:9100 Data and Decisions
Introduction to business analytics; utilizing Excel to apply descriptive and predictive analytical tools to solve practical business problems using real world data; dealing with uncertainty in decision-making; formal probability concepts and statistical methods for describing variability (decision trees, random variables, hypothesis testing); application of techniques (linear regression, Monte Carlo simulation, linear optimization) to model, explain, and predict for operational, tactical, and strategic decisions.

## BAIS:9110 Advanced Analytics

2-3 s.h.
Development of data-driven, problem-solving skills for prediction of uncertain outcomes and prescription of business solutions; linear and nonlinear regression, Monte Carlo simulation, forecasting, data mining, and optimization utilizing spreadsheets and dedicated software packages. Prerequisites: MBA:8150 or BAIS:9100.

BAIS:9120 Managing the Supply Chain
2-3 s.h.
Design, operation, and management of a supply chain; supplier and customer partnerships, supply base management, transportation and logistics, supply chain innovation, supply chain sustainability; supply chain risk management and performance metrics. Prerequisites: MBA:8240.

## BAIS:9130 Lean Process Improvement

3 s.h.
Design, management, and improvement of business processes which form the basis of every organization, ranging from manufacturing facilities to service providers and from for-profits to nonprofits; students learn the principles of lean thinking and continuous improvement through a series of hands-on exercises; team-based, data-driven approach on how to map a value stream, identify waste, analyze root causes, and brainstorm countermeasures for a variety of different processes. Recommendations: MBA:8240.
BAIS:9140 Agile Project Management 3 s.h.
Students prepare to create or participate in a successful agile work environment; learn various agile methods (e.g., scrum, lean, Kanban, XP); understand and apply tools, techniques, and approaches in an agile setting; and how to apply advanced agile topics (e.g., story mapping, advanced planning and estimating, scaling methods).
BAIS:9160 Supply Chain Analytics
Supply chain analytics applications for decision-making including demand forecasting, inventory management, capacity planning, and supply chain coordination. Prerequisites: MBA:8150 or BAIS:9100.

## BAIS:9210 Introduction to Modeling with VBA 2-3 s.h.

Introduction to programming Visual Basic for Applications in Excel; case studies in finance, marketing, operations, accounting.

BAIS:9220 Introduction to Information Systems 3 s.h. Effective ways for business firms to harness the power of information technology for strategic purposes; conventional and emerging architectures of information systems; integrated perspective on structural relationships among IT components; emphasis on case studies.

BAIS:9300 Innovations in Technology 2-3 s.h.
Current innovations in technology; examination of virtual reality including basics, hardware and history, applications, psychology; focus on experiencing prebuilt environments to develop an understanding of how virtual reality can be used in different industries rather than on building virtual reality environments; technical background not required.

## BAIS:9400 Professional Development and Business

## Acumen

0-3 s.h.
Professional development and business acumen in preparation for a postgraduate career; students explore how to grow a professional network, examine how to build depth of knowledge and breadth of business acumen, gain knowledge from industry professionals on current trends and activities in business analytics, and receive guidance and best practices on career management fundamentals as well as specific recommendations for business analytics students; exposure to relevant information important to student's major that does not clearly fit into academic coursework. Requirements: admission to MS in business analytics (career) program.

## Business Analytics and Information Systems, BBA

## Requirements

The Bachelor of Business Administration with a major in business analytics and information systems (BAIS) requires a minimum of 120 s.h., including 22 s.h. of work for the major. Students must have a cumulative grade-point average (GPA) of at least 2.00 in all college coursework attempted, all college coursework attempted in business, all college coursework attempted in the major, all coursework attempted at the University of Iowa, all business coursework attempted at the University of Iowa, and all coursework in the major attempted at the University of Iowa.
The program provides a variety of educational experiences that develop students' knowledge of managerial decision-making systems. Students acquire skill in applying this knowledge by constructing quantitative models, using computer technology, and creating database systems.
Students earning the BAIS major may not earn the major or minor in informatics.

The BBA with a major in business analytics and information systems requires the following coursework. For common BBA requirements, see the Bachelor of Business Administration [p. 1126] in the catalog.

| Requirements | Hours |
| :--- | :--- |
| Required Courses | 16 |
| Required Electives | 6 |

## Required Courses

| Course \# | Title | Hours |

## Career Advancement

The business analytics and information systems major prepares students for wide-ranging analytics and technology related opportunities. Graduates successfully seek careers as business analysts, data analysts, systems analysts, technology consultants and managers, and in many other types of technology and data-related careers. Graduates work in all different organizations across all industries. More details about the major and careers can be found in the Business Analytics and Information Systems Toolkit on the University Libraries website.

According to the Pomerantz Career Center's postgraduation data, $98 \%$ of students reported that they found permanent employment, were accepted to graduate school, or were not seeking employment within six months of graduation.
The Pomerantz Career Center offers multiple resources to help students find internships and jobs. For more information about careers, visit the Pomerantz Career Center website.

## Academic Plans

## Sample Plan of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.

## Business Analytics and Information Systems, BBA

Course Title Hours

Academic Career
Any Semester
Students are required to complete 52 s.h. of non-business coursework. Courses with a prefix of ACCT, BAIS, BUS,
ECON, ENTR, FIN, MGMT, and MKTG will not count towards non-business hours. Check degree audit for nonbusiness hours or confer with academic advisor.
Students who need to complete the World Language requirement should consult with their academic advisor about when to add courses to plan of study. World Language counts as non-business coursework.
To fulfill the Tippie RISE experiential learning 0-3 requirement, complete an approved course in at least one of the following categories: research with faculty, internship course, study abroad, experiential course. ${ }^{\text {a }}$
Students must satisfy the Tippie College of Business residence requirement: 45 s.h. of UI coursework after admission to Tippie.

| Completion of BAIS:2800 Foundations of Business Analytics, BAIS:3000 Operations Management, and BAIS:3005 Information Systems by the end of the second year or no later than the first semester of the third year is essential for major course sequencing. |  |  |
| :---: | :---: | :---: |
|  | Hours | 0-3 |
| First Year |  |  |
| Fall |  |  |
| MATH:1350 | Quantitative Reasoning for Business ${ }^{\text {b }}$ | 4 |
| RHET:1030 | Rhetoric | 4 |
| ECON:1100 | Principles of Microeconomics | 4 |
| GE: Social Sciences ${ }^{\text {c }}$ |  | 3 |
| CSI:1600 | Success at Iowa | 2 |
|  | Hours | 17 |
| Spring |  |  |
| STAT:1030 | Statistics for Business | 4 |
| ECON:1200 | Principles of Macroeconomics | 4 |
| BAIS:1500 | Business Computing Essentials | 2 |
| ENGL:1200 | The Interpretation of Literature | 3 |
| GE: Diversity and Inclusion ${ }^{\text {c }}$ |  | 3 |
|  | Hours | 16 |

a See degree audit for course options.
b Enrollment in math courses requires completion of a placement exam.
c GE courses may be completed in any order unless used as a prerequisite for another course. Students should consult with an advisor about the best sequencing of courses.
d Complete BUS:2200 by the end of the second year, before enrolling in BAIS:3050.
e Must be admitted to Tippie to enroll in BUS:3000. Generally completed during the second year, but should be taken no later than the third year.
f Select from list of approved courses in the General Catalog or on degree audit.
g Students should consider in their planning that ACCT:2200, BAIS:3250, BAIS:3500, and BUS:3000 are prerequisites for the capstone course.
h Please see Academic Calendar, Office of the Registrar website for current degree application deadlines. Students should apply for a degree for the session in which all requirements will be met. For any questions on appropriate timing, contact your academic advisor or Graduation Services.

## Business Analytics (career), MS

Organizations are swimming in data, but often lack the talent and expertise to use it effectively for making decisions, revealing insights, and making predictions. Business analytics experts are changing that. The full-time Master of Science program in business analytics puts students on the leading edge of a burgeoning industry hungry for top notch talent.

Students learn the skills and techniques necessary to turn raw data into actionable insights. Descriptive and diagnostic analytics are just starting points in the program. The skills learned develop students into decision-makers and data scientists adept at using predictive and prescriptive analytics to solve business problems.
The full-time science, technology, engineering, and mathematics (STEM) designated program is located in Iowa City. The plan of study spans three semesters and includes core courses, internships, and electives. Students have the opportunity to enroll in a combined degree program with an MS in finance, and current University of Iowa undergraduate students may apply to a combined undergraduate degree/MS graduate degree program. See "Combined Programs" in this section of the catalog for details.

## Learning Outcomes

Graduates will exhibit knowledge and skills relevant to data and its applications in business. They will demonstrate competence in the subareas of:

- descriptive analytics;
- predictive analytics; and
- prescriptive analytics.

Graduates will create and communicate solutions to data-related business problems that impact their organizations and communities. They will:

- approach, address, and solve a loosely defined business problem requiring the use, exploration, and analysis of data; and
- communicate effectively through oral, written, and visual forms.

Graduates will understand and explore ethical and privacy issues related to the use of data in the modern world. They will:

- contemplate ethical and privacy issues arising in their own work; and
- express a working knowledge of the major ethical and privacy issues facing the business-analytics profession, supported with examples from current events.

Graduates will demonstrate the ability to be effective team members in a diverse and complex world. They will:

- engage in effective team processes; and
- lead and support others to achieve collective goals.

## Requirements

The full-time Master of Science program in business analytics requires a minimum of $40 \mathrm{~s} . \mathrm{h}$. of graduate credit. Transfer credit may be accepted with approval from the program. A major grade-point average (GPA) and a cumulative GPA of at least 2.75 is required in all coursework.

The MS with a major in business analytics requires the following coursework.

| Requirements | Hours |
| :--- | :--- |
| Core Courses | 19 |
| Experience Course/Project | 3 |
| Electives | 18 |

## Core Courses

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| All of these: |  |  |
| BAIS:6040 | Data Programming in Python | 3 |
| BAIS:6050 | Data Management and Visual <br> Analytics | 3 |
| BAIS:6070 | Data Science | 3 |
| BAIS:8130 | Business Communication (taken <br> fall and spring semester for 1 <br> s.h. each) | 2 |
| BAIS:9100 | Data and Decisions |  |
| BAIS:9110 | Advanced Analytics |  |
| BAIS:9400 | Professional Development and <br> Business Acumen (taken fall <br> and spring semester for 1 s.h. <br> each) | 3 |
|  | Ber | 2 |
|  |  |  |

## Experience Course/Project

The experience course consists of a group project that solves a semester-long business problem.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| This course: |  |  |
| BAIS:6120 | Analytics Experience | 3 |
| Electives |  |  |

Elective coursework allows students to deepen or broaden their skills. Additional electives may be available for credit but must be preapproved.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| 18 s.h. from these: |  |  |
| BAIS:4280 | Cybersecurity | 3 |

## Combined Programs

## Undergraduate Degree/MS

Students working on an undergraduate degree program at the University of Iowa who are interested in earning an MS in business analytics may apply to a combined undergraduate degree/MS graduate degree program. The Undergraduate to Graduate (U2G) program enables students to begin work on an MS as they complete their baccalaureate degree. Combined degree programs enable students to earn both degrees in less time than it would take to earn the two degrees separately.
Separate application to each degree program is required. Applicants must be admitted to both programs before they may be admitted to the combined degree program. Visit the MS in business analytics

Undergraduate to Graduate page on the Tippie College of Business website for more information.

## MS/JD

The combined Master of Science in business analytics (career subprogram)/Juris Doctor allows students to pursue two degrees simultaneously, earning both more quickly than they would if the degrees were pursued separately. The Department of Business Analytics collaborates with the College of Law to offer the combined program.
Separate application to each degree program is required. Applicants must be admitted to both programs before they may be admitted to the combined program. For more information, see the Juris Doctor, JD [p. 1720] (College of Law) in the catalog.

## MS/MS in Finance

The combined Master of Science in business analytics (career subprogram)/Master of Science in finance allows students to pursue two degrees simultaneously, earning both more quickly than they would if the degrees were pursued separately. The Department of Business Analytics collaborates with the Department of Finance to offer the combined program.
A single admission application is available for the combined degree program. For more information, see the MS in finance [p. 1187] in the catalog.

## Admission

Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations on the Graduate College website.
Applicants must:

- have earned a bachelor's degree from a U.S. college or university, or have earned an equivalent degree from another country;
- submit unofficial transcripts with their application and official transcripts for admission;
- have earned a minimum grade-point average of at least 3.00 or the international equivalent;
- submit a current résumé that includes information about employment (if applicable), education, extracurricular activities, and community involvement; and
- submit a statement of purpose with a maximum length of 500 words.
Applicants whose first language is not English must submit official test scores to verify English proficiency. They can verify English proficiency by submitting official test scores from the Test of English as a Foreign Language (TOEFL), the International English Language Testing System (IELTS), or the Duolingo English Test (DET). Applicants who use the IELTS or DET are required to take the oncampus English Proficiency Examination.
Application deadlines are as follows.
- Priority deadline: Dec. 15.
- International student deadline: March 15.
- Domestic student deadline: June 15.

Visit the MS in business analytics Admissions page on the Tippie College of Business website for full admission details.

Career Advancement
The Graduate Career Services team offers multiple resources to help students find internships and jobs. Visit Graduate Career Services on the Tippie College of Business website for details.

b BAIS:9400 is taken during both fall and spring of the first year for a total of $2 \mathrm{~s} . \mathrm{h}$.
c Choose from a pre-approved elective list or contact academic advisor for consideration and approval of another course.
d BAIS:8130 is taken during both first year spring and second year fall for a total of 2 s.h.
e Choose between a summer internship or summer research project.

## Business Analytics (professional), MS

The digital revolution empowered by the internet and computer technology in business and individual life during the last several decades has generated unimaginable amounts of data in the form of digital records stored in databases and file servers. The volume, velocity, and variety of these data have produced a new set of problems and challenges for businesses and organizations in their pursuit of competitiveness, effectiveness, and efficiency. These problems and challenges also have created unprecedented opportunities for businesses and organizations to discover, model, understand, and serve their customers and partners in ways never imagined and to supply details never possible before. Businesses and organizations that are able to master this volume of data will have a tremendous competitive advantage over their competition in the marketplace.
As the need for business analytics grows, demand for professionals who understand and are capable of working with and exploring this data has exploded in recent years. This program addresses the growing need to manage and analyze the rapidly increasing amount of data that is available to support business decision-making.

Students in the part-time program take analytics and business elective courses online and may choose to take select business electives offered occasionally in-person through the Iowa MBA in Cedar Rapids or Des Moines.

## Learning Outcomes

Graduates will exhibit knowledge and skills relevant to data and its applications in business. They will demonstrate competence in the subareas of:

- descriptive analytics;
- predictive analytics; and
- prescriptive analytics.

Graduates will create and communicate solutions to data-related business problems that impact their organizations and communities. They will:

- approach, address, and solve a loosely defined business problem requiring the use, exploration, and analysis of data; and
- communicate effectively through oral, written, and visual forms.

Graduates will understand and explore ethical and privacy issues related to the use of data in the modern world. They will:

- contemplate ethical and privacy issues arising in their own work; and
- express a working knowledge of the major ethical and privacy issues facing the business-analytics profession, supported with examples from current events.

Graduates will demonstrate the ability to be effective team members in a diverse and complex world. They will:

- engage in effective team processes; and
- lead and support others to achieve collective goals.

## Requirements

The part-time Master of Science program in business analytics requires a minimum of 30 s.h. of graduate credit. A maximum of 6 s.h. of transfer credit may be accepted with approval from the program. Students who wish to include the 15 s.h. earned from the Certificate in Business Analytics toward the MS may do so as long as their
coursework is not more than 10 years old from the date of the MS degree conferral. A major program grade-point average (GPA) and a cumulative GPA of at least 2.75 is required.

The MS with a major in business analytics requires the following coursework.

| Requirements | Hours |
| :--- | :--- |
| Core Courses | 15 |
| Experience Course/Project | 3 |
| Electives | 12 |

Some courses have prerequisites; students must complete all of a course's prerequisites before they may register for that course.

## Core Courses

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| All of these: | Data Programming in Python | 3 |
| BAIS:6040 | Data Management and Visual <br> Analytics | 3 |
| BAIS:6050 | Data Science | 3 |
| BAIS:9070 9110 | Advanced Analytics | 3 |
| One of these: | Data and Decisions | 3 |
| BAIS:9100 | Data and Decisions | 3 |

If a core course is waived, it must be replaced with an approved analytics elective.

## Experience Course/Project

The experience course consists of a group project that solves a semester-long business problem. Students should take this course after they have completed the core courses and one elective course.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| This course: |  |  |
| BAIS:6120 | Analytics Experience | 3 |

## Electives

Elective coursework allows students to deepen or broaden their skills.

| Combined Programs |  |  |
| MS/MBA | (Professional Program) |  |

The combined Master of Science in business analytics (professional subprogram)/Professional Master of Business Administration Program allows students to pursue two degrees simultaneously, earning both more quickly than they would if the degrees were pursued separately. The Department of Business Analytics collaborates with the Master of Business Administration Program to offer combined MS/MBA degrees.

Separate application to each degree program is required. Applicants must be admitted to both programs before they may be admitted to the combined degree program. For information about the MBA, see the MBA Professional Program in the Master of Business Administration [p. 1217] section of the catalog.

## Admission

Applicants must meet the admission requirements of the Graduate College and the Master of Science in business analytics (professional subprogram); see the Manual of Rules and Regulations on the Graduate College website and the part-time Master of Science in business analytics (professional subprogram) admission guidelines on the Tippie College of Business website.

## Career Advancement

The Career Services team offers multiple resources to help students reach their career goals. For more information, see Graduate Career Services on the Tippie College of Business website.

## Academic Plans

## Sample Plan of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.

a Analytics courses are offered in an 11-week format in fall, spring and summer online. MBA:8150 can be taken to fulfill the Data and Decisions requirement and is taught in an 8-week format, available in-person or online. Consult with your advisor and/or the schedule for more details.
b Students must complete specific requirements in the University of Iowa Graduate College after program admission. Refer to the Graduate College website and the Manual of Rules and Regulations for more information.
c See the General Catalog for a list of approved courses.
d Students may take up to 6 s.h. of business electives through the Iowa MBA Program, which are offered in an 8-week format.

Business electives are offered fall, spring and summer and a select number of electives offered in winter session. Consult with your advisor and/or the schedule for more details.
e Consists of a group project that solves a semester-long business problem. Students should take BAIS:6120 after they have completed the core courses and at least one elective course.
f See Academic Calendar, Office of the Registrar website for current degree application deadlines. Students should apply for a degree for the session in which all requirements will be met. For any questions on appropriate timing, contact your academic advisor.

## Doctor of Philosophy

Graduate students in business analytics may earn a Doctor of Philosophy in business administration. For a description of the PhD program and requirements, see the PhD in business administration [p. 1151] in the catalog and visit the Department of Business Analytics website.

Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations on the Graduate College website.

## Learning Outcomes

- To demonstrate proficiency and knowledge in the specialization discipline, students will demonstrate expertise in reading and interpreting academic research articles in their specialized discipline. They will be knowledgeable in the major theoretical perspectives and prior research findings in their area and be able to integrate prior research from various streams of literature.
- To demonstrate the ability to conduct independent, original research that leads to publications, students will be able to identify important research questions, execute an appropriate research design, and summarize their efforts in a research paper. This includes being able to read and summarize existing research into their paper and understanding the prior literature in a variety of substantive areas, paradigms, and methodologies.
- To be effective teachers in their disciplines, students will demonstrate proficiency as instructors in courses in their specialized discipline. This includes preparing course syllabi, giving lectures, writing assignments and exams, and evaluating students on the various deliverables.
- To demonstrate effective communications skills, students will be effective at communicating ideas in academic writing and how these ideas relate to each other within the context of an academic paper. This includes the ability to establish a position, show why that position matters, and situate that position within a context that is be determined by the appropriate audience. International students will demonstrate the ability to effectively lecture and communicate in English.

## Business Analytics, Graduate Certificate

Analytics—broadly defined as the scientific process of transforming data into insight for making better decisions-plays an increasingly critical role in business. Companies must be able to access and analyze this data intelligently. As the recognition of analytics has grown, so has the demand for analytics education.

The focus on business analytics entails a specific approach targeting the core business disciplines of business, including operations, information technology, finance, marketing, accounting, and human resources, among others.

## Learning Outcomes

Graduates will exhibit knowledge and skills relevant to data and its applications in business. They will demonstrate competence in the sub-areas of:

- descriptive analytics;
- predictive analytics; and
- prescriptive analytics.

Graduates will understand and explore ethical and privacy issues related to the use of data in the modern world. They will:

- contemplate ethical and privacy issues arising in their own work; and
- express a working knowledge of the major ethical and privacy issues facing the business-analytics profession, supported with examples from current events.

Graduates will demonstrate the ability to be effective team members in a diverse and complex world. They will:

- engage in effective team processes; and
- lead and support others to achieve collective goals.

## Requirements

The graduate Certificate in Business Analytics requires 15 s.h. of credit. Students may be allowed to apply up to 6 s.h. of previous graduate or professional coursework toward the certificate with program approval. A major program grade-point average (GPA) and cumulative GPA of at least 2.75 is required in order to complete the certificate.
Certificate courses are regularly offered online.
Applicants must meet the admission requirements of the Graduate College and the certificate in business analytics; see the Manual of Rules and Regulations on the Graduate College website and the certificate in business analytics admission guidelines on the Tippie College of Business website.
The Certificate in Business Analytics requires the following coursework.

| Course \# | Title | Hours |
| :--- | :--- | :--- |
| All of these: | Data Programming in Python | 3 |
| BAIS:6040 | Data Management and Visual | 3 |
| BAIS:6050 | Analytics |  |
|  | Data Science | 3 |
| BAIS:6070 | Advanced Analytics | 3 |

One of these:

| BAIS:9100 | Data and Decisions | 3 |
| :--- | :--- | :--- |
| MBA:8150 | Data and Decisions | 3 |

If a core certificate course is waived, the course must be replaced with an approved analytics elective.

## Doctor of Philosophy

Graduate degrees: MA in business administration; PhD in business administration

Website: https://tippie.uiowa.edu/phd
The Doctor of Philosophy program in business administration is an interdepartmental degree open to students in several Tippie College of Business departments. Basic requirements for the degree are detailed under Requirements [p. 1151] in the PhD in business administration section of the catalog. For additional information, see graduate programs in the accounting [p. 1112], business analytics [p. 1134], finance [p. 1181], management and entrepreneurship [p. 1198], and marketing [p. 1208] sections of the catalog.

The Tippie College of Business also offers a Doctor of Philosophy in economics; see economics [p. 1157] in the catalog.

## Programs

## Graduate Programs of Study

## Majors

- Master of Arts in Business Administration

The MA in business administration is a terminal degree; students are admitted into the PhD in business administration degree program.

- Doctor of Philosophy in Business Administration [p. 1151]

## Business Administration, PhD

## Learning Outcomes

Learning outcomes for PhD in business administration subprograms are included in each department's Doctor of Philosophy section of the catalog.

## Requirements

The Doctor of Philosophy program in business administration requires a minimum of 72 s.h., including approved transfer credit. The program is flexible, permitting students to choose a specialization area according to their interests. Coursework and related experience enable students to achieve competence in economic theory, statistical methods, and behavioral science as well as expertise in a major and minor study area. Students also have opportunities to develop research and teaching skills.

PhD coursework consists of prerequisites (as necessary), the PhD core, major and minor study areas, and dissertation research, described in brief below. For more detailed information about PhD requirements, contact the individual Tippie College of Business departments or visit their websites.

## Core Courses

Core courses develop research competence and provide background for specialized study. Doctoral students consult with their advisors to develop a study plan that reflects the individual student's background and interests and satisfies core requirements.

## Major Study Area

At least 12 s.h. of approved doctoral-level courses must be completed in one of the following areas: accounting, finance, human resource management, management information systems, marketing, operations management, organizational behavior, or quantitative methods.

## Minor Study Area

Students must complete a minimum of 9 s.h. of doctoral-level courses beyond the PhD core course requirements in one of the major study areas listed above or in a concentration outside the Tippie College of Business.

## Comprehensive Examinations

Students must satisfactorily complete a comprehensive examination, consisting of written or oral parts or both, at the discretion of their major department.

## Dissertation

Students must present a dissertation proposal at a forum attended by dissertation committee members and open to interested faculty members and graduate students, as established by the student's major department. Researching and writing the dissertation typically require two years of full-time effort.

## Final Examination

PhD candidates defend the dissertation in an oral examination attended by dissertation committee members and open to interested faculty members and graduate students.

## Admission

Applicants to the PhD program in business administration must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations on the Graduate College website.
Applicants must take the Graduate Record Examination (GRE) General Test or the Graduate Management Admission Test (GMAT) and have their scores sent to the university in order to be considered for admission. The Departments of Business Analytics, Finance, Management and Entrepreneurship, and Marketing accept test scores for either the GRE or GMAT. The Department of Accounting accepts only GMAT scores. Required scores on these tests and their weight in admission decisions vary by department.

Applicants whose first language is not English must submit official test scores to verify English proficiency. Applicants can verify English proficiency by submitting official test scores from the Test of English as a Foreign Language (TOEFL), the International English Language Testing System (IELTS) test, or the Duolingo English Test (DET) and have their scores sent to the University of Iowa. An IELTS total score of at least 7.0 with no subscore below 6.0 or a minimum score of at least 105 on the Duolingo English Test satisfies the English language requirement. Applicants who use the IELTS or Duolingo tests are required to take the on-campus English Proficiency Evaluation.

Admission is for fall entry. Completed applications should be submitted as early as possible and no later than the following deadlines.

- Accounting: Jan. 15
- Business Analytics: Jan. 15
- Finance: Jan. 15
- Management and Entrepreneurship: Dec. 15
- Marketing: Jan. 15

Visit PhD Programs on the Tippie College of Business website to learn more.

## Career Advancement

The Doctor of Philosophy program prepares students for research positions in business and government or for research and teaching positions at academic institutions.

## Academic Plans

## Sample Plans of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.

a Students must complete specific requirements in the University of Iowa Graduate College after program admission. Refer to the Graduate College website and the Manual of Rules and Regulations for more information.
b Choose an Information Systems course (BAIS:6480 or CS:4440) or an Operations Management/Quantitative Methods course
(BAIS:6600 or BAIS:7900); other specialization area courses may be substituted with departmental approval.
c May not include a course taken as part of the departmental core or research methodology requirements; work with faculty advisor to determine appropriate coursework in one of the three tracks (Information Systems, Operations Management, Quantitative Methods). Other courses may be added or substituted with departmental approval.
d Work with faculty advisor to select a course from approved list of research methodology courses.
e Work with faculty advisor to determine appropriate coursework and sequence.
f Courses outside of the department or the Tippie College of Business are often acceptable; work with faculty advisor to determine appropriate coursework and sequence.
g Comprehensive Exam requires current session enrollment.
h Choose from ECON:5115, ECON:5800, FIN:7120, or MKTG:7850; other courses in these areas many substituted with departmental approval.
i Dissertation defense.

## Economics

## Chair

- David J. Cooper

Undergraduate major: economics (BA, BS, BBA)
Undergraduate minor: economics
Graduate degrees: MA in economics; PhD in economics
Faculty: https://tippie.uiowa.edu/people?department=Economics
Website: https://tippie.uiowa.edu/about/economics-department
Economics is the study of how societies allocate limited resources to achieve competing ends. Using both empirical and deductive methods, economists analyze incentives, constraints, organizational forms, and market forces to understand patterns of production, exchange, and consumption of goods and services. Economics treats diverse issues such as wealth and poverty, government expenditures and taxation, prosperity and depression, inflation and unemployment, relations between management and labor, economic growth, environmental protection, health care delivery, the war on drug abuse, free trade versus protectionism, U.S. competitiveness in international markets, and the quality of American education.

The Department of Economics offers degree programs for undergraduates and for graduate students. It also partners with the Departments of Philosophy, Political Science, and Sociology and Criminology to offer the undergraduate major in ethics and public policy, an interdisciplinary program administered by the Department of Philosophy (College of Liberal Arts and Sciences); see Ethics and Public Policy [p. 464] in the catalog.

## Special Seminar

Each year, the Department of Economics offers a Clarence Tow Lectures in Economics seminar program that brings eminent economists from other universities and from government agencies to the University of Iowa campus. Presentations by department faculty members and students also are featured.

## Courses for Nonmajors

Students in the College of Liberal Arts and Sciences may wish to use economics courses as part of other majors or the GE CLAS Core [p. 19]. The introductory courses ECON: 1100 Principles of Microeconomics and ECON: 1200 Principles of Macroeconomics are approved for the Social Sciences area of the GE CLAS Core; they introduce the field of economics and the specialized topics of upperdivision courses. The intermediate theory courses ECON:3100 Intermediate Microeconomics and ECON:3150 Intermediate Macroeconomics provide a deeper foundation in the core theories and methods of the discipline. They serve as preparation for upperdivision field courses or as terminal courses in an economics plan of study.

Coursework in economics relates to majors in many other fields. For example, political science majors could select ECON:3650 Policy Analysis; international studies majors, ECON:3345 Global Economics and Business; environmental policy and planning majors, ECON:3625 Environmental and Natural Resource Economics; pre-law students, ECON:3800 Law and Economics; and statistics majors, ECON:4800 Econometric Analysis.

## Related Certificate

## Transportation Planning

The Transportation Planning Program offers the Certificate in Transportation Planning. The program focuses on the varied
and complex problems of transportation and on interdisciplinary approaches to addressing them. The certificate is coordinated by the School of Planning and Public Affairs. See the Certificate in Transportation Planning [p. 1704] (Graduate College) in the catalog.

## Programs

## Undergraduate Programs of Study

## Majors

- Major in Economics (Bachelor of Arts) [p. 1161]
- Major in Economics (Bachelor of Science) [p. 1164]
- Major in Economics (Bachelor of Business Administration) [p. 1167]

## Minor

- Minor in Economics [p. 1171]

Graduate Programs of Study

## Majors

- Master of Arts in Economics [p. 1172]
- Doctor of Philosophy in Economics [p. 1173]

## Courses

Students may take ECON:1100 Principles of Microeconomics and ECON:1200 Principles of Macroeconomics in either order or simultaneously. They are approved for the Social Sciences area of the College of Liberal Arts and Sciences GE CLAS Core [p. 19].
Qualified undergraduates may enroll in graduate-level courses with consent of the department chair.

## Economics Courses

## ECON:1100 Principles of Microeconomics <br> 4 s.h.

Organization, workings of modern economic systems; role of markets, prices, competition in efficient allocation of resources and promotion of economic welfare; international trade. Requirements: BBA students cannot use this course for GE CLAS Core Social Sciences. GE: Social Sciences.

ECON:1200 Principles of Macroeconomics 4 s.h.
National income and output, unemployment, and inflation; economic growth and development; money and credit; monetary and fiscal policy; government finance; international finance. Requirements: BBA students cannot use this course for GE CLAS Core Social Sciences. GE: Social Sciences.

## ECON:1300 First-Year Seminar

 1 s.h.Small discussion class taught by a faculty member; topics chosen by instructor; may include outside activities (e.g., films, lectures, performances, readings, visits to research facilities).
ECON: 3050 Professional Preparation in Economics 1 s.h. Overview of career avenues for economics majors; how to pursue different career paths and synergies with other courses/majors; development of hard and soft skills required for success in those careers; discussion of use of economics to understand current events; development of skills, strategy, and tools for successful internship and employment search.

ECON:3100 Intermediate Microeconomics
3 s.h.
Economic theory of the behavior of consumers, producers, and other economic agents; role of markets in coordinating economic activity; effects of government policies on market outcomes; conditions that markets require for efficient allocation of resources; market imperfections; strategic behavior of economic actors. Prerequisites: ECON:1100 and (MATH:1350 or MATH:1380 or MATH:1460 or MATH:1550 or MATH: 1850 or MATH:1860).
ECON:3125 Intermediate Microeconomics: Advanced 3 s.h. Economic theory of the behavior of consumers, producers, and other economic agents; role of markets in coordinating economic activity; effects of government policies on market outcomes; conditions that markets require for efficient allocation of resources; market imperfections; strategic behavior of economic actors; similar to ECON:3100, but with more rigorous examination of topics and use of calculus. Prerequisites: ECON:1100 and MATH:1850 and MATH:1860.

ECON:3150 Intermediate Macroeconomics 3 s.h.
Measurement of macroeconomic indicators; economic growth and business cycles; use of macroeconomic models to study the role of government fiscal and monetary policies. Prerequisites: ECON:1200 and (MATH:1350 or MATH:1380 or MATH:1460 or MATH:1550 or MATH:1850 or MATH:1860).

## ECON:3300 Introduction to Econometrics 3 s.h.

Statistical tools used in economic analysis; regression models; estimation and hypothesis testing; causal effects; application to economic data and questions; use of statistical software. Prerequisites: STAT:1030 and (MATH:1350 or MATH:1380 or MATH:1460 or MATH:1550 or MATH:1850 or MATH:1860).

## ECON:3325 Personnel Economics

3 s.h.
Microeconomic analysis of labor markets with special emphasis on strategic personnel choices of the firm; labor supply decisions made by workers; labor demand decisions made by firms; labor market equilibrium; returns to education; hiring, job design, evaluation, and compensation. Prerequisites: ECON:1100.
ECON:3335 Money, Banking, and Financial Markets 3 s.h. Role of money and financial institutions in determining domestic and international income, employment, and prices. Prerequisites: ECON:1100 and ECON:1200.
ECON:3345 Global Economics and Business 3 s.h.
Modern theories of international trade and investment; impact of tariffs and other restrictions on international trade; effects of export and production subsidies; free trade agreements; exchange rates and foreign exchange markets; international monetary arrangements; balance of payments; international economic policy. Prerequisites: ECON:1100 and ECON:1200.

## ECON:3350 Industry Analysis

Structural evolution; imperfect competition; resource allocation; development of public policy on monopoly; selected industries. Prerequisites: ECON: 1100 .

## ECON:3355 Economic and Business Forecasting

Development and utilization of forecasts of business and economic variables; application of modern statistical methods and software to quantitative forecasting problems. Prerequisites: ECON:1100 and ECON:1200 and (ECON:3300 or ECON:4800 or STAT:3200).

## ECON:3360 Experimental Economics <br> 3 s.h.

Experimental economics has significantly changed how economists think about many issues; techniques of experimental economics and major applications of these techniques; how to run an economic experiment; four major areas of economics that have been fundamentally changed by experimental economics include individual decision-making, models of fairness and reciprocity, game theory and applications, and markets; student participation and presentations of student research projects. Prerequisites: ECON:1100.

ECON:3380 Business and Government 3 s.h.
Examination of relationship between government, private sector, and citizenry; legal, regulatory, market, and civic context in which private sector functions; how business owners and entrepreneurs have shaped political and economic outcomes in the United States; central theme of exploring and understanding the nature of government policy, how policy affects businesses, and how policy affects societal welfare. Prerequisites: ECON:1100.
ECON:3620 Economic Growth and Development 3 s.h. Determinants of rising living standards; accumulation of physical and human capital; predictions of economic growth models compared to observed changes in living standards. Prerequisites: ECON:1100 and ECON:1200.

## ECON:3625 Environmental and Natural Resource

 Economics3 s.h.
Environmental and resource use problems; efficient mechanisms and other policies for environmental protection, management of common property resources. Prerequisites: ECON:1100 and ECON:1200. Same as URP:3135.

ECON:3640 Regional and Urban Economics 3 s.h.
Theory of location and regional development; central place theory; why cities exist and trade with one another; models of land use patterns, rents; empirical tests of models; policy applications.
Prerequisites: ECON:1100. Same as URP:3134.
ECON:3650 Policy Analysis
3 s.h.
Economic functions of government in modern economies; effects of government expenditures and taxation on allocation of resources. Prerequisites: ECON:1100.
ECON:3690 Sports Economics 3 s.h.
Theory and literature of economic issues in professional sports; issues such as relative advantages of large-and small-market teams, city subsidies for baseball and football stadiums, star players' true value to their teams; ideas from introductory economics (such as demand and cost curves) combined with additional economic theory, statistical evidence, and information about particular sports. Prerequisites: ECON:1100.

ECON:3750 Transportation Economics 3 s.h.
Overview of transportation markets-intercity, rural, urban; transportation modes-rail, highway, air, water, pipeline, transit; issues in finance, policy, planning, management, physical distribution, and environmental, economic, and safety regulation. Recommendations: ECON:1100 and ECON:1200. Same as GEOG:3940, URP:3350.

ECON:3760 Health Economics 3 s.h. Externalities and health behaviors; government influence on health behaviors; overview of health insurance and health insurance markets; health care costs; public health insurance; health insurance reforms. Prerequisites: ECON:1100.
ECON:3800 Law and Economics
Law examined through analytic tools of microeconomics; impact of legal rules on resource allocation, risk bearing, distribution of economic well-being. Prerequisites: ECON:1100.

## ECON:3850 Behavioral Economics <br> 3 s.h.

Behavioral economics is a relatively new field that applies insights gleaned from psychology to economics; standard economic theory assumes people are all homo economicus: we know exactly how to maximize our own utility, and we do it well; behavioral economists seek to improve microeconomic theory with more realistic assumptions about human behavior. Prerequisites: ECON:1100.

## ECON:3870 Federal Reserve Challenge

Experience what Federal Reserve economists do every day: study the real U.S. economy, make forecasts and policy recommendations, defend their views to academic and professional economists; development of analytical skills, teamwork, how to build presentations. Prerequisites: ECON:3100 and ECON:3150.

ECON:3875 Topics in Policy Economics 3 s.h. Topics vary. Prerequisites: ECON:1100 and ECON:1200.
ECON:4050 Readings and Independent Study in Economics arr.
ECON:4090 Natural Resource Economics
3 s.h.
Economics of natural resources; interaction between economic theory, empirical evidence, and public policy; land, water, fish, trees, minerals; externalities. Prerequisites: ECON:3100.

## ECON:4110 International Economics 3 s.h.

Neoclassical model of international trade; imperfect competition and international trade and investment; role of trade barriers; regional trade agreements and the World Trade Organization. Prerequisites: ECON:1100 and ECON:1200.

## ECON:4140 Labor Economics

Labor supply and demand; investments in human capital; compensating wage differentials; discrimination; long-term contracts; occupational choice; family decisions; unions; immigration. Prerequisites: ECON:3100.

## ECON:4160 Public Sector Economics

3 s.h.
Economic functions of government; social welfare programs; income distribution; policies that address market failures; budgetary processes; effects of government expenditures; taxation. Prerequisites: ECON:3100 and ECON:3150.

## ECON:4170 Monetary Economics

3 s.h.
Demand for and supply of money; money's role in economy;
empirical studies of money's impact; problems with monetary control. Prerequisites: ECON:3100 and ECON:3150.

## ECON:4180 Industrial Organization

3 s.h.
Market structure; effects of business practices, informational problems on market structure; appraisal of antitrust policies, government regulation of business. Prerequisites: ECON:3100.
ECON:4190 Mathematical Economics 3 s.h.
Mathematical structure of economic principles, problems, systems; may include constrained optimization, choice under uncertainty, general equilibrium and welfare economics, dynamical systems and control theory, game theory. Prerequisites: ECON:3100 and ECON:3150.

## ECON:4200 Game Theory <br> 3 s.h.

Basic concepts of game theory including dominance, backward induction, Nash equilibrium, evolutionary stability, commitment, credibility, asymmetric information, adverse selection, signaling; provides students with a working understanding of game theory; examples drawn from economics and politics. Prerequisites: ECON:3100 and ECON:3150.

ECON:4700 Topics in Analytical Economics 3 s.h. Topics vary. Prerequisites: ECON:3150 and ECON:3100.
ECON:4800 Econometric Analysis 3 s.h.
Linear regression models; causal effects; estimation and hypothesis testing; errors in variables; simultaneous equations; panel data; instrumental variables; limited dependent variables; emphasis on interpretation, methods, application of econometric modelling, and use of statistical software. Prerequisites: STAT:3101 or STAT:3120.

## ECON:4999 Honors Thesis in Economics

Independent research project supervised by economics faculty member; culminates in thesis required for honors in the major. Prerequisites: ECON:3100 and ECON:3150 and (ECON:3300 or ECON:4800).

1 s.h. ECON:5000 Economic Analysis I 3 s.h.
Basic metric topology, convex analysis, function spaces, measure theory and integration.

ECON:5005 Real Analysis for Economics 2 s.h.
Basic metric topology, convex analysis, function spaces, measure theory, and integration.
ECON:5010 Economic Analysis II
3 s.h.
Behavior under uncertainty, macroeconomic models; dynamic programming, asset pricing, saving, consumption.

ECON:5015 Dynamic Programming 2 s.h.
Finite- and infinite-horizon, discrete-time dynamic programming; discrete-time stochastic dynamic programming, including computational methods and some economic applications; continuoustime control theory.
ECON:5100 Microeconomics I
3 s.h.
Consumer choice theory, producer theory, choice under uncertainty, basic game theory. Offered fall semesters.

ECON:5110 Microeconomics II 3 s.h.
3 s.h. General equilibrium and welfare analysis, adverse selection, the principal-agent problem, social choice, mechanism design. Offered spring semesters. Prerequisites: ECON:5100.
ECON:5115 Fundamentals of Microeconomics 3 s.h.
Consumer theory, producer theory, partial equilibrium models,
expected and nonexpected utility theory.
ECON:5125 Game Theory 2 s.h.
Noncooperative and cooperative games, games of perfect and imperfect information, matching games.
ECON:5135 General Equilibrium 2 s.h.
Walrasian equilibrium and its properties, welfare economics, general
equilibrium and perfect competition, general equilibrium with externalities, general equilibrium under asymmetric information.
ECON:5145 Information Economics 2 s.h.
Markets with asymmetric information, allocation mechanisms, mechanism design.
ECON:5200 Macroeconomics I 3 s.h.
Economic growth, business cycles, money and inflation. Offered fall semesters.
ECON:5210 Macroeconomics II 3 s.h.
Dynamic macroeconomic models; stochastic macroeconomics;
time consistency equilibrium business cycle theory. Offered spring semesters. Prerequisites: ECON:5200.

ECON:5215 Fundamentals of Macroeconomics I 2 s.h.
Infinite horizon endowment economies; neoclassical growth models and dynamic general equilibrium.
ECON: 5225 Fundamentals of Macroeconomics II
2 s.h.
Real business cycle models; overlapping generations models.
ECON:5235 Fiscal Policy and Insurance in Macroeconomics 2 s.h. Fiscal policies, optimal taxation, and endogenous growth; uncertainty and incomplete markets, limited commitment, private information.
ECON:5245 Monetary Economics and Search Theory 2 s.h.
Introduction to monetary and financial economics; search theory and applications to labor and money markets.

## ECON:5800 Econometrics

3 s.h.
Statistical inference in single and multiple equation stochastic models, models with nonindependent or nonidentically distributed error structure, dynamic models; OLS, GLS, IV, ML estimation; asymptotic arr. distribution theory; exact, asymptotic hypothesis tests. Prerequisites: STAT:4101.

Probability theory, transformations and expectations, common families of distributions, multiple random variables, properties of a random sample, point estimation, hypothesis testing.
ECON:5810 Applied Econometrics
3 s.h.
Empirical problems; multiple linear regression, nonlinear regression, maximum likelihood, hazard functions, univariate and multivariate time series, flexible functional forms. Prerequisites: ECON:5800.

## ECON:5815 Theoretical Econometrics I

 2 s.h. Statistical inference in single and multiple equation stochastic models, models with nonindependent or nonidentically distributed error structure, dynamic models; OLS, GLS, IV, ML estimation; asymptotic distribution theory; exact, asymptotic hypothesis tests.ECON:5825 Theoretical Econometrics II 2 s.h.
Continuation of ECON:5815.
ECON:5855 Applied Econometrics I 2 s.h. Empirical problems; multiple linear regression, nonlinear regression, maximum likelihood, hazard functions, univariate and multivariate time series, flexible functional forms.
ECON:5865 Applied Econometrics II 2 s.h. Continuation of ECON:5855.

ECON:6310 Industrial Organization 3 s.h.
The firm, monopolistic competition, oligopoly and workable competition; industrial organization, nature of equilibrium under uncertainty. Prerequisites: ECON:5110.

ECON:6320 Labor Economics 3 s.h.
Problems and models, including intertemporal models of labor markets; uncertainty and labor market activity; retirement decisions, economic theories of fertility; economics of discrimination; job search models; economic models of unions; bargaining and strikes, public sector labor markets; determinants of income distribution; emphasis on empirical verification of theory. Prerequisites: ECON:5110 and (ECON:4800 or ECON:5800).
ECON: 6350 Structural Methods in Econometrics
2 s.h.
Introduction to structural econometric approaches which can be applied in labor economics, industrial organization, and elsewhere; theoretical frameworks used in this literature; identifying assumptions needed for model estimation and validation techniques; methods used for the estimation of structural models, including Maximum Likelihood, Method of Moments and simulation-based methods.
ECON:6420 Macroeconomics III 3 s.h.
Current research in macroeconomics; development of research topics with emphasis on theoretical and empirical analysis. Prerequisites: ECON:5110 and ECON:5800.
ECON:6500 International Trade Theory 3 s.h.
The theory of international trade, including basic models of international trade; capital and labor mobility and trade; protection of international trade; the political economy of international trade; empirical applications of international trade.
ECON:6900 Contemporary Topics in Economics 3 s.h.
Topics not offered in other courses.
ECON:7000 Seminar in Economic Theory
arr.
ECON:7010 Seminar in Economic Theory II arr.
ECON:7020 Seminar in Economics I 2 s.h.
ECON:7030 Seminar in Economics II 2 s.h.
ECON:7040 Seminar in Economics III 2 s.h.
ECON:7050 Seminar in Economics IV 2 s.h.
ECON:7870 Workshop in Microeconomics 1 s.h.
ECON:7880 Workshop in Macro and Monetary Economics 1 s.h.
ECON:7950 Readings in Economics
arr.

## Economics, BA

The BA in economics incorporates a balance of economic theory, mathematical tools, and field applications.

Students who major in economics complete three sets of requirements for the major: mathematics and statistics courses that provide the skills needed for understanding economic theory and data; economic theory courses that provide the tools needed for analyzing economic issues; and field courses that apply economic tools to business, social, or specialized analytical issues.
The Bachelor of Arts degree is awarded by the College of Liberal Arts and Sciences [p. 17].

## Requirements

The Bachelor of Arts with a major in economics requires a minimum of 120 s.h. of coursework, including 40 s.h. of coursework for the major. To graduate, students must have a cumulative grade-point average of at least 2.00 in all college coursework attempted, all coursework attempted at the University of Iowa, all college economics coursework attempted, and all economics coursework attempted at the University of Iowa. Coursework in the major may not be taken pass/ nonpass. Students also must complete the College of Liberal Arts and Sciences GE CLAS Core [p. 19].
Students may be able to count a limited amount of transfer credit toward the economics major, but they are required to complete the following courses at the University of Iowa: ECON:3100 Intermediate Microeconomics, ECON:3150 Intermediate Macroeconomics, and three of the applied field courses.

The major requires courses in mathematics and statistics, economic theory, and in applied field courses. Students should pay close attention to the order in which they take courses, since some courses are prerequisites for others.

The Department of Economics offers ECON:3050 Professional Preparation in Economics. This is not a required course to complete the BA with a major in economics; however, it is highly recommended for economics students as it prepares them for internships and future academic and professional career paths.

The BA with a major in economics requires the following coursework.

| Requirements | Hours |
| :--- | :--- |
| Mathematics and Statistics Courses | 11 |
| Economic Theory Courses | 14 |
| Applied Field Courses | 15 |

## Mathematics and Statistics Courses

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| All of these: |  |  |
| ECON:3300 | Introduction to Econometrics | 3 |
| MATH:1350 | Quantitative Reasoning for <br> Business | 4 |
| STAT:1030 | Statistics for Business | 4 |

## Economic Theory Courses

Course \# Title Hours

All of these (ECON:3100 and ECON:3150 must be taken at the University of Iowa):
ECON:1100 Principles of Microeconomics 4
ECON:1200 Principles of Macroeconomics 4

ECON:3100
ECON:3150
Intermediate Microeconomics
Intermediate Macroeconomics

## Applied Field Courses

Students complete five applied field courses ( 15 s.h.) selected from economics courses numbered ECON:3325 to ECON:3875, excluding ECON:3870 Federal Reserve Challenge. Three of the applied field courses must be taken at the University of Iowa.

## Teacher Licensure

Students interested in teaching in elementary and/or secondary schools should seek admission to the Teacher Education Program (TEP) in the College of Education.
To qualify for licensure in secondary teaching, students in the TEP complete a degree in education as well as a related College of Liberal Arts and Sciences degree. See Apply on the College of Education website for details on requirements and deadlines for applying to the College of Education and about TEP choices of majors leading to licensure.

## Honors

## Honors in the Major

Graduation with honors in economics recognizes high scholastic achievement based on grades and on completion of academic work beyond the requirements of the economics major. Students must have a cumulative grade-point average of at least 3.50 in all college coursework attempted, all coursework attempted at the University of Iowa, all college economics coursework attempted, and all economics coursework attempted at the University of Iowa. They also must successfully complete an honors thesis under the supervision of a faculty member.
Students begin by completing BUS: 1999 Introduction to Research in Business at least three semesters prior to graduation. This course introduces students to research in the college and provides an opportunity to develop thesis questions and meet Tippie College of Business faculty members engaged in research. They also must complete ECON:3100 Intermediate Microeconomics, ECON:3150 Intermediate Macroeconomics, and ECON:3300 Introduction to Econometrics before commencing thesis work.
After identifying a faculty member to advise them on their thesis and completing the coursework listed above, students register for ECON:4999 Honors Thesis in Economics for two semesters while they complete their research and write their thesis. In the second semester of their thesis, students present their research in a poster format at the Undergraduate Research Festival.
Students interested in graduating with honors in economics should visit the department's honors advisor at least three semesters prior to graduation.

## University of Iowa Honors Program

Completing the economics honors requirements also satisfies the experiential learning requirement for the University of Iowa Honors Program. To learn more about graduating with honors through the UI Honors Program, visit the Honors at Iowa website.
Membership in the UI Honors Program is not required to earn honors in the economics major.

## Career Advancement

The Bachelor of Arts degree provides an excellent educational background for a variety of positions in business and government.

Graduates find employment in banking, financial institutions, industrial firms, and trade organizations and in federal, state, and local government agencies dealing with economic policy, regulation, and analysis. An undergraduate degree in economics also prepares students for the study of law and for graduate study in fields such as economics, public policy, business management, public administration, hospital and health administration, planning and public affairs, transportation, journalism, political science, and statistics.

Over $90 \%$ of students reported that they found permanent employment, were accepted to graduate school, or were not seeking employment within six months of graduation.

The Pomerantz Career Center offers multiple resources to help students find internships and jobs. For more information about careers, visit the Pomerantz Career Center website.

## Academic Plans

## Four-Year Graduation Plan

The following checkpoints list the minimum requirements students must complete by certain semesters in order to stay on the university's Four-Year Graduation Plan.

Before the third semester begins: at least one-quarter of the semester hours required for graduation.
Before the fifth semester begins: at least half of the semester hours required for graduation.
Before the seventh semester begins: ECON:1100
Principles of Microeconomics, ECON:1200 Principles of Macroeconomics, ECON:3100 Intermediate Microeconomics, ECON:3150 Intermediate Macroeconomics, MATH:1350 Quantitative Reasoning for Business, STAT:1030 Statistics for Business, ECON:3300 Introduction to Econometrics, and at least three-quarters of the semester hours required for graduation.

Before the eighth semester begins: at least two applied field courses.
During the eighth semester: all remaining coursework in the major, all remaining GE CLAS Core courses, and a sufficient number of semester hours to graduate.

## Sample Plan of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.

a Sustainability must be completed by choosing a course that has been approved for Sustainability AND for one of these General Education areas: Natural Sciences; Quantitative and Formal Reasoning; Social Sciences; Historical Perspectives; International and Global Issues; Literary, Visual, and Performing Arts; or Values and Culture.
b Fulfills a major requirement and may fulfill a GE requirement.
c Students who have completed four years of a single language in high school have satisfied the GE CLAS Core World Languages requirement. Enrollment in world languages courses requires a placement exam, unless enrolling in a first-semester-level course.
d Students may use elective courses to earn credit towards the total s.h. required for graduation or to complete a double major, minors, or certificates.
e Enrollment in math courses requires completion of a placement exam.
f Both ECON:3100 and ECON:3150 must be completed at the University of Iowa.
g GE CLAS Core courses may be completed in any order unless used as a prerequisite for another course. Students should consult with an advisor about the best sequencing of courses.
h At least three of the applied field courses must be completed at the University of Iowa.
i Students must complete five ECON courses ( 15 s.h.) numbered 3325-3875 with the exception of ECON:3870.
j Please see Academic Calendar, Office of the Registrar website for current degree application deadlines. Students should apply for a degree for the session in which all requirements will be met. For any questions on appropriate timing, contact your academic advisor or Graduation Services.

## Economics, BS

The BS in economics incorporates a balance of economic theory, mathematical tools, and field applications while emphasizing the development of analytical skills.

Students who major in economics complete three sets of requirements for the major: mathematics and statistics courses that provide the skills needed for understanding economic theory and data; economic theory courses that provide the tools needed for analyzing economic issues; and field courses that apply economic tools to business, social, or specialized analytical issues.

The Bachelor of Science degree is awarded by the College of Liberal Arts and Sciences [p. 17].

## Requirements

The Bachelor of Science with a major in economics requires a minimum of $120 \mathrm{~s} . \mathrm{h}$. of coursework, including 41-43 s.h. of coursework for the major. To graduate, students must have a cumulative grade-point average of at least 2.00 in all college coursework attempted, all coursework attempted at the University of Iowa, all college economics coursework attempted, and all economics coursework attempted at the University of Iowa. Coursework in the major may not be taken pass/nonpass. Students also must complete the College of Liberal Arts and Sciences GE CLAS Core [p. 19].

Students may be able to count a limited amount of transfer credit toward the economics major, but they are required to complete the following courses at the University of Iowa: ECON:3125 Intermediate Microeconomics: Advanced and ECON:3150 Intermediate Macroeconomics, and two of the applied field courses.

The major requires courses in mathematics and statistics, economic theory, and in applied field courses. Students should pay close attention to the order in which they take courses, since some courses are prerequisites for others.

The BS program is ideal for students who plan to pursue a technical career in the public or private sector, a graduate degree in economics, or a law degree.

The Department of Economics offers ECON:3050 Professional Preparation in Economics. This is not a required course to complete the BS with a major in economics; however, it is highly recommended for economics students as it prepares them for internships and future academic and professional career paths.

The BS with a major in economics requires the following coursework.

| Requirements | Hours |
| :--- | :--- |
| Mathematics and Statistics Courses | $15-17$ |
| Economic Theory Courses | 14 |
| Applied Field Courses | 12 |

## Mathematics and Statistics Courses

The department recommends that students planning to pursue a graduate degree in economics take STAT:3100 Introduction to Mathematical Statistics I and STAT:3101 Introduction to Mathematical Statistics II rather than STAT:3120 Probability and Statistics. It also recommends that they complete additional coursework in mathematics, including MATH:2700 Introduction to Linear Algebra, MATH:2850 Calculus III, and MATH:3770 Fundamental Properties of Spaces and Functions I.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| All of these: | Calculus I-II | 8 |
| MATH: $1850 \&$ | Econometric Analysis |  |
| MATH:1860 | ECON:4800 | Introduction to Mathematical |
| One of these: | Statistics I-II (both courses <br> required) | 6 |
| STAT:3100- | Probability and Statistics | 6 |
| STAT:3101 $: 3120$ |  | 4 |

## Economic Theory Courses

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| All of these (ECON:3125 and ECON:3150 must be |  |  |
| taken at the University of Iowa): |  |  |
| ECON:1100 | Principles of Microeconomics | 4 |
| ECON:1200 | Principles of Macroeconomics | 4 |
| ECON:3125 | Intermediate Microeconomics: | 3 |
| ECON:3150 | Advanced |  |

## Applied Field Courses

Students complete four applied field courses (12 s.h.) selected from economics courses numbered ECON:3325 to ECON:4700, excluding ECON:3870 Federal Reserve Challenge and ECON:4050 Readings and Independent Study in Economics. At least two courses must be numbered between ECON:4090 and ECON:4700. Two of the applied field courses must be taken at the University of Iowa.

## Teacher Licensure

Students interested in teaching in elementary and/or secondary schools should seek admission to the Teacher Education Program (TEP) in the College of Education.

To qualify for licensure in secondary teaching, students in the TEP complete a degree in education as well as a related College of Liberal Arts and Sciences degree. See Apply on the College of Education website for details on requirements and deadlines for applying to the College of Education and about TEP choices of majors leading to licensure.

## Honors

## Honors in the Major

Graduation with honors in economics recognizes high scholastic achievement based on grades and on completion of academic work beyond the requirements of the economics major. Students must have a cumulative grade-point average of at least 3.50 in all college coursework attempted, all coursework attempted at the University of Iowa, all college economics coursework attempted, and all economics coursework attempted at the University of Iowa. They also must successfully complete an honors thesis under the supervision of a faculty member.

Students begin by completing BUS:1999 Introduction to Research in Business at least three semesters prior to graduation. This course introduces students to research in the college and provides an opportunity to develop thesis questions and meet Tippie College of Business faculty members engaged in research. They also must complete ECON:3125 Intermediate Microeconomics: Advanced, ECON:3150 Intermediate Macroeconomics, and ECON:4800 Econometric Analysis before commencing thesis work.

After identifying a faculty member to advise them on their thesis and completing the coursework listed above, students register for ECON:4999 Honors Thesis in Economics for two semesters while they complete their research and write their thesis. In the second semester of their thesis, students present their research in a poster format at the Undergraduate Research Festival.

Students interested in graduating with honors in economics should visit the department's honors advisor at least three semesters prior to graduation.

## University of Iowa Honors Program

Completing the economics honors requirements also satisfies the experiential learning requirement for the University of Iowa Honors Program. To learn more about graduating with honors through the UI Honors Program, visit the Honors at Iowa website.

Membership in the UI Honors Program is not required to earn honors in the economics major.

## Career Advancement

The Bachelor of Science degree provides an excellent educational background for a variety of positions in business and government. Graduates find employment in banking, financial institutions, industrial firms, and trade organizations and in federal, state, and local government agencies dealing with economic policy, regulation, and analysis. An undergraduate degree in economics also prepares students for the study of law and for graduate study in fields such as economics, public policy, business management, public administration, hospital and health administration, urban and regional planning, transportation, journalism, political science, and statistics.
Over $90 \%$ of students reported that they found permanent employment, were accepted to graduate school, or were not seeking employment within six months of graduation.

The Pomerantz Career Center offers multiple resources to help students find internships and jobs. For more information about careers, visit the Pomerantz Career Center website.

## Academic Plans

## Four-Year Graduation Plan

The following checkpoints list the minimum requirements students must complete by certain semesters in order to stay on the university's Four-Year Graduation Plan.

Before the third semester begins: at least one-quarter of the semester hours required for graduation.
Before the fourth semester begins: MATH:1850 Calculus I.
Before the fifth semester begins: MATH:1860 Calculus II and at least half of the semester hours required for graduation.

Before the sixth semester begins: STAT:3100 Introduction to Mathematical Statistics I (if chosen statistics course).

Before the seventh semester begins: ECON:1100 Principles of Microeconomics, ECON: 1200 Principles of Macroeconomics, ECON:3125 Intermediate Microeconomics: Advanced, ECON:3150 Intermediate Macroeconomics, STAT:3101 Introduction to Mathematical Statistics II (if chosen statistics course), and at least three-quarters of the semester hours required for graduation.
Before the eighth semester begins: STAT:3120 Probability and Statistics (if chosen statistics course) and at least two applied field courses.

During the eighth semester: ECON:4800 Econometric Analysis, all remaining coursework in the major, all remaining GE CLAS Core courses, and a sufficient number of semester hours to graduate.

## Sample Plan of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.
Economics, BS

1 At least two of the applied field courses must be completed at the University of Iowa.
mPlease see Academic Calendar, Office of the Registrar website for current degree application deadlines. Students should apply for a degree for the session in which all requirements will be met. For any questions on appropriate timing, contact your academic advisor or Graduation Services.

## Economics, BBA

The BBA in economics emphasizes the economic foundations of business fields-accounting, finance, marketing, business law, and management. Students who major in economics have the option to select the analytical track.
In addition to the common BBA requirements [p. 1126], students complete three sets of requirements for the major: mathematics and statistics courses that provide the skills needed for understanding economic theory and data; economic theory courses that provide the tools needed for analyzing economic issues; and field courses that apply economic tools to business, social, or specialized analytical issues. The course requirements vary, depending on whether a student selects the analytical subprogram.

The Bachelor of Business Administration degree is awarded by the Tippie College of Business.

## Requirements

The Bachelor of Business Administration with a major in economics requires a minimum of $120 \mathrm{~s} . \mathrm{h}$. of coursework, including at least 22 s.h. of coursework for the major. To graduate, students must have a cumulative grade-point average of at least 2.00 in all college coursework attempted, all coursework attempted at the University of Iowa, all college business coursework attempted, all business coursework attempted at the University of Iowa, all college economics coursework attempted, and all economics coursework attempted at the University of Iowa. Coursework in the major may not be taken pass/nonpass. They also must complete all Tippie College of Business requirements for the Bachelor of Business Administration [p. 1126].

The BBA program emphasizes the economic foundations of business fields-accounting, finance, marketing, business law, and management. The BBA with a major in economics is designed for students who seek employment in the public or private sectors or who plan to earn an MBA degree after gaining necessary experience. The analytical subprogram is designed for students interested in a more mathematically rigorous program. They will be well prepared for technical jobs in the public or private sectors as well as graduate study in economics and related fields.

The major requires a course in professional preparation, mathematics and statistics courses, economic theory courses, and applied field courses. Students in the analytical subprogram take required mathematics and statistics courses, but are not required to take MATH: 1350 Quantitative Reasoning for Business or STAT:1030 Statistics for Business. Students should pay close attention to the order in which they take courses, since some courses are prerequisites for others.

Students may be able to count a limited amount of transfer credit toward the economics major, but they are required to complete the following courses at the University of Iowa: ECON:3100 Intermediate Microeconomics or ECON:3125 Intermediate Microeconomics: Advanced, ECON:3150 Intermediate Macroeconomics, and two of the applied field courses.

The BBA with a major in economics (no subprogram) requires the following coursework.

| Requirements | Hours |
| :--- | :--- |
| Professional Preparation Course | 1 |
| Mathematics and Statistics Course | 3 |
| Economic Theory Courses | 6 |
| Applied Field Courses | 12 |

## Professional Preparation Course

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| This course: | Professional Preparation in | 1 |
| ECON:3050 | Economics |  |

## Mathematics and Statistics Course

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| This course: |  |  |
| ECON:3300 | Introduction to Econometrics | 3 |

Economic Theory Courses

| Course \# | Title | Hours |
| :--- | :---: | ---: |
| Both of these (must be taken at the University of Iowa): |  |  |
| ECON:3100 | Intermediate Microeconomics | 3 |
| ECON:3150 | Intermediate Macroeconomics | 3 |

## Applied Field Courses

Students complete four applied field courses (12 s.h.) numbered between ECON:3325 and ECON:4700, excluding ECON:3870 Federal Reserve Challenge and ECON:4050 Readings and Independent Study in Economics. Two of the applied field courses must be taken at the University of Iowa.

## Analytical Subprogram

The analytical subprogram requires the following coursework.

| Course \# Title | Hours |
| :--- | ---: |
| Professional Preparation Course | 1 |
| Mathematics and Statistics Courses | $15-17$ |
| Economic Theory Courses | 6 |
| Applied Field Courses | 12 |
| Total Hours | $34-37$ |

## Analytical Subprogram: Professional Preparation Course

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| This course: | Professional Preparation in | 1 |
| ECON:3050 | Economics |  |

## Analytical Subprogram: Mathematics and Statistics Courses

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| All of these: |  | 4 |
| MATH:1850 | Calculus I | 4 |
| MATH:1860 | Calculus II | 3 |
| ECON:4800 | Econometric Analysis |  |
| One of these: | Introduction to Mathematical |  |
| STAT:3100- | Statistics I-II (must take both <br> courses) | 6 |
| STAT:3101 | Probability and Statistics | 4 |

## Analytical Subprogram: Economic Theory Courses

| Course \# | Title | Hours |
| :--- | :--- | :--- |
| Both of these (must be taken at the University of Iowa): |  |  |
| ECON:3125 | Intermediate Microeconomics: | 3 |
|  | Advanced |  |
| ECON:3150 | Intermediate Macroeconomics | 3 |

## Analytical Subprogram: Applied Field Courses

Students complete four applied field courses ( 12 s.h.) numbered ECON:3325 to ECON:4700, excluding ECON:3870 Federal Reserve Challenge and ECON:4050 Readings and Independent Study in Economics. At least two of the four courses must be numbered between ECON:4000 and ECON:4700. Two of the applied field courses must be taken at the University of Iowa.

## Honors

## Honors in the Major

Graduation with honors in economics recognizes high scholastic achievement based on grades and on completion of academic work beyond the requirements of the economics major. Students must have a cumulative grade-point average of at least 3.50 in all college coursework attempted, all coursework attempted at the University of Iowa, all college business coursework attempted, and all business coursework attempted at the University of Iowa. They also must successfully complete an honors thesis under the supervision of a faculty member.

Students begin by completing BUS:1999 Introduction to Research in Business at least three semesters prior to graduation. This course introduces students to research in the college and provides an opportunity to develop thesis questions and meet Tippie College of Business faculty members engaged in research. They also must complete ECON:3100 Intermediate Microeconomics (no subprogram) or ECON:3125 Intermediate Microeconomics: Advanced (analytical subprogram), ECON:3150 Intermediate Macroeconomics, and ECON:3300 Introduction to Econometrics (no subprogram) or ECON:4800 Econometric Analysis (analytical subprogram) before commencing thesis work.
After identifying a faculty member to advise them on their thesis and completing the coursework listed above, students register for ECON:4999 Honors Thesis in Economics for two semesters while they complete their research and write their thesis. In the second semester of their thesis, students present their research in a poster format at the Undergraduate Research Festival.
Students interested in graduating with honors in economics should see Tippie Honors on the Tippie College of Business website.

## University of Iowa Honors Program

Completing the honors in economics requirements also satisfies the experiential learning requirement for the University of Iowa Honors Program. To learn more about graduating with honors through the UI Honors Program, visit the Honors at Iowa website.
Membership in the UI Honors Program is not required to earn honors in the economics major.

## Career Advancement

The Bachelor of Business Administration degree provides an excellent educational background for a variety of positions in business and
government. Graduates find employment in banking, financial institutions, industrial firms, and trade organizations and in federal, state, and local government agencies dealing with economic policy, regulation, and analysis. An undergraduate degree in economics also prepares students for the study of law and for graduate study in fields such as economics, business management, public administration, hospital and health administration, urban and regional planning, transportation, journalism, political science, and statistics.

Over $90 \%$ of students reported that they found permanent employment, were accepted to graduate school, or were not seeking employment within six months of graduation.

The Pomerantz Career Center offers multiple resources to help students find internships and jobs; for more information about careers, visit the Pomerantz Career Center website.

## Academic Plans

## Four-Year Graduation Plan

The following checkpoints list the minimum requirements students must complete by certain semesters in order to stay on the university's Four-Year Graduation Plan.

The following checkpoints are designed for students who enter the university as direct admission or pre-business students. In order to stay on the plan, pre-business students must maintain the grade-point averages required for admission to the Tippie College of Business and must apply for admission to the college the semester the four prerequisite courses will be completed, but no later than before the fifth semester begins. The Four-Year Graduation Plan is not available to students who choose to pursue a double major in the college or to those enrolled in a combined degree program.

Students must take BUS:3000 Business Communication and Protocol during their first year after admission to the Tippie College of Business, except direct admission students, who take the course during their second year.

## Students Without Subprogram

Before the third semester begins: ECON:1100 Principles of Microeconomics, ECON: 1200 Principles of Macroeconomics, MATH:1350 Quantitative Reasoning for Business, STAT:1030 Statistics for Business, and at least one-quarter of the semester hours required for graduation.
Before the fifth semester begins: ECON:3300 Introduction to Econometrics, ECON:3100 Intermediate Microeconomics, all General Education requirements, and at least half of the semester hours required for graduation.

Before the seventh semester begins: ECON:3150 Intermediate Macroeconomics, at least one applied field course, all business core requirements, and at least three-quarters of the semester hours required for graduation.

Before the eighth semester begins: at least two applied field courses.
During the eighth semester: all remaining coursework in the major and a sufficient number of semester hours to graduate.

## Students With Analytical Subprogram

Before the third semester begins: ECON:1100 Principles of Microeconomics, ECON: 1200 Principles of Macroeconomics, MATH: 1850 Calculus I, MATH: 1860 Calculus II, and at least onequarter of the semester hours required for graduation.
Before the fifth semester begins: either STAT:3120 Probability and Statistics or both STAT:3100 and STAT:3101 Introduction to

Mathematical Statistics II, all General Education requirements, and at least half of the semester hours required for graduation.
Before the seventh semester begins: ECON:3125 Intermediate Microeconomics: Advanced, ECON:3150 Intermediate Macroeconomics, at least one applied field course, all business core requirements, and at least three-quarters of the semester hours required for graduation.
Before the eighth semester begins: at least two applied field courses.
During the eighth semester: ECON:4800 Econometric Analysis, all remaining coursework in the major, and a sufficient number of semester hours to graduate.

## Iowa Degree in Three

Iowa Degree in Three is designed for students who are academically prepared to complete more semester hours per term than average or who come to the University of Iowa with completed college credits. It is a flexible, affordable option developed to meet the needs of highly motivated students.
Students sign an agreement during their first semester of enrollment; meet with an advisor at least once a semester to review their plans and progress; take courses during summer sessions, if necessary; meet specific course checkpoints; and maintain the grade-point average required for the major.
The Tippie College of Business makes several assumptions about candidates for the Iowa Degree in Three:

- students are prepared to enroll in MATH:1350 Quantitative Reasoning for Business during their first enrollment at the University of Iowa,
- students have fulfilled the General Education World Language requirement before matriculation,
- students are direct admits to the Tippie College of Business,
- students have earned at least 15 s s. . of college credit before matriculation, and
- students are not held for more than two English as a Second Language classes.

## Sample Plan of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.

## Economics, BBA

Course Title Hours

## Academic Career

Any Semester
Students are required to complete 52 s.h. of non-business coursework. Courses with a prefix of ACCT, BAIS, BUS, ECON, ENTR, FIN, MGMT, and MKTG will not count towards non-business hours. Check degree audit for nonbusiness hours or confer with academic advisor. Students who need to complete the World Language requirement should consult with their academic advisor about when to add courses to plan of study. World Language counts as non-business coursework.
To fulfill the Tippie RISE experiential learning 0-3 requirement, complete an approved course in at least one of the following categories: research with faculty, internship course, study abroad, experiential course. ${ }^{\text {a }}$

Students must satisfy the Tippie College of Business residence requirement: 45 s.h. of UI coursework after admission to Tippie.

| First Year | Hours | $\mathbf{0 - 3}$ |
| :--- | :--- | ---: |
| Fall |  |  |
| BAIS:1500 | Business Computing Essentials | 2 |
| ECON:1100 | Principles of Microeconomics | 4 |
| RHET:1030 | Rhetoric | 4 |
| MATH:1350 | Quantitative Reasoning for Business ${ }^{\text {b }}$ | 4 |
| CSI:1600 | Success at Iowa | 2 |
|  | Hours | $\mathbf{1 6}$ |
| Spring |  | 3 |
| ACCT:2100 | Introduction to Financial Accounting | 3 |
| ECON:1200 | Principles of Macroeconomics | 4 |
| STAT:1030 | Statistics for Business | 4 |
| ENGL:1200 | The Interpretation of Literature | 3 |
| GE: Historical Perspectives ${ }^{\text {c }}$ | 3 |  |
|  | Hours | $\mathbf{1 7}$ |

## Second Year

Fall

| BAIS:2800 | Foundations of Business Analytics | 3 |
| :---: | :---: | :---: |
| BUS:2200 | Foundations for Success in Business ${ }^{\text {d }}$ | 1 |
| ECON:3100 | Intermediate Microeconomics ${ }^{\text {e }}$ | 3 |

| Spring |  |
| FIN:3000 Introductory Financial Management | 3 |
| Major: applied field course ${ }^{\text {a, } g}$ | 3 |
| Minor, certificate, or non-business elective | 3 |
| Minor, certificate, or non-business elective | 3 |
| Minor, certificate, or non-business elective | 3 |
| Degree Application: apply on MyUI before deadline (typically in February for spring, September for fall) ${ }^{\text {h }}$ |  |
| Hours | 15 |

a See degree audit for course options.
b Enrollment in math courses requires completion of a placement exam.
c GE courses may be completed in any order unless used as a prerequisite for another course. Students should consult with an advisor about the best sequencing of courses.
d Complete BUS:2200 by the end of the second year, before enrolling in the Professional Preparation course for the major.
e Must be completed at the University of Iowa.
f Must be admitted to Tippie to enroll in BUS:3000. Generally completed during the second year, but should be taken no later than the third year.
g At least two of the applied field courses must be taken at the University of Iowa.
h Please see Academic Calendar, Office of the Registrar website for current degree application deadlines. Students should apply for a degree for the session in which all requirements will be met. For any questions on appropriate timing, contact your academic advisor or Graduation Services.

## Economics, Minor

## Requirements

The undergraduate minor in economics requires a minimum of 15 s.h. of economics coursework, including 12 s s.h. of coursework completed at the University of Iowa in economics courses (prefix ECON) numbered 3000 or above. A maximum of 6 s.h. of coursework used to satisfy another major, minor, or certificate may be applied toward the economics minor. Students must have a cumulative grade-point average of at least 2.00 in all college economics coursework attempted and all economics coursework attempted at the University of Iowa. Coursework in the minor may not be taken pass/nonpass.

## Economics, MA

## Learning Outcomes

- To demonstrate proficiency and knowledge in the specialization discipline, students will demonstrate expertise in reading and interpreting academic research articles in their specialized discipline. They will be knowledgeable in the major theoretical perspectives and prior research findings in their area and be able to integrate prior research from various streams of literature.
- To demonstrate the ability to conduct independent, original research that leads to publications, students will be able to identify important research questions, provide theory-based reasoning to develop original hypotheses, execute an appropriate research design, and summarize their efforts in a working paper. This includes being able to read and summarize existing research into their paper and understanding the prior literature in a variety of substantive areas, paradigms, and methodologies.
- To be effective teachers in their disciplines, students will demonstrate proficiency as instructors in courses in their specialized discipline. This includes preparing course syllabi, giving lectures, writing assignments and exams, and evaluating students on the various deliverables.
- To demonstrate effective communication skills, students will be effective at communicating ideas in academic writing and how these ideas relate to each other within the context of an academic paper. This includes the ability to establish a position, show why that position matters, and situate that position within a context that is determined by the appropriate audience. International students will demonstrate the ability to effectively lecture and communicate in English.

## Requirements

The Master of Arts is offered only to students working toward a PhD in economics.

The department participates in the MBA program; see the Master of Business Administration Program [p. 1215] in the catalog.

## Admission

Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations on the Graduate College website.

All applicants whose first language is not English must submit official test scores to verify English proficiency. Applicants can verify English proficiency by submitting official test scores from the Test of English as a Foreign Language (TOEFL), the International English Language Testing System (IELTS), or the Duolingo English Test (DET).

Applicants must submit a completed Application for Graduate Admission, official transcripts from all institutions they have attended, and all official test scores to the University of Iowa Office of Admissions.

Application deadline for admission and financial support is Jan. 15 for fall entry.

## Career Advancement

Over $90 \%$ of students reported that they found permanent employment, were accepted to graduate school, or were not seeking employment within six months of graduation.

The Pomerantz Career Center offers multiple resources to help students find internships and jobs; for more information about careers, visit the Pomerantz Career Center website.

## Economics, PhD

## Learning Outcomes

- To demonstrate proficiency and knowledge in the specialization discipline, students will demonstrate expertise in reading and interpreting academic research articles in their specialized discipline. They will be knowledgeable in the major theoretical perspectives and prior research findings in their area and be able to integrate prior research from various streams of literature.
- To demonstrate the ability to conduct independent, original research that leads to publications, students will be able to identify important research questions, provide theory-based reasoning to develop original hypotheses, execute an appropriate research design, and summarize their efforts in a working paper. International students will demonstrate the ability to effectively lecture and communicate in English.

## Requirements

The Doctor of Philosophy program in economics requires a minimum of 72 s.h. of graduate credit. Students must maintain a cumulative grade-point average (GPA) of at least 3.00 to earn the degree. The program provides rigorous training in economic theory, econometrics, and applied economics. It has six components: a coordinated sequence of core courses, a qualifying examination, a research paper, a set of major field courses, a dissertation proposal and comprehensive examination, and a dissertation.

The department partners with the College of Law to offer a combined JD/PhD degree program; see Combined Programs [p. 1173] in this section of the catalog. It also participates in the MBA program; see the Master of Business Administration Program [p. 1215] in the catalog.
The PhD with a major in economics requires the following.

## Core Sequence

## First Semester

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| ECON:5115 | Fundamentals of |  |
|  | Microeconomics | 3 |
| ECON:5200 | Macroeconomics I | 3 |
| ECON:5805 | Statistics for Economics | 3 |

## Second Semester

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| ECON:5110 | Microeconomics II | 3 |
| ECON:5210 | Macroeconomics II | 3 |
| ECON:5800 | Econometrics | 3 |

## Third Semester

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| ECON:5810 | Applied Econometrics | 3 |
| ECON:6320 | Labor Economics | 3 |
| ECON:6420 | Macroeconomics III | 3 |
| ECON:6900 | Contemporary Topics in | 3 |

## Qualifying Examination

The qualifying examination is normally taken the summer after the first year.

## Research Paper

The research paper is normally completed the summer after the second year.

## Major Field Courses

Students choose a major study area in addition to the core courses. The requirement for the major area is a minimum of 24 s.h. of intensive study in a field and in courses that enable students to understand the relationship between their specialty and related fields.

## Dissertation Proposal and Comprehensive Examination

Students must defend a dissertation proposal in a comprehensive examination within one year of completing the research paper requirement.

## Dissertation

Submission of the completed dissertation and an oral defense of the dissertation research completes the PhD program.

## Combined Programs

## PhD/JD

The Department of Economics and the College of Law offer a combined Doctor of Philosophy/Juris Doctor program. Separate application to each degree program is required. Applicants must be admitted to both programs before they may be admitted to the combined degree program. For information about the JD, see Juris Doctor, JD [p. 1720] (College of Law) in the catalog.

## Admission

Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations on the Graduate College website.
Applicants must take the Graduate Record Examination (GRE) General Test and have their scores sent to the university. Those whose first language is not English must submit official test scores to verify English proficiency. Applicants can verify English proficiency by submitting official test scores from the Test of English as a Foreign Language (TOEFL), the International English Language Testing System (IELTS), or the Duolingo English Test (DET).
Applicants must submit a completed Application for Graduate Admission, official transcripts from all institutions they have attended, and all official test scores to the University of Iowa Office of Admissions.
3 Application deadline for admission and financial support is Jan. 15 for fall entry.

## Career Advancement

# Entrepreneurial Management 

## Executive Director

- David K. Hensley (Management and Entrepreneurship)

Director, Undergraduate Studies<br>- Kimm Harris (Management and Entrepreneurship)

## Undergraduate certificate: entrepreneurial management

Faculty: https://iowajpec.org/people
Website: https://iowajpec.org/entrepreneurial-management-certificate
The Tippie College of Business and the John Pappajohn Entrepreneurial Center (Iowa JPEC) offer the Certificate in Entrepreneurial Management, open to all undergraduate students across the campus. They also work with other units on campus to offer entrepreneurship programs. The college collaborates with the College of Engineering to offer the Certificate in Technological Entrepreneurship [p. 1588]. The center partners with the Department of Management and Entrepreneurship [p. 1198] to offer the entrepreneurial management track for Bachelor of Business Administration students majoring in management. It collaborates with the College of Liberal Arts and Sciences to offer the BA in enterprise leadership [ p .430 ] and the minor in media management [p. 728].

Undergraduate entrepreneurship programs at the University of Iowa combine academic coursework and experiential learning with a focus on teaching entrepreneurial leadership, innovation and creativity, opportunity recognition and assessment, and strategic business planning. Students develop their critical thinking, professional communication, and leadership skills through accommodation of academic projects and cocurricular activities. Several of the programs are open to all University of Iowa undergraduates. To learn more, visit the John Pappajohn Entrepreneurial Center website.

The John Pappajohn Entrepreneurial Center also offers a wide variety of applied learning experiences designed to develop entrepreneurialminded problem solvers. These programs range from professional internships with high-growth new ventures to business and strategic consulting services to existing businesses. For students who want to launch a business while in school, the Pappajohn Center directs a comprehensive accelerator program that includes space, training, mentoring, and access to capital.

## Programs

Undergraduate Program of Study
Certificate

- Certificate in Entrepreneurial Management [p. 1179]

## Facilities

## John Pappajohn Entrepreneurial Center

The John Pappajohn Entrepreneurial Center (Iowa JPEC) is the hub for entrepreneurship education and outreach at the University of Iowa. The main office is located in the John Pappajohn Business Building. Students who would like information about undergraduate entrepreneurship-related academic programs or those interested in learning more about resources and programs to support student entrepreneurship are encouraged to stop by and visit with a staff member.

## Bedell Entrepreneurship Learning Laboratory

The Bedell Entrepreneurship Learning Laboratory is an applied learning environment for University of Iowa students creating a new business. The laboratory provides dedicated office space for individual students and teams, enabling them to concentrate on developing their business concepts. Student entrepreneurs participate in the Startup Incubator, a student business acceleration program open to any student at the University of Iowa. Separate programs exist for undergraduate and graduate students. Intense Summer Tracks are also available. All business incubation and acceleration programs connect students with the resources to launch start-ups and to grow them into sustainable businesses. Participants have access to a variety of resources including collaborative work space and equipment, workshops, training, networking, funding opportunities, and one-on-one mentoring from experienced professionals. Students also compete for capital in several campus and national pitch and business model competitions. They gain access to technical support, accounting, legal, engineering, and prototyping services, and are connected with potential investors and business partners.

Contact the John Pappajohn Entrepreneurial Center for information or visit Startup Incubator on the center's website to apply.

## Courses <br> Entrepreneurial Management Courses

ENTR:1010 Exploring Entrepreneurship
3 s.h.
Introduction to entrepreneurship, including identifying characteristics of the entrepreneur, evaluating opportunities, engaging in customer discovery, design thinking, feasibility, financing, and planning for success.

ENTR:1020 Business Innovation 3 s.h.
Overview of entrepreneurship, innovation, and project management concepts; work in teams with science, technology, engineering, and mathematics (STEM) industry mentors to develop innovative solutions to real-world problems.
ENTR:1030 STEM Innovator
3 s.h.
Work with science, technology, engineering, and mathematics (STEM) industry mentors to engage in innovation and entrepreneurship by employing conceptual understandings and practices of STEM within an entrepreneurship framework; students solve real-world STEM problems that are of interest to them and their community, acquire and demonstrate 21 st-century skills working on authentic, meaningful, and cross-curricular projects; exposure to potential STEM careers and entrepreneurial pathways; preparation for success in postsecondary STEM majors, careers, and entrepreneurial ventures of the future. Requirements: enrollment in STEM Innovator program and consent of UI STEM innovator program administrators.
ENTR:1300 First-Year Seminar
Small discussion class taught by a faculty member; topics chosen by instructor; may include outside activities (e.g., films, lectures, performances, readings, visits to research facilities).

## ENTR:1350 Foundations in Entrepreneurship

Introduction to important tools and approaches entrepreneurs and innovators utilize to identify and assess opportunities including innovation and design thinking, the business model canvas, customer discovery, and pitching ideas. Learn how entrepreneurial approaches are leveraged in different types of organizations including new ventures, small-to-medium sized businesses, large corporations, and nonprofit and social entrepreneurship organizations. Recommendations: non-business major interested in studying entrepreneurship.

## ENTR:1800 Innovation in Action: Sustainability

For businesses to successfully compete and thrive in a global marketplace, they must embrace innovation throughout their organizations, and one of the critical issues businesses face today is that of sustainability-how to most effectively acquire and utilize scarce resources while limiting their overall environmental impact; introduction to sustainability; focus on economic, social, and environmental issues facing organizations and society; project management fundamentals; students work in teams to identify a specific sustainability challenge, and prepare and present a strategic approach for addressing a sustainability problem.

## ENTR:2000 Entrepreneurship and Innovation

Integrated, cross-functional perspective on how organizations identify and evaluate opportunities and develop strategies to compete in a global marketplace; innovation and creativity, opportunity recognition, venture screening, characteristics of successful entrepreneurial leaders, feasibility analysis, strategic business planning; application of entrepreneurship practices for new business creation, corporate venturing, nonprofits. Duplicates ENTR:3350. Corequisites: ENTR:1350.

## ENTR:2800 Entrepreneurial Experience

$1-3$ s.h.
Applied learning course designed to enhance innovation and opportunity recognition skills, develop customer discovery expertise, and foster team-building and leadership abilities.

## ENTR:3000 Practicum in Entrepreneurship

Applied, experiential learning opportunities designed to foster development of entrepreneurial leadership skills; opportunity recognition and assessment, strategic business planning, innovation and creativity, team leadership, professional communication skills, strategy development and execution.

## ENTR:3050 Professional Preparation for Enterprise Leadership and Entrepreneurship

Survey of professional career paths for students studying enterprise leadership, entrepreneurial management, and entrepreneurship; support for creating professional résumés, LinkedIn profiles, and Handshake profiles; students enhance interview skills, develop a strategy for securing an internship or full-time employment, and discuss topics on successfully transitioning from college to professional world; students also expand their professional network through regular interactions with alumni, entrepreneurs, and business professionals.

## ENTR:3100 Entrepreneurial Finance

3 s.h.
Understanding financial aspects of new and growing ventures; focus on preparing financial projections, analyzing financial performance, managing cash flow, and determining financial feasibility; detailed overview of various sources of capital available for start-up and growing ventures. Prerequisites: ENTR:2000 or ENTR:3350.

## ENTR:3200 Entrepreneurial Marketing

Practical marketing concepts for evaluating the market potential for new products, services, or business opportunities; how to obtain and evaluate market data, determine customer demand, analyze the competition, design effective promotions, develop and implement effective sales strategies, and write a successful marketing plan. Prerequisites: ENTR:2000 or ENTR:3350.

## ENTR:3350 Entrepreneurial Strategy

Study of entrepreneurial models and approaches utilized by entrepreneurs and organizational leaders to identify and evaluate opportunities and design innovative solutions that create economic, social, and environmental value; topics include entrepreneurial mindset, innovation and creativity, design thinking, opportunity recognition and assessment, feasibility analysis, strategic business planning, corporate entrepreneurship, and social entrepreneurship.

0-1 s.h. ENTR:3400 Strategic Management of Technology and Innovation
New technology innovation and commercialization; technology innovation process, identification of commercialization strategies, feasibility analysis, intellectual property issues. Prerequisites: ENTR:2000 or ENTR:3350.

ENTR:3500 Social Entrepreneurship 3 s.h.
Introduction to the growing field of social entrepreneurship; creation of ventures with dual missions of social benefit and return on investment; issues related to evaluating market opportunities; acquiring and managing scarce resources; sustainability; maximizing social and economic value. Prerequisites: ENTR:2000 or ENTR:3350.

## ENTR:3550 Commercializing New Technology I

Students work in teams to identify technology-based innovation opportunities arising from the validation of market needs or problems; application of design thinking, lean methodology, and business model canvas approaches; regular interaction with alumni entrepreneurs and industry experts; conduction of customer discovery to validate assumptions and identify product-market fit; creation of a minimal viable product for further customer discovery and initial testing; first of a two-course sequence. Prerequisites: ENTR:2000 or ENTR:3350. Corequisites: (ENTR:3200 or MKTG:3000) and (ENTR:3100 or ACCT:2100). Requirements: 75 s.h. completed.
ENTR:3575 Commercializing New Technology II
Creation of a formal technology commercialization plan for a university-based discovery by student teams; team assignment to alumni entrepreneurial mentors, interaction with industry experts, and engagement with potential customers and partners; preparation of a formal strategic business plan, intellectual property assessment, and pitch deck; presentation of final plans to alumni angel investors and venture capitalists; second in a two-course sequence. Prerequisites: ENTR:3550. Requirements: 60 s.h. completed.
ENTR:3595 Nonprofit Organizational Effectiveness I 3 s.h. Operational and financial aspects of nonprofit management; mission and governance of organization; strategic planning for effective management, including finance, budget, income generation, fund-raising. Same as MGMT:3500, MUSM:3500, NURS:3595, RELS:3700, SSW:3500.

## ENTR:3600 E-Commerce Strategies for Entrepreneurs 3 s.h.

 E-commerce opportunities and internet business strategies for entrepreneurial ventures; how to develop effective web business strategies, latest technologies and trends in e-commerce, methods for maximizing traffic, impact of a company's website. Prerequisites: ENTR:2000 or ENTR:3350.
## ENTR:3700 Sustainable Product Innovation and

 ManagementSustainability requirements in management of new product and process development from the perspective of the senior-level executive responsible for a firm's business and operational strategies; student teams will develop a new sustainable product or undertake applied field study projects to gain firsthand experience with sustainability practices and strategies within a company. Prerequisites: ENTR:2000 or ENTR:3350 or MKTG:3000. Requirements: 60 s.h. earned.
ENTR:3800 Entrepreneurial Leadership Academy I 3 s.h.
Exposure to latest research and techniques in leading entrepreneurial organizations; students learn how to successfully manage innovation based projects and engage with entrepreneurial leaders and business experts to understand how they utilize entrepreneurial approaches to launch and lead high potential entrepreneurial ventures; first of a two-course sequence. Prerequisites: MGMT: 2100 or ENTR:2000 or ENTR:3350. Requirements: declared management and entrepreneurship major or enterprise leadership major, and 75 s.h. completed. Same as MGMT:3800.

ENTR:3850 Entrepreneurial Leadership Academy II 3 s.h.
Students work in teams to provide advanced strategic management consulting services to entrepreneurial ventures, corporations, and select nonprofit organizations; students work directly with C-level executives on projects and receive mentoring from faculty who have built and led successful organizations; teams are responsible for developing innovative strategies to address significant challenges facing clients; second of a two-course sequence. Prerequisites: MGMT:3800 or ENTR:3800. Same as MGMT:3850.
ENTR:4000 Topics in Entrepreneurship 1-3 s.h.
Current topics in entrepreneurship. Prerequisites: ENTR:2000 or ENTR:3350.

## ENTR:4050 Directed Readings in Entrepreneurship

arr.
Independent study; topics and assignments approved by instructor.

## ENTR:4100 International Entrepreneurship, Culture, and Social Impact <br> 1-3 s.h.

International entrepreneurship and business strategy, foreign exchange, tariffs and trade, microfinance, economic conditions, and culture of destination countries; students travel abroad or utilize distance technology to complete real-world projects with international entrepreneurs and business leaders; group projects focus on evaluating entrepreneurial opportunities, identifying sustainable growth strategies, incorporating innovation throughout the organization, and understanding international business culture. Prerequisites: ENTR:2000 or ENTR:3350. Requirements: junior standing.

## ENTR:4200 Entrepreneurship: Business Consulting <br> 3 s.h.

Students provide strategic business consulting services to new entrepreneurial ventures, existing small-to-medium size enterprises, and select social/nonprofit organizations; real world application of project consulting process including proposal development, data collection and analysis, leading and working in interdisciplinary teams, professional communications with clients, developing actionable business strategies, preparing formal written and oral reports; projects may include market research and competitive analysis, financial analysis and modeling, and strategic growth planning; opportunities to complete international projects. Prerequisites: (ENTR:2000 or ENTR:3350 or MGMT:2100) and (ENTR:3200 or MKTG:3000). Requirements: 60 s.h. completed.

## ENTR:4300 Launching an Entrepreneurial Venture

arr.
Work on the launch of an entrepreneurial venture; students are expected to have a concept that they have vetted and be seriously considering starting a new business or focused on growing an existing business they have recently launched; focus on strategic business planning, building a management team, developing growth strategies, capital acquisition, and presenting the plan.

## ENTR:4400 Managing the Growth Business

3 s.h.
Practical experience in leading and running a business from startup to maturity in an interactive, competitive simulation that incorporates strategic planning, entrepreneurial mindset, and conscious capitalism; learn and practice critical thinking skills, teamwork, leadership, and collaboration with others to create and build a company; development of new products, what markets to enter, how to finance growth and be prepared to pivot to changing environments; application of operations, marketing, and financial strategies to make data driven decisions and see immediate results and consequences. Prerequisites: ENTR:2000 or ENTR:3350. Requirements: 75 s.h. earned.

## ENTR:4460 Entrepreneurship and Global Trade

Complex issues of business operations in a global economy; trade transactions related to importing and exporting, logistics, and ethical issues in international trade; global business management, global marketing, global supply chain management, and trade finance; preparation for work in global marketplace and for the Certified Global Business Professional certification exam offered by the North American Small Business International Trade Educators. Prerequisites: ENTR:2000 or ENTR:3350 or GEOG:2910.

ENTR:4510 Arts Leadership Seminar
3 s.h.
Performing arts management and administrative principles, practical applications, trends in arts leadership and advocacy. Prerequisites: THTR:3510 or ENTR:2000. Same as INTD:4510, THTR:4510.

## ENTR:4610 Advanced Venture Finance

3 s.h.
Examination of sources of financing available to emerging and high potential ventures including angel investing, venture capital, state and federal funding programs, and public offerings; various business valuation methods; due diligence process; how to develop and evaluate term sheets. Prerequisites: (ENTR:2000 or ENTR:3350) and (ENTR:3100 or FIN:3000).

## ENTR:4650 Applied Venture Finance

3 s.h.
Students work directly with early stage and high potential, scalable entrepreneurial ventures seeking assistance with financial modeling and capital acquisition; connectivity to experienced entrepreneurship faculty, C-level alumni mentors, and successful entrepreneurs who have raised equity capital; students experience first-hand the process of raising capital for a business venture. Prerequisites: ENTR:4610.

## ENTR:4900 Academic Internship

Professional internship experience with academic credit (e.g., paper, coursework).

ENTR:4999 Honors Thesis in Entrepreneurial Studies
arr.
Independent study project directed by a faculty member or staff advisor, and culminating in a thesis that conforms to University of Iowa Honors Program guidelines; project includes empirical research, library research, applied projects. Requirements: honors standing, UI GPA of at least 3.50 , and enterprise leadership GPA of 3.50 .
ENTR:9100 Entrepreneurship and Innovation 3 s.h.
Entrepreneurial process from ideation to commercialization of innovations for new ventures, existing businesses, and nonprofit organizations; topics include innovation and creativity, opportunity recognition and assessment, venture screening, business modeling, resource identification and acquisition, entrepreneurial leadership, and strategic business planning.

## ENTR:9150 Venture School International

 arr.Innovative training focused on real-world experimentation, customer discovery, and lean methodologies; curriculum developed by the National Science Foundation I-Corps to help entrepreneurs and startups turn their ideas into reality; individual and team ideation, problem identification, and validation using real customer discovery interviews; students test their hypothesis by talking with customers, partners, and suppliers; encountering chaos and uncertainty of commercializing innovations and creating new ventures in a safe environment; creation of a business model that creates value.

## ENTR:9200 Entrepreneurial Finance

3 s.h.
Financial aspects of launching and growing entrepreneurial ventures; topics include financial feasibility, financial forecasting and cashflow management, business valuation, sources of venture financing, deal structure, financing growth, and exit strategies. Prerequisites: MBA:8140.

## ENTR:9300 Design Thinking

3 s.h.
Introduction to concepts of design thinking-a human-centered approach to developing products, services, and experiences; methods and mindset of design thinking including identifying the problem, gathering customer insights, ideating a solution, developing a prototype, experimenting, and iterating based on customer feedback to creatively develop solutions that are desirable, feasible, and viable.

## ENTR:9400 Evaluating Innovation Opportunities

2-3 s.h.
Integrated, cross-functional perspective of how organizations identify and evaluate opportunities and develop strategies to compete in a global marketplace; innovation and creativity, opportunity recognition, venture screening, identification of resources, and strategic business planning.

## ENTR:9450 Strategic Management of Technology and Innovation

Role of technology in creation, growth, and survival of industries; processes, risks, and rewards of technological innovation and commercialization; successful approaches to developing technological strategy and products.

## ENTR:9500 Managing the Growth Business <br> 3 s.h.

Issues faced by new, rapidly growing businesses; adapting organizational structure as business expands, building a management team, hiring new employees, managing strategic growth of a business; case studies, particularly in technology sector.

## ENTR:9600 Seminar in Entrepreneurship

1-3 s.h.
Topics vary; franchising, business acquisition, real estate development, e-commerce, technology transfer.

## ENTR:9610 STEM Innovator I: Introduction to STEM

 Innovation and Entrepreneurial Thinking 1-3 s.h.Exploration of current best practices in problem/project-based learning with research-driven curriculum, instruction, and assessment to prepare all students to be future ready; introduction to skills and mindsets of STEM innovators and entrepreneurs; how a growth mindset and leveraging student strengths facilitates successful team projects; exploration of a problem identification strategy and establishing the value of solving a problem through the entrepreneurial process of customer discovery. Requirements: enrollment in STEM Innovator professional development program or approval of UI STEM Innovator instructor.

## ENTR:9620 STEM Innovator II: Skills, Mindsets, Practices, and Academic Knowledge of Problem-Based Learning 1-3 s.h.

 Introduction to STEM innovation, invention, and entrepreneurship academic language, activities, and reflective assessment to assist development of innovation skills, mindsets, and practices; engagement in the design thinking process to tackle STEM problems and develop sustainable solutions of value for potential users; strengths leveraged to form collaborative teams and engage in project development; exploration of prototype development research process with focus on implementation in the K-14 environment. Recommendations: ENTR:9610.
## ENTR:9630 STEM Innovator III: Lean Start-Up, Data Analysis,

 Prototyping, and Project Development 1-3 s.h. Exploration of STEM practices of Lean Start-Up methodology, quantitative and qualitative data analysis, prototype research and development, and project development frameworks; activities and reflective assessment to assist development of innovation skills, mindsets, and practices; advancement of a solution to a STEM problem and development of sustainable solutions of value for potential users; exploration of STEM practices and activities with focus on implementation in the K-14 environment. Requirements: enrollment in STEM Innovator professional development program or approval of UI STEM Innovator instructor. Recommendations: ENTR:9610.
## ENTR:9640 STEM Innovator IV: STEM Innovation Activities,

 Portfolio Assessment, and Community Engagement 1-3 s.h. Strategies to engage community mentors in assisting student innovation teams through technical and project management expertise; exploration of STEM Innovator Portfolio assessment tool to capture student innovation, invention, and entrepreneurial competencies over time; engagement with STEM Innovator curriculum toolkit to advance professional expertise and implement activities directly into classroom practice; activities and reflective assessment to assist development of innovation skills, mindsets, and practices; exploration of STEM practices and activities with focus on implementation in the K-14 environment. Requirements: enrollment in STEM Innovator professional development program or approval of UI STEM Innovator instructor. Recommendations: ENTR:9610.ENTR:9650 STEM Innovator V: STEM Innovator Tools to
Create an Innovation Model for the Classroom
1-3 s.h.
Utilization of STEM Innovator curriculum, instruction, and assessment tools to develop an implementation framework to infuse innovation, invention, and entrepreneurship into classroom practice; development of curriculum scope and sequence, align core K-14 content standards, secure community partnerships, and network with administrators, counselors, parents, and industry experts to build support during initial launch of the model; activities and reflective assessment to assist development of innovation skills, mindsets, and practices. Requirements: enrollment in STEM Innovator professional development program or approval of UI STEM Innovator instructor. Recommendations: ENTR:9610.

## ENTR:9660 STEM Innovator VI: Creating a STEM Innovation

 Pathway Across K-14 Learning Experiences 1-3 s.h. Engagement in systems thinking to design a model K-14 STEM innovation, invention, and entrepreneurial pathway for students across a school or district; utilization of STEM Innovator portfolio assessment tool to demonstrate student growth in skills, mindsets, practices, and academic content knowledge in STEM; networking to leverage additional educators, administrators, and industry leaders to develop, promote, and implement a STEM pathway for the district to increase student participation. Requirements: enrollment in STEM Innovator professional development program or approval of UI STEM Innovator instructor. Recommendations: ENTR:9610.ENTR:9700 Entrepreneurship: Business Consulting
3 s.h.
Experience on teams providing consulting services to start-up and early-stage companies; the consulting process-proposal development, data collection and analysis, final report preparation and presentation; projects-marketing studies, financial projections, strategic planning.

## ENTR:9800 Entrepreneurship: Advanced Business

 Planning0-3 s.h.
Mentoring for individuals in final stages of preparing to launch their own business or working with an entrepreneurial venture to grow their business.

## Entrepreneurial Management, Certificate

The entrepreneurial management certificate is an excellent addition to any student's educational experience. It teaches students to apply innovative approaches to solve problems, create and communicate value, and impact the community. All businesses and nonprofits are seeking individuals with these skills, regardless of their size or type industry. Students may begin the certificate at any time during their college career.

Students who pursue the Certificate in Entrepreneurial Management develop a solid foundation in entrepreneurial management, professional leadership, and communication skills that prepare them for a variety of career opportunities or to start their own business.
They are able to apply their innovative problem-solving and critical thinking skills to contemporary issues, to develop strategies to seize upon opportunities, and to build and lead successful teams

Students learn from a select team of faculty members, business executives, and entrepreneurs who have distinguished themselves in the business world and have a unique ability to successfully teach theory and practice. Students will have the opportunity to meet successful alumni and entrepreneurial leaders to help them build their professional network. Several cocurricular programs also are available to help students develop additional marketable skills and strengthen their résumés for career success.

Students develop the following skills in the program: innovation and creativity, opportunity recognition, developing and executing business strategies, building and leading interdisciplinary teams, market assessments, financial forecasting and evaluation, professional communications, critical thinking, and problem solving.

## Requirements

The undergraduate Certificate in Entrepreneurial Management requires a minimum of $18 \mathrm{~s} . \mathrm{h}$. of credit. Students must maintain a grade-point average of at least 2.00 in work for the certificate.

The certificate program is open to all current University of Iowa undergraduate students and to individuals who have earned a bachelor's degree and are not enrolled in a UI graduate or professional degree program, except to students earning the BBA in management (entrepreneurship management track) or the BA in enterprise leadership.

Undergraduate students must declare their intention to pursue the certificate. Business students should contact the Tippie College of Business Undergraduate Program office. Liberal arts and sciences students should contact the CLAS Undergraduate Programs office.

Students earning the certificate in conjunction with the Bachelor of Applied Studies [p. 2043] (University College) or the Bachelor of Liberal Studies [p. 2046] (University College) may complete the certificate's coursework by distance education.

Students may begin working toward the Certificate in Entrepreneurial Management during their sophomore year. They may count a maximum of 6 s.h. of transfer credit toward the certificate, with approval from the entrepreneurship program director. Credit earned in entrepreneurship courses (prefix ENTR) is counted as semester hours earned in business

The Certificate in Entrepreneurial Management requires the following coursework. Many certificate courses have prerequisites and other requirements for registration; students must complete a course's prerequisites and must meet its registration requirements before they may register for the course.

## Entrepreneurship Core

To begin work on the certificate, students should first enroll in ENTR:2000 Entrepreneurship and Innovation or its equivalent; for non-business and non-engineering students, ENTR:1350 Foundations in Entrepreneurship must be taken prior to, or concurrently with ENTR:2000.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| This course: | Entrepreneurship and | 3 |
| ENTR:2000 | Innovation |  |
| All of these: |  | 3 |
| ENTR:3100 | Entrepreneurial Finance | 3 |
| ENTR:3200 | Entrepreneurial Marketing | 3 |

## Electives

Students must complete an additional 6 s.h. in elective courses from the lists below. There are many options for student to select electives tied closely to their career interests or simply choose two of the courses to complete the certificate. Students who wish to use a course not in the lists below must consult with the John Pappajohn Entrepreneurial Center's director of undergraduate studies.

Recommended course options for specialty areas include the following.

## Social Entrepreneurship

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| This course: | Social Entrepreneurship | 3 |
| ENTR:3500 | And one of these: | International Entrepreneurship, <br> ENTR:4100 |
| ENTR:4900 | Academic Internship (must <br> be a social entrepreneurship <br> internship) | $1-3$ |

## Technology Entrepreneurship

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| These: | Strategic Management of <br> Technology and Innovation | 3 |
| ENTR:3400 | Academic Internship (must be a <br> technology internship) | arr. |
| ENTR:4900 | Commercializing New <br> Tr these: | Technology I |
| ENTR:3550 | Commercializing New <br> Technology II | 3 |
| ENTR:3575 |  | 3 |

International Entrepreneurship

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| This course: |  | 3 |
| ENTR:4460 | Entrepreneurship and Global <br> Trade |  |
| And one of these: | International Entrepreneurship, | $1-3$ |
| ENTR:4100 | Culture, and Social Impact | 3 |
| ENTR:4200 | Entrepreneurship: Business <br> Consulting |  |

Academic Internship (must be arr a international entrepreneurship internship)

## General Entrepreneurship

| Course \# | Title | Hours |
| :---: | :---: | :---: |
| ENTR:1800 | Innovation in Action: Sustainability | 0-1 |
| ENTR:2800 | Entrepreneurial Experience | 1-3 |

| ENTR:4999 | Honors Thesis in Entrepreneurial Studies | arr. |
| MGMT:4100 | Dynamics of Negotiations | 3 |

## Finance

## Chair

- Thomas A. Rietz

## Undergraduate major: finance (BBA)

Graduate degrees: MS in finance; finance subprogram for the PhD in business administration

Faculty: https://tippie.uiowa.edu/people?departments=170
Website: https://tippie.uiowa.edu/about/finance-department
The Department of Finance is committed to delivering programs of study that integrate the technology and analytics of today's global financial community. The goal is to provide students with the technical skills they need to enhance their managerial effectiveness, whether they work in large corporations, small organizations, or private consulting.
The department offers the undergraduate major in finance, the Master of Science program in finance, and the subprogram in finance that leads to the PhD in business administration. Additionally, they participate in the MBA program; see the Master of Business Administration Program [p. 1215] in the catalog. The department also partners with the Emmett J. Vaughan Institute of Risk Management and Insurance to offer the undergraduate Certificate in Risk Management and Insurance [p. 1234].

## Programs

## Undergraduate Program of Study

## Major

- Major in Finance (Bachelor of Business Administration) [p. 1185]

## Graduate Programs of Study

## Majors

- Master of Science in Finance [p. 1187]
- Finance subprogram for the Doctor of Philosophy [p. 1190] in Business Administration

## Courses

## Finance Courses

## FIN: 1300 First-Year Seminar

1 s.h.
Small discussion class taught by a faculty member; topics chosen by instructor; may include outside activities (e.g., films, lectures, performances, readings, visits to research facilities).
FIN:1500 Introduction to Investment Banking 1 s.h.
Overview of investment banking industry; nontechnical; inclusive environment to determine student interest in applying to the Hawkinson Institute-the Tippie College of Business undergraduate investment banking program; no prior knowledge of accounting and finance required. Requirements: UI cumulative GPA of at least 3.40.

## FIN:3000 Introductory Financial Management 3 s.h.

Financial management goals and decision-making; time value of money; valuation of bonds and stocks, risk and return analysis, cost of capital, capital budgeting, cash flow estimation; financial statement analysis and financial planning. Prerequisites: ECON:1200 and ACCT:2100 and ECON:1100. Requirements: 60 s.h. completed.

FIN:3020 Professional Finance Seminar
1 s.h.
Seminar topics include finance careers, curriculum, understanding of current events, internships, professional designations, ethics, and general finance acumen.
FIN:3021 Professional Risk Management and Insurance Seminar

1 s.h.
Topics include risk management and insurance (RMI) careers, curriculum, understanding of current events, internships, professional designations, ethics, and general risk management acumen.
FIN:3100 Financial Information Technology 2 s.h.
Applications of commonly used financial software and data systems reviewed by student teams. Corequisites: FIN:3000.
FIN:3200 Investment Management
3 s.h.
Investment in marketable securities in domestic and international markets; financial markets, securities trading, evaluation of risk/return trade-off, formulation and implementation of investment strategies, efficient portfolio formation. Prerequisites: FIN:3000.
FIN:3300 Corporate Finance
3 s.h.
Advanced managerial decision-making; corporate financial policy, dividend policy, agency theory, corporate restructuring, capital structure strategies, mergers and acquisitions, option pricing fundamentals, convertible debt, callable debt, warrants. Prerequisites: FIN:3000.
FIN: 3400 Principles of Risk Management and Insurance 3 s.h. Introduction to risk and insurance; risk identification and evaluation, demand for insurance, effects of limited liability, theory of moral hazard and adverse selection; business and personal risk; insurance as a risk management tool.
FIN:3500 Hawkinson Scholar Seminar 1 s.h.
Advanced skill and understanding required for pursuit of investment banking, management consulting careers; specialized résumé and interview training, industry presentations, relevant case assignments.

FIN:3510 Hawkinson Scholar Seminar: Topics in Finance 0 s.h. Subsectors in the financial services industry, including hedge funds, investment banking, commercial banking; valuation techniques used in real-world mergers, acquisitions, equity offerings, debt financing, and so forth.

FIN:3900 Advanced Entrepreneurial Finance 3 s.h.
Introduction to a variety of finance topics related to startup or entrepreneurial ventures including valuation models, deal structuring and contracts, and different forms of exit; valuation models from perspective of common investors in early stage funding space (i.e., venture capital firms, private equity firms, banks, Small Business Administration); value creation and how to accomplish and measure it; how much money to raise and from which capital providers.
FIN:4020 Topics in Finance 3 s.h.
Contemporary issues in finance. Prerequisites: FIN:3000 and FIN:3100.

FIN:4030 Securities Industry Essentials Exam Prep 1 s.h. Preparatory program for passage of the Securities Industry Essentials (SIE) exam and includes a voucher to take the exam upon completion; much of the material is provided online with additional meetings and review sessions; the SIE exam is for any professional who needs a Series 6, Series 7, or any other exam required by the Financial Industry Regulatory Authority (FINRA). Prerequisites: FIN:3000 or MBA:8180.

## FIN:4035 ARGUS Financial Analysis

Impact of assumptions on cash flows and valuations of incomeproducing properties using ARGUS financial analysis; use of information obtained through application and analysis of real estate finance and investment due diligence to articulate, communicate, and apply the expertise gained through experiential learning to evaluate real-world real estate situations; access to ARGUS Enterprise software using licenses contributed by ARGUS Software, Inc.

## FIN:4040 Bloomberg Market Concepts (BMC) and

 Environmental Social Governance (ESG) CertificatesBloomberg Market Concepts (BMC) and Environmental Social Governance (ESG) certificates offered by Bloomberg for Education are powerful résumé builders and signal to prospective employers that students are adept at using the Bloomberg platform; the BMC certificate is a library of e-learning courses that provides an introduction to financial markets; the ESG certificate covers core modules-environmental, social, and governance-and shows how investors are measuring and making decisions around ESG investing.

## FIN:4045 Wall Street Prep Seminar

1 s.h.
Provide students with advanced financial analysis and modeling skills used by financial analysts in investment banking, private equity, equity research, and related fields. Enhance student competitiveness for internships and full-time employment in those fields. Developed by Wall Street Prep, a training organization employed by top banks and financial institutions globally to develop modeling skills for newly-hired financial analysts. Prerequisites: ACCT:2100.

## FIN:4050 Directed Readings in Finance

Individually guided readings in selected topics.
FIN:4210 Futures and Options 3 s.h.
Use of options, futures, and other derivative securities in financial management; understanding types of derivative securities, markets, trading technology; applications of risk management and speculation; pricing relations with underlying securities. Prerequisites: FIN:3200.

## FIN:4220 Fixed Income Securities

3 s.h.
Theories of fixed income securities, term structure of interest rates; asset pricing models, valuation of fixed income securities and contingent claims, fixed income portfolio management, immunization strategies, yield curve analysis. Prerequisites: FIN:3000. Corequisites: FIN:3200.

## FIN:4230 Real Estate Process

Fundamentals of real estate finance and investments; economic base analysis, asset analysis, market analysis, mortgage markets, underwriting, alternative mortgages, mortgage-backed securities, real estate securitization, land development, valuation principles, investment analysis, tax consideration, portfolio management. Prerequisites: FIN:3000.

## FIN:4235 Real Estate Capital Markets

3 s.h.
Key concepts and analytical methods essential for critical real estate financing decisions. Topics covered include operation of global real estate capital markets, alternative mortgage structures, residential and commercial mortgage underwriting, mortgage mathematics, critical role of debt financing and leverage in real estate investment analysis, alternative types of financing, sources of equity partnership financing for real estate, refinancing decisions as source of value, mortgagebacked securities, and real estate private equity fund. Prerequisites: FIN:4230.

## FIN:4240 International Finance

International monetary systems, exchange rate determination, use of currency derivative in hedging and risk management, currency swaps, foreign direct investment, international corporate finance, international capital budgeting, international portfolio investment, Third World debt, privatization, joint ventures. Prerequisites:
FIN:3000 and FIN:3200.

1 s.h. FIN:4250 Applied Equity Valuation 3 s.h.
Equity valuation and portfolio management techniques by investment professionals; economic forecasting, industry analysis, financial statement analysis, spreadsheet modeling, cost of capital estimation, equity valuation and portfolio construction; students manage the University of Iowa's Krause Fund (an endowed equity portfolio that blends academic rigor with real-world portfolio management experience). Prerequisites: FIN:3000. Requirements: UI cumulative GPA of at least 2.80.
FIN:4310 Advanced Corporate Finance 3 s.h. Understanding and evaluating major corporate actions (e.g., mergers and acquisitions, initial public offerings, spin offs, debt and equity issuance); introduction to venture capital and leveraged buyouts; includes a substantial experiential learning component to nudge students away from textbook-based learning towards acquiring practical skills needed to succeed in the corporate finance industry; students collect and evaluate financial information and are challenged to think beyond lecture material presented in the classroom. Prerequisites: FIN:3300. Corequisites: ACCT:3020 or ACCT:3200.
FIN:4320 Commercial Banking
3 s.h.
Management of commercial banks and financial service firms; asset and liability management, credit policy, capital risk, liquidity planning, use of swaps and derivatives to hedge interest rate risk, global banking, investment strategies. Prerequisites: FIN:3000.

FIN:4330 Investment Banking
3 s.h.
How investment banks fill critical roles in maintaining well-
functioning financial markets and provide access to capital and strategic advice to companies and governments; recent global financial crisis; how banker's role as intermediary between companies and markets adds value and creates conflicts and risk. Prerequisites: FIN:3300 and FIN:3000.

FIN:4340 Wealth Management 3 s.h.
Financial services for client wealth management; how to make personal investment decisions and build diversified, comprehensive investment portfolios; investment theory; common behavioral biases that lead to investment pitfalls, mistakes; wealth management objectives, portfolio risk and reward, asset allocation, portfolio diversification, tax shield structures, retirement plans, wealth protection, risk management, behavioral finance, psychology of investing. Prerequisites: FIN:3000.

FIN:4350 Applied Wealth Management
How wealth management relates to managing the financial wellbeing of individuals; process of determining goals and objectives for someone and assessing their risk tolerances; development of a strong financial plan involving a variety of steps and process including insurance needs, savings requirements, estate planning, budgeting, asset allocation, and portfolio development; experiential component where students make recommendations for real clients or a pool of funds. Prerequisites: FIN:3000.

## FIN:4410 Enterprise Risk Management

Analysis and treatment of pure and financial risks faced by business organizations; development and implementation of the risk management process, application of varied risk management techniques to identified exposures; how businesses manage risk and how insurance is used to manage the cost of risk; case studies. Prerequisites: FIN:3400.

## FIN:4420 Property and Liability Insurance

Fundamentals of commercial property and liability insurance; commercial property and liability contracts, functions of property and liability insurers; regulation and financial analysis of property and liability insurers; marketing, underwriting, rate making, claim settlements. Prerequisites: FIN:3400.

FIN:4430 Life and Health Insurance
3 s.h.
Types of life insurance and annuity contracts and their uses; regulation of life and health insurers; development of financial plans using life insurance products; Social Security, group, and individual health insurance products, including major medical, disability income, longterm care policies; marketplace analysis; contractual provisions, determination of human life values, mathematics of life contingencies and pricing. Prerequisites: FIN:3400.

## FIN:4440 Employee Benefit Plans

3 s.h.
Management of employee benefit plans (e.g., group life and health insurance, retirement programs); design, administration, and financing of employee benefits; federal administration of employee benefit plans; funding requirements, financial alternatives; funding and vesting of retirement annuities; design and management of health care plans, including "cafeteria" approach and nonqualified deferred compensation arrangements; economic effects and financing employee benefits and retirement plans in private and public sectors. Prerequisites: FIN:3400.

## FIN:4450 Risk Modeling

3 s.h.
Theory used to solve real-life problems taken from a diverse set of risk management applications; varied areas where risk analysis has become important (i.e., finance, insurance, corporate risk management, personal financial planning); principles of probability theory, mathematical finance, and actuarial science developed for use in quantitative analysis of important risk management problems; spreadsheet-based course. Prerequisites: FIN:3000.
FIN:4460 Insurer Operations and Captive Management
3 s.h.
Fundamentals of insurer and captive operations; regulation, accounting, finance, marketing, underwriting, reinsurance, ratemaking, and claims management; students set up and manage a captive insurance company covering risk exposures of the university. Prerequisites: FIN:3400.

## FIN: 4999 Honors Thesis in Finance

Independent student project directed by faculty or staff advisor; culminates in thesis that conforms to University of Iowa Honors Program guidelines; may include empirical research, library research, applied projects. Prerequisites: BUS:1999.

## FIN:7110 Finance Theory I

Consumption-based models of asset pricing; arbitrage, contingent claims; market efficiency and information economics, behavioral models; emphasis on theory. Requirements: PhD enrollment.

## FIN:7120 Seminar in Corporate Finance <br> 3 s.h.

Valuation (DCF and CAPM); valuation under certainty, uncertainty; financial structure, cost of capital; dividend policy; firm investment in perfect, imperfect capital markets. Requirements: PhD enrollment.

## FIN:7130 Finance Theory II

3 s.h.
Continuous time theories of financial markets, including connection between an arbitrage-free pricing system and martingales; pricing of contingent claims, general equilibrium and term structure theory. Requirements: PhD enrollment.

## FIN:7140 Advanced Empirical Finance

3 s.h.
Market efficiency and term structure theory tests; tests of asset pricing models, dividend policy and financial structure issues. Requirements: PhD enrollment.

FIN:7850 Seminar in Finance
Requirements: PhD enrollment.
FIN:7950 Directed Reading in Finance - PhD
Requirements: PhD enrollment.
FIN:7975 Thesis in Business
arr.
arr.

FIN: 8130 Business Communication
1-3 s.h.
Effective communication to become a successful business professional and leader; strengthen ability to speak and write confidently, competently, and effectively regardless of venue; varied team and individual presentation coaching, applied exercises. Requirements: admission to MS in finance program.

## FIN:9000 Directed Readings in Finance - MBA

arr.
FIN:9001 Directed Readings in Finance - Master of Science in Finance
arr.
Coursework and topics negotiated between student and instructor on a case-by-case basis. Prerequisites: MBA:8180.

## FIN:9010 Contemporary Topics in Finance

arr.
FIN:9130 Corporate Risk Management and Insurance 3 s.h. Introduction to corporate risk management and the risk management process; how insurance can be used as a risk management tool; standard commercial property and liability insurance contracts and their applications; fundamentals of insurance company operations and their distribution channels, rate making, underwriting, and claim settlements.

## FIN:9140 Enterprise Risk Management

Analysis and treatment of risks faced by businesses; how risk management creates value in corporations, includes development and implementation of the risk management process, and explores the application of various risk management techniques to identified exposures; use of case studies to study how businesses manage risk, and how insurance and other risk management tools help reduce the cost of risk. Prerequisites: MBA:8180.
FIN:9150 Financial Modeling and Firm Valuation 2-3 s.h.
How to model firm value from a discounted cash flow perspective; identify a company's key value drivers, create spreadsheet valuation models; projected financial valuation integrates projected pro forma accounting statements; forecasting, free cash flow estimation, industry competitive analysis. Prerequisites: MBA: 8180 .

FIN:9160 Quantitative Finance and Deep Learning 0,3 s.h.
Quantitative techniques in investment and trading with focus on machine learning approaches; introduction to quantitative approaches already popular in investment and trading including quantitative security selection, portfolio construction, statistical arbitrage, and algorithm trading; emerging machine learning techniques in financial industry including advanced regression methods, news sentiment analysis, and deep learning with applications in price forecasting and high frequency trading.

## FIN:9200 Portfolio Management

Introduction to fundamental elements of modern portfolio theory, application to investment analysis; investment environment, instruments, types of investors; concepts of risk and return, broad perspective on historical risk and return of various asset classes; asset allocation decision, risk and return dynamics of a multiple securities portfolio; varied asset pricing models, how capital markets work for investors and users of capital. Prerequisites: MBA:8180.
FIN:9210 Derivatives 2-3 s.h.
Examination of the wide range of derivative securities that cover the financial landscape; the market place, trading, and investors; different derivative securities in existence, their relationship with the underlying securities, and pricing; applications of derivative securities to risk management and speculation; application of principles to fixed income, international finance, real estate, and securitization. Prerequisites: MBA:8180.

Conceptual framework and tools to undertake the valuation of fixed income securities and the management of fixed income portfolios; varied fixed income instruments and the markets in which they trade; introduction to basic building blocks of fixed income analysis, including concepts of duration, convexity, and term structure of interest rates; application of concepts in bond portfolio immunization strategies; use of interest rate derivatives in portfolio hedging applications. Prerequisites: MBA:8180.

## FIN:9225 Applied Fixed Income Analysis - Hart Fund

 Management of fixed income fund portfolio; legal environment in which the fund operates; students analyze and recommend fixed income investments, implement controls to monitor fund's performance; decisions and investment recommendations are made by students; each student is assigned a specific fixed income asset class (i.e., high-yield debt) to monitor, analyze, and predict future investment returns; employment of historical and predictive analytics to estimate short term and long term returns for asset classes; and collectively determine the mean variance portfolio. Prerequisites: MBA:8180 and FIN:9220.FIN:9230 Real Estate Finance and Investments 2-3 s.h.
In-depth understanding of concepts and techniques of real estate financial analysis, equity investment decision-making; real estate investing from analysis of developments through the securitization of mortgages; mortgage markets and pricing, real estate finance and investments, mortgage-backed securities, development process, real estate valuation, tax effects, securitized real estate, real estate cycles, application of derivative instruments, strategic asset allocation. Prerequisites: MBA:8180.

## FIN:9240 International Finance

2-3 s.h.
Introduction to structure and functioning of global financial markets; currency market, international equity markets; use of derivatives in currency risk management for corporate and investment needs; corporate investment decisions in an international context. Prerequisites: MBA:8180.
FIN:9250 Applied Securities Analysis - Henry Fund I 3 s.h.
Manage Henry Fund portfolio, learn legal environment in which the fund operates, analyze potential investments, implement controls to monitor the fund's performance; decisions and investment recommendations made by students; each student analyzes an economic sector and geographic region (i.e., utilities analyst and specialist in South East Asia); while the fund cannot currently invest directly in foreign listed stocks, it holds U.S. listed stocks with significant overseas interests and students are able to invest in a number of ADRs. Prerequisites: MBA: 8180 .

FIN:9260 Applied Securities Analysis - Henry Fund II 3 s.h. Continuation of FIN:9250. Prerequisites: FIN:9250 and MBA:8180.

## FIN:9270 Security Analysis

3 s.h.
Valuation of financial securities (primarily equities) using discounted cash flow model; industry, regulatory analysis; financial statement analysis; active portfolio management; value-based management techniques; valuation of firms outside the United States. Prerequisites: MBA:8180.

FIN:9290 Alternative Investments and Portfolio Strategies 2-3 s.h. Alternative investments including hedge funds, private equity funds, and venture capital vehicles; purpose of alternative investment, including the risk/return profile of alternatives and correlations with traditional asset classes; specific hedge fund styles, strategies, risk profiles; portfolio strategy topics including diversification benefits, management of downside risk, international diversification, behavioral finance, performance measures, and performance attribution analysis. Prerequisites: MBA:8180.

FIN:9300 Corporate Investment and Financing Decisions 2-3 s.h. Underpinnings and optimization of corporations' investment and financing decisions; firm-wide and project-specific cost of capital, optimal capital structure decisions; in-depth capital budgeting methods, including real options techniques; corporate investment module of the class includes simulation analysis using Crystal Ball; cost of capital, valuation techniques, advanced capital budgeting, capital structure and dividend policy, option pricing models applied to corporate finance. Prerequisites: MBA:8180.
FIN:9310 Corporate Financial Strategy
2-3 s.h.
Major strategic decisions within the corporate form; risk management, including why firms engage in it, their methods for doing so, and exercises in the simulation of uncertainty; dividends and repurchases under the payout policy decision; corporate governance topics, including executive compensation, board structure, and institutional monitoring; merger and acquisitions analysis, including regulation, valuation, anti-takeover devices, payment method, and LBOs; divestitures and other restructuring topics, including corporate diversification, spin-offs, carve-outs, private workouts, and Chapter 11. Prerequisites: MBA:8180.

FIN:9330 Investment Banking
3 s.h.
How investment banks fill critical roles in maintaining wellfunctioning financial markets and provide access to capital and strategic advice to companies and governments; recent global financial crisis; how banker's role as intermediary between companies and markets adds value and creates conflicts and risk. Prerequisites: MBA:8180.
FIN:9350 Wealth Management
2-3 s.h.
Rapid growth of the field of wealth management over several decades, driven by general increase in personal wealth and increased responsibility for individuals to manage their own wealth; knowledge and tools to enter the financial services industry; financial planning industry, client characteristics, tax shield structures, insurance, asset allocation plans, estate planning, behavioral finance. Prerequisites: MBA:8180.

FIN:9390 Applied Financial Analysis: Industry Project 3 s.h. Hands-on practical experience in corporate finance or investments; work in teams on a corporate finance project or an investment project for a corporate or institutional client; partner companies identify financial issues, challenges, and opportunities for students to help solve; students work with the companies and a faculty member to provide an analysis of the situation and proposals of actions to be taken. Prerequisites: MBA:8180.
FIN:9391 Thesis in Finance - Master of Science in Finance arr. Students conduct original research in finance, supervised by a Department of Finance faculty member. Prerequisites: MBA:8180.

FIN:9400 Professional Development and Business Acumen 0-3 s.h. Preparation for postgraduate careers and exposure to relevant information that does not fit cleanly into academic work; how to grow a professional network and build depth of knowledge and breadth of business acumen; focus on helping students investigate various finance roles, land the all-important summer and postgraduate employment, and demonstrate professionalism in business; informational input on current trends/topics from outside business professionals, along with shared student experiences, are important cornerstones and require student preparation and participation. Requirements: admission to MS in finance.

## Finance, BBA

## Requirements

The Bachelor of Business Administration with a major in finance requires a minimum of $120 \mathrm{~s} . \mathrm{h}$., including $22 \mathrm{~s} . \mathrm{h}$. of work for the major. Students must have a cumulative grade-point average (GPA) of at least 2.00 in all college coursework attempted, all college coursework attempted in business, all college coursework attempted in the major, all coursework attempted at the University of Iowa, all business coursework attempted at the University of Iowa, and all coursework in the major attempted at the University of Iowa.

The program provides a balance of theory, applications, and financial information technology that facilitates students' transition from classroom to workplace. Through fundamental finance principles and state-of-the-art financial market information technologies, students develop analytical abilities to interpret financial market data, implement the latest trading and investment strategies, and make effective managerial decisions in national as well as international settings.

With the goal of enhancing students' career development, the program stresses learning by doing, partnership with industry, and internships. Students receive a balanced education consistent with the globalization of business and the explosion in financial markets and information technology.

The Bachelor of Business Administration with a major in finance requires the following coursework. For BBA common requirements, see the Bachelor of Business Administration [p. 1126] in the catalog.

## Finance, MS

The Master of Science in finance program is a three-semester, STEMdesignated program. Students have the opportunity to enroll in a combined degree program with the MS in business analytics program, and current University of Iowa undergraduate students may apply to a combined undergraduate degree/MS graduate degree program. For more information, see Combined Programs [p. 1188] in this section of the catalog.

## Learning Outcomes

Core Competency

- Students acquire and exhibit knowledge about fundamental financial concepts.

## Business Applications

- Students acquire and exhibit knowledge about applying financial concepts in business and financial markets.

## Communication

- Students effectively communicate finance solutions to business problems.

## Team Work

- Students demonstrate the ability to be effective team members in a complex and diverse world.

## Requirements

The Master of Science program in finance requires a minimum of 45 s.h. of graduate credit. A major grade-point average (GPA) and a cumulative GPA of at least 2.75 is required in all coursework.

The MS with a major in finance requires the following coursework.

## Core Courses

Students should consult their academic advisor about the possibility of waiving a core course if they have a major GPA of at least 3.30 in the subject area (consult advisor) or have passed the Certified Public Accountant (CPA) or Chartered Financial Analyst (CFA, Level 1) Examination.

| Course \# | Title | Hours |

| Additional elective credit possible for courses in analytics, computer science, engineering, mathematics, physics, statistics, or actuarial science (e.g., quantitative/technical) with advisor approval |  |  |

## Combined Programs

## Undergraduate Degree/MS

Students working on an undergraduate degree program the University of Iowa who are interested in earning the MS in finance may apply to a combined undergraduate degree/MS graduate degree program. The Undergraduate to Graduate (U2G) program enables students to begin work on the MS as they complete their baccalaureate degree. Combined degree programs enable students to earn both degrees in less time than it would take to earn the two degrees separately.

Separate application to each degree program is required. Applicants must be admitted to both programs before they may be admitted to the combined degree program. For more information, see the MS in finance Undergraduate to Graduate website.

## MS/JD

The combined Master of Science in finance/Juris Doctor program allows students to pursue two degrees simultaneously, earning both more quickly than they would if the degrees were pursued separately. The Department of Finance collaborates with the College of Law to offer the combined program.

Separate application to each degree program is required. Applicants must be admitted to both programs before they may be admitted to the combined program. For more information, see the Juris Doctor, JD [p. 1720] (College of Law) in the catalog.

## MS/MS in Business Analytics (Career Subprogram)

The combined Master of Science in finance/Master of Science in business analytics with a career subprogram allows students to pursue two degrees simultaneously, earning both more quickly than they would if the degrees were pursued separately. The Department of Finance collaborates with the Department of Business Analytics to offer the combined program.
A single admission application is available for the combined degree program. For more information, see the MS in business analytics (career) [p. 1141] in the catalog.

## Admission

Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations on the Graduate College website.

Applicants must:

- have earned a bachelor's degree from a U.S. college or university, or have earned an equivalent degree from another country;
- submit unofficial transcripts with their application and official transcripts for admission;
- have earned a minimum grade-point average of at least 3.00 or the international equivalent;
- submit a current résumé that includes information about employment (if applicable), education, extracurricular activities, and community involvement; and
- submit a statement of purpose with a maximum length of 500 words.

Applicants whose first language is not English must submit official test scores to verify English proficiency. Applicants can verify English proficiency by submitting official test scores from the Test of English
as a Foreign Language (TOEFL), the International English Language Testing System (IELTS), or the Duolingo English Test (DET).

Applicants who use the IELTS or DET test are required to take the oncampus English Proficiency Examination.
Application deadlines are as follows.

- Priority deadline: Dec. 15.
- International student deadline: March 15.
- Domestic student deadline: June 15.

The MS in finance program has articulation agreements with Central College, Coe College, Cornell College, Grinnell College, and the University of Northern Iowa that permit conditional graduate admission pending all application requirements are met upon completion of the undergraduate degree.

Visit the MS in finance Admissions website for full admission details.

## Career Advancement

The Graduate Career Services team offers multiple resources to help students find internships and jobs. Visit the Graduate Career Services website for details.

## Academic Plans

## Sample Plan of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.

## Doctor of Philosophy

Graduate students in finance may earn a Doctor of Philosophy in business administration. For a description of the PhD program and requirements, see the PhD in business administration [p. 1151] in the catalog and visit the Department of Finance website.
Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations on the Graduate College website.

## Learning Outcomes

Students will:

- master the core knowledge and research tools in the field of finance;
- develop the ability to conduct independent research that constitutes significant contribution to the field of finance;
- develop the ability to effectively communicate research ideas and outcomes; and
- be prepared to effectively teach undergraduate and graduate courses in finance.

## International Business

## Coordinators

- Nicholas F. Martini (College of Liberal Arts and Sciences), Dimy Doresca (Tippie College of Business)

Undergraduate certificate: international business
Website: https://students.tippie.uiowa.edu/undergraduates/academics/ certificates/international-business-certificate

The Tippie College of Business and the College of Liberal Arts and Sciences offer the undergraduate Certificate in International Business. The program is designed for students who intend to pursue careers in international business as well as those interested in gaining a better understanding of the global economy and a broader awareness of the political, historical, and social environment in which international business operates.

## Programs

## Undergraduate Program of Study

## Certificate

- Certificate in International Business [p. 1192]

## International Business, Certificate

## Requirements

The undergraduate Certificate in International Business requires a minimum of 21 s.h. The program includes the study of international business and economics, along with associated political, environmental, and cultural contexts. The range of courses permits students to tailor areas of specialization suited to their individual interests and to complement majors in business and in liberal arts and sciences.
Students must maintain a grade-point average of at least 2.00 in work for the certificate. Certificate courses may not be taken pass/ nonpass. A course may not be used to satisfy more than one certificate requirement. The certificate may be earned by any student admitted to the University of Iowa who is not enrolled in a UI graduate or professional degree program. Undergraduate to Graduate (U2G) students may earn the certificate when the undergraduate classification is primary.

Students should declare their intention to earn the certificate as early as possible, talk with an advisor about certificate requirements, and work to create an individual plan of study. Tippie College of Business students should talk with the advising staff at the college's Undergraduate Program Office; College of Liberal Arts and Sciences students and students enrolled in other UI colleges should talk with a Certificate in International Business advisor at the Academic Advising Center. Individuals who hold a bachelor's degree from another institution should contact the University of Iowa Office of Admissions.

Students are allowed up to 7 s.h. of transfer work towards the certificate. The remaining certificate coursework (other than language courses) must be completed at the University of Iowa or in approved study abroad programs. Students who plan to count study abroad credit toward the certificate should consult a Certificate in International Business advisor before enrolling in a program and leaving campus.

The Certificate in International Business requires the following coursework.

| Requirements | Hours |
| :--- | :--- |
| Global Business Foundation Courses | $12-16$ |
| Political, Environmental, and Cultural Contexts Courses | $9-12$ |

## Global Business Foundation

Global business foundation courses provide students with an essential understanding of economics, which is central to all business operation. They also help students develop knowledge of the functional areas of international business.

## Political, Environmental and Cultural Contexts

The political, environmental, and cultural contexts category has three separate requirements: global politics (3 s.h.); environmental, social, and corporate governance ( 3 s.h.); and cultural immersion (3-6 s.h.).

## Global Politics

Students will gain deeper knowledge of cross-cultural issues and think critically about broader dynamics.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| One of these (3 s.h.): |  |  |
| GEOG:1090 | Globalization and Geographic <br> Diversity | 3 |

| Cultural Immersion |  |  |
| Students will cultivate effective written, spoken, and visual communication skills necessary in cross-cultural organizational settings. They will also gain deeper knowledge of cross-cultural issues and think critically about broader dynamics. There are three options for fulfilling the cultural immersion requirement. |  |  |

## Cultural Immersion: Option 1

Students complete a fourth semester-level or higher-level World Language course offered for at least 3 s.h. that is taught in the world language (i.e., not taught in English). World Language courses that build proficiency for business and professional environments are strongly encouraged.

| Course \# | Title | Hours | Students complete a minimum of 6 s .h. from the following. |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: |
| Arabic |  |  | Course \# | Title | Hours |
| ARAB:2002 | Intermediate Modern Standard | 5 | This: |  |  |
|  | Arabic II |  | Study abroad credit coursework (consult international business certificate advisor) |  |  |
| Or any course taught in Arabic for which ARAB:2002 or above is a prerequisite or requirement |  |  |  |  |  |
|  |  | And/or these: |  |
| Chinese |  |  |  | ENTR:4200 | Entrepreneurship: Business | 3 |
| CHIN:2102 | Second-Year Chinese: Second Semester | 5 | Consulting (Mandela Fellows section only) |  |  |

## Sample Plan of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.

## International Business, Certificate

Course Title Hours

## Academic Career

## Any Semester

The undergraduate certificate in international business requires a minimum of $21 \mathrm{~s} . \mathrm{h}$. The program includes the study of international business and economics, along with associated political, environmental, and cultural contexts. ${ }^{\text {a }}$
Study abroad experience enhances the international business certificate program but requires advance planning. Students should plan to attend a discover study abroad session early in their college career to learn more.
Students must maintain a cumulative GPA of at least 2.00 in work for the certificate.
Certificate courses may not be taken pass/nonpass.

|  | Hours | 0 |
| :---: | :---: | :---: |
| First Year |  |  |
| Fall |  |  |

governance course ${ }^{\text {b, c }}$

| Hours | 3 |
| :--- | ---: |
| Total Hours | $\mathbf{2 7 - 2 8}$ |

a The international business certificate program encourages students to develop a global mindset and cross-cultural skills through their coursework and co-curricular experiences. The study of a world language, an experience abroad, and engagement with international groups on campus and in the community support the program's curriculum.
b See the General Catalog for list of approved courses.
c Some GE courses such as those for Diversity and Inclusion, Historical Perspectives, International and Global issues, Social Sciences, and Values and Culture may also fulfill a requirement for the international business certificate.
d Non-business majors can opt to complete ENTR:1350 rather than ACCT:2100 and MKTG:3000.
e There are three options for satisfying the cultural immersion component: 1) complete a fourth semester-level or higher-level world language course offered for at least $3 \mathrm{~s} . \mathrm{h}$. and not taught in English, typically taken during first year; 2) complete at least 6 s.h. from approved study abroad courses or related coursework, typically taken during second or third year; or 3) complete at least 6 s.h. in courses from one of the following area studies: Asia, Europe, Latin America, Middle East/Africa, or Russia/Eastern Europe.
f Students are encouraged to complete this course during either the second or third year.

## Management and Entrepreneurship

## Chair

- Greg L. Stewart

## Director, Undergraduate Program

- Andrew Hosmanek

Director, PhD Program<br>- Jennifer Nahrgang Craig

Undergraduate major: management (BBA)
Graduate degree: management subprogram for the PhD in business administration

Faculty: https://tippie.uiowa.edu/people?department=Management \%20and\%20Entrepreneurship

Website: https://tippie.uiowa.edu/about/management-and-entrepreneurship-department

The Department of Management and Entrepreneurship has strengths in the areas of leadership, entrepreneurship, and human resource management. It provides evidence-based instruction that prepares students to pursue a career in human resource management, start their own business, or lead projects, teams, and organizations.
The department offers the undergraduate major in management and the subprogram in management that leads to the PhD in business administration. Additionally, the Department of Management and Entrepreneurship contributes to the MBA program; see the Master of Business Administration Program [p. 1215] in the catalog.

## Courses <br> Management and Entrepreneurship Courses

## MGMT:1300 First-Year Seminar

 by instructor; may include outside activities (e.g., films, lectures, performances, readings, visits to research facilities).MGMT:2000 Introduction to Law 3 s.h.
Legal issues surrounding start-up and day-to-day management of a business; contract law, standard business formations, tort law, employment law, business ethics, and alternative dispute resolution. Requirements: sophomore standing.

MGMT:2100 Introduction to Management
Principles of management, organizational structure, decisionmaking, leadership, line-staff relationships, and administration of organizations; overview of the demands and challenges facing managers, behaviors of effective managers, management theory, personal effectiveness, decision-making, team skills, and leadership skills. Requirements: sophomore standing.
MGMT:3050 Professional Preparation for Management 1 s.h. Survey of career paths in the field of management through discussions with individuals working in human resources, management consulting, entrepreneurial endeavors, and more; hands-on activities for students to hone the skills required to succeed in today's workplace.

MGMT:3200 Individuals, Teams, and Organizations 3 s.h.
Theories of organizational behavior applied to current business trends for individuals, teams, organizations; personality, managing diversity, work-family conflict, self-managed teams, charismatic leadership, work motivation, managing conflict, organizational culture. Prerequisites: MGMT:2000 and MGMT:2100.

## MGMT:3250 Leading Innovation

Knowledge and skills needed to lead teams and organizationsformally or informally-to achieve sustainable innovation culture, strategy, execution, and outcomes; how to navigate corporate innovation challenges from culture to management and resourcing, in order to successfully lead innovation efforts; problem definition, critical thinking, metrics, design thinking, and entrepreneurial business model development; innovation prerequisites, roles, leadership skills, and strategy. Prerequisites: MGMT:2000 and MGMT:2100.

MGMT:3300 Strategic Human Resource Management 3 s.h. People management activities, policies, and practices that promote effective organizations; how changes in technology, business restructuring, legal and social concerns, other issues affect human resource management. Prerequisites: MGMT:2000 and MGMT:2100.
MGMT:3400 Employment Law 3 s.h.
Laws affecting employers and employees, such as regulatory health and safety policies, unemployment and retirement benefits, and employment discrimination including hiring, termination, testing issues. Prerequisites: MGMT:2000 and MGMT:2100.
MGMT:3450 International Business Environment 3 s.h.
Differences in international and domestic business; cultural, legal, political factors for managers. Requirements: junior or higher standing.
MGMT:3500 Nonprofit Organizational Effectiveness I 3 s.h. Operational and financial aspects of nonprofit management; mission and governance of organization; strategic planning for effective management, including finance, budget, income generation, fund-raising. Same as ENTR:3595, MUSM:3500, NURS:3595, RELS:3700, SSW:3500.

MGMT:3600 Nonprofit Organizational Effectiveness II 3 s.h. Qualities for leadership of nonprofit organizations, including relationships with staff and volunteers; relationship of nonprofit and outside world; marketing, public relations, advocacy strategies for nonprofits. Same as NURS:3600, RELS:3701, SSW:3600.
MGMT:3700 Field Experience: Nonprofit Leadership and Philanthropy

3 s.h.
Faculty-supervised professional work experience with a nonprofit organization with associated academic content.

## MGMT:3800 Entrepreneurial Leadership Academy I

3 s.h.
Exposure to latest research and techniques in leading entrepreneurial organizations; students learn how to successfully manage innovation based projects and engage with entrepreneurial leaders and business experts to understand how they utilize entrepreneurial approaches to launch and lead high potential entrepreneurial ventures; first of a two-course sequence. Prerequisites: MGMT:2100 or ENTR:2000 or ENTR:3350. Requirements: declared management and entrepreneurship major or enterprise leadership major, and 75 s.h. completed. Same as ENTR:3800.
MGMT:3850 Entrepreneurial Leadership Academy II 3 s.h. Students work in teams to provide advanced strategic management consulting services to entrepreneurial ventures, corporations, and select nonprofit organizations; students work directly with C-level executives on projects and receive mentoring from faculty who have built and led successful organizations; teams are responsible for developing innovative strategies to address significant challenges facing clients; second of a two-course sequence. Prerequisites: MGMT:3800 or ENTR:3800. Same as ENTR:3850.
MGMT:3999 CIMBA Italy Experiential Leadership 1-3 s.h. Leadership Initiative for Excellence (LIFE) includes a three-day training that enhances key leadership competencies including effective communication, decision-making, teamwork, focus, and interpersonal skills; Learn, Enrich, Achieve, Perform (LEAP) includes and builds upon concepts in LIFE, and is a semester-long professional development program that utilizes self-assessment, one-on-one and group coaching, and developmental seminars; for students enrolled in the CIMBA Italy Program.
MGMT:4000 Topics in Management $\mathbf{1 - 3}$ s.h.
Topics not regularly offered in other courses. Prerequisites:
MGMT:2100.
MGMT:4050 Directed Readings in Management and Organizations
arr.
3 s.h.

## MGMT:4100 Dynamics of Negotiations

Predictable aspects and dynamics of bargaining experiences; simulations, experiential exercises to foster skills needed for effective negotiation in almost any situation. Requirements: 60 s.h. completed.

## MGMT:4200 Staffing and Talent Management

3 s.h.
Staffing processes; external influences such as labor markets, the legal environment; support activities such as job analysis, employment planning; staffing activities such as internal and external recruiting, selection. Prerequisites: MGMT:3300 and MGMT:3200. Corequisites: MGMT:3400.

MGMT:4300 Leadership and Personal Development 3 s.h. Practical development and application of leadership and managerial skills to enhance individual and organizational effectiveness.

## MGMT:4325 Team and Project Management

Fundamentals of managing teams and group projects; emphasis on practical application, using case studies, and interactive and experiential exercises. Prerequisites: MGMT:3200 and MGMT:3300.

## MGMT:4350 Performance Management and Strategic

## Rewards

3 s.h.
Role of pay and other rewards on organizational objectives; compensation's impact on employee behavior and performance; mix of pay and benefits in compensation systems; legal environment regulating pay and benefits; nonmonetary forms of reward; the role of performance management, pay, and other rewards on employee performance and organizational objectives is examined; includes performance appraisals, coaching, performance feedback, incentive systems, the mix of pay and benefits in compensation systems, and the legal environment regulating pay and benefits. Prerequisites: MGMT:3300 and MGMT:3200.

MGMT:4500 Strategy, Innovation and Global Competition 3 s.h. Development of skills for firm strategy formation in a complex and technology-driven global economy; analytical tools that are essential to any consultant, manager, or entrepreneur facing dynamic industry environments. Prerequisites: MGMT:2100.
MGMT:4600 Nonprofit Ethics and Governance
3 s.h.
Tools to help identify, understand, and resolve ethical issues in nonprofit sectors; how individual beliefs and societal standards shape ethical decision-making; application of ethical frameworks to classic and contemporary ethical dilemmas; how various forms of governance shape ethical behavior in organizations; case studies, readings, lectures, and guest speakers.
MGMT:4999 Honors Thesis in Management arr.
Independent student project directed by faculty or staff advisor; culminates in thesis that conforms to University of Iowa Honors Program guidelines; may include empirical research, library research, applied projects. Prerequisites: BUS:1999.
MGMT:7120 Methods for Field Research (PhD) 2 s.h.
Field methods commonly used in behavioral research with emphasis on surveys; different types of field research designs; evaluation of advantages and disadvantages of different research approaches; practice generating research questions and hypotheses appropriate for field survey designs; issues related to levels of analysis; develop and administer surveys to maximize response rates; identify appropriate samples; brief introduction to statistical approaches for analyzing survey data.

## MGMT:7124 Methods for Qualitative Research <br> 2 s.h.

Qualitative methods available to researchers; role and contributions of qualitative methods in research; reasons why qualitative research papers get rejected by journals and strategies to avoiding them; work with qualitative data; philosophy of science, formulating research questions, sampling and gaining access, alternative qualitative data collection methods, ways of coding and analyzing qualitative data, building theory from qualitative data.
MGMT:7128 Methods for Experimental Research 2 s.h.
Nature of research and principles of experimental design, including laboratory and field experiments (quasi-experiments), event sampling, and methods of small-group research; analysis of variance (ANOVA), analysis of covariance (ANCOVA), multi-attribute analysis of variance (MANOVA); orthogonal, planned and unplanned comparisons, factorial experiments including repeated measures, nested-factors design, Latin square designs; analysis of data sets with SPSS.
MGMT:7140 Meta-Analysis in Behavioral Social Sciences (PhD) 3 s.h. Methods for quantitative integration of findings in behavioral and social sciences; overall effect size or correlation, whether conflicting findings documented in research literature are due to moderators (interactions) or statistical and measurement artifacts.
MGMT:7160 Measurement Theory and Methods in the Behavioral and Social Sciences (PhD)

3 s.h.
Measurement and statistical methods needed for conduct of methodologically sound, publishable research; kinds and levels of measurement; role of measurement in theory development and cumulative research knowledge; theory of measurement error; types of reliability and their estimation; corrections for bias in research results due to measurement error; basic scaling methods; criterionrelated, content, and construct validity; cross-validation and shrinkage formulas; factor analysis; statistical power in research studies; introduction to meta-analysis; item analysis and scale construction; structural equation modeling. Requirements: basic statistical methods course.

## MGMT:7320 Organizational Theory PhD

Organizational theory; effect of changing environment and technological factors on organizational structure and effectiveness; resource dependency and power, conflict, interorganizational network, population ecology, economic theories of organization, institutional theory.

MGMT:7323 Foundations of Organizational Theorizing 2-3 s.h. Examination of the field of micro-organizational behavior (microOB ); development of ability to evaluate and generate papers that make a theoretical contribution to the field; classic and contemporary research related to prevailing theories; students engage in weekly writing, including a series of theory building exercises and peer reviewing; objectives include supporting peers in generating new theoretical questions, models, and/or frameworks, and providing an overview of theoretical contributions in several important areas in organizational behavior.

## MGMT:7328 Academic Writing

2-3 s.h.
Development of critical thinking skills and practices associated with successful academic writing; students learn and practice how to write stylized sections of a social science paper effectively (e.g., literature review, hypothesis development); how to write for impact; researchsupported productive writing habits, including how to give and receive feedback on early drafts of writing; writing style/mechanics (e.g., using active voice); writing assignments include a combination of step-by-step revisions to an existing, self-selected paper and shorter hands-on exercises targeted at specific writing skills.

## MGMT:7340 Group Processes (PhD) 3 s.h.

In-depth understanding of how work groups and teams can be made more effective in organizations; team design issues (i.e., task type, interdependence, leadership, member composition); process issues including power, influence, communications, conflict, collective memory, and intergroup relations.

## MGMT:7350 Leadership (PhD)

Understanding and preparation for implementing leadership in organizations; focus on reading and analysis of basic research-related leadership theories; contrast "great person" theories, traditional behavioral and situational theories, and transformational leadership theory.

## MGMT:7360 Motivation and Attitudes (PhD)

3 s.h.
Motivational processes, attitudes, communication and interorganizational networks; emphasis on motivational antecedents and consequences, theoretical implications for models of work performance.

## MGMT:7370 Reward Systems (PhD)

2 s.h.
Compensation systems, government influences, equity in compensation and individual wage determination; research-based examination of performance evaluation and appraisal, theories of work performance.

## MGMT:7385 Social and Human Capital

Theory, research, and methods for understanding social capital as a resource available to individuals resulting from the social structure which they are located; readings focus on application of social networks to various content areas at individual, team, and organizational units of analysis; examination of relationships among social and human capital on individual and team outcomes; emphasis on understanding existing theory and empirical findings; social network research in terms of study design and analysis through software programs including UCINET and R.

## MGMT:7700 Mentored Research

arr.
Management research conducted by doctoral students under faculty supervision; culminates in second-year research paper.

2 s.h. MGMT:7800 Foundations of Human Resource
Management
2-3 s.h.
Broad survey of foundational topics in human resource management, particularly from a micro perspective, interspersed with special topics of growing interest within the field; introduction to foundational theoretical and empirical research on topics of staffing, training and development, performance management and compensation, including an examination of trending topics of interest in these areas; students develop skills necessary to evaluate, criticize, and contribute to literature on human resource management.

## MGMT:7900 Contemporary Topics in Management and Organizations <br> arr.

Research topics in human resources and organizational behavior.
MGMT:7950 Directed Readings in Management and Organizations
arr.
MGMT:7975 Thesis in Management and Organizations arr.
Management research conducted by doctoral students under faculty supervision; culminates in dissertation.

MGMT:8000 Healthcare Business Leadership 1-2 s.h.
Explaining, predicting, and influencing human behavior in healthcare organizations and settings; topics include high-performance leadership, strategic hiring of employees, decision making, negotiations, entrepreneurship, and basic finance/accounting for clinicians. Requirements: acceptance into pharmacy Healthcare Business Leadership (HBL) Program, and full-time student status (12 s.h.) in each semester enrolled in the HBL program not including hours tied to this course.

MGMT:9090 Influence and Constructive Persuasion 3 s.h. Exploration of methods of persuasion and the science behind why and how influence works in a contemporary business setting; leadership as a function of consensus building, convincing, and motivating in today's team-based, knowledge-centric enterprises; how leaders select from a variety of influence techniques to get others' commitment to a course of action rather than commanding others; persuasion-using solid evidence coupled with emotional appeal-as capacity to present a message in a way that leads others to support it; how persuasion, when used effectively, creates a sense of freedom-others freely choose your perspective and support it.
MGMT:9091 Corporate Social Responsibility and Sustainability

2-3 s.h. Introduction to main corporate social responsibility (CSR) and sustainability issues; current debates; costs and benefits of CSR/ sustainability; relationship between leadership, innovation, and CSR; CSR's effects on companies' ability to attract and retain good employees; numerous cases studies ranging from small to large companies from various sectors including food and agriculture, manufacturing, finance, mining, energy, retail, transportation; students read and debate articles and case studies written by leading business experts, academics, and CEOs; individual or teamwork on a CSR change analysis.
MGMT:9092 Effective Managerial Communication 2-3 s.h. Decisive personal and organizational skills for business leaders and entrepreneurs; at individual level, students will refresh writing, listening, speaking, and interpersonal skills for business settings; at the organizational level, course provides crucial managerial skills-how to conduct an effective meeting, questioning skills for employment selection, engaging in small talk, and communication during a crisis.

## MGMT:9093 Communication and Digital Strategy 3 s.h.

Fundamentals of applied communication skills-written, verbal, and presentations.
MGMT:9110 Dynamics of Negotiations 2-3 s.h.
Predictable aspects and dynamics of bargaining experiences; simulations, experiential exercises to foster skills needed for effective negotiation in almost any situation. Requirements: MBA enrollment.

MGMT:9120 Leadership and Personal Development 2-3 s.h. Major theories; determinants of leader effectiveness, personal and career success; practical development of leadership, managerial skills to enhance individual, organizational effectiveness.
MGMT:9130 Strategic Management of Change 3 s.h.
How congruence in organizational strategy, structure and culture, job design, and employee characteristics produces effective organizations; emphasis on managing organizational change, implementing and working in teams, project management. Recommendations: completion of MBA:8120.

MGMT:9150 Nonprofit Organizational Effectiveness I 3 s.h. Operational and financing aspects of nonprofit management; mission and governance of organization; strategic planning for effective management, including finance, budget, income generation, fundraising. Same as HMP:6360, PBAF:6278, RELS:6070, SPST:6010, SSW:6247, URP:6278.

MGMT:9160 Nonprofit Organizational Effectiveness II 3 s.h.
Qualities for leadership of nonprofit organizations, including relationships with staff and volunteers; relationship of nonprofit and outside world; marketing, public relations, advocacy strategies for nonprofits. Requirements: for HMP:6365-HMP:6360 or MGMT:9150. Same as HMP:6365, PBAF:6279, RELS:6075, SPST:6020, SSW:6248, URP:6279.
MGMT:9185 Project Management 2-3 s.h.
Preparation for managing projects and project portfolios; project selection, project planning and budgeting, scheduling, resource allocation, project control; integration of project planning tools, including project management software.
MGMT:9210 Law and Ethics 2-3 s.h.
Legal issues surrounding start-up and day-to-day management of a business; contract law, standard business formations, tort law, employment law, business ethics, and alternative dispute resolution; exploration of the ways in which ethics and law intersect as well as the ways in which law reflects various ethical judgments; consideration and comparison of the roles of law and the role of ethics in our society.
MGMT:9220 Maximizing Team Performance 3 s.h.
Current approaches to implementing effective teams within organizations; team selection and formation, group dynamics, facilitation skills, performance and obstacle management.
MGMT:9230 Managing and Preventing Conflict 3 s.h.
Skills for management of high-conflict situations in the workplace and for long-term business success and job satisfaction; experience developing mediation-based skills and communication techniques to prevent and resolve workplace conflicts.
MGMT:9240 Inclusive Leadership 3 s.h.
Skills to develop a more inclusive leadership style including leading productive conversations about diversity, transforming diversityrelated conflicts into opportunities for learning and growth, evaluating diversity initiatives for potential effectiveness, and developing a change management plan for increasing inclusion in an organization; exploration of foundations for inclusive leadership behaviors and team cultures through self-assessments, case studies, and group activities. Prerequisites: MBA:8120.
MGMT:9250 Managing Employee Performance 3 s.h.
Concepts and practices to effectively manage, measure, and improve employee performance; establishing and communicating organizational expectations, the manager as coach and motivator, measurement methodologies, and performance improvement methods; concepts and practices to effectively manage, measure, and improve employee performance; establishing and communicating organizational expectations; the manager as coach and motivator, performance improvement methods, and designing more effective reward practices.

MGMT:9260 Strategic Employee Development 3 s.h.
Concepts, practices in training and development; strategic issues affecting the design, implementation, and evaluation of training programs and of career management and organizational development activities.

MGMT:9270 Human Resource Management 3 s.h.
Systematic approach to managing human resources through practices consistent with validated theories and empirical research; human resources practices and business strategies; human resources strategy, recruitment and selection, training and development, employment law, international human resources, career management, compensation.
MGMT:9290 Global Business Management
3 s.h.
Theoretical knowledge and practical skills that are critical to successfully compete in the global marketplace and to make sound management decisions in international contexts; economic, political, legal, and social aspects of a business environment in foreign markets; multinational companies' winning moves in entering and growing in these markets; best practices in managing people in different cultural settings.

## Management, BBA

## Requirements

The Bachelor of Business Administration with a major in management requires a minimum of 120 s.h., including 22 s.h. of work for the major. To graduate, students must have a cumulative grade-point average of at least 2.00 in all college coursework attempted, all coursework attempted at the University of Iowa, all college business coursework attempted, all business coursework attempted at the University of Iowa, all college management and entrepreneurship coursework attempted, and all management and entrepreneurship coursework attempted at the University of Iowa.

The program is designed to give students a thorough background in the department's study areas as well as an understanding of their application to real-life situations. Specific courses, research projects, and other experiences, such as simulations, are blended to include both theoretical and pragmatic aspects of the field.

All BBA students majoring in management choose one of three tracks: entrepreneurial management, human resource management, or leadership and management. The entrepreneurial management track is intended for students who plan to start their own business or work in a small business. The human resource management track prepares students to pursue careers in human resources or to earn a degree in law. The leadership and management track focuses on the skills and competencies needed to lead a project, a team, or an organization; it is best suited for students considering management or consulting careers. Each track provides a solid background in general management principles in addition to a specialized focus.

Students may not earn credit for both MGMT:3200 Individuals, Teams, and Organizations and MGMT:3250 Leading Innovation due to overlap in course content.
The BBA with a major in management requires the following coursework. To view the common BBA requirements, see the Bachelor of Business Administration [p. 1126] in the catalog.

## Entrepreneurial Management Track Courses

Students in this track are not eligible to earn the BA in enterprise leadership or the Certificate in Entrepreneurial Management.

Students in the entrepreneurial management track complete the following coursework.

| Course \# | Title | Hours |
| :---: | :---: | :---: |
| All of these: |  |  |
| MGMT:3050 | Professional Preparation for Management | 1 |
| or ENTR:3050 | Professional Preparation for Enterprise Leadership and Entrepreneurship |  |
| MGMT:3250 | Leading Innovation | 3 |
| MGMT:3800 | Entrepreneurial Leadership Academy I | 3 |
| or ENTR:4200 | Entrepreneurship: Business Consulting |  |
| MGMT:4100 | Dynamics of Negotiations | 3 |
| ENTR:3100 | Entrepreneurial Finance | 3 |
| ENTR:3350 | Entrepreneurial Strategy | 3 |
| ENTR:4400 | Managing the Growth Business | 3 |
| And 3 s.h. from these: |  |  |
| MGMT:3850 | Entrepreneurial Leadership Academy II | 3 |

| ENTR:3000 | Practicum in Entrepreneurship | 3 |
| :--- | :--- | :--- |
| ENTR:4100 | International Entrepreneurship, <br> Culture, and Social Impact | 3 |
| ENTR:4300 | Launching an Entrepreneurial <br> Venture | 3 |
| ENTR:4900 | Academic Internship | 3 |

## Human Resource Management Track Courses

Students in the human resource management track complete the following coursework.

| Course \# | Title | Hours |
| :---: | :---: | :---: |
| All of these: |  |  |
| MGMT:3050 | Professional Preparation for Management | 1 |
| MGMT:3200 | Individuals, Teams, and Organizations | 3 |
| MGMT:3300 | Strategic Human Resource Management | 3 |
| MGMT:3400 | Employment Law | 3 |
| MGMT:4100 | Dynamics of Negotiations | 3 |
| MGMT:4200 | Staffing and Talent Management | 3 |
| MGMT:4350 | Performance Management and Strategic Rewards | 3 |
| And 3 s.h. from these: |  |  |
| MGMT:3450 | International Business Environment | 3 |
| MGMT:3500 | Nonprofit Organizational Effectiveness I | 3 |
| MGMT:3600 | Nonprofit Organizational Effectiveness II | 3 |
| MGMT:3800 | Entrepreneurial Leadership Academy I | 3 |
| MGMT:3999 | CIMBA Italy Experiential Leadership | 3 |
| or MGMT:4300 | Leadership and Personal Development |  |
| MGMT:4325 | Team and Project Management | 3 |
| MGMT:4500 | Strategy, Innovation and Global Competition | 3 |
| MGMT:4600 | Nonprofit Ethics and Governance | 3 |
| ENTR:4200 | Entrepreneurship: Business Consulting | 3 |
| ENTR:4400 | Managing the Growth Business | 3 |

## Leadership and Management Track Courses

Students in the leadership and management track complete the following coursework.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| All of these: |  | 1 |
| MGMT:3050 | Professional Preparation for <br> Management | 3 |
| MGMT:3200 | Individuals, Teams, and <br> Organizations | 3 |
| MGMT:3300 | Strategic Human Resource <br> Management |  |

| MGMT:3800 | Entrepreneurial Leadership Academy I | 3 |
| :---: | :---: | :---: |
| or MGMT:4325 | Team and Project Management |  |
| MGMT:3999 | CIMBA Italy Experiential Leadership | 3 |
| or MGMT:4300 | Leadership and Personal Development |  |
| MGMT:4100 | Dynamics of Negotiations | 3 |
| MGMT:4500 | Strategy, Innovation and Global Competition | 3 |
| And 3 s.h. from these |  |  |
| MGMT:3400 | Employment Law | 3 |
| MGMT:3450 | International Business Environment | 3 |
| MGMT:3500 | Nonprofit Organizational Effectiveness I | 3 |
| MGMT:3600 | Nonprofit Organizational Effectiveness II | 3 |
| MGMT:3850 | Entrepreneurial Leadership Academy II | 3 |
| MGMT:4200 | Staffing and Talent Management | 3 |
| MGMT:4350 | Performance Management and Strategic Rewards | 3 |
| MGMT:4600 | Nonprofit Ethics and Governance | 3 |
| ENTR:3350 | Entrepreneurial Strategy | 3 |
| ENTR:4200 | Entrepreneurship: Business Consulting | 3 |
| ENTR:4400 | Managing the Growth Business | 3 |

## Career Advancement

Recent graduates have found jobs as team leads, project managers, people managers, human resource managers, and entrepreneurs at a range of organizations.
Over $90 \%$ of students reported that they found permanent employment, were accepted to graduate school, or were not seeking employment six months after graduation.
The Pomerantz Career Center offers multiple resources to help students find internships and jobs. For more information, visit the Pomerantz Career Center website.

## Academic Plans

Sample Plans of Study
Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.

## Management, BBA

- Entrepreneurial Management Track [p. 1203]
- Human Resource Management Track [p. 1204]
- Leadership and Management Track [p. 1205]

3 Entrepreneurial Management Track Course Title Hours

## Academic Career

Any Semester
Students are required to complete 52 s.h. of non-business coursework. Courses with a prefix of ACCT, BAIS, BUS, ECON, ENTR, FIN, MGMT, and MKTG will not count towards non-business hours. Check degree audit for nonbusiness hours or confer with academic advisor.
Students who need to complete the World Language requirement should consult with their academic advisor about when to add courses to plan of study. World Language counts as non-business coursework.
To fulfill the Tippie RISE experiential learning 0-3 requirement, complete an approved course in at least one of the following categories: research with faculty, internship course, study abroad, experiential course. ${ }^{\text {a }}$
Students must satisfy the Tippie College of Business residence requirement: $45 \mathrm{~s} . \mathrm{h}$. of UI coursework after admission to Tippie.

## Doctor of Philosophy

Graduate students in management and entrepreneurship may earn a Doctor of Philosophy in business administration. For a description of the PhD program and requirements, see the PhD in business administration [p. 1151] in the catalog and visit the Department of Management and Entrepreneurship website.

Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations on the Graduate College website.

## Learning Outcomes

- To demonstrate proficiency and knowledge in the specialization discipline, students will demonstrate expertise in reading and interpreting academic research articles in their specialized discipline. They will be knowledgeable in the major theoretical perspectives and prior research findings in their area and be able to integrate prior research from various streams of literature.
- To demonstrate the ability to conduct independent, original research that leads to publications, students will be able to identify important research questions, provide theory-based reasoning to develop original hypotheses, execute an appropriate research design, and summarize their efforts in a working paper. This includes being able to read and summarize existing research into their paper and understanding the prior literature in a variety of substantive areas, paradigms, and methodologies.
- To be effective teachers in their disciplines, students will demonstrate proficiency as instructors in courses in their specialized discipline. This includes preparing course syllabi, giving lectures, writing assignments and exams, and evaluating students on the various deliverables.
- To demonstrate effective communications skills, students will be effective at communicating ideas in academic writing and how these ideas relate to each other within the context of an academic paper. This includes the ability to establish a position, show why that position matters, and situate that position within a context that is be determined by the appropriate audience. International students will demonstrate the ability to effectively lecture and communicate in English.

## Marketing

## Interim Chair

- Catherine A. Cole

## Undergraduate major: marketing (BBA)

Graduate degree: marketing subprogram for the PhD in business administration

Faculty: https://tippie.uiowa.edu/people?
keywords=\&departments=176\& category=All
Website: https://tippie.uiowa.edu/about/marketing-department
The study of marketing concerns itself with all activities related to the marketing and distribution of goods and services, from producers to consumers. The goal of the department is to make strong contributions to marketing practice and marketing theory with innovative teaching, cutting-edge research, and active community outreach. The marketing curriculum provides a broad foundation in marketing concepts along with opportunities to specialize in areas of vocational interests. The department utilizes multiple teaching methods, including experiential learning, research experiences, case analyses, and online and face-to-face classroom training to prepare students to solve a variety of marketing problems that arise in our increasingly complex global economy.
The Department of Marketing offers the undergraduate major in marketing and the subprogram in marketing that leads to the PhD in business administration. Additionally, the department participates in the MBA program; see Master of Business Administration Program [ p .1215 ] in the catalog.

## Related Certificate

## Event Management

The Department of Marketing (Tippie College of Business), the departments of Communication Studies and Health and Human Physiology, and the School of Journalism and Mass Communication (College of Liberal Arts and Sciences) collaborate to offer the undergraduate Certificate in Event Management. Students who earn the certificate will know and be able to demonstrate the basic principles of organizing a successful event. They will gain a robust understanding of the diverse field of event management and careers in the event management industry. For information about the certificate, see the Certificate in Event Management [p. 470] in the catalog.

- Major in Marketing (Bachelor of Business Administration) [p. 1212]

## Graduate Program of Study

## Major

- Marketing subprogram for the Doctor of Philosophy [p. 1214] in Business Administration

Courses

## Marketing Courses

## MKTG:1300 First-Year Seminar

Small discussion class taught by a faculty member; topics chosen by instructor; may include outside activities (e.g., films, lectures, performances, readings, visits to research facilities).
MKTG:3000 Introduction to Marketing Strategy 3 s.h.
Philosophy and activities of marketing; marketing environment of an organization; strategies with respect to marketing decisions, buyer behavior; spreadsheet analysis of marketing problems.
MKTG:3050 Professional Preparation in Marketing
1 s.h.
Overview of alternative marketing careers; required skills and personal characteristics that drives success in these fields; hard and soft skills required in major types of marketing careers; development of a professional brand identity and strategy to find marketing internships and permanent employment opportunities; marketing's relationship to other business and organizational functions and to external environment. Corequisites: MKTG:3000.

## MKTG:3055 Career Preparation for Marketing

Finding and successfully competing for career opportunities in marketing; online exercises, interactions with executives, and participation in a national organization representing professionals. Prerequisites: MKTG:3000 and MKTG:3050 and (MKTG:3100 or MKTG:3200). Requirements: 90 s.h. completed.

## MKTG:3100 Marketing Research

Marketing, research methods; role of marketing research information as a tool in management decision-making. Prerequisites: MKTG:3000 and (BAIS:2800 or STAT:2020 with a minimum grade of B or ECON:4800 or STAT:4101).
MKTG:3101 Marketing Metrics
3 s.h.
Identifying and measuring key metrics that are the focus for marketing plans and the backbone for evaluating marketing performance (e.g., penetration, share of requirements, customer satisfaction, churn rates, click-through rates, and customer lifetime value); relationship between conceptual models of business-to-business and business-to-consumer behaviors and the selection of appropriate metrics; emphasis on use of metrics as basic inputs for goal setting, marketing decision-making, and evaluation. Prerequisites: MKTG:3000 and MKTG:3100.

## MKTG:3102 Marketing Analytics

3 s.h.
Marketing science models used in strategic and tactical marketing decisions; application of consumer behavior in the development of quantitative models that inform marketing mix decisions (advertising, pricing, and salesforce effort), new product development, product line management, and category management; topics may include product mapping, latent class (segmentation) analysis, conjoint analysis, choice modeling (binary and multinomial logic), diffusion models (word-of-mouth), decision-calculus ("models and manager" technology), churn analysis and web analytics. Prerequisites:
MKTG:3000 and MKTG:3100.
MKTG:3103 Advanced Marketing Research
Traditional and nontraditional research techniques to address business problems that have a relationship to basic research; primary focus on hands-on experience and peer-based learning. Prerequisites: MKTG:3000 and MKTG:3100.

## MKTG:3200 Consumer Behavior

Behavioral and social aspects of marketing; research methods and findings from behavioral sciences, their relation to production, consumption, and marketing of products, services. Prerequisites: MKTG:3000.

MKTG:3300 Web Business Strategy
3 s.h.
Introduction to World Wide Web business and marketing; concepts, methods, and applications associated with doing business on the web; web page construction and design; case studies and/or entrepreneurial projects. Prerequisites: MKTG:3000.

## MKTG:3400 Retail Strategies

Strategies for retail site selection, store design, supply chain management, customer relationship management/customer service; merchandising management strategies for planning merchandise assortments, buying systems, buying merchandise, pricing, promotion. Prerequisites: MKTG:3000.
MKTG:3401 Merchandise Management
3 s.h.
Merchandise and service mix strategies for alternative retail concepts, including various store and online formats; topics include national brands versus private label, multi-channel distribution, logistics, replenishment strategies, pricing, promotion, product assortment, store layout, and point-of-sale and in-store merchandising. Prerequisites:

## MKTG:3000.

MKTG:3600 Product and Pricing
3 s.h.
Create and capture value through product and service design, including stage-gate evaluation models; implementation of pricing strategy for new products and existing product lines. Prerequisites: MKTG:3000.

## MKTG:3605 Strategic Brand Positioning

3 s.h.
Strategic decisions, research processes, and tactics managers undertake to create effective brand strategies; students examine how to conduct strategic analyses of customers, competitors, and the company to identify attractive markets and sustainable competitive positions; sustainable competitive positions serve as the foundation for subsequent discussions regarding brand naming, identity, architecture, equity, and audits. Prerequisites: MKTG:3000.
MKTG:3700 Marketing Institute Seminar I 2 s.h.
Soft skills and professional expertise to succeed in marketing and consulting careers; résumé and interview training, industry presentations, business case assignments, lectures. Prerequisites: MKTG:3000. Requirements: admission to the Marketing Institute.

## MKTG:3701 Marketing Institute Field Studies

Plan, design, carry out, and report on a marketing research project for a profit or nonprofit client organization; communicate with managers, apply knowledge of marketing research, meet deadlines, and convert research findings into actionable recommendations for management. Prerequisites: MKTG:3000 and MKTG:3700. Requirements: admission to the Marketing Institute.

MKTG:3702 Marketing Institute Seminar II 2 s.h.
Development of soft skills and professional expertise to succeed in marketing and consulting careers; résumé and interview training, industry presentations, business case assignments, lectures; mentor students in marketing institute seminar. Prerequisites: MKTG:3000 and MKTG:3700 and MKTG:3701. Requirements: admission to the Marketing Institute.
MKTG:4000 Contemporary Topics in Marketing
Topics not regularly offered in other courses. Prerequisites: MKTG:3000.

## MKTG:4050 Directed Readings in Marketing

arr.

## MKTG:4101 Integrated Marketing Communications

Making marketing communication decisions and understanding how marketing communications work; planning and evaluation of marketing communications; theories, models, and tools to make better marketing communication decisions; course uses an Integrated Marketing Communications perspective, which involves understanding the role of the different promotional mix elements and coordinating them to develop effective marketing communication programs. Prerequisites: MKTG:3000.

MKTG:4200 Sales Management
3 s.h.
Personal selling, management of sales force; emphasis on recruitment, selection, training of sales representatives; problems in allocation of sales effort, supervision, control. Prerequisites: MKTG:3000.

## MKTG:4201 Professional Selling

3 s.h.
Personal selling function in overall business strategy and professional selling process that underlies successful sales careers; emphasis on hands-on experiences in developing practical skills in sales strategy, analytics, and communications skills; students develop and make sales presentations, engage in role-playing exercises, and complete applied selling exercises as individuals or in sales teams; focus is on professional selling in a business environment, but students will also apply course concepts in other interpersonal business communications settings. Prerequisites: MKTG:3000.
MKTG:4250 Marketing and Sustainability
Concepts for developing and implementing sustainable marketing strategies; developing more environmentally friendly products, more sustainable logistical systems, socially responsible pricing, and promoting sustainable products in a socially responsible way. Prerequisites: MKTG:3000.
MKTG:4275 Social Media Marketing 3 s.h.
Fundamentals of social media in a marketing context; establishing clear organizational goals, developing appropriate marketing strategies, and determining key campaign logistics (who, when, where); guest speakers and hands-on projects involving social media. Prerequisites: MKTG:3000.

## MKTG:4300 International Marketing

3 s.h.
Differences in global environment: how cultural considerations, political, legal, and economic conditions affect market entry strategies and marketing mix decisions; development of marketing plan for nonU.S. environments. Prerequisites: MKTG:3000.

MKTG:4400 Digital Marketing 3 s.h.
Foundational understanding of digital marketing and how successful (and unsuccessful) marketing campaigns use online and mobile platforms; fundamentals of digital marketing including internet marketing strategies, user-generated content, search engine optimization, website design and management, inbound marketing, email marketing, social media marketing, and data analytics. Prerequisites: MKTG:3000.
MKTG:4405 Marketing Sales and Promotion
3 s.h.
While there will always be some need for selling, the aim of marketing is to know the customer so well that a product or service sells itself-marketing done well should result in customers ready to buy; starting with the customer and working backwards, students gain insight into common customer pain points, and how companies improve customer experience and produce what customers will purchase; use of case studies to analyze real-world marketing problems; discussion of strategies and tactics to increase sales and compete successfully in today's challenging business environment. Prerequisites: MKTG:3000.
MKTG:4410 Customer Relationship Management 3 s.h. Analytical approaches to customer relationship management; issues, techniques, and terminology associated with database marketing and data mining; analysis of customer databases; assessing lifetime valuation (LTV) of customers, identifying "high potential" customers, estimating return on marketing investment, and building predictive models to estimate the probability of response to a marketing campaign. Prerequisites: MKTG:3000.

## MKTG:4500 Marketing Capstone

Marketing problems of organizations; emphasis on marketing manager's role in developing, presenting goal-oriented marketing strategies; application of marketing concepts to real business situations. Prerequisites: MKTG:3000 and MKTG:3050 and MKTG:3100 and MKTG:3200 and (MKTG:3101 or MKTG:3102 or MKTG:3103 or MKTG:3300 or MKTG:3400 or MKTG:3401 or MKTG:3600 or MKTG:3605 or MKTG:3701 or MKTG:4000 or MKTG:4101 or MKTG:4200 or MKTG:4201 or MKTG:4250 or MKTG:4275 or MKTG:4300 or MKTG:4400 or MKTG:4405 or MKTG:4410 or MKTG:4800). Requirements: completion of 90 s.h.

## MKTG:4800 Marketing Consulting Project

Experience in planning, designing, carrying out, reporting on a marketing research project for a profit or nonprofit client organization; communication with managers, application of marketing research, meeting deadlines, converting research findings into action recommendations for management. Prerequisites: MKTG:3000 and MKTG:3100.

## MKTG:4999 Honors Thesis in Marketing

arr.
Independent student project directed by faculty or staff advisor; culminates in thesis that conforms to University Honors Program guidelines; may include empirical research, library research, applied projects. Prerequisites: BUS:1999.
MKTG:7800 Seminar in Consumer Behavior - PhD 3 s.h. Key facets of consumer behavior: information processing, perception, memory, learning, attitude formation, attitude change, decisionmaking, and emotion; behavioral research methods.
MKTG:7825 Problems and Solutions in Behavioral Research 3 s.h. Cultivation of PhD students' ability to be independent scholars with regard to theory building, testing, and assessing contributions; heavy focus on theory development and construction of nomological nets with an emphasis on behavioral research.
MKTG:7850 Seminar in Marketing Models - PhD 3 s.h.
Theoretical, operational models in marketing, with emphasis on recent advances; in-depth criticism of models, participation in model development project.
MKTG:7950 Directed Readings in Marketing - PhD
MKTG:7975 Thesis in Marketing

## MKTG:9000 Directed Readings in Marketing

MKTG:9010 Contemporary Topics in Marketing
Topics not regularly offered in other courses. Prerequisites: MBA:8110

## MKTG:9015 Social Media Marketing

3 s.h.
Fundamentals of social media marketing; establishing clear organizational goals for engaging in social media to market a product or service, developing solid strategies for implementation, and determining other key campaign logistics. Prerequisites: MBA:8110.

## MKTG:9110 Category Management 3 s.h.

Marketing strategy related to manufacturing product line interactions, retailer product assortment, consumer response; category definition, product line pricing and branding, cross-category promotions, channel coordination, efficient consumer response, loyalty programs, database marketing. Prerequisites: MBA:8110.

## MKTG:9120 Customer Relationship Management 3 s.h.

Analytical approaches to customer relationship management; issues, techniques and terminology associated with database marketing and data mining; analysis of customer databases; assessing lifetime valuation (LTV) of customers, identifying "high potential" customers, estimating return on marketing investment, building predictive models to estimate the probability of response to a marketing campaign. Prerequisites: MBA:8110.

3 s.h. MKTG:9150 Brand Management 3 s.h.
Strategies for building, leveraging, and defending brands; principles of consumer behavior, how they relate to building brand identity and equity; branding of consumer goods and services. Prerequisites: MBA:8110

MKTG:9155 Digital Marketing Insights, Strategies, and Applications

3 s.h.
Introduction and examination of foundational, strategic and operational concepts of digital marketing through a combination of interactive lectures, case discussion, and project work; materials taught from a business-to-business (B2B) and business-to-consumer (B2C) perspective and considers marketplace dynamics, emerging technology, consumer insights, and data driven digital channels that inform a corporate vision for digital, a go-to-market strategy, and executional roadmap; introduction and knowledge advancement of tools and levers of digital marketing, followed by application to real world scenarios. Prerequisites: MBA:8110.

MKTG:9165 Digital Marketing Analytics
3 s.h.
Comprehensive introduction to current analytic tools and technologies used in digital marketing; hands-on analyses with JMP, a state-of-theart visually stunning data analysis software; strategic applications of marketing analytics to data from B2C and B2B cases. Prerequisites: (MBA:8150 or BAIS:9100) and MBA:8110.
MKTG:9170 Business to Business Marketing
Industrial buyer behavior, buyer-seller relationships, interactive product policy and market segmentation, distribution and selling systems; skill development in market strategy formulation for industrial products and services, and in solving problems and making decisions about industrial marketing. Prerequisites: MBA:8110.
MKTG:9190 International Marketing
3 s.h.
Domestic versus international perspective; identification and evaluation of opportunities and risks in non-U.S. markets; research problems in global markets; effects of international organizations, foreign exchange, macroeconomic policies, local law, and cultural differences on consumer behavior and marketing decisions; multinational versus global marketing strategies (entry, product adaptation, channel logistics, pricing, promotion); emphasis on practical applications. Prerequisites: MBA:8110.
MKTG:9300 Applied Marketing Research 2-3 s.h.
Research design, survey design, sampling, data analysis, qualitative research methods, research project management. Prerequisites: MBA:8110 and MBA:8150.

## MKTG:9310 Marketing Analytics <br> 2-3 s.h.

Quantitative tools to support marketing planning decisions, including forecasting, elasticity analysis, conjoint analysis, and customer LTV; analysis of syndicated data. Prerequisites: BAIS:9100 or MBA:8150.
MKTG:9320 Strategic Brand Positioning 2-3 s.h.
Define market boundaries; use customer and competitor analyses to create sustainable market positions; create and manage brand identities; brand architecture, brand equity measurement. Prerequisites: MBA:8110.
MKTG:9330 Product and Portfolio Strategy 2-3 s.h.
Why and how product strategy is the cornerstone of business performance; explore appropriate product development and growth strategies for start-ups through established businesses in business-to-business and business-to-consumer environments, including professional services companies. Prerequisites: MBA:8110.
MKTG:9340 Customer Analysis 2-3 s.h.
Use customer insights to support successful marketing programs; organizational, individual, and joint decision-making; post sale satisfaction behaviors. Prerequisites: MBA:8110.

MKTG:9350 Marketing Communication and Promotions 2-3 s.h.
Develop effective communication programs for business and consumer markets; manage agency relationships; integrate media/ vehicle platforms; track and evaluate investments in communications and promotions. Prerequisites: MBA:8110.

## Marketing, BBA

Several decades ago, the study of marketing dealt almost exclusively with business activities involved in the flow of goods from production to consumption. Today it includes principles that are more widely applicable; they are as relevant to the success of arts, sports, and social programs as they are to firms selling goods and services. A major in marketing includes study in the behavioral sciences, communications, statistical analysis, and computer methods as well as marketing decision-making.

## Requirements

The Bachelor of Business Administration with a major in marketing requires a minimum of $120 \mathrm{~s} . \mathrm{h}$., including $22 \mathrm{~s} . \mathrm{h}$. of work for the major. Students must have a cumulative grade-point average of at least 2.00 in all college coursework attempted, all college coursework attempted in business, all college coursework attempted in the major, all coursework attempted at the University of Iowa, all business coursework attempted at the University of Iowa, and all coursework in the major attempted at the University of Iowa.

The program is designed to provide undergraduate students with an understanding of the business, social, and economic roles of marketing and to prepare them for marketing careers.

The BBA with a major in marketing requires the following coursework. To view the common BBA requirements, see the Bachelor of Business Administration [p. 1126] in the catalog.

| Requirements | Hours |
| :--- | :--- |
| Marketing Common Required Courses | 10 |
| Marketing Elective Courses | 12 |

Some of these courses have prerequisites; students must complete all of a course's prerequisites before they may register for the course.

## Marketing Common Required Courses

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| All of these: | Professional Preparation in |  |
| MKTG:3050 | Marketing | 1 |
| MKTG:3100 | Marketing Research | 3 |
| MKTG:3200 | Consumer Behavior | 3 |

## Career Advancement

The Bachelor of Business Administration (BBA) program in marketing prepares students for positions in sales, market research, retailing, purchasing, or advertising. Employment opportunities exist for positions as market analysts, merchandise managers, buyers, purchasing agents, advertising managers, brand managers, consultants, and sales representatives in a variety of for-profit and nonprofit organizations.
Over $90 \%$ of students reported that they found permanent employment, were accepted to graduate school, or were not seeking employment within six months of graduation.

The Pomerantz Career Center offers multiple resources to help students find internships and jobs. For more information about careers, visit the Pomerantz Career Center website.

## Academic Plans

## Sample Plan of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.

## Marketing, BBA

## Doctor of Philosophy

Graduate students in marketing may earn a Doctor of Philosophy in business administration. For a description of the PhD program and requirements, see the PhD in business administration [p. 1151] in the catalog and visit the Department of Marketing website.
Applicants must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations on the Graduate College website.

## Learning Outcomes

- To demonstrate proficiency and knowledge in the specialization discipline, students will demonstrate expertise in reading and interpreting academic research articles in their specialized discipline. They will be knowledgeable in the major theoretical perspectives and prior research findings in their area and be able to integrate prior research from various streams of literature.
- To demonstrate the ability to conduct independent, original research that leads to publications, students will be able to identify important research questions, provide theory-based reasoning to develop original hypotheses, execute an appropriate research design, and summarize their efforts in a working paper. This includes being able to read and summarize existing research into their paper and understanding the prior literature in a variety of substantive areas, paradigms, and methodologies.
- To be effective teachers in their disciplines, students will demonstrate proficiency as instructors in courses in their specialized discipline. This includes preparing course syllabi, giving lectures, writing assignments and exams, and evaluating students on the various deliverables.
- To demonstrate effective communications skills, students will be effective at communicating ideas in academic writing and how these ideas relate to each other within the context of an academic paper. This includes the ability to establish a position, show why that position matters, and situate that position within a context that is be determined by the appropriate audience. International students will demonstrate the ability to effectively lecture and communicate in English.

# Master of Business <br> Administration Program 

## Associate Dean, Graduate Management Programs

- Jennifer J. Blackhurst

## Assistant Deans

- Jill J. Tomkins

## Professional degree: MBA

Professional certificates: business fundamentals; corporate finance; finance; financial decision-making; innovation; investment management; leadership; marketing; responsible resource management; risk management and insurance

Faculty: https://tippie.uiowa.edu/people
Website: https://tippie.uiowa.edu/iowa-mba
The Master of Business Administration (MBA) program provides students with a foundation for future growth and flexibility in professional management. The program, which is fully accredited by AACSB International-the Association to Advance Collegiate Schools of Business, enables students to build broad-based professional portfolios of analytical skills, knowledge, leadership, and applied experiences. The curriculum is rigorous, yet learning takes place in a collaborative environment that builds teamwork skills and encourages independent problem solving.

Students in Iowa's MBA programs represent a variety of backgrounds, undergraduate majors, and professional experience. The curriculum is designed for college graduates in any field; previous business coursework is not required. However, full-time work experience is required for admission.

The departments of Accounting, Business Analytics, Economics, Finance, Management and Entrepreneurship, and Marketing all contribute to the Master of Business Administration program through faculty participation and coursework.

Courses

See course lists in the individual Tippie College of Business departmental sections of the catalog for descriptions of MBA electives.

## Graduate Management Programs (MBA Program) Courses

MBA:8110 Marketing Management 2-3 s.h.
Concepts, principles, models of marketing management; focus on strategic planning, management decision-making, and implementation of marketing programs.
MBA:8120 Management in Organizations 2-3 s.h.
How to explain, predict, and influence behavior in organizations; decision-making, leadership, communication, group skills in management positions; motivation, leadership, teams, organizational culture, organizational design, individual differences, organizational change.

## MBA:8130 Business Communication

1-3 s.h.
Build executive-ready communication skills in writing, presenting, and visualizing. Learn to communicate effectively, efficiently, and in a compelling manner to capture interest and drive action. Students get practice, feedback, and coaching with personal/individual communication assignments in a variety of formats.

MBA:8140 Corporate Financial Reporting
2-3 s.h.
Contemporary financial reporting practices in the United States; how alternative accounting treatments affect the usefulness of financial information in applied decision settings.

MBA:8150 Data and Decisions
2-3 s.h.
Introduction to business analytics; utilizing Excel to apply descriptive and predictive analytical tools to solve practical business problems using real world data; dealing with uncertainty in decision-making; formal probability concepts and statistical methods for describing variability (decision trees, random variables, hypothesis testing); application of techniques (linear regression, Monte Carlo simulation, linear optimization) to model, explain, and predict for operational, tactical, and strategic decisions.

MBA:8160 Managerial Economics 1-3 s.h.
Models of consumer and firm behavior with applications; market equilibrium and structure; pricing decisions.
MBA:8170 International Economic Environment of the Firm

2-3 s.h.
Basic determinants of aggregate output, employment, wages, unemployment, consumption, investment, international trade flows, interest rates, exchange rates, prices and inflation in open economies; sources and nature of economic growth; effects of domestic and foreign monetary, fiscal policies; effects of trade, exchange rate policies.

MBA:8180 Managerial Finance 2-3 s.h.
Time value of money, applications of present value techniques; stock and bond valuation, capital budgeting, cost of capital calculation, portfolio formation and efficient market analysis, financial statement analysis, pro forma analysis, hedging financial risks. Recommendations: for off-campus students-MBA:8140 or an undergraduate-level financial accounting or finance course.
MBA:8240 Operations and Supply Chain 2-3 s.h.
Planning and decision-making activities for managing an organization's operations in both manufacturing and services, with an emphasis on production and service delivery strategy, process design, capacity planning, process analytics, queueing, and an introduction to supply chain management including supply chain design and coordination.

MBA:8300 Foundations in Strategy
2-3 s.h.
Key elements of domestic competitive and corporate strategy; industry analysis (understanding the importance of industry for firm performance); strategies for achieving competitive advantage (cost focus, differentiation focus); corporate strategy (corporate scope, horizontal diversification, vertical integration); topics of global strategy, which may include challenges of attaining competitive advantage in foreign markets, such as cross-national distance and liabilities of foreignness, as well as international strategies (replication strategy, adaptation strategy, arbitrage strategy).
MBA:8310 Business Integration
1-3 s.h.
Student teams run an operational business simulation, conduct organizational/industry analysis, assess market opportunities, define strategic direction, compete for company profitability and market share. Prerequisites: 5 of the following are required: $\mathrm{MBA}: 8110$, MBA:8140, MBA:8150, MBA:8180, MBA:8240, MBA:8300. Recommendations: completion of all six prerequisites.

MBA:8320 Strategic Business Growth 3 s.h. Key decisions that leaders must make to significantly grow their business and achieve exceptional profitability in their industry; students create a 10x growth plan for their current business or startup using an applied learning model and based on fundamental principles of scaling a business including leading people, formulating strategy, executing effectively, and managing financial resources; development of an executive-level, actionable growth plan that is ready for implementation. Prerequisites: 5 of the following are required: MBA:8110, MBA:8120, MBA:8150, MBA:8160, MBA:8180, MBA:8300.
MBA:8330 Seminar in Strategic Management I
Introduction to strategic management; the role of marketing, operations, and finance in strategic planning; case studies.

MBA:8430 Communication with Artificial Intelligence and Business Technology 3 s.h.
Harnessing Artificial Intelligence (AI) programs to produce and enhance business writing; developing professional presentation skills with feedback from instructor and specialized apps; optimizing program-generated visualizations for human audiences; and exploring the role of critical thinking when using technology in business environments.

MBA:8500 Seminar in International Business
Issues and challenges facing organizations doing business in international markets; social, economic, political factors, business policies and customs in the global environment; may include travel, study abroad. Requirements: MBA enrollment.

MBA:9130 Leadership Communication and Story 3 s.h.
Learn how effective communication drives effective leadership, including during difficult conversations and crises, and how stories can be used to create a vision and empower others to follow it. Assignments include a mix of individual reflections and experiential group learning activities.
MBA:9300 Strategy in Action 3 s.h.
Focus on a company's current strategic plan and describe the strategy of the firm; conduct an internal analysis to determine whether the firm has the ability to execute the strategic plan with its existing business model and core competencies; develop a strategy map and aligned balance scorecard to identify the most important initiatives and metrics to deliver on the strategy; propose recommendations for how the firm can improve its ability to turn strategy into action. Prerequisites: MBA:8300 and 4 of the following are required: MBA:8120, MBA:8110, (MBA:8150 or BAIS:9100), MBA:8160, MBA:8180.

## Master of Business Administration, MBA

The Master of Business Administration includes several programs: the professional MBA (Iowa MBA), executive MBA, and the MBA in Italy (CIMBA MBA). Students in the professional MBA program have the opportunity to enroll in combined degree programs in business analytics, law, medicine, and social work, or to earn the Certificate in Healthcare Management. See "Combined Programs" under MBA Professional Program [p. 1217] in this section of the catalog.

## Learning Outcomes

Graduates will:

- demonstrate the ability to be effective team members and leaders in a diverse and complex world,
- grow their human capital through the attainment of relevant business knowledge and skills,
- be able to generate integrative solutions to business problems that impact organizations and community,
- develop global business perspectives, and
- understand and demonstrate the importance of acting with integrity and social responsibility.

## MBA Executive Program

The MBA Executive Program (EMBA program) requires 48 s.h. of coursework. Students must maintain a program grade-point average of at least 2.75. The program is conducted at the Pomerantz Center on the university's Iowa City campus and at the Pappajohn Education Center in Des Moines, Iowa. See program locations on the Tippie College of Business website.
The program spans 16 months-three semesters and one summer. The program begins in mid-August with a five-day residency. It continues with in-person classes Friday and Saturday once a month, alternating with a monthly synchronous online Saturday session. Assignments between class sessions may include asynchronous online instruction, readings, cases, and individual and group projects. A second five-day residency is held at the beginning of the second year. Students have a four-week winter break.

Each entering class progresses through the program together, working on group projects in teams of four to six members. The curriculum includes an international business seminar, and students have access to executive coaching as part of their participation in the program.
The MBA Executive Program requires the following coursework.

## Core Courses

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| MBA:8110 | Marketing Management | 3 |
| MBA:8120 | Management in Organizations | 3 |
| MBA:8140 | Corporate Financial Reporting | 3 |
| MBA:8150 | Data and Decisions | 3 |

| MBA:8310 | Business Integration | 2 |
| MBA:8330 | Seminar in Strategic | 1 |

| MBA:8500 | Seminar in International <br> Business | 3 |
| :--- | :--- | :--- |

## Additional Required EMBA Courses

Students complete the remainder of their program with additional required courses. Courses are subject to change, so students should consult their advisor. A representative list follows.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| ACCT:9020 | Strategic Cost Analysis | 3 |
| BAIS:9300 | Innovations in Technology | 3 |
| FIN:9300 | Corporate Investment and | 3 |
| MGMT:9110 | Financing Decisions |  |
| MGMT:9210 | Lynamics of Negotiations | 3 |
| MGMT:9270 | Human Resource Management | 3 |
|  |  | 3 |

## Admission

Admission is limited to experienced managers and executives who want to broaden their management skills without interrupting their professional careers. Applicants typically have seven or more years of postgraduate work experience. Previous academic work in business is not required.

## MBA Professional Program

The Professional MBA Program (Iowa MBA) requires 45 s.h. of credit, including a business core of nine courses plus six electives. Students must maintain a program grade-point average of at least 2.75. The program is tailored for working professionals building on the synergies of concurrent work and learning. The program prepares graduates to be effective managers and leaders in the global marketplace. The curriculum is designed for students with varied backgrounds, undergraduate majors, and professional experience. Previous coursework in business is not required.

Courses are offered each semester during evening hours online and select offerings are available at two locations in Iowa: Cedar Rapids at the Tippie College of Business Cedar Rapids Center and Des Moines at the John and Mary Pappajohn Education Center (JMPEC); see program locations on the Tippie College of Business website.

## Requirements

The core develops competency in general management skills and key functional business areas. The electives contribute to the development of an area of expertise and foster a deeper understanding of management and business practices. Electives are offered in analytics, entrepreneurship, finance, marketing, accounting, leadership, and management. Students may take part in global learning opportunities in international locations to increase their understanding of the global business environment and its implications for business conduct and decision-making.
Students may earn a professional Certificate in Corporate Finance [p. 1222], Finance [p. 1223], Financial DecisionMaking [p. 1224], Innovation [p. 1225], Investment Management [p. 1226], Leadership [p. 1227], Marketing [p. 1228], Responsible Resource Management [p. 1229], or Risk Management and Insurance [p. 1230] while they fulfill requirements for the MBA, often without taking courses beyond the 45 s.h. required for the degree. They also may earn the Certificate in Business Analytics [p. 1149] while they fulfill requirements for the MBA degree. Certificate courses are regularly offered online and select offerings may be available occasionally at the two program locations in Cedar Rapids and Des Moines.

Students can complete the degree requirements in as few as five semesters or extend their study to as long as 10 years. Most students earn the MBA in about three years, taking two courses each fall and spring semester and one course during the summer.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| All of these: |  |  |
| MBA:8110 | Marketing Management | 3 |

## Admission

The MBA program admits students for entry in summer, fall, or spring; applications are accepted throughout the year. Admission decisions are based on completed application materials, including quality of work experience, undergraduate grade-point average, and optional scores on the Graduate Management Admission Test (GMAT) or Graduate Record Examination (GRE) General Test. While not required for admission purposes, applicants can submit GMAT/ GRE scores to strengthen an application and those scores may be used in consideration for scholarship awards. View the admission guidelines on the Tippie College of Business website.
Applicants whose first language is not English must score at least 100 (internet-based) on the Test of English as a Foreign Language (TOEFL) or must have a successful admission interview. In place of TOEFL, the program accepts International English Testing System (IELTS) scores. For information about registering for TOEFL or IELTS and reporting scores to the university, visit English Requirements for MBA Admission on the Office of Admissions website.

Admission decisions are made before registration begins for completed applications received by the priority application deadline. Admitted applicants who have met the priority application deadline
may request registration for classes on the first registration date. See the admissions website for priority and final application deadlines.

## Combined Programs

Combined degree programs allow students to pursue two degrees simultaneously, earning both more quickly than they would if they pursued each degree separately.
Separate application to each degree program is required. Applicants must be admitted to both programs before they may be admitted to the combined degree program.

## MBA/JD

The MBA Program collaborates with the College of Law to offer the combined Master of Business Administration (Professional MBA Program)/Juris Doctor degree program. For more information about the law degree, see the Juris Doctor, JD [p. 1720] (College of Law) section of the catalog.

## MBA/MD

The MBA Program collaborates with the Carver College of Medicine to offer the combined Master of Business Administration (Professional MBA Program)/Doctor of Medicine degree program. For more information about the medicine degree, see the Doctor of Medicine, MD [p. 1767] (Carver College of Medicine) section of the catalog.

## MBA/MS in Business Analytics (Professional Subprogram)

The MBA Program along with the Department of Business Analytics offers a combined Master of Business Administration (Professional MBA Program.)/Master of Science in business analytics (professional subprogram) degree option. Students complete 33 s.h. of MBA credit paired with 27 s.h. of business analytics credit for a total of at least 60 s.h. For more information, see the MS in business analytics (professional) [p. 1145] in the Tippie College of Business section of the catalog or contact the Professional MBA Program.

## MBA/MSW

The MBA Program collaborates with the School of Social Work to offer the combined Master of Business Administration (Professional MBA Program)/Master of Social Work degree program. For more information, see the Master of Social Work, MSW [p. 988] (College of Liberal Arts and Sciences) section of the catalog or contact the Professional MBA Program.

## MBA/Certificate in Healthcare Management

The MBA Program collaborates with the College of Public Health to offer a combined Master of Business Administration (Professional MBA Program)/Certificate in Healthcare Management. MBA students complete four specified healthcare management courses (12 s.h.) in place of four MBA electives to earn the certificate. For more information, see the Certificate in Healthcare Management [p. 2024] (College of Public Health) section of the catalog or contact the Professional MBA Program.

## CIMBA Italy MBA

The CIMBA Italy MBA requires $52-55$ s.h. of graduate credit. Students must maintain a program grade-point average of at least 2.75. The 11-month full-time program is held primarily at the CIMBA campus in Paderno del Grappa, Italy, but the final course is completed on the University of Iowa campus in Iowa City. A two-year part-time program also is available for working professionals living in Italy.

The program focuses on personal leadership development and emphasizes strategic management, consulting, and international business. Students apply what they learn through a consulting project with local and international companies. In addition to the MBA degree, students earn certificates through Kepner-Tregoe in problem solving and decision making, and in project management. The program draws its faculty from the University of Iowa and from institutions across the United States and Europe.

The full-time program admits students only for fall semester entry. Part-time applicants typically start in the fall but may be permitted to begin the program at other times.

The CIMBA Italy MBA program requires the following coursework.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| MBA:8110 | Marketing Management | 3 |
| MBA:8120 | Management in Organizations | 3 |
| MBA:8140 | Corporate Financial Reporting | 3 |
| MBA:8150 | Data and Decisions | 3 |
| MBA:8160 | Managerial Economics | 3 |
| MBA:8170 | International Economic | 2 |
|  | Environment of the Firm |  |
| MBA:8180 | Managerial Finance | 3 |
| MBA:8240 | Operations and Supply Chain | 3 |
| MBA:8310 | Business Integration | $1-3$ |
| ACCT:9020 | Strategic Cost Analysis | 3 |
| BAIS:9110 | Advanced Analytics | $2-3$ |
| BAIS:9120 | Managing the Supply Chain | $2-3$ |
| BAIS:9220 | Introduction to Information | 3 |
|  | Systems |  |
| ENTR:9100 | Entrepreneurship and | 3 |
|  | Innovation |  |
| FIN:9300 | Corporate Investment and | 3 |
|  | Financing Decisions |  |
| MGMT:9210 | Law and Ethics | 2 |
| MGMT:9120 | Leadership and Personal | 3 |
|  | Development |  |

Elective coursework to complete degree requirements can vary each year in the Italy MBA program; students should consult their advisor

## Admission

Admission decisions are based on an applicant's completed application, which includes a résumé, academic qualifications, essays, an interview demonstrating experience and English proficiency, and scores on the Graduate Management Admission Test (GMAT) or Graduate Record Exam (GRE) General Test. Applicants are recommended to have at least two years of professional work experience.

## Business Fundamentals, Professional Certificate

## Requirements

The professional Certificate in Business Fundamentals requires 15 s.h. of credit. Students must earn a cumulative grade-point average of at least 2.75 in certificate coursework.

The certificate is open to individuals with a desire to complete the certificate to build core business skills. Students who have completed the business fundamentals certificate may use the certificate courses to fulfill degree requirements if admitted to the Professional MBA Program.

The certificate is designed to introduce students to the core principles of business. Coursework covers select disciplines within businessaccounting, analytics, finance, managing organizations, marketing, and strategy. Students gain knowledge and develop skills that will immediately strengthen their performance as employees and managers. The certificate is comprised of Professional MBA Program courses, allowing students to benefit from the same coursework and faculty members as MBA students.

Certificate courses are regularly offered online and may occasionally be offered at two locations in Iowa: Cedar Rapids at the Tippie College of Business Cedar Rapids Center and Des Moines at the John and Mary Pappajohn Education Center (JMPEC); see program locations on the Tippie College of Business website.

The Certificate in Business Fundamentals requires the following coursework.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| All of these: |  |  |
| MBA:8110 | Marketing Management | 3 |
| MBA:8120 | Management in Organizations | 3 |
| MBA:8140 | Corporate Financial Reporting | 3 |
| MBA:8180 | Managerial Finance | 3 |
| One of these: |  |  |
| MBA:8150 | Data and Decisions | 3 |
| or BAIS:9100 | Data and Decisions |  |
| MBA:8300 | Foundations in Strategy | 3 |

If students waive any of the required courses based on alreadycompleted coursework, they will need to take another approved course from the list above in its place to earn the certificate. If students are waived from two courses, they should take the other four courses from the list above and choose between MBA:8160 Managerial Economics or MBA:8240 Operations and Supply Chain.

## Combined Programs

## Certificate/Graduate Degrees

Students can pursue a professional Certificate in Business Fundamentals concurrently with their graduate degree. With graduate program approval, students may count up to 9 s.h. from the professional certificate toward their graduate degree. With approval from the professional certificate program, students may count up to 3 s.h. from any graduate degree program toward their certificate. Students should contact their degree program and the certificate program to work out combined program details. Separate application to each degree program is required. Applicants must be admitted to
both programs before they may be admitted to the combined degree program.

## Admission

Admission decisions are based upon completed application materials, including academic performance and quality and quantity of work experience. View Graduate Certificates Admissions on the Tippie College of Business website for specific guidelines.

Applicants whose first language is not English must score at least 100 (internet-based) on the Test of English as a Foreign Language (TOEFL) or must have a successful admission interview. In place of the TOEFL, the certificate program accepts satisfactory International English Language Testing System (IELTS) scores. See English Requirements for MBA Admission on the Office of Admissions website.

Applications are accepted throughout the year; admission is for summer, fall, or spring entry.

## Corporate Finance, Professional Certificate

## Requirements

The professional Certificate in Corporate Finance requires 12 s.h. of credit. Students must earn a cumulative grade-point average of at least 2.75 in certificate coursework.

The certificate is open to current Professional MBA Program students and to individuals with a desire to complete the certificate to build their corporate finance knowledge and skills. Students in the Professional MBA Program may complete the certificate as they complete their degree; the certificate is designed to fit into the MBA curriculum allowing students to earn the MBA and the certificate without additional coursework.

Certificate courses are regularly offered online and select courses may occasionally be offered at two locations in Iowa: Cedar Rapids at the Tippie College of Business Cedar Rapids Center and Des Moines at the John and Mary Pappajohn Education Center (JMPEC); see program locations on the Tippie College of Business website.

The Certificate in Corporate Finance requires the following coursework.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| All of these: |  |  |
| MBA:8140 | Corporate Financial Reporting | 3 |
| MBA:8180 | Managerial Finance | 3 |
| FIN:9300 | Corporate Investment and <br> Financing Decisions | 3 |
| FIN:9310 | Corporate Financial Strategy | 3 |

If MBA:8140 Corporate Financial Reporting or MBA:8180 Managerial Finance is waived, students are required to take FIN:9150 Financial Modeling and Firm Valuation in its place. If both courses are waived, students are required to take FIN:9150 Financial Modeling and Firm Valuation and FIN:9230 Real Estate Finance and Investments.

## Combined Programs

## Certificate/Graduate Degrees

Students can pursue a professional Certificate in Corporate Finance concurrently with their graduate degree. With graduate program approval, students may count up to 9 s.h. from the professional certificate toward their graduate degree. With approval from the professional certificate program, students may count up to 3 s.h. from any graduate degree program toward their certificate. Students should contact their degree program and the certificate program to work out combined program details. Separate application to each degree program is required. Applicants must be admitted to both programs before they may be admitted to the combined degree program.

## Admission

Admission decisions are based upon completed application materials, including academic performance and quality and quantity of work experience. View Graduate Certificates Admissions on the Tippie College of Business website for specific guidelines.

Applicants whose first language is not English must score at least 100 (internet-based) on the Test of English as a Foreign Language (TOEFL) or must have a successful admission interview. In place of
the TOEFL, the certificate program accepts satisfactory International English Language Testing System (IELTS) scores. See English Requirements for MBA Admission on the Office of Admissions website.

Applications are accepted throughout the year; admission is for summer, fall, or spring entry.

## Finance, Professional Certificate

## Requirements

The professional Certificate in Finance requires 12 s.h. of credit. Students must earn a cumulative grade-point average of at least 2.75 in certificate coursework.

The certificate is open to individuals with a desire to complete the certificate to build their financial skills, and to current Professional MBA Program students. Students in the Professional MBA Program may complete the certificate as they complete their degree; the certificate is designed to fit into the MBA curriculum allowing students to earn the MBA and the certificate without additional coursework.

Certificate courses are regularly offered online and select courses may occasionally be offered at two locations in Iowa: Cedar Rapids at the Tippie College of Business Cedar Rapids Center and Des Moines at the John and Mary Pappajohn Education Center (JMPEC); see program locations on the Tippie College of Business website.

The certificate is ideal for students who wish to gain specialized knowledge of financial concepts. Students can select courses to focus their study in specific areas of finance such as corporate finance, investments, portfolio management, and wealth management.

The Certificate in Finance requires the following coursework. Not all courses listed below are regularly offered.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| All of these: |  |  |
| MBA:8180 | Managerial Finance | 3 |
| FIN:9200 | Portfolio Management | 3 |
| FIN:9300 | Corporate Investment and <br> Financing Decisions |  |
| One of these: |  | 3 |
| BAIS:6150 | Financial Analytics | 3 |
| ENTR:9200 | Entrepreneurial Finance | 3 |
| FIN:9010 | Contemporary Topics in |  |
|  | Finance | 3 |
| FIN:9130 | Corporate Risk Management <br> and Insurance |  |
| FIN:9140 | Enterprise Risk Management | 3 |
| FIN:9150 | Financial Modeling and Firm | 3 |
|  | Valuation | 3 |
| FIN:9220 | Fixed Income Securities | 3 |
| FIN:9230 | Real Estate Finance and <br> Investments |  |
| FIN:9240 | International Finance | 3 |
| FIN:9270 | Security Analysis | 3 |
| FIN:9290 | Alternative Investments and | 3 |
|  | Portfolio Strategies |  |
| FIN:9310 | Corporate Financial Strategy | 3 |
| FIN:9350 | Wealth Management | 3 |

If MBA:8180 Managerial Finance is waived, students replace this course with another approved course from the list above.

## Combined Programs

## Certificate/Graduate Degrees

Students can pursue a professional Certificate in Finance concurrently with their graduate degree. With graduate program approval, students may count up to 9 s.h. from the professional certificate toward their graduate degree. With approval from the professional certificate program, students may count up to 3 s.h. from any graduate degree program toward their certificate. Students should contact their degree program and the certificate program to work out combined program details. Separate application to each degree program is required. Applicants must be admitted to both programs before they may be admitted to the combined degree program.

## Admission

Admission decisions are based upon completed application materials, including academic performance and quality and quantity of work experience. View Graduate Certificates Admissions on the Tippie College of Business website for specific guidelines.
Applicants whose first language is not English must score at least 100 (internet-based) on the Test of English as a Foreign Language (TOEFL) or must have a successful admission interview. In place of the TOEFL, the certificate program accepts satisfactory International English Language Testing System (IELTS) scores. See English Requirements for MBA Admission on the Office of Admissions website.

Applications are accepted throughout the year; admission is for summer, fall, or spring entry.

## Financial Decision-Making, Professional Certificate

## Requirements

The professional Certificate in Financial Decision-Making requires 12 s.h. of credit. Students must earn a cumulative grade-point average of at least 2.75 in certificate coursework.

The certificate provides students with tools to evaluate financial information and make mission driven management decisions. Students will learn to analyze, identify, and evaluate problems and solutions. This certificate is designed for managers involved in financial forecasting and investing or those looking to pivot into that area.

The certificate is open to current Professional MBA Program students and to individuals with a desire to complete the certificate to build their financial decision-making skills and knowledge. Students in the Professional MBA Program may complete the certificate as they complete their degree; the certificate is designed to fit into the MBA curriculum allowing students to earn the MBA and the certificate without additional coursework.

Certificate courses are regularly offered online and select courses may occasionally be offered at two locations in Iowa: Cedar Rapids at the Tippie College of Business Cedar Rapids Center and Des Moines at the John and Mary Pappajohn Education Center (JMPEC); see program locations on the Tippie College of Business website.
The Certificate in Financial Decision-Making requires the following coursework.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| All of these: |  |  |
| MBA:8140 | Corporate Financial Reporting | 3 |
| MBA:8150 | Data and Decisions | 3 |
| ACCT:9040 | Financial Statement Analysis <br> and Forecasting | 3 |
| One of these: | Financial Analytics |  |
| BAIS:6150 | Forecasting | 3 |
| BAIS:6190 | Corporate Investment and | 3 |
| FIN:9300 | Financing Decisions | 3 |
| FIN:9310 | Corporate Financial Strategy | 3 |
| MGMT:9185 | Project Management | 3 |

If MBA:8140 Corporate Financial Reporting or MBA:8150 Data and Decisions is waived, students replace the course with an approved course from the list above.

## Combined Programs

## Certificate/Graduate Degrees

Students can pursue a professional Certificate in Financial DecisionMaking concurrently with their graduate degree. With graduate program approval, students may count up to 9 s.h. from the professional certificate toward their graduate degree. With approval from the professional certificate program, students may count up to 3 s.h. from any graduate degree program toward their certificate. Students should contact their degree program and the certificate program to work out combined program details. Separate application to each degree program is required. Applicants must be admitted to both programs before they may be admitted to the combined degree program.

## Admission

Admission decisions are based upon completed application materials, including academic performance and quality and quantity of work experience. View Graduate Certificates Admissions on the Tippie College of Business website for specific guidelines.

Applicants whose first language is not English must score at least 100 (internet-based) on the Test of English as a Foreign Language (TOEFL) or must have a successful admission interview. In place of the TOEFL, the certificate program accepts satisfactory International English Language Testing System (IELTS) scores. See English Requirements for MBA Admission on the Office of Admissions website.

Applications are accepted throughout the year; admission is for summer, fall, or spring entry.

## Innovation, Professional Certificate

## Requirements

The professional Certificate in Innovation requires 12 s.h. of credit. Students must earn a cumulative grade-point average of at least 2.75 in certificate coursework.

The certificate provides students with skills that help them generate innovative solutions to problems, advance innovation within organizations, and develop new ventures. Innovation requires both an entrepreneurial mindset and an understanding of collaborative processes. Students learn to understand problems, identify new market opportunities, and develop solutions. They learn how organizations can become more agile and encourage innovation throughout the organization. Students also learn how to start and grow a new venture around an innovative idea. The certificate program of study leverages the strengths of the Department of Management and Entrepreneurship and the John Pappajohn Entrepreneurship Center (Iowa JPEC).
Certificate courses are regularly offered online and select courses may occasionally be offered at two locations in Iowa: Cedar Rapids at the Tippie College of Business Cedar Rapids Center and Des Moines at the John and Mary Pappajohn Education Center (JMPEC); see program locations on the Tippie College of Business website.

The Certificate in Innovation requires the following coursework.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| All of these: | Entrepreneurship and |  |
| ENTR:9100 | Innovation | 3 |
| ENTR:9200 | Entrepreneurial Finance | 3 |
| ENTR:9450 | Strategic Management of <br> Technology and Innovation | 3 |
| One of these: | Design Thinking |  |
| ENTR:9300 | Managing the Growth Business | 3 |
| ENTR:9500 | Strategic Business Growth | 3 |
| MBA:8320 | Maximizing Team Performance | 3 |
| MGMT:9220 |  |  |

If ENTR:9100 Entrepreneurship and Innovation is waived, students replace this course with another approved course from the list above.

ENTR:9500 Managing the Growth Business (prior to summer 2023) and MBA:8320 Strategic Business Growth (available fall 2023 and beyond) is the same course and only one will count toward certificate requirements.

## Combined Programs

## Certificate/Graduate Degrees

Students can pursue a professional Certificate in Innovation concurrently with their graduate degree. With graduate program approval, students may count up to 9 s.h. from the professional certificate toward their graduate degree. With approval from the professional certificate program, students may count up to 3 s.h. from any graduate degree program toward their certificate. Students should contact their degree program and the certificate program to work out combined program details. Separate application to each degree program is required. Applicants must be admitted to both programs before they may be admitted to the combined degree program.

## Admission

Admission decisions are based on completed application materials, including quality and quantity of work experience and undergraduate or graduate academic performance. View Graduate Certificates Admissions on the Tippie College of Business website for specific guidelines.
Applicants whose first language is not English must score at least 100 (internet-based) on the Test of English as a Foreign Language (TOEFL) or must have a successful admission interview. In place of TOEFL, the program accepts International English Testing System (IELTS) scores. For information about registering for TOEFL or IELTS and reporting scores to the university, see the English language requirement on the Tippie College of Business Iowa MBA Admissions website.

Students are admitted during the summer, fall, or spring. Applications are accepted throughout the year.

## Investment Management, Professional Certificate

## Requirements

The professional Certificate in Investment Management requires 12 s.h. of credit. Students must earn a cumulative grade-point average of at least 2.75 in certificate coursework.

The certificate is open to current Professional MBA Program students and to individuals with a desire to complete the certificate to build their investment management knowledge and skills. Students in the Professional MBA Program may complete the certificate as they complete their degree; the certificate is designed to fit into the MBA curriculum allowing students to earn the MBA and the certificate without additional coursework.

Certificate courses are regularly offered online and select courses may occasionally be offered at two locations in Iowa: Cedar Rapids at the Tippie College of Business Cedar Rapids Center and Des Moines at the John and Mary Pappajohn Education Center (JMPEC); see program locations on the Tippie College of Business website.

The Certificate in Investment Management requires the following coursework.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| Both of these: |  |  |
| MBA:8180 | Managerial Finance | 3 |
| FIN:9200 | Portfolio Management | 3 |
| Two of these: | Financial Modeling and Firm <br> FIN:9150 | Real Estate Finance and <br> Investments |
| FIN:9230 | Wealth Management | 3 |
| FIN:9350 | Wen |  |

If MBA:8180 Managerial Finance is waived, students replace this course with another approved course from the list above.

## Combined Programs

## Certificate/Graduate Degrees

Students can pursue a professional Certificate in Investment Management concurrently with their graduate degree. With graduate program approval, students may count up to 9 s.h. from the professional certificate toward their graduate degree. With approval from the professional certificate program, students may count up to 3 s.h. from any graduate degree program toward their certificate. Students should contact their degree program and the certificate program to work out combined program details. Separate application to each degree program is required. Applicants must be admitted to both programs before they may be admitted to the combined degree program.

## Admission

Admission decisions are based upon completed application materials, including academic performance and quality and quantity of work experience. View Graduate Certificates Admissions on the Tippie College of Business website for specific guidelines.
Applicants whose first language is not English must score at least 100 (internet-based) on the Test of English as a Foreign Language (TOEFL) or must have a successful admission interview. In place of
the TOEFL, the certificate program accepts satisfactory International English Language Testing System (IELTS) scores. See English Requirements for MBA Admission on the Office of Admissions website.

Applications are accepted throughout the year; admission is for summer, fall, or spring entry.

## Leadership, Professional Certificate

## Requirements

The professional Certificate in Leadership requires 15 s.h. of credit. Students must earn a cumulative grade-point average of at least 2.75 in certificate coursework.

The certificate is open to individuals with a desire to complete the certificate to build their skills, and to current Professional MBA Program students. Students in the Professional MBA Program may complete the certificate as they complete their degree; the certificate is designed to fit into the MBA curriculum allowing students to earn the MBA and the certificate without additional coursework.

Certificate courses are regularly offered online and select courses may occasionally be offered at two locations in Iowa: Cedar Rapids at the Tippie College of Business Cedar Rapids Center and Des Moines at the John and Mary Pappajohn Education Center (JMPEC); see program locations on the Tippie College of Business website.
Modern-day leadership is about facilitating change, maximizing team and employee performance, influencing others, and leading companies and people to greatness. Students who pursue the leadership certificate learn the skills to effectively lead others. The certificate is appropriate for working professionals in all business functions and industries.

The Certificate in Leadership requires the following coursework.

| Course \# | Title | Hours |
| :--- | :--- | :--- |
| Both of these: |  |  |
| MBA:8120 | Management in Organizations | 3 |
| MGMT:9120 | Leadership and Personal <br> Development | 3 |
| Three of these: | Business Communication |  |
| MBA:8130 | Influence and Constructive |  |
| MGMT:9090 | Persuasion | 3 |
| MGMT:9091 | Corporate Social Responsibility <br> and Sustainability | 3 |
| MGMT:9092 | Effective Managerial <br> Communication | 3 |
| MGMT:9110 | Dynamics of Negotiations | 3 |
| MGMT:9130 | Strategic Management of <br> Change | 3 |
| MGMT:9185 | Project Management | 3 |
| MGMT:9210 | Law and Ethics |  |
| MGMT:9220 | Maximizing Team Performance | 3 |
| MGMT:9230 | Managing and Preventing <br> Conflict | 3 |
| MGMT:9240 | Inclusive Leadership | 3 |
| MGMT:9250 | Managing Employee <br> Performance | 3 |
| MGMT:9260 | Strategic Employee <br> Development | 3 |
| MGMT:9270 | Human Resource Management | 3 |
| MGMT:9290 | Global Business Management | 3 |

If MBA:8120 Management in Organizations is waived, students replace this course with another approved course from the list above.

## Combined Programs

## Certificate/Graduate Degrees

Students can pursue a professional Certificate in Leadership concurrently with their graduate degree. With graduate program approval, students may count up to 9 s.h. from the professional certificate toward their graduate degree. With approval from the professional certificate program, students may count up to 3 s.h. from any graduate degree program toward their certificate. Students should contact their degree program and the certificate program to work out combined program details. Separate application to each degree program is required. Applicants must be admitted to both programs before they may be admitted to the combined degree program.

## Admission

Admission decisions are based upon completed application materials, including academic performance and quality and quantity of work experience. View Graduate Certificates Admissions on the Tippie College of Business website for specific guidelines.
Applicants whose first language is not English must score at least 100 (internet-based) on the Test of English as a Foreign Language (TOEFL) or must have a successful admission interview. In place of the TOEFL, the certificate program accepts satisfactory International English Language Testing System (IELTS) scores. See English Requirements for MBA Admission on the Office of Admissions website.

Applications are accepted throughout the year; admission is for summer, fall, or spring entry.

## Marketing, Professional <br> Certificate

## Requirements

The professional Certificate in Marketing requires 12 s.h. of credit. Students must earn a cumulative grade-point average of at least 2.75 in certificate coursework.

The certificate is open to individuals with a desire to complete the certificate to build their skills, and to current Professional MBA Program students. Students in the Professional MBA Program may complete the certificate as they complete their degree; the certificate is designed to fit into the MBA curriculum allowing students to earn the MBA and the certificate without additional coursework.

Certificate courses are regularly offered online and select courses may occasionally be offered at two locations in Iowa: Cedar Rapids at the Tippie College of Business Cedar Rapids Center and Des Moines at the John and Mary Pappajohn Education Center (JMPEC); see program locations on the Tippie College of Business website.

The study of marketing includes the activities and processes for creating, communicating, and delivering products and services that add value for customers. Students learn the foundations of marketing and build specialized skills in a diversity of marketing functions, including the newest concepts and tools in digital and social marketing.

The Certificate in Marketing requires the following coursework. Not all courses listed below are regularly offered.

| Course \# | Title | Hours |
| :--- | :--- | :--- |
| This course: |  |  |
| MBA:8110 | Marketing Management | 3 |
| Three of these: |  | 3 |
| MKTG:9010 | Contemporary Topics in <br> Marketing |  |
| MKTG:9015 | Social Media Marketing | 3 |

| ENTR:9500 | Managing the Growth Business | 3 |
| FIN:9140 | Enterprise Risk Management | 3 |
| MBA:8240 | Operations and Supply Chain | 3 |
| MBA:8320 | Strategic Business Growth | 3 |
| MGMT:9250 | Managing Employee | 3 |
|  | Performance | 3 |

If MBA:8140 Corporate Financial Reporting is waived, students replace this course with another approved course from the list above.

ENTR:9500 Managing the Growth Business (prior to summer 2023) and MBA:8320 Strategic Business Growth (available fall 2023 and beyond) is the same course and only one will count toward certificate requirements.

Combined Programs

## Certificate/Graduate Degrees

Students can pursue a professional Certificate in Responsible Resource Management concurrently with their graduate degree. With graduate program approval, students may count up to 9 s.h. from the professional certificate toward their graduate degree. With approval from the professional certificate program, students may count up to 3 s.h. from any graduate degree program toward their certificate. Students should contact their degree program and the certificate program to work out combined program details. Separate application to each degree program is required. Applicants must be admitted to both programs before they may be admitted to the combined degree program.

## Admission

Admission decisions are based upon completed application materials, including academic performance and quality and quantity of work experience. View Graduate Certificates Admissions on the Tippie College of Business website for specific guidelines.

Applicants whose first language is not English must score at least 100 (internet-based) on the Test of English as a Foreign Language (TOEFL) or must have a successful admission interview. In place of the TOEFL, the certificate program accepts satisfactory International English Language Testing System (IELTS) scores. See English Requirements for MBA Admission on the Office of Admissions website.

Applications are accepted throughout the year; admission is for summer, fall, or spring entry.

## Risk Management and Insurance, Professional Certificate

## Requirements

The professional Certificate in Risk Management and Insurance requires 12 s.h. of credit. Students must earn a cumulative grade-point average of at least 2.75 in certificate coursework.

The certificate is open to current Professional MBA Program students and individuals with a desire to complete the certificate to build their skills and knowledge in risk management and insurance. Students in the Professional MBA Program may complete the certificate as they complete their degree; the certificate is designed to fit into the MBA curriculum allowing students to earn the MBA and the certificate without additional coursework.

Certificate courses are regularly offered online and select courses may occasionally be offered at two locations in Iowa: Cedar Rapids at the Tippie College of Business Cedar Rapids Center and Des Moines at the John and Mary Pappajohn Education Center (JMPEC); see program locations on the Tippie College of Business website.
The Certificate in Risk Management and Insurance requires the following coursework.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| All of these: |  |  |
| MBA:8140 | Corporate Financial Reporting | 3 |
| MBA:8180 | Managerial Finance | 3 |
| FIN:9130 | Corporate Risk Management <br> and Insurance | 3 |
| FIN:9140 | Enterprise Risk Management | 3 |

If students waive MBA:8140 Corporate Financial Reporting and/ or MBA:8180 Managerial Finance, they will need to replace each waived course with an approved course from the list below.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| ACCT:9040 | Financial Statement Analysis <br> and Forecasting | 3 |
| FIN:9150 | Financial Modeling and Firm <br> Valuation | 3 |
| FIN:9230 | Real Estate Finance and <br> Investments | 3 |
| FIN:9300 | Corporate Investment and <br> Financing Decisions | 3 |
| MGMT:9110 | Dynamics of Negotiations | 3 |

## Combined Programs

## Certificate/Graduate Degrees

Students can pursue a professional Certificate in Risk Management and Insurance concurrently with their graduate degree. With graduate program approval, students may count up to 9 s.h. from the professional certificate toward their graduate degree. With approval from the professional certificate program, students may count up to 3 s.h. from any graduate degree program toward their certificate. Students should contact their degree program and the certificate program to work out combined program details. Separate application to each degree program is required. Applicants must be admitted to
both programs before they may be admitted to the combined degree program.

## Admission

Admission decisions are based upon completed application materials, including academic performance and quality and quantity of work experience. View Graduate Certificates Admissions on the Tippie College of Business website for specific guidelines.

Undergraduate major: risk management and insurance (BBA)
Undergraduate certificate: risk management and insurance
Faculty: https://tippie.uiowa.edu/undergraduate/beyond-classroom/ vaughan-institute/contacts-boards

Website: https://tippie.uiowa.edu/undergraduate/beyond-classroom/ vaughan-institute

Every business decision involves risk. Having a sound understanding of how to deal with risk gives you an edge in any career. But that's not to say that there aren't plenty of opportunities in the risk management and insurance (RMI) industry which accounts for $11 \%$ of Iowa's gross domestic product. With 212 insurance companies in the state, the demand for RMI graduates continues to grow.

Managing and mitigating loss is a crucial factor in long-term success -be it in business or in personal finance. Having a risk management strategy and insurance protects us from financial disasters, like destructive acts of nature, accidents, litigation, or healthcare bills we can't afford.

Insurance and risk management professionals put solutions in place, so companies are better prepared for those life situations. It's work with meaning where you can think critically and make a difference every day in jobs such as: corporate risk manager, risk management consultant, employee benefits manager, insurance broker, underwriter, wealth manager, financial analyst, claims adjuster, producer (sales), actuary, and auditor.
The Emmett J. Vaughan Institute of Risk Management and Insurance offers an undergraduate major in risk management and insurance and an undergraduate Certificate in Risk Management and Insurance. In addition to coursework, the Vaughan Institute provides professional development opportunities-networking events with industry speakers, scholarships, a mentorship program with alumni, and a job fair. The Vaughan Institute was named a Global Center of Insurance Excellence, one of only 33 in the world.

## Programs

## Undergraduate Programs of Study

## Major

- Major in Risk Management and Insurance (Bachelor of Business Administration) [p. 1232]

## Certificate

- Certificate in Risk Management and Insurance [p. 1234]

## Resources

The Vaughan Institute provides numerous opportunities for students. It offers:

- an active student organization-Gamma lota Sigma;
- over $\$ 40,000$ in scholarships awarded to Vaughan students each academic year;
- networking events with industry professionals;
- a series of speaker events with recent graduates to assist in résumé preparation, and refinement of interview skills;
- an industry mentor program;
- a student résumé book sent to over 250 employers;
- professional development opportunities, such as the Vaughan Institute Golf Outing in August;
- trips to professional conferences in locations such as Chicago, Dallas, and San Antonio;
- a student newsletter with job and internship announcements; and
- a risk management and insurance career fair.

## Career Advancement

Risk management is a growing field in all industries with huge potential for career advancement. In Iowa, the risk management and insurance (RMI) industry accounts for $11 \%$ of the state's gross domestic product. Chicago is a regional insurance hub, and the few other RMI programs in the country meet less than $10 \%$ of the national demand for talent.

While $75 \%$ of graduates with an RMI certificate remain in the Midwest, others are working in 36 states and four countries. Graduates are employed in 14 different industries and by 175 different companies. Nearly $40 \%$ work for insurance companies, brokers, and agencies.

Popular careers include those in underwriting, analytics, working for brokers or agencies, actuarial and consulting work, corporate finance, sales, marketing, investment banking, management, and as entrepreneurs.

## Risk Management and Insurance, BBA

## Requirements

The Bachelor of Business Administration with a major in risk management and insurance (RMI) requires a minimum of 120 s.h., including 22 s.h. of work for the major. Students must have a cumulative grade-point average (GPA) of at least 2.00 in all college coursework attempted, all college coursework attempted in business, all college coursework attempted in the major, all coursework attempted at the University of Iowa, all business coursework attempted at the University of Iowa, and all coursework in the major attempted at the University of Iowa. Students in this major are not eligible to earn the Certificate in Risk Management and Insurance.

The Bachelor of Business Administration with a major in risk management and insurance requires the following coursework. For BBA common requirements, see the Bachelor of Business Administration [p. 1126] in the catalog.

| Requirements | Hours |
| :--- | :--- |
| RMI Common Required Courses | 13 |
| RMI Required Electives | 9 |

## RMI Common Required Courses

| Course \# | Title | Hours |
| :--- | :--- | :---: |
| All of these: |  | 3 |
| ACCT:3020 | Financial Accounting and <br> Reporting | 1 |
| FIN:3021 | Professional Risk Management <br> and Insurance Seminar | 3 |
| FIN:3400 | Principles of Risk Management <br> and Insurance | 3 |
| FIN:4410 | Enterprise Risk Management | 3 |
| FIN:4420 | Property and Liability Insurance | 3 |

## RMI Required Electives

| Course \# | Title | Hours |
| :--- | :--- | :--- |
| 9 s.h. from these: |  |  |
| FIN:4430 | Life and Health Insurance | 3 |
| FIN:4440 | Employee Benefit Plans | 3 |
| FIN:4450 | Risk Modeling | 3 |
| FIN:4460 | Insurer Operations and Captive | 3 |
|  | Management |  |
| May include 3 s.h. from these: | 3 |  |
| ACTS:3080 | Mathematics of Finance I | 3 |
| BAIS:3025 | Business Process Automation | 3 |
| BAIS:4280 | Cybersecurity | 3 |
| BUS:3800 | Business Writing | 3 |
| FIN:3200 | Investment Management | 3 |
| FIN:3300 | Corporate Finance | 3 |
| MGMT:4100 | Dynamics of Negotiations | 3 |
| MKTG:3100 | Marketing Research | 3 |
| MKTG:4101 | Integrated Marketing | 3 |
| MKTG:4200 | Communications | Sales Management |

Career Advancement
Since the risk management and insurance (RMI) major is new this year, expectations are for an excellent placement rate for the first graduating class. The RMI industry accounts for $11 \%$ of Iowa's gross domestic product. Chicago is a regional insurance hub, and the few other RMI programs in the country meet less than $10 \%$ of the national demand for talent.

Standard careers for students majoring in risk management and insurance include corporate risk management, underwriting, risk analytics, loss control, claims management, brokerage and producer (sales) roles, risk consulting, and employee benefits consulting.
The Pomerantz Career Center offers multiple resources to help students find internships and jobs. For more information about careers, visit the Pomerantz Career Center website.

## Academic Plans

## Sample Plan of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.

## Risk Management and Insurance, BBA

Course Title Hours Academic Career
Any Semester
Students are required to complete 52 s.h. of non-business coursework. Courses with a prefix of ACCT, BAIS, BUS, ECON, ENTR, FIN, MGMT, and MKTG will not count towards non-business hours. Check degree audit for nonbusiness hours or confer with academic advisor. Students who need to complete the World Language requirement should consult with their academic advisor about when to add courses to plan of study. World Language counts as non-business coursework.
To fulfill the Tippie RISE experiential learning
requirement, complete an approved course in at least one of the following categories: research with faculty, internship course, study abroad, experiential course. ${ }^{\text {a }}$
Students must satisfy the Tippie College of Business residence requirement: 45 hours of UI coursework after admission to Tippie.

a See degree audit for course options.
b Enrollment in math courses requires completion of a placement exam.
c GE courses may be completed in any order unless used as a prerequisite for another course. Students should consult with an advisor about the best sequencing of courses.
d BUS:2200 should be completed in the second year before taking FIN:3021.
e Must be admitted to Tippie to enroll in BUS:3000. Generally completed during the second year, but should be taken no later than the third year.
f Select from list of approved courses in the General Catalog or on degree audit.
g Several RMI electives are offered only one semester each year. Consult with your advisor about offerings.
h Please see Academic Calendar, Office of the Registrar website for current degree application deadlines. Students should apply for a degree for the session in which all requirements will be met. For any questions on appropriate timing, contact your academic advisor or Graduation Services.

## Risk Management and Insurance, Certificate

## Requirements

The undergraduate Certificate in Risk Management and Insurance (RMI) requires at least $23-35$ s.h. of credit: 35 s.h. for BBA students with a major in finance, 34-35 s.h. for students with a major in mathematics (specialization in risk management and insurance or in finance), 23 s.h. for actuarial science majors, and 26 s.h. for other majors.

Students must maintain a grade-point average of at least 2.00 in work for the certificate. The certificate may be earned by any student admitted to the University of Iowa who is not concurrently enrolled in a graduate or professional degree program.

Students must declare their intent to earn the certificate with the RMI advisor. Some courses have prerequisites; students must complete prerequisites before they may register for a course. For more information, see Risk Management and Insurance Certificate on the Emmett J. Vaughan Institute of Risk Management and Insurance website.
The Certificate in Risk Management and Insurance requires the following coursework.

## Foundation Courses

All students complete the following (11 s.h.).

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| ACCT:2100 | Introduction to Financial <br> Accounting (not required for <br> actuarial science majors) | 3 |
| ECON:1100 | Principles of Microeconomics | 4 |
| ECON:1200 | Principles of Macroeconomics | 4 |

RMI Courses
All students complete the following (15 s.h.).

| Course \# <br> One of these: | Title | Hours |
| :--- | :--- | ---: |
| FIN:3000 | Introductory Financial <br> Management | 3 |
| FIN:3300 | Corporate Finance (for actuarial <br> science majors) | 3 |
| ISE:2500 | Engineering Economy (for <br> engineering majors) | 3 |
| Both of these: | Principles of Risk Management <br> and Insurance (with grade of C <br> or higher) | 3 |
| FIN:3400 | Enterprise Risk Management |  |
| FIN:4410 | Property and Liability Insurance | 3 |
| Two of these: | Life and Health Insurance | 3 |
| FIN:4420 | Employee Benefit Plans | 3 |
| FIN:4430 | Risk Modeling | 3 |
| FIN:4440 | Insurer Operations and Captive | 3 |
| FIN:4450 | Management | 3 |
| FIN:4460 |  |  |

## Additional Coursework for Finance and Mathematics Majors

In addition to the above requirements, finance majors or mathematics majors (math program C, finance, and RMI tracks) also must complete the following courses.

## Finance Major

BBA students majoring in finance complete three of these (9 s.h.).

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| BAIS:3025 | Business Process Automation | 3 |
| MGMT:4100 | Dynamics of Negotiations | 3 |
| MKTG:4200 | Sales Management | 3 |

A maximum of three finance courses (prefix FIN) numbered 4000 or above, excluding those taken to satisfy RMI courses above

## Mathematics Major with Specialization

Students majoring in mathematics with a specialization in risk management and insurance or a specialization in finance complete three of these (8-9 s.h.).

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| ACCT:3020 | Financial Accounting and | 3 |
| Reporting |  |  |
| ACCT:3200 | Income Measurement and Asset <br> Valuation (accounting majors <br> take this instead of ACCT:3020) | 3 |
| FIN:3100 | Financial Information |  |
|  | Technology | 2 |
| FIN:3200 | Investment Management | 3 |
| FIN:3300 | Corporate Finance | 3 |
| FIN:4210 | Futures and Options | 3 |
| FIN:4220 | Fixed Income Securities | 3 |
| FIN:4230 | Real Estate Process | 3 |
| FIN:4320 | Commercial Banking | 3 |

## Risk Management and Insurance Affiliated Courses

The Department of Finance offers seven courses affiliated with the Emmett J. Vaughan Institute of Risk Management and Insurance that are included in the Certificate in Risk Management and Insurance curriculum. Students should view the course descriptions and prerequisites for each of the courses below.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| FIN:3400 | Principles of Risk Management | 3 |
| and Insurance | 3 |  |
| FIN:4410 | Enterprise Risk Management | 3 |
| FIN:4420 | Property and Liability Insurance | 3 |
| FIN:4430 | Life and Health Insurance | 3 |
| FIN:4440 | Employee Benefit Plans | 3 |
| FIN:4450 | Risk Modeling | 3 |
| FIN:4460 | Insurer Operations and Captive |  |

## Academic Plans

## Sample Plan of Study

Sample plans represent one way to complete a program of study.
Actual course selection and sequence will vary and should be
discussed with an academic advisor. For additional sample plans, see MyUI.

a Discuss transfer credit or credit by exam with advisor.
b To be able to enroll in this course, students must have already completed the required minimum number of semester hours.

See MyUI courses/registration page for details. The ACCT:2100 requirement is waived for actuarial science majors.
c May be taken any semester after prerequisites are completed. May also be taken first semester of year three concurrently with FIN:3000. Students must obtain a grade of C or higher in FIN:3400.
d Choose from FIN:4420, FIN:4430, FIN:4440, FIN:4450, or FIN:4460. Two RMI electives ( 6 s.h.) must be completed before graduation. Each course is offered only once per year. Typically at least two RMI elective courses are offered each fall and each spring. Some courses may satisfy the Tippie College of Business RISE requirement.
e Three electives ( 9 s.h.) are required before graduation. These include any finance course (prefix FIN) numbered 4000 or above that has not been previously taken. Finance majors may also take MGMT:4100, MKTG:4200, or BAIS:3025.
f This core required course is offered only in the fall. May be taken fall of year three or year four if prerequisite is completed. Course may satisfy the Tippie College of Business RISE requirement.

## Professional degree: DDS

Graduate degrees: MS; PhD
Website: https://dentistry.uiowa.edu/
The College of Dentistry is an integral part of the University of Iowa and its health sciences campus. Its mission, which embraces the university's academic values as well as the ethical responsibilities implicit in educating future members of a profession, rests on a foundation representing every aspect of collegiate activity: education of students as general practitioners and specialists; research into all aspects of oral and dental disease and the delivery of health care; and service to the community, the state, and the profession.

Faculty members, DDS students, dental specialty residents, and staff provide oral health care to patients at clinics in the Dental Science Building and the Center for Disabilities and Development. Faculty, staff, and students participate in interdisciplinary research and training activities involving the university's five health science colleges as well as other university colleges and departments.

Dentistry at the University of Iowa began in 1882 as a single department. In 1900 the university underwent general reorganization and the Dental Department became the College of Dentistry. Today the college is Iowa's only provider of predoctoral dental education and ranks as a leader in dental education nationwide.

The college and its educational programs are accredited by the Commission on Dental Accreditation of the American Dental Association, an independent tripartite commission authorized and recognized by the Office of Postsecondary Education.

Programs offered by the college cover the full spectrum of dentistry and closely integrated fields. They include the Doctor of Dental Surgery program (DDS), which prepares general dentists. The college has advanced education programs in nine dental disciplines, each of which may lead to certification in a specialized area of dentistry. In addition, advanced education programs in operative dentistry, geriatrics and special needs dentistry, and post-DDS residency programs in hospital-based dentistry are available. The college has an oral science program, which offers an MS or PhD with or without a specialty certificate. To emphasize commitment to learning, the College of Dentistry has a wide variety of continuing education programs for dental and allied professions.

## Faculty

Iowa's dental faculty are predominantly full time. In addition, more than 100 part-time adjunct faculty members assist with clinical teaching in the DDS and advanced residency programs. Approximately $88 \%$ of the college's faculty members hold DDS or DMD degrees and $12 \%$ represent other disciplines. The vast majority of faculty dentists have advanced education past the DDS, generally with master's degrees in specialty areas; about one-fifth hold a PhD.

The College of Dentistry is committed to the principle that diversity is essential to a strong educational environment-one that prepares new generations of dentists to provide high-quality care to patients from many backgrounds. The college's full-time faculty reflects that commitment.

## Programs

## Professional Program of Study (DDS)

The Doctor of Dental Surgery program prepares students to practice general dentistry. It requires a minimum of three years of preprofessional study and four years of study in the College of Dentistry. See Doctor of Dental Surgery [p. 1239] in this section of the catalog for a description of the program's curriculum and information about a combined bachelor's degree and a DDS, the dentistry licensure examination, student organizations, expenses, admission, financial support, and academic rules and procedures.

## Post-DDS and Graduate Programs of Study

Several College of Dentistry departments offer professional certificate programs designed to prepare dentists for clinical specialty practice: endodontics [p. 1244]; operative dentistry [p. 1250]; oral pathology, radiology, and medicine [p. 1254]; orthodontics [p. 1261]; pediatric dentistry [p. 1264]; periodontics [p. 1266]; and prosthodontics [p. 1272]. Students who complete these programs satisfactorily are awarded a certificate. The Department of Oral and Maxillofacial Surgery [p. 1252] offers a four-year residency program that culminates in a certificate. The college also offers a Certificate in Geriatric and Special Needs Dentistry [p. 1247].
The College of Dentistry offers a Doctor of Philosophy and a Master of Science in oral science [p. 1258]. The MS is only offered in conjunction with a specialty certificate. Students earning the Certificate in Endodontics or the Certificate in Prosthodontics may earn an MS or a PhD in oral science. Those earning the Certificate in Operative Dentistry, Certificate in Oral and Maxillofacial Pathology, Certificate in Oral and Maxillofacial Radiology (Department of Oral Pathology, Radiology, and Medicine), or the Certificate in Periodontics may earn an MS in oral science.

In addition, the Department of Orthodontics [p. 1261] offers a Master of Science in orthodontics, and the Department of Preventive and Community Dentistry [p. 1268] offers a Master of Science in dental public health.

For information about post-DDS and graduate programs of study, see the College of Dentistry departmental sections in the catalog.

## Facilities

The College of Dentistry is located in the Dental Science Building on the University of Iowa health sciences campus, in proximity to the Roy J. and Lucille A. Carver College of Medicine, College of Nursing, College of Pharmacy, College of Public Health, and University of Iowa Hospitals \& Clinics. The Bowen Science Building and the Hardin Library for the Health Sciences are nearby.

The south wing of the Dental Science Building is devoted to clinical teaching. There are 248 operatories in departmental clinics, student laboratories, clinical research space, and a cafeteria.

The west wing contains two floors of patient treatment areas and one floor of space for students. The clinical spaces include 44 dental operatories in the Geriatric and Special Needs Clinic, the Endodontics Clinic, Faculty General Practice, and the Craniofacial Clinical Research Center. Student areas include a classroom that accommodates 80 people, small-group study rooms, a seminar room, a student lounge, lockers, and showers.

The north wing houses the simulation clinic and technique bench teaching laboratory, the electronic classroom, college administrative offices, technology and media services, the academic Department of Preventive and Community Dentistry, and the research laboratories and faculty offices of the Iowa Institute for Oral Health Research.

## Dental Education and Patient Care

Patient care is integral to dental education. Students and faculty members deliver oral health care in clinics on the health sciences campus and at several off-campus sites, including nursing homes. More than 45,600 people receive oral health care yearly in the college's clinics. Patients from throughout Iowa, western Illinois, and northern Missouri account for most of the 167,300 patient visits each year.

## Interdisciplinary Centers and Research

## Iowa Institute for Oral Health Research

The Iowa Institute for Oral Health Research occupies the first and fourth floors of the Dental Science Building's north wing. Laboratories are equipped to support a wide variety of research projects reflecting the complex nature of modern health care needs. Research at the institute is coordinated by the College of Dentistry.

There are four focus areas of research. The first area includes bioengineering, tissue engineering, stem cells, and biomaterials and materials research. The second area encompasses craniofacial, oral biology, genetics, and dental development. The third area includes public health, epidemiology, and behavioral sciences. The fourth area encompasses immunology, inflammation, microbiology, and caries and microbiome research. All focus areas are supported by the Division of Biostatistics and Computational Biology. Clinical and translational research involving new innovative methods and products designed in the research laboratories is carried out in the Craniofacial Clinical Research Center.

Although research is concentrated in these program areas, one of the unit's strengths has been the consistent level of interaction and collaboration among individuals and programs across the college and the university.

## Craniofacial Anomalies Research Center

The role of the Craniofacial Anomalies Research Center is to understand the molecular mechanisms of genes and gene interactions that contribute to craniofacial/dental anomalies and birth defects.
These genetic defects arise from inherited and somatic gene mutations due to environmental effects. The center researchers use mouse, ferret, and zebrafish models; human genetic material; cell lines; and molecular/biochemistry approaches to understand gene function. With the advent of human genome sequencing and the decreasing costs of genomic analyses, it has become somewhat more efficient to identify genetic defects associated with human genetic defects and diseases. The use of these genetic screening approaches provides invaluable data and resources in the search for new genes involved in human craniofacial development and associated anomalies. The
center collaborators reside in the Carver College of Medicine, and the colleges of Dentistry, Pharmacy, and Public Health.

## Craniofacial Clinical Research

For more than two decades, the College of Dentistry has offered outpatient research support for National Institutes of Health (NIH), U.S. Food and Drug Administration (FDA), and related federally supported research grants. Protocol-based studies are performed by faculty scientists and supported by oral health care industries. Scientists also engage in translational research that involves laboratory-to-clinical-research outcomes. College of Dentistry faculty use new technology to improve dental procedures and provide state-of-the-art methods to obtain the best outcomes for patients. A biorepository program helps researchers understand the causes of dental and oral diseases and genetic anomalies. It benefits Iowans by the potential diagnoses of diseases and their effects and provides new, improved patient treatment.
Through integrated research, education, and clinical programs, craniofacial clinical research facilitates the development of implants and their use as a therapeutic modality in dentistry. The program also integrates basic and clinical research with technology transfer to the clinical setting, enhancing predoctoral, postgraduate, and continuing education and expanding treatment options available to patients served by the college. Craniofacial clinical research also provides vital coordination of dental specialties that participate in this treatment modality.

## Courses

## College of Dentistry Courses

Most College of Dentistry courses are offered by the college's departments and programs. They are listed and described in the corresponding General Catalog sections. The college also offers the following nondepartmental courses.

DENT:4000 Pre-Dental Academy 0 s.h.
Hands-on experience for undergraduate students interested in dentistry; interaction with faculty, residents, and current students in simulation clinic; didactic sessions; admissions information; changing health care environment, digital dentistry, dental esthetics, introduction to dental specialties, drilling and filling. Offered summer session.

## DENT:8100 First-Year Continuing Session arr.

DENT:8110 Dental First-Year UI Interprofessional Education 0 s.h.
Application of previously learned concepts to relevant health care experiences using interprofessional skills and team-based health care concepts; development of skills related to leadership in health care teams, pain management from an interprofessional team, and application of ethics and professionalism concepts; online modules and group activities.
DENT:8200 Second-Year Continuing Session arr.
DENT:8210 Dental Second-Year Interprofessional Education0 s.h. Application of previously learned concepts to relevant health care experiences using interprofessional skills and team-based health care concepts; development of skills related to leadership in health care teams, pain management from an interprofessional team, and application of ethics and professionalism concepts; online modules and group activities.

DENT:8220 Dental Independent Study arr.
Introduction to dental topics on the basic principles of dentistry in preparation for seminars, discussion sessions, and patient care. The Iowa Dental Advanced Standing Program offers dentists trained outside the United States the opportunity to earn a CODA (Commission on Dental Accreditation) accredited DDS degree. Recommendations: enrollment in the Iowa Dental Advanced Standing Program.

DENT:8300 Third-Year Continuing Session arr.
DENT:8360 Introduction to Clinical Orofacial Pain 1 s.h.
Major sources and types of orofacial pain; students build knowledge and skills to recognize temporomandibular disorders and other common orofacial pain conditions, differentiate odontogenic from nonodontogenic orofacial pain, and apply interdisciplinary pain management concept in developing appropriate patient management plan.
DENT:8371 Quality Assurance I
1 s.h.
Patient management, record writing skills, and quality assurance concepts; students coordinate treatment, patient relations, and issues of quality assurance for a group of patients; ethical and moral dilemmas in relation to dental practice.

DENT:8372 Quality Assurance II 1 s.h. Continuation of DENT:8371; patient management, record writing skills, and quality assurance concepts; students coordinate treatment, patient relations, and issues of quality assurance for a group of patients; ethical and moral dilemmas in relation to dental practice.

## DENT:8400 Fourth-Year Lectures and Clinics arr.

## DENT:8485 Clinical Admissions Emergency

2 s.h.
Clinical evaluation, diagnosis, and treatment of patients with dental emergencies; patient assessment and referral to appropriate department for treatment.

## DENT:8489 Clinical Practice and Professionalism V

1 s.h.
Quality assurance from viewpoint of practicing dentist, dental educator, dental epidemiologist, court system; analysis of senior dental practice in relation to quality assurance criteria.
DENT:9000 Advanced Clinical Comprehensive Dentistry 0 s.h.
Clinical experience for professional improvement. Requirements:
dental degree.

## Doctor of Dental Surgery

Professional degree: DDS
Website: https://dentistry.uiowa.edu/
The Doctor of Dental Surgery program prepares students to practice general dentistry. The DDS is a professional degree awarded by the College of Dentistry.

## Dentistry Licensure Examination

The State of Iowa accepts clinical examination results from all Regional Dental Testing Services including a manikin exam in lieu of a patient exam. Examinations are administered at several testing sites located at dental schools in the United States. A separate license application is then filed with the individual state board of dentistry.

For licensure, all states also require the National Boards, conducted by the Joint Commission on National Dental Examinations. Many states, including Iowa, also require a jurisprudence examination. For further details on licensure requirements for each state, refer to individual state dental board websites.

## Student Organizations

The Academy of General Dentistry, the American Dental Education Association, the American Association of Dental Research (Student Research Group), the American Association for Women Dentists, the American Academy of Pediatric Dentistry student chapter, the American Association of Public Health Dentistry student chapter, the Christian Dental Association, the Student National Dental Association, the Hispanic Dental Association student chapter, and the Tau Sigma Military Dental Club also have local chapters. The College of Dentistry also has interest clubs in oral and maxillofacial surgery, orthodontics, periodontics, and prosthodontics.
Students who rank in the upper $20 \%$ of their senior class are eligible for election to Omicron Kappa Upsilon, a national scholastic honorary dental society.

The national dental professional fraternity, Delta Sigma Delta, has a chapter at Iowa. The fraternity provides academic and social activities for students and their spouses.

## Programs

## Professional Program of Study

## Major

- Doctor of Dental Surgery [p. 1240]

## Academic Rules and Procedures

## Promotions and Graduation

Student promotions and graduation are determined by the Collegiate Academic and Professional Performance (CAPP) Committee, which is made up of individuals appointed by the dean from the biomedical, preclinical, and clinical sciences and from other academic areas of the college. The performance committee may recommend to the executive associate dean that a student withdraw from the college or repeat specific courses when the student is deemed generally unprepared to be promoted or to enter the dental profession.

## Committee for Appeals

When a student has been asked to withdraw from the college or wants special consideration of problems concerning promotion or graduation, the student may appeal to the dean. All appeals are heard
by an ad hoc committee appointed by the dean. The ad hoc committee investigates new information that has not been available previously or that has not been discussed as fully as the student feels it should have been. The committee determines whether this new information, or important new insights that may have been gained, could have influenced the Collegiate Academic and Professional Performance Committee's decision. The recommendation of the appeals committee is submitted to the dean for final action.

## Doctor of Dental Surgery, DDS

The Doctor of Dental Surgery (DDS) is a professional degree awarded by the College of Dentistry. Admission requirements include 90 s.h. of undergraduate credit, including specific required courses, completed at an accredited college; see Admission [p. 1242] in this section of the catalog.

Students working toward a bachelor's degree in the University of Iowa College of Liberal Arts and Sciences before being admitted to the College of Dentistry may be able to complete their bachelor's degree during their first year in dentistry; see "Bachelor's Degree/DDS" under Requirements [p. 1240] in this section of the catalog.

## Requirements

The Doctor of Dental Surgery requires a minimum of three years of preprofessional study and four years of study in the College of Dentistry. Students are required to maintain a cumulative grade-point average of at least 2.00 to earn the degree.

Coursework during the first and second years in the College of Dentistry integrates the biomedical sciences with preclinical and clinical disciplines. The biomedical sciences include gross anatomy, biochemistry, general histology, microbiology, pathology, pharmacology, and physiology. Students also study topics specific to dentistry, such as principles of occlusion, anesthesia and pain control, operative dentistry, periodontics, prosthodontics, cariology, and preventive dentistry. During the latter part of the first year, students are introduced to their first clinical patient treatment situation.
Second-year dental students continue their study of biomedical sciences, take preclinical courses, have additional patient treatment experiences in restorative and preventive dentistry, and are introduced to aesthetic and implant dentistry.

Third-year dental students rotate through a series of clerkships that expose them to eight clinical disciplines: endodontics, operative dentistry, oral and maxillofacial surgery, oral pathology, pediatric dentistry, periodontics, prosthodontics, and oral radiology and medicine.
Fourth-year dental students deliver comprehensive dental care in conditions that closely approximate those in private dental practice. They also are exposed to varied community dentistry health programs throughout Iowa and other states that include hospitals, nursing homes, and special care clinics. They may choose to participate in the Colorado Migrant Worker Program or the Indian Health Service Program. The community dentistry programs provide exposure to facets of dentistry usually not observable in an academic setting.

Students may gain research experience by enrolling in PCD:8500 Dental Student Research Honors Program.

The Doctor of Dental Surgery requires the following coursework.

## First Year, Fall

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| BMB:8101 | Biochemistry for Dental | 3 |
| MPB:8115 | Students | 4 |
|  | Human Physiology for Dental | 4 |
| OPER:8120 | Students | 3 |
| OPER:8122 | Dental Anatomy | 1 |
| PCD:8115 | Introduction to Operative | 1 |

| PCD:8116 | Fundamentals of Preventive <br> Dentistry | 1 |
| :--- | :--- | ---: |
| PCD:8117 | Cariology and Preventive <br> Therapies | 2 |
| PCD:8120 | Introduction to Evidence-Based <br> PERI:8120 | Dentistry I |
| PROS:8120 | Fundamentals in Periodontology | 2 |
|  | I Treatment of Dentulous | 1 |

| DENT:8372 | Orofacial Pain | Quality Assurance II |
| PCD:8355 | Introduction to Geriatric |  |
|  | Dentistry | 2 |
| PCD:8361 | The Practice of Dentistry in the | 2 |
|  | Community II |  |

## Fourth Year Clinical Rotations

Students complete one yearlong course, FAMD:8488 Comprehensive Dental Patient Care. In addition to fall and spring coursework, students complete the following specialized rotations throughout the year.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| DENT:8485 | Clinical Admissions Emergency | 2 |
| FAMD:8482 | Dental Auxiliary Utilization | 2 |
| PCD:8489 | Geriatrics and Special Needs | 4 |
|  | Program (5 weeks) |  |
| PCD:8494 | Extramural Rotation in Oral | 5 |
|  | Health (5 weeks) |  |

## Fourth Year, Fall

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| FAMD:8484 | Dental Practice Management I | 1 |
| FAMD:8495 | Advanced Treatment Planning I | 2 |

## Fourth Year, Spring

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| DENT:8489 | Clinical Practice and | 1 |
|  | Professionalism V |  |
| FAMD:8485 | Dental Practice Management II | 1 |
| FAMD:8497 | Advanced Treatment Planning | 1 |

## Dental Public Health Distinction Track

Students who seek this track take an additional four courses, participate in the Dental Public Health (DPH) club, and engage in community outreach activities. Students completing this track will graduate with distinction in dental public health.

The College of Dentistry also supports a fully-accredited DPH graduate program for those who want to specialize in the discipline after dental school. See the Department of Preventive and Community Dentistry [p. 1268] in the catalog for more information.

| Course \# | Title | Hours |
| :--- | :--- | :---: |
| Four of these: |  | 0,2 |
| DPH:5000 | Introduction to Dental Public <br> Health | 0,2 |
| DPH:5005 | Administration of Public Dental <br> Programs | 0,2 |
| DPH:5014 | Dental Care Policy and <br> Financing | $1-3$ |
| DPH:6003 | Independent Study: Dental <br> Public Health | arr. |
| ABRD:3352 | International Perspectives: | 3 |
| CBH:4105 | Xicotepec |  |
|  | Introduction to Health |  |
| Promotion and Disease | 3 |  |
| CPH:5100 | Prevention | Introduction to Public Health |
| EPID:4400 | Epidemiology I: Principles | 3 |
| HMP:4000 | Introduction to the U.S. Health | 3 |
| HMP:5200 | Care System | 3 |
| OEH:4240 | Healthcare Management | 3 |

## Bachelor's Degree/DDS

The College of Liberal Arts and Sciences (CLAS) allows its students to count 30 s.h. of elective credit earned in any other University of Iowa college toward graduation with a bachelor's degree. Under this policy, CLAS students who enroll in the College of Dentistry before completing their bachelor's degree may be able to complete their degree during their first year in dentistry. Students planning to take advantage of this plan must satisfy the CLAS residence requirement in order to enroll in the College of Dentistry. They also must fulfill all requirements for the bachelor's degree, including the GE CLAS Core [p. 19] requirements and the requirements for a major. Contact the College of Liberal Arts and Sciences for more information.

## Admission

Applicants must submit a completed Associated American Dental Schools Application Service (AADSAS) application form to the American Dental Education Association (ADEA). The AADSAS application must be completed online at the American Dental Education Association website.

Applications are accepted in June of the year that precedes the year of entry. Completed applications must be on file at ADEA by Oct.

1. Applicants should apply as early as possible. Notifications of acceptance are sent beginning in December.

## Predental Studies

The basic academic requirement for admission to the College of Dentistry is completion of at least 90 s.h. of academic study at an accredited college. No more than 60 s.h. of credit is accepted from a community college or two-year institution. The predental program of study should include the following.

English: satisfactory accomplishment in English composition, rhetoric, and speech commensurate with the academic requirements for a bachelor's degree at the college attended.

Physics: one year (equivalent to 8 s.h.), of which one-fourth must be laboratory work.

Chemistry: two years (equivalent to 16 s.h.), of which one year (equivalent to 8 s.h.) must be in organic chemistry; one-fourth of each year's study must be laboratory work.

Biological science: one year (equivalent to 8 s.h.), which must include appropriate laboratory work; the requirement may be satisfied by a one-year course in principles of biology, with instruction in cell biology, metabolism, organismic biology, animal biology, genetics, development, ecology, and evolution. Preference is given to applicants who have completed more than 8 s.h. Courses in human anatomy and cell physiology are strongly recommended.

Biochemistry: one course (3 s.h.) that covers basic concepts in modern biochemistry and molecular biology.

Electives: sufficient coursework in the social sciences, philosophy, psychology, history, world languages, business, and mathematics to provide a well-rounded educational background.

## Grade-Point Average Requirement

Applicants should have a cumulative grade-point average (GPA) higher than 2.50 on a 4.00 scale; a GPA above 3.50 is preferred. The admissions committee gives special consideration to the quality of applicants' coursework in the predental sciences, in addition to the cumulative GPA.

## Interviews

Personal interviews are required of applicants for admission to the College of Dentistry. After a complete AADSAS application is received by the admissions office, select applicants are contacted to arrange an interview.

## Required Dental Admission Test

All applicants must complete the Dental Admission Test (DAT) sponsored by the Council on Dental Education and Licensure of the American Dental Association. A computerized DAT is available throughout the year at designated Prometric centers. Tests must be scheduled in advance.

Test application forms are available online or by mail from the American Dental Association, 211 East Chicago Avenue, Chicago, IL 60611.

## Deposit by Accepted Applicants

Applicants accepted before Feb. 1 are required to submit a $\$ 500$ deposit within 30 days after notification of admittance. Applicants admitted after Feb. 1 must submit the deposit within two weeks after notification of admittance. This deposit is not refundable but is credited toward the first fee payment. Applicants who fail to make the deposit within the time specified forfeit their place in the entering class.

## Additional Admission Considerations

Fulfillment of the specific requirements listed for admission does not ensure admission to the College of Dentistry. The admissions committee reviews applicants who meet the minimum requirements and selects those who appear best qualified for the study and practice of dentistry. The committee considers quantitative and qualitative components of the application, letters of recommendations, the interview, and other factors.

## Financial Support

Financial assistance for dental students is based on need. Dental students who demonstrate need are eligible for Health Professions, Stafford, and Grad PLUS loans. Students applying for loans must submit the Free Application for Federal Student Aid (FAFSA), including parental information in order to be considered for the Health Professions loan. Loans are repayable over an extended period of time after the course of study is completed.

Collegiate short-term and long-term loans are available through the financial aid coordinator at the College of Dentistry.

Tuition scholarships are awarded each year to qualified entering dental students. The awards provide financial support up to $\$ 15,000$ per year for as many as four years, if the student maintains an appropriate level of academic and professional performance.
Information on financial assistance for dental students is available from the university's Office of Student Financial Aid as well as the College of Dentistry Office of Student Affairs.

## Expenses

The College of Dentistry maintains the Supply-Instrument Management System (SIMS), which provides students with instruments and supplies necessary throughout their dental training. The SIMS usage fee for the DDS is payable in installments over the four-year program.
A fee for expendable laboratory supplies is charged each of the first two years. A $\$ 100$ breakage fee also must be deposited; the deposit is refundable upon graduation or termination of enrollment.

## Career Advancement

The Doctor of Dental Surgery program prepares students to practice general dentistry.

## Endodontics

## Head

- Fabricio B. Teixeira

Director, Graduate Program

- Fabricio B. Teixeira

Professional certificate: endodontics
Faculty: https://dentistry.uiowa.edu/directory
Website: https://dentistry.uiowa.edu/departments/endodontics
The Department of Endodontics provides education and training to predoctoral students and to professional students who may work toward a graduate degree along with their professional training. Some students participate with departmental faculty in research that contributes to the knowledge base of the specialty. Faculty members and advanced students in the department also provide care to patients at the College of Dentistry.

## DDS Student Training

Coursework and clinical experiences in endodontics are of vital importance in the overall education of Doctor of Dental Surgery students. Preclinical endodontics, taught during the sophomore year, includes a didactic and a laboratory component. In clinical endodontics, taught during the junior year, students study both normal and pathological conditions of the dental pulp and periapex. Diagnosis of pulpal and periradicular disease and various specialized aspects of endodontic treatment are emphasized. Students treat endodontic patients under direct supervision of faculty and staff.

## Programs

## Professional Program of Study

## Certificate

- Certificate in Endodontics [p. 1245]

## Facilities

The Department of Endodontics is located in the west section (third floor) of the Dental Science Building (DSB). The Endodontics Clinic is adjacent to the west entrance.

## Courses

## Endodontics Courses

ENDO:5201 Update in Endodontics 0-1 s.h. Recommended for second year certificate students.
ENDO:5225 Endodontic Literature Review I 0,2 s.h. Current and historical research.

ENDO:5226 Endodontic Literature Review II 0,2 s.h. Continuation of ENDO:5225.

ENDO:5260 Current Literature in Endodontics 0-1 s.h.
Current literature relevant to endodontics, including diagnosis or treatment of endodontic cases; dental journals with endodontic-related content; landmark research.

ENDO:5700 Endodontic Surgery Conference 0,2 s.h. Attendance at Endodontic Surgery Conference.
ENDO:5701 Advanced Clinical Endodontics 0,3 s.h.

ENDO:5710 Research in Endodontics
arr.

## ENDO:5720 Seminar in Endodontics I

0,2 s.h.
First in a series of lectures in endodontics.
ENDO:5721 Seminar in Endodontics II $\mathbf{0 , 2}$ s.h. Continuation of ENDO:5720.
ENDO:6227 Endodontic Literature Review III 0,2 s.h. Continuation of ENDO:5226.
ENDO:6228 Endodontic Literature Review IV 0,2 s.h. Continuation of ENDO:6227.
ENDO:6701 Seminar in Endodontics III 0,2 s.h.
Continuation of ENDO:5721.
ENDO:6702 Seminar in Endodontics IV 0,2 s.h. Continuation of ENDO:6701.

ENDO:8240 Endodontics Preclinical Didactic 1 s.h.
Basic principles, concepts, technical procedures for treatment of pulpal problems.
ENDO:8241 Endodontics Preclinical Laboratory 1 s.h. Basic technical procedures for treatment of pulpal problems.
ENDO:8369 Clinical Endodontics I
2 s.h.
Introduction to tooth pain, anesthesia, diagnosis and treatment of pulpal and periradicular pathology, endodontic emergencies, endodontic radiologic interpretation, diagnosis and treatment of dental traumatic injuries, bleaching, retreatment, and apexification/ apexogenesis.
ENDO:8370 Clinical Endodontics II
4 s.h.
Tooth pain, anesthesia, diagnosis and treatment of pulpal and periradicular pathology, endodontic emergencies, endodontic radiologic interpretation, diagnosis and treatment of dental traumatic injuries, internal bleaching, retreatment, and apexification/ apexogenesis.

## Endodontics, Professional Certificate

## Requirements

The professional Certificate in Endodontics requires a minimum of 24 months of full-time formal training. Students must maintain a cumulative grade-point average of at least 3.00 to earn the certificate.

The certificate is a clinical specialty program designed to provide qualified dentists with the scientific knowledge and clinical skills they need to practice endodontics and/or pursue a career in dental education and research. The curriculum includes clinical and didactic courses. Students complete an original research project in endodontics and write a scientific paper on their research for submission to a refereed journal.

The program's goal is to develop competent diagnosticians and clinicians. Students learn the scientific and clinical basis of endodontics; develop clinical skills; gain knowledge of and experience in the educational process in order to function confidently as dental educators; and develop skills in designing, conducting, reporting, and publishing the results of original research.
The certificate program satisfies training requirements for eligibility for certification by the American Board of Endodontics. Students who complete the program are encouraged to seek board certification. Various activities throughout the course of study prepare students for the board examination process.
Once students enroll in the certificate program, they are not permitted to involve themselves in private dental practice enterprises outside the college. Failure to adhere to this policy may result in dismissal from the program.
Whenever possible, students should complete the certificate program without interruption. Students who demonstrate a need to discontinue the program temporarily should limit their time away to a maximum of one calendar year. Students must have permission from the endodontics graduate program director in order to interrupt their study.

## Graduate Study

Certificate students may work toward a Master of Science or a Doctor of Philosophy in oral science while earning the certificate. Both graduate degree programs provide students with in-depth knowledge in a scientific training discipline as preparation for careers in academia and research.

Students normally require three years of full-time study to complete the Certificate in Endodontics and the MS, or at least four years to complete the certificate and the PhD . Both graduate degree programs require more didactic coursework than the certificate program. The MS requires a thesis; the PhD requires a dissertation. See Oral Science [p. 1258] in the catalog.
Other graduate programs are available to endodontics certificate students, such as master's degrees in other disciplines, or a certificate in combination with a PhD in a basic science area. Such programs are available by special arrangement, depending on a candidate's experience and goals. Consult the Department of Endodontics for more information.

## Admission

Applicants to the endodontics certificate program must apply through the American Dental Education Association's Postdoctoral Application Support Services (ADEA PASS). Applicants must hold a

DDS or DMD degree or an international equivalent and must meet the application requirements of the Graduate College. They should take the National Board Dental Examination (NBDE) Part 1 and Part 2, when available.

Applications should include official transcripts from all undergraduate and graduate institutions, an updated curriculum vitae, three letters of recommendation, a personal statement, and a photograph (two-inch head-and-shoulders view).

The certificate program begins July 1; ADEA PASS applications should be submitted no later than July 1 for admission the following summer. Finalists for admission are asked for a personal interview in July; admission decisions are made following interviews.

## Financial Support

Applicants to the certificate program must be able to support themselves financially until they complete the program.
Prospective students should plan to pay for living expenses, tuition, books, specialized equipment (e.g., surgical operating microscope, notebook computer, and ultrasonic system), instrument usage, and other expenses.

## Family Dentistry

## Head

- Christopher A. Barwacz

Faculty: https://dentistry.uiowa.edu/directory
Website: https://dentistry.uiowa.edu/departments/family-dentistry
The Department of Family Dentistry reinforces and refines the comprehensive approach to managing patients' oral health care needs.

## DDS Student Training

The senior year of the Doctor of Dental Surgery program integrates basic science knowledge, clinical skills, and dental laboratory experiences acquired during the first three years of dental school into a systematic approach to providing patient care.

Students who complete their education in family dentistry should:

- conduct themselves in a professional and ethical manner;
- understand the principles of comprehensive dental treatment planning;
- know the medical, ethical, and legal issues involved in patient care;
- be able to recognize the need for specialty consultation;
- be competent in coordinating and sequencing patient treatments;
- be effective members of the dental team;
- be prepared to enter general practice
- be educated and trained for licensure examination; and
- appreciate the importance and value of lifelong learning.

Students spend five days a week in a clinical setting, where they gain experience in total patient management and care. Their didactic coursework builds on their previous education. All areas of clinical and didactic instruction, patient awareness, and sensitivity to patients' needs are stressed.

The department's practice management curriculum prepares students to evaluate practice locations and manage the business aspects of a dental practice.

## Courses

## Family Dentistry Courses

FAMD:8482 Dental Auxiliary Utilization 2 s.h.
Delivery of comprehensive dental treatment in a simulated group practice clinical setting with chairside dental assistants.

FAMD:8484 Dental Practice Management I 1 s.h.
Principles of dental practice management; delivery of comprehensive dental treatment in a simulated group-practice clinical setting with chairside dental assistants.
FAMD:8485 Dental Practice Management II 1 s.h. Principles of dental practice management.
FAMD:8488 Comprehensive Dental Patient Care
Refinement of clinical skills, judgment, and critical self-evaluation in the delivery of integrated, comprehensive dental care

FAMD:8495 Advanced Treatment Planning I 2 s.h.
Development of knowledge to implement comprehensive treatment plans involving a multidisciplinary approach in management of patients through case-based learning.

FAMD:8497 Advanced Treatment Planning II 1 s.h. Builds on FAMD:8495; development of advanced knowledge to implement complex comprehensive treatment plans involving a multidisciplinary approach in management of patients with complex medical and dental needs through case-based learning, lectures, and student case presentations.

# Geriatric and Special Needs Dentistry 

## Interim Head, Department of Preventive and Community Dentistry

\author{

- John J. Warren
}

Director, Geriatric and Special Needs Dentistry

- Howard Cowen

Professional certificate: geriatric and special needs dentistry
Faculty: https://dentistry.uiowa.edu/directory
Website: https://dentistry.uiowa.edu/pcd/geriatric-grad
The certificate program in geriatric and special needs dentistry prepares dentists to be leaders and teachers in this critical area of practice. The multidisciplinary program incorporates medicine and psychiatry and blends clinical and didactic experiences in varied settings, such as acute, palliative, rehabilitative, and long-term care. Its goal is to provide dental professionals with the knowledge and skills they need to provide patient-centered, sound, and realistic treatment plans for their geriatric and special needs patients.

The Certificate in Geriatric and Special Needs Dentistry is administered by the Department of Preventive and Community Dentistry [p. 1268].

## Geriatric and Special Needs Dentistry, Professional Certificate

## Requirements

The professional Certificate in Geriatric and Special Needs Dentistry requires at least 40 s.h. Students must earn a minimum grade of C in each course. The program requires a minimum of one year of full-time study. It prepares dentists to evaluate and manage the oral health problems of older adults across the spectrum of geriatric health care services as well as adults with special needs. It also prepares professionals for scholastic positions in geriatric education. Successful graduates meet the educational requirements for eligibility to take the fellowship examination of the Special Care Dentistry Association.
Certificate students have opportunities to collaborate with medical residents and other allied health care professionals in providing a holistic approach to care of patients whose dental and medical needs are complex. They gain experience in the College of Dentistry's patient care clinics and Geriatric Mobile Dental Unit, at St. Luke's Hospital (Cedar Rapids, Iowa), and at University of Iowa Hospitals \& Clinics.
Highlights of the curriculum include advanced clinical geriatric and special needs dentistry, interdisciplinary geriatric patient assessment, geriatric dentistry case studies, outreach, and teaching practicum.

The Certificate in Geriatric and Special Needs Dentistry requires the following work.

## First Summer

## Admission

Applicants must hold a DDS or DMD degree from an accredited dental school. International students should have at least three years of experience and/or postgraduate prosthodontics training and be licensed dentists. All applicants must meet the admission requirements of the Graduate College. Contact the Geriatric and Special Needs Dentistry Certificate Program to learn more.

## Hospital Dentistry

## Head

- Kirk L. Fridrich (Oral and Maxillofacial Surgery)

## Director, Graduate Program

- Alison M. Uhl

Faculty: https://gme.medicine.uiowa.edu/american-dental-association-general-practice-residency/our-people
Website: https://gme.medicine.uiowa.edu/hospital-dentistry-general-practice-residency
The College of Dentistry operates a hospital dentistry clinical service at University of Iowa Hospitals \& Clinics. The service includes divisions of general dentistry, maxillofacial prosthodontics, and oral and maxillofacial surgery, and it interacts with the college's specialties of orthodontics, periodontics, pediatric dentistry, endodontics, diagnosis, oral pathology, and prosthodontics.

The Hospital Dentistry Program offers a one-year general practice residency.

## Residency

The general practice residency program prepares dentists for a broader scope of private practice in general dentistry. The program combines clinical and didactic training on an individual basis and meets fundamental requirements of the Commission on Dental Accreditation of the American Dental Association (ADA).

The residency covers one year of hospital-based training. Through postdoctoral clinical, didactic, and hospital experience, residents prepare to meet the oral health needs of a wide range of ambulatory and nonambulatory patients. Rotations and patient experiences are located at University of Iowa Hospitals \& Clinics.

Residency training includes use of hospital resources, management of ambulatory patients, inpatients, same-day surgery patients, and emergency medical and dental patients. Residents participate in consultations with other hospital services and are assigned to appropriate hospital services to fulfill the objectives of the training program. They are appointed to the hospital's house staff and have the same privileges and responsibilities as residents in other professional education programs.

## Admission

Applicants must be U.S. citizens or permanent residents and must be graduates of a dental school accredited by the American Dental Association. They also must be eligible for licensure to practice dentistry in the United States. Application deadline is Sept. 1 for the following July 1. See the Hospital Dentistry-General Practice Residency Program website for admission and application requirements.

# Operative Dentistry 

## Head

- Erica C. Teixeira

Professional certificate: operative dentistry
Faculty: https://dentistry.uiowa.edu/directory
Website: https://dentistry.uiowa.edu/departments/operative-dentistry
The Department of Operative Dentistry teaches the foundational concepts of dentistry to predoctoral dental students in caries management (diagnosis, prevention, repair, and restorative techniques) and dental materials. The primary departmental focus is to provide the knowledge, technical skills, critical thinking, and judgment for the diagnosis, prevention, and management of dental caries, non-caries dental defects (attrition, abrasion, erosion, abfraction, developmental abnormalities, discoloration, and trauma), and elective aesthetic smile enhancements. It also serves an equally important position to provide national leadership in dental research and advanced restorative technology in its collective faculty efforts and through the professional Certificate in Operative Dentistry.

## DDS Student Training

Coursework and clinical experiences in operative dentistry are fundamental to the overall education of Doctor of Dental Surgery students. Operative dentistry coursework covers roughly one-quarter of curriculum time during the first three years of dental school as students progress toward competency in operative dentistry. The department's primary goal is to educate dental students, using the best evidence available and the latest proven technological approaches, to achieve and maintain optimal patient oral comfort, function, and aesthetics through risk-based diagnosis, prevention, and minimally invasive treatment of caries and noncarious lesions of the teeth.

## Programs

## Professional Program of Study

## Certificate

- Certificate in Operative Dentistry [p. 1251]

## Operative Dentistry Courses

## OPER:5126 Operative Dentistry Seminar

Review and critical analysis of operative dentistry literature.

## OPER:5127 Introduction to Operative Dentistry Advanced

## Education

arr.
Broad introduction to key operative dentistry concepts in preparation for clinical patient care and teaching; overriding objectives are to reinforce fundamental principles of operative dentistry, refine clinical skills, enhance/add approaches of clinical problem solving, establish concepts of acceptable clinical performance levels, and preparation for resident instructors in predoctoral simulation clinic courses.

## OPER:5140 Operative Dentistry Advanced Clinic 0-3 s.h.

Medical and surgical clinical management of dental disease; special emphasis on minimally invasive dentistry using advanced aesthetic principles.
OPER:5234 Selected Applications of Operative Dentistry 0-3 s.h. Advanced techniques completed on simulated patients.

OPER:5240 Advanced Operative Dental Implants and Digital Dentistry

0-1 s.h.
Treatment of partially edentulous area with implant therapy for single tooth replacement; builds on operative dentistry knowledge base with emphasis on fundamental biomechanical principles, materials, and techniques required to rehabilitate form and function of a single tooth implant; demonstration of successful implant treatment predicated upon a sound diagnosis, appropriate treatment plan, precise prosthetically driven placement of implant, logical sequence of treatment, appropriate abutment selection, appropriate materials selection, routine prosthodontic maintenance, and patient education.

OPER:5245 Pre-Clinical Teaching
0-3 s.h.
Teaching predoctoral dental students on simulated patients.
OPER:6246 Clinical Teaching
0-2 s.h.
Clinical teaching instruction in operative dentistry clinics.
OPER:8120 Dental Anatomy
3 s.h.
Basic dental terminology and nomenclature, human tooth morphology, creation of tooth crowns with wax.

OPER:8122 Introduction to Operative Dentistry 1 s.h.
Introduction to basic didactic knowledge and psychomotor skills in the practice of operative dentistry in a preclinical setting with simulated scenarios; for first-year dental students.

OPER:8124 Operative Dentistry I 5 s.h.
Basic didactic knowledge and psychomotor skills of principles, terminology, instruments, materials, and techniques utilized in the practice of operative dentistry in a preclinical setting with simulated scenarios; for first-year dental students. Prerequisites: OPER:8120.

## OPER:8240 Operative Dentistry II

3 s.h.
Principles of cavity preparation and digital workflow for designing and fabrication of partial cuspal coverage restorations using CAD/ CAM; dental material properties and applications; principles of esthetic restorations and peer exercises on basic clinical concepts. Prerequisites: OPER:8120 and OPER:8122 and OPER:8124.

OPER:8243 Introduction to Clinical Operative Dentistry 3 s.h. Students provide clinical care from diagnosis and treatment planning to caries and non-carious lesion management in patients; clinical experience in restoring teeth with small to moderate lesions or defects; demonstration of effective patient management skills including pain control, professionalism, and critical thinking; esthetic dentistry including tooth bleaching. Prerequisites: OPER:8120 and OPER:8122 and OPER:8124 and OPER:8240.
OPER:8370 Operative Dentistry III arr.
Combination of didactic and clinical aspects of operative dentistry; medical and surgical management of dental disease; emphasis on minimally invasive dentistry with advanced aesthetic principles. Prerequisites: OPER:8120 and OPER:8122 and OPER:8124 and OPER:8240 and OPER:8243.

## Operative Dentistry,

## Professional Certificate

## Requirements

Students can earn the professional Certificate in Operative Dentistry in conjunction with an MS or PhD in oral science. Completion of the certificate and the MS requires 36 months of full-time study. Students must maintain a cumulative grade-point average (GPA) of at least 3.00 to earn the certificate.

The MS requires additional coursework as well as a thesis and oral and written comprehensive exams. Students have some flexibility in their curriculum to take courses that particularly interest them; see Oral Science [p. 1258] in the catalog.
The Certificate in Operative Dentistry is a professional clinical advanced educational program that provides dentists with training for teaching, research, and the clinical practice of operative dentistry. The Operative Dentistry Advanced Education Program meets the educational requirements for application to take the board certification examinations of the American Board of Operative Dentistry. Operative dentistry is recognized by the American Dental Association as an interest area in general dentistry.

## Admission

Applicants to the certificate program must be graduates of an accredited United States or recognized international dental school and must meet the admission requirements of the Graduate College. The department may request an interview with an applicant.
Students must provide their own financial support for the certificate and degree programs, including research and thesis expenses.
For more information, visit the Department of Operative Dentistry website.

# Oral and Maxillofacial <br> Surgery 

## Head

- Kirk L. Fridrich

## Assistant Head

- Richard G. Burton

## Director, Graduate Program

- Steven L. Fletcher

Professional certificate: oral and maxillofacial surgery
Faculty: https://gme.medicine.uiowa.edu/oral-and-maxillofacial-surgery-residency/our-people/faculty

Website: https://gme.medicine.uiowa.edu/oral-and-maxillofacial-surgery-residency

The Department of Oral and Maxillofacial Surgery combines clinical and didactic training to fit the individual interests, abilities, and development of students. Its training program for predoctoral students is based in the College of Dentistry, with some clinical assignments in the oral and maxillofacial surgery division at University of Iowa Hospitals \& Clinics. Its certificate program is based primarily in the Oral and Maxillofacial Surgery Residency program at University of Iowa Hospitals \& Clinics.

## DDS Student Training

The Doctor of Dental Surgery curriculum in oral and maxillofacial surgery is designed to develop a foundation of professional knowledge and surgical skills that will enable students to diagnose and manage surgical problems related to general dentistry practice. The program emphasizes high ethical standards and development of good surgical concepts and judgment.

The clinical portion of the curriculum allows students to develop surgical skills and apply the theoretical knowledge acquired in didactic courses. Theory and application of anesthesia-analgesia, intravenous sedation, and nitrous oxide analgesia techniques are presented through didactic and clinical experiences.

## Programs

## Professional Program of Study

## Certificate

- Certificate in Oral and Maxillofacial Surgery [p. 1253]

## Facilities

The University of Iowa health sciences campus has outstanding basic and clinical science departments that stimulate and support scholarly research and superior clinical practice. Appropriate environments for residency training in oral and maxillofacial surgery are provided by University of Iowa Hospitals \& Clinics, the College of Dentistry, and the Carver College of Medicine.

## Courses

## Oral and Maxillofacial Surgery Courses

OMFS:5208 Pain and Anxiety Control 0-3 s.h.

Nitrous oxide; intravenous, oral, intramuscular anxiety and pain control; pharmacology of agents; complications, their management.
OMFS:5220 Research Methodology
arr.
Research terminology; application of ethical, quantitative, and qualitative approaches to research; critical analysis of published research; guide and oversee Institutional Review Board (IRB) protocol processes.

OMFS:8115 Anesthesia and Pain Control I
1 s.h.
Principles, techniques of complete medical history, head and neck examination, cardiovascular and respiratory examination; neuroanatomical, psychophysiological aspects of pain; pharmacologic action and techniques for using local anesthetics.

## OMFS:8230 Basic Oral and Maxillofacial Surgery

In-depth review and instruction pertaining to systemic medical considerations which may affect oral and maxillofacial surgery (OMFS), wound repair, principles of asepsis, routine and complicated exodontia, surgical complications and informed consent, preprosthetic surgery, medical emergencies, management of patients undergoing radiation therapy and chemotherapy, infections, OMFS trauma, temporomandibular disorders, and maxillary sinus and salivary gland disorders.

OMFS:8245 Anesthesia and Pain Control II
1 s.h.
Theory, application, and instrumentation of nitrous oxide and IV sedation; emphasis on cardiovascular and respiratory physiology; preanesthetic evaluation of patients and practical techniques for nitrous oxide sedation.

OMFS:8355 Advanced Oral and Maxillofacial Surgery 1 s.h. History, evaluation, diagnosis, and treatment of diseases and traumatic injuries of the oral and maxillofacial region.

OMFS:8360 Clinical Oral and Maxillofacial Surgery arr.
Clinical experience at the College of Dentistry and University of Iowa Hospitals \& Clinics.

# Oral and Maxillofacial Surgery, Professional Certificate 

## Requirements

## Residency Program

The department offers a four-year residency program that culminates in the professional Certificate in Oral and Maxillofacial Surgery. The program combines clinical and didactic training to prepare dentists for specialty practice. Every effort is made to adapt the program to the individual interests, abilities, and development of students, but it is essential that all students meet certain fundamental requirements.

Recommendations of the American Dental Association, the Committee on Graduate Training of the American Association of Oral and Maxillofacial Surgeons, and the American Board of Oral and Maxillofacial Surgery have been considered carefully in planning the structure and scope of training.

The residency period covers four years of hospital training, providing an orientation to hospital procedures, integration of basic and clinical sciences, acquisition of surgery principles, and familiarization with varied aspects of health services.

Competence in clinical oral and maxillofacial surgery requires knowledge of the basic medical sciences related to the specialty. In addition to hospital and clinical training, residents take advanced coursework in subjects such as applied pharmacology, surgical anatomy, pathology, physiology, and microbiology. They also review closely related disciplines such as radiology, anesthesiology, physical diagnosis, and laboratory procedures. Development and implementation of a research project under staff supervision enhance the value of the residency training.

The assumption of increased responsibility and the opportunity for clinical and operating room experience are important aspects of residency training. Residents gain clinical training in anesthesia through an assigned rotation in the Department of Anesthesia (Carver College of Medicine). Previous advanced training in physical diagnosis, physiology, pharmacology, and pathology take on greater clinical significance, and increased responsibility in the operating room as first assistant and surgeon further develops surgical judgment and skills.

Senior residents may be given responsibility for major oral and maxillofacial surgical cases during rotations at University of Iowa Hospitals \& Clinics. Each fourth-year resident is assigned to a rotation as a clinical and didactic coordinator and assumes responsibility to qualify for examination by the American Board of Oral and Maxillofacial Surgery. To learn more about Iowa's program, visit the Oral and Maxillofacial Surgery Residency website.

## Admission

Students may begin the four-year certificate program only on July 1. Applicants are selected through a post-DDS dental matching program sponsored by the American Association of Oral and Maxillofacial Surgeons. The application deadline for the match in oral and maxillofacial surgery is Sept. 1 for admission the following July. Appointments are made after the match results are revealed and the staff elects to take official action. Appointments are offered on or before Feb. 1 for the following July.

Applicants must have graduated from an accredited college of dentistry, should be in the upper one-fourth of their graduating class, and must be eligible to be licensed to practice dentistry in the United States.

# Oral Pathology, Radiology, and Medicine 

## Head

\author{

- Trishul V. Allareddy
}

Professional certificates: oral and maxillofacial pathology; oral and maxillofacial radiology
Faculty: https://dentistry.uiowa.edu/directory
Website: https://dentistry.uiowa.edu/oprm
The Department of Oral Pathology, Radiology, and Medicine educates predoctoral and graduate students. The department has diverse curricular responsibility and faculty members with widely varied disciplinary expertise.

## DDS Student Training

The department teaches dental students about diseases that manifest in and around the oral and maxillofacial region. Students learn about the clinical, radiographic, laboratory, histopathologic, and therapeutic management of these diseases and about their etiology and natural history. They also study identification of systemic diseases and the oral implications through physical evaluation of patients.

## Programs

## Professional Programs of Study

## Certificates

- Certificate in Oral and Maxillofacial Pathology [p. 1256]
- Certificate in Oral and Maxillofacial Radiology [p. 1257]

## Facilities

Facilities reserved for the Department of Oral Pathology, Radiology, and Medicine include a radiology special procedures area, an interpretation room, a surgical oral pathology laboratory, a clinical pathology laboratory with areas for histopathology, and a seminar room for small groups of graduate and undergraduate students.

In addition, the College of Dentistry has joint-use research laboratories that are well equipped and staffed for conducting research involving histology, histochemistry, materials technology, radiobiology, ultrastructure, and electron probe analysis and quantification.

## Courses

## Oral Pathology, Radiology, and Medicine Courses

OPRM:5200 Stomatology Literature Review 0-3 s.h.
Current literature in oral and maxillofacial pathology and radiology; presentation of graduate student research; development of lectures or seminars for DDS or graduate students, or continuing education for peers and practicing dentists.
OPRM:5225 Manifestations of Oral and Paraoral Disease 0-3 s.h. Clinical experience in diagnosing, managing patients.
OPRM:5226 Oral Pathology for Graduate Students 0-1 s.h. Head and neck diseases, abnormalities.

OPRM:5227 Surgical Oral Pathology
0-1 s.h.
Experience in day-to-day operations of surgical oral pathology laboratory; advanced training in histopathologic diagnosis of oral and maxillofacial diseases. Corequisites: OPRM:5240, if not taken as a prerequisite.
OPRM:5228 Introduction to Surgical Oral Pathology 0-1 s.h. Day-to-day operations of surgical oral pathology laboratory; histopathologic diagnosis of oral and maxillofacial diseases.
OPRM:5230 Research in Oral Pathology, Radiology, and Medicine

0-3 s.h.
Includes thesis preparation.
OPRM:5238 Introduction to Histopathology
0-1 s.h.
Case studies; histopathologic diagnosis of diseases that affect oral and maxillofacial region.
OPRM:5240 Histopathology
0-1 s.h.
Case studies; advanced training in histopathologic diagnosis of diseases that affect oral and maxillofacial region. Corequisites:
ORDN:5202, if not taken as a prerequisite.
OPRM:5241 Hospital Oral Pathology, Radiology, and
Medicine 0-3 s.h.
Management of patient consultations, diagnosis, therapy at a hospitalbased dental service.

OPRM:5242 Clinical Oral and Maxillofacial Radiology 0-3 s.h. Radiologic manifestations of diseases; emphasis on craniofacial complex.

OPRM:5243 Practical Oral and Maxillofacial Radiology 0-3 s.h. Clinic participation; supervision of dental and dental hygiene students, review of their cases; participation in clinical radiology conferences, laboratory exercises.
OPRM:5244 Technical Oral and Maxillofacial Radiology 0-3 s.h. Experience with technical maintenance of darkroom, clinical equipment; troubleshooting under supervision of radiology staff.
OPRM:5245 Head and Neck Radiology
0-3 s.h.
Hospital-based rotation in diagnostic radiology with participation in interpretation sessions; CT, MRI, nuclear medicine, ultrasound

OPRM:5246 Craniofacial Radiology
Hospital-based rotation in diagnostic radiology; exposure to interpretive sessions on ultrasound, CT, MRI, nuclear medicine.
OPRM:5256 Advanced Oral Pathology 0-1 s.h.
Diseases involving orofacial organs; emphasis on bibliographic research, biodynamic analysis of pathologic processes, diagnostic interpretation; content adapted to student interests. Requirements: graduate standing in oral pathology.
OPRM:8120 Fundamentals of Oral Radiology 1 s.h.
Methods of clinical, radiographic examination, record keeping; correlation of basic, clinical sciences.

## OPRM:8235 Oral Pathology I

Application of biomedical science knowledge to diagnosis and management of oral and maxillofacial diseases, primarily surface epithelial diseases; classification of lesions and diseases of the oral and maxillofacial region into clinical categories, formulation of a clinical differential diagnosis, and recommendation of initial management based on clinical differential diagnosis.

## OPRM:8236 Oral Pathology II

Application of biomedical science knowledge to diagnosis and management of oral and maxillofacial diseases, primarily hard and soft tissue diseases/neoplasms and syndromes; identification of cause, pathogenesis, historical features, signs, symptoms, laboratory abnormalities, radiographic findings (where applicable), and recommended initial management of the most common and/or serious diseases and lesions of the oral and maxillofacial region. Prerequisites: OPRM:8235.

OPRM:8240 Basic Pharmacology 3 s.h.
Principles of pharmacology, pharmacologic actions of drugs, and correlation with therapeutic uses.
OPRM:8245 Introduction to Clinical Oral Radiology 1 s.h.
Principles, techniques of diagnosis, radiology, clinical pathology in clinical practice.

## OPRM:8355 Systemic Disease Manifestations <br> 1 s.h.

Clinical medicine for dental students; basic information for patient evaluation.

## OPRM:8360 Clinical Oral Diagnosis

1 s.h.
Diagnosis of orofacial diseases by clinical, laboratory, radiographic and treatment planning methods; clinical case analysis.
OPRM:8361 Clinical Oral Radiology
arr.
Making and processing intraoral, extraoral radiographs; principles of radiographic interpretation.

OPRM:8362 Applied Oral Radiology
1 s.h.
Builds on foundational knowledge learned in OPRM:8120 and OPRM:8245; emphasis on understanding disease process on radiographs and its interpretation. Prerequisites: OPRM:8120 and OPRM:8245.

## OPRM:8365 Clinical Oral Pathology

1 s.h.
Oral and maxillofacial diseases: integration of the clinical, historical, radiographic features; therapeutic management.

OPRM:8368 Applied Dental Pharmacology
2 s.h.
Patients' medications and their implications for dental treatment; clinical use of medications that dentists may prescribe; guidelines for dental prescribing.

## Oral and Maxillofacial Pathology, Professional Certificate

## Requirements

The department offers the professional Certificate in Oral and Maxillofacial Pathology. The educational requirements of the certificate program meet the requirements for preparation of dental specialists set by the Commission on Dental Accreditation, the American Board of Oral and Maxillofacial Pathology. Students must maintain a cumulative grade-point average of at least 3.00 to earn the certificate.

Oral science involves the study of structure, function, and diseases of the oral and maxillofacial region. Study methods include examination of related histories, evaluation of clinical signs and symptoms, and use of biochemical, microscopic, and radiologic procedures to establish a diagnosis and plan for therapeutic management.

The department's programs are diverse and flexible, allowing students to obtain advanced clinical, didactic, and research-related education while earning a professional certificate. Students working toward the certificate may pursue a Master of Science in oral science in conjunction with the certificate; see "Graduate Study" below.

## Graduate Study

Students earning the department's certificate may pursue a Master of Science in oral science while they work toward the certificate. They pursue the MS track that corresponds with the certificate. Each program combines the minimum requirements of the MS and the certificate; completion time usually is 36 to 48 months.

All students in the combined programs pursue comprehensive study of basic biologic and health sciences in preparation for teaching and research. They must complete the courses listed below, including the core courses and the basic science and departmental courses listed for their MS track. They also must prepare, submit, and defend their thesis based on the results of research conducted during their course of study. See the MS in oral science [p. 1259] in the catalog for additional information about requirements and admission.

## Core Courses

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| OPRM:5200 | Stomatology Literature Review | $0-1$ |
| OPRM:5226 | Oral Pathology for Graduate <br> Students | $0-1$ |
| OPRM:5242 | Clinical Oral and Maxillofacial <br> Radiology | $0-1$ |
| ORSC:5200 | Seminars in Dental Research | 1 |
| ORSC:5210 | Dental Sciences Research <br> Methodology | 2 |
| ORSC:5212 | Statistical Methods for Dental <br> Research | 3 |
| ORSC:5215 | Research Design in Dentistry | 2 |
| ORSC:5600 | Research in Oral Science (taken <br> for a total of 9 s.h.) | 9 |

## Admission

Applicants must have successfully completed an accredited program leading to the DDS or DMD, or an international equivalent, and must meet the admission requirements of the Graduate College. They must have a cumulative grade-point average of at least 3.00 (or international equivalent) to be considered for admission.

Applicants whose first language is not English must submit official test scores to verify English proficiency. Applicants can verify English proficiency by submitting official test scores from the Test of English as a Foreign Language (TOEFL) or the International English Language Testing System (IELTS).

The department's faculty makes final decisions on acceptance of applicants who meet the requirements for admission. A personal interview is required.

## Oral and Maxillofacial Radiology, Professional Certificate

## Requirements

The department offers the professional Certificate in Oral and Maxillofacial Radiology. The educational requirements of the certificate program meet the requirements for preparation of dental specialists in oral and maxillofacial radiology set by the Commission on Dental Accreditation and the American Board of Oral and Maxillofacial Radiology. Students must maintain a cumulative gradepoint average of at least 3.00 to earn the certificate.
Oral and maxillofacial radiology involves the study of structure, function, and diseases of the oral and maxillofacial region. Study methods include examination of related histories, evaluation of clinical signs and symptoms, and use of radiologic procedures for interpretation and to establish a diagnosis and plan for therapeutic management.
The department's programs are diverse and flexible, allowing students to obtain advanced clinical, didactic, and research-related education while earning a professional certificate. Students working toward the certificate may pursue a Master of Science in oral science in conjunction with the certificate; see "Graduate Study" below.

## Graduate Study

Students earning the department's certificate may pursue a Master of Science in oral science while they work toward the certificate. They pursue the MS track that corresponds with the certificate. Each program combines the minimum requirements of the MS and the certificate; completion time usually is 36 to 48 months.
All students in the combined programs pursue comprehensive study of basic biologic and health sciences in preparation for teaching and research. They must complete the courses listed below, including the core courses and the basic science and departmental courses listed for their MS track. They also must prepare and submit a thesis based on the results of research conducted during their course of study. See the MS in oral science [p. 1259] in the catalog for additional information about requirements and admission.

## Core Courses

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| OPRM:5200 | Stomatology Literature Review | $0-1$ |
| OPRM:5226 | Oral Pathology for Graduate <br> Students | $0-1$ |
| OPRM:5242 | Clinical Oral and Maxillofacial <br> Radiology | $0-2$ |
| ORSC:5200 | Seminars in Dental Research | 1 |
| ORSC:5210 | Dental Sciences Research <br> Methodology | 2 |
| ORSC:5212 | Statistical Methods for Dental <br> Research | 3 |
| ORSC:5215 | Research Design in Dentistry 2 <br> ORSC:5600 Research in Oral Science (taken <br> for a total of 9 s.h.) <br> OTO:8199 Foundations of Otolaryngology | 9 |

## Track Courses

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| OPRM:5243 | Practical Oral and Maxillofacial | $0-2$ |
|  | Radiology | $0-2$ |
| OPRM:5244 | Technical Oral and |  |

| PATH:8133 | Radiobiology |  |
|  | Introduction to Human |  |
|  | Pathology for Graduate Students |  |

## Admission

Applicants must have successfully completed an accredited program leading to the DDS or DMD, or an international equivalent, and must meet the admission requirements of the Graduate College. They must have a cumulative grade-point average of at least 3.00 (or international equivalent) to be considered for admission.

Applicants whose first language is not English must submit official test scores to verify English proficiency. Applicants can verify English proficiency by submitting official test scores from the Test of English as a Foreign Language (TOEFL) or the International English Language Testing System (IELTS).

Passing the National Board Dental Examinations (NBDE) Part I and Part II or the Integrated (INBDE) is recommended but not required.

The department's faculty makes final decisions on acceptance of applicants who meet the requirements for admission. A personal interview is required.

## Oral Science

## Director

- Jeffrey A. Banas (Pediatric Dentistry)

Graduate degrees: MS in oral science; PhD in oral science

## Faculty: https://dentistry.uiowa.edu/directory

Website: https://dentistry.uiowa.edu/students/specialty-programs/oral-science-graduate-program

Graduate programs in oral science require that students complete courses from a core curriculum and conduct independent research leading to a thesis. The programs prepare and equip graduates for a variety of career options for which the ability to conduct research or understand the principles of scientific inquiry are essential.

Students must enroll in a professional certificate program offered by a College of Dentistry department in order to enroll in the Master of Science program in oral science. The following departments offer their certificate students the opportunity to earn MS degrees in oral science: endodontics, prosthodontics, operative dentistry, periodontics, and oral pathology, radiology, and medicine.

## Programs

## Graduate Programs of Study

## Majors

- Master of Science in Oral Science [p. 1259]
- Doctor of Philosophy in Oral Science [p. 1260]

## Courses

## Oral Science Courses

ORSC:5200 Seminars in Dental Research 0-1 s.h.
ORSC:5210 Dental Sciences Research Methodology 0,2 s.h.
Practical, experimental procedures in dental research; literature and design; writing of research protocols. Offered summer session.
ORSC:5212 Statistical Methods for Dental Research 0,3 s.h. Descriptive methods, elementary probability, distributions, populations and samples, methods for analyzing percentage data and paired and unpaired measurement data, regression, correlation, and analysis of variance.
ORSC:5215 Research Design in Dentistry 0,2 s.h. Types of studies used in dentistry; design validity; sampling methodologies; major descriptive and experimental designs used in dental research; application of statistical tests to these designs. Offered spring semesters.

ORSC:5240 Pathophysiology of the Pulp-Dentin Complex 0-3 s.h. Biology of tissue; emphasis on pathological changes. Offered spring semesters of even years. Prerequisites: ORSC:5210.
ORSC:5250 Current Concepts of Cariology 0,2 s.h.
Etiology of dental caries; pathogenesis, development of preventive measures. Offered spring semesters of odd years. Prerequisites: ORSC:5210.

ORSC:5260 Bone and Tooth Support Structure and Implants

0,2 s.h.
Biology of bone and periodontal structures; biologic basis for therapeutic use of dental implants. Offered fall semesters of odd years.

ORSC:5275 Oral Microbiology and Immunology 0,2 s.h. Principles of microbiology and immunology, aspects of microbial community development in the oral cavity, basic concepts of host/parasite interactions related to development of oral diseases; biological, immunological, and clinical manifestations induced by major oral pathogens. Offered spring semesters of odd years. Requirements: microbiology, biochemistry, and biology. Recommendations: immunology.

ORSC:5280 Advanced Dental Therapeutics
0-1 s.h.
Antimicrobial, analgesic, related therapies; emphasis on drug/drug interactions, dental implications of chronic cardiovascular and central nervous system medications. Offered fall semesters.

## ORSC:5300 Dental Management for Patients with Complex Medical History <br> 0-1 s.h.

Risk assessment, treatment planning, medically compromised patients, systemic complications, medical emergency in dental offices. Offered fall semesters of odd years.

ORSC:5600 Research in Oral Science arr.
Thesis research. Requirements: oral science MS or PhD candidacy

## ORSC:5610 Independent Study

0-3 s.h.
Opportunity to pursue in-depth study in a particular area of interest; students meet with faculty member to design plan of study.

## ORSC:5620 Oral Sciences Colloquium

arr.
Presentations, seminars, and discussion sessions on research presentations; career and individual development plans for graduate and postdoctoral students in the oral sciences program.

## Oral Science, MS

## Learning Outcomes

## Acquisition of Broad-Based Foundational Knowledge in Oral Science

- Demonstrate a broad-based understanding in the scientific disciplines relevant to oral science.
- Demonstrate mastery of the literature and background knowledge pertaining to one's chosen area of research.
- Understand the principles of biostatistical analyses and appropriate engagement with biostatisticians.

## Development of Critical Thinking Skills

- Critically analyze primary scientific literature.
- Rationally debate and defend scientific viewpoints using scientific principles and critical analysis skills.
- Demonstrate problem-solving skills.

## Understanding of the Scientific Method and its

## Application

- Formulate hypotheses or experimental objectives that address knowledge gaps in the literature.
- Formulate a logical and feasible approach to test a hypothesis or accomplish research objectives.
- Critically evaluate results and draw appropriate conclusions from the data.

## Proficiency in Research

- Conduct research in a responsible and ethical manner.
- Carry out an in-depth research project and contribute intellectually and technically to all parts of its development, execution, and analysis.

## Proficiency in Scientific Communication

- Demonstrate proficiency in scientific writing as evidenced by first-author manuscripts and by composing grant applications.
- Organize, defend, and communicate ideas effectively in scientific oral presentations and settings.

## Interpersonal and Leadership Skills

- Demonstrate an ability to work, when appropriate, in teams or collaborative settings with a diverse workforce.
- Develop leadership skills, commensurate with experience, facilitate group discussions, teach, and/or conduct meetings.
- Effectively mentor and motivate subordinates and/or peers.
- Respond appropriately to positive or negative feedback.

## Requirements

The Master of Science program in oral science requires a minimum of 30 s.h. of graduate credit, including 21 s.h. of coursework, 9 s.h. of independent research leading to a thesis, and a final examination.

Students pursuing the MS must be enrolled in a clinical specialty training program offered by a College of Dentistry department. Specific course requirements vary depending on the clinical specialty. Students should complete the MS and the clinical specialty training program in three years of study.
The master's program is offered in conjunction with a certificate in one of five clinical specialties: endodontics, periodontics,
prosthodontics, operative dentistry, and oral pathology, radiology, and medicine.

## Admission

Applicants to the MS program must meet the admission requirements of the Graduate College and those specified by the clinical department, including the Test of English as a Foreign Language (TOEFL), the International English Language Testing System (IELTS), or the Duolingo English Test (DET) scores for applicants whose first language is not English.
A personal interview may be requested. Programs normally begin July 1 each year.

## Oral Science, PhD

## Learning Outcomes

## Acquisition of Broad-Based Foundational Knowledge in Oral Science

- Demonstrate a broad-based understanding in the scientific disciplines relevant to oral science.
- Demonstrate mastery of the literature and background knowledge pertaining to one's chosen area of research.
- Understand the principles of biostatistical analyses and appropriate engagement with biostatisticians.

## Development of Critical Thinking Skills

- Critically analyze primary scientific literature.
- Rationally debate and defend scientific viewpoints using scientific principles and critical analysis skills.
- Demonstrate problem-solving skills.

## Understanding of the Scientific Method and its Application

- Formulate hypotheses or experimental objectives that address knowledge gaps in the literature.
- Formulate a logical and feasible approach to test a hypothesis or accomplish research objectives.
- Critically evaluate results and draw appropriate conclusions from the data.

## Proficiency in Research

- Conduct research in a responsible and ethical manner.
- Carry out an in-depth research project and contribute intellectually and technically to all parts of its development, execution, and analysis.

## Proficiency in Scientific Communication

- Demonstrate proficiency in scientific writing as evidenced by first-author manuscripts and by composing grant applications.
- Organize, defend, and communicate ideas effectively in scientific oral presentations and settings.

## Interpersonal and Leadership Skills

- Demonstrate an ability to work, when appropriate, in teams or collaborative settings with a diverse workforce.
- Develop leadership skills, commensurate with experience, facilitate group discussions, teach, and/or conduct meetings.
- Effectively mentor and motivate subordinates and/or peers.
- Respond appropriately to positive or negative feedback.

## Requirements

The Doctor of Philosophy program in oral science requires a minimum of 72 s.h. of graduate credit, including advanced coursework and original research that culminates in the successful defense of a dissertation. Students must pass a comprehensive examination, prepare and gain approval of a research project, and complete and successfully defend a dissertation that describes the results of their research. Completion of the program usually requires four to six years of full-time study. Students must maintain a cumulative grade-point average of at least 3.00 to earn the degree.

## Dental Public Health Distinction Track

The PhD in oral science is a research-intensive degree program. Students may elect, with program approval, to follow a special track dedicated to dental public health.
In addition to an in-depth research project leading to a dissertation, students must complete a minimum of 72 s.h. that includes a minimum of 30 s.h. of coursework. Required courses include seminars in dental research, dental science research methodology, statistical methods for dental research, research design in dentistry, and scholarly integrity and responsible conduct in research. The dental public health track will have additional required courses.
Students also have the opportunity to take elective courses that are chosen to supplement their specific area of research. Most courses are completed in the first two years of the program. Students must then pass a comprehensive examination. Thereafter, the focus is on continuing a line of research that leads to peer-reviewed publications and a dissertation. Students must then pass a final exam. The average time to program completion is five years.

## Admission

Applicants to the PhD program must meet the admission requirements of the Graduate College and those specified by the program. Applicants whose first language is not English must score at least 100 (internet-based) on the Test of English as a Foreign Language (TOEFL) or at least 550 on the paper-based test. Acceptable scores on the International English Language Testing System (IELTS) or the Duolingo English Test (DET) also may be submitted.

Applicants to the PhD program must submit a statement describing past research experience and current research interests, and state how completion of the PhD program fits their career goals. Applications and transcripts are reviewed and accepted on a continuing basis. A personal interview may be requested.

Applications must be received by Dec. 1 for full consideration of financial support.

Programs normally begin July 1 each year.

## Orthodontics

## Head

- Lina M. Moreno Uribe

Professional certificate: orthodontics
Graduate degree: MS in orthodontics
Faculty: https://dentistry.uiowa.edu/directory
Website: https://dentistry.uiowa.edu/departments/orthodontics
The Department of Orthodontics educates predoctoral, professional, and resident/graduate students for careers as practicing dentists, orthodontists, researchers, and teachers. The department also conducts major research programs and receives significant funding from the National Institutes of Health (NIH). It delivers state-of-the-art treatment to patients-adults, children, and adolescents-with a range of orthodontic, craniofacial, and related issues.

The goal of the resident/graduate program in orthodontics is to educate competent individuals to initially practice orthodontics and dentofacial orthopedics. Additional goals include providing clinical services for citizens of Iowa and educating students in methods of scientific inquiry. The programs' objectives are to provide students with an in-depth education in biological and biomechanical principles related to orthodontics; to teach students to diagnose, plan, and deliver comprehensive orthodontic health care service; and to develop students' research and service skills.

Opportunities are available for research and independent study in the department, and there are special facilities for research in biomechanics and craniofacial growth. Interaction with other departments provides learning and research opportunities in surgical orthodontics, cleft lip and palate treatment, speech pathology, animal experimentation, and human growth.

## DDS Student Training

The Department of Orthodontics prepares Doctor of Dental Surgery students to competently recognize malocclusions of teeth in preparation for decision-making regarding treatment or referral. The lecture course guides DDS students in learning concepts of dental development and facial growth to maturity, as well as treatmentoriented subject matter ranging from limited, interceptive treatment through possible comprehensive treatment options. In a laboratory course, case-based material is utilized to give students experience with evaluating diagnostic casts, radiographs, and clinical findings for space management decision-making purposes. Experience also is included in the basics of fabricating a limited range of orthodontic appliances.

## Orthodontics, Professional Certificate

## Requirements

The professional Certificate in Orthodontics requires satisfactory completion of 24 months of intensive study, including lecture courses, seminars, clinical practicum, and a research paper. Students earn the certificate while they complete work for the MS in orthodontics. They must maintain a cumulative grade-point average of at least 3.00 to earn the certificate.

## Admission

Applicants must have a DDS degree or equivalent and meet the admission requirements of the Graduate College. Three letters of recommendation are required: one letter from their respective dental school dean stating their class rank or that no class ranks are provided, and two recommendation letters from dental school faculty.

Application deadline is Aug. 1 for entry the following July 1. Applicants are required to travel to the University of Iowa for interviews with department faculty.

## Orthodontics, MS

## Learning Outcomes

Individuals will be:

- credentialed to practice orthodontics and dentofacial orthopedics;
- proficient in the scientific method, demonstrated by successful defense of their MS thesis;
- proficient in biological and biomechanical principles of tooth movement as demonstrated by clinical treatment of orthodontic patients with malocclusions;
- proficient in diagnosis, treatment planning, and treatment delivery as demonstrated by clinical treatment of orthodontic patients with malocclusions;
- proficient in diagnosis, treatment planning, and treatment delivery as demonstrated by clinical treatment of craniofacial anomalies patients; and
- proficient in interdisciplinary interaction with other dental specialties such as oral surgery, pediatric dentistry, periodontics, and endodontics as demonstrated by opportunities to coordinate care of orthodontic and craniofacial anomalies patients.

## Requirements

The Master of Science program in orthodontics requires 60 s.h. of graduate credit. Students must satisfactorily complete a thesis based on an original research project to qualify for the MS. They must maintain a cumulative grade-point average of at least 3.00 to earn the degree.

Students begin work on the two-year program in July.
The MS with a major in orthodontics requires the following work.

## Admission

Applicants must have a DDS degree or equivalent and meet the admission requirements of the Graduate College. Application deadline is Aug. 1 for entry the following July 1. Applicants are required to travel to the University of Iowa for interviews with department faculty.

## Pediatric Dentistry

## Head

- Karin Weber-Gasparoni

Graduate Program Director

- Kecia S. Leary

## Associate Graduate Program Director

- Amy B. Lesch

Professional certificate: pediatric dentistry
Faculty: https://dentistry.uiowa.edu/directory
Website: https://dentistry.uiowa.edu/departments/pediatric-dentistry
The Department of Pediatric Dentistry instructs predoctoral and professional students in the prevention and treatment of dental diseases in children as well as individuals with special health care needs. Instruction combines didactic, laboratory, and clinical experiences and gives special consideration to reviewing current literature and managing dental problems of children and individuals with special health care needs. It also emphasizes efficient treatment through proper use of dental auxiliary personnel and record management.

## DDS Student Training

All second-year Doctor of Dental Surgery students participate in a one-semester lecture course that includes preclinical exercises in the Simulation Clinic. Third-year DDS students participate in a clerkship, which includes a combined seminar and clinical course. During their fourth year, DDS students participate in a rotation through the department's clinics.

## Research Opportunities

Clinical and laboratory research projects have financial support from federal agencies and other sources. Major research areas include cariology, dental materials, dentistry for persons with special health care needs, growth and development, fluoride therapy, child behavior management, nutrition, prevention, and access to care.

## Faculty

Faculty members hold numerous professional offices at national and state levels, committee memberships, consultantships, and honors in professional organizations. They serve as reviewers for professional journals and federal granting agencies. They also participate regularly in continuing education programs for dentists and other health science personnel.

## Pediatric Dentistry,

## Professional Certificate

## Requirements

The professional Certificate in Pediatric Dentistry is a two-year residency program that prepares students for certification by the American Board of Pediatric Dentistry. Certificate students are trained in all phases of pediatric dentistry and have career choices in private practice, public health, education, or research. Special emphasis is placed on development of leadership skills and strategies for serving vulnerable populations.
The department's certificate program is accredited by the Commission on Dental Accreditation of the American Dental Association.

Approximately $60 \%$ of the certificate program is devoted to advanced clinical activity, $30 \%$ to didactic courses and practice teaching, and $10 \%$ to original research. The program includes a core of didactic, clinical, and research-oriented courses supplemented by electives determined by students' individual interests.

The program maintains close associations with the University of Iowa Stead Family Children's Hospital, Stead Family Department of Pediatrics [p. 1877] in the Roy J. and Lucille A. Carver College of Medicine, the Center for Disabilities and Development, and University of Iowa Hospitals \& Clinics. These associations provide experiences with oral rehabilitation under general anesthesia, treatment of children with oral conscious sedation, instruction in physical diagnosis, and management of children with developmental disabilities.

A three-year graduate program in pediatric dentistry and dental public health allows individuals to earn a Certificate in Pediatric Dentistry and an MS in dental public health. For more information, visit Pediatric Combined Residency on the College of Dentistry and Dental Clinics website.

## Admission

Prospective students apply through the American Dental Education Association PASS program. Openings in the program are filled through the Postdoctoral Dental Matching Program. Applicants must meet the admission requirements of the Graduate College.

## Financial Support

Stipends for the two-year program are provided by federal agencies and other sources for qualified candidates.

## Periodontics

## Interim Head

- Jeffrey A. Banas

## Graduate Program Director

\author{

- Sukirth Ganesan
}

## Professional certificate: periodontics

Faculty: https://dentistry.uiowa.edu/directory
Website: https://dentistry.uiowa.edu/departments/periodontics
The Department of Periodontics educates predoctoral students as well as professional students who may elect to pursue graduate study along with their professional training. The department also provides interdisciplinary care for patients with complex treatment needs; generates new knowledge through its research programs; and provides professional service and leadership at all levels, local to worldwide.

## DDS Student Training

The periodontal program instructs Doctor of Dental Surgery students in the diagnosis and management of periodontal and peri-implant diseases and conditions. It combines didactic, laboratory, and clinical experiences and applies the biological concepts of periodontology to the comprehensive clinical management of patients.

## Programs

## Professional Program of Study

## Certificate

- Certificate in Periodontics [p. 1267]

## Facilities

The department has 22 modern, well-equipped operatories devoted exclusively to periodontics.

Research facilities include laboratories in histology, microscopy, biomaterials, quantitation, tissue culture, biochemistry and molecular biology, and microbiology. Other facilities are available by arrangement with University of Iowa Hospitals \& Clinics, Eckstein Medical Research Building, and Medical Laboratories.

## Courses

## Periodontics Courses

| PERI:5710 Case Management Seminar | $0-2$ s.h. |
| Case management seminar in periodontics. |  |
| PERI:5720 Current Topics | $0-1$ s.h. |
| Current topics in periodontics. |  |
| PERI:5740 Periodontal Implant Provisionalization | $0-1$ s.h. |
| PERI:5750 Advanced Clinical Periodontics | 0,2 s.h. |

PERI:7208 Recent Advances in Periodontics
Review of current literature.
PERI:7700 Practice Management 1 s.h.
Practice management in periodontics.
PERI:7701 Practice Teaching in Periodontics 1 s.h.
PERI:8120 Fundamentals in Periodontology I 2 s.h.
Normal periodontium, periodontal diseases, diagnosis etiology, epidemiology of periodontal diseases.

PERI:8230 Fundamentals in Periodontology II
Periodontal treatment planning, prognosis, initial phase of periodontal therapy, treatment of acute periodontal problems, overview of surgical procedures.

PERI:8370 Clinical Periodontology
Comprehensive concepts of periodontology and clinical management of patients.

## Periodontics, Professional

## Certificate

## Requirements

The professional Certificate in Periodontics requires 36 months of full-time study, including satisfactory completion of required didactic and clinical courses, satisfactory completion of comprehensive written and oral examinations, and an acceptable literature review or research paper. Opportunities are provided for experience in clinical and basic research.

Students working toward the Certificate in Periodontics must pursue the Master of Science in oral science in conjunction with the certificate; see "Graduate Study" below.
The certificate program provides a sound foundation for the clinical practice of periodontics. It meets all requirements of the American Dental Association's Commission on Dental Accreditation for advanced dental education programs in periodontics. It also meets the educational requirements for application to take board certification examinations of the American Board of Periodontology.

Certificate students must be financially prepared for uninterrupted pursuit of their program of study.

## Graduate Study

Students earning the Certificate in Periodontics must pursue a Master of Science in oral science concurrently while working toward certificate completion. The MS program requires 36 months of fulltime study, including satisfactory completion of required and elective courses, preparation and defense of an acceptable thesis based on original research, and satisfactory completion of comprehensive written and oral examinations. See Oral Science [p. 1258] in the catalog.

## Admission

Applicants to the periodontics certificate program must have a DDS degree or the equivalent and meet the admission requirements of the Graduate College. Visit the College of Dentistry page on the Graduate Office of Admissions website to learn more about applying to the certificate program.

# Preventive and Community Dentistry 

## Interim Head

- John J. Warren

Graduate degree: MS in dental public health
Faculty: https://dentistry.uiowa.edu/directory
Website: https://dentistry.uiowa.edu/pcd
The Department of Preventive and Community Dentistry educates future and practicing dental and oral health professionals, preparing them to understand and recognize:

- conditions that compromise patients;
- social, cultural, community, and political influences on dental practice;
- principles of preventive dentistry for individuals, groups, and communities; and
- considerations for preventing and treating oral disease in geriatric and special needs patients.

In addition to offering educational programs, the department provides patient care at the College of Dentistry and in a variety of off-campus settings. It also is home to research that advances dental public health. The department offers an MS in dental public health and the Certificate in Geriatric and Special Needs Dentistry [p. 1248].

## DDS Student Training

Predoctoral training in preventive, community, and geriatric dentistry is designed to increase Doctor of Dental Surgery students' awareness of preventive dental practices, aspects of dental practices affected by community factors, and care of compromised adult patients.

Community dentistry programs give students opportunities to interact with health care teams and the public in Iowa and around the world. The department conducts off-site community programs statewide, nationwide, and worldwide. It also operates the Geriatric and Special Needs Clinic, which is housed in the Dental Science Building.

Using the community dentistry programs as the classroom, DDS students observe and participate in a variety of activities that nurture their awareness of the societal obligations they must assume in order to become effective practitioners.

## Programs

## Graduate Program of Study

Major

- Master of Science in Dental Public Health [p. 1270]

## Courses

- Preventive and Community Dentistry Courses [p. 1268]
- Dental Public Health Courses [p. 1269]

## Preventive and Community Dentistry Courses

PCD:8115 Clinical Practice and Professionalism I 1 s.h.
Preparation to deliver team-based interprofessional care through authentic lectures and group activities that reinforce interprofessional education (IPE) concepts by providing relevant and applicable health care experience; concepts and skills related to interprofessional education, team-based health care, interprofessional networking, ethics and professionalism, and person-centered care.
PCD:8116 Fundamentals of Preventive Dentistry
Identification of health and disease in the mouth through selfassessment, nutritional self-assessment, practical methods of disease control, primary preventive dentistry methods and materials, and philosophy of preventive dentistry.

PCD:8117 Cariology and Preventive Therapies 2 s.h.
Principles of research design; introduction to microbiology and immunology; principles of oral microbiology with an emphasis on plaque development; microbiology of caries; coronal and root caries disease processes; dental caries epidemiology; roles of saliva and diet in dental health and disease; radiographic interpretation and clinical diagnosis; dental fluorosis; preventive dentistry treatment planning. Prerequisites: PCD:8116.
PCD:8118 Preventive Dentistry Assessment and Patient Care 4 s.h. Patient oral assessment; charting sulcus depth, recession and hard tissues; progress notes, and entries in electronic patient record; preventive dentistry, caries, and periodontal risk assessment; oral hygiene instruction for collegiate recall patients; instrumentation for detection and removal of calculus deposits; practice with patient management skills and ergonomics. Prerequisites: PCD:8116 and PCD:8117.

PCD:8119 Clinical Practice and Professionalism II 1 s.h. Introduction to patient-centered care, interpersonal and professional communication with patient, information exchange, and preventive treatment plan formulation in patient encounters.

PCD:8120 Introduction to Evidence-Based Dentistry I 1 s.h. Fundamental concepts needed to critique clinical research articles and health-related websites.
PCD:8121 Introduction to Evidence-Based Dentistry II 1 s.h. Application of concepts needed to critique scientific literature.
PCD:8218 Critical Thinking and Evidence-Based Dentistry in
Treatment Planning 1 s.h. Continuation of PCD: 8120 ; evidence-based dentistry, critical thinking and treatment planning sessions; online and small group sessions. Prerequisites: PCD:8120.
PCD:8219 Clinical Practice and Professionalism III 1 s.h. Continuation of PCD:8119; assessing patient understanding of practices for improving/maintaining oral health; overview of patient challenges to effective communication; application of behavioral science principles in dentistry and behavior theories. Prerequisites: PCD:8119.

PCD:8245 Clinical Preventive Dentistry 0,2 s.h. Experience providing complete prophylaxis and preventive services for college patients; application of nutrition principles and communication skills in a clinic setting. Prerequisites: PCD:8118.

PCD:8319 Clinical Practice and Professionalism IV
1 s.h.
Continuation of PCD:8219; standardized patient exercises with chairside feedback and evaluation of communication skills; reflection regarding application of communication skills and behavioral science principles in patient encounters.

PCD:8355 Introduction to Geriatric Dentistry
Biological, psychological, and social aspects of aging; normal aging and disease processes associated with aging; pathological changes that affect oral health treatment of dental diseases and patient management. Requirements: DDS enrollment or completion of dental hygiene program.

PCD:8360 The Practice of Dentistry in the Community I 1-2 s.h. Issues related to role of dental professional at local and state levels; students build skills and knowledge in development of a community outreach dental program.

PCD:8361 The Practice of Dentistry in the Community II 1-2 s.h. Factors that affect the practice of dentistry and the dental profession including health care systems in the U.S. and abroad, Medicaid/ Medicare, health/dental insurance, health care delivery systems, malpractice, role of the Iowa Dental Board, dental workforce, and quality of care.
PCD:8489 Geriatrics and Special Needs Program arr.
Experience in the Delta Dental of Iowa Geriatric and Special Needs Clinic and the Geriatric Mobile Dental Unit providing comprehensive care for medically, physically, intellectually, and/or cognitively compromised adults, functionally dependent elderly nursing home residents with portable dental equipment, and other underserved populations.

## PCD:8494 Extramural Rotation in Oral Health 5 s.h.

Dental care for underserved populations; community experiences in a variety of settings including hospital-based clinics, federally qualified health centers, community health centers, and private practices.

## PCD:8500 Dental Student Research Honors Program

Experience in conducting research. Requirements: DDS enrollment and approval of mentor and program director.

## Dental Public Health Courses

DPH:5000 Introduction to Dental Public Health 0,2 s.h.
Science, philosophy, practice of dental public health.
DPH:5001 Literature Review Methods: Dental Public
Health 0,2 s.h.

Concepts and process of literature review, particularly in area of student's interest.
DPH:5005 Administration of Public Dental Programs 0,2 s.h.
Application of general management concepts; practical aspects of planning, financing, staffing, implementing, operating, evaluating dental public health programs at federal, state, local levels.
DPH:5006 Preventive Programs in Dental Public Health 0,2 s.h.
Prevention and control methods for major dental conditions, primarily dental caries and periodontal diseases; clinical efficacy and costeffectiveness; development of comprehensive preventive oral health plan for a community.
DPH:5008 Field Experience in Dental Public Health arr.
Arranged with public and voluntary health agencies according to students' and agencies' needs.

## DPH:5009 Advanced Field Experience in Dental Public Health <br> 1-3 s.h.

Opportunity to research, develop, and implement programmatic objectives with local, state, national, and/or federal agencies and organizations on an issue that is both relevant to the student and the agency; may require off-site visits to agencies or organizations. Prerequisites: DPH:5008.

## DPH:5014 Dental Care Policy and Financing

0,2 s.h.
Dental financing and policy issues: payment mechanisms for health care service providers, third-party prepayment plans, salaried and public-financed programs, Medicaid and Medicare programs, dental insurance systems, and care of the underserved.

2 s.h. DPH:5016 Introduction to Statistical Computing
Use of statistical packages on a personal computer for data management and analysis. Offered summer session.

DPH:5031 Geriatric Care 0,2 s.h.
Aging demographics; effects of aging on the human body with emphasis on the masticatory system; diseases commonly found among the elderly; and dental care for the elderly in different settings.

## DPH:6002 Research Protocol Seminar

0,2 s.h.
Development of a master's thesis protocol; identification of thesis topic, review of relevant literature, development of research methods, writing.

| DPH:6003 Independent Study: Dental Public Health | $\mathbf{1 - 3}$ s.h. |
| :--- | :--- |
| DPH:6004 Principles of Oral Epidemiology | $0-3$ s.h. |

Interpretation of scientific literature, with respect to the distribution and determinants of oral diseases and conditions, including caries, periodontal diseases, tooth loss, oral cancer, and more.
DPH:6011 Thesis: Dental Public Health arr.
Protocol preparation; data collection, analysis, organization; writing, defense of research.
DPH:6017 Teaching Methods and Evaluation arr.
Philosophies of dental education, teaching methodologies, evaluation; focus on learning to write educational objectives, writing and analyzing exam items.
DPH:6018 Clinical Teaching Practicum: Preventive
Dentistry 0-3 s.h.

Teaching experience in preventive dentistry clinic setting with
first-year dental students; outcomes focused on methods in clinical teaching, evaluation, and remediation.
arr.

.

DPH:6003 Independent Study: Dental Public Health 1-3 s.h.
DPH:6004 Principles of Oral Epidemiology 0-3 s.h.
Interpretation of scientific literature, with respect to the distribution

## Dental Public Health, MS

## Learning Outcomes

Students will demonstrate:

- in-depth knowledge of the core concepts of public health, including those within the disciplines of epidemiology, biostatistics, behavioral science, environmental health, and health care policy and management;
- in-depth knowledge of, and the ability to apply, the 10 competencies that define dental public health; manage oral health programs for population health; evaluate systems of care that impact oral health; demonstrate ethical decision-making in the practice of dental public health; design surveillance systems to measure oral health status and its determinants; communicate on oral and public health issues; lead collaborations on oral and public health issues; advocate for public health policy, legislation, and regulations to protect and promote the public's oral health and overall health; critically appraise evidence to address oral and public health issues for individuals and populations; conduct research to address oral and public health problems; integrate the social determinants of health into dental public health practice; and critical thinking skills to develop and complete an evidencedbased research project as part of their master's thesis.

## Requirements

The Master of Science program in dental public health requires 40 s.h. of coursework and is designed to be completed in two academic years of full-time study. Students must maintain a cumulative grade-point average of at least 3.00 to earn the degree.

The program prepares dentists and dental hygienists to be specialists in dental public health. It emphasizes research and requires a research project culminating in the completion and defense of a thesis. Successful dentist graduates meet the educational requirements for eligibility to take the certifying examination of the American Board of Dental Public Health.

## Admission

Applicants must have a DDS degree or equivalent or be a dental hygienist with a baccalaureate degree. They also must meet the admission requirements of the Graduate College and complete the Graduate Record Examination (GRE) General Test.

## Academic Plans

## Sample Plan of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.

a Note: Upon completion of the program, graduates are educationally qualified to take the ABDPH exam and become board-certified in Dental Public Health.
b Students must complete specific requirements in the University of Iowa Graduate College after program admission. Refer to the Graduate College website and the Manual of Rules and Regulations for more information.
c Graduate College program GPA is comprised of all courses that are approved degree requirements. If a student takes more than the minimum required number of semester hours to complete the degree, but all courses taken are eligible to count toward the degree, those courses will be included in the Graduate College program GPA.
d Taken at the end of first year.
e Note: International students who must be enrolled full-time are required to take ORSC:5210 for 2 s.h.; does not count towards degree requirements.
f Work with faculty advisor to choose appropriate graduate elective coursework.
g Thesis defense; may complete during the summer after second year if necessary.

## Prosthodontics

## Head

- Seok Hwan "Aaron" Cho

Professional certificate: prosthodontics
Faculty: https://dentistry.uiowa.edu/directory
Website: https://dentistry.uiowa.edu/departments/prosthodontics
Prosthodontics is the dentistry specialty involving restoring or replacing teeth using crowns, fixed partial dentures (bridges), removable partial dentures, complete dentures, maxillofacial prostheses, and dental implants.

## DDS Student Training

The Department of Prosthodontics instructs Doctor of Dental Surgery students in the basic principles, practices, and concepts of prosthodontics required for the practice of general dentistry. Students learn through laboratory projects and treatment of patients with differing prosthodontic needs.

## Programs

## Professional Program of Study Certificate

- Certificate in Prosthodontics [p. 1274]

## Facilities

Most didactic, clinical, and laboratory instruction and patient treatment takes place in the Department of Prosthodontics, which is located in the Dental Science Building. The building also houses the Doctor of Dental Surgery (DDS) program, training programs in specialties recognized by the American Dental Association, and the Iowa Institute for Oral Health Research.

The college and the department provide supporting technologies that include cone beam CT radiography, implant imaging software, laboratory CAD/CAM (computer-aided design/computer-aided manufacturing) systems, and dental lasers.

Advanced prosthodontic students spend time at University of Iowa Hospitals \& Clinics, where they work closely with medical professionals in other disciplines to treat medically compromised prosthodontic patients and those who require maxillofacial rehabilitation.

## Courses

## Prosthodontics Courses

PROS:5700 Advanced Clinical Prosthodontics
PROS:5710 Advanced Removable Prosthodontic Technique
PROS:5720 Advanced Instrument Technique
PROS:5730 Advanced Implant Techniques
PROS:5740 Advanced Fixed Prosthodontics Technique
PROS:5750 Clinical Issues and Treatment Planning in Prosthodontics

0,2 s.h
0,2 s.h
0-2 s.h
0,2 s.h.

0-1 s.h.

PROS:6220 Fixed Prosthodontics Literature Review I 0-4 s.h. Fixed prosthodontic procedures; assigned readings, discussion of related research.

PROS:6221 Fixed Prosthodontics Literature Review II 0-4 s.h. Porcelain-fused-to-metal and ceramic restorations, color science and esthetics; assigned readings, discussion of related research.
PROS:6222 Implant Literature Review 0-4 s.h. Implant prosthodontics; assigned readings, discussion of related research.

PROS:6223 Occlusion Seminar 0-4 s.h.
Occlusion and the temporomandibular system; assigned readings and discussion of related research.

PROS:6224 Graduate Restorative Materials 0,2 s.h.
Dental materials science; mechanical, physical, and chemical properties of restorative materials; selection and manipulation.

PROS:6225 Complete Denture Literature Review 0-4 s.h. Complete denture prosthodontics; assigned readings, discussion of related research.

PROS:6226 RPD Literature Review 0-4 s.h.
Removable partial denture prosthodontics; assigned readings, discussion of related research.
PROS:6700 Maxillofacial Prosthodontics Seminar 0-1 s.h.
PROS:6710 Dental Implant Surgery for Prosthodontic Residents
arr.
Lecture and literature review covering implant surgery and complications for prosthodontics residents.

## PROS:7700 Maxillofacial Prosthodontics Rotation 0-1 s.h.

PROS:8120 Treatment of Dentulous Patients: Introduction to Occlusion Lecture 1 s.h
Introduction to principles of occlusion and their clinical application.
PROS:8121 Treatment of Dentulous Patients: Introduction to Occlusion Lab
Patient simulation exercises demonstrating principles of occlusion.
PROS:8122 Treatment of Dentulous Patients: Fixed Prosthodontics for Single Anterior Teeth Lecture 1 s.h. Basic principles of fixed prosthodontics for single-unit anterior teeth; basic principles of tooth preparation, clinical steps, and digital procedures for fabrication of anterior single-tooth all-ceramic crowns and interim crowns. Prerequisites: PROS:8120 and PROS:8121.
PROS:8123 Treatment of Dentulous Patients: Fixed Prosthodontics for Single Anterior Teeth Lab

1 s.h.
Patient simulation exercises in single anterior tooth preparation, and fabrication of single-unit anterior all-ceramic and interim restorations. Prerequisites: PROS:8120 and PROS:8121.

PROS:8124 Treatment of Dentulous Patients: Fixed Prosthodontics for Single Posterior Teeth Lecture 1 s.h. Basic biomechanical principles of fixed posterior single tooth prosthodontics; diagnosis and treatment planning for dentate patients including occlusion. Prerequisites: PROS:8120 and PROS:8121 and 0,2 s.h. PROS:8122 and PROS:8123.

PROS:8125 Treatment of Dentulous Patients: Fixed

Prosthodontics for Single Posterior Teeth Lab 1 s.h. Patient simulation exercises in single posterior tooth preparation and laboratory fabrication of single-unit posterior definitive and interim restorations. Prerequisites: PROS:8120 and PROS:8121 and PROS:8122 and PROS:8123.
PROS:8240 Treatment of Partially Edentulous Patients: Fixed Multi-Unit Prosthodontics Lecture

PROS:8241 Treatment of Partially Edentulous Patients: Fixed Multi-Unit Prosthodontics Patient Simulation I 1 s.h. Patient simulation exercises in preparation and fabrication of a threeunit fixed partial dental prosthesis and interim restoration.
PROS:8242 Treatment of Partially Edentulous Patients: Single Tooth Implant Lecture
Principles, clinical steps, materials, and laboratory procedures
necessary for single tooth fixed implant treatment. Prerequisites:
PROS:8240 and PROS:8241.
PROS:8243 Treatment of Partially Edentulous Patients: Single

## Tooth Implant Patient Simulation

Clinical steps in laboratory procedures for single tooth implant surgical guide fabrication and restoration. Prerequisites: PROS:8240 and PROS:8241.
PROS:8244 Treatment of Partially Edentulous Patients: Removable Partial Prosthodontics Lecture 1 s.h.
Basic biomechanical principles of tooth replacement with removable partial prosthodontics; diagnosis and treatment planning for partially edentulous patients. Prerequisites: PROS:8240 and PROS:8241 and PROS:8242 and PROS:8243.

PROS:8245 Treatment of Partially Edentulous Patients:
Removable Partial Prosthodontics Patient Simulation 1 s.h. Laboratory exercises in basic principles, clinical steps, and laboratory procedures necessary for fabrication of removable partial dentures.
Prerequisites: PROS:8240 and PROS:8241 and PROS:8242 and PROS:8243.
PROS:8246 Treatment of Edentulous Patients: Removable Complete Prosthodontics Lecture
Fundamental principles of diagnosis and treatment planning for edentulous patients, surgical and prosthodontic protocols for oral rehabilitation of edentulism. Prerequisites: PROS:8240 and PROS:8241 and PROS:8242 and PROS:8243 and PROS:8244 and PROS:8245.
PROS:8247 Treatment of Edentulous Patients: Removable Complete Prosthodontics Patient Simulation

1 s.h. Laboratory exercises in basic principles, clinical steps, and laboratory procedures necessary for fabrication of complete dentures, including implant over-dentures. Prerequisites: PROS:8240 and PROS:8241 and PROS:8242 and PROS:8243 and PROS:8244 and PROS:8245.
PROS:8360 Prosthodontic Clinic
arr.
Experience supplemented by individual supervision, demonstration.
PROS:8365 Prosthodontic Seminar I
1 s.h.
Application of knowledge in biological, basic sciences, and technique to clinical fixed and removable prosthodontics procedures.

PROS:8366 Prosthodontic Seminar II
1 s.h.
Application of knowledge in biological, basic sciences, and technique to clinical fixed and removable prosthodontics procedures.
PROS:8369 Introduction to Clinical Prosthodontics I 4 s.h.
Introduction to application of knowledge in principal, biological, basic sciences, and techniques to clinical fixed, removable, and implant prosthodontics procedures; clinical prosthodontics experience supplemented by individual supervision, demonstration.
PROS:8370 Introduction to Clinical Prosthodontics 8 s.h. Application of knowledge in principal, biological, basic sciences, and techniques to clinical fixed, removable, and implant prosthodontics procedures; clinical prosthodontics experience supplemented by individual supervision, demonstration.

## Prosthodontics, Professional Certificate

## Requirements

The professional Certificate in Prosthodontics requires a minimum of 36 months of study. Students must maintain a cumulative grade-point average of at least 3.00 to earn the certificate. It prepares individuals for specialty clinical practice in the discipline.
The curriculum includes didactic courses and clinical training in all of the disciplines that make up the broad specialty of prosthodontics, including fixed and removable prosthodontics, digital dentistry, dental implants, and maxillofacial prosthetics. Patient care is completed in close collaboration with the other dental specialties. Clinically related basic science instruction complements the clinical curriculum.

Students working toward the Certificate in Prosthodontics must pursue the Master of Science in oral science in conjunction with the certificate.

The certificate program is accredited by the Commission on Dental Accreditation of the American Dental Association. Successful completion of the program satisfies the formal training requirement for eligibility to take the American Board of Prosthodontics certification examination.

## Graduate Study

The MS program prepares individuals for careers in dental education and research and for independent study and professional growth. Students must prepare and defend a thesis for the MS in oral science based on original research. Facilities and support personnel for research are available through the college's Iowa Institute for Oral Health Research. See the MS in oral science [p. 1259] in the catalog. Successful completion of the MS may allow further PhD study.

## Admission

Applicants must meet the admission requirements of the Graduate College. They must hold a DDS or a DMD degree from a dental school accredited by the American Dental Association or an equivalent degree.
The certificate program begins around July 1 each year. Applications are only made through Match, which places applicants into positions for their first year of training in postdoctoral dental education programs. A personal interview is required for select applicants; selection for an interview is based on qualifications and is by invitation only.

For more information, see the Department of Prosthodontics website.

## Undergraduate major: BA

Undergraduate minors: educational psychology; human relations
Graduate degrees: MA; MAT; MS; EdS; EdD; PhD
Graduate certificates: applied behavior analysis; institutional research and effectiveness; K-12 equity and inclusion; online teaching; talent development

Website: https://education.uiowa.edu/
The University of Iowa College of Education offers more than 80 undergraduate and graduate degree programs, including licensure, endorsements, certificates, and online programs, many of which are regularly ranked among the best in the nation. The college's vision is to be a world-class college of education: leading research, engaging communities, and preparing education and mental health professionals for innovation and impact.
In 1847, Iowa legislators created the State University of Iowa, the state's first public institution of higher education to provide teacher training. More than 175 years later, students from across the state, nation, and globe are drawn to the College of Education, where they can experience the rigor of an R1 research university with a personal touch, a strong sense of community, and Hawkeye pride.

The college also is home to a number of research centers, including the Scanlan Center for School Mental Health, highlighting the college's expertise in school and community mental health counseling. Other areas of expertise include gifted education and talent development, thanks to the Belin-Blank Center, and educational testing and measurement due to the legacy of alumnus E.F. Lindquist. Lindquist created the Iowa Academic Meet, the impetus for the development of the world-renowned Iowa Testing Programs (ITP). Soon after in 1935, ITP experts authored the first Iowa Tests of Basic Skills (renamed Iowa Assessments), which revolutionized test scoring by inventing the first optical scanner, allowing tests to be accurately scored by high-speed equipment rather than by hand. Then in 1959, ITP spun off the most widely accepted college entrance exam to American College Testing Program, Inc., now known as ACT.

The University of Iowa Wildlife Instruction and Leadership Development (UI WILD) joined the College of Education in 2021, bringing a variety of experiential learning opportunities to our students. Students have the unique opportunity to take their learning outside of the classroom. There are opportunities to teach middle school students across Iowa with School of the Wild, take science education to the next level with the Iowa Raptor Project, and work hands-on with youth at Iowa Wildlife camps.

The college has four departments-the departments of Counselor Education [p. 1294], Educational Policy and Leadership Studies [p. 1309], Psychological and Quantitative Foundations [p. 1334], and Teaching and Learning [p. 1362].

## Extramural Education

Through Distance and Online Education, selected College of Education courses are offered at off-campus sites and hours outside the traditional schedule. If taken after formal admission to a specific program, some of these courses may be applied to meet requirements for degrees. Students who plan to complete a degree program should apply for admission to the Graduate College and satisfy all application requirements for the degree program they wish to enter.

Special regulations govern such coursework. Students should obtain prior approval from their program advisor before registering in extramural courses. Students not regularly admitted to the University of Iowa also may register in extramural courses, but credit earned before admission does not count toward residency requirements.

## Honors in Education

The College of Education Honors Opportunity Program is open to sophomores, juniors, and seniors who have maintained a gradepoint average (GPA) of at least 3.50. Students with lower GPAs who have demonstrated research potential also may be accepted, based on the recommendations of faculty and/or staff members and the education honors advisor. Honors Opportunity Program students must take EHOP:4100 Honors Seminar in Education, EHOP:4101 Senior Honors Project, and complete five additional honors experiences. Successful completion of the program results in recognition of the student as a College of Education honors graduate.

## Faculty

All tenure-track faculty members hold earned doctorates in their teaching fields, and many have had teaching or administrative experience in public schools. Several hold joint appointments in the College of Liberal Arts and Sciences.

## Programs

The College of Education offers the following undergraduate degree and programs.

## Degree Program Offered

Bachelor of Arts in Education Studies and Human Relations [p. 1285]
Within the BA in Education Studies and Human Relations, the following subprograms are available.

- Education studies and human relations.
- Education studies and human relations (education studies).
- Education studies and human relations (human relations).

## Department of Teaching and Learning

The College of Education also offers eight undergraduate majors in teacher education licensure areas. Students pursuing any of the undergraduate majors complete a Teacher Education Program (TEP) approved by the State of Iowa through the College of Education. See TEP Licensure [p. 1278] in this section of the catalog. See the Department of Teaching and Learning [p. 1362] in the catalog for details about the majors.
The following programs are available for the BA.

- Art education.
- Elementary education.
- English education.
- Mathematics education
- Music education
- Science education.
- Social studies education.
- World language education.

## Combined BA (Special Education Subprogram)/ MA in Teaching and Learning (Special Education Subprogram)

Bachelor of Arts students interested in pursuing a graduate degree in special education may apply to the combined Bachelor of Arts with a special education subprogram/Master of Arts with a special education subprogram (K-8 instructional strategist I: mild/moderate; nonthesis) offered by the College of Education. Designed for undergraduate students majoring in elementary education who are currently enrolled in the TEP program, the combined program enables students to earn a BA and MA in five years by beginning to earn graduate credit during their last year of undergraduate study and counting up to 12 s.h. of qualifying credit toward both degrees. For more information, see Combined Programs [p. 1381] under the BA in elementary education section of the catalog. Interested students should consult an advisor.

## Minors

The College of Education offers two undergraduate minors for students who wish to be better informed about education and related fields: one in educational psychology and one in human relations, offering students an overview of various educational areas beyond, but supportive of, traditional education programs. The minors may help support students' future career objectives and benefit students in their roles as parents, taxpayers, or future members of local boards of education. View the minor in educational psychology [p. 1342] (Department of Psychological and Quantitative Foundations) and the minor in human relations [p. 1299]
(Department of Counselor Education) in the catalog to learn more.

## Graduate Programs of Study

Graduate study in the College of Education is guided by the policies of the Graduate College, with additional requirements set by the College of Education's faculty. Graduate students in education enroll in the Graduate College and receive their degrees from that college. See the Manual of Rules and Regulations on the Graduate College website.

## Majors

The College of Education offers the following graduate degrees and programs.

## Degree Programs Offered

## Department of Counselor Education

MA and PhD in counselor education; the following programs are available.

- Clinical mental health counseling (offered in the MA).
- Counselor education and supervision (offered in the PhD).
- Rehabilitation counseling program (offered in the MA).
- School counseling (offered in the MA).

## Department of Educational Policy and Leadership Studies

MA, EdD, EdS, and PhD in educational policy and leadership studies; the following programs are available.

- Educational leadership (offered in the MA, EdS, and PhD).
- Higher education (offered in the EdD).
- Higher education and student affairs (offered in the MA, EdS, and PhD ).
- PK-12 administration (offered in the EdD).

## Department of Psychological and Quantitative Foundations

$\mathrm{MA}, \mathrm{EdS}$, and PhD in psychological and quantitative foundations; the following programs are available.

- Counseling psychology (offered in the PhD).
- Couple and family therapy (offered in the PhD)
- Educational measurement and statistics (offered in the MA and PhD ).
- Learning sciences and educational psychology (offered in the MA and PhD ).
- School psychology (offered in the EdS and PhD).

## Department of Teaching and Learning

MA, MAT, MS, and PhD in teaching and learning; the following programs are available.

- Art education (offered in the MA and MAT).
- English education (offered in the MA and MAT).
- Literacy, culture, and language education (offered in the PhD).
- Mathematics education (offered in the MA, MAT, and PhD).
- Multilingual education (offered in the MA).
- Science education (offered in the MS, MAT, and PhD).
- Social studies education (offered in the MA and MAT).
- Special education (offered in the MA and PhD).
- STEM education (offered in the MS).
- Teaching, leadership and cultural competency (offered in the MA).
- World language education (offered in the MAT).

## Master of Arts

The College of Education offers a Master of Arts. Some of the college's MA programs are offered with thesis as well as without thesis. Nonthesis programs usually provide more specialized coursework than do thesis programs. Although a nonthesis program is not necessarily terminal, students who expect to continue their studies in a doctoral program are urged to select a thesis program in order to gain more experience in research procedures. Students who complete a nonthesis MA and are admitted to a PhD program may be asked to submit evidence of writing and research skills to their advisor or department during the early part of their doctoral program. For information about programs that offer a thesis option, see the program descriptions under "Graduate Programs of Study" in College of Education department sections of the catalog.

Coursework completed more than 10 years before the session in which the degree is to be conferred must be evaluated to determine how much credit may be accepted toward the degree requirements. Students must earn at least 24 s.h. in University of Iowa courses after formal admission to a master's degree.

## Master of Arts in Teaching

The MAT program is designed for academically superior liberal arts and sciences graduates who completed few or no professional education courses in their undergraduate programs. It is a nonthesis program with requirements that range from $45 \mathrm{~s} . \mathrm{h}$. to $67 \mathrm{~s} . \mathrm{h}$. of credit. See the MAT in teaching and learning [p. 1416] in the catalog.

The program leads to a master's degree and licensure as a secondary teacher in the fields of art, English, foreign languages, mathematics, science education, and social studies education. Admission to the program requires a grade-point average (GPA) of at least 3.00 in
undergraduate coursework. The program includes 18 s.h. of graduate coursework in the student's teaching field. Students must complete a minimum of 20 s.h. of graduate work in education to satisfy licensure requirements.

## Combined BA/MAT (Science Education Subprogram)

Bachelor of Arts students interested in pursuing a graduate degree in teaching may apply to the combined Bachelor of Arts/Master of Arts in Teaching with a science education subprogram offered by the College of Liberal Arts and Sciences and the College of Education. The MAT with a science education subprogram is open to any undergraduate student majoring in the sciences, but draws most typically from students in the following majors: biology, chemistry, environmental sciences, geoscience, mathematics, or physics. The combined program enables students to earn a BA and MAT in five years by beginning to earn graduate credit during their fourth year of undergraduate study and by counting up to 19 s.h. of qualifying credit toward both degrees. For more information, see "Combined BA/MAT" under Science Education [p. 1418] in the Master of Arts in Teaching, MAT section of the catalog. Interested students should consult an advisor.

## Master of Science

The College of Education offers a Master of Science in teaching and learning with a science education subprogram. The degree requirements are similar to those for a Master of Arts. It also offers the Master of Science in teaching and learning with a STEM education subprogram.

## Specialist in Education

The EdS is granted upon completion of a prescribed two-year postbaccalaureate program designed for students preparing for professional work in fields such as administration and supervision, and special services. Of the minimum 60 s.h. required for the degree, 28 s.h. must be in the specialization area; the rest may be earned in cognate fields, supervised experience, research, and elective courses. The research must culminate in a written report.

Other requirements for the EdS are the same as for the master's degree, except that an EdS requires students to complete 30 s.h. of resident work on campus after admission to the program. Coursework completed 10 years before the final examination must be evaluated to determine the amount of credit that may be accepted toward program requirements.
Not all programs offer an EdS degree. For a list of programs and degrees offered, see "Graduate Programs of Study" above.

## Doctor of Education

The EdD is designed for educators seeking a terminal doctoral degree to practice upper-level leadership in $\mathrm{PK}-20$ educational settings. Based on the scholar-practitioner model, the EdD differs from the PhD in that it allows for a more practical-based approach, grounded in problem-based learning pedagogy, to use and perform applied research in educational settings. EdD students must complete 75 s.h. post-baccalaureate, with at least 27 s.h. completed at the University of Iowa after formal program admission. Students are expected to already have a related master's degree when admitted to the program and to have been practicing in education for a minimum of three years. Up to 36 s.h. may be transferred from the previous graduate degree for elective credit toward the 75 s.h. to earn the EdD degree.

## Doctor of Philosophy

The PhD is the most advanced academic degree. It is conferred upon students who have demonstrated superior scholarship and mastery of research skills in coursework as well as in the preparation and defense
of a dissertation. PhD students must complete at least 39 s.h. while registered in the University of Iowa Graduate College and after formal program admission.

## Certificates

The Certificate in Applied Behavior Analysis requires 21 s.h. of graduate credit. The certificate program is open to students enrolled in University of Iowa graduate degree programs and to individuals who are enrolled in the Graduate College as nondegree students. The purpose of the certificate is to provide professionals who have a background in education, psychology, and related services with expertise in behavior intervention and intensive educational interventions. Students who complete the program are eligible for national certification as board-certified behavior analysts. To learn more or apply, see the Certificate in Applied Behavior Analysis [p. 1293] in the catalog.
The Certificate in College Teaching requires 12 s.h. of graduate credit. The certificate program is open to all University of Iowa students working toward a PhD or other terminal graduate degree. The certificate program complements discipline-oriented graduate programs and prepares students for careers in postsecondary education. It requires coursework, supervised teaching experience, and preparation of a teaching portfolio. To learn more or to apply, see the Certificate in College Teaching [p. 1633] (Graduate College) in the catalog.
The Certificate in Institutional Research and Effectiveness (IRE) requires $15 \mathrm{~s} . \mathrm{h}$. of graduate credit and is offered with hybrid and conventional courses. The certificate program prepares professionals to use data for institutional decision-making, reporting, and accountability in higher education and $\mathrm{K}-12$ contexts. This certificate amends and complements students' competence in other areas (business affairs, information technology, student affairs, and development, among other areas) to prepare them with the skills and capabilities to use data for educational improvement, accountability, quality, and equity. To learn more or apply, see the Certificate in Institutional Research and Effectiveness [p. 1329] in the catalog.
The Certificate in K-12 Equity and Inclusion requires 12 s.h. of graduate credit and is offered with hybrid and conventional courses. The certificate program offers educational professionals or nondegreeseeking students currently working in $\mathrm{K}-12$ schools, districts, and area education agencies expertise in equity and inclusion to better support the needs and interests of a diversifying $\mathrm{K}-12$ student population. To learn more or apply, see the Certificate in K-12 Equity and Inclusion [p. 1331] in the catalog.
The Certificate in Online Teaching requires 12 s.h. of graduate credit and is offered completely online. The certificate program is open to students enrolled in University of Iowa graduate degree programs and to individuals who are enrolled in the Graduate College as nondegree students. The certificate program develops students' skills in using technology to solve instructional problems associated with distance and time. The certificate's online format uses the techniques and approaches that the program teaches. To learn more or apply, see the Certificate in Online Teaching [p. 1333] in the catalog.

The Certificate in Talent Development requires 14 s.h. of graduate credit. The certificate is open to students enrolled in University of Iowa graduate degree programs and to individuals who are enrolled in the Graduate College as nondegree students. The purpose of the certificate is to increase the understanding of talented individuals, the process of talent development and the creative process, and prepare advocates for talented individuals. In addition to coursework, students design a culminating original project aligned with a career objective or personal interest. Students may use the coursework embedded in the certificate to apply to the State of Iowa Gifted and Talented teaching endorsement. To learn more or apply, see the Certificate in Talent Development [p. 1360] in the catalog.

## Professional Improvement

Students who are interested in taking courses as nondegree students should apply for nondegree status to the Graduate College. They can then be admitted by a department on a nondegree basis by contacting the department. Students must be admitted to a department in order to complete a program objective such as teacher licensure.

## TEP/Licensure

## Teacher Education Programs (TEP) and Student Teaching

The College of Education offers a Teacher Education Program (TEP) that includes preparation for teaching in elementary education (teaching kindergarten through grade 6 or grade 8 ); and secondary education (teaching one or more subjects in grades 5 through 12). Secondary teacher education is offered in art education, English education, mathematics education, music education, science education, social studies education, and world language education. Two secondary education programs, art education and music education, are preparation for teaching kindergarten through grade 12. Preparation for special education teaching is offered primarily as a master's degree program, but undergraduate students in the elementary education major may complete a special education endorsement for teaching elementary school students with mild or moderate disabilities. In cooperation with the School of Library and Information Science [p. 1662], the college offers graduate-level preparation for school teacher librarians.

Preparation is available for teaching additional subjects; see "Added Endorsements" below.

The College of Education awards Bachelor of Arts undergraduate majors in elementary education and seven other majors. Majors in art education, English education, mathematics education, music education, science education, social studies education, and world language education require a corequisite content major from the College of Liberal Arts and Sciences. See the Department of Teaching and Learning section of the catalog for details about these majors. The majors require admission to the TEP.
Individuals with a previous bachelor's degree or a more advanced degree also may complete a TEP. See "Graduate and Postbaccalaureate Admission to TEP" below and the Department of Teaching and Learning section of the catalog.
The Office of Student Services provides information on TEP; offers assistance with admission, student field experiences, and teacher licensure/certification; and serves as a liaison with other university units and external agencies. For more information, visit the Office of Student Services website.

## Admission to the Teacher Education Program

Admission to a TEP is required in order to register for most TEP courses, to participate in field experiences/practicums, and to student teach.

## Elementary Education

First-year undergraduate applicants to the bachelor of arts major in elementary education are admitted to the major and the College of Education upon acceptance to the University of Iowa. These students complete TEP application requirements as a part of their first two semesters of coursework. Transfer students from outside the University of Iowa who wish to pursue the elementary education major or current University of Iowa students who wish to change their major to elementary education should contact the Office of Student Services for TEP application requirements and procedures.

## Secondary and K-12 Teacher Education Programs

Undergraduate applicants to the University of Iowa who wish to become teachers in secondary education apply for a College of Liberal Arts and Sciences major in the subject they would like to teach. They also may indicate secondary education interest on their application.
Requirements for admission to the TEP include admission to the University of Iowa, a minimum of 30 s.h. of college credit, and a preadmission school field experience. Some programs have additional requirements. Complete application requirements and procedures can be found on the Office of Student Services website. TEP applications are submitted through a web application, Tk20 (Watermark).
For secondary and K-12 programs, admission to the TEP is selective and is based on a faculty review of academic achievement as reflected in grade-point average (GPA), aptitude as reflected by recommendations and personal statements, and the ability of the given program area to provide quality instruction and clinical and field experiences. Meeting the minimum criteria does not ensure program admission.
Students are encouraged to submit complete applications for timely advising and registration by the priority application deadlines of March 1 for the fall semester or Oct. 1 for the spring semester. Applications are accepted on a rolling basis until Dec. 1 for the spring semester or May 1 for the fall semester. Some program areas may reach capacity for acceptance before the final deadlines. Applicants are notified of admission decisions by email following faculty review.

## Direct Admission to Music Education

The College of Education offers early admission into the K-12 music education TEP. First-year students who, upon graduation from high school, have a high school GPA of 3.00 or higher and have been accepted into a music studio are directly admitted into the $\mathrm{K}-12$ music education TEP. This admission is conditional until the minimum admission requirements are complete. The requirements include admission to the School of Music, completion of an essay of 500 words or less on why the applicant wishes to be a music teacher, and completion of a 10 -hour preadmission school field experience.

## Graduate and Postbaccalaureate Admission to the TEP

Students with a previous bachelor's degree or more advanced degree may be admitted to a TEP as graduate or undergraduate students, and may have the option to pursue an additional undergraduate or graduate degree or to pursue the TEP as a nondegree student. See the Department of Teaching and Learning [p. 1362] for degree program options. Students must apply to the TEP through the web application, Tk20 (Watermark), and to the University of Iowa through the Office of Admissions. Application information is available from the Office of Student Services. Graduate applicants must be eligible for admission to the Graduate College, which requires a GPA of at least 3.00 in all previous college coursework. See the Graduate Admissions website. Undergraduate applicants must meet the general requirements for undergraduate admission to the University of Iowa; see the Undergraduate Admissions website.

## TEP Academic and Professional Standards

Students in the TEP must meet GPA requirements and maintain appropriate professional dispositions each semester. Students who do not meet the requirements are placed on probation; those who fail to meet the requirements in a successive semester may be removed from the TEP or denied admission to student teaching. For more information on standards and policies, consult the Office of Student Services.

## InTASC Standards-Based Assessments

Once admitted to the TEP, progress toward meeting professional standards is documented on Tk20 (Watermark), a web-based assessment system. Throughout the program, students submit assignments designated by their respective program area for standards-based scoring on rubrics in common across all program areas.

## Teacher Leader Certificate Professional Development Program

Teachers from the University of Iowa are distinguished by their preparation with world-class faculty researchers and clinical practitioners and a one-of-a-kind professional development program that highlights contemporary issues in 21st-century education, the Teacher Leader Certificate. The Teacher Leader Certificate is not a teaching license or a university recognition but it supplements the TEP courses, practicums, and student teaching requirements with a series of competencies and experiences offered through intensive and innovative workshops and 10 hours of volunteer work in an education setting. All TEP students are required to complete the requirements of the certificate prior to their student teaching semester.
The Teacher Leader Certificate is supported by the Baker Teacher Leader Center (Baker TLC). The Baker TLC also supports the College of Education's Global Education Initiatives, Student to Teacher Pathway Programs, and provides professional development programs for in-service teachers and other school professionals.

## Student Teaching

The final phase of the TEP is the professional semester, devoted to supervised student teaching and directed observation in a variety of situations. All coursework in education, for the major, and for the degree must be completed before the student teaching semester. The student teaching semester is a full-time, all-day experience with a full registration, typically a 15 s.h. enrollment. Student teachers are expected to follow the calendar of the district in which they are placed; breaks may not align with the University of Iowa semester calendar. Transfer credit may not be used to satisfy the student teaching requirement.

Faculty members, professional staff, and advanced graduate students who are experienced teachers serve as supervisors. Periodic seminars provide for discussion and evaluation of student teacher experiences.
To be admitted to the student teaching semester, students submit their application to the Office of Student Services. Student teaching applications are due the calendar year before the student teaching semester: by Nov. 15 for student teaching the following fall semester and by April 15 for student teaching the following spring semester.
Admission to student teaching requires faculty approval based on grade-point average requirements and appropriate professional dispositions. For more information, contact the Office of Student Services.

## Placement Options

Student teaching placements typically are in schools within a 60-70 mile radius of Iowa City, referred to as local placements. Placements also may be available in some school districts in other parts of Iowa, the Midwest region, urban districts in other parts of the United States, and international settings. These placements are referred to as special sites. Special site placements have higher grade-point average requirements and expectations for appropriate professional dispositions.
International student teaching experiences are available primarily through Global Gateway for Teachers, an Indiana University Program working in collaboration with the University of Iowa. International sites vary, depending on available placements and international
conditions, but have included Australia, China, Costa Rica, Ecuador, England and Wales, Greece, India, Ireland, Italy, Japan, New Zealand, Norway, Russian Federation, Scotland, Spain, and Tanzania. In most locations, students are assisted with housing by an on-site coordinator.
International assignments are for eight weeks. Students complete an eight-week assignment in a local placement or another special site placement followed by an eight-week assignment in an international placement. Secondary education students in some program areas (for instance, English education) are required to complete a full semester of student teaching in the United States before student teaching at an international site.

For more information about international student teaching options, see Student Teaching and Classroom Experience on the College of Education website.

## Course Substitutions

Students who have completed courses that they wish to substitute for program requirements should consult with their advisors.

Community college human relations courses are not accepted as substitutes for EPLS:4180 Human Relations for the Classroom Teacher.

## Teacher Licensure/Certification

The Iowa Board of Educational Examiners issues teacher, support service, and administrator licenses on the recommendation of Iowa colleges and universities whose programs have been approved by the Iowa Department of Education. All University of Iowa preparation programs have Iowa Department of Education approval.
Licensure/certification requirements across the nation are subject to change. Students who plan to seek employment in a state other than Iowa should make every effort to be informed about current requirements in that state. Generally, students who apply out-of-state should first secure Iowa licensure.
To be recommended by the University of Iowa, applicants must complete all requirements of the appropriate approved program. A minimum of 20 s.h. of coursework applied to meet program requirements must be earned at the University of Iowa.
In the State of Iowa, applicants must be at least 21 years old to be granted a teaching license. The Iowa Board of Educational Examiners requires a national criminal history background check, an Iowa Division of Criminal Investigation background check, and registries and records check for all new applicants for Iowa licensure. Disqualifying criminal convictions and founded child abuse are set out in Iowa Code 272.2 and Iowa Administrative Code 282-25.
The College of Education Office of Student Services provides instructions on application for licenses, fingerprinting procedures, and licensure/certification assistance to all students completing approved programs offered by the college. It also provides assistance to inservice teachers and other school professionals who are interested in adding endorsements to their Iowa license based on completion of State of Iowa minimum licensure requirements.

## Added Endorsements

Current TEP students and in-service teachers may prepare for teaching additional subjects through added endorsement programs and courses.
Most added endorsements for kindergarten through 8th grade ( $\mathrm{K}-8$ ) are intended for TEP students and in-service teachers in elementary education. See the BA in elementary education [p. 1378] for these added endorsements. Other endorsements, including most secondary (grades 5-12) endorsements for which the University of Iowa offers a TEP, also can be available to elementary, secondary, or K-12 TEP students and teachers as added endorsements.

Preparation is offered for these added endorsements:

- Grades 5-8 middle school (language arts, mathematics, science, and/or social studies)
- Grades 5-12 reading
- K-12 athletic coach
- K-12 dyslexia specialist
- K-12 English as a second language (ESL)
- PK-12 talented and gifted

For additional information contact an academic advisor or licensure staff in the Office of Student Services.

## Resources

## Baker Teacher Leader Center

The Baker Teacher Leader Center (Baker TLC) develops, supports, and facilitates a variety of professional development opportunities for students, faculty, staff, and community members affiliated with the College of Education.
The Baker TLC manages the Teacher Leader Certificate, a valueadded professional development certificate that provides students in the Teacher Education Program (TEP) opportunities to engage with innovative educational topics aimed toward developing their identities as emerging teacher leaders.

The Baker TLC operates a teacher licensure renewal credit program, offering relevant research and evidence-based professional development to practicing Iowa teachers. Professional development offered through the Baker TLC is aligned with needs identified by the Teacher Education Advisory Committee, through survey responses received from school administrators, policy leaders, faculty, and from information and data received from the Iowa Department of Education and professional education organizations such as the Iowa Association of Colleges for Teacher Education (IACTE), the American Association of Colleges for Teacher Education (AACTE), the National Education Association (NEA), and community partners.
The Global Education Initiatives program through the Baker TLC offers experiential learning courses and experiences around the globe to support ongoing global engagement of the College of Education community. There are a variety of programs, including those involving student mobility for travel and study abroad and at a distance domestically. Through these experiences, students better understand who they are in the world, can forge new relationships built on mutual goals of peace and equity, and can bring their experiences in the world to their classrooms and future work as educators, helping professionals, counselors, and clinical practitioners.
The Student to Teacher Pathway Programs through Baker TLC demonstrate the College of Education's commitment to supporting the recruitment and retention of underrepresented populations in the educator and professional workforce. Programming is made possible through wide-ranging partnerships with schools, agencies, and professional associations, and with campus partners such as the UI Department of Athletics. Students at a variety of educational levels can engage with programming opportunities to excel, find community, and engage their career and professional interests.

## Belin-Blank Center for Gifted Education and Talent Development

Located in the Blank Honors Center, the Connie Belin and Jacqueline N. Blank International Center for Gifted Education and Talent Development conducts research, training, and service in gifted education and disseminates information on the education of gifted students. Professional development opportunities include the BelinBlank Fellowship Program in Gifted Education, practicum and
internship experiences, and coursework in gifted education (including coursework for the State of Iowa Talented and Gifted Endorsement).
Precollege student programs include Invent Iowa, Scholastic Art and Writing Awards, above-level testing for students in grades $3-$ 9 , precollege summer and academic year programs for high-ability students in grades 2-11, and the Iowa Online Advanced Placement Academy.
Other services include the Wallace Assessment and Counseling Clinic, which specializes in twice-exceptionality; and the Acceleration Institute, which is dedicated to the study of curricular acceleration for academically talented children. The center also administers the Bucksbaum Early Entrance STEAM Academy, a highly selective early-entrance program for students who have completed their sophomore or junior year in high school and are ready to enroll as fulltime University of Iowa Honors students.

For more information, contact the Belin-Blank Center.

## Blommers Measurement Resources Library

The Paul Blommers Measurement Resources Library maintains a noncirculating archival collection of books, journals, research reports, and reference materials related to educational and psychological measurement, testing, assessment, and evaluation, as well as an extensive, noncirculating collection of published and unpublished tests. The library supports the teaching and research needs of faculty, staff, and students at the University of Iowa, primarily serving the College of Education through consultation and special access.

## Center for Advanced Studies in Measurement and Assessment

The Center for Advanced Studies in Measurement and Assessment (CASMA) pursues interdisciplinary research-based initiatives that lead to advances in the methods and practice of educational measurement and assessment. CASMA performs, promotes, fosters, and disseminates research in measurement and psychometric methodologies that respond to contemporary needs and initiatives in testing.
The center devotes considerable resources to research on equating/ scaling/linking, generalizability theory, diagnostic classification models, Bayesian psychometric techniques, computerized adaptive testing, multilevel modeling, research synthesis, meta-analytic methods, and causal inference. It also offers workshops and training sessions on those topics. Extensive free suites of computer programs are available on the CASMA website. The site also features research reports and technical notes on measurement and statistics topics.

## Center for Evaluation and Assessment

The Center for Evaluation and Assessment (CEA) provides third-party program evaluation, assessment, and other research services to a broad range of clients working in multiple programmatic areas. The center's mission is to provide high quality program evaluation and research services to support data-driven decision-making, to train graduate students, and to advance evaluation theory and practice.

## Center for Research on Undergraduate Education

The Center for Research on Undergraduate Education (CRUE) is dedicated to the study of undergraduate education in the United States and beyond. This rigorous research explores various topics, with an emphasis on understanding dynamics and improving equity within college experiences, environments, interventions, and outcomes.

## College of Education Writing Resource

The College of Education Writing Resource provides academic writing support for graduate students at the College of Education. Students sign up to work collaboratively with a writing tutor throughout the composing process-from conceptualizing ideas to polishing and publishing/finalizing the paper. The mission is to facilitate each student's individual growth as a writer and to foster a collaborative writing community. Services are free to graduate students in the College of Education.

## Cooperating Schools Program

The Cooperating Schools Program (CSP) is a university-wide service that facilitates placement of research projects and servicelearning projects conducted by faculty, staff, and students in public schools throughout Iowa. The program provides information to help researchers obtain permission to conduct research in Iowa schools. The Cooperating Schools Program was instituted at the request of school administrators charged with the responsibility of approving research projects in their schools.

## Education Technology Center

The Education Technology Center (ETC) provides computer services to College of Education faculty, staff, and students. In addition to technical support and internet access, services include collegiate file and application servers; standard office tools; specialized applications such as media production tools and qualitative and quantitative analysis programs; secure folders and directories; electronic mailing lists for faculty, staff, and student groups; and digital signage (kiosks). The Education Technology Center also provides faculty with instructional technology support for courses, including online teaching and media production tools such as ICON and UICapture/Panopto.

SMART Boards and wireless access are available throughout the college. Every classroom and conference room has a digital presentation system and videoconferencing capabilities. Faculty, staff, and students can reserve and check out wireless laptops, web cameras, computer projectors, digital audio recorders, digital video cameras, iPads, robots, a podcasting studio, and other devices from the center. In all, the College of Education supports more than 850 computers, laptops, PDAs, and smartphones as well as 20 digital signs, 20 SMART Boards, and six servers.

## Grants and Research Services Center

The Grants and Research Services Center (GRSC) works with faculty, staff, and students to ensure success across the full life cycle of grant development and management. GRSC staff members offer expertise and services in identifying internal and external sources of funding, budget development, pre- and post-award management, and research design and methods. The college also provides limited funds for faculty research, professional development, and travel.

## Institute on Disability and Rehabilitation Ethics

The Institute on Disability and Rehabilitation Ethics (IDARE) is a cross-disciplinary, cross-institutional online community of scholars. Its goal is to use research, education, and consultation to improve the quality of ethical practice experienced by people with disabilities who receive services from rehabilitation, health, mental health, and social service professionals. IDARE works to influence disability policy and practice development nationally and locally and to influence professional organizations' consideration of ethical issues that affect people with disabilities and other marginalized populations.

## Iowa Supports Education and Resources for Veterans and Enlisted

Iowa Supports Education and Resources for Veterans and Enlisted (I-SERVE) was created to help facilitate successful transitions for veterans and enlisted service members into higher education at the University of Iowa. I-SERVE is located in the Teacher Leader Center, on the first floor of the north side of Lindquist Center. The center assists veterans with accessing benefits, the application process, completing coursework, preparing for and searching for jobs, and achieving overall career success. I-SERVE also offers educational consultation, workshops, special programs, and presentations that enhance knowledge, skills, and attitudes of teachers and other professionals who work with veterans, military children, and families.

## Iowa Testing Programs

Iowa Testing Programs (ITP) provides assessment expertise to schools in the state of Iowa and consultation to the Iowa Department of Education and area education agencies. Its faculty and staff develop standardized educational tests, such as the widely used Iowa Assessments, for use in elementary and secondary schools worldwide, and the Iowa Statewide Assessment of Student Progress, for use in the state of Iowa for summative assessment. Iowa Testing Programs also conducts research studies in educational measurement, publishes the results of these studies, sponsors lectures and symposia, provides consulting and in-service training to educators and school systems, and provides training experience and financial support for graduate students in educational measurement, statistics, and evaluation.

## Libraries

University of Iowa Libraries provides a wide variety of resources in print and online. Course reserve materials are available at the Main Library. An education librarian is available to help students with their research projects and assist faculty members and teaching assistants with their research and instructional needs.

## Office of Graduate Teaching Excellence

The Office of Graduate Teaching Excellence (OGTE) is dedicated to excellence in college teaching and the preparation of future faculty. The office facilitates opportunities for research, teaching, and service. Through the Iowa Education Fellows Program (i-fellows), OGTE develops and conducts workshops and seminars that address the developmental needs of College of Education doctoral students, from their first semester on campus through the completion of their degrees. The office also guides students through the process of earning the graduate Certificate in College Teaching (Graduate College).

## Office of Student Services

The Office of Student Services assists students, faculty, staff, and the general public in graduate and undergraduate admission, undergraduate advising, recruitment for the Teacher Education Program (TEP) and undergraduate programs, Graduate College examinations, student field experiences, and teacher licensure/ certification. It also serves as a liaison with other university units, including the Graduate College, the College of Liberal Arts and Sciences, the Office of Admissions, and the Office of the Registrar, and with external agencies, including the Iowa Department of Education, out-of-state teacher licensure/certification departments, and school district personnel in Iowa and outside of the state. A variety of applications and information materials are available at the office and on its website.

## Scanlan Center for School Mental Health

The purpose of the Scanlan Center for School Mental Health is to provide social, emotional, behavioral, and psychological services to all of Iowa's schools, not only to aid in COVID-19 recovery, but to build state capacity for immediate and future delivery of mental health supports across the state. The center brings together educational partners, policymakers, and mental health professionals to serve as Iowa's hub for research-to-practice related to school mental health. Through cross-disciplinary collaboration, the center specializes in professional development, research, training of future professionals, clinical services, and higher education programming.

## Wildlife Instruction and Leadership Development

Wildlife Instruction and Leadership Development (UI WILD) includes the Iowa Raptor Project, Iowa Wildlife Camps, and School of the Wild programs. Each program has a unique educational focus, but a shared commitment to awaken awareness, nurture appreciation, and inspire action for all things wild in program participants. The Iowa Raptor Project (founded in 1985) is dedicated to the conservation of birds of prey and their habitats through live raptor education programming and research. The Iowa Wildlife Camps (founded in 1991) provide weeklong conservation education programming for campers from preschool through high school during winter, spring, and summer breaks. The accredited and multidisciplinary School of the Wild (founded in 1998) offers weeklong experiences in the wild for participating schools introducing students from all backgrounds to the woodlands, wetlands, and prairies of Iowa. The UI WILD programs are centered at the university's Macbride Nature Recreation Area, but are growing throughout Iowa, and provide many educational opportunities for College of Education students including volunteer roles, internships, camp instructor positions, practicum experiences, and student teaching opportunities.

## Financial Support

College of Education students may be eligible for scholarships, awards, or graduate assistantships. Information about financial support for students is available; visit Scholarships on the college's website. The college posts a list of assistantships on its website; visit Graduate Student Life on the college's website.

The Graduate Record Exam (GRE) General Test is currently not required for graduate assistantships, teaching assistantships, or research assistantships in the College of Education.

Students interested in employment opportunities in the college's support units and special resources should contact the director of each facility and indicate their interests, their academic and experience records, and their career or degree goals at the University of Iowa.

## Graduate Assistantships

Individual academic programs provide opportunities for teaching, research, or service assistantships as well as for fellowships and related employment opportunities. Inquiries should be addressed to the chair of the department or the director of the program in which students believe they can provide service or achieve an outstanding academic record. Assistantship appointments are usually, but not always, made by the program area.

## Special Graduate Research Assistantships in Education

The Iowa Testing Programs provides funds to support a limited number of special graduate assistantships in education, in which students do research work under the direction of a faculty member of their choice. Students must be enrolled for at least 6 s.h. but not more than 12 s.h. per semester; assistantships are for the academic year and are renewable for a limited number of years. Students admitted to or pursuing any advanced degree program offered by the College of Education are eligible to apply, provided they are committed to a professional career in the United States.
Applicants must submit transcripts of all completed college work (undergraduate and graduate), recommendation forms specific to the assistantship, and scores on the Graduate Record Exam (GRE) General Test. For assistantship application forms, contact the Iowa Testing Programs directors. Application deadline is late February.

## Scholarships and Awards

The College of Education presents many scholarships funded by our generous donors. Students apply through the College of Education scholarships website.

## Albert and Martha Ruffalo First Generation Education

Scholarship: presented to deserving students in the College of Education who are first-generation college students.

Albert Hieronymus and Family Scholarship: presented to a graduate student with experience and an interest in research or innovation to improve the field of education.
Albert Hood Promising Scholar Award: presented to a doctoral student in the Department of Counselor Education and a student in the higher education and student affairs program with an approved prospectus.

Alice and Kendall Atkinson Scholarship: presented to students who are majoring in music education with a passion for community outreach and engagement.

Ann Ramsey and Richard E. Posey Scholarship: presented to a student who is a junior pursuing a career in teaching or education.

Barry Bratton Memorial Award: presented to graduate students who have completed coursework that reflects a commitment to the systematic design and improvement of instructional processes and materials.

Betty Piercy Award: presented to a deserving student in the field of reading.
Beulah A. and Robert L. Darrow Scholarship: presented to deserving students in the College of Education.
Blommers-Hieronymus-Feldt Fellowship: presented to doctoral students in educational measurement and statistics.
C. Esco Obermann Memorial Scholarship: presented to a deserving student pursuing a degree in rehabilitation counseling.
Carol M. and Ed Stenson Scholarship in Education: presented to undergraduate students pursuing a special education certification or degree in general teacher education who exhibit both financial need and academic merit.

Charlotte and Ruby Junge Scholarship: presented to undergraduate or graduate students in elementary or secondary education who will be student teaching for a full semester.

Daniel G. Loetscher Memorial Science Education Scholarship:
presented to students pursuing secondary education with an emphasis
in the sciences, with preference given to those pursuing an emphasis in chemistry.

David and Connie Belin Honors Award: presented to graduating seniors who have completed all requirements for the Honors Opportunity Program.

David and Sheila Bennett English Education Scholarship: presented to students majoring in English with the intention of pursuing a degree in the English education program within the Department of Teaching and Learning.
Debra Clausen Memorial Scholarship: presented to a graduate student in the College of Education who will work at the Hospital School (now the Center for Disabilities and Development) to evaluate and develop learning programs for students with mental disabilities, including Down Syndrome, or to students pursuing careers in special education.

Dieckmann, Renken, Rockway Scholarship: presented to a student pursuing a PhD in science education with secondary preference to a graduate student in science education.
Dr. Bettye M. Caldwell and Dr. Fred T. Caldwell Scholarship: presented to undergraduate students interested in pursuing careers in early childhood development, including the fields of education, sociology, psychology, and other related academic programs.
Dr. James Blanche Graduate Student Fellowship Fund: to be used to support graduate student fellowships within the Department of Educational Policy and Leadership Studies.

Dr. Mary Agnella Gunn Memorial Scholarship: presented to worthy undergraduate or graduate students in education.

Drs. Andrew and Jeanne Stevenson Scholarship: presented to students in the College of Education with preference to students studying science education who plan to one day teach science education.
Duane D. Anderson Memorial Scholarship: awarded to a transfer student from an Iowa community college who is currently enrolled in a program in the College of Education.

Edgar M. and Evelyn Benzler Tanruther Scholarship: presented to undergraduate and/or graduate students in elementary education.

Emily C. Wagner Scholarship: presented to an undergraduate student in secondary education with an English education teaching major who will be student teaching in the academic year following the award. The student must be an Iowa resident, have a grade-point average of at least 3.00 , and demonstrate financial need.

Emma E. Holmes Education Scholarship: presented to an outstanding undergraduate or graduate student in any program in the College of Education; based on merit and need, the recipient must be a U.S. citizen with first preference for a student in the top $20 \%$ of their class; second preference for a student with demonstrated financial need.
Ernest L. and Janet M. Yeakey Education Scholarship: presented to a deserving student in the College of Education with preference given to a student who is from the state of Iowa and pursuing math education.

Ernest T. Pascarella Military Veteran Promise Award: presented to a graduate student veteran in the College of Education who demonstrates exceptional career promise.

Erwin and Louise Wasta International Scholarship: presented to an international student in the College of Education.

Franklin D. and Louise P. Stone International Scholarship: presented to an outstanding international student pursuing a PhD in the College of Education.

Gladys and Margaret Harvey Education Scholarship: presented to students who show financial need and are enrolled in the College of Education.

Grace Phelps Stucker Scholarship: presented to an undergraduate or graduate teacher education student.

Guy and Gladys Peterson Scholarship: presented to students admitted to the Teacher Education Program who have completed at least 12 s.h. of education coursework.

Harvey H. Davis Memorial Scholarship: presented to outstanding graduate students in educational leadership with preference given to students interested in the financing of education.
H.D. Hoover Excellence Scholarship: presented to a graduate student working on mathematics achievement testing in the elementary grades.

Helen Mackin Nichol Memorial Scholarship: presented to students from Iowa who are in secondary education and plan to teach and work with mentally and emotionally disturbed children.
Hemphill/Jones Higher Education Masters Student Award: presented to deserving students in the College of Education with preference given to historically underrepresented students of color working toward an MA degree in higher education and student affairs.
Henry Kepner Math Education Scholarship: presented to deserving students who are pursuing a degree in math education.

Hubbard Family Legacy Award: presented to students majoring in mathematics, physics, or chemistry who are pursuing a secondary education teaching certificate with the intention to teach at the secondary level.

Jack Bagford Elementary Education Scholarship: presented to an undergraduate or graduate student in elementary education who will be student teaching during the academic year following the award; recipient must be a resident of Iowa.

James and Coretta Stroud Fellowship: presented to an outstanding graduate student in educational psychology.

Jananne F. Nelson Elementary Education Scholarship: presented to a student pursuing a degree in elementary education specializing in literacy.

Jeanette Kinsey Elementary Education Scholarship: presented to an elementary education student.

John H. Haefner Memorial Scholarship: presented to a student who will be student teaching in the area of social studies.

John Leonard Davies Scholarship: presented to a student who is a first- or second-semester senior in the Department of Teaching and Learning who is viewed as being creative and having outstanding potential for success in the field of $\mathrm{K}-12$ education.

Judith Young Saunders Scholarship: presented to an undergraduate or graduate student who is pursuing a degree in teacher education, with preference given to students with severe visual impairments.
Judy Skalsky Memorial Scholarship: presented to an undergraduate or graduate student majoring in art education.

Kathleen M. Ramsay and Family Scholarship: presented to deserving students in the College of Education with preference given to third-year or higher-level students, or to students who have a focus in elementary or secondary education and demonstrate financial need.

Kyle C. and Eula B. Jones Scholarship: presented to undergraduate and graduate students planning careers in elementary and secondary education and administration.

Laurie Jane Croft Scholarship: presented to undergraduate or graduate students in the College of Education who are pursuing an endorsement in gifted education.

Leonard A. Miller Memorial Scholarship: presented to an outstanding first-year MA student in rehabilitation counseling.

Lowell Brandt Rehabilitation Counseling Award: presented to graduate students pursuing a master's degree in the rehabilitation counseling program.

Margaret A. Sloan Scholarship: presented to undergraduate or graduate students in the College of Education.

Margaret P. Park Scholarship: presented to deserving students in the College of Education with preference given to students from St. Louis County, Minnesota; Rock Island County, Illinois; or Iowa.
Mary Ann DePrenger Scholarship for Elementary Education: presented to students pursuing elementary education certification.
Mary Bywater Cross and Robert P. Newman Research Award: awarded to graduate students to provide support for travel and related expenses for attendance at conferences and events at which research is presented and shared, or to conduct research within the field of education.

Mary Maxine Redmond Scholarship: presented to undergraduate students from Iowa enrolled in the College of Education.

Maureen Medberry Snell Education Award: presented to outstanding students in the College of Education.

Melvin R. Novick Award in Educational Measurement and Statistics: presented to a third- or fourth-year doctoral student in educational measurement and statistics who has at least a year of study remaining.
Paul Larson Military/Veteran Student Scholarship: presented to College of Education student veterans and military students to help them achieve success in their studies in the College of Education.

Paul Opstad Scholarship: presented to a full- or part-time graduate student in the College of Education whose career or scholarly interests focus on the concerns and needs of international students.
Perry Eugene McClenahan Memorial Scholarship: presented to an outstanding graduate student in educational administration.
Richard L. Sanner Scholarship: presented to deserving graduate students in the College of Education.
Robert L. Brennan Graduate Student Award: presented to a graduate student in the educational measurement and statistics program based on their research.
Rolland Ray Award: presented to doctoral students completing a dissertation concerned with measurement in mathematics education, science education, social studies education, or English education.

Sheila E. McFarland Memorial Scholarship: presented to a student who will be student teaching for a full semester in the area of elementary education; preference for this award will be given to an Iowa resident.

Student Teaching Abroad Scholarship: presented to students who are doing their student teaching in another country.
T. Anne Cleary Psychological Research Scholarship: presented to students in the Department of Psychological and Quantitative Foundations.
University High School Innovative Developments in Education Award (IDEA): presented to students during their secondary student teaching experience.

Waronka Family Scholarship: presented to one or more deserving students in elementary education who demonstrate merit and are in good academic standing.

Women in Secondary Science/Math Education Scholarship: presented to a female student from a rural area studying secondary science or math education.

## Courses

- Education Interdepartmental Courses [p. 1284]
- Education Honors Opportunity Program Courses [p. 1284]

Most College of Education courses are offered by the college's departments and programs. They are listed and described in the corresponding General Catalog sections. The college also offers the following interdepartmental courses.

## Education Interdepartmental Courses

EALL:4130 Introduction to Grant Writing 3 s.h. Comprehensive training in grant proposal writing; basics of project development and management; core principles for writing small and large proposals to public and private funding sources; finer points of grant writing to increase competitiveness of future proposals and applications; for students with limited grant writing experience. Same as MUSM:4150.

## EALL:4200 Education Studies and Human Relations Academic

 InternshipExperiential learning opportunity to support career exploration and professional development in education and human relations related careers; students secure and participate in an internship, make connections between their internship experience, academic coursework, and future career goals; assignments support students in their internship role and allow for reflection on their ongoing experience; supplemental material and units aid in professional development.
EALL:7475 PhD ePortfolio in College Teaching
Framework for connecting authentic evidence of scholarly work and teaching competencies; use of advanced web and multimedia technologies to link artifacts to ePortfolio templates.

## Education Honors Opportunity Program Courses

EHOP:4100 Honors Seminar in Education
Introduction to research in education and related professions in preparation for honors exploratory final product; specific focus on a literature review.
EHOP:4101 Senior Honors Project 1-2 s.h.
Collaboration with a faculty member on research project; written report. Prerequisites: EHOP:4100.

# Education Studies and Human Relations, BA 

The education studies and human relations major in the College of Education is a multidisciplinary program that enhances broad liberal arts and sciences education for students by providing strong academic preparation, including skills in critical thinking and interpersonal communication.

Students who plan to earn the major pursue their academic interests with a variety of courses from across the College of Education's four academic departments to further career goals or prepare for future graduate study. They may choose to select among all the course offerings for the education studies and human relations major or select one of two subprograms.
The education studies subprogram is for students interested in pursuing careers in education policy, assessment and evaluation, education programming and management, learning technologies, organizational learning, school district support roles, as well as competitive preparation for future graduate study in educational measurement, education policy, educational psychology, higher education, learning sciences, and student affairs.
The human relations subprogram is for students who are interested in careers in helping fields that rely on interpersonal communication and personal problem solving (e.g., addiction, case management), as well as competitive preparation for future graduate study in professional counseling, health service psychology, couple and family therapy, community leadership, and related fields.

## Requirements

The Bachelor of Arts with a major in education studies and human relations requires a minimum of 120 s.h., including at least 30 s.h. of work for the major. Students must have a cumulative gradepoint average of at least 2.00 in all college coursework and in all UI coursework. All courses must be taken on a graded basis unless a course is only offered as nongraded.
Students in their first year at the University of Iowa who have earned less than 30 s.h. are advised through the university's Academic Advising Center. Those with more than 30 s.h. are advised through the Academic Advising Office in the College of Education.
The major can be paired with other majors, minors, and certificates. At most, only 3 s.h. of education studies and human relations courses may be counted toward another major, minor, or certificate.
The major consists of a $15 \mathrm{~s} . \mathrm{h}$. core curriculum plus an additional 15 s.h. chosen from the list of approved elective courses in a student's declared program of study. Students may choose education studies and human relations as their major; or one of the two subprograms within the major, either education studies or human relations. Students are required to earn a minimum of 18 s.h. in education studies and human relations coursework at the University of Iowa.
The BA with a major in education studies and human relations requires the following coursework.

## General Education Requirement

Education studies and human relations courses that are also listed as options for the general education requirement may be counted in only one requirement; either education studies and human relations or general education.

## Communication and Literacy

- Diversity and Inclusion: a minimum of 3 s.h.
- Interpretation of Literature: a minimum of $3 \mathrm{~s} . \mathrm{h}$.
- Rhetoric: a minimum of 4 s.h.
- World Languages: required credit varies by language.

## Sustainability

Students complete the sustainability requirement by choosing an approved College of Liberal Arts and Sciences GE CLAS Core [p. 19] course that integrates sustainability (with no additional semester hours) with a course from the Natural, Quantitative, and Social Sciences category or the Culture, Society, and the Arts category.

## Natural, Quantitative, and Social Sciences

- Natural Sciences: a minimum of 7 s.h.; must include one lab.
- Quantitative or Formal Reasoning: a minimum of 3 s.h.
- Social Sciences: a minimum of 3 s.h.

## Culture, Society, and the Arts

- Historical Perspectives: a minimum of 3 s.h.
- International and Global Issues: a minimum of 3 s.h.
- Literary, Visual, and Performing Arts: a minimum of 3 s.h.
- Values and Culture: a minimum of 3 s.h.

## Core Courses

All students must complete the following.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| All of these: |  |  |
| CSED:4199 | Counseling for Related <br> Professions | 3 |
| EDTL:2015 | Teaching as a Human Endeavor | 3 |
| EPLS:3000 | Foundations of Education | 3 |
| PSQF:1075 | Educational Psychology and <br> Measurement | 3 |

## Diversity/Multiculturalism Course

All students must complete the following.

| Course \# | Title | Hours |
| :--- | :--- | :---: |
| One of these: | Citizenship in a Multicultural <br> Society | 3 |
| ESED:4197 $: 1240$ | Finding Your Path in Higher <br> Education | 3 |
| EPLS:4180 | Human Relations for the <br> Classroom Teacher | 3 |
| PSQF:3104 | Multicultural Issues in <br> Counseling and Psychology | 3 |

## Electives

For the remaining 15 s.h. required for the major, students choose from the following list of courses, depending on their choice of subprogram or the major without a subprogram, to build a multidisciplinary slate of skills that enhances their future careers or graduate work. While students may choose any of these courses to earn the major without a subprogram, those who pursue the education studies subprogram or the human relations subprogram select courses relevant to their area.

## Concentration Areas

Whether students pursue education studies and human relations or one of its subprograms, guidelines for informal concentration areas may
provide a useful resource in choosing electives that are meaningful, useful, and a cohesive program of study. Guidelines for informal concentration areas are offered as a course selection aid to be used in consultation with an academic advisor and are not listed on a student's transcript or diploma. These informal concentration areas are meant to be fluid over time to best reflect trends and issues in the field of education and helping professions. Further, students may create their own concentration focus that will meet their own career trajectory. The guidelines for informal concentration areas are located on the College of Education website.

- Education Studies and Human Relations Electives [p. 1286]
- Education Studies Subprogram Electives [p. 1286]
- Human Relations Subprogram Electives [p. 1287]

## Education Studies and Human Relations Electives

Students in the education studies and human relations program must select 15 s.h., including at least two different College of Education areas (CSED, EDTL, EPLS, PSQF), from the following.

| Course \# | Title | Hours |
| :---: | :---: | :---: |
| CSED:2081 | Making a VocationalEducational Choice | 2-3 |
| CSED:4110 | Psychology of Food and Mood | 3 |
| CSED:4130 | Human Sexuality | 3 |
| CSED:4131 | Loss, Death, and Bereavement | 3 |
| CSED:4141 | Helping Skills for Community Settings | 3 |
| CSED:4173 | Trauma Across the Lifespan | 3 |
| CSED:4176 | Child Abuse: Assessment, Intervention, and Advocacy | 3 |
| CSED:4180 | Topical Seminar for Helping Professionals (depending on topic; consult advisor) | 3 |
| CSED:4195 | Ethics in Human Relations and Counseling | 3 |
| CSED:4197 | Citizenship in a Multicultural Society (if not taken as diversity/multicultural course) | 3 |
| EDTL:2122 | Creativity, Imagination, Play, and Human Development through the Arts | 3 |
| EDTL:3002 | Teaching and Learning Technologies | 2-3 |
| EDTL:3187 | Early Literacy Instruction for Young Children | 3 |
| EDTL:3382 | Language and Learning | 2-3 |
| EDTL:3393 | Reading and Teaching Adolescent Literature | 3 |
| EDTL:3715 | Experiential Teaching and Learning | 3 |
| EDTL:4093 | Teaching and Learning for a Global Perspective | 3 |
| EDTL:4096 | Topics in Teaching and Learning (depending on topic; consult advisor) | 3 |
| EDTL:4355 | Approaches to Teaching Writing | 3 |
| EDTL:4630 | Psychology of Music | 2-3 |
| EDTL:4900 | Foundations of Special Education | 3 |
| EPLS:1240 | Finding Your Path in Higher Education (if not taken as diversity/multicultural course) | 3 |

| EPLS:2098 | The Student Affairs Profession | 3 |
| :---: | :---: | :---: |
| EPLS:3240 | Undergraduate Topics in Education (depending on topic; consult advisor) | 3 |
| EPLS:4180 | Human Relations for the Classroom Teacher (if not taken as diversity/multicultural course) | 3 |
| EPLS:4200 | Diversity and Inclusion in Athletics | 3 |
| PSQF:2115 | Introduction to Counseling Psychology | 3 |
| PSQF:2116 | Applied Child and Adolescent Psychology | 3 |
| PSQF:3104 | Multicultural Issues in Counseling and Psychology (if not taken as diversity/ multicultural course) | 3 |
| PSQF:3333 | Special Topics in Psychological and Quantitative Foundations (depending on topic; consult advisor) | 3 |
| PSQF:3700 | Introduction to Understanding Trauma and Resilience | 3 |
| PSQF:4106 | Child Development | 3 |
| PSQF:4133 | The Adolescent and Young Adult | 3 |
| PSQF:4134 | Parent-Teacher Communication | 1-3 |
| PSQF:4136 | Home/School/Community Partnerships | 3 |
| PSQF:4143 | Introduction to Statistical Methods | 3 |
| PSQF:4145 | Marriage and Family Interaction | 3 |
| PSQF:4162 | Introduction to Couple and Family Therapy | 3 |
| PSQF:4281 | Cognitive Principles for How People Learn | 3 |
| PSQF:4760 | Participatory Learning and Media: Creating, Remixing, Making, and Education | 3 |
| PSQF:4910 | Theories of Family Development | 3 |

## Education Studies Subprogram Electives

Students in the education studies subprogram must select 15 s.h., including at least two different College of Education areas (CSED, EDTL, EPLS, PSQF), from the following.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| CSED:4197 | Citizenship in a Multicultural <br> Society (if not taken as <br> diversity/multicultural course) | 3 |
| EDTL:2122 | Creativity, Imagination, Play, <br> and Human Development <br> through the Arts | 3 |
| EDTL:3002 | Teaching and Learning <br> Technologies | $2-3$ |
| EDTL:3187 | Early Literacy Instruction for <br> Young Children | 3 |
| EDTL:3382 | Language and Learning | $2-3$ |
| EDTL:3393 | Reading and Teaching <br> Adolescent Literature | 3 |
|  | R |  |

| EDTL:3715 | Experiential Teaching and Learning | 3 |
| :---: | :---: | :---: |
| EDTL:4093 | Teaching and Learning for a Global Perspective | 3 |
| EDTL:4096 | Topics in Teaching and Learning (depending on topic; consult advisor) | 3 |
| EDTL:4355 | Approaches to Teaching Writing | 3 |
| EDTL:4630 | Psychology of Music | 2-3 |
| EDTL:4900 | Foundations of Special Education | 3 |
| EPLS:1240 | Finding Your Path in Higher Education (if not taken as diversity/multicultural course) | 3 |
| EPLS:2098 | The Student Affairs Profession | 3 |
| EPLS:3240 | Undergraduate Topics in Education (depending on topic; consult advisor) | 3 |
| EPLS:4180 | Human Relations for the Classroom Teacher (if not taken as diversity/multicultural course) | 3 |
| EPLS:4200 | Diversity and Inclusion in Athletics | 3 |
| PSQF:3104 | Multicultural Issues in Counseling and Psychology (if not taken as diversity/ multicultural course) | 3 |
| PSQF:3333 | Special Topics in Psychological and Quantitative Foundations (depending on topic; consult advisor) | 3 |
| PSQF:3700 | Introduction to Understanding Trauma and Resilience | 3 |
| PSQF:4106 | Child Development | 3 |
| PSQF:4133 | The Adolescent and Young Adult | 3 |
| PSQF:4143 | Introduction to Statistical Methods | 3 |
| PSQF:4281 | Cognitive Principles for How People Learn | 3 |
| PSQF:4760 | Participatory Learning and Media: Creating, Remixing, Making, and Education | 3 |

## Human Relations Subprogram Electives

Students in the human relations subprogram must select 15 s.h., including at least two different College of Education areas (CSED, EDTL, EPLS, PSQF), from the following.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| CSED:2081 | Making a Vocational- | $2-3$ |
|  | Educational Choice | 3 |
| CSED:4110 | Psychology of Food and Mood | 3 |
| CSED:4130 | Human Sexuality | 3 |
| CSED:4131 | Loss, Death, and Bereavement | 3 |
| CSED:4141 | Helping Skills for Community |  |
|  | Settings | 3 |
| CSED:4173 | Trauma Across the Lifespan | 3 |
| CSED:4176 | Child Abuse: Assessment, |  |

| CSED:4180 | Topical Seminar for Helping Professionals (depending on topic; consult advisor) | 3 |
| :---: | :---: | :---: |
| CSED:4195 | Ethics in Human Relations and Counseling | 3 |
| CSED:4197 | Citizenship in a Multicultural Society (if not taken as diversity/multicultural course) | 3 |
| EDTL:4096 | Topics in Teaching and Learning (if not taken as diversity/multicultural course) | 3 |
| EPLS:3240 | Undergraduate Topics in Education (depending on topic; consult advisor) | 3 |
| EPLS:4180 | Human Relations for the Classroom Teacher (if not taken as diversity/multicultural course) | 3 |
| PSQF:2115 | Introduction to Counseling Psychology | 3 |
| PSQF:2116 | Applied Child and Adolescent Psychology | 3 |
| PSQF:3104 | Multicultural Issues in Counseling and Psychology (if not taken as diversity/ multicultural course) | 3 |
| PSQF:3333 | Special Topics in Psychological and Quantitative Foundations (depending on topic; consult advisor) | 3 |
| PSQF:3700 | Introduction to Understanding Trauma and Resilience | 3 |

| PSQF:4136 | Home/School/Community Partnerships | 3 |
| PSQF:4143 | Introduction to Statistical Methods | 3 |
| PSQF:4145 | Marriage and Family Interaction | 3 |
| PSQF:4162 | Introduction to Couple and Family Therapy | 3 |
| PSQF:4910 | Theories of Family Development | 3 |

## Academic Standards and Probation

Students are expected to meet academic standards set by the college and to demonstrate reasonable progress toward a degree. If they do not meet all grade-point average conditions, then students are placed on academic probation. Students usually are allowed only one session to return to good academic standing. While on probation, students engage in a number of activities to support their future success including meeting with an academic advisor. Students on academic probation who withdraw registration after the deadline for dropping courses may be dismissed.

## Admission

## Direct Admissions Policy

Direct admission is designed for first-year students applying to the University of Iowa for the fall semester. Applicants who present an

ACT composite score of 21 or higher and a final high school gradepoint average (GPA) of at least 3.00 are eligible for direct admission into the education studies and human relations major. First-year students who do not meet the requirements for admission to the major may declare the education studies and human relations interest in the College of Liberal Arts and Sciences, and later apply for regular admission to the major.

## Regular Admissions Policy

Regular admission is available to students who have completed a minimum of 12 s.h. of graded coursework at the University of Iowa and who have a UI cumulative GPA of at least 2.50 .

## Transfer Admissions Policy

Transfer admission is available to students who have a cumulative GPA of at least 2.50 on a minimum of 24 s.h. earned after high school graduation of acceptable graded credit.

## Academic Plans

## Sample Plan of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.

# Belin-Blank Center for Gifted Education 

## Director

- Megan Foley Nicpon

Website: https://belinblank.education.uiowa.edu
The Connie Belin and Jacqueline N. Blank International Center for Gifted Education and Talent Development is dedicated to serving the needs of the gifted community at local, national, and international levels. It offers programs for preservice and inservice educators, including the State of Iowa Talented and Gifted Endorsement. Its online and on-campus courses about the nature and needs of gifted learners, as well as about ways to facilitate talent development, support the professional development of educators worldwide.
The center is home to the Assessment and Counseling Clinic and the Acceleration Institute.

## Precollege Program Offerings

The Belin-Blank Center offers a wide variety of programs for precollege students.

## Belin-Blank Exceptional Student Talent Search

The Belin-Blank Exceptional Student Talent Search (BESTS) (grades 4-9) helps determine talented students' academic abilities and needs.

## Junior Science and Humanities Symposium

The Junior Science and Humanities Symposium (grades 9-12) engages students in original research and experimentation in the STEM fields (science, technology, engineering, and math). Students present the results of their research to a panel of judges and an audience of their peers at the Iowa Regional Junior Science and Humanities Symposium. The top two presenters are invited to present at the national symposium.

## Scholastic Art and Writing Awards

The Belin-Blank Center is proud to serve as the Iowa and Midwest region at-large affiliate for the Scholastic Art and Writing Awards (grades 7-12), which recognizes achievement in the literary and visual arts. The Scholastic Art and Writing Awards program is the nation's longest-running, largest, and most prestigious recognition program for creative teens. Over the past 90 years, the awards have recognized and encouraged artists and writers such as Sylvia Plath, Andy Warhol, Truman Capote, Robert Redford, Tom Otterness, Zac Posen, among countless others.

## Weekend Enrichment Program

The Weekend Enrichment program (grades 2-8) consists of half-day enrichment opportunities for elementary and junior high students that take place on the University of Iowa campus. Classes in STEM, the arts, and the humanities cultivate students' interest and enliven their curiosity.

## Summer Programs

The Belin-Blank Center also offers the following summer programs, many of which are residential programs held on the University of Iowa campus during the summer. Students in each program participate in cultural and recreational activities and have access to the university's libraries, computer facilities, and study areas. For residential programs, housing and meals are provided at the
university's residence halls. Junior Scholars Academy students do not stay on campus.

## Blank Summer Institute

The Blank Summer Institute for the Arts and Sciences (BSI) is a program that provides an intensive, advanced educational experience designed to enhance exceptionally talented students' intellectual and social growth. The BSI plan of study complements the regular school curriculum. Students are nominated for program participation.

To be eligible for BSI, students must be Iowa residents, must be completing grade 7 or 8 , and must be nominated by their schools. Students selected for BSI receive a scholarship to cover part of the institute's cost.

## Junior Scholars Academy

The Junior Scholars Academy (JSA), formerly known as Blast and the Junior Scholars Institute, hosts students (grades 2-8) with a deep curiosity, a love of learning, or a great deal of talent in a particular area. It is a summer program designed specifically for bright elementary and middle school students who want to thoroughly explore a topic while having fun with other kids who share their enthusiasm for learning. Students choose one class to focus on all day, for a full week.

## Perry Research Scholars Institute

Students completing grade 9 or 10 may apply for the Perry Research Scholars Institute (PRSI), a two-week residential summer academic program. PRSI students experience first-hand the wide variety of research that takes place at a research-intensive university. Students earn 1 s.h. of academic credit. Visit the PRSI website to learn more about the program, including eligibility and application.

## Secondary Student Training Program

Students completing grade 10 or 11 may apply for the Secondary Student Training Program (SSTP), a five and one-half-week residential summer research program. SSTP students conduct research in university research groups under the guidance of a faculty mentor. Students earn 3 s.h. of academic credit. Visit the SSTP website to learn more about the program, including eligibility and application. See the Secondary Student Training Program [p. 2082] in the catalog.

## Summer Writing Residency

The Summer Writing Residency offers a three-week residential program for students completing grade 9,10 , or 11 . The two programs immerse students in the creative environments of University of Iowa world-class faculty in art or writing. Out of class opportunities include evening tours, lectures, and events that are designed to stretch the developing artist or writer. Students earn 2 s.h. of academic credit. For more information about the center and its programs, contact the BelinBlank Center or visit its website.

## University-Based Programs

## Academy for Twice-Exceptionality

A college journey at the University Iowa embraces meaningful academic experiences and the development of important skills, including independence, social-emotional maturity, effective communication, and career readiness. The Academy for TwiceExceptionality partners with neurodiverse college students to foster and support these experiences and skills and enhance community engagement as an Iowa Hawkeye. The academy strives to ensure that neurodiverse students have a positive and fulfilling college experience, nurturing students' talents while also creating a sense of community and helping students connect with resources from
the Belin-Blank Center, the University of Iowa, and the broader community.

## Bucksbaum Early Entrance Academy

The Bucksbaum Early Entrance Academy gives high-achieving students the opportunity to enroll at the University of Iowa before they finish high school. The Bucksbaum Academy provides top students with a high-level curriculum while supporting them through the transition from high school to the University of Iowa. To enter the program, students must have completed grade 10 or the equivalent. The program is open to high-ability students worldwide.

## Courses

## Belin-Blank Center for Gifted Education Courses

BBC:1000 Bucksbaum Academy Second-Year Seminar 1 s.h. Unites self-efficacy skills attained in first-year seminar experience with exploration of how to foster more fulfilling and productive lives; understanding and development of high potential; for Bucksbaum Academy second-year students and early-entrance program supported by the Belin-Blank Center.

## BBC:1001 Summer Art Residency 2 s.h.

Partnership between Belin-Blank Center and the UI School of Art and Art History; designed for talented high school artists from across the country; taught by faculty, staff, and graduate students from the School of Art and Art History and special visiting artists.
BBC:1002 Summer Writing Residency 2 s.h.
Partnership between Belin-Blank Center and the UI undergraduate creative writing program; designed for talented high school writers from across the country; taught by faculty, staff, and graduate students from the English department, Iowa Writers' Workshop, and special visiting authors.
BBC: 1003 Perry Research Scholars Institute 1 s.h.
Perry Research Scholars Institute is an introductory-level, researchpreparatory program that grants behind-the-scenes access to ways and places to discover new knowledge on many different topicsspend days with a backstage pass to cutting-edge facilities and spaces at a major research institution, hear from University of Iowa faculty researchers and their teams on how the research process works, the many different ways that research can look, and even the ways one can pursue a research career. Requirements: acceptance to Perry Research Scholars Institute.
BBC:4023 Twice-Exceptionality Support Seminar 1 s.h.
Areas and issues that typically impact students diagnosed as twiceexceptional in college (specifically autism spectrum disorder); focus on navigating campus and services, communication skills (social and academic based), stress management, executive functioning skills, career and job seeking skills. Same as EDTL:4023.
BBC:4067 Conceptions of Talent Development 3 s.h.
Students review conceptions of talent development and explore possibilities for appropriate programming in specific fields across various stages in life; traditional opportunities in gifted education programs; stages of development in early childhood; development of knowledge and skills in addition to and beyond organized educational programs. Same as EDTL:4067.
BBC:4111 Evaluation of Gifted Programs 1 s.h.
Fundamentals of program evaluation essential for exemplary gifted programs. Same as EPLS:4111.
BBC:4137 Introduction to Educating Gifted Students 3 s.h.
Fundamental issues such as curriculum, counseling, family issues, gender and minority issues. Same as CSED:4137, EDTL:4137.

BBC:4188 Practicum in Teaching and Curriculum Development in Gifted Education 1-6 s.h. Experience in developing course materials for classes offered through the Belin-Blank Center for Gifted Education. Same as CSED:4188, EDTL:4188.

BBC:4189 Practicum in Gifted/Talented Education 1 s.h. Experience developing course materials for classes offered through the Belin-Blank Center for Gifted Education. Same as EDTL:4189.
BBC:5080 Workshop: Teacher Training for Advanced Placement Courses

1-2 s.h.
Focus on a particular academic content area. Same as EDTL:5080.

## Applied Behavior Analysis

## Chair, Department of Teaching and Learning

- Lia M. Plakans

Coordinator, Applied Behavior Analysis

- Seth A. King (Teaching and Learning)

Graduate certificate: applied behavior analysis
Faculty: https://education.uiowa.edu/directory
Website: https://education.uiowa.edu/areas-study/continuing-education/certificates-and-endorsements/certificate-applied-behavior

The purpose of the graduate Certificate in Applied Behavior Analysis is to provide professionals who have a background in education, psychology, and related services with expertise in behavior intervention and intensive educational interventions. Students who complete the program are eligible for national certification as board-certified behavior analysts. Applied behavior analysis is a growing service sector with opportunities for employment in schools, universities, and independent clinics.

The Certificate in Applied Behavior Analysis is administered by the Department of Teaching and Learning [p. 1362] and is granted by the Graduate College.

For more information, visit Certificate in Applied Behavior Analysis on the College of Education website.

## Programs

Graduate Program of Study

## Certificate

- Certificate in Applied Behavior Analysis [p. 1293]

## Applied Behavior Analysis, Graduate Certificate

## Requirements

The graduate Certificate in Applied Behavior Analysis requires 21 s.h. of graduate credit and is offered with hybrid and conventional courses. Students must maintain a grade-point average of at least 2.50 in work for the certificate. They must earn at least a grade of C in each course required for the certificate. Courses must be taken on a graded basis.

The certificate program is open to students enrolled in University of Iowa graduate degree programs and to individuals who are enrolled in the Graduate College as nondegree students.

The certificate program develops skills in behavioral intervention and intensive instruction. The course sequence contributes to eligibility for certification as a board-certified behavior analyst (BCBA). In addition to the course sequence offered through the certification program, obtaining the BCBA requires completion of a supervised practicum experience and successful completion of the behavior certification exam offered through the Behavior Analyst Certification Board. For additional details regarding certification, visit the Behavior Analyst Certification Board website or contact the applied behavior analysis certificate coordinator.

The Certificate in Applied Behavior Analysis requires the following coursework.

| Course \# | Title | Hours |
| :--- | :--- | :---: |
| All of these: | Behavioral and Social |  |
| EDTL:4950 | Interventions | 3 |
| EDTL:4975 | Explicit Instruction | 3 |
| EDTL:5961 | Foundation of Applied Behavior <br> Analysis | 3 |
| EDTL:5963 | Ethics and Professional Conduct <br> for Behavior Analysts and <br> Psychologists | 3 |
| EDTL:5966 | Advanced Topics in Applied <br> Behavior Analysis | 3 |
| EDTL:7953 | Seminar: Single Subject Design <br> Research | 3 |
| PEDS:7264 | Clinical Applications of Applied <br> Behavior Analysis | 3 |

For more information, visit Certificate in Applied Behavior Analysis on the College of Education website.

## Counselor Education

## Chair

- Noel Estrada-Hernandez

## Undergraduate minor: human relations

Graduate degrees: MA in counselor education; PhD in counselor education

## Faculty: https://education.uiowa.edu/directory

Website: https://education.uiowa.edu/about/administration/ department-counselor-education

The Department of Counselor Education prepares students to facilitate human development across the life span, to advocate for clients and students, and to serve local, national, and international communities through the delivery and creation of state-of-theart counseling services. The department achieves these goals by advancing knowledge, skills, and attitudes appropriate for effective and ethical professional counseling practice and by conducting and disseminating related research.

The department prepares practitioners and scholars by offering graduate programs in four major areas within counselor education:

- clinical mental health counseling (offered in the MA);
- counselor education and supervision (offered in the PhD );
- rehabilitation counseling program (offered in the MA); and
- school counseling (offered in the MA).

It also offers basic courses in interviewing and interpersonal skills for students in other professional and graduate programs. In addition, the department offers an undergraduate minor in human relations.

## Programs

## Undergraduate Program of Study

## Minor

- Minor in Human Relations [p. 1299]

## Graduate Programs of Study

## Majors

- Master of Arts in Counselor Education [p. 1300]
- Doctor of Philosophy in Counselor Education [p. 1306]

## Facilities

An on-campus counseling suite serves as a laboratory for training. In addition, a wide variety of supervised clinical experiences are available in community agencies, schools, and colleges, as well as throughout the university. Internships may be completed at approved sites nationwide.

## Admission

Prospective students must meet admission requirements for the individual programs as well as the department's general admission requirements. Criminal background checks may be required.

Applicants to any of the department's degree programs must satisfy the following admission requirements. Applicants also must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations on the Graduate College website.

Applicants must submit the following:

- a completed graduate application form;
- copies of official transcripts of all previous undergraduate and graduate college work;
- official report of Graduate Record Exam (GRE) General Test verbal and quantitative scores;
- a statement of an applicant's reasons for seeking an advanced degree in the department, including a statement of personal career objectives; and
- three current letters of recommendation from persons qualified to assess the applicant's prospects for completing the MA or PhD and to assess the applicant's commitment to the profession.
The department may request a personal or telephone interview.
The following admission standards are considered for individual program admission decisions.
- MA applicants should have an undergraduate grade-point average (GPA) of at least 3.00.
- PhD applicants should have a graduate GPA of at least 3.00 ; those who have not been granted a graduate degree should have an undergraduate GPA of at least 3.00.
- International applicants must score at least 80 (internet-based) on the Test of English as a Foreign Language (TOEFL). The department may require applicants with lower TOEFL scores to complete University of Iowa coursework in English language fluency. TOEFL scores must be submitted with the application for admission.
- Typically, doctoral students are not admitted unless they have completed a master's degree in counseling or a related field. Relevant work experiences are important. Students who are accepted without a related master's degree must complete core master's-level coursework before taking advanced PhD courses. Required remedial courses and experiences are determined in consultation with the advisor and are included in a student's curriculum plan.
The criteria listed above are minimum standards for admission. Final admission decisions are made by faculty committees. Some of the department's programs have additional admission requirements; see the descriptions of the individual programs.

## Application

For application materials, visit Iowa Graduate Admissions and the Department of Counselor Education website.
Applications must be complete before they can be reviewed.
Applicants are responsible for providing a complete application dossier; to check on whether an application dossier is complete, contact the Office of Student Services in the College of Education.

Applicants are notified in writing after their applications have been reviewed. Applicants who are accepted must reply in writing in order to maintain their admission status.

## Financial Support

Students in the department may apply for a wide variety of graduate assistantships. For example, many of the university's student service units award graduate assistantships. Applicants for assistantships should contact the department or the coordinator of the particular graduate program they plan to enter.
Applicants seeking fellowships or assistantships should complete their applications as early as possible.

## Courses

## Counselor Education Courses

## CSED:1029 First-Year Seminar

Small discussion class taught by a faculty member; topics chosen by instructor; may include outside activities (e.g., films, lectures, performances, readings, visits to research facilities). Requirements: first- or second-semester standing.

## CSED:1030 Belin-Blank Center Seminar

1 s.h.
Presentations and discussions by university resource experts and Belin-Blank Center for Gifted Education staff. Requirements: BelinBlank Center student.

CSED:2081 Making a Vocational-Educational Choice 2-3 s.h.
Vocational decision-making process, self-evaluation, exploration of the world of work; for students who are uncertain about their educational and vocational goals.
CSED:4109 Introduction to Athlete Mental Health
Overview of athlete mental health with emphasis on support services for high school and collegiate student-athletes as well as professional athletes; introduction to key players/stakeholders, ethical considerations, potential career paths for those pursuing careers in this industry, and importance of addressing mental health needs of athletes at all levels of sport participation.
CSED:4110 Psychology of Food and Mood
3 s.h.
Neurobehavioral and psychological determinants of food preference, behavior, and mood management; cultural meanings of food in North America, obesity, dieting, disordered eating; how we use food as a means of managing or damaging our food and health.
CSED:4111 Building Leadership and Success at Work 3 s.h. Students learn and apply leadership components and skills to meet and exceed employer expectations; development of skills to evaluate and match student's interests with company leadership styles; effective use of leadership behaviors to influence, communicate, motivate, work in teams, and manage conflict; students gain understanding of selfidentity; creation of an individualized leadership plan to use in career and personal life.

CSED:4112 How to Interview to Get That Job! 3 s.h.
Two approaches to job interviews-how to interview to obtain a job and how to interview applicants for a job; students gain knowledge and skills necessary to successfully conduct interviews from applicant and employer perspectives; review of interview processes and legal and ethical boundaries within interviews; examination of interview formats and styles to gain confidence and successfully respond to typical interview questions; development of interview questions as an applicant and as an employer; communication best practices prior, during, and following an interview.
CSED:4113 Sleep, Sleep Deprivation, and Sleep Disorders 3 s.h. Theories and stages of sleep; aging and normal sleep; impact of sleep and sleep deprivation on mental and physical health; overview of sleep disorders and treatments.
CSED:4114 Psychology of Body Modification and Self-Image 3 s.h. Exploration of psychology and practices of body modification as related to self-image; dynamic relationship between body and identity; body modification accomplished in many ways and for many reasons (beauty, social status, religious expression, improve function, to rebel); how gender, race, culture, age, and health shape our attitudes about our bodies and our decision to make modifications; risks and benefits (physical, emotional, social) of making a body modification to ones' sense of self as it relates to others and to oneself.

Family dynamics and issues that arise when one or more children are identified as gifted; parent/child, sibling, school/family relationships.

CSED:4120 Psychology of Giftedness
3 s.h.
Theories of learning, child development, motivation; issues unique to gifted education. Same as PSQF:4120.

CSED:4121 Identification of Students for Gifted Programs 3 s.h. Interpretation of standardized tests and other measurement instruments used to identify academic talent and program effectively for grades K-12; ability, aptitude, achievement tests; current issues in the uses of various instruments. Same as PSQF:4121.
CSED:4123 Gender Issues and Giftedness 1 s.h.
Effect of gender on development of giftedness; differential needs of girls, boys; strategies for effective teaching, gender equity.
CSED:4124 Ethnic and Cultural Issues and Giftedness 1 s.h. Effect of ethnicity and culture on development of giftedness; special needs of Black, Hispanic, Native American, and Asian gifted students; strategies for identification, programming.
CSED:4125 Counseling and Psychological Needs of the

## Gifted

1 s.h.
Psychological aspects of giftedness, counseling techniques appropriate for gifted children, adolescents; socio-emotional concerns, career development, underachievement. Same as PSQF:4125.

## CSED:4126 Cognitive and Affective Needs of Underachieving

 GiftedDiagnostic strategy for identifying types of underachievement, teaching and counseling interventions appropriate for each. Same as PSQF:4126.
CSED:4128 Advanced Leadership Seminar in Gifted Education 1 s.h.
Development of administrative policies and programming based on empirical research; for experienced leaders in gifted education.
CSED:4129 Creativity: Issues and Applications in Gifted
Education
1 s.h.
Theories that underpin contemporary definitions of creativity; instruments developed to measure creativity; activities in the school environment that enhance or inhibit student creativity. Same as PSQF:4129.
CSED:4130 Human Sexuality
Introduction to human sexuality from a sociocultural perspective; readings and discussions of sensitive topics and explicit depictions/ discussions of sexuality; students may relate their sexual experiences to course content; combination of formats.
CSED:4131 Loss, Death, and Bereavement 3 s.h. Psychological study of death, grief, loss, bereavement, and coping from a multidimensional and multidisciplinary perspective; loss and grief as natural experiences that are not often explicitly discussed; overview of topics relating to death, including multicultural attitudes toward death, death practices, theories on loss and bereavement, and grieving throughout the life cycle; hospice and palliative care, suicide, and making meaning of life out of death; development of critical thinking skills by engaging in empirically based discussions.
CSED:4132 Introduction to Addictions and Impulse Control Disorders

3 s.h.
Exploration of addictions and impulse control disorders; legal, social, physical, and emotional issues related to addictions and impulse control disorders.
CSED:4137 Introduction to Educating Gifted Students 3 s.h.
Fundamental issues such as curriculum, counseling, family issues, gender and minority issues. Same as EDTL:4137.

## CSED:4140 Foundations of Leadership for Community

Agencies 3 s.h.
Preparation to become effective employees and leaders; emphasis on leadership roles in clinical and other human service or health care settings; how leadership transcends job title associated with high work performance; experiential activities that illustrate key didactic concepts and didactic lecture review, written assignments, experiential assignment, in-depth discussions illustrating key concepts.

CSED:4141 Helping Skills for Community Settings 3 s.h. Helping skills necessary for working in a variety of community settings; focus on communication, problem solving, interviewing skills, entry-level techniques (e.g., mindfulness), and résumé building opportunities including Iowa mandatory reporter training and QPR (Question, Persuade, and Refer) training.
CSED:4145 Marriage and Family Interaction 3 s.h.
Contemporary American couple, marriage, and family relationships; mate selection. Same as PSQF:4145.
CSED:4162 Introduction to Couple and Family Therapy 3 s.h. Evolution of the family therapy movement and issues related to functional and dysfunctional family systems; significant models of family therapy and specific techniques. Same as PSQF:4162.

## CSED:4173 Trauma Across the Lifespan

Current theory and practice models related to trauma and crisis intervention; overview of multi-system level definitions of trauma experience (historical, individual, interpersonal, family, organizational, community, global); various approaches to trauma response theory; unique contributions that counselors offer (strength, resiliency, coping); commitments to multicultural and systems factors; macro- to micro-level understanding of trauma.

## CSED:4174 Positive Psychology <br> 3 s.h.

Promotion of human potential as a focus for counseling professionals that provides a supplement to diagnosis and treatment of pathology; how to achieve happiness, resilience, wellness, and life satisfaction through enhancement of human strengths and virtues.
CSED:4175 Motivational Interviewing 3 s.h.
Motivational Interviewing (Miller \& Rollnick) and the stages of change model.

## CSED:4176 Child Abuse: Assessment, Intervention, and

 Advocacy3 s.h.
Preparation for work involving abused children or child abuse issues; appropriate for careers in counseling, education, health sciences, law, psychology, social work, and so forth; interactive approach.
CSED:4178 Microcounseling 3 s.h.
Basic skills of listening, responding, empathy, focus; advanced skills of meaning, confrontation, reframing, directives, action skills.
CSED:4179 Sexuality Within the Helping Professions 3 s.h. Relationship between sexuality and mental health; varied ethical and professional issues in sex therapy.
CSED:4180 Topical Seminar for Helping Professionals arr.
Topics for the continuing education of counselors and related professionals.
CSED:4185 Introduction to Substance Abuse 3 s.h.
Theories of addiction and pharmacology of psychoactive drugs; legal, familial, biological, multicultural, historical issues related to substance use and misuse.
CSED:4187 Introduction to Assistive Technology 3 s.h.
How assistive technology can be used for attainment of goals in education or work. Same as EDTL:4987.
CSED:4188 Practicum in Teaching and Curriculum Development in Gifted Education

1-6 s.h. Experience in developing course materials for classes offered through the Belin-Blank Center for Gifted Education. Same as EDTL:4188.

CSED:4193 Individual Instruction - Undergraduate arr. CSED:4194 Interpersonal Effectiveness 3 s.h.
Paradigms and techniques that enhance interpersonal relationship skills.

CSED:4195 Ethics in Human Relations and Counseling 3 s.h.
Morality and ethics; ethical issues; models and techniques for effective ethical decision-making in personal and professional interactions.
CSED:4197 Citizenship in a Multicultural Society 3 s.h.
Human relationships in the context of societal oppressions such as racism, sexism, able-bodyism, and heterosexism.
CSED:4199 Counseling for Related Professions 3 s.h.
Counseling theories and techniques; ethical and multicultural considerations; small-group discussions, demonstrations, lectures.
CSED:5200 Professional School Counselor 3 s.h.
Professional identity of school counselors, K-12 school counseling program delivery systems, legal and ethical issues.
CSED:5202 Introduction to Group Counseling 3 s.h.
Research, theory, ethics, planning, and practice in group counseling; leadership styles and multicultural considerations; group participation. Requirements: counselor education enrollment.
CSED:5203 Career Development and Counseling 3 s.h.
Preparation for counselors and student affairs professionals; career development concepts and theories, family and work, career counseling goals and objectives, exemplary techniques and materials, career program planning, evaluation procedures. Requirements: counselor education enrollment.

## CSED:5204 School Culture and Classroom Management for

School Counselors 3 s.h.
American public elementary and secondary schools and the school counselor's role; classroom management for school counselors.
CSED:5221 Theories of Counseling and Human Development Across the Life Span
Philosophical bases, ethical considerations, processes, issues, multicultural and life-span developmental considerations in counseling theories and techniques. Requirements: counselor education MA enrollment.
CSED:5222 Counseling Children and Adolescents in Schools 3 s.h. Theory and practice of school-based counseling interventions; child and adolescent development; prevention; special topics. Prerequisites: CSED:5221 or CSED:5278.
CSED:5226 Assessment of Giftedness
3 s.h.
Training and practice in assessment of gifted children. Same as PSQF:5226.
CSED:5230 School Counseling Program Leadership and Management
Comprehensive K-12 school counseling program components and structures; program leadership, planning, accountability; behavioral consultation and collaboration; ethical, multicultural, family considerations.
CSED:5237 Seminar in Gifted Education $\mathbf{2 - 3}$ s.h.
Teaching and counseling needs of gifted students K-12; intensive 10day residential program. Requirements: work as teacher with Belin Fellowship.
CSED:5238 Advanced Seminar in Gifted Education 1 s.h. Supervisory, administrative, and research issues; fellowships for seminar participants.

## CSED:5241 Professional Counseling Orientation and Ethical

 PracticeHistorical, philosophical, legislative, societal, and multicultural overview of mental health process and practice in community-based settings; roles of rehabilitation and mental health professionals, nature of agencies, resources, contemporary issues, and ethics.
CSED:5248 Diagnosis and Treatment Planning for Traditional, Vulnerable, and Special Populations in Counseling 3 s.h. Individual and group approaches to assessment and evaluation, including personal and environmental factors; psychiatric conditions, their diagnostic criteria using the DSM-5, and treatment planning considerations; biopsychosocial and psychiatric rehabilitation models used for case conceptualization and treatment planning, including functional assessment and client-driven rehabilitation planning for community reintegration; special considerations for diagnosing and treating vulnerable and special populations. Requirements: counselor education enrollment.

## CSED:5249 Medical and Psychopathological Aspects of Chronic Illness and Disability

Description, classification, and theoretical perspectives related to psychiatric disorders; models of intervention in community-based settings.

## CSED:5250 Multiculturalism in Helping Professions

Theory and application of multicultural competency in the helping professions; ethical treatment of clients in the context of a multiculturally diverse society; knowledge, skill, self-awareness components relevant for helping practitioners. Requirements: counselor education enrollment.

CSED:5253 Forensic Rehabilitation and Case Management 3 s.h. Orientation to the profession of forensic rehabilitation or forensic vocational rehabilitation; development of knowledge and skills to act as a forensic professional in court proceedings involving persons with disabilities; emphasis on multiple areas of practice including social security determination, marital dissolution, personal injury, worker's compensation, and life care planning; students write expert testimony reports from assigned scenarios of injured workers for attorneys, insurance carriers, and administrative law judges.

## CSED:5254 Assessment and Appraisal

Presentation of materials related to assessment and appraisal for those who plan to work as professional counselors; didactic and experiential activities that enhance a counseling professional's work in the field; specifically, development of skills related to the administration, scoring, and interpretation of basic assessment materials and appraisal in a counseling setting.

## CSED:5278 Applied Microcounseling

Development of basic and advanced counseling skills; preparation for work in education and community settings.
CSED:5280 Topical Seminar in Counselor Education
Special topics dealing with contemporary problems of concern to counselors in specific settings.

## CSED:5300 Culturally Relevant Social and Emotional

Learning 3 s.h.
Social-emotional learning (SEL) focuses on development of student competence in recognizing and managing emotions, developing empathy, making decisions, building relationships, and handling challenging situations; evidence on the impact of effective SEL has driven the introduction of state K-12 SEL standards and competencies; beyond applying principles of SEL, teachers need equitable instructional practices to link principles of learning with an understanding and appreciation for culture; examination of intersection of SEL and culturally relevant pedagogy (CRP); principles and applications of culturally relevant SEL in K-12 schools. Requirements: MA in teaching, leadership, and cultural competency program enrollment.

CSED:5400 Suicide and Crisis Intervention in Counseling 2-3 s.h. Content related to suicide and crisis intervention work; students encounter many crisis situations in a variety of settings as future counselors and the importance of feeling prepared to engage in these situations; students often become leaders within their settings to carry out interventions; theoretical perspectives and techniques in crisis intervention and crisis counseling; history, models, current trends, and systemic issues of crisis counseling.
CSED:6263 Consultation Theory and Practice 3 s.h.
Review of concepts and practice of consultation and collaboration in educational and human services settings; focus on mental health, organizational, behavioral, and instructional models. Same as PSQF:6263.
CSED:6293 Individual Instruction - Graduate arr.

CSED:6300 Practicum in School Counseling 3 s.h.
Supervised experience counseling and consulting in elementary and secondary school settings. Requirements: completion of school counseling core courses.

CSED:6321 Internship in Elementary School Counseling 6,12 s.h.
Supervised placement in an elementary school setting; performance of tasks, responsibilities of an elementary school counselor. Prerequisites: CSED:6300. Requirements: completion of all required school counseling courses.
CSED:6322 Internship in Secondary School Counseling 6,12 s.h. Supervised placement in a secondary school setting; performance of tasks, responsibilities of a secondary school counselor. Prerequisites: CSED:6300. Requirements: completion of all required school counseling courses.

## CSED:6341 Occupational Information, Job Development, and Job

 Placement3 s.h.
Obtaining appropriate jobs for individuals with disabilities who have received rehabilitation services; client, counselor, employer, job specifications.

CSED:6342 Psychosocial Aspects of Health and Disability Across
the Developmental Lifespan
Dynamics of adjustment and coping for persons with chronic illness or those with disabilities through the life span; somatopsychological, psychosocial, and developmental perspectives on disability.
CSED:6345 Winterim Session Field Experiences in Counselingarr. Clinical experiences in mental health or rehabilitation agencies; supervision by faculty supervisor, site supervisor, and doctoral student in individual, triadic, and group formats; consultation between students, faculty supervisors, and site supervisors includes supervision and performance evaluation. Prerequisites: CSED:6346 or CSED:6349 or CSED:7360.
CSED:6346 Practicum in Rehabilitation Counseling 3 s.h.
Clinical preparation to work specifically with persons with mental health and other disabilities in order to effectively promote positive changes in their employment status (where applicable), level of social integration, level of independence, quality of life, and mental health; individual clinical preparation goals established within the parameters of the clinical continuum to ensure skill development and a strong knowledge base, which serve to promote qualified providers of rehabilitation counseling services.
CSED:6347 Internship in Rehabilitation Counseling arr.
Advanced clinical experiences under faculty supervision in a community rehabilitation agency; student interns receive weekly individual and monthly group supervision; emphasis on application of rehabilitation and mental health counseling and case management methods, techniques, and vocational knowledge in work with clients; consultation with professionals, business, and industry as needed to enhance services to persons with disabilities for the purposes of job development/placement and/or independent living rehabilitation. Prerequisites: CSED:6346.

CSED:6349 Practicum in Clinical Mental Health Counseling arr. Experience in a community agency serving individuals with disabilities and mental health disorders, supervised by a certified rehabilitation counselor in an approved site. Prerequisites: CSED:6353.

CSED:6352 Internship in Clinical Mental Health Counseling arr. Full-time clinical experience in rehabilitation and mental health settings; training in wide range of rehabilitation and mental health functions under supervision of a qualified MA counselor with appropriate credentials. Prerequisites: CSED:6349.

## CSED:6353 Pre-Practicum and Case Management in

 CounselingDevelopment of accurate listening, empathy, reflection, and inquiry skills as well as goal setting techniques that are the foundation of counseling work; strong applied and experiential approach with special focus on development of self-awareness dexterity necessary for professionals in clinical mental health counseling; students learn and practice microcounseling skills in class and lab sessions that relate to working with individuals and small groups; applied pre-practicum allows students to work with an analog client as well as didactic instruction.

## CSED:6394 Research and Scholarship Internship <br> 1-3 s.h.

Preparation for comprehensive examination.

## CSED:6500 Research and Program Evaluation 3 s.h.

Introduction to research methods for counselors; research strategies that have dominated counseling literature; key concepts related to development of researchable questions, use and interpretation of quantitative and qualitative analyses, factors impacting design integrity, and use of findings to effect counseling program modifications; focus on essential approaches needed to conceptualize and develop a research proposal.
CSED:7255 Advanced Career Development and Counseling 3 s.h. Major concepts and research evidence about life-span vocational behavior; theories of vocational choice, adjustment, development in a multicultural world.

CSED:7338 Essentials of Qualitative Inquiry 3 s.h.
Principles, processes of qualitative research in education; methods of design, data collection and analysis, interpretation, trustworthiness. Requirements: PhD enrollment.
CSED: 7347 Home/School/Community: System Interventions 3 s.h. Interventions used by school and support system personnel; focus on work with parents, siblings. Same as PSQF:7347.

CSED:7353 Advanced Counseling and Psychotherapy 3 s.h.
Theories, techniques, and ethics of counseling clients with personal and interpersonal problems; ethical and multicultural considerations.
CSED:7360 Advanced Practicum in Counseling
Supervised practice in counseling; intensive analysis of counselor ethics, styles, and methods. Requirements: PhD enrollment, advanced graduate standing in counselor education, and counseling introductory practicum.

## CSED:7380 Internship in Teaching

Supervised college teaching experience in counselor education courses; teaching in collaboration with faculty, observation and critiques of teaching, participation in course planning and evaluation procedures; ethical and multicultural considerations.
CSED:7385 Teaching and Learning in Higher Education 3 s.h. Current theoretical and empirical literature on teaching and learning in higher education; focus on development of effective teaching practice. Same as EDTL:7385, EPLS:7385, GRAD:7385, PSQF:7385.

CSED:7400 Seminar: Ethics and Issues in Counseling 3 s.h. Ethical, professional, and contemporary issues in counseling practice, education, and research. Requirements: counselor education PhD enrollment.

CSED:7438 Advanced Qualitative Research Seminar in Counselor Education

3 s.h.
Exploration of qualitative research at advanced theoretical, practical, and technical level, inside and outside a typical classroom environment; scholarly discussions. Prerequisites: CSED:7338.
CSED:7450 Advanced Social Psychology of Disability 3 s.h.
Disability issues from individual and societal perspectives; psychosocial aspects of disability and disability studies; seminar. Requirements: PhD enrollment.
CSED:7451 Advanced Multiculturalism
3 s.h.
Impact of culture, race, ethnicity, and intersections of identity on counseling in higher education and student affairs settings. Prerequisites: CSED:5250.
CSED:7454 Supervision Theory and Practice 3 s.h.
Conceptual models, ethics, multicultural considerations, research, and program design for counselor supervision and consultation.

CSED:7455 Internship in Supervision
arr.
Supervision of students enrolled in counseling practicum. Prerequisites: CSED:7454.
CSED:7457 Seminar: Professional Orientation to Counselor Education, Supervision, Leadership, and Advocacy 4 s.h Professional orientation for students seeking degrees and employment in counselor education and supervision (CES); analysis of bylaws, competency statements, and professional responsibilities for specialists in CES; identification of key leadership practices; evaluation of leadership principles as applied to CES; development of a plan for future leadership in CES; students analyze needs of client stakeholder groups, evaluate current approaches to advocacy, develop an advocacy plan, and examine their own professional awareness, knowledge, and skill sets for negotiating work/life in academia and/or administration.

## CSED:7458 Seminar: Issues and Trends in Counseling

Research
4 s.h.
Recent trends, including debates and findings in literature related to best practices for the profession. Same as PSQF:7459.

CSED:7460 Seminar: Research in Counseling 3 s.h.
Methods, examples, ethics, multicultural issues, problems of counseling research. Requirements: PhD enrollment. Same as PSQF:7460.

CSED:7461 Practicum in Research arr.
Experience designing and implementing research relevant to student's plan of study, under supervision of counselor education faculty member.
CSED:7465 Internship in Clinical Practice
arr.
Supervised experience in professional counseling, counselor supervision, consultation, and teaching counseling.
CSED:7466 Leadership and Advocacy Internship in Counselor Education
Supervised experience in service learning activities in a variety of settings to build advocacy and leadership skills; leadership skill development opportunities that enhance doctoral students' future potential as counselor education advocates and consultants. Prerequisites: CSED:7360.
CSED:7470 Counselor Education and Supervision Doctoral Integrated Professional Internships 3 s.h. Supervised experience for students enrolled in teaching, research, supervision, leadership and advocacy, and advanced clinical counseling internships. Requirements: PhD in counselor education and supervision enrollment.

CSED:7493 PhD Thesis

## Human Relations, Minor

## Requirements

The undergraduate minor in human relations requires a minimum of 15 s.h. of credit, including 12 s.h. earned at the University of Iowa. Students must maintain a grade-point average of at least 2.50 in all courses for the minor and in all UI courses for the minor. Coursework in the minor may not be taken pass/nonpass, but may count toward the minor if offered as $\mathrm{S} / \mathrm{U}$ or $\mathrm{S} / \mathrm{F}$. Transfer credit must be approved by the chair of the Department of Counselor Education in order to count toward the minor.

The minor is open to all University of Iowa students enrolled in an undergraduate degree program.

The minor in human relations requires the following coursework.

| Course \# | Title | Hours |
| :---: | :---: | :---: |
| This course: |  |  |
| CSED:4199 | Counseling for Related Professions | 3 |
| At least 12 s.h. from these: |  |  |
| CSED:2081 | Making a VocationalEducational Choice | 2-3 |
| CSED:4110 | Psychology of Food and Mood | 3 |
| CSED:4111 | Building Leadership and Success at Work | 3 |
| CSED:4112 | How to Interview to Get That Job! | 3 |
| CSED:4113 | Sleep, Sleep Deprivation, and Sleep Disorders | 3 |
| CSED:4114 | Psychology of Body <br> Modification and Self-Image | 3 |
| CSED:4130 | Human Sexuality | 3 |
| CSED:4131 | Loss, Death, and Bereavement | 3 |
| CSED:4132 | Introduction to Addictions and Impulse Control Disorders | 3 |
| CSED:4140 | Foundations of Leadership for Community Agencies | 3 |
| CSED:4145 | Marriage and Family Interaction | 3 |
| CSED:4162 | Introduction to Couple and Family Therapy | 3 |
| CSED:4173 | Trauma Across the Lifespan | 3 |
| CSED:4174 | Positive Psychology | 3 |
| CSED:4175 | Motivational Interviewing | 3 |
| CSED:4176 | Child Abuse: Assessment, Intervention, and Advocacy | 3 |
| CSED:4178 | Microcounseling | 3 |
| CSED:4179 | Sexuality Within the Helping Professions | 3 |
| CSED:4180 | Topical Seminar for Helping Professionals | 3 |
| CSED:4185 | Introduction to Substance Abuse | 3 |
| CSED:4187 | Introduction to Assistive Technology | 3 |
| CSED:4193 | Individual Instruction Undergraduate | arr. |
| CSED:4194 | Interpersonal Effectiveness | 3 |
| CSED:4195 | Ethics in Human Relations and Counseling | 3 |

| CSED:4197 | Citizenship in a Multicultural <br> Society | 3 |
| :--- | :--- | ---: |
| EALL:4130 | Introduction to Grant Writing | 3 |
| EPLS:4150 | Leadership and Public Service I | 3 |
| EPLS:4151 | Leadership and Public Service <br> II | 2 |
| EPLS:4180 | Human Relations for the <br> Classroom Teacher (requires <br> special permission for students <br> not enrolled in TEP) | 3 |
| PSQF:2115 | Introduction to Counseling <br> Psychology | 3 |
| PSQF:2116 | Applied Child and Adolescent <br> Psychology | 3 |
| SSW:3700 | Introduction to Understanding <br> Trauma and Resilience | 3 |

Contact the Department of Counselor Education for more information about the minor.

## Counselor Education, MA

## Maintaining Good Standing

MA students in the Department of Counselor Education must meet the following standards in order to remain in their degree programs and advance to candidacy and remain a candidate for a degree:

- maintain a grade-point average (GPA) of at least 3.00;
- successfully complete practicums and internships;
- maintain professional behavior consistent with the ACA Code of Ethics (American Counseling Association) and any additional code of professional ethics adhered to in any agency in which a student completes a practicum or internship; and
- demonstrate progress toward the degree through successful completion of semester hours specified in the curriculum plan and active registration each session (exceptions may be approved by the advisor).

Each student's academic and professional progress is reviewed annually. A written report is provided to the student and a copy is placed in the student's department file.

## Probational Status

Students who earn a cumulative GPA lower than 3.00 are placed on probational status and are notified in writing. Students on probational status have two consecutive sessions to raise their GPA to the established standard. If that requirement is not met, a student may be removed from the program. Students are allowed one probational status during their program of study.

## Learning Outcomes

## Counselor Education Standards

The following are the standards of the Department of Counselor Education at the University of Iowa, which are the key performance indicators for MA students.

- acquire the awareness, knowledge, and skills of a professional counselor and/or counselor educator;
- develop a process of ongoing reflective practice in relation to cultural humility and the profession's multicultural, social justice, and ethical counseling competencies and education;
- develop counseling skills that will address problems in living from a developmental/life span approach;
- cultivate a commitment to ethical practices and behavior in counseling, counselor education, supervision, and research; and
- acquire an understanding of the social, vocational, educational, and psychological needs of individuals served in various settings such as schools, vocational, or counseling centers.

## Clinical Mental Health Counseling

The Master of Arts program in counselor education with a clinical mental health counseling subprogram requires a minimum of 60 s.h. of graduate credit. Students must maintain a cumulative grade-point average of at least 3.00 . Full-time students can complete the program in approximately 20 months (four semesters).

The program prepares professional counselors to provide assistance with psychological wellness through flexible, consumer-oriented therapy to individuals experiencing various problems in living, including mental disorders and substance abuse. They combine traditional psychotherapy with a practical, problem-solving approach that creates a dynamic efficient path for change and problem resolution.

Clinical mental health counselors work in a variety of settings, including public government agencies; private practice; community mental health agencies; managed behavioral health care organizations; integrated delivery systems; hospitals, including the Veteran's Administration; employee assistance programs; and substance abuse treatment centers. They provide interventions designed to help individuals with their immediate needs such as assessment and diagnosis, psychotherapy, treatment planning, brief and solutionfocused therapy, alcoholism and substance abuse treatment, psychoeducational and prevention, and crisis management.
The MA subprogram in clinical mental health counseling is accredited by the Council for Accreditation of Counseling and Related Educational Programs (CACREP). Graduates of the program are eligible for certification by the National Board for Certified Counselors. By completing the program's coursework, students also complete the courses they must take in order to apply for licensure as mental health counselors in Iowa.

The curriculum blends academic work with supervised clinical experiences. Students take practicum and internship concurrently with academic courses. The program concludes with a full-time internship (40 hours per week) during a spring semester. Students are assigned to mental health agencies or facilities that meet CACREP accreditation standards and that have programs or clientele who match a student's interests and educational objectives. Clinical placements require criminal background checks. Supervised practicums, internships, and comprehensive examinations are not offered during summer sessions.

The MA in counselor education with a clinical mental health counseling subprogram requires the following work.

## Required Courses

| Course \# | Title | Hours |
| :---: | :---: | :---: |
| All of these: |  |  |
| CSED:5202 | Introduction to Group Counseling | 3 |
| CSED:5203 | Career Development and Counseling | 3 |
| CSED:5221 | Theories of Counseling and Human Development Across the Life Span | 3 |
| CSED:5241 | Professional Counseling Orientation and Ethical Practice | 3 |
| CSED:5248 | Diagnosis and Treatment Planning for Traditional, Vulnerable, and Special Populations in Counseling | 3 |
| CSED:5249 | Medical and Psychopathological Aspects of Chronic Illness and Disability | 3 |
| CSED:5250 | Multiculturalism in Helping Professions | 3 |
| CSED:5254 | Assessment and Appraisal | 3 |
| CSED:5278 | Applied Microcounseling | 3 |
| CSED:6342 | Psychosocial Aspects of Health and Disability Across the Developmental Lifespan | 3 |
| CSED:6349 | Practicum in Clinical Mental Health Counseling | 3 |
| CSED:6352 | Internship in Clinical Mental Health Counseling | 12 |
| CSED:6353 | Pre-Practicum and Case Management in Counseling | 3 |

CSED:6500 | Research and Program |
| :--- | :--- |
| Evaluation |

## Electives

| Course \# | Title | Hours |
| :---: | :---: | :---: |
| At least three of these ( 9 s.h.), in consultation with advisor: |  |  |
| CSED:4110 | Psychology of Food and Mood | 3 |
| CSED:4113 | Sleep, Sleep Deprivation, and Sleep Disorders | 3 |
| CSED:4114 | Psychology of Body <br> Modification and Self-Image | 3 |
| CSED:4130 | Human Sexuality | 3 |
| CSED:4131 | Loss, Death, and Bereavement | 3 |
| CSED:4132 | Introduction to Addictions and Impulse Control Disorders | 3 |
| CSED:4162 | Introduction to Couple and Family Therapy | 3 |
| CSED:4173 | Trauma Across the Lifespan | 3 |
| CSED:4174 | Positive Psychology | 3 |
| CSED:4175 | Motivational Interviewing | 3 |
| CSED:4176 | Child Abuse: Assessment, Intervention, and Advocacy | 3 |
| CSED:4179 | Sexuality Within the Helping Professions | 3 |
| CSED:4185 | Introduction to Substance Abuse | 3 |
| CSED:4187 | Introduction to Assistive Technology | 3 |
| CSED:5280 | Topical Seminar in Counselor Education (may be taken more than once if the topic differs) | arr. |

## Comprehensive Examination

The comprehensive examination consists of a departmental comprehensive examination on the process and practice of clinical mental health counseling. Exams are offered only during fall and spring semesters.

## Admission

Applicants must meet the department's general admission requirements. They should have a good academic record and relevant experiences. No specific undergraduate major area of study is required for the MA program, but a major in one of the social sciences is considered good preparation. The Graduate Record Exam (GRE) General Test (verbal and quantitative) is required. Postbaccalaureate work and volunteer experiences relevant to the field of mental health counseling is preferred. The program encourages applications from persons historically underrepresented in the field, particularly those with a disability and/or members of underrepresented groups. A personal interview is required, either in person or by telephone.
Applications for full-time study are accepted for fall semester entry; applications for full-time study are reviewed beginning Jan. 15. Applications for part-time study are accepted for fall and spring semesters and are considered when class space permits.

Students pursue a sequenced plan of study that begins in the fall semester. Although students may be admitted for any semester, the program highly recommends that full-time students begin in the fall.

## Rehabilitation Counseling Program

The Master of Arts program in counselor education with a rehabilitation counseling subprogram requires a minimum of 60 s.h.
of graduate credit. Students must maintain a cumulative grade-point average of at least 3.00 . Full-time students can complete the program in approximately 20 months (four semesters).

The program prepares professional counselors to provide assistance in psychological wellness, employment, independent living, and personal or economic development to persons with disabilities and other individuals who encounter barriers in meeting their own functional needs.

Rehabilitation counselors work in a variety of settings, including public agencies such as state vocational rehabilitation programs and Veterans Affairs vocational rehabilitation programs, independent living centers, community-based rehabilitation centers and supported employment, psychiatric rehabilitation programs, transition from school to work programs, and private for-profit worker's compensation and insurance rehabilitation agencies. They provide interventions designed to help persons with disabilities adapt to the demands of their environments. They also prepare the environments to accommodate an individual's needs. Assessment, personal and vocational counseling, development of rehabilitation and treatment plans, case management, service coordination, psychosocial adjustment, job development, placement, and follow-up are typical services that rehabilitation counselors provide.

The program in rehabilitation counseling is accredited by the Council for Accreditation of Counseling and Related Educational Programs (CACREP). Graduates of the program are eligible for certification by the Commission on Rehabilitation Counselor Certification (CRCC).
The curriculum blends academic work with supervised clinical experiences. Students take one semester of practicum and one semester of internship concurrently with academic courses. The program concludes with a full-time internship (40 hours per week) during a spring semester. Students are assigned to rehabilitation agencies or facilities that meet CACREP accreditation standards and that have programs or clientele who match a student's interests and educational objectives. Clinical placements require criminal background checks. Supervised practicums, internships, and comprehensive examinations are not offered during summer sessions.

The MA in counselor education with a rehabilitation counseling subprogram requires the following work.

## Comprehensive Examination

The comprehensive examination consists of a departmental comprehensive examination on the process and practice of rehabilitation counseling. Exams are offered only during fall and spring semesters.

## Admission

Applicants must meet the department's general admission requirements. They should have a good academic record and relevant experience such as assisting individuals with disabilities. No specific undergraduate major area of study is required for the MA program, but a major in one of the social sciences is considered good preparation. The Graduate Record Exam (GRE) General Test (verbal and quantitative) is required. Postbaccalaureate work experience relevant to the field of rehabilitation counseling is preferred.
The program encourages applications from persons traditionally underrepresented in the field, particularly those with a disability and/ or members of minority or ethnic groups. A personal interview is required, either in person or by telephone.
Applications for full-time study are accepted for fall semester entry; applications for full-time study are reviewed beginning March 1. Applications for part-time study are accepted for fall and spring semesters and are considered when class space permits.

Students pursue a sequenced plan of study that begins in the fall semester. Although students may be admitted for any semester, the program highly recommends that full-time students begin in the fall.

## School Counseling

The Master of Arts program in counselor education with a school counseling subprogram requires a minimum of 60 s.h. of graduate credit. Students must maintain a cumulative grade-point average (GPA) of at least 3.00.

The program prepares individuals to work effectively as counselors in $\mathrm{K}-12$ school settings. It is accredited by the Council for Accreditation of Counseling and Related Educational Programs (CACREP). Successful graduates are eligible for $\mathrm{K}-12$ school counselor licensure in Iowa.

During the first few semesters, students take core counseling courses, including coursework focusing on counseling children and adolescents, school counseling programs, and courses focusing on clinical practice in the schools (practicum and internship). Students are expected to complete at least 100 clock hours in practicum and 600 clock hours in internship activities in an approved school setting, under the supervision of an experienced licensed school counselor and a university faculty supervisor.

Students who enter without teaching licensure are required to take the following classes in education: EPLS:3000 Foundations of Education and EDTL:4900 Foundations of Special Education.

Students must complete program and department core courses as outlined on the Department of Counselor Education website before enrolling in CSED:6300 Practicum in School Counseling for the fall semester of their second year in the program. All students are required to complete a background check the semester before they enroll in the practicum. Students who are not licensed teachers must complete coursework in education before enrolling in the practicum.

Each student's progress is reviewed periodically by the major advisor and yearly by the school counseling program. Students who have successfully completed all prerequisites for CSED:6300 Practicum in School Counseling are reviewed in the semester before they take the practicum course, to assure that they are prepared for it. Additionally, students are evaluated to assure their readiness for the internship CSED:6321 Internship in Elementary School Counseling or CSED:6322 Internship in Secondary School Counseling, which requires assignment in approved schools for the fall and/or spring semesters.
The MA in counselor education with a school counseling subprogram requires the following courses.

## Required Courses

The following schedule of required courses reflects a two-year program of study. Students who do not have teacher licensure are required to complete the following courses in education: EPLS:3000 Foundations of Education and EDTL:4900 Foundations of Special Education. Students who have completed the required courses should consult with their advisor regarding electives in order to fulfill the 60 s.h. requirement.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| CSED:4137 | Introduction to Educating Gifted | 3 |
| CSED:5200 | Students |  |
| Crofessional School Counselor | 3 |  |
| CSED:5202 | Introduction to Group <br> Counseling | 3 |
| CSED:5203 | Career Development and <br> Counseling | 3 |

| CSED:5250 | Multiculturalism in Helping Professions | 3 |
| CSED:5254 | Assessment and Appraisal | 3 |
| CSED:5278 | Applied Microcounseling | 3 |
| CSED:6300 | Practicum in School Counseling | 3 |
| CSED:6321 | Internship in Elementary School Counseling (consult advisor for options) | 2 |
| or CSED:6322 | Internship in Secondary School Counseling |  |
| CSED:6500 | Research and Program Evaluation | 3 |
| EDTL:4940 | Characteristics of Disabilities | 3 |
| Electives (consult | isor) | 6 |

## Comprehensive Examination

The comprehensive examination consists of a departmental comprehensive examination on the process and practice of professional school counseling. Exams are offered only during fall and spring semesters.

## Admission

Applicants must meet the department's general admission requirements. They should have an undergraduate GPA of 3.00 or higher. The department prefers that applicants have either one year of teaching experience or other successful experiences with children and/or adolescents, which they must document in a written statement. Graduate Record Exam (GRE) General Test scores must be on file at the university (however, the GRE requirement has been suspended for the 2023-24 admissions cycle).
Applications are accepted for summer and fall entry and should be submitted by Feb. 1.

## Academic Plans

## Sample Plan of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.

a Students who enter without teaching licensure are required to take the following classes in education: EPLS:3000 and EDTL:4900; these two courses do not count towards the 60 s.h. required to complete the degree.
b Prior to fall 2018 a minimum of 57 s.h. were required for degree completion. Therefore, students admitted prior to fall 2018 will complete 57 s.h. and will not be held to the 60 s.h. requirement.
c Students must complete specific requirements in the University of Iowa Graduate College after program admission. Refer to the

Graduate College website and the Manual of Rules and Regulations for more information.
d Work with academic advisor to determine appropriate graduate electives and sequence.
e The comprehensive examination consists of a departmental comprehensive examination on the process and practice of professional school counseling. Exams are offered only during fall and spring semesters.

## Counselor Education, PhD

## Maintaining Good Standing

PhD students in the Department of Counselor Education must meet the following standards in order to remain in their degree programs and advance to candidacy and remain a candidate for a degree:

- maintain a grade-point average (GPA) of at least 3.00;
- successfully complete a practicum, internship, or equivalent professional experience;
- maintain professional behavior consistent with the ACA Code of Ethics (American Counseling Association) and any additional code of professional ethics adhered to in any agency in which a student completes a practicum or internship; and
- demonstrate progress toward the degree through successful completion of semester hours specified in the curriculum plan and active registration each session (exceptions may be approved by the advisor).
Each student's academic and professional progress is reviewed annually. A written report is provided to the student and a copy is placed in the student's department file.

## Probational Status

Students who earn a cumulative GPA lower than 3.00 are placed on probational status and are notified in writing. Students on probational status have two consecutive sessions to raise their grade-point average to the established standard. If that requirement is not met, a student may be removed from the program. Students are allowed one probational status during their program of study.

## Learning Outcomes

## Counselor Education Standards

The following are the standards of the Department of Counselor Education at the University of Iowa, which are the key performance indicators for PhD students:

- acquire the awareness, knowledge, and skills of a professional counselor and/or counselor educator;
- develop a process of ongoing reflective practice in relation to cultural humility and the profession's multicultural, social justice, and ethical counseling competencies and education;
- develop counseling skills that will address problems in living from a developmental/life span approach;
- cultivate a commitment to ethical practices and behavior in counseling, counselor education, supervision, and research; and
- acquire an understanding of the social, vocational, educational, and psychological needs of individuals served in various settings such as schools, vocational, or counseling centers.

## Requirements

The Doctor of Philosophy program in counselor education with a counselor education and supervision (CES) subprogram requires a minimum of 72 s.h. of graduate credit. The program provides students with knowledge and skills related to general counseling (including mental health and school counseling), teaching, consulting, supervising counselors, and conducting research. Graduates enter professional work as counselors, counselor supervisors, counselor educators, researchers and/or consultants, or work in other positions requiring expertise in human relations. Students may choose an emphasis in an area agreed upon by faculty advisors.

Counselor education and supervision graduates are prepared to teach the knowledge and skills required of professional counselors
and to supervise beginning and advanced counselors, perform counseling interventions with individuals and groups, and teach human relations skills in colleges or universities. They provide professional consultation with counseling practitioners, educators, and policymakers about counseling program development and evaluation. They also may perform research that contributes to knowledge about counseling, supervision, and counselor education.
The program is accredited by the Council for Accreditation of Counseling and Related Educational Programs (CACREP). The American Counseling Association (ACA), the Association for Counselor Education and Supervision (ACES), and The National Council on Rehabilitation Education (NCRE) are the professional organizations most related to program activities.

Curriculum includes required courses in counseling, in research tools and applications, and a dissertation.

Most students complete their coursework in three years and take a fourth year to complete the dissertation. Students who have not completed a master's degree program approved by the Council for Accreditation of Counseling and Related Educational Programs (CACREP) may need to remedy deficiencies by taking appropriate coursework at the master's degree level.

The PhD in counselor education with a counselor education and supervision subprogram requires the following work.

## Required Courses

| Course \# | Title | Hours |
| :---: | :---: | :---: |
| All of these: |  |  |
| CSED:6394 | Research and Scholarship Internship | 1-3 |
| CSED:7255 | Advanced Career Development and Counseling | 3 |
| CSED:7338 | Essentials of Qualitative Inquiry (or collegiate equivalent) | 3 |
| CSED:7353 | Advanced Counseling and Psychotherapy | 3 |
| CSED:7360 | Advanced Practicum in Counseling | 3 |
| CSED:7380 | Internship in Teaching | 3 |
| CSED:7385 | Teaching and Learning in Higher Education | 3 |
| or PSQF:6217 | Seminar in College Teaching |  |
| CSED:7400 | Seminar: Ethics and Issues in Counseling | 3 |
| CSED:7450 | Advanced Social Psychology of Disability | 3 |
| CSED:7451 | Advanced Multiculturalism | 3 |
| CSED:7454 | Supervision Theory and Practice | 3 |
| CSED:7455 | Internship in Supervision | 3 |
| CSED:7457 | Seminar: Professional Orientation to Counselor Education, Supervision, Leadership, and Advocacy | 4 |
| CSED:7458 | Seminar: Issues and Trends in Counseling Research | 4 |
| CSED:7460 | Seminar: Research in Counseling | 3 |
| CSED:7470 | Counselor Education and Supervision Doctoral Integrated Professional Internships | 3 |
| PSQF:6243 | Intermediate Statistical Methods | 3 |
| PSQF:6265 | Program Evaluation | 3 |

## Required Research Courses

Students must complete a specific sequence of research courses which include distributed coursework in both qualitative and quantitative areas. In consultation with the academic advisor, they select from basic and advanced doctoral research courses listed under CES Doctoral Research Requirements on the Department of Counselor Education website.

## Elective Minor Area

Students can elect to take a series of courses, typically a minimum of three, outside the Department of Counselor Education (in consultation with a major and minor advisor) to enhance and support their teaching and research interests.

## Master's Thesis Project or Equivalent

Students are required to submit a previously conducted master's thesis for faculty review and approval or to complete a new supervised experiential research project before taking comprehensive exams. Students without an approved MA or MS thesis enroll in the following.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| CSED:6394 | Research and Scholarship | $1-3$ |
|  | Internship |  |

## Comprehensive Examination

The comprehensive examination consists of an oral defense of a student's portfolio, which covers six professional competency domains in counselor education, and an exam on the minor area. The examination may be taken during a student's final semester of coursework, which typically includes an internship.

## Dissertation

The major research project culminating in the doctoral thesis may be on any topic related to counseling and counselor education. The thesis advisor and the examining committee approve the topic and procedures at a formal prospectus meeting. The final oral examination on the thesis is conducted by the examining committee. Students usually earn 10 s.h. for dissertation work, but in some instances they may earn up to 15 s.h. The dissertation committee must include at least two counselor education and supervision faculty members.

| Course \# | Title | Hours |
| :--- | :--- | :---: |
| CSED:7493 | PhD Thesis | $10-15$ |

## Admission

Applicants must meet the department's general admission requirements. In addition, applicants must provide evidence of successful experience in counseling or a closely related profession. Applicants without experience may be admitted if their credentials indicate exceptional strengths.
Applicants also must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations on the Graduate College website.
Students may be admitted for fall, spring, or summer entry, but the department strongly advises application for fall entry. Consideration of applications begins Jan. 15 for fall entry; all application materials should be received by this date.

## Academic Plans

## Sample Plan of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.

# Educational Policy and Leadership Studies 

Interim Chair

- Kenneth G. Brown

Program Coordinator, Educational Leadership

- Lisa A. Kieffer-Haverkamp

## Program Coordinator, Higher Education and Student Affairs

- Katharine Broton

## Program Coordinator, EdD Program

- Brooke L. Strahn-Koller

Graduate degrees: MA in educational policy and leadership studies; EdS in educational policy and leadership studies; EdD in educational policy and leadership studies; PhD in educational policy and leadership studies
Faculty: https://education.uiowa.edu/directory
Website: https://education.uiowa.edu/about/administration/ department-educational-policy-and-leadership-studies

The Department of Educational Policy and Leadership Studies offers academic programs that prepare administrators, professional personnel, teachers, and researchers in the fields of educational leadership, higher education and student affairs, and schools, culture, and society. The department also offers combined programs with other College of Education departments and with other University of Iowa colleges.

The department offers graduate degree programs in several major areas within educational policy and leadership studies:

- educational leadership (offered in the MA, EdS, and PhD);
- higher education (offered in the EdD);
- higher education and student affairs (offered in the MA, EdS, and PhD); and
- PK-12 administration (offered in the EdD).

The areas are described below under "Graduate Study Areas," followed by information about each degree program.
Applicants for admission to graduate degree programs must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations on the Graduate College website.

## Graduate Study Areas

## Educational Leadership

Study in educational leadership prepares individuals for leadership positions. In addition to graduate degree programs, the area includes principal licensure and superintendent endorsement. See the Master of Arts [p. 1316], Specialist in Education [p. 1319], Doctor of Education [p. 1321], and the Doctor of Philosophy [p. 1324] in this section of the catalog.

## Licensure

To be eligible for recommendation by the University of Iowa for licensure in Iowa as a principal or superintendent/area education agency administrator, students must complete the appropriate program. The specific requirements for each program are available from the Department of Educational Policy and Leadership Studies and the Office of Student Services. Students who hold an MA must
satisfy all core requirements and must complete at the University of Iowa the minimum semester-hour program for each licensure level they seek. Because each administrative license has specific requirements, candidates are required to plan their programs with their advisors' approval.

## Superintendent Endorsement

The superintendent endorsement curriculum is designed to prepare individuals for licensure as a school superintendent (pre-K-12) as well as for other school district leadership positions; for the chief administrator position in Iowa's area education agencies (AEA) as well as other AEA leadership positions; and for leadership positions in state or federal departments of education and related agencies. The superintendent endorsement requires a total of 30 s.h. of credit.

Students in the endorsement program must have an Iowa administrator license. They obtain the superintendent endorsement (State of Iowa endorsement 171) upon completing the required EdS coursework and at least three years of principal experience.

## Higher Education

The higher education program prepares educational leaders to be scholar practitioners who apply the knowledge, skills, and inquiry strategies to solve significant problems related to educational policies and practices in higher education. See the Doctor of Education [p. 1321] in this section of the catalog.

## Higher Education and Student Affairs

Advanced study in higher education and student affairs draws upon diverse perspectives from varied disciplines and professional fields to analyze critical issues and policies and their effects on students, faculty, administrators, staff, and other members of the higher education community. It also explores the complex interactive relationships among institutions of higher education, the external environment, and society at large.
The higher education and student affairs (HESA) program coalesces around a shared sense of responsibility to produce research and spark innovative thinking that addresses the contemporary challenges and persistent inequities permeating higher education. HESA offers educational leaders, scholars, and practitioners comprehensive expertise built from a range of intellectual traditions. Faculty have diverse philosophies, methods, disciplinary training, and personal backgrounds, ensuring students gain a deep understanding and interconnected view of the field.

Graduate degree programs in higher education and student affairs prepare professionals and scholar practitioners to serve as administrators, researchers, educators, and analysts in institutions of higher and postsecondary education and in related public and private agencies. See the Master of Arts [p. 1316], Specialist in Education [p. 1319], and the Doctor of Philosophy [p. 1324] in this section of the catalog.

## PK-12 Administration

The PK-12 administration program prepares educational leaders to be scholar practitioners who apply the knowledge, skills, and inquiry strategies to solve significant problems related to educational policies and practices in $\mathrm{PK}-12$ educational settings. In addition to the graduate degree, individuals may complete requirements for superintendent endorsement. See the Doctor of Education [p. 1321] in this section of the catalog.

## Graduate Certificates

## Institutional Research and Effectiveness

The graduate Certificate in Institutional Research and Effectiveness develops skills in institutional research appropriate to the education sector, and for fields and professional settings that are associated with
educational interventions, programs, and outcomes. The certificate is offered by the Department of Educational Policy and Leadership Studies. To learn more, see the Certificate in Institutional Research and Effectiveness [p. 1329] in the catalog.

## K-12 Equity and Inclusion

The graduate Certificate in K-12 Equity and Inclusion provides educational professionals or nondegree-seeking students currently working in K-12 schools, districts, and area education agencies expertise in equity and inclusion to better support the needs and interests of a diversifying $\mathrm{K}-12$ student population. The certificate is offered by the Department of Educational Policy and Leadership Studies. For more information, see the Certificate in K-12 Equity and Inclusion [p. 1331] in the catalog.

## Programs

## Graduate Programs of Study

## Majors

- Master of Arts in Educational Policy and Leadership Studies [p. 1315]
- Specialist in Education in Educational Policy and Leadership Studies [p. 1318]
- Doctor of Education in Educational Policy and Leadership Studies [p. 1321]
- Doctor of Philosophy in Educational Policy and Leadership Studies [p. 1324]

## Courses <br> Educational Policy and Leadership Studies Courses

## EPLS:1029 First-Year Seminar <br> 1 s.h.

Small discussion class taught by a faculty member; topics chosen by instructor; may include outside activities (e.g., films, lectures, performances, readings, visits to research facilities). Requirements: first- or second-semester standing.

## EPLS:1240 Finding Your Path in Higher Education 3 s.h.

Overview of the liberal arts experience in higher education; theories of student success, socialization, and development; history of American liberal education; issues of diversity, equity, and social justice including privileged and marginalized identities, structural oppression, racism, classicism, sexism, abelism, and genderism; organizational structures of higher education. GE: Diversity and Inclusion.

## EPLS:2098 The Student Affairs Profession

3 s.h.
Introduction to field of student affairs in context of higher education; focus on foundations of profession, including a brief history of field, professional associations, institutional differences, professional and ethical standards, functional areas in higher education, student learning and developmental theory, overview of graduate preparation, and current topics.
EPLS:3000 Foundations of Education
Overview of American education, preschool through secondary; aims, history, philosophy of education; professional ethics, legal responsibilities; school curriculum, organization, finance, school law, political and social issues.
EPLS:3240 Undergraduate Topics in Education
Seminar for extensive study of an education topic or issue.

EPLS:4110 Administration and Policy in Gifted Education 2 s.h. Policy, administrative, evaluation issues in developing and maintaining gifted programs in a school setting; participants develop gifted program and policies for a school; for school executives and coordinators of gifted programs.

## EPLS:4111 Evaluation of Gifted Programs

Fundamentals of program evaluation essential for exemplary gifted programs.
EPLS:4113 Staff Development for Gifted Programs 1 s.h. Planning, content, and delivery of staff development regarding gifted students and their needs.

EPLS:4150 Leadership and Public Service I
3 s.h.
Preparation for providing public service to a local community; leadership skills for effective mentoring of children in grades 6-10.
EPLS:4151 Leadership and Public Service II 2 s.h.
Preparation to provide leadership and public service to a local community agency; being a leader and a public servant in the context of societal oppressions such as racism, sexism, able-bodyism; part of the human relations minor. Prerequisites: EPLS:4150.
EPLS:4180 Human Relations for the Classroom Teacher 3 s.h. Influence of social factors such as discrimination, diversity, equity, racism, sexism, and ethnic and socioeconomic pluralism on American schools and classrooms; for teacher education candidates. GE: Values and Culture.

EPLS:4200 Diversity and Inclusion in Athletics 3 s.h.
Diversity and inclusion as major issues for coaches, sports managers, physical activity professionals, and athletic administration staff in their workplaces; define, discuss, and analyze effects of diversity and inclusion in the athletic organizational environment; experience of underrepresented groups in sport settings, covering differences of religion, race, ethnic origins, gender, sex, ability, appearance, and age; understanding power differences, based on diversity within an organizational environment, that help future leaders implement successful practices inclusive of all persons. Requirements: undergraduate standing and enrollment in interscholastic athletics/ activities director certificate program.
EPLS:5090 Instructional Coaching for Teaching Excellence 3 s.h. Dynamics of coaching to improve K-12 classroom teaching; appropriate for aspiring teacher leaders. Requirements: admission to the online MA in teaching program.

EPLS:5100 Issues and Policies in Higher Education 3 s.h. Development of the idea of a university; selected functions, issues, policies of American higher education.
EPLS:5102 History of American Education
3 s.h.
Purposes of public education, diversity, and control of schooling from a historical perspective; emphasis on conflicting interpretations of pivotal events and educational movements; connections between educational policies and larger historical developments.

EPLS:5123 History of Ethnic/Minority Education 2-3 s.h. Educational histories of American ethnic and minority groups; comprehensive understanding of American educational history, context for contemporary educational policy discussions.

EPLS:5126 Twentieth-Century Educational Movements 2-3 s.h. Current educational policy debates concerning diversity and equity, historical roots of these policies; historical context for 20th-century equal education opportunity movements.

EPLS:5130 Sociology of Education
Effects of school and school organization on educational outcomes; course-taking patterns and tracking, desegregation, differences in school sector; focus on entire span of student's academic career; examination of school and organizational effects at the primary, secondary, and postsecondary levels of education. Same as SOC:5130.

EPLS:5134 Education and the World of Work
Relationship between education and work in individual and organizational behavior, and between educational and economic systems; economics, psychology, sociology, education.

## EPLS:5142 Sociology of Higher Education

Sociological approach to study of higher education; issues of inequality and stratification in higher education; focus on relationship between higher education and larger economic and demographic processes; college access, college destinations, attainment, and returns to a college degree. Same as SOC:5680.

EPLS:5165 Introduction to Program and Project Evaluation 3 s.h. Skills and knowledge required for conducting evaluations of products, projects, and programs; recent scholarship on evaluation and project management. Same as PSQF:5165.

## EPLS:5210 Education and Social Change 2-3 s.h.

Role of educational institutions, in connection with political and economic structures, in the process of social change; illumination of theories of social change through case studies of educational systems in both less-developed and industrialized nations. Same as SOC:5810.
EPLS:5240 Topics in Education
Seminar for intensive study of one problem, issue, or work field.

## EPLS:5245 The American Professoriate

Research on college and university faculty members; perspectives on faculty careers, values, beliefs, role in shared governance; tenure process and policies; issues unique to faculty members of color and women faculty members.
EPLS:5247 Multiculturalism in Higher Education
Theory and application of multicultural competency in higher education.

## EPLS:5250 Introduction to Higher Education and Student

 AffairsFoundations of student affairs work; overview of institutional cultures, legal issues, ethical principles, standards of practice in student affairs.
EPLS:5251 College Students and Their Environments 3 s.h. Characteristics of college students and issues they face; students' institutional, social, cultural environments; impact of environments on student learning, development.

## EPLS:5252 Administration of Higher Education and Student

 AffairsAdministrative structures and processes in higher education settings.
Requirements: higher education and student affairs major.

## EPLS:5253 Research, Assessment, and Evaluation in Higher

 EducationTheories, practices, and issues relevant to assessment of student outcomes and institutional effectiveness in higher education; basic overview of research, assessment, and evaluation; elements of assessment design, including methods for data collection and analysis; relevant ethical and political dilemmas; practical assessment activities. Requirements: MA standing in higher education and student affairs program.
EPLS:5278 Helping Skills in Student Affairs Work
3 s.h.
Development of ability to identify, understand, and intentionally apply the active attending and influencing skills; readings and class presentations.
EPLS:6201 Foundations of School Administration 3 s.h.
Organization and administration of American public education; principles and concepts of leadership and organizations;
socioeconomic, political, and professional factors relating to education and school administration.

3 s.h.

2-3 s.h. EPLS:6206 Research Process and Design 3 s.h.
Research process, with emphasis on fundamentals of experimental design, internal and external validity, correlational designs, and statistical inference.
EPLS:6209 Survey Research and Design 3 s.h.
Survey design and implementation; writing and evaluation of survey questions; error in survey research; techniques to reduce error; sampling; postcollection processing of survey data. Prerequisites: EPLS:6206 or PSQF:4143. Same as PSQF:6209.
EPLS:6216 Finance in Higher Education 3 s.h.
Theory, research, policy, and practice related to public and private funding of higher and postsecondary education.
EPLS:6217 Theory and Practice of Leadership 2-3 s.h.
Theory-based literature and critiques of leadership as applied to educational institutions.

EPLS:6218 The Law and Higher Education 3 s.h.
The role of law as it affects postsecondary institutions; analysis of case law in specific areas of concern to administrators, faculty, staff, students.

## EPLS:6220 History of Higher Education

3 s.h.
History of postsecondary education in the United States; emphasis on conflicting interpretations of pivotal developments; consideration of access, curriculum, student life, academic freedom, role of universities in society, and balance of teaching, research and service from a historical perspective.
EPLS:6221 The College Curriculum
3 s.h.
Issues, principles, policies, and practices in college curriculum development; diverse philosophical, historical, cultural, social, psychological, political foundations of contemporary college curricula; perspectives on and models of college curriculum, related processes of teaching and learning; principles and practices that guide design and change of higher education curriculum.
EPLS:6222 Introduction to Educational Policy 3 s.h.
Theoretical and technical approaches to analysis and evaluation of contemporary public policies.

## EPLS:6224 Organizational Theory and Administrative

 Behavior3 s.h.
Theories and concepts of organizational behavior applied in structural, organizational, administrative contexts of American education.
EPLS:6225 Higher Education Policy 3 s.h.
Overview of state level higher education structures and policies; research on state level policy processes.
EPLS:6226 Educational Management 2-3 s.h.
Literature and research on management; emphasis on American education.
EPLS:6228 K-12 Education Finance and Policy 3 s.h.
Emphasis on policy funding and finance for administration and management in education and other settings.
EPLS:6236 Special Education Administration 3 s.h.
Builds a foundation of dispositions, knowledge, and skills for tasks performed by directors of special education, building leaders, and administrators, when supervising needs of special education students and economically and socially deprived students; knowledge and application of legal aspects, individual educational programs, and continuum of academic and social/emotional behavior supports; for prospective school administrative personnel. Same as EDTL:6936.

## EPLS:6237 History of the Teaching Profession

History of public school teaching, and teachers' problematic professional status; teacher education in the 19th and 20th centuries; formation and activities of teacher unions in the 20th century.

EPLS:6238 Gender and Education in Historical Perspective 3 s.h. Gender in context of history of education in the United States; coeducation in common schools, academies, and high schools; women's arrival and experiences as college students; masculinity in higher education; single-sex versus coeducation; emphasis on conflicting historical interpretations. Same as GWSS:6238.

EPLS:6239 LGBTQ History in Education 3 s.h. Lesbian, gay, bisexual, transgender, and questioning (LGBTQ) issues in context of history of education in United States; LGBTQ teachers, students, and studies in K-12 and higher education; emphasis on differences in historical interpretations. Same as GWSS:6239.

## EPLS:6242 Research for Effective School Leaders 3 s.h.

Fundamental language of contemporary research; identification and application of basic research components to contemporary educational leadership problems; applicability of research toward effective decision-making.

## EPLS:6260 Contemporary Management Strategies for the Pre- <br> \section*{K-12 Principal}

3 s.h.
Leadership skills and management techniques for daily organization and operation of schools; emphasis on climate, communication, group processes, conflict resolution, curriculum management.

EPLS:6265 Standards-Based Education and Accountability 3 s.h. Standards-based education; academic content standards, K-12 articulation, alignment studies, use of standardized test results to evaluate academic programs.

EPLS:6266 Program Evaluation
3 s.h.
Theoretical issues and considerations in evaluation of educational and social programs; evaluation design, methodology; metaevaluation; evaluation utilization. Same as PSQF:6265.

EPLS:6270 Policy and Politics
Current issues from academic journals, states, think tanks, consortia.

## EPLS:6273 College Students

Overview of theories, research, practices, and issues relevant to understanding students in institutions of higher education. Requirements: PhD standing in Higher Education and Student Affairs program.
EPLS:6275 Diversity and Equity in Higher Education 3 s.h. Impact of culture, race, ethnicity, and intersections of social and cultural identity within context of educational settings including higher education/student affairs, K-12, and as it relates to government and community agency settings; implications of cultural context on practices in research, educational settings, and society. Requirements: PhD , EdD, or advanced-level MA standing. Recommendations: introductory course on issues of race, culture, gender, sociopolitical issues, or structural oppression strongly recommended. Same as GWSS:6275.

## EPLS:6277 Readings in Diversity and Equity in Higher Education

Historical, contemporary, theoretical, and empirical aspects of diversity and equity in higher education; unique experiences of members of historically underrepresented groups; focus on compelling literature in the field.

EPLS:6285 School and Community Relationships
3 s.h.
Community analysis, politics and education, power groups and influences, school issues and public responses, public relations strategies.

## EPLS:6290 Master's Project

Research for the nonthesis program; topic approved by advisor.

## EPLS:6293 Individualized Instruction

arr.
Readings, special projects, and/or studies that reflect joint instructor/ student interest.

3 s.h.

EPLS:6298 Legal Aspects of School Personnel 3 s.h.
Teacher and student: liability, negotiations, rights, privileges, responsibilities of school personnel; principles of law derived from court decisions; constitutional and statutory provisions; for teachers and administrators.

EPLS:6301 Professional Seminar I
1 s.h.
Orientation to field; writing and academic support.
EPLS:6302 Professional Seminar in Student Affairs II 1 s.h. Working with groups in higher education.

EPLS:6303 Professional Seminar in Student Affairs III 1 s.h. Consulting, training, and curriculum development in student affairs.

EPLS:6304 Professional Seminar in Student Affairs IV 1 s.h. Professional identity, job search support.
EPLS:6305 Higher Education and Student Affairs Capstone $\mathbf{3}$ s.h. Completion of an applied project that synthesizes the full MA curriculum.

## EPLS:6307 Professional Seminar for EdD Students: Orientation to the EdD <br> 1 s.h.

Orientation to the educational doctorate; how to approach courses and professional work as a scholar-practitioner. Requirements: admission to the EdD program in educational policy and leadership studies.
EPLS:6311 Seminar: Research Topic in Education 1-3 s.h. Topic submitted by students, faculty.
EPLS:6315 Orientation to the Superintendency
2 s.h.
Leadership theory and research of the superintendent's role of increasing student achievement; personal goals for communication; ethics, integrity, flexibility, reflective, and collaborative leadership; expectations of the superintendent by the board of directors; defining one's role; developing an entry plan; dealing with social/emotional isolation of superintendency; and influences in the larger political, social, economic, legal, and cultural context.

EPLS:6317 Operational Leadership and Management 2 s.h. Managing fiscal and physical resources responsibly, efficiently, and effectively; effective communication of school operations; leadership and management of nutrition program, transportation program,
facilities, construction; board policy, legal issues; state reporting, ethical decision-making; relationship building, problem solving amidst barriers and various stakeholder groups.

EPLS:6319 Human Resources Leadership 2 s.h.
Leadership theory and research of the superintendent's role of aligning human resources practice and increasing student achievement; employment law; contract negotiations process/collective bargaining; contract maintenance; recruiting, selecting, developing, and retaining employees; working with labor unions and Public Employee Relations Board; special education law; Evaluator 2 Training. Requirements: Evaluator 1 Training.
EPLS:6321 Social Advocacy Summit 1 s.h.
Summit format; challenges and opportunities in Iowa's K-12 schools with changing demographics; opportunity for $\mathrm{K}-12$ school districts and higher education institutions to engage in conversation on how to meet the needs of students and local school districts.

EPLS:6323 School Finance 2 s.h.
Manage fiscal and physical resources; communicate effectively with internal and external audiences regarding school operations; comply with state and federal mandates and local board policies; align educational programs, plans, actions, and resources with the district vision and goals.

EPLS:6325 Organizational and Educational Leadership 2 s.h. Facilitate connections of students and families to health and social services that support a focus on learning as a district level leader in a school district; collaboratively establish a culture that welcomes and honors families and community and seeks ways to engage them in students learning; AEA structure, compliance and regulatory functions including special education.
EPLS:6329 Legislative Summit
1 s.h.
Collaborate with families and community members, respond to diverse community interests and needs, and mobilize community resources as a district level leader in a school district; work with legislators, build advocacy groups in a community, engage stakeholders, how to lobby legislators and meet with local senate and house representatives to participate in lobbying.

## EPLS:6332 Conceptual Foundations of College Student Development <br> Foundations of college student development theory; contexts of

 student development; theoretical concepts of cognitive growth and developing sense of self; application of concepts to student affairs practice.
## EPLS:6333 Practicum in Higher Education and Student

 AffairsSmall-scale research projects; supervised experience in planning, design, management, analysis, reporting of research activities; assignments to current and personal faculty research projects; student assumes major responsibility.

## EPLS:6334 Theoretical Foundations of College Student Development

3 s.h.
Self-authorship; intercultural maturity; reconceptualized and intersectional models of identity; learning partnerships and leadership; socialization; moral decision-making; faith and spirituality; application of theories to student affairs practice. Prerequisites: EPLS: 6332.

EPLS:6336 Impact of College on Students 3 s.h.
Introduction to literature; career and economic returns, educational attainment and persistence, values and attitudes, learning and cognitive development, college student theory, assessment and methodological issues of studying college outcomes.
Recommendations: introductory graduate-level research design course.
EPLS:6352 Action Research in Educational Settings 3 s.h.
Theory and practice of action research design and methodology; understanding of positionality and bias in action research, how to assess strengths and weaknesses of action research studies; completion of an action research cycle.
EPLS:6370 Quantitative Methods for Policy Analysis 3 s.h. Methodological strategies for quantitative research; analysis of secondary data to investigate educational issues and policies; recoding variables, summation scaling and factor analysis, missing data, sample design and survey estimation, model building; implementation of linear and binary regression, regression diagnostics; hands-on experience conducting statistical analysis of social data. Prerequisites: PSQF:4143 and PSQF:6243.
EPLS:6381 Analysis and Appraisal of Curriculum 3 s.h. Comprehensive investigation of systematic procedures and resources for identifying and evaluating essential features and constituent elements of a given school district's curricular offering; state and federal requirements of the curricular program; for persons in administration, curriculum, and supervision programs or positions.

## EPLS:6383 Supervision and Evaluation

Data collection and management skills; data-driven leadership; coaching and feedback techniques; teacher quality legislation; research and best practice regarding teacher evaluation, supervision; teaching standards.

EPLS:6400 Early Childhood Leadership Clinical 3 s.h.
Classroom instruction and supervised experience with problems in early childhood educational administration; organization, planning, evaluation, decision-making.
EPLS:6401 Elementary Leadership Clinical
3 s.h.
Supervised experience working with problems in educational administration, including organization, planning, evaluation, decisionmaking; individual project in a school setting.
EPLS:6402 Secondary Leadership Clinical
3 s.h.
Supervised experience working with problems in educational administration, including organization, planning, evaluation, decisionmaking; individual project in a school setting.
EPLS:6403 Special Education Leadership Clinical 3 s.h.
Supervised experience working with problems in educational
administration, including organization, planning, evaluation, decisionmaking; individual project in a school setting.
EPLS:6404 Central Administration Clinical
3 s.h.
Supervised experience working with problems in educational administration, including organization, planning, evaluation, decisionmaking; individual project in a school setting.

## EPLS:6405 Superintendent Entry Plan and Portfolio

 Development 1 s.h.Creating an effective entry plan, and where applicable, a professional portfolio as part of the series of clinical expectations for the superintendent preparation program; development of plan helps to create prior mutual expectation among the superintendent, board, staff, and community. Requirements: in final semester of superintendent endorsement program.
EPLS:6415 Orientation to the Superintendency: Clinical 2 s.h. Clinical experience aligned with course topics and assignments in a K-12 school or other educational organization; development of a clinical plan with the guidance of a university professor and local school district mentor based on course requirements, career goals, and interests.
EPLS:6417 Operational Leadership Clinical 1 s.h.
Clinical experience aligned with course topics and assignments in Clinical experience aligned with course topics and assignments in
the operational leadership course; completion of clinical in a K-12 school or other appropriate educational organization; development of a clinical plan based on course requirements, career goals, and student interests with guidance from a university professor and local school district mentor.
EPLS:6419 Human Resources Leadership Clinical 2 s.h.
Clinical experience aligned with course topics and assignments in the human resources leadership course; completion of clinical in a K-12 school or other appropriate educational organization; development of a clinical plan based on course requirements, career goals, and student interests with guidance from a university professor and local school district mentor.

## EPLS:6425 Organizational and Educational Leadership

 ClinicalClinical experience aligned with course topics and assignments in the organizational and educational leadership course; completion of clinical in a K-12 school or other appropriate educational organization; development of a clinical plan based on course requirements, career goals, and student interests with guidance from a university professor and local school district mentor.
EPLS:7373 Qualitative Research Design and Methods 3 s.h. Theory and practice of qualitative research design and methodology; exploratory field experience in collection and analysis of data; individual and focus group interviews, participant observation. Requirements: PhD standing.

## EPLS:7380 Practicum in College Teaching

 arr.Supervised college teaching experience in courses related to major academic areas; collaboration with faculty course instructors.

EPLS:7385 Teaching and Learning in Higher Education 3 s.h. Current theoretical and empirical literature on teaching and learning in higher education; focus on development of effective teaching practice. Same as CSED:7385, EDTL:7385, GRAD:7385, PSQF:7385.

## EPLS:7392 Mixed Methods Research

 3 s.h.Introduction to mixed methods research in education; knowledge and skills necessary to conduct mixed methods study; history and language of mixed methods research; identifying and processing arguments for and against mixed methods research; critical and justice-oriented perspectives on mixed methods research; strengths and weaknesses of published mixed methods studies; application of one or more mixed methods research designs to a research proposal. Requirements: formal introduction to quantitative and qualitative research methods, and familiarity with basic steps of research process. Recommendations: direct experience conducting research studies not required. Same as EDTL:7410.

## EPLS:7395 Educational Specialist Research

Individual instruction in the design, research, and writing of a research project of significant quality for upper-level graduate work.
EPLS:7432 Multicultural Initiatives
3 s.h.
Impact of culture, race, ethnicity, and intersection of identity in higher education, student affairs, and community agency settings; knowledge, skills, and competencies needed by teachers, student affairs professionals, social workers, counselors, and educational administrators to facilitate individual empowerment through relationships; focus on different ways to design multicultural initiatives to various professional work settings to promote diversity. Requirements: PhD standing or advanced-level MA standing. Recommendations: introductory course on issues of race, culture, gender and/or any course on sociopolitical issues or structural oppression strongly recommended.
EPLS:7433 Current Issues in Higher Education and Student Affairs

3 s.h.
Current issues related to higher education; opportunity to clarify perspectives; review of literature in a particular area of interest; readings, class discussions, independent research, consultations with professionals in the field, student presentations. Requirements: higher education and student affairs PhD standing.

EPLS:7444 Advanced Practicum in Student Affairs
arr.
Supervised work experience in student affairs settings.
EPLS:7483 EdD Capstone Proposal
1-3 s.h.
Supervision of EdD capstone proposal research, design, and writing.
Requirements: completion of all EdD core and research coursework.

## EPLS:7485 EdD Capstone

1-4 s.h.
Supervision of EdD capstone research, design, and writing.
Prerequisites: EPLS:7483. Requirements: educational policy and leadership studies EdD standing and completion of capstone proposal meeting.

## Educational Policy and Leadership Studies, MA

## Learning Outcomes

## Specialized Content Knowledge

The MA will support students in acquiring and displaying a mastery of content knowledge suitable to their professional specialization (educational leadership; or higher education and student affairs). This content knowledge aligns with and extends the stated external professional society standards for earning a master's degree in each field.

## Critical Thinking and Analytical Writing

Students will acquire capacities for theoretical and evidentiary based analysis to critique and synthesize disparate and interdisciplinary perspectives within their specialization.

## Impact and Practical Application

Students will acquire professional experiences through supervised experiential learning and practice through internships, practica, capstone, or other applied coursework.

## Empirical Skills

Students will develop skills for conducting assessment, evaluation, and research appropriate to the master's level.

## Leadership and Collaboration

Students will be able to analyze, articulate, and respond to complex problems using theory, evidence, and cooperation with individuals, communities, and organizations affected by the issues. Students will be able to analyze, articulate, and respond to complex problems using theory, evidence, and cooperation with those affected by the issues.

## Ethical, Inclusive, and Equitable Practice

Students will gain skills in identifying and responding to educational inequities at the individual, organizational, and institutional level. Specifically, students will apply their skills to advance student learning and development, inclusion, and facilitate organizational change and reform.

## Educational Leadership

The Master of Arts program in educational policy and leadership studies with an educational leadership subprogram requires a minimum of 36 s.h. of graduate credit. Students must earn a cumulative grade-point average of at least 3.00 in major coursework.
The program prepares individuals for appointments as school principals and for positions in area education agencies and state departments of education. Upon completion of this degree, students will have completed the requirements to earn a master's degree and to obtain pre-K-12 principal and pre-K-12 supervisor of special education endorsement (State of Iowa endorsement 189). In order to obtain the State of Iowa endorsement, an individual must have at least three years of teaching at the pre-K-12 level.
With the aid of an advisor, each MA student prepares a plan of study that includes the following core requirements.

## Core Requirements

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| All of these: | Foundations of School <br> Administration | 3 |
| EPLS:6201 | Special Education <br> Administration | 3 |
| EPLS:6236 | Research for Effective School <br> Leaders | 3 |
| EPLS:6260 | Contemporary Management <br> Strategies for the Pre-K-12 | 3 |
| EPLS:6285 | Principal | School and Community <br> Relationships |
| EPLS:6298 | Legal Aspects of School <br> Personnel | 3 |
| EPLS:6381 | Analysis and Appraisal of <br> Curriculum | 3 |

## Clinical Courses

For Iowa licensure as a principal, students must hold an Iowa teacher license, have taught for three years, and meet the human relations requirement of the State of Iowa. Students complete the core requirements listed above and the following required clinical courses.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| EPLS:6400 | Early Childhood Leadership | 3 |
|  | Clinical |  |
| EPLS:6401 | Elementary Leadership Clinical | 3 |
| EPLS:6402 | Secondary Leadership Clinical | 3 |
| EPLS:6403 | Special Education Leadership | 3 |

## Electives

Students earning an MA without principal licensure are not required to complete the clinical courses. Instead, they complete the core requirements listed above and a series of electives ( 12 s.h.) approved by their advisors. For more detailed information, see the Educational Leadership website.

## Comprehensive Examination

Students in the MA program with licensure or the MA program without licensure are required to take comprehensive examinations at the end of their program of study. The comprehensive examination is in the format of a mock interview for a building principal or similar leadership position. The faculty provides candidates with a scenario on which they are expected to prepare a presentation to the educational leadership faculty who acts as the hiring team. The presentation is followed by questioning and feedback. Students must be registered in the Graduate College during their comprehensive examination semester if they plan to graduate at the end of the semester.

## Admission

Applicants to the MA program in educational leadership must meet the admission requirements of the Graduate College. Admission decisions are made through a faculty review process. Factors considered include recommendations, grade-point average, and a statement of purpose from candidates focused on leadership, time management, social justice, and meeting the needs of all students. The
review team also considers additional evidence of academic ability and professional promise.

Applicants whose first language is not English must submit official test scores to verify English proficiency. Applicants can verify English proficiency by submitting official test scores from the Test of English as a Foreign Language (TOEFL) or the International English Language Testing System (IELTS). For specific score requirements, see the Manual of Rules and Regulations on the Graduate College website.

## Higher Education and Student Affairs

The Master of Arts program in educational policy and leadership studies with a higher education and student affairs subprogram requires a minimum of 40 s.h. of graduate credit. Students must earn a UI cumulative grade-point average of at least 2.75 to be eligible for degree conferral.
The program prepares individuals for careers in higher education, including academic administration, policy analysis, first-year programs, student activities and leadership, enrollment management, program evaluation, multicultural affairs, academic and career advising, residence life, and international student services.
The higher education and student affairs program curriculum consists of coursework in postsecondary administration, college students and their environments, college student development, and current and emerging issues in higher education, as well as in research and assessment. The curriculum integrates theory and practice and is designed to be completed in two years of full-time study or equivalent part-time study.
The curriculum includes the higher education and student affairs core, supervised practice, and integrative experiences. Elective coursework is subject to advisor approval. An internship at an approved site is required for full admission to the program.

The MA in educational policy and leadership studies with a higher education and student affairs subprogram requires the following work.

## Requirements

## Common Core

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| All of these: | Issues and Policies in Higher |  |
| EPLS:5100 | Education | 3 |
| EPLS:5247 | Multiculturalism in Higher <br> Education | 3 |
| EPLS:5250 | Introduction to Higher <br> Education and Student Affairs <br> College Students and Their <br> Environments | 3 |
| EPLS:5251 | Administration of Higher <br> Education and Student Affairs | 3 |
| EPLS:5252 | Research, Assessment, and <br> Evaluation in Higher Education | 3 |
| EPLS:5253 | Conceptual Foundations of <br> College Student Development | 3 |
| EPLS:6332 | Theoretical Foundations of <br> College Student Development | 3 |
| EPLS:6334 | Lole | 3 |

## Integrative Experiences

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| All of these: |  |  |
| EPLS:6301 | Professional Seminar I | 1 |

| EPLS:6305 | Higher Education and Student <br> Affairs Capstone | 3 |
| :--- | :--- | ---: |
| EPLS:6333 | Practicum in Higher Education <br> and Student Affairs (required <br> once; students may enroll a <br> maximum of 3 times; those <br> with appropriate professional <br> experiences may, with <br> faculty approval, waive this <br> requirement) | 3 |

## Electives

Students choose elective coursework in consultation with their advisor. (EPLS, EDTL, CSED, and PSQF courses numbered 3000 and above can be taken with advisor approval).

| Course \# | Title | Hours |
| :--- | :--- | :--- |
| At least 9 s.h. from these: |  |  |
| EPLS:5278 | Helping Skills in Student <br> Affairs Work | 3 |
| EPLS:6206 | Research Process and Design | 3 |
| EPLS:6216 | Finance in Higher Education | 3 |
| EPLS:6218 | The Law and Higher Education | 3 |
| EPLS:6220 | History of Higher Education | 3 |
| EPLS:6224 | Organizational Theory and <br> Administrative Behavior | 3 |
| EPLS:6225 | Higher Education Policy <br> EPLS:6275 | Diversity and Equity in Higher <br> Education |
| EPLS:6293 | Individualized Instruction (may <br> be taken once up to 3 s.h.) | 3 |
| EPLS:6336 | Impact of College on Students | 3 |
| EPLS:7380 | Practicum in College Teaching <br> (may be taken once up to 3 s.h.) | 3 |
| EPLS:7385 | Teaching and Learning in <br> Higher Education | 3 |
| EPLS:7432 | Multicultural Initiatives | 3 |

Courses from other departments also may be approved; students should consult their advisor.

## Admission

Applicants must meet the admission requirements of the Graduate College. Admission is based on grade-point average and promise for professional growth. Transcripts, a résumé or curriculum vita, three letters of recommendation, and a personal statement are required. The Graduate Record Examination (GRE) General Test is optional. The statement of purpose (one to three pages) should include professional goals, whether the applicant plans to enroll full time or part time, and how the applicant's goals and experiences are consistent with the higher education and student affairs program's mission and values.

Applicants whose first language is not English must submit official test scores to verify English proficiency. Applicants can verify English proficiency by submitting official test scores from the Test of English as a Foreign Language (TOEFL) or the International English Language Testing System (IELTS). For specific score requirements, see the Manual of Rules and Regulations on the Graduate College website.

Application deadline is Dec. 15 for admission the following fall. Applicants who are recommended for admission are invited to come to campus for spring Campus Visit Days, during which they interview for internships. Full-time students must be employed at an approved site (usually in an approved internship).

## Academic Plans

## Sample Plans of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyU.

## Educational Policy and Leadership Studies, EdS

## Learning Outcomes

Graduates will be able to:

- apply the knowledge, skills, and inquiry strategies to solve significant problems related to educational policies and practices;
- demonstrate through their clinical experiences their participation in, and ability to navigate, day-to-day responsibilities of a school administrator;
- utilize data effectively to enhance learning opportunities for all students;
- recognize and address inequities imposed on students and educators, and promote necessary change;
- understand and apply evidence of effective organizational and systemic change for equity, inclusion, and justice;
- identify and meet contemporary challenges facing schools and school leaders;
- impact and enact policy defined by school board or legislative action;
- manage and distribute resources to enact the optimum impact upon programs at the building and district level;
- embrace differences of persons and perspectives, and understand the challenges faced at all levels of a school system PK-12; and
- exhibit the ability to successfully develop a district overview or administrative problem in practice.

## Educational Leadership

The Specialist in Education program in educational policy and leadership studies with an educational leadership subprogram requires 36 s.h. of graduate credit and is offered for educators who already have their master's degree and Iowa administrator license. Students must earn a cumulative grade-point average of at least 3.00 in major coursework.

The program prepares candidates to be superintendents in Iowa or to hold other district-level leadership positions in $\mathrm{K}-12$ school districts. It also prepares them for appointments as area education agency chief administrators and for jobs in state or federal departments of education.

Students complete 26 s.h. of coursework, 10 s.h. of clinical work, and present an entry plan. Many educational leadership courses are offered by distance education; see MyUI for information about courses offered during current semesters. At the conclusion of the program, students are required to present their first-year entry plan. For detailed information, refer to EdS programs on the Educational Leadership website.

Students seeking superintendent endorsement must have an Iowa administrator license. They obtain the superintendent endorsement (State of Iowa endorsement 171) upon completing the required EdS coursework and at least three years of principal experience.

The EdS in educational policy and leadership studies with an educational leadership subprogram requires the following work.

## Required Courses

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| All of these: |  |  |
| EPLS:6270 | Policy and Politics | 3 |

| EPLS:6315 | Orientation to the Superintendency | 2 |
| :---: | :---: | :---: |
| EPLS:6317 | Operational Leadership and Management | 2 |
| EPLS:6319 | Human Resources Leadership | 2 |
| EPLS:6321 | Social Advocacy Summit | 1 |
| EPLS:6323 | School Finance | 2 |
| EPLS:6325 | Organizational and Educational Leadership | 2 |
| EPLS:6329 | Legislative Summit | 1 |
| EPLS:6265 | Standards-Based Education and Accountability | 3 |
| Three electives (two 3 s.h. courses and one 2-3 s.h. course) |  | 8-9 |

The course EPLS:6323 School Finance is provided through the Iowa Superintendent's Finance and Leadership Consortium (ISFLC), a partnership between the University of Northern Iowa and the Iowa Association of School Boards. Students enroll and participate in the two 2-day sessions offered yearly by ISFLC. During the first session, all students take the introductory school finance course. During the second session, students may choose from a variety of related school finance offerings.

Students enroll in this program through University of Northern Iowa Continuing Education, and are expected to transfer the hours to the University of Iowa so they may count toward the superintendent's endorsement.

## Clinical Courses

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| All of these: | Central Administration Clinical | 3 |
| EPLS:6404 | Superintendent Entry Plan and <br> Portfolio Development | 1 |
| EPLS:6405 | Orientation to the <br> Superintendency: Clinical |  |
| EPLS:6417 | Operational Leadership Clinical | 2 |
| EPLS:6419 | Human Resources Leadership <br> Clinical (Iowa Evaluator <br> Approval Training opportunity <br> is available through AEA PD <br> Online; contact the closest AEA <br> for information.) <br> Organizational and Educational <br> Leadership Clinical | 1 |

Students are required to spend 40 clock hours of effort for each semester hour of clinical courses. Documentation of these hours must be maintained and submitted at the end of the course. Documentation should include date, time spent, description of the activity, and reflections. Each activity must be identified with the corresponding National Educational Leadership Preparation (NELP) standard. A syllabus will be provided to guide the clinical activity.

## Comprehensive Examination

The comprehensive exam is satisfied by taking EPLS:6405 Superintendent Entry Plan and Portfolio Development that is listed above.

## Superintendent Endorsement

Students seeking superintendent endorsement must have an Iowa administrator license. They obtain the superintendent endorsement
(State of Iowa endorsement 171) upon completing the required Ed.S. coursework and at least three years of principal experience.

## Admission

Applicants must meet the admission requirements of the Graduate College and of the educational leadership program. Required application materials include transcripts, three letters of recommendation, and a personal statement of career goals. Official Graduate Record Examination (GRE) General Test scores are optional. Admission is based on grade-point average and GRE scores, promise for scholarly and professional growth, and recommendations. Application deadline for fall semester is July 1; for spring semester, Dec. 1; and for summer session, April 30. Complete applications are reviewed as they are received.
Applicants whose first language is not English must submit official test scores to verify English proficiency. Applicants can verify English proficiency by submitting official test scores from the Test of English as a Foreign Language (TOEFL) or the International English Language Testing System (IELTS). For specific score requirements, see the Manual of Rules and Regulations on the Graduate College website.

## Higher Education and Student Affairs

The Specialist in Education program in educational policy and leadership studies with a higher education and student affairs subprogram requires 60 s.h. of graduate credit. Students must earn a cumulative grade-point average of at least 3.00 in major coursework.

The program provides advanced graduate study in administration, policy studies, and specializations developed in consultation with an advisor. The EdS also may be awarded upon completion of a combined program of graduate work in higher education and another academic field, or upon completion of a higher education sequence following a master's degree program in a different field.

## Required Courses

The EdS program of study must include the following.

| Course \# | Title | Hours |
| :--- | :---: | ---: |
| Professional Education and Related Field Courses | 18 |  |
| Electives (approved by advisor) | 10 |  |
| Specialization Area Courses | 28 |  |
| EPLS:7395 | Educational Specialist Research | 4 |
| Total Hours |  | $\mathbf{6 0}$ |

Depending on the student's career goals, the program may include an appropriate structured and supervised internship, determined in consultation with the advisor.

## Comprehensive Examination

A culminating experience is required of all students, the nature of which is contracted with the advisor. An oral examination of the culminating experience may be required.

## Related Field

Students majoring in another field who want to complete a related field in higher education and student affairs should consult with a higher education and student affairs faculty member early in their study. Plans of study are developed individually.

## Admission

Applicants must meet the admission requirements of the Graduate College. Admission is based on grade-point average, Graduate Record Exam (GRE) General Test scores (however, the GRE requirement
has been suspended for the 2023-24 admissions cycle), and promise for professional growth. Transcripts, GRE scores, three letters of recommendation, and a statement of educational goals are required.

Applicants whose first language is not English must submit official test scores to verify English proficiency. Applicants can verify English proficiency by submitting official test scores from the Test of English as a Foreign Language (TOEFL) or the International English Language Testing System (IELTS). For specific score requirements, see the Manual of Rules and Regulations on the Graduate College website.

## Academic Plans

## Sample Plans of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.

| d Students are required to spend 40 clock hours of effort for each semester hour of clinical courses; see department website for specifics. |  |  |
| e Satisfies the Comprehensive Exam requirement. |  |  |

## Educational Policy and Leadership Studies, EdD

The Doctor of Education (EdD) in educational policy and leadership studies is designed for educators who seek a terminal doctoral degree to practice upper-level leadership in pre-kindergarten through higher education (PK-20) settings. Based on the scholar-practitioner model, the EdD differs from the PhD in that it allows for a more practicalbased approach to use and perform applied research in educational settings grounded in problem-based learning pedagogy. Students elect to join their cohort class either on campus in Iowa City or though a hybrid program. The EdD employs a blended learning delivery of online, in-person, condensed, and weekend courses.

The EdD is a non-deposit degree program. Students will complete a capstone project based on a problem of practice in their own work setting. The capstone proposal course serves as the equivalent of the comprehensive exam, and a final capstone project is required for graduation as a dissertation equivalent.

## Learning Outcomes

EdD graduates will be able to:

- apply the knowledge, skills, and inquiry strategies to solve significant problems related to educational policies and practices;
- evaluate and use data to make judgments to improve practice and policy;
- understand and apply evidence of effective organizational and systemic change for equity, inclusion, and justice;
- frame situations from multiple perspectives;
- identify and meet contemporary challenges facing schools and higher education;
- embrace differences of persons and perspectives;
- develop a critical and professional perspective that is ethical and promotes change for equity and inclusion;
- link theory with systematic inquiry and assessment to improve educational policy and practice; and
- execute a scholarly project that addresses real and complex problems in practice.

## Higher Education

The Doctor of Education program in educational policy and leadership studies with a higher education subprogram requires $75 \mathrm{~s} . \mathrm{h}$. of graduate credit. This can include up to 36 s.h. of transfer credit from a previous master's degree with advisor approval, which requires 39 s.h. to be completed at the University of Iowa under the auspices of the Graduate College after program admission. For students who have previously earned an EdS degree, the registration requirement is 27 s.h. (transfer credit limit is 48 s.h.). University of Iowa doctoral students must earn a UI cumulative grade-point average (GPA) of at least 3.00 to be eligible for degree conferral.
The EdD in educational policy and leadership studies with a higher education subprogram requires the following work.

## Core Courses

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| All of these: | Theory and Practice of | 3 |
| EPLS:6217 | Leadership |  |
| EPLS:6307 | Professional Seminar for EdD <br> Students: Orientation to the <br> EdD | 1 |

| EPLS:6321 | Social Advocacy Summit | 1 |
| :--- | :--- | :---: |
| One of these: | Diversity and Equity in Higher <br> Education | 3 |
| EPLS:6275 | Multicultural Initiatives | 3 |

## Applied Research

| Course \# | Title | Hours |
| :--- | :--- | :--- |
| All of these: |  |  |
| EPLS:6266 | Program Evaluation | 3 |
| EPLS:6352 | Action Research in Educational <br> Settings | 3 |
| EPLS:7483 | EdD Capstone Proposal | 3 |
| EPLS:7485 | EdD Capstone | 4 |
| PSQF:6241 | Quantitative Policy Analysis for | 3 |

## Higher Education Coursework

Students complete coursework in higher education as follows.

| Course \# | Title | Hours |
| :--- | :--- | :---: |
| All of these: | Administration of Higher |  |
| EPLS:5252 | Education and Student Affairs | 3 |
| EPLS:6216 | Finance in Higher Education | 3 |
| EPLS:6218 | The Law and Higher Education | 3 |
| EPLS:6225 | Higher Education Policy | 3 |
| EPLS:6336 | Impact of College on Students | 3 |

## Electives

In consultation with their advisor, students complete the remaining semester hours in elective coursework.

## Admission

Applicants must meet the admission requirements of the Graduate College. They must have earned a bachelor's degree from a regionally accredited U.S. institution or an equivalent degree from another country as determined by the Office of Admissions; a master's degree with a GPA of at least 3.00 in higher education, student affairs, student development, K-12 leadership, or another related field; and have at least three years of full-time experience in education.

Required application materials include transcripts from all higher education institutions attended, a résumé or curriculum vitae, letters of recommendation from an administrator and a faculty member, and a statement of purpose. Official Graduate Record Examination (GRE) General Test scores are not required for admission.

Applicants whose first language is not English must submit official test scores to verify English proficiency. Applicants can verify English proficiency by submitting official test scores from the Test of English as a Foreign Language (TOEFL) or the International English Language Testing System (IELTS). For specific score requirements, see the Manual of Rules and Regulations on the Graduate College website.

## PK-12 Administration

The Doctor of Education program in educational policy and leadership studies with a PK-12 administration subprogram requires 75 s.h. of graduate credit. This can include up to 36 s.h. of transfer credit from a previous master's degree with advisor approval, which requires 39 s.h. to be completed at the University of Iowa under the auspices of the Graduate College after program admission. For students who
have previously earned an EdS degree, the registration requirement is 27 s.h. (transfer credit limit is 48 s.h.). For students who have a current endorsement (State of Iowa endorsement 171), the registration requirement is 33 s.h. (transfer credit limit is 42 s.h.). University of Iowa doctoral students must earn a UI cumulative grade-point average (GPA) of at least 3.00 to be eligible for degree conferral.

The EdD in educational policy and leadership studies with a PK-12 administration subprogram requires the following work.

## Core Courses

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| All of these: | Theory and Practice of | 3 |
| EPLS:6217 | Leadership | 1 |
| EPLS:6307 | Professional Seminar for EdD <br> Students: Orientation to the | 1 |
| EPLS:6321 | EdD | Social Advocacy Summit |

## Applied Research

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| All of these: |  |  |
| EPLS:6266 | Program Evaluation | 3 |
| EPLS:6352 | Action Research in Educational | 3 |
|  | Settings | 3 |
| EPLS:7483 | EdD Capstone Proposal | 4 |
| EPLS:7485 | EdD Capstone | 3 |
| PSQF:6241 | Quantitative Policy Analysis for |  |

## PK-12 Administration Coursework

Students complete coursework in PK-12 administration as follows.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| All of these: |  |  |
| EPLS:6265 | Standards-Based Education and <br> Accountability | 3 |
| EPLS:6270 | Policy and Politics | 1 |
| EPLS:6329 | Legislative Summit | 8 |
| Additional coursework toward the superintendency <br> endorsement or electives |  |  |
| To obtain superintendent endorsement, all requirements for the <br> endorsement must be met including an additional 12 s.h. in PK-12 |  |  |
| administration. |  |  |

## Electives

In consultation with their advisor, students complete the remaining semester hours in elective coursework.

## Admission

Applicants must meet the admission requirements of the Graduate College. They must have earned a bachelor's degree from a regionally accredited U.S. institution or an equivalent degree from another country as determined by the Office of Admissions; a master's degree with a GPA of at least 3.00 in higher education, student affairs,
student development, K-12 leadership, or another related field; and have at least three years of full-time experience in education.

Required application materials include transcripts from all higher education institutions attended, a résumé or curriculum vitae, letters of recommendation from an administrator and a faculty member, and a statement of purpose. Official Graduate Record Examination (GRE) General Test are not required for admission.
Applicants whose first language is not English must submit official test scores to verify English proficiency. Applicants can verify English proficiency by submitting official test scores from the Test of English as a Foreign Language (TOEFL) or the International English Language Testing System (IELTS). For specific score requirements, see the Manual of Rules and Regulations on the Graduate College website.

## Career Advancement

The EdD prepares students for careers in $\mathrm{PK}-12$ and higher education administrative leadership in educational institutions and related organizations.

## Academic Plans

## Sample Plans of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.

## Educational Policy and Leadership Studies, PhD

## Learning Outcomes

## Specialized Content Knowledge

The department expects students to acquire and display mastery of a broad and deep knowledge of disciplines associated with one's specialization (educational leadership; or higher education and student affairs) covering content that contributes to the historical, current, philosophical, and applied dimensions of the field.

## Critical Thinking and Analytical Writing

Students will acquire capacities for theoretical and evidentiary based analysis to critique and synthesize disparate and interdisciplinary perspectives within their specialization.

## Empirical Skills

Students will develop skills for conducting assessment, evaluation, and research on phenomena associated with individuals and organizations associated with educational organizations, educationally aligned sectors, and individuals affiliated with or impacted by education.

## Impact and Practical Application

Students will acquire skills for engaging in the higher education professional communities by participating in research and/or practitioner organizations focused on translation and application.

## Leadership and Collaboration

Students will be able to analyze, articulate, and respond to complex problems using theory, evidence, and cooperation with those affected by the issues.

## Ethical, Inclusive, and Equitable Practice

 Students will gain skills in identifying and responding to educational inequities at the individual, organizational, and institutional level. Specifically, students will apply their skills to advance educational inclusion and facilitate organizational change and reform.
## Educational Leadership

The Doctor of Philosophy program in educational policy and leadership studies with an educational leadership subprogram requires a minimum of 90 s.h. of graduate credit. Students must earn a cumulative grade-point average of at least 3.00 in major coursework.

The program prepares scholarly professionals for leadership positions in a wide range of educational and public sector settings. Students acquire strong backgrounds in leadership, policy, and research. They equip themselves to discover, integrate, and apply knowledge as transformational leaders.

The PhD in educational policy and leadership studies with an educational leadership subprogram requires the following work.

| Requirements | Hours |
| :--- | :--- |
| Common Courses | 12 |
| Cognate Courses | 9 |
| Electives | 29 |
| Concentration Area Courses | 12 |
| Research Courses | 18 |
| Dissertation | 10 |

Students also complete the comprehensive examination and a dissertation, described below.

Many educational leadership courses are offered by distance education; see MyUI for information about courses offered during current semesters.

For more detailed coursework information, see Educational Leadership on the Department of Educational Policy and Leadership Studies website.

## Research Courses

All educational leadership PhD students must complete EPLS:6206 Research Process and Design during the first year of their PhD program. They also must complete a minimum of $15 \mathrm{~s} . \mathrm{h}$. in qualitative and quantitative coursework, with at least 9 s.h. from one area (qualitative or quantitative) and at least 6 s.h. from the other. Students select from courses listed under PhD Research Requirements on the college's Graduate Student Life website.

## Comprehensive Examination

Students must satisfactorily complete a written take-home comprehensive examination consisting of three parts. The first part covers a student's major area of study, and the second covers two additional concentration areas. The third is on the student's outside area of study and is prepared by faculty members outside the Department of Educational Policy and Leadership Studies. The written exams are followed by an oral examination.

## Dissertation

Students must write a dissertation based on an original research project in an area of educational leadership. Students must earn 10 s.h. of credit for dissertation research. The doctoral program culminates with a final oral defense of the dissertation. Students must be registered at the University of Iowa during the session in which they graduate.

## Admission

Applicants must meet the admission requirements of the Graduate College and of the educational leadership program. They also must satisfy the residency requirement of two full-time (at least 9 s.h.) registrations. Required application materials include transcripts, official Graduate Record Examination (GRE) General Test scores, three letters of recommendation, and a personal statement of career goals. Admission is based on grade-point average and GRE scores (however, the GRE requirement has been suspended for the 202223 admissions cycle), promise for scholarly and professional growth, and recommendations. Complete applications are reviewed as they are received.

Applicants whose first language is not English must submit official test scores to verify English proficiency. Applicants can verify English proficiency by submitting official test scores from the Test of English as a Foreign Language (TOEFL) or the International English Language Testing System (IELTS). For specific score requirements, see the Manual of Rules and Regulations on the Graduate College website.

## Higher Education and Student Affairs

The Doctor of Philosophy program in educational policy and leadership studies with a higher education and student affairs subprogram requires a minimum of 90 s.h. of graduate credit. At least 39 s.h. must be earned while registered in the Graduate College at the University of Iowa, and after formal program admission. Students must earn a cumulative grade-point average of at least 3.00 in major coursework.

The doctoral program prepares individuals to be leaders in student affairs and academic administration, graduate faculty at research universities, leaders in conducting research about college students and higher education, policy analysts in postsecondary institutions and public or private agencies, and teachers and academic leaders at twoyear and four-year colleges. The higher education and student affairs program integrates academic experience with the cocurricular learning experiences of students and studies the outcomes of both.
The PhD in educational policy and leadership studies with a higher education and student affairs subprogram requires the following coursework.

| Requirements | Hours |
| :--- | :--- |
| Substantive Core Courses | 18 |
| Research Methods Courses | $18-21$ |
| Concentration Area Courses | 18 |
| Graduate Electives | 24 |
| Dissertation | 12 |

## Substantive Core

The substantive core provides foundational understanding of higher education and general knowledge that all students must master, regardless of their career goals and interests. All courses in the core (18 s.h.) must be completed at the University of Iowa.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| All of these: | Finance in Higher Education | 3 |
| EPLS:6216 | History of Higher Education | 3 |
| EPLS:6220 | Organizational Theory and <br> EPLS:6224 | 3 |
| EPLS:6273 | College Students | 3 |
| EPLS:6275 | Diversity and Equity in Higher <br> Education | 3 |
| EPLS:6311 | Seminar: Research Topic in <br> Education | 3 |

## Research Methods

Research methods courses (at least 18 s.h.) assure that students achieve scholarly autonomy and initiative.

## Basic Research Methods

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| Both of these (6 s.h.): | Research Process and Design | 3 |
| EPLS:6206 | Qualitative Research Design <br> and Methods (or approved <br> substitute) | 3 |

## Statistics/Linear Regression

These courses ( $6-7$ s.h.) must be taken in this order.

| Course \# | Title | Hours |
| :--- | :--- | :---: |
| This course: |  |  |
| PSQF:6243 | Intermediate Statistical Methods | 3 |
| One of these: | Quantitative Methods for Policy <br> EPLS:6370 | 3 |
| PSQF:6244 | Correlation and Regression | 4 |

## Advanced/Specialized Research Methods

Students consult with their advisor to choose two courses (at least 6 s.h.) from either list appropriate to their dissertation design and intended learning outcomes.

## Qualitative Methods

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| EPLS:5240 | Topics in Education (when topic <br> is introduction to historical <br> methodology or critical <br> qualitative inquiry) | 3 |
| EPLS:7392 | Mixed Methods Research |  |
| EDTL:7071 | Critical Discourse Analysis in <br> Educational Research | 3 |
| EDTL:7072 | Advanced Methods of Literacy <br> Research: Qualitative Data <br> Analysis and Reporting | 3 |
| EDTL:7073 | Ethnographic Methods, <br> Theories, and Texts | 3 |

Another comparable research methods course approved by advisor

## Quantitative Methods

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| EPLS:5240 | Topics in Education (when topic <br> is multilevel modeling) | 3 |
| EPLS:6209 | Survey Research and Design | 3 |
| POLI:7003 | Advanced Methodology | 4 |
| PSQF:6246 | Design of Experiments |  |
| SOC:7170 | Advanced Statistical Modeling <br> of Data | 3 |
| SOC:7180 | Structural Equation Modeling | 3 |
| Another comparable research methods course approved <br> by advisor | 3 |  |

## Concentration Area

The concentration area (18 s.h.) gives students the opportunity to develop expertise in one area. Students consult with their advisor to develop the concentration curriculum.

## Graduate Electives

Students choose 24 s.h. of elective graduate coursework in consultation with their advisors. A student and their advisor may determine that some of the graduate elective work may be drawn from appropriate previous graduate coursework that complements other aspects of the student's doctoral program.

## Comprehensive Examination

The PhD comprehensive examination consists of a question written by the student in consultation with their advisor, and formally approved by the higher education and student affairs faculty. Students are expected to construct a well-supported argument informed by knowledge of the theory, research, and practice that constitutes the field of higher education based on the substantive core and the student's concentration. The written examination is followed by an oral examination.

## Dissertation

The dissertation is a major research study planned in collaboration with the student's advisor. Students must write a formal dissertation proposal and submit it for approval, first to their advisor and then to the members of their doctoral committee. Students and their advisors
determine when the proposal is complete. Students must earn 12 s.h. of dissertation research credit. The doctoral program culminates with a final oral defense of the dissertation.

Students must be registered at the University of Iowa each fall and spring semester from the semester in which they complete their comprehensive examination through the semester in which they defend their dissertation and graduate.

## Admission

Applicants must meet the admission requirements of the Graduate College. Transcripts, a résumé or curriculum vita, three letters of recommendation, and a personal statement are required. The Graduate Record Examination (GRE) General Test is optional. The statement of purpose (one to three pages) should include professional and/or research interests, whether the applicant plans to enroll full- or parttime, and how the applicant's goals and experiences are consistent with the higher education and student affairs program's mission and values.

Applicants whose first language is not English must submit official test scores to verify English proficiency. Applicants can verify English proficiency by submitting official test scores from the Test of English as a Foreign Language (TOEFL) or the International English Language Testing System (IELTS). For specific score requirements, see the Manual of Rules and Regulations on the Graduate College website.

The early action application deadline is Dec. 1 ; the regular decision application deadline is April 15 for admission the following fall.

For more information on higher education and student affairs programs, see the Department of Educational Policy and Leadership Studies website.

## Academic Plans

## Sample Plan of Study

Sample plans represent one way to complete a program of study. Actual course selection and sequence will vary and should be discussed with an academic advisor. For additional sample plans, see MyUI.

a Students must complete specific requirements in the University of Iowa Graduate College after program admission. Refer to the Graduate College website and the Manual of Rules and Regulations for more information.
b Complete a total of 29 s.h. in a related field; work with academic advisor for approval of graduate transfer credit and/or to select electives. Students are encouraged to present their MA degree as the related field, where appropriate.
c Complete at least $18 \mathrm{~s} . \mathrm{h}$. of graduate courses in research design, quantitative, and qualitative required methods appropriate for doctoral-level research in Educational Leadership. Work with academic advisor to select appropriate courses approved by the College of Education.
d Complete at least $12 \mathrm{~s} . \mathrm{h}$. in a concentration area; work with academic advisor to select appropriate graduate level courses. See the General Catalog and the College of Education website for specifics.
e Typically taken after most required coursework is completed; work with academic advisor to complete the exam.
f Required written and oral examination covering three areas: major area of study, other concentration area, and the student's chosen outside area of study.
g Students must complete a 9 s.h. cognate outside of the Educational Policy and Leadership Studies department. Work with academic advisor to determine appropriate graduate courses and sequence.
h Maximum total of $10 \mathrm{~s} . \mathrm{h}$. of thesis credit allowed.
i An original research project is to be developed, presented and defended in an area of Educational Leadership.
j Must be completed within five years of Comprehensive Exam.

f Work with academic advisor to select either Qualitative or Quantitative Advanced/Specialized Research Methods coursework appropriate to dissertation design.
g Work with academic advisor to select appropriate graduate level coursework in the specialization area. See the General Catalog and the College of Education website for specifics.
h Work with academic advisor for approval to select electives in related field, including graduate transfer credits.
i Typically taken after most required coursework is completed; work with advisor to complete the exam.
j Must be completed within 5 years of Comprehensive Exam.
k Maximum total of 12 s.h. of thesis credit allowed.

## Institutional Research and

## Effectiveness

Interim Chair, Department of Educational Policy and Leadership Studies

- Liz Hollingworth

Graduate certificate: institutional research and effectiveness
Faculty: https://education.uiowa.edu/directory
Website: https://education.uiowa.edu/areas-study/continuing-education/certificates-and-endorsements/certificate-institutionalresearch

The purpose of the graduate Certificate in Institutional Research and Effectiveness (IRE) is to prepare professionals to use data for institutional decision-making, reporting, and accountability in higher education and $\mathrm{K}-12$ contexts. This certificate amends and complements students' competence in other areas (business affairs, information technology, student affairs, development, etc.) to prepare them with the skills and capabilities to use data for educational improvement, accountability, quality, and equity. Students learn about data collection, management, and analysis, as well as the reporting and dissemination of results for communicating with a diverse range of audiences and stakeholders. This training program draws upon the unique strengths of the College of Education, which possesses substantial expertise on methodology for educational research, evaluation, and assessment.

The Certificate in Institutional Research and Effectiveness is administered by the Department of Educational Policy and Leadership Studies [p. 1309] and is granted by the Graduate College.

## Programs

Graduate Program of Study

## Certificate

- Certificate in Institutional Research and Effectiveness [p. 1329]

## Institutional Research and Effectiveness, Graduate <br> Certificate

## Requirements

The graduate Certificate in Institutional Research and Effectiveness requires 15 s.h. of graduate credit and is offered with hybrid and conventional courses. Students must maintain a grade-point average of at least 2.50 in work for the certificate. They must earn at least a grade of $C$ in each course required for the certificate. Courses must be taken on a graded basis.

The certificate program is open to students enrolled in University of Iowa graduate degree programs and to individuals who are enrolled in the Graduate College as nondegree students.

The certificate program develops skills in institutional research appropriate to the education sector, and for fields and professional settings that are associated with educational interventions, programs, and outcomes. The course sequence contributes to development of the competencies necessary for performing well in the administrative area of institutional research: quantitative statistical skills, knowledge of a range of social science research design and methods, familiarity with complex data environments, and facility with reporting and presenting information to a range of internal and external audiences.
The Certificate in Institutional Research and Effectiveness requires the following coursework.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| All of these: | Action Research in Educational <br> Settings | 3 |
| EPLS:6352 | Quantitative Methods for Policy <br> Analysis | 3 |
| EPLS:6370 | Selected Applications of <br> Statistics | 3 |
| An introduction to institutional research and |  |  |
| effectiveness course (consult advisor) |  |  |
| One of these: | Survey Research and Design | 3 |
| EPLS:6209 | Program Evaluation | 3 |
| EPLS:6266 |  | 3 |

For more information, contact the Department of Educational Policy and Leadership Studies.

## K-12 Equity and Inclusion

Interim Chair, Department of Educational Policy and Leadership Studies

- Liz Hollingworth

Graduate certificate: K-12 equity and inclusion
Faculty: https://education.uiowa.edu/directory
Website: https://education.uiowa.edu/areas-study/continuing-education/certificates-and-endorsements/k-12-equity-and-inclusion
The purpose of the graduate Certificate in K-12 Equity and Inclusion is to offer educational professionals or nondegree-seeking students currently working in $\mathrm{K}-12$ schools, districts, and area education agencies expertise in equity and inclusion to better support the needs and interests of a diversifying $\mathrm{K}-12$ student population. The certificate also is available to currently enrolled graduate students across the College of Education and may be of interest to graduate students outside of the college, especially those enrolled in the departments of Political Science or Sociology and Criminology, the schools of Social Work or Planning and Public Affairs, and in public health programs.
Participating students use the knowledge and skills learned in the certificate program to effectively and immediately implement change in their respective K-12 educational contexts to better support students from historically marginalized backgrounds and to address systemic racism and oppression.

The Certificate in K-12 Equity and Inclusion is administered by the Department of Educational Policy and Leadership Studies [p. 1309] and is granted by the Graduate College.

## Programs

Graduate Program of Study

## Certificate

- Certificate in K-12 Equity and Inclusion [p. 1331]

## K-12 Equity and Inclusion, Graduate Certificate

## Requirements

The graduate Certificate in K-12 Equity and Inclusion requires 12 s.h. of credit and is offered with hybrid and conventional courses. Students must maintain a grade-point average of at least 2.50 in work for the certificate. They must earn at least a grade of C in each course required for the certificate. All courses must be taken on a graded basis.
The certificate program is open to students enrolled in University of Iowa graduate degree programs and to individuals who are enrolled in the Graduate College as nondegree students.
This certificate program encourages the development of the knowledge and skills necessary to meet standard 3 (equity and cultural responsiveness) of the Professional Standards for Educational Leaders, adopted by the School Administrators of Iowa. Course offerings contribute to the development of competencies in the areas of research, policy, practice and student advocacy. These competencies are essential for effectively dismantling educational disparities for $\mathrm{K}-12$ students from historically marginalized backgrounds (including race, gender identity, sexual orientation, socioeconomic class, immigration status, language spoken at home, and disability status).
The Certificate in K-12 Equity and Inclusion requires 12 s.h. of coursework from two categories: practice and policy. Participating students must choose at least one course from each category. The remainder of the courses may be from either category.
The certificate program recommends that students focus coursespecific content on a problem of practice related to equity, inclusion, anti-racism, and/or anti-oppression. Students work with the certificate advisor to devise a specific program of study and develop appropriate course-related projects.

The Certificate in K-12 Equity and Inclusion requires the following coursework.

## Practice

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| At least one of these: |  | 3 |
| EPLS:5240 | Topics in Education (when topic <br> is critical conversations) | 3 |
| EPLS:6242 | Research for Effective School |  |
|  | Leaders | 3 |
| EPLS:6266 | Program Evaluation | 3 |
| EPLS:6321 | Social Advocacy Summit | 1 |
| EPLS:6329 | Legislative Summit | 1 |
| EPLS:7432 | Multicultural Initiatives | 3 |

## Policy

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| At least one of these: | History of Ethnic/Minority | 3 |

| EPLS:6222 | Introduction to Educational <br> Policy | 3 |

| EPLS:6238 | Gender and Education in <br> Historical Perspective | 3 |
| :--- | :--- | ---: |
| EPLS:6239 | LGBTQ History in Education | 3 |
| EPLS:6270 | Policy and Politics | 3 |
| EDTL:7040 | Advanced Topics in Teaching <br> and Learning (when topic is <br> disability studies perspectives in <br> education) | 3 |

For more information, contact the Department of Educational Policy and Leadership Studies.

## Online Teaching

Interim Chair, Department of Psychological and Quantitative Foundations

- Saba R. Ali

## Coordinator, Online Teaching

- Kathy L. Schuh (Psychological and Quantitative Foundations)

Graduate certificate: online teaching
Faculty: https://education.uiowa.edu/directory
Website: https://education.uiowa.edu/areas-study/continuing-education/certificates-and-endorsements/certificate-online-teaching
The growth of online teaching presents a need to address course quality, instructor training, assessment of teaching effectiveness and student learning, and retention. The Certificate in Online Teaching is an online graduate program designed to prepare students for the realities of online teaching and to help them expand their career options.

The Certificate in Online Teaching is administered by the Department of Psychological and Quantitative Foundations [p. 1334] and is granted by the Graduate College.

## Programs

## Graduate Program of Study

## Certificate

- Certificate in Online Teaching [p. 1333]

## Online Teaching, Graduate Certificate

## Requirements

The graduate Certificate in Online Teaching requires 12 s.h. of graduate credit and is offered completely online. Students must maintain a grade-point average of at least 2.50 in work for the certificate. Certificate courses must be taken on a graded basis.

The certificate program is open to students enrolled in University of Iowa graduate degree programs and to individuals who are enrolled in the Graduate College as nondegree students.

The certificate program develops students' skills in using technology to solve instructional problems associated with distance and time. The certificate's online format uses the techniques and approaches that the program teaches.
The Certificate in Online Teaching requires the following coursework.

| Course \# | Title | Hours |
| :--- | :--- | ---: |
| PSQF:6205 | Design of Instruction | 3 |
| PSQF:6211 | Universal Design and | 3 |
|  | Accessibility for Online |  |
| PSQF:6215 | Instruction | 3 |
| PSQF:6216 | Online Instruction: Design and | 3 |

# Psychological and Quantitative Foundations 

## Chair

- Dennis "Martin" Kivlighan

## Undergraduate minor: educational psychology

Graduate degrees: MA in psychological and quantitative foundations; EdS in psychological and quantitative foundations; PhD in psychological and quantitative foundations
Faculty: https://education.uiowa.edu/directory
Website: https://education.uiowa.edu/about/administration/ department-psychological-and-quantitative-foundations

The Department of Psychological and Quantitative Foundations offers programs in these areas: counseling psychology, couple and family therapy, educational measurement and statistics, learning sciences and educational psychology, and school psychology. These programs have two general goals: to help students acquire the knowledge and skills that are necessary to function effectively in settings that require the application of psychological and quantitative principles, and to extend knowledge and understanding of the teaching/learning process as it occurs in a variety of settings. The department's degree programs incorporate both goals, but the Master of Arts and Specialist in Education programs emphasize the first goal, and the Doctor of Philosophy programs emphasize the second.

The department offers graduate degree programs in the following major areas within psychological and quantitative foundations:

- counseling psychology (offered in the PhD );
- couple and family therapy (offered in the PhD );
- educational measurement and statistics (offered in the MA and PhD);
- learning sciences and educational psychology (offered in the MA and PhD ); and
- school psychology (offered in the EdS and PhD).

In addition to the graduate degrees and the undergraduate minor offered as programs of study, the department offers the following College of Liberal Arts and Sciences GE CLAS Core [p. 19] courses: PSQF:1020 Elementary Statistics and Inference, approved for the Quantitative or Formal Reasoning area; and PSQF:2115 Introduction to Counseling Psychology, approved for the Social Sciences area.
Applicants for admission to the graduate degree programs must meet the admission requirements of the Graduate College; see the Manual of Rules and Regulations on the Graduate College website.

## Programs

Undergraduate Program of Study

## Minor

- Minor in Educational Psychology [p. 1342]

Graduate Programs of Study
Majors

- Master of Arts in Psychological and Quantitative Foundations [p. 1343]
- Specialist in Education in Psychological and Quantitative Foundations [p. 1347]
- Doctor of Philosophy in Psychological and Quantitative Foundations [p. 1348]

## Courses

Students may receive credit for only two of these three courses: STAT:1010 Statistics and Society, STAT:1020 Elementary Statistics and Inference (same as PSQF:1020 Elementary Statistics and Inference), and STAT:1030 Statistics for Business. Credit for STAT:1010 is given only if the course is taken before STAT:1020 (same as PSQF:1020) or STAT:1030.

## Psychological and Quantitative Foundations Courses

PSQF:1020 Elementary Statistics and Inference 3 s.h.
Graphing techniques for presenting data, descriptive statistics, correlation, regression, prediction, logic of statistical inference, elementary probability models, estimation and tests of significance. Requirements: one year of high school algebra or MATH:0100. GE: Quantitative or Formal Reasoning. Same as STAT:1020.

## PSQF:1027 Mindfulness Foundations in the Helping

 ProfessionsTraining in Mindfulness-Based Practices; application to personal and professional life.
PSQF:1029 First-Year Seminar
Small discussion class taught by a faculty member; topics chosen by instructor; may include outside activities (e.g., films, lectures, performances, readings, visits to research facilities).
PSQF:1039 Undergraduate Excellence Seminar 1 s.h.
Designed to enhance student's ability to successfully navigate the undergraduate experience by providing an opportunity to develop new skills and behaviors, as well as reflect on attitudes, in order to achieve academic and personal success.
PSQF:1050 Learning Online Successfully 2 s.h.
Experiences in an online environment and opportunities to engage with digital materials for learning to develop skills and strategies for future classes; assess resources for successful online learning, participate in a variety of online learning environments including online discussions and collaborations, develop strategies for reading and marking digital materials, managing time for working and studying online, and plan for future courses that may be online or include digital course materials.
PSQF:1075 Educational Psychology and Measurement 3 s.h.
Principles and classroom applications of cognitive and social development, learning and cognition, motivation, and assessment.
PSQF:2115 Introduction to Counseling Psychology 3 s.h.
Historical and philosophical foundations of counseling psychology; theories, application, and work of counseling psychologists. GE: Social Sciences.
PSQF:2116 Applied Child and Adolescent Psychology 3 s.h. Overview of child and adolescent development, psychopathology, and basic-level intervention; foundation for working in applied child and adolescent mental health settings; typical areas of psychological difficulty, including developmental disorders, ADHD, depression, anxiety, substance use; contextual and environmental factors, including abuse, poverty, neglect.

## PSQF:3028 Mindfulness for Educators: Psychological Foundations, Applications, and Practices

Exploration of research-based implications for teaching, learning, and daily living; skillful engagement of demands educators face in personal and professional lives; mindfulness as paying attention in present moment and relating wisely to what is occurring; specific mindfulness practices that integrate awareness into daily living; how research and program evaluations throughout the world document that consistent practice of mindfulness improves attention and concentration; ability to respond skillfully to stress, self-regulation of emotion, physical and mental health, communication, life satisfaction.

## PSQF:3075 Brain Behavior

3 s.h.
Course is applied in nature, so that students not only learn brain behavior and anatomy, but also learn how these are directly related to neurological and neurobehavioral disorders; helps to understand the biological aspects of disorders that are needed to treat in practice settings; for students in applied psychology or other applied programs of study. Prerequisites: PSY:2701 and PSQF:2115 with a minimum grade of C -

## PSQF:3103 Early Childhood Guidance

Effective communication, understanding child development and behavior, appropriate limits and rules, structuring problem solving and consequences, fostering self control, organizing classroom environment and curriculum to support child behavior, methods to address persistent and challenging behaviors; nurturance and child guidance via parenting, child rearing practices, and child-family relations.

## PSQF:3104 Multicultural Issues in Counseling and

## Psychology

Introduction to multicultural competencies and its importance to counseling, psychology, and helping professions; psychological concepts and research pertaining to privilege; racism, race, culture, sexual orientation, social class and classism, and their application in culturally adapted psychotherapy interventions; how these matters and other cultural identities and constructs are handled and used in applied psychology and counseling; focus on intersection of research and practice.

## PSQF:3191 Asian American Experiences

3 s.h.
Aggregate experiences of Asian Pacific Americans, starting from developments in countries of origin to their contemporary issues; histories of various Asian Pacific American groups (e.g., Chinese, Korean, Filipino, Japanese, Asian Indian, Hawaiians, Vietnamese, etc.), as well as culture, politics, the media, and stereotypes; similarities among the different Asian Pacific American groups, as well as a comparative look at how African, Latino, and Native American experiences help shape and contribute to Asian Pacific America.

## PSQF:3333 Special Topics in Psychological and Quantitative

 FoundationsTopics related to psychological and quantitative foundations.

## PSQF:3700 Introduction to Understanding Trauma and

 ResilienceIntroduction to understanding key concepts of trauma-informed systems of care in multiple settings; identification of various types of trauma along with behaviors and responses seen in survivors of trauma; students trace effects of historical trauma of marginalized communities and multiple trauma survivor groups to understand the consequences of trauma and its impact in the culture; resilience and strategies to offset consequences of trauma. Same as SSW:3700.

## PSQF:4106 Child Development

Theories and research findings about typical course of child development, differences in development. Requirements: junior standing.

PSQF:4111 Human Motivation
3 s.h.
Principles of motivation and their application to applied settings, especially to the classroom as teachers try to motivate students. Requirements: junior standing.
PSQF:4120 Psychology of Giftedness
3 s.h.
Theories of learning, child development, motivation; issues unique to gifted education. Same as CSED:4120.
PSQF:4121 Identification of Students for Gifted Programs 3 s.h. Interpretation of standardized tests and other measurement instruments used to identify academic talent and program effectively for grades K-12; ability, aptitude, achievement tests; current issues in the uses of various instruments. Same as CSED:4121.
PSQF:4122 Math Programming for High Ability Students 1 s.h. Unique challenges and opportunities confronted by teachers of highability students; theory and practice, development of program outlines for implementation. Same as EDTL:4022.

## PSQF:4123 Academic Acceleration: Providing Excellence and

 Equity in Education for High Ability Students4 s.h. Acceleration as an effective curricular intervention for high-ability students; forms of acceleration, research evidence for acceleration, and process of implementing acceleration; reasons for persistent negative attitudes about acceleration; advocation for acceleration; skills for effective practice and implementation. Requirements: computer with internet access, sound card, Adobe Reader, and Adobe Flash Player.

## PSQF:4125 Counseling and Psychological Needs of the Gifted <br> 1 s.h.

3 s.h. Psychological aspects of giftedness, counseling techniques appropriate for gifted children, adolescents; socio-emotional concerns, career development, underachievement. Same as CSED:4125.
PSQF:4126 Cognitive and Affective Needs of Underachieving Gifted
Diagnostic strategy for identifying types of underachievement, teaching and counseling interventions appropriate for each. Same as CSED:4126.
PSQF:4128 Neuroscientific Implications for Gifted 1 s.h.
Neurology of behavior and neurodegenerative disease; the psychology of learning and memory, its application to gifted education.
PSQF:4129 Creativity: Issues and Applications in Gifted Education

1 s.h.
Theories that underpin contemporary definitions of creativity; instruments developed to measure creativity; activities in the school environment that enhance or inhibit student creativity. Same as CSED:4129.

## PSQF:4130 Early Adolescent Development

3 s.h.
Psychological growth and development of the early adolescent (ages 10-14), including the physical, cognitive, social, emotional, and sexual development of the middle-school aged child.
PSQF:4133 The Adolescent and Young Adult
3 s.h.
3 s.h. Psychological and social aspects of adolescence and young adulthood; emphasis on theory, research, and practical applications.

## PSQF:4134 Parent-Teacher Communication 1-3 s.h.

Realities of working with parents; interpersonal skills; options for parent support services. Same as EDTL:4934.
PSQF:4136 Home/School/Community Partnerships 3 s.h.
Issues related to collaboration among families, educators, community members in implementing school programs. Same as EDTL:4936.
PSQF:4143 Introduction to Statistical Methods
Analysis, interpretation of research data; descriptive statistics; introduction to probability, sampling theory, statistical inference (binomial, normal distribution, t-distribution models); linear correlation, regression. Same as STAT:4143.

## PSQF:4145 Marriage and Family Interaction <br> 3 s.h.

Contemporary American couple, marriage, and family relationships; mate selection. Same as CSED:4145

PSQF:4150 Introduction to Educational Measurement 3-4 s.h. Test development procedures, reliability, validity, item writing, evaluation of item and test characteristics; classroom assessment methods; interpretation of scores from standardized achievement and aptitude tests; no background in statistics assumed.
PSQF:4162 Introduction to Couple and Family Therapy 3 s.h.
Evolution of the family therapy movement and issues related to functional and dysfunctional family systems; significant models of family therapy and specific techniques. Same as CSED:4162.
PSQF:4281 Cognitive Principles for How People Learn 3 s.h.
Survey of contemporary cognitive science; history, intellectual tools, and utility in life and applied settings (e.g., teaching, research, industry, government).

## PSQF:4520 Bayesian Statistics

3 s.h.
Bayesian statistical analysis, with focus on applications; Bayesian and frequentist methods compared; Bayesian model specification, choice of priors, computational methods; hands-on Bayesian data analysis using appropriate software; interpretation and presentation of analysis results. Prerequisites: STAT:3200 and (STAT:3101 or STAT:4101 or STAT:3120). Same as IGPI:4522, STAT:4520.

## PSQF:4740 Issues in K-12 Assessment

3 s.h.
Examination of research, policies, and practices related to classroom and large-scale educational assessment; focus on use and construct of formative and summative assessments for classroom teaching and basics of educational measurement; coverage of educational assessment including development of plans that integrate teaching and assessment; use of formative assessment strategies and providing effective feedback to students; crafting objective, performance, and portfolio assessments; evaluation of students; interpretation of statemandated tests and standardized achievement tests.
PSQF:4750 Learning Environments: Design, Context, and Activity

3 s.h.
Students explore the design of learning environments and the kinds of activities that take place there; includes a general background on design of learning environments; emphasis on project- and problembased learning (considered to be keys to 21 st-century learning), media inclusion, and how teacher facilitation/questioning and cooperative learning are foundational for success.

## PSQF:4760 Participatory Learning and Media: Creating,

Remixing, Making, and Education
3 s.h.
Teaching and learning with 21st-century digital media; pedagogical approaches characterized by participatory learning that expands and blurs boundaries of the classroom; remixing educational, social, and entertainment-based media toward pedagogical ends that meet instructional goals; engagement with social media, web-based video, interactive media, podcasts, games, and simulations.

## PSQF:4910 Theories of Family Development

Overview of historical and contemporary theories across disciplines about family development and family relationships; examination of family as a context for relationships between partners and between parents and children across the life course; evaluation of research on family system (e.g., coupling, "doing" gender, parenting, work and family balance, family transitions, economic hardship).

## PSQF:5150 Introduction to Counseling and Skills

3 s.h.
Introduction to the field of counseling and psychology; provides students with clinical foundational skills; students explore the counseling process, how to conduct interviews, and how to integrate theory into their assessment and clinical work; introduction to basic concepts of working relationship and alliance, common factors, and interventions; practice provides students with experiences needed to understand concepts.

PSQF:5151 Health and Wellness Counseling Psychology 3 s.h. Introduction to the concepts of health psychology and wellness in counseling and psychology; focus on psychological, biological, and ecological factors impacting health and wellness in multiple cultural contexts; research on psychological and holistic interventions, prevention strategies for clients across the lifespan.
PSQF:5152 Assessment and Diagnosis 3 s.h.
Group and individual appraisal techniques used to support career, educational, and personal planning and development; exploration of standardized and non-standardized data and information gathering methods, validity, reliability, psychometric statistics, factors influencing appraisals, use and interpretation of appraisal results with varied populations; assessment techniques and interviews connected to psychological diagnosis through standardized diagnostic frameworks, such as the DSM and ICD.

PSQF:5165 Introduction to Program and Project Evaluation 3 s.h. Skills and knowledge required for conducting evaluations of products, projects, and programs; recent scholarship on evaluation and project management. Same as EPLS:5165.
PSQF:5193 Special Readings and Projects
Supervised individual study. Requirements: senior standing.

## PSQF:5194 Continuing Education Individual Study

Supervised individual study.

## PSQF:5199 Topical Workshop in Psychological and Quantitative Foundations <br> arr.

School, educational, and counseling psychology and allied disciplines; for professionals and graduate students in education, mental health, social services, related fields.

## PSQF:5219 Foundations of Health Service/School

 Psychology3 s.h.
Introduction to health service/school psychology; becoming
competent leaders in health service in community settings; roles and functions of psychologists in health service; ethical standards, issues, and professional practices related to health service psychology; legal issues; current topics and trends.
PSQF:5226 Assessment of Giftedness
3 s.h.
Training and practice in assessment of gifted children. Same as CSED:5226.
PSQF:5262 Advanced Couple and Family Therapy 3 s.h.
Review and critique couple and family therapy theory, ethics, and techniques as applied to problems of couple and family over the life span; multicultural considerations. Requirements: advanced graduate standing. Recommendations: PSQF:4162.

## PSQF:5265 Research Methods in Couple and Family

 Therapy3 s.h.
Review and analysis of pertinent literature in area of research methods in couple and family therapy; exploration of stages of clinical trials and the process of federal funding of intervention research in couple and family therapy and family psychology; commonly used research methods in couple and family therapy reviewed and critically analyzed; students use these methods to survey research literature in top journals of the field.
PSQF:5900 Psychometrics
1-3 s.h.
Psychometric theory and techniques associated with development, interpretation, and evaluation of tests and measures; psychometric principles necessary for test inference, validation, construction, and use.

## PSQF:6200 Educational Psychology

3 s.h.
Psychology of the learning/instruction process: theoretical perspectives on learning, instruction, motivation, and assessment; developmental concepts, social processes, individual variation, learning and technology, biological basis of learning.

PSQF:6203 Tools and External Representations in Individual and Social Learning 3 s.h.
Theories and approaches to research and practice regarding the use of technology and scientific representations in teaching and learning; historical, cultural, cross-species, and contemporary informal lenses applied to understanding human knowledge as it interacts with tools and how tools mediate thinking and learning; project to design a technology-supported learning solution for a problem related to teaching and learning.
PSQF:6204 Foundations of the Learning Sciences 3 s.h.
Foundations of interdisciplinary science of learning; theory and method of study of cognition in sociocultural context; design-based approaches to research on learning; history of several key concepts traced to determine origins; how contemporary literature is situated in this intellectual history.
PSQF:6205 Design of Instruction 3 s.h.
Introduction to processes used to design, develop, implement, and evaluate effective instruction; projects.
PSQF:6206 Advanced Child Development 3 s.h.
Theories of social and cognitive development; in-depth study of several current issues in the field.

## PSQF:6208 Digital Media and Learning

Theory, design, and evaluation of instructional media.

## PSQF:6209 Survey Research and Design <br> 3 s.h.

Survey design and implementation; writing and evaluation of survey questions; error in survey research; techniques to reduce error; sampling; postcollection processing of survey data. Prerequisites: EPLS:6206 or PSQF:4143. Same as EPLS:6209.

## PSQF:6211 Universal Design and Accessibility for Online

 Instruction3 s.h.
Universal Design for Learning (UDL) framework; introduction to accessibility for online learning environment; use of UDL with any curriculum to provide more students with access to learning, including online learning environment.
PSQF:6213 Advanced Lifespan Development 3 s.h.
Selected theories and research in development across the lifespan; focus on relevance for instruction and counseling.
PSQF:6214 Design of Learning Environments: Theory, Practice, and Method

3 s.h.
Theory, practice, and research method of the design of learning environments; broadly conceived understanding of technology-based learning environments; includes a semester-long project to design or evaluate the design of a learning environment, technology-based or otherwise.
PSQF:6215 Online Instruction: Design and Facilitation 3 s.h.
Theory and practice of designing and facilitating online learning environments to support or deliver instruction; student project to create an instructional online environment that draws on the theory and principles of online learning and instructional design.
PSQF:6216 Tools and Utilities for Online Teaching 3 s.h. Guidance for future online teachers in making well-informed decisions on what technologies need to be adopted and applied for high quality, successful online educational programming in a variety of environments (e.g., K-12, higher education, business and industry); choosing, learning, evaluating, and using different types of technologies to produce online instruction; how to learn; initiating and managing learning and professional development for effective online teaching. Corequisites: PSQF:6205, if not taken as a prerequisite.
PSQF:6217 Seminar in College Teaching 1-3 s.h.
Preparation for college teaching; for graduate students planning to teach. Same as GRAD:6217.

PSQF:6220 Quantitative Educational Research
Methodologies
3 s.h.
Procedures for planning, conducting, and reporting research; evaluation of current methods in educational research; quantitative designs and methods. Prerequisites: PSQF:4143 or STAT:4143.

## PSQF:6223 Introduction to Counseling Psychology Practice/

 Research IHistorical, theoretical, professional, scientific traditions associated with counseling psychology; professional ethical principles.
PSQF:6225 Introduction to Counseling Psychology Practice, Research, and Theory 3 s.h. Learning and performance of basic helping skills; integration of these skills with counseling theories, broader counseling strategies; laboratory-based.

PSQF:6230 Research in Educational Psychology 1-3 s.h.
Design, implementation, and presentation of an educational psychology empirical research project. Requirements: graduate standing in educational psychology.
PSQF:6233 Ethics for Behavioral Psychologists 1 s.h.
Ethics that are unique to applied behavior analysis; ethical considerations.
PSQF:6235 Multicultural Counseling 3 s.h.
Theoretical and practical aspects of the cultural adaptation process; implications for interventions in diverse populations; issues.
Requirements: counseling skills introductory course.
PSQF:6238 Assessment of Learning Differences 3-4 s.h.
PSQF:6241 Quantitative Policy Analysis for Practitioners 3 s.h. Introduction to applied research and statistics with focus on understanding quantitative research, data collection and analysis, and reporting results for decision-making.
PSQF:6242 Selected Applications of Statistics
3 s.h.
Application and interpretation of correlation techniques, chi-square, $t$ and f-tests, interval estimation, simple cases of analysis of variance. Prerequisites: PSQF:4143.
PSQF:6243 Intermediate Statistical Methods 3 s.h.
Statistical inference and uncertainty estimation using general linear models (i.e., linear regression, analysis of variance); interpreting and conveying statistical results. Requirements: for PSQF:6243PSQF:4143; for STAT:6513—STAT:4143. Same as STAT:6513.
PSQF:6244 Correlation and Regression
4 s.h.
Correlation techniques; selected bivariate procedures, multiple, partial, curvilinear correlation; multiple linear regression; sampling theory applied to regression analysis and correlation coefficients; simple causal models. Requirements: for PSQF:6244—PSQF:6243; for STAT:6514—STAT:6513. Same as STAT:6514.
PSQF:6246 Design of Experiments 3 s.h.
Theory and methods in the planning and statistical analysis of experimental studies; testing of hypotheses about linear contrasts among means in single-factor and multifactor, completely randomized, and repeated measurement designs. Requirements: for PSQF:6246—PSQF:6243; for STAT:6516—STAT:6513. Same as STAT:6516.
PSQF:6247 Nonparametric Statistical Methods 3 s.h.
Selected nonparametric methods; one- and two-sample location tests and estimation methods, measures of association, analyses of variance; emphasis on relationships to classical parametric procedures. Same as STAT:6547.

PSQF:6248 Research Synthesis and Meta-Analysis
Rationale and methods for research synthesis and meta-analysis; conceptual issues in quantitative research synthesis in the social sciences and other disciplines, including medicine; thorough understanding of concept of sampling distribution is needed to understand the statistical methods introduced. Prerequisites: PSQF:6246 or PSQF:6244.
PSQF:6249 Factor Analysis and Structural Equation Models 3 s.h. Fundamentals and applications of latent variable models for measurement including confirmatory factor analysis, item response theory, item factor analysis, and structural equation models using currently available software. Prerequisites: PSQF:6243. Recommendations: PSQF:6270.
PSQF:6250 Computer Packages for Statistical Analysis 1-3 s.h. Computer programs and systems designed to execute statistical analysis (SAS, SPSS, BMDP, and others); lectures on regression techniques, analysis of variance, multivariate techniques; practice in entering data, calling up desired programs, interpreting computer output. Prerequisites: PSQF:6243. Requirements: elementary knowledge of computer programming.
PSQF:6252 Introduction to Multivariate Statistical Methods 3 s.h. Selected topics in multivariate analysis, including multivariate significance tests, principal components and factor analysis, discriminant analysis, canonical correlation, multivariate analysis of variance (MANOVA). Prerequisites: PSQF:6244 and PSQF:6246.

## PSQF:6254 Causal Inference and Observational Designs $\mathbf{3}$ s.h.

Conceptual and technical issues in the design of observational and quasi-experimental studies in natural settings and the appropriate analysis of data for making causal inferences. Requirements:
PSQF:6220 and PSQF:6244 and PSQF:6246.
PSQF:6255 Construction and Use of Evaluation Instruments 3 s.h. Design and construction of measures used in educational evaluation: achievement tests, attitude scales, performance measures, questionnaires; emphasis on methods of instrument development and evaluation of instrument characteristics. Prerequisites: PSQF:4143 and PSQF:6257.

PSQF:6257 Educational Measurement and Evaluation 3 s.h. Evaluation and use of standardized tests and inventories in individual and group assessment; analyzing reliability, validity, normative data; interpreting measures of achievement, intelligence, aptitude, interests, attitudes, personality; current issues; for counselors, administrators, teachers, measurement specialists. Corequisites: PSQF:4143.

## PSQF:6258 Theory and Technique in Educational

 MeasurementMathematical foundations, principal results, and applications of classical test theory; perspectives on conditional error variance; binomial error model and applications; introduction to generalizability theory; advanced measurement topics. Prerequisites: PSQF:6243 and PSQF:6257.

## PSQF:6259 Scaling Methods

Unidimensional and multidimensional scaling techniques; item response theory with a focus on polytomous models; introduction to available computer programs for scaling; applications in educational and psychological research. Prerequisites: PSQF:6262. Corequisites: PSQF:6249 and PSQF:6252.
PSQF:6260 Diagnostic Assessment
3 s.h.
Model-based approaches to providing diagnostic information about test takers along with implications for design of diagnostic assessments; primary focus on how psychometric models can be used with diagnostic subscores to provide reliable information that can be used in educational curricula. Prerequisites: PSQF:6243 and (PSQF:6258 or PSQF:6262).

PSQF:6262 Item Response Theory
Theoretical foundations and practical applications; mathematical models and estimation techniques; emphasis on current applications and issues in testing; computer estimation programs. Prerequisites: PSQF:6243 and PSQF:6257.
PSQF:6263 Consultation Theory and Practice 3 s.h.
Review of concepts and practice of consultation and collaboration in educational and human services settings; focus on mental health, organizational, behavioral, and instructional models. Same as CSED:6263.

## PSQF:6265 Program Evaluation

Theoretical issues and considerations in evaluation of educational and social programs; evaluation design, methodology; metaevaluation; evaluation utilization. Same as EPLS:6266.

PSQF:6270 Generalized Linear Models
Applied treatment of generalized linear models for predicting non-normal outcomes (e.g., binary, ordinal, nominal, count, zeroinflated, skewed responses); univariate models for single outcomes, multivariate models using path analysis; may include additional topics (e.g., quantile regression). Recommendations: PSQF:6243 and familiarity with general linear models for cross-sectional data (multiple linear regression, analysis of variance).

## PSQF:6271 Longitudinal Multilevel Models

Applied treatment of analysis of longitudinal data using framework of multilevel models (e.g., general linear mixed models, hierarchical linear models); general linear models, repeated measures analysis of variance, alternative covariance structures, fixed and random effects of time within linear and nonlinear models of change, and timeinvariant predictors; may include advanced topics (e.g., models for non-normal outcomes, time-varying predictors). Recommendations: PSQF:6243 and familiarity with general linear models for crosssectional data (multiple linear regression, analysis of variance).

## PSQF:6272 Clustered Multilevel Models

Applied treatment of analysis of clustered data using framework of multilevel models (e.g., generalized linear mixed models, hierarchical linear models); general linear models, fixed and random effects within linear and nonlinear models (for non-normal outcomes), and use of nested or crossed sources of sampling; may include advanced topics (e.g., three-level models). Recommendations: PSQF:6243 and familiarity with general linear models for cross-sectional data (multiple linear regression, analysis of variance).

## PSQF:6275 Constructivism and Design of Instruction

3 s.h.
Theoretical foundations of constructivism; application of constructivist principles to the design of instruction.

## PSQF:6281 Cognitive Theories of Learning

Theories of cognition as they relate to learning, education, and changes in individual thinking, behavior, and identity; development of expertise; mental representations and psychological mechanisms; design of cognitive assessments and learning tasks; focus on learning in academic disciplines, clinical contexts, and game-based environments.
PSQF:6292 Supervised Research in Educational Psychology

1-3 s.h.
Identification of research problems, development of research designs and materials, conducting of research studies; faculty-guided activity or seminars.

PSQF:6293 Individual Instruction in Psychological and Quantitative Foundations
arr.
PSQF:6299 MA Project: Portfolio/Internship/Practicum 1-3 s.h. Individual portfolio/internship/practicum project; reflection, revision, and presentation of educational psychology portfolio.

## PSQF:6312 Psychopathology Across the Lifespan

Diagnostic and Statistical Manual of Mental Disorders (DSM) categories and related diagnostic issues.

PSQF:6417 Introduction to Postsecondary STEM Teaching 1,3 s.h. Introduction to teaching and learning theory and practice; readings and discussions facilitate research-based teaching practices in science, technology, engineering, and math (STEM) classrooms; connection of theories to principles of course and lesson design to support effective teacher practices and student learning; for students in STEM disciplines.

PSQF:7201 Counseling Psychology Research Writing 3 s.h.
How to write scientifically in counseling psychology; qualitative and quantitative research writing, literature reviews, methodologies, discussions; APA style.

## PSQF:7225 Introduction to Health Service/School Psychology

 Practice1-3 s.h.
Introduction to practice of health service/school psychology; framework for understanding role and function, legal and ethical boundaries, professional requirements; preparation for practicum.

## PSQF:7237 Beginning Practicum in School Psychological

Service arr.
Supervised practicum in psychological and educational evaluation in school settings. Prerequisites: PSQF:6238.
PSQF:7255 Autism Spectrum Disorders 2 s.h.
Overview of autism spectrum disorders (ASDs), including autistic disorder, Asperger's disorder, other pervasive developmental disorders; ASD diagnoses and their etiology; tools used in assessing individuals with ASDs; common interventions for ASDs; resources for work with individuals who have ASDs.

## PSQF:7270 Scholarly Integrity and Responsible Conduct of Educational Research and Evaluation

Students are introduced to and deepen their knowledge and skill in applying principles for the responsible conduct of educational research and evaluation and related social sciences; two modules addressing core areas identified by federal policy as minimal requirements for knowledge and skill in practice of research with scholarly integrity; format is discovery and discussion-presentation of background information for each topic is followed by discussion of case studies and other examples relevant to each topic; for research assistants.
PSQF:7305 Psychotherapy I: Dynamic and Phenomenological Approaches
Major psychodynamic and existential-phenomenological theories of personality; emphasis on implications for psychotherapy.
PSQF:7306 Psychotherapy III: Work Psychology and Career Interventions
Foundations of career interventions; emphasis on major assessment instruments (vocational interests, values, abilities/skills, personality) and career counseling processes, skills, techniques.

## PSQF:7309 Personality Assessment

Standardized and projective techniques for personality assessment; preparation for competent administration and interpretation of varied tests and measures.
PSQF:7310 Intelligence Assessment
3 s.h.
Standardized intelligence testing; preparation to administer and interpret intelligence tests for children and adults.

## PSQF:7313 Psychopathology in Childhood

3 s.h.
Current theories regarding the development of psychopathology in children and adolescents; current approaches to treatment for disorders in children and adolescents.

3 s.h. PSQF:7315 Social and Emotional Assessment of Children and Adolescents 3 s.h.
Link between personality theory, child and adolescent assessment; interpretation, integration of assessment information; record reviews, interviews, objective tests, projective techniques. Prerequisites: PSQF:6238.

PSQF:7320 History and Systems of Psychology 3 s.h.
Philosophical underpinnings of psychology, early systems in psychology, developments in the 20th century.
PSQF:7331 Qualitative Educational Research Methods 3 s.h. Introduction to concepts, methods, and issues in qualitative research in educational settings; exploration of how qualitative methods can inform research in a field of interest and engage in collaboration and peer review.

PSQF:7337 Advanced Practicum in School Psychology arr.
Supervised experience in psychological interventions, consultation, counseling in school and clinic settings. Prerequisites: PSQF:6238 and PSQF:7237.

PSQF:7342 Research Project in School Psychology
arr.
Experience in research facilities on campus; writing research
questions, planning a research study, writing a research article.
PSQF:7344 Academic Interventions
3 s.h.
Interventions used by school and support system personnel to address academic skill deficits among children and adolescents; instructional design and delivery problems associated with deficits.
PSQF:7346 Behavioral Interventions 3 s.h.
Interventions used by school and support system personnel to address behavioral and social/emotional status of children, adolescents.

PSQF:7347 Home/School/Community: System Interventions 3 s.h. Interventions used by school and support system personnel; focus on work with parents, siblings. Same as CSED:7347.
PSQF:7350 Seminar in Evaluation 2-3 s.h.
In-depth examination of selected topics. Prerequisites: PSQF:5165 or EPLS:5165 or PSQF:6265 or EPLS:6266. Requirements: two courses in program evaluation.
PSQF:7352 Seminar: Behavioral Assessment and Evaluation 3 s.h. Broadens skills of graduate students who engage in research with exceptional persons; research designs are usually taught in the Department of Psychological and Quantitative Foundations, but because of the nature of handicapping conditions and the low incidence of some handicaps, the single-subject design yields better research information. Same as EDTL:7952.

## PSQF:7354 Seminar: Experimental Approaches in Counseling

 Research arr.Application of experimental methodology to study of counseling and vocational phenomena.

## PSQF:7355 Seminar: Educational Measurement and

Evaluation
arr.
Critical examination of current issues and problems of the professional worker in the field of educational measurement and evaluation as reflected in research literature, other professional communication media.
PSQF:7356 Process and Outcomes in Counseling Psychotherapy 3 s.h.
Advanced knowledge of the state of process and outcome research on psychotherapeutic procedures. Requirements: PhD candidacy in appropriate field.
PSQF:7358 Equating and Scaling of Educational Tests
3 s.h.
Designs and methods, including linear, equipercentile, and item response theory methods; emphasis on concepts, applications to testing programs, research. Prerequisites: PSQF:6243 and PSQF:6257.

## PSQF:7361 Advanced Practicum in Couple and Family

 Therapy 1-3 s.h.Opportunity to accumulate client contact and supervision hours towards graduation and licensure; conceptual and executive skills, observational skills and abilities to work as a member of a therapeutic team, awareness of how personal growth and development as a therapist impacts work with clients, comfort and motivation to learn multiple training levels provided, creation of collaborative and supportive atmosphere on all practicum levels. Requirements: enrollment in couple and family therapy program.
PSQF:7365 Theories of Psychotherapy 3 s.h.
Major psychotherapy theories with emphasis on empirically validated theories used in clinical practice.

## PSQF:7367 Social Psychology and Social Systems

3 s.h.
Social aspects of behavior in organizations; behavioral science theory and research on organizations, system change, transformation, leadership.

## PSQF:7371 Seminar in Learning Sciences and Educational

 Psychologyarr.
Intensive investigation of a specific research topic.

## PSQF:7375 Topics in Educational Measurement and

 Statistics1-3 s.h.

## PSQF:7380 Practicum in College Teaching

arr.
Supervised college teaching experience in courses related to major academic areas, in collaboration with faculty course instructors.
PSQF:7385 Teaching and Learning in Higher Education 3 s.h. Current theoretical and empirical literature on teaching and learning in higher education; focus on development of effective teaching practice. Same as CSED:7385, EDTL:7385, EPLS:7385, GRAD:7385.
PSQF:7388 Family Development 3 s.h.
Overview of research relating to family development, family structure, and cultural/ethnic diversity; how research can be applied to clinical practice; focus on strengths and challenges of families with varying structures, cultural dimensions in family functioning, developmental perspectives on family functioning, and how these factors can advance family systems based on research and practice.
PSQF:7389 Seminar in Couple Intervention Research 3 s.h. Overview of couple intervention and outcome research; focus on evidence-based couple therapies (i.e., Emotionally Focused Couple Therapy, Behavioral Couple Therapy, work of John Gottman); research addressing effectiveness and efficiency of couple interventions in treatment of couple distress issues highly comorbid with distress, including review of mental and physical health problems; research addressing factors associated with treatment outcomes.

## PSQF:7390 Supervision of School Psychology Practicum/ Internship

Experience supervising school psychology practicum or internship students. Requirements: PhD standing.
PSQF:7393 MA Thesis in Psychological and Quantitative Foundations
PSQF:7394 Supervised Research in Counseling Psychology 1-3 s.h.
PSQF:7395 Social Context and Family Research 3 s.h.
Review and analysis of pertinent research surrounding social contexts in which families live; specific focus on reviewing and critically analyzing decade reviews and current advancements in family research; students evaluate how research surrounding social context and family research is relevant to the practice of couple and family therapy.

PSQF:7399 Supervision in Couple and Family Therapy 3 s.h.
Supervision of Master's-level couple and family therapy students; mentoring supervision received from supervision instructor; assignments reflect requirements for AAMFT Approved Supervisor designation; fulfills didactic requirement for AAMFT Approved Supervisor status. Requirements: enrollment in couple and family therapy program.
PSQF:7404 Seminar in Child and Adolescent Intervention Research
Review and analysis of pertinent literature and evidenced-based interventions for children and adolescents; focus on review and critical analysis of published outcome studies in areas of childhood and adolescent disorders; examination and critique of effective interventions that have undergone stages 1-3 clinical trials; active discussions of research findings for clinical implications. Prerequisites: PSQF:5262.
PSQF:7434 Practicum in Counseling Psychology 3 s.h.
Supervised practice in counseling services. Prerequisites: PSQF:6223 and PSQF:6225.

PSQF:7437 Internship in School Psychology arr.
Supervised internship for PhD students in school psychology.
Requirements: completion of required courses.
PSQF:7450 Practicum in Program Evaluation arr
Supervised experience in designing and implementing components of program evaluations. Prerequisites: PSQF:5165 or EPLS:5165 or PSQF:6265 or EPLS:6266. Requirements: two courses in program evaluation.

PSQF:7452 Leadership, Consultation, and Supervision 3 s.h. Overview of intervention modalities other than individual and group therapy, especially those that pertain to leadership within organizations, consultation with organizations and communities, and supervision of the work of others; capstone course in counseling psychology sequence. Prerequisites: PSQF:6225.
PSQF:7453 Advanced Practicum in Counseling Psychology 1-3 s.h. Supervised work in counseling services. Prerequisites: PSQF:7434.
PSQF:7455 Generalizability Theory 3 s.h.
Analysis of variance methods applied to estimation of components of various types of measurement error variance; basic concepts, mathematical foundations, models, assumptions, designs, applications; relationships with other measurement theories. Prerequisites:
PSQF:6246 and PSQF:6258.
PSQF:7457 Advanced Group Leadership Experience 3 s.h. Practice working in a psychotherapy group; students review major theories on group psychotherapy processes and integrate empirical research on effectiveness of group work; multicultural considerations in group psychotherapy; didactic and experiential format.

PSQF:7458 Internship in Counseling Psychology arr. Supervised work in internship setting. Prerequisites: PSQF:7434 and PSQF:7453. Requirements: PhD standing in counseling psychology and completion of all requirements except dissertation.

PSQF:7459 Seminar: Issues and Trends in Counseling

## Research

4 s.h.
Recent trends, including debates and findings in literature related to
best practices for the profession. Same as CSED:7458.
PSQF:7460 Seminar: Research in Counseling 3 s.h.
